ST MASTER N. J. BISHOP AT CRAYNE

come by Heat on Monday While in Conversation With Friends in His Store

Our city was thrown into no excitement Monday over the fact that N. J. Bishop, a popular merchant and postmaster at Crayne had been stricken suddenly while in conversation with Dick Cruce and Harrison Ham.

Relating the occurrence, Mr. Bishop said, Mr. Bishop had not been well for several days and he had been advising him to go off and rest for a few days, when he replied very quietly that he could not leave his post office duties at this time, and the very next minute, jumping to his feet, declaring he had been shot and that some was going to murder him. Mr. Bishop rushed to him while he was running and jumping and showing his arms around him, ending with him and quieted to the extent that he dropped his head on his shoulder like a frightened child. He was at once moved to his home and his wife, who was in Marion, notified, as was his aged father and family at Sturgis. Two physicians were at once at his side, and after a long time quieted and by Tuesday morning he was at himself again, but in a weakened feeble condition. He however his old self with as clear as ever, despite reports that his mind had been impaired from sun stroke. That he was over come by heat there is no question.

Next Bishop is a good honest Christian gentleman, of one of the most highly honored families in Marion county, where his life and friends will be proud to say that his life and mind has been spared, when for a time there was so little hope.

HOME BURNS

The home of Mr. Jno. Glass in Marion burned Sunday morning during the Sunday school hour. The fire originated in the kitchen flue. We understand there was but \$250.00 contents and the new piano had but recently put in was worth much more than that amount. Very little of the household goods were saved.

JUDGE GORDON'S MILL GRINDING

Circuit Court Convened Monday And in a rapid Manner The Docket is Being Cleared

Immediately after the ringing of the Court House bell Monday morning Judge J. F. Gordon, surrounded by the intelligent bar of old Marion, convened the July term of the Crittenden Circuit court.

Nothing was done after the inpaneling of the juries and instruction to the grand jury.

In his instruction to the grand jury Judge Gordon dwelt longest and with the most emphasis, on the "toating" of fire arms, and the illicit sale of "bug juice" in a county or country where the people have said by a large majority they don't want it. He came down hard on the offenders in both cases and said they should be dealt with so severely as to put a stop to it.

Judge Gordon addressed himself to the jury in his usual dignified manner and the way the words fell from his lips and from out of his eye, it was easy for the jury to feel and know he meant every word he uttered.

Many cases of very little importance were disposed of and the docket is being rapidly cleared.

The grand jury as impaneled are:

J. S. Corley, J. C. Waddell, J. L. Stowar, Clifton Kirk, R. M. Pogue, B. M. George, T. E. Walker, C. S. Jackson, J. B. Ford, J. B. Carter, L. E. Crider, W. W. Watson.

The Petit Jurors are:

John R. Marvel, A. L. Brown, A. N. Hillyard, J. F. Rodgers, Gilbert Brown, J. D. Clark, G. D. Brantley, J. C. Brown, J. H. Brouster, H. N. Lamb, J. D. Manus, W. R. Cruce, W. B. Wilborn, T. T. Jones, S. B. Holloman, William Barnett, D. N. Kemp, J. I. Clement, H. R. Austin, H. C. Paris, W. D. Shreeve, C. M. Waddell, L. E. Cook Jr.

VISIT TO COPERAS SPRINGS

Farmers Union Picnic Held There Last Saturday And Good Time Enjoyed.

Through courtesy of J. B. Allen, Mr. Dean Howard Philips and others we were extended a cordial invitation to attend the Farmers Union Picnic at Coperas Springs near Tribune on last Saturday, and were there, Mrs. Calmes accompanying me where we spent a day of pleasure long to be remembered. They were as whole-souled, clean set of people as we ever met, and while we were strangers, they made us feel we had always known them.

There being no speakers on hand in the forenoon, we made an effort at entertaining the large and intelligent crowd present which called for an early dinner to rest and refresh them. The dinner was simply the best mortal man ever tasted, the good women having prepared in such good quality and abundance that with all the large crowd to be fed there were many filled baskets left.

In the afternoon, President J. W. Rascoe addressed the crowd, followed by Rev. A. L. Brown and they were deep heart felt talks.

To Secretary Philips and Pres. Allen and the scores of others who made our visit so much enjoyed, we wish to extend our thanks.

An Interesting Account of What is
Going on in the Various Counties
of the District by J. N. Banks.

The District Board of the Stemming Association met in this city at 10:30 a. m. yesterday to consider numerous subjects of concern to the Association. All five committeemen, namely, F. F. Brown chairman, Hopkins; L. N. Baker, Webster; Geo. L. Campbell, Henderson; Hiram Dean, Union, and W. B. Rankin, Crittenden. The committee had reports to date of progress of the pooling from all the counties, and now the weak points in all the district. The pooling is in a very satisfactory shape on the whole in the counties of Henderson, Union and Webster. And yet there are weak spots in each county and loyal members are admonished to relax nothing of effort to pool more tobacco in all three named counties. Hopkins promises to pool up 85 per cent. but friends of the Association must persist in steady, untiring work in the county of Hopkins. Crittenden county is more backward than any other county, and the committee is quite worried about Crittenden county. However, more will be learned in the next two weeks. The good Lord knows Crittenden county, for the sake of her own prosperity, should get busy and sign up to this Association. For the Association has from the beginning carried in her arms the county of Crittenden, for she has always been the weaker of the five sisters.

I talked with Messrs Brown and Campbell about the wheat crop and tobacco crop.

In answer to my inquiry the gentleman named said the wheat crops in their counties were thin on the ground and were more or less injured by the Hessian fly, and in consequence the yield would not be more than half of a real good crop. "And yet," both said, "the grain will be extra long, for the heads are extra long and will average four grains to the mesh."

They represent that the stand of tobacco is extra good, and the plants are making a wonderful growth. Mr. Brown frankly says that while certain districts in Hopkins are pooling up in the most satisfactory manner, yet there are a few districts which are signing up tardily. "In my own district," said Mr. Brown, "out of 147 acres there signed up 121 acres, and other acres may yet be signed. On the whole," concluded Mr. Brown, "the prospects now are good for signing up the required 85 per cent. in Hopkins county. The Association is especially strong around Hanson and Nebo, and in all that section of Hopkins adjoining Webster county."

