## STRIKES SUNKEN

### ROCKS

Lusitania Wrecked, 800

Passengers Saved.

Capetown, South Africa, April 19.—The Portuguese mail steamer Lusitania is piled up on Bellows Rock, two miles southwest of the Cape of Good Hope. Her 800 passengers and crew were taken off this morning by the British warship Forte and a Government tug.

The Lusitania was bound from Mozambique for Lismon when she struck on the sunken rocks. There is no hope of saving the vessel.

Eight persons were drowned during the transfer of the passengers and crew from the wreck to the British Warship Forte and a Government tug. Those lost were four men, two women and two children, occupants of two small boats which capsized. Their companions were rescued.

## COMMITTED SUICIDE AT MORGANFIELD

Short \$6,000 in his accounts

Morganfield, Ky., April 20.—Sheriff J. W. Carter, of Union county, committed suicide in a stable on his place by shooting himself. Death was instant.

In an investigation of his office made recently he was found to be \$6,000 short in his accounts and he had been given until tomorrow to make up the deficit. It is supposed that his efforts to raise the money had failed and in his despondency he decided to kill himself.

He was a prominent citizen of this county and is survived by his wife and a large family.

### Pretty Home Wedding

A pretty home wedding was solemnized Wednesday at the home of Mr. and Mrs. E. E. Thurman at Buena Park, when their daughter, Eula, was given in marriage to Charles Richard Bealy, of this city.

Promptly at high noon the couple took their places before the Reverend William M. Perry, pastor of the First Baptist church of Ontario, who, with a few impressive words united them in the holy bonds of matrimony. The ceremony was witnessed by relatives and intimate friends of the contracting parties only.

The parlor was beautifully decorated in calla lilies and greenery while the dining room and tables were in lavender, bodina flowers and satin ribbons of dainty shade being used effectively.

Following congratulations all repaired to the dining room where a delicious wedding breakfast was served.

The bride is a charming young woman and is held in high esteem by her many friends at Buena Park.

Mr. Bealy is a prosperous young man and is at present engaged in the wholesale fruit business in Pomona. After a short wedding trip, Mr. and Mrs. Bealy will be at home to their friends in Pomona. —Ontario Cal. Daily Rep.

# Oranges Filled With Silver To Be Given Away Absolutely Free.

Beginning Saturday Apr. 29th  
Ending Monday May 15

During this time we will give an  
orange with every one dollar purchase  
for cash.

Some of these oranges will be  
just as they came from the tree.  
Some will contain a Five Cent Piece.  
Some will contain a Silver Dime.  
Some will contain a Silver Quarter.  
Some will contain a Silver Half Dollar.  
Some will contain a Silver Dollar.

To illustrate, if you buy one dollars worth of domestic, or anything else you draw one  
orange. If you buy a twenty dollar drugget, you draw twenty oranges.  
We have the greatest line of Spring offerings and at the most marvelously low prices  
that it has ever been our pleasure to show. We are selling our merchandise on its merits  
alone. We never in our lives felt more sanguine that we were giving more dependable  
merchandise than we are right now.  
We do not ask or expect anyone to buy a penny of us in the expectation that they will  
draw money, because they may not. There are many oranges without money.  
What we do claim is this; That if you need merchandise or will need it soon, that no  
house ever did, ever will, or ever can give you more merchandise for your money than we  
are giving and in addition to the merchandise which you buy, we will, during this sale  
give you one orange with each dollar's purchase, and that orange will in most cases con-  
tain money.

THE OLD CABINET MAKER SAYS:  
**THAT** they keep right on im-  
proving these Kitchen  
Cabinets until he doesn't see  
how they can put any more con-  
veniences in them. Why they  
are arranged now so that a Woman can prepare a whole  
meal and hardly step away from the front of one. Not  
alone their convenience, and their handsome appearance,  
but the steps they save should force one of them into your  
home. Ours are well made of white hardwood but still  
reasonable in price. —Remember we give gold stamps.

## TOBACCO TIDINGS.

BY R. F. WHEELER.

When the chairmanship of this county was left vacant by the resignation of Mr. Towery, the good members began to cast about to find some one to represent them on the executive board.

After some discussion they turned as one man to squire Marion Dean of Iron Hill, whom they elected over his own protest. They wanted a man in whose honor and integrity every one had confidence. They might have searched the country over and not found a better man for the place. Although a young man, he is one of considerable business experience, truthful and honest to a fault a man who has the confidence of every one who knows him. We want to congratulate the people of Crittenden County and the whole district on the selection.

Below we print an article from Chairman Dean on pooling tobacco which should be read by every grower in the county. In a short time we will give you another letter from him on a different phrase of the same subject.

### Chairman Dean's Article

#### Should Farmers Pool Their Tobacco.

If it is right, and pays, they should do so. The laws of our state permit it, so it is right from a legal stand point. The tobacco belongs to the grower, and it looks reasonable that he and other growers can form a club, appoint an agent to sell it all, for a better price than the one grower could. If it brings the grower better price without violating any law or doing his fellow man any injury, it must be right.