OVER IN HOPKINS COUNTY Carr Hawkins, a strong believer in farmers' co-operation and a loyal Association man, withal, in a recent letter from Nortonville to Cincinnati Tobacco Tidings, writes cheering news regarding the pooling of the 1910 crop in Hopkins. Note that he says: "It looks like it is going to be unanimous for the Association."

"I have spent what little money I could get honestly in trying to organize the farmers, and my fight has been made without price or money. I felt that if I could do anything to advance prosperity nearer the good overworked women and children of Kentucky, it was my duty to do it. I am now walking from one school house to another to organize the 1910 pool, and the good farmers are flocking to my support and at present it looks like it is going to be unanimous for the Association."

"The meetings I attend are like being at a good old-fashioned Methodist revival, because I meet the good, honest farmers and shake their horny hands. We have song prayer, and then we listen to one another speak, and I'll tell you I have listened to some of the best speeches in the last two weeks I ever heard. I think the pool in the Stemming District Association will be greater than ever before."

"A great many stayed out last year, on account of being 25 per cent. behind on the 1908 crop, and the little tobacco buyers told them they would never get it, but as it has been paid they are willing to come in. It would never do for this organization to go down, as it has caused education instead of ignorance, prosperity instead of starving, and laughter instead of tears. But, gentlemen, let's go after the grafters with sharp sticks till we get rid of them."

"Lovingly,
CARR HAWKINS."

GET INSIDE

Your Friends and Neighbors in

Rubbing the back won't cure backache. A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—They cure sick kidneys.

Here is Marion proof that this is so: Jane Byford, Marion, Ky., says: "I was greatly benefited by Doan's Kidney Pills and consequently I am in position to recommend them. My kidney trouble was brought on by exposure, together with hard work. I suffered from the complaint for two years. I was unable to rest well on account of dull pains through my back and in the morning arose feeling very stiff. When I stopped, sharp twinges seized me and caused me intense suffering. I tired easily, was nervous and had dizzy spells and headaches. I knew from the sediment in the kidney secretion that my kidneys were disordered and a frequent desire to pass the secretion at night also convinced me of this fact. Since using Doan's Kidney Pills, procured at Haynes & Taylor's Drug Store, I have improved a great deal in every way. I have no hesitation in recommending this remedy as one that lives up to representation." For sale by all dealers. Price 50 cents. Dear Mr. Editor:—We are expecting to have a grand celebration here the glorious Fourth which will last two days. Things will be done in Western style in great shape. I hope to be able to give my home town an account of how they are done.

Of course I am going to be in the rush with my hands and motuh open. I am to be the speaker of the occasion and open up the firing line with a Welcome Address.

In order to round the bullies in right good I have written them up a little word by way of poetic exhortation. Perhaps you would like to know how I will spend the Fourth out here, and would like to run these few lines in the next issue of your paper. I believe it will interest my home people and friends of old Crittenden.

IN MEMORY

Benjamin F. Towery was born May 7th 1836, and died at his home at Piney, Crittenden Co., Ky., March 3, 1910. A wife and nine children survive him J. P. Towery, of Silvertown, Ore., Mrs. J. P. Tucker, of Amity, Ore., H. B. Towery, of Pioneer, California, S. A. Towery, of Marion, Ill., W. G. Towery, of Temple, Okla., Mrs. G. R. Little, and Frank Towery of Providence, Ky., and Misses Mary and Maggie Towery.

He professed faith in Christ at the age of 15 years and lived a consistent Christian life. He was a great sufferer. For many years he had been afflicted with rheumatism, and the greater part of the time was unable to leave his chair, yet he bore his afflictions with patience and was always cheerful. Although interested in the success of his friends and relatives, yet his thoughts were turned from this world to the world to come. His last sickness was only a few days in duration. He expressed his regret at leaving behind his devoted wife, who had nursed, cared for and cheered him through so many years of suffering and seclusion, but was perfectly resigned to his Master's will. He said to his friends a short time before he died realizing that death was nigh, "I have fought a good fight and have the faith and am prepared to meet my Lord."

A good man is gone, but we "weep not as those who have no hope," for we know that our loss is his eternal gain, a place in the home has been made vacant, but as David said, "We know where to go to find Him."

His funeral was preached by Rev. J. F. Bumpus after which his remains were laid to rest in the family graveyard.

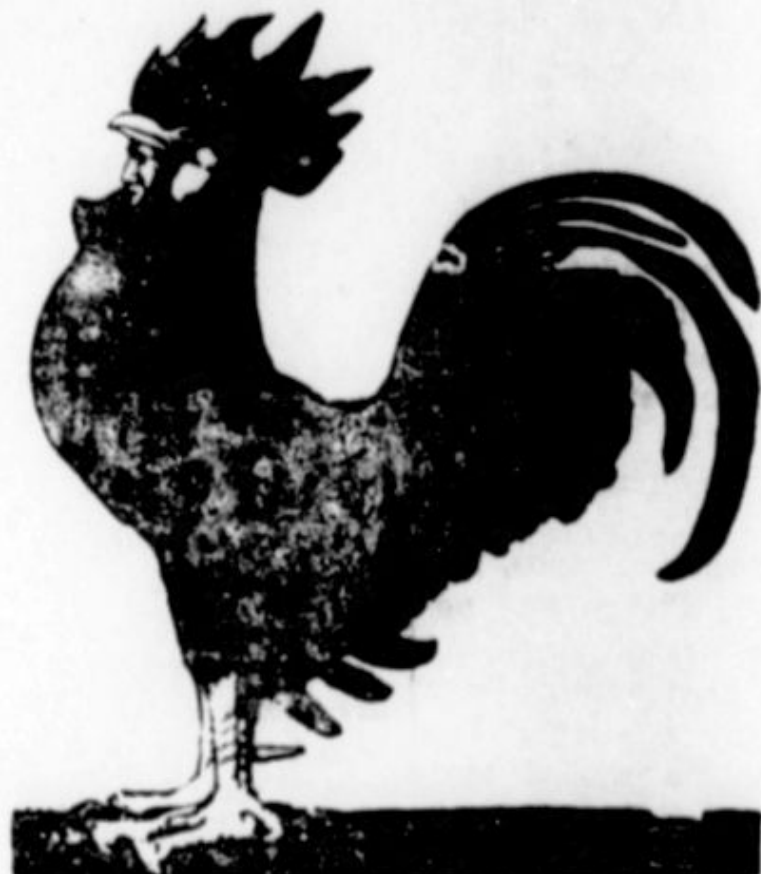

Besides wife and children the deceased leaves three brothers, E. Towery and Judge Aaron Towery, of Crittenden county and George Towery, of Dixon, Ky., and two sisters, Mrs. E. A. Jenkins, of Madisonville, Ky. Mrs. Johnson, of Piney. Earth has lost its look of gladness.

"Chantecler" is not only the greatest play of the century—it is the one great play of the last hundred years. It is an exquisite story, palpitating with human sympathy and interest. It warms the blood—stirs the emotions—arouses every commendable sentiment. An Expert's Opinion of Skin Diseases.

A prominent, rational expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Haynes & Taylor will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

A NEW HOME, SWEET HOME

Here's a beautiful picture of "Home Sweet Home," not the one of the old sweet song; but a modern home, built by turtle doves, who sing through the whole day long. They have only been married just one short year, but ah, what a happy pair, and love sits in every chair. Each room in the house is a little gem, the furnishings bright and new, and while not the most expensive, they're handsome and tasty too. The wife is as pretty as she can be and wise as she is pretty besides. She used Chi-Namel on all the floors, and recommends it to brides. OBITUARY

Annie D. Lemon was born Aug. 20 1855 in Crittenden county, died June 16, 1910. She was the oldest of the ten children, of J. M. and I. C. Dean. Seven of which are still living, they are: J. B. and W. A. Dean, of Red River Co., Texas, R. H. Dean, of St. Louis, Mo., Mrs. Ida Morse, J. K., T. M. and E. F. Dean all of Iron Hill neighborhood.

She was converted at Old Sugar Grove church about twelve years of age, and united with the Southern Presbyterian church at Marion, Ky., and remained a member until her death. She was married Sept. 16, 1877 to Finnis A. Lemen, four children were born to them; the first three died in infancy; the fourth, Lenoth Lemen was still living with her at the home of her parents when she died. Finnis A. Lemen having died July 25, 1888.

The funeral services were conducted by Rev. W. T. Oakley at the residence, so that the aged parents could be present. The burial took place at the Sugar Grove cemetery.

She began a life of sacrifice for others, as soon as she was old enough to help care for her little brothers and sisters, and kept it up during her whole life. To the sick and distressed she was always a ready and tireless helper, to the young men and women trying to prepare them for a more better and useful live she was a friend indeed, to her church a loyal member, to her brothers and sisters and their children, a ministering angel, to her son, as faithful, patient and devoted mother as ever lived.

She had suffered very much in the last few years, but she bore it with wonderful fortitude and went about her duties with a determination that was almost miraculous until within a few days of her death.

A large number of friends and relatives attended the funeral and burial and took with them flowers enough to almost cover the entire grave. She is gone, but not without hope. The burdens of others have been lighter and the world better by her having lived in it.

Bloomdale, Ohio.—"I suffered from terrible headaches, pains in my back and right side, and was tired all the time and nervous. I could not sleep, and every month I could hardly stand the pain. Editor Record-Press,

Dear Sir:—herewith find inclosed money order for one Dollar for the Record-Press another year. Mr. Editor don't think that I am a chronic grumbler, but do think you could cut your type to half the size and you could give us a little more news and the merchants would be benefitted just the same. However I can't get along without the Press for its like so many letters from my old Kentucky home.

I left Kentucky five years ago last March, and have lived at this place all the time and the probabilities are that I will stay here for some time. I was elected Mayor of our little city last year and re-elected last April, and was appointed Justice of the peace last May which made me also Game Warden, I am also foreman of a job, and you see I have plenty to do. I was just reading Dr. Parris' letter from Blytheville, Ark., it is about fifty or sixty miles below here on the main line of the St. L. & S. F. R. R. I passed through that town when on my way to Mobile, Ala., and can say that Mr. Parris did not misrepresent the country between here and Memphis, Tenn. You have got to see South East Missouri and Ark., to believe what is here.

We have thousands of acres in the woods while a little land its as fine a county as you will find anywhere. Come and see for yourself.

Our little city is nine years old and we have a population of 800 or 1000 and growing rapidly I could tell you a good deal about our country but come and see for yourself and be convinced.

Your very truly,

J. N. JOHNSON.

HERE AND THERE

Mary Ellen says "Rulia" you are like Bob Johnsons ox "Sot in your ways" you are too positive in what you believe anything that is worth believing we believe it with all our heart mind and strength

"Rulia did you know that there is small pox in the county? Yes I know that, but there is something in the country and State worse than small pox.

What is it Rulia? Double taxes. Oh! you are always grumbling. "Sot in your ways."

Now Mary Ellen Jones I want you to stop talking about small pox and listen to what I have to say and "old Rulia" will learn you something. Now that is right give attention.

In 1908 the legislature of Kentucky enacted a "Model School law" wove it in with silk thread tied and bound it with red tape, labeled it "Model School law," and sent it over the State in a "whirlwind" and now we have a "white elephant on our hands." The law makes the county the unit of taxation and we are paying a tax of fifteen cents on the one hundred dollar and fifty cents poll tax.

When this law went into effect there was and is yet a number of school houses in the county and State not paid for. The higher courts say that each of these districts must pay these back claims and pay this county levy also, there is nothing just or right about such business, and if I lived in one of those districts I would not pay taxes twice the same year for the same purpose. But we will wait and see what is going to be done.

Mary Ellen what is that noise? It is aeroplane No. 7 flag her down.

I am leaving Kentucky yes, but before you go tell us about the crops.

Wheat is fine. There is a great increase in the United States this year over last. The hay crop is out of sight. Corn is all planted at last, first planting is about all cultivated. There is a large acreages planted.

STOMACH DEAD MAN

STILL LIVES

People who suffers from sour stomach fermentation of food, distress after eating and indigestion, and seeks relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and makes it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Haynes & Taylor and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only 50 cents. Remember the name Mi-o-na stomach tablets. They never fail.

Rates On Foreign Postage.