Does it pay? Yes, it pays the grower who pools, also the one that don't, because the independent buyer knows that he must give the man that don't pool a good price and fair treatment to keep him from pooling.

It pays the pooler, I know, because I have sold both ways, and have kept record of all sales, to whom sold, and prices received. To print this it would take too much space, but I can say this: The last crop sold independently was sold for \$4.10 per hundred to Elgin & Co., Crayne, Ky., the first one pooled was graded at 9-9-3 an average of \$8.10 per hundred and sold so as to give me a rebate of 6 percent. This difference of four dollars per hundred represents what the middlemen exacted from me and they would have kept it up and still been at it, had farmers not began pooling their crops, putting their prices on them, and holding their tobacco for better prices.

Tobacco buyers are not in the business for their health, nor are they philanthropists. They will buy your tobacco at the very lowest price they can, and they can always afford to do without one crop, so you are at their mercy, if you only knew it.

If all tobacco was pooled the only trouble to get a profitable price, would be to ask it, and hang on until we got it, which would not be very long.

This is so plain to be seen, and the objections to pooling are so easily answered, it seems a waste of time to write any more, so close wishing every tobacco grower a good crop and urge you, one and all, to pledge your tobacco this season.

Yours Respectively,

T. M. DEAN.

Congressman James will tour Kentucky next week in the interest of his candidacy for the Democratic nomination for United States Senator. Mr. James will speak at New Castle May 1; Munfordville, May 3; Warsaw, May 5; Carrollton, May 6; and Shelbyville, May 7. He says he will bring the Congressional Record with him to show that the charges he made against his opponent are true.

We will publish next week his opening speech (delivered last Monday week at Nicholasville) in full and think every one of the Crittenden Record-Press' 4000 subscribers and their families and friends should read.

## HON. MARION POGUE

### OUR NEXT REPRESENTATIVE

Did not seek limelight, but tried in a modest way to accomplish work. Saw at opening of session that Senate was in absolute control of a few who were not altogether friendly to the interests of the masses and that whatever was accomplished for the people must be done by persistent effort, wrestling with the whiskey trust and other corporate interest which were deeply entrenched at the state capitol, which rather than risk bills coming up unfriendly to them, often blocked all kinds of legislation.

Therefore, he, with others in the House, who had many measures of moment to the public, had to see these cherished hopes "go glimmering," refrain from introducing but few measures and combine to kill the many pernicious bills set up by the legislative cranks who had gone "commission" crazy and the "salary grabber" and place hunters who wish jobs made to order. Without asking was given places on the most important committees of the House, viz—enrollments, chairman; rules, revenue and taxation, education No. 1, suffrage and elections, state capitol, charitable institutions, mines and mining and printing. No member of the House fared better in Committee appointments or was harder worked.

By being thus situated was able to do much work: especially in the committee on rules, which held its own with the tardy Senate and a vacillatory governor. He stood for temperance on every roll call while many others "flickered." He stood for a school law that was fair alike to the taxpayer and the children—giving every child, however humble, a six months school. He stood and will continue to stand against centralization and consolidation of the schools. He saw his labor of many weeks embodied into a school bill pass the House almost unanimously, go over to the Senate and be refused a vote after two-thirds of the Senate signed for its consideration. So the Educational trust won out in the Senate. He stood for the income tax amendment, voted against every "salary grab," especially the circuit Judges salary increase voted against every job and graft proposition; helped to kill the tax amendment which seeks to classify property for taxation; stood

against both a bond issue and an increase in the tax rate and with the committee on rules forced the Senate and governor to accept the interests bearing warrants instead, under which the state obligations are being rapidly discharged and her credit is as sound as if we were paying interest on 30 year bonds, voted only for appropriation demanded by necessity and the claims of humanity upon the tax payers of the state by her misfortunes for life saving appliances in mines and to check the ravages of preventable diseases which are yearly claiming their thousands in Kentucky.

As chairman of committee on enrollments he succeeded a veteran of 20 years experience, the Hon. Jno. M. Lettister, and upon himself, besides his ordinary duties as a member and other hard committee tasks, the most arduous and responsible duty of comparing and the custody of every measure passed by both House and Senate.

He stood nobly by Mr. Bruner, Secretary of State, in the passage of the Bank Examiner's Bill which meant so much to the people of Kentucky.

### Death of Monroe C. Ashley.

After a long illness, and the last six weeks being spent here, Monroe C. Ashley, aged thirty-years, died at 9:45 o'clock Friday evening at home of his sister, Mrs. Henry Hughes.

Mr. Ashley was born near Piney Fork and spent his youth there. About fifteen years ago he went west.

His illness was of long standing and finding that death was inevitable, his request was to return to his native State, to see his old friends once more and finally to be laid at rest beside his parents in the old Piney Fork cemetery.

The funeral was held Saturday evening in the Piney Fork church, and the following acted as pall-bearers: Ed Newbell and Bunyon C. Paris.

Mr. Ashley is survived by his wife, who was Miss Gertrude Kelley, of Crary, N. Dakota; two sisters, Mrs. Henry Hughes and Mrs. David Champion; two brothers, John H. and J. Sherman Ashley.