The Departments advised that many letter mailed in the United States addressed for delivery in foreign countries, which are subject to our Postal Union postage rate, are prepaid only two cents the sender of the letter being under the impression, it is presumed that our two-cent domestic postage is applicable to the said letter.

The only foreign countries to which the two cent letter rate applies are Canada, Mexico, Newfoundland, the Central Zone the Republic of Panama, the city of Shanghai China, and Germany (by direct steamers only), England, Scotland Wales and Ireland. To all other countries the rate is five cents for the first ounce or fraction thereof, and three cents for each additional ounce or fraction thereof, which must be fully prepaid or the letter become liable on delivery to a charge equal to double the amount of the deficient postage. For instance a single-rate letter prepaid only two cents would be subject on delivery to an additional postage charge of six cents.

As charges for postage due on due short-paid letters give rise to much complaint, postmasters are directed to caution the patron of their offices respecting the matter and give this notice the widest publicity possible.

SOMETHING FOR HEADACHE

Nothing else, aside from money, is so universally sought for as a cure for headache. Headache powders are not safe and they give only temporary relief in any event. The chocolate-coated and capsule-shaped pills called Sherman's Headache Remedy and sold by druggists and dealers at 10c. and 25c. are recommended at the best headache cure.

Rate per copy 10 cents. Matter February 25th 1907 at the postoffice at Marion, Kentucky, under a Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

In our visit over this county and Livingston we find the tobacco crop exceptionally early and fine.

A cloud burst in the mountain counties of Kentucky Monday washed away 20 houses and destroyed \$100,000,000 worth of property.

We are surprised that a great number of people in Marion do not use ice. We feel in this they are making a mistake as an ice bill of \$1.50 or even \$3.00 a month, besides proving the most wholesome luxury would save many dollars in medicines and doctors bill. A nice chunk of ice each day thrown into your cooler will make the warmest well or cistern water refreshing and this cost will not exceed ten cents per day. We venture that some one of each family that does not use ice at home are guilty of spending more than twice this amount at cold drink stands, when it could be spent at home where the whole family would enjoy it. There is something truly refreshing in a good drink of ice water and there is no reason why the poorest laborer, with proper management can not have it.

M. M. Copher received a telegram Tuesday morning imparting the sad news of the death of his mother at Marion, Ill., to which place, in thirty minutes he took passage over the I. C. His estimable daughter, Miss Daisy and Mr. Pollard were left in charge of his popular restaurant and bakery until his return.

VISIT TO CARRSVILLE, LOLA, AND SALEM.

Our Way Were Proud to Find the Crops
Looking Well and Wheat All in
The Shock

On last Friday we had the pleasure of visiting the good town of Carrsville, in Livingston county, where we received an all time Kentucky welcome.

Although we arrived long after the supper hour, we were handsomely entertained at the Hotel, of which Mr. W. A. Boyd is the owner with his good wife to preside over the culinary department, who treated us to a supper fit for the gods. After supper we were shown to a comfortable room where in excellent condition we enjoyed a good night's rest. In the early morning we took a stroll over the town while the merchants were opening up, and down to the river bank, where we viewed and contemplated on the vastness of the great Rosiclar Furor and Lead mines just across the Ohio river. These mines are said to be the largest of the kind in the world.

After breakfast we went to the merchants in the interest of the Reliable Record-Press, securing everyone as both friend and subscriber but two.

The town of Carrsville puts up a splendid show as a business town, but after you see the inside of their stores and witness the care for, and courteous treatment given their customers by the business men you will no longer look for the secret of their success. They are truly among the most clever business men we have ever met. While we had never met them before, we were by no means a stranger among them. We print a good eight-page paper and they appreciate it and while they were loyal to their own county paper, complimented me with a nice increase to my already large list here. The town is full of good people and with their bustle and spirit are deserving of the large trade coming to them. We note the following business houses: Boyd & Clemens, Gen. Hardware and Undertakers. They have a large stock and do an extensive business. Their line is not equaled in town many times the size.

Dr. Kiebler is proprietor of a Drug Store, where prescriptions are carefully compounded, and cold drinks served from a fountain. Clemens & Likens are the owners of a large dry goods business, including a large stock of shoes and clothing. Their

stock is large and attractive, and so carefully are they of their large trade that there is little room or excuse for one leaving their store for anything.

The Postoffice is also kept in this store with Mr. A. Likens the clever postmaster.

J. M. Truesdale is the owner of a large grocery and confectionery and has more real care for his patrons than any man we ever saw. While the town has no electric light plant he has his large fans going all day, run by a gasoline engine. While being waited on you are made to feel you are in some city store and buying of a man who appreciates your trade.

Wilber Speece is proprietor of one of the nicest barber shops in Livingston county and is well up in his profession.

W. Sherman Rushing is proprietor of a first class, up-to-date general store with an eye to supplying his customers with the best goods for the least money. He is courteous and merits the large patronage being extended him.

Hutcheson & Downey own a large general store and are selling a world of goods. They show their appreciation for their customers by keeping what they want at as low prices as can be bought.

Dr. J. N. Clemens, one of the most highly honored old physician of the town or county, owns a drug store, but has retired from practice.

Davis Bros. are owners of one of the large produce house and are perhaps doing more towards drawing trade to the town than any other firm. They handle everything the farmer have to sell, paying the very top prices. While there we looked through their large rooms and the packing of the eggs, cooping the chickens etc. was enough to show that their business was extensive. Such men can pull more trade for a town than all the other business with such genial gentlemen at the head.

W. A. Boyd is not only proprietor of a first-class hostelry, but owns, in connection, a nice grocery store. His table is looked after by his good wife, who furnishes to the famished drummer and traveler as good meal as a Kentuckian ever enjoyed. It is a nice place to stop and the nice treatment accorded us has made us plan to visit

Carrsville as often as possible. J. N. Pavey owns a nice confectionery and popular with his large trade.

Mrs. Werten is one of the popular Milliners of the thriving little city, supplying her trade with fashionable, up-to-date goods.

Harry Holloman is proprietor of another of Carrsville popular barber shops, and by his affable manner and knowledge of his business is holding his share of the trade.

Carrsville boasts a nice Masonic Hall with W. L. Champion holding the high position as Worshipful Master.

The Citizens Bank of Dycusburg is one of the strongest institutions in the county. Its capital stock is \$15,000 with \$740,000 of surplus and undivided profits and \$64,000,000 deposits, and with such a genial, courteous gentlemen as O. L. Denney, as cashier it is no wonder the institution is both popular and prosperous. The officers are: A. Liken, Pres; J. J. May, V. P.; O. L. Denney, Cashier; and C. O. Rodfus Assistant Cashier, with A. Liken, J. J. May, C. M. King, J. L. King, P. M. McGrew, W. S. Chapman and J. S. Bishop, directors.

The Carrsville Mills are owned by Clemens Liken & Co., but at present are not running.

Carrsville is blessed with the Home Phone system, giving good service with C. P. Threlkeld as Manager. Mr. Threlkeld is earnest in his efforts to give the people the best possible service and is doing it. We had splendid service home while there without any additional cost and were never treated better in our lives. With all managers like Mr. Threlkeld, Mr. Foley of Lola and Jim Travis of Marion the phone business would be a success.

Frank Hamby handles the real estate business of Carrsville and is a popular gentleman.

A. Liken is the Grain merchant of the good town and with the advantage of river rates can give the best prices going.

E. E. Burk is the clever wharf master and is ready at all times to impart any knowledge in his power to the inquisitive traveler or the man looking for belated freight.

The churches are:

The Christian, with Pev. Pace as Pastor, the C. P. church W. S. Wright Pastor, the M. E. church, T. B. Hall Pastor, the Baptist with Rev. Pierce Pastor.

Carrsville has a good Graded school that is one of the greatest prides of the town.

The Gasoline boat lines are owned by Leslie McCollum, E. S. Earl and Joe J. Harmon and each of them "Skipper" of his line.

W. A. Boyd is city Judge and A. Liken clerk.

The names added to our list while there were: A. S. Denney, J. M. Truesdale, Davis, Bros., W. A. Boyd, W. S. Rushing, J. F. Cox, C. P. Threlkeld, A. Liken, T. A. Hall, Joe J. Harmon and W. F. Lawless.

A. C. Rushing is proprietor of a nice livery business and by good treatment and fair dealings has won for himself a good trade.

JOY VISITED

On our way from Carrsville we visited the nice little town of Joy to find her merchants and citizens wide-awake and prosperous.

Dr. A. A. Casper is the popular practicing physician of the little city, and a clever gentleman we never met.

W. I. Sullivant is a popular blacksmith with a nice shop and a good trade.

J. B. Floyd runs in connection with his grocery and restaurant a job printing business and turns out some real nice work. He is one of the oldest printers in the county or State and is a genial, whole souled Kentucky

gentleman. Our heart went out to him. He deserves to be patronized.

L. Bishop & Bros. have one of the most extensive general stores in the county of Livingston and are popular, hustling business men. Notwithstanding they were burned out a few years ago, suffering a great loss, they are going on as though nothing had ever befallen them. Fred Bishop is the clever Post Master and is domiciled in Bishop Bros. store.

The Farmers Produce & Mercantile Co., is a large concern and dealers in general merchandise. They have a fine, fresh, crisp, new stock and are getting their share of the trade.

Myrick & Senour are the saw and grist mill owners and are of more real help to the town than perhaps any other one business in it.

Rice Hotel is the place for the tired wayfarer to get a good meal.

Joy is to have a new school house. It is now being built by W. L. Thompson, one of the best contractors in the county.

Joy is the home of Camp No. 12259 M. W. of A. and meets every second and last Tuesday night in each month.

C. L. Rice is the general all-round machinist, and Bishop & Braden are the hustling stock buyers.

Chas. Rice is owner of the first road grader we ever saw that is being operated by steam. He pulls the grader with his traction engine and does the best work we have ever seen on any road.

Following are the new subscribers secured during our short stay in the good little town: Chas. Rice, Roy Bennett, H. O. Trimble, L. Bishop & Bros., Hal Padon, J. B. Floyd, W. I. Sullivant, and Dr. A. A. Casper.

We are so well pleased with the place and the people that we shall try to see them one month from now and kept it up through out the year.

LOLA VISITED

On driving into Lola, tired and hungry we stopped, in company with James Stricklen, at the suburban home of Mr. and Mrs. L. P. Mitchell where our tired horses were cared for and a splendid meal for ourselves.

Mr. Mitchell is one of the several popular merchants of the good town and is enjoying a good trade.

J. D. Foley is proprietor of a splendid business in Lola and President of the Lola Band, one of the best musical aggregations in the "pennyrile." The band is composed of 12 pieces and quite a reputation all over this and Livingston counties. Mr. Foley is also manager of the Home Phone at Lola and is a jovial, clever accommodating gentleman.

P. H. Styer & Co., own a general merchandise store and are popular merchants. They carry a large stock of nice goods for a county town and are receiving their share of the trade.