Rev. L. F. Goodman, of Franklin Ky., will preach morning and evening at main Street Presbyterian church, next Sunday. The public cordially invited.

## A Crittenden county

### Turnpike assured.

The Crittenden Record-Press is certainly glad to publish this week an additional list of subscriptions to the Good Road movement for the building of a turnpike Salemward. The total cash subscriptions to date is \$1720. Days work by men and teams swell this to almost \$2500. Every man woman and child in this county is vitally interested in good roads. This subscription list, the hearty good will, and the boosting talk heard on every hand attest this; but best of all is the intense interest manifested by the farmers in this subject of all subjects. Their loyal support shows their interest. The farmer in the last analysis, as Uncle Joe Cannon puts it, is the bone, sinew and life of the country.

We further desire to point out to the farmers the interest manifested by Marion in good roads for the country.

This is as it should be for indeed we are all brothers together, each dependent on the other.

Have ye not read the scripture where it says, "No man liveth unto himself and no man dieth unto himself."

### A Serious Accident.

Dr. W. H. Crawford came near having a disastrous explosion in his office last Friday morning when his vulcanizer exploded and scalded his hands and arms pretty badly. Fortunately the pressure was not up to its highest and only a few burns and scalds resulted but had the pressure been greater the results might have been more disastrous. The Dr. is able to be up but can't use his hands much.

## A Word To My Farmer Friends.

I always try to give my views of interest to the public; I try to be plain in telling what I believe but never fall out with any body, who may not see things as I do.

Now as to pooling tobacco in the Farmers' Union Tobacco Association. I believe the best interests of the tobacco growers will be promoted by making the tobacco pool as strong as possible.

The farmers now have just two ways of selling their tobacco. One way is to leave the fixing of the price to the tobacco trust—the only one buyer of tobacco. Everybody who will stop a minute to think, knows what that means. It means reduced prices and unprofitable production of tobacco. It means in this section what it means in the Burly section, just as soon as the trust succeeds in disrupting the pool the price paid the farmers was cut in half.

The other way is for the farmers to co-operate by pooling their tobacco and having it sold through the Farmers' Union. The type of tobacco grown in this section is distinct from all others and regardless of what other sections may do. The tobacco growers of the Farmers' Union should be united to protect their interest. My advice to the tobacco growers of Crittenden county, is to pool their tobacco and in every way strengthen the Association.

My belief is if they permit the Association to go down, they will regret it and pay for it dearly in having to sell their tobacco at a far smaller price than they have received during the time the Association has been in existence.

Some farmers will say they want to control their own business and sell their own tobacco. That would be all right if it

could be done, but it can't be. If there is no pool, the farmer must sell alone to the trust and therefore the farmer has nothing whatever to do with selling his own tobacco or handling his own business. The trust attends to that for him.

The farmer can bet his last ginger cake that the trust will look after the interest of the trust in the transaction. If the farmer pools his tobacco with the Farmers' Union, he can depend upon them doing the best it can to look after the farmers' interest.

The farmer must leave the matter either to the trust or to the farmers' union association. It is left for the farmer to decide which it shall be.

The farmer has an object lesson that he would do well not to forget.

He knows what he received for tobacco when the matter was in the hands of the trust.

He knows what he has received since the matter was in the hands of the Association.

Everything the Farmers' Union has done may not have been to his liking, but it has helped to double the price of his tobacco.

Everything the trust did and is yet trying to do, was and is unsatisfactory to the farmer together with the fact it beat prices down to \$3.00 and \$4.00 per hundred.

Therefore the advice I have to the farmers is to pool their tobacco and be patient, be loyal and reap the reward of a permanent good price for their tobacco which they have no right to hope for, if they permit the Farmers' Union to go down and are again left unprotected in their dealings with the tobacco trust, the only buyer for their tobacco.

Respectfully Yours,  
CHAS. W. FOX,  
Sec'y of the Crittenden Co., Farmers' Union Tobacco Association.

## A Correction.

We take pleasure in quoting from a letter of Wyatt Hunt, Clerk of Pleasant Hill church, the following correction. We were evidently misinformed.

Mr. Editor, it was a surprise to us to know you had published us as one faction composed of one-half the membership. The record of Pleasant Hill church shows that less than one-fifth of the membership under her watch care, have withdrawn.

Will you please explain a statement set us in the proper light before the public.

With best wishes for you and all concerned. I am yours respectfully.  
WYATT HUNT,  
Clerk of Pleasant Hill church.

## A Friend At Fredonia Writes:

I was so much interested in the good road movement, so well begun in your county as told in your last weeks issue, that I send you a cutting from Harper's Weekly, describing the road building process in Iowa. It seems to me a road that cheap, could be built here as well. You see a newspaper man started that, and if you can do as well for Ky. I know future generations will arise and call you blessed.

The article referred to "dragging a road across Iowa." will be published next week. The county's financial statement of what has been spent to work the roads crowded it out this week.

## COMFORTING WORDS

Many a