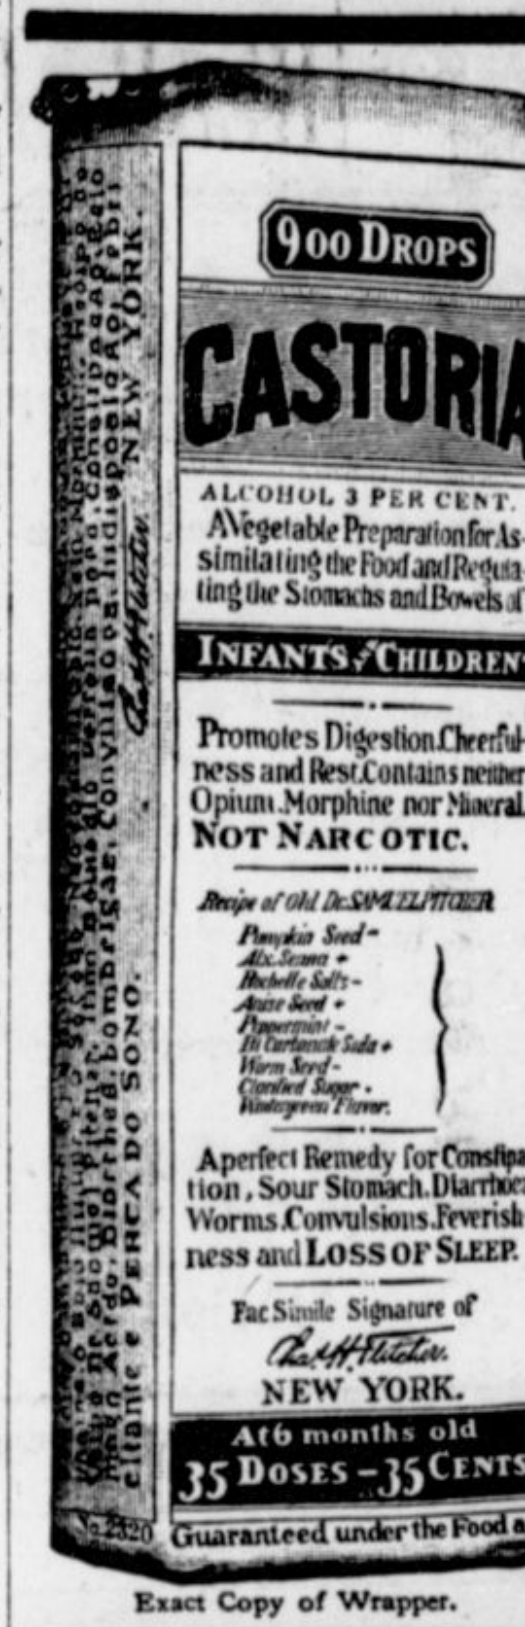

J. Belt keeps a grocery and cold drink stand and does a nice business. We were put under lasting obligation to him while there for his preparing for us the best ice water we ever drank.

W. H. Story is proprietor of a nice blacksmith shop and from the way he was hammering iron while we were there, is doing a nice business.

W. Y. Rice, was the first man to subscribe for the Record-Press while we were there and has one of the most attractive and business like Black Smith and machine shops in the town.

W. M. Davis & Son own a black smith shop and undertakers business and are credited as live business men.

W. F. Paris Jr. owns a saw and grist mill and have built up quite a reputation on both flour and meal.

MARION MILLING CO.

The Marion Milling Co., have just completed a fine absolutely new grain house that is a credit to them and to the town. Mr. R. I. Nunn, the clever and popular Manager declares he is now ready to receive the new crop of wheat just as soon as the farmers can thresh it, and all of us know the reason that our Marion Mills make the best flour is because they have, not only the best mill, but also because Crittenden county grows the best wheat.

W. N. Davis owns a saw and grist mill and is kept busy all the time.

J. E. Johnson is the clever Post Master that gives out the old Record-Press every Thursday.

She has a W. O. W. Lodge with 50 members and a Farmers Union Hall with a large membership.

All in all Lola sums up as a nice little business point and best of all, full of good citizens.

Her physicians are: Drs. M. M. Fowler, W. C. Davis and Chas. Masoncup.

WHAT A GREAT MAN SAID TO THE GREAT AMERICAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic.

In giving his recipe to the American people he said: "Parisian Sage is the most delightful hair dressing in the world. It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots. Haynes & Taylor sell Parisian Sage at 50c. a large bottle and guarantees it to do all that is claimed for it, or your money is refunded. It stops falling hair, dandruff and itching scalp in two weeks.

Publisher of Crittenden Rec-

St. Louis, Mo., June 22-10.

Dear Sir:—The publication in
your issue of the 26th report of
"Marion Academy twenty-eight
years ago," recalls to my mind
the names of many old school
mates.

I left Marion early in 1882 and
I remember I took the mail back
to Princeton then the nearest
railroad point.

I have been so busy hustling
for the wherewithal with which
to buy the regular daily supply
of "prunes" for the family dur-
ing the past twenty years that I
have found very little time to re-
new acquaintances of my boyhood
days.

It has been my pleasure to
visit Marion only three times in
the last twenty-five years. I
still have hopes of breaking into
the millionaire class and when I
do I am coming over to Marion
to spend a part of my money.

I enclose ten cents in postage
and will ask you to mail me two
or three copies of the paper,
which I want to send to some of
my friends.

Yours truly,
HENRY DEAN.

CATAARRH QUICKLY CURED BY A PLEASANT GERM-KILLING ANTISEPTIC

The little Hyomei (pronounced High-
o-mei) inhaler is made of hard rubber
and can easily be carried in pocket or
purse. It will last a life time.

drops of magical Hyomei.

This is absorbed by the antiseptic
gauze within and now you are ready to
breathe it in over the germ infested

omei is made of Australian eucalyptol
combined with other antiseptics and is
very pleasant to breathe.

and colds or money back. It cleans
out a stuffed up head in two minutes.

**Why does Great Britain buy
its oatmeal of us?**
Certainly it seems like carrying
coals to Newcastle to speak of export-
ing oatmeal to Scotland and yet, every
year the Quaker Oats Company sends
hundreds of thousands of cases of
Quaker Oats to Great Britain and
Europe.

The reason is simple; while the
English and Scotch have for centuries
eaten oatmeal in quantities and with a
regularity that has made them the
most rugged physically, and active
mentally of all people, the American
has been eating oatmeal and trying all
the time to improve the methods of
manufacture so that he might get that
desirable foreign trade.

How well he has succeeded would
be seen at a glance at the export re-
ports on Quaker Oats. This brand is
without a rival; it is packed in regular
10c packages, and in hermetically sealed
tins for hot climates.

We have received a car load
of Virginia Carolina Tobacco
Fertilizer. OLIVE & WALKER.

Constipation • Cure Free

With the first signs of constipa-
tion you resort to the home methods
of relief, such as hot or cold water on
arising, lots of stewed fruit with your
breakfast, etc., but what do you do
when these fail?

The majority then start on salts and
purgative waters, then change to cathar-
tic pills, etc. If you have gone through
these various stages you know they were
all useless, so far as permanent results
go. Now you should try just once again,
but try something practical and sensible,
a remedy made and intended for the pur-
pose you are trying to accomplish. Such
a remedy, as thousands can testify, is
Dr. Caldwell's Syrup Pepsin, which is
guaranteed to be permanent in its re-
sults. Its ingredients are such that by a
brief use of it the stomach and bowel
muscles are trained to again do their
work normally, so that in the end you
can do away with medicines of all kinds.
That it will do this Mr. G. Y. Dodson of
Sanville, Va., will gladly attest, and so
will Mrs. S. A. Hampton of Fortage, O.
To those who are still skeptical there
is a way to prove these assertions with-
out a penny of expense: Simply send your
name and address to Dr. Caldwell and ob-
tain a free sample bottle. After using it,
if you are then convinced it is the reme-
dy you need, buy a fifty cent or one
dollar bottle of your druggist and con-
tinue to use it for a brief time until
cured. The directions are simple and the
dose is small. It is pleasant to the taste,
does not gripe and is promptly effective,
and these statements are guaranteed or
money will be refunded.

This remedy is over a quarter of a cen-
tury old and is personally taken by
more druggists than any other similar
remedy on the American market. Because
of its effectiveness, purity and pleasant
taste it is the ideal laxative remedy for
children, women and old folks generally.
Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For the free sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 500 Cald-
well building, Monticello, Ill.

A TIMELY WARNING ABOUT FLIES

Released for publication on
the morning of June 21, 1910.

In every town and locality in
the State many people have fail-
ed to heed the numerous warn-
ings that have been issued
against flies. Attention has
been called to the fact that they
are one of the most dangerous
menaces to life and health with
which mankind has to contend
being responsible for a large
proportion of all cases of typhoid
fever and diarrhoeal diseases of
infants and many cases of tu-
berculosis and other contagious
diseases.

They have caused thousands
of deaths in Kentucky and will
continue their work of destruc-
tion until housekeepers awaken
to the fact and inaugurate a
warfare that will result in their
extermination.

This can be accomplished defi-
nitely and effectively. It re-
quires only THE REMOVAL
OF FILTH. FLIES BREED IN
FILTH and in filth alone. With-
out filth there can be no flies.
More than 90 per cent. of them
breed in stable manure and the
balance in garbage, outhouses
and other forms of refuse.

The fly season is at hand.
Prompt action at this time may
prevent many deaths during the
summer and fall and a grave
responsibility rests upon all
health officers and other citizens.

An immediate and thorough
cleaning of premises should be
effected and further accumula-
tions of filth avoided. Stable
manure should be kept in vaults
or boxes screened or covered or
frequently sprinkled with lime
or kerosene and should be re-
moved at least once a week.

Garbage receptacles should be
carefully covered and the con-
tents sprinkled with unslaked
lime or oil.

Privy vaults should be made
fly-proof and their contents fre-
quently sprinkled with lime.

In addition to the measure for
the prevention of the breeding
of flies every effort should be
made to prevent them from en-
tering the house or having ac-
cess to milk or other foods.

All doors and windows especi-
ally those of the kitchen and
dinning-room should be
screened.

Food exposed for sale should
be screened and ordinances to
this effect should be enacted and
enforced.

Flies should be especially kept
away from the sick and if one is
discovered in the sick room it
should be covered with fresh
lime for an hour and then bur-
ied.

People who have cleaned their
own premises should demand
that their neighbors should do
likewise and notify the Board of
Health of any failures or refus-
als. It is important to remem-
ber that no house is safe unless
every other one for a mile
around is clean. This applies
especially to tenant's houses and
negro quarters.

The saving of life and suffer-
ing will amply repay for all the
trouble and expense.

EITHER MAN MUST KILL
THE FLY OR THE FLY WILL
KILL THE MAN.

(From the State Board of Health
of Kentucky.)

\$100 REWARD, \$100.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure
is the only positive cure now known to
the medical fraternity. Catarrh, be-
ing a constitutional disease, requires a
constitutional treatment. Hall's Cat-
arrh Cure is taken internally, acting
directly upon the blood and mucous
surfaces of the system, thereby de-
stroying the foundation of the disease,
and giving the patient strength by
building up the constitution and as-
sisting nature in doing its work. The
proprietors have so much faith in its
curative powers that they offer One
Hundred Dollars for any case that it
fails to cure. Send for list of testi-
monials. Address F. J. Cheney & Co.,

ECZEMA--A GERM DISEASE CAN NOW BE CURED

The Medical profession is all agreed
that ECZEMA is a germ disease, but
the thing that has baffled them is to
find some remedy that will get to the
germs and destroy them.

Zemo's clean, external treatment
has solved this difficulty by drawing
the germs to the surface of the skin and
destroying the germ life that causes
the diseases. The whole method of
treatment and cure by Zemo is ex-
plained in an interesting book on the
subject issued by the makers of ZEMO.
It tells how to cure yourself at home
of Eczema, Blackheads, Pimples,
Dandruff, and all diseases of the skin
and scalp. Call at Haynes & Taylor's
Drug Store for Booklet and learn more
about this clean, simple remedy that
is now recognized the standard treat-
ment for all diseases of the skin and
scalp.

Editor, The Record-Press,
Marion, Ky.

Dear Sir:--I am enclosing to
you a digest of a resolution re-
cently passed by the Executive
Committee of the Board of Trus-
tees of the Kentucky State Uni-
versity and the Board of Control
of the Kentucky Experiment
Station.

The resolution provides for
the close connection of the Col-
lege of Agriculture and the Ex-
periment Station of the Univer-
sity, both to be under the di-
rection of Dr. M. A. Scovell,
formerly Director of the Experi-
ment Station alone, who is wide-
ly known in this and other states
for his valuable scientific and
practical work in agricultural in-
dustry of the State.

We want to bring the Agricul-
tural College before the eyes of
the public, and especially before
the young men, to whom the
Agricultural College offers great
advantages without cost. The
agricultural students will be giv-
en both the theoretical instruc-
tion of the College and the practi-
cal work on the Station farm,
among the stock and crops.

The demand for graduates
from the Agricultural College is
greatly in excess of the supply.
To this end I am asking you
to publish the enclosed resolu-
tion, prefaced by this letter, or
by such remarks of your own as
you may deem appropriate.

Yours very truly,
T. R. BRYANT,
Chief of Extension Department.

Resolved, that the Agricul-
tural College of the State Uni-
versity, Lexington, Kentucky,
be and is hereby organized and
constituted in three departments
as follows:

1. The Experiment Station--
Department of Research--Post
Graduate work.
2. Department of Teaching--
Undergraduate work.
3. Department of Extension
work, covering short courses,
farmers' meetings, conventions
the college, co-operative ex-
periments and demonstrations
on farms and orchards, farm
and soil surveys, lectures in
schools, correspondence relating
to the Agricultural College pro-
per, popular publications, exhib-
its at fairs, demonstrative and
illustrative work.

That Professor N. A. Scovell,
the Director of the Experiment
Station, be and is hereby placed
in charge and appointed Direc-
tor of the Experiment Station.
As such, he shall be the chief
administrative officer of the
Agricultural College.

Governor Harmon Flank Refuses

POLITICAL ETHICS REGARDED

When Northern Indiana Democratic Mayors Sought to Affront Governor Marshall by Bringing Governor Harmon into Indiana Territory They Counted Without Their Host—The Ohio Executive, Mindful of the Ethics of the Situation, Declined to Bring His Boon Over Into His Rival's Preserves.

Hammond, Ind., —A setback has been given the combine of northern Indiana Democratic mayors who wished to affront Governor Marshall by bringing Governor Harmon into Indiana Territory. The Ohio Executive, mindful of the ethics of the situation, declined to bring his boon over into his rival's preserves.

Some time ago Mayor Knotts of Gary, who is one of the mainstays in the Democratic mayors' combine, let it be known through his organ, the Gary Evening Post, that Governor Harmon of Ohio was to be a guest of honor at a meeting of northern Indiana Democratic mayors. It was further planned to bring the Ohio chief executive to Gary and give him the key to the city, and the populace was to hail him as the Democratic nominee for the presidency. The scheme was well planned, and had a Becker Knotts-Darrow flavor. But Governor Harmon happens to be an old-style Democrat, and old-style Democrats are still adherents to the code of political ethics. Therefore Governor Harmon's refusal to be made the goat for the sake of the northern Indiana Democratic mayors' combine, who wished to give Marshall a left-handed slap.

Speaking about his own presidential boom, Governor Harmon said: "I know nothing of it, other than a few of my friends are boasting my name for the nomination. I am too busy attending to the affairs of the legislature to give it very much serious thought at this time."

Rates On Foreign Postage.

The Departments advised that many letter mailed in the United States addressed for delivery in foreign countries, which are subject to our Postal Union postage rate, are prepaid only two cents the sender of the letter being under the impression, it is presumed that our two-cent domestic postage is applicable to the said letter.

The only foreign countries to which the two cent letter rate applies are Canada, Mexico, Newfoundland, the Central Zone the Republic of Panama, the city of Shanghai China, and Germany (by direct steamers only), England, Scotland Wales and Ireland. To all other countries the rate is five cents for the first ounce or fraction thereof, and three cents for each additional ounce or fraction thereof, which must be fully prepaid or the letter become liable on delivery to a charge equal to double the amount of the deficient postage. For instance a single-rate letter prepaid only two cents would be subject on delivery to an additional postage charge of six cents.

As charges for postage due on due short-paid letters give rise to much complaint, postmasters are directed to caution the patron of their offices respecting the matter and give this notice the widest publicity possible.

OUR TOBACCO TIDINGS COLUMN

An Interesting Account of What is
Going on in the Various Counties
of the District by J. N. Banks.

The District Board of the Stemming Association met in this city at 10:30 a. m. yesterday to consider numerous subjects of concern to the Association. All five committeemen, namely, F. F. Brown chairman, Hopkins; L. N. Baker, Webster; Geo. L. Campbell, Henderson; Hiram Dean, Union, and W. B. Rankin, Crittenden. The committee had reports to date of progress of the pooling from all the counties, and now the weak points in all the district. The pooling is in a very satisfactory shape on the whole in the counties of Henderson, Union and Webster. And yet there are weak spots in each county and loyal members are admonished to relax nothing of effort to pool more tobacco in all three named counties. Hopkins promises to pool up 85 per cent. but friends of the Association must persist in steady, untiring work in the county of Hopkins. Crittenden county is more backward than any other county, and the committee is quite worried about Crittenden county. However, more will be learned in the next two weeks. The good Lord knows Crittenden county, for the sake of her own prosperity, should get busy and sign up to this Association. For the Association has from the beginning carried in her arms the county of Crittenden, for she has always been the weaker of the five sisters.

I talked with Messrs Brown and Campbell about the wheat crop and tobacco crop.

In answer to my inquiry the gentleman named said the wheat crops in their counties were thin on the ground and were more or less injured by the Hessian fly, and in consequence the yield would not be more than half of a real good crop. "And yet," both said, "the grain will be extra long, for the heads are extra long and will average four grains to the mesh."

They represent that the stand of tobacco is extra good, and the plants are making a wonderful growth. Mr. Brown frankly says that while certain districts in Hopkins are pooling up in the most satisfactory manner, yet there are a few districts which are signing up tardily. "In my own district," said Mr. Brown, "out of 147 acres there signed up 121 acres, and other acres may yet be signed. On the whole," concluded Mr. Brown, "the prospects now are good for signing up the required 85 per cent. in Hopkins county. The Association is especially strong around Hanson and Nebo, and in all that section of Hopkins adjoining Webster county."

OVER IN HOPKINS COUNTY
Carr Hawkins, a strong believer in farmers' co-operation and a loyal Association man, withal, in a recent letter from Nortonville to Cincinnati Tobacco Tidings, writes cheering news regarding the pooling of the 1910 crop in Hopkins. Note that he says: "It looks like it is going to be unanimous for the Association."

"I have spent what little money I could get honestly in trying to organize the farmers, and my fight has been made without price or money. I felt that if I could do anything to advance prosperity nearer the good over-worked women and children of Kentucky, it was my duty to do it. I am now walking from one school house to another to organize the 1910 pool, and the good farmers are flocking to my support and at present it looks like it is going to be unanimous for the Association."

"The meetings I attend are like being at a good old-fashioned Methodist revival, because I meet the good, honest farmers and shake their horny hands. We have song prayer, and then we listen to one another speak, and I'll tell you I have listened to some of the best speeches in the last two weeks I ever heard. I think the pool in the Stemming District will be greater before."

"A great many stayed year, on account of being cent. behind on the 1 and the little tobacco but them they would never but as it has been paid willing to come in. never do for this organization go down, as it has cultivation instead of prosperity instead of and laughter instead. But, gentleman, let's the grafters with shame till we get rid of them."

A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Haynes & Taylor will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.
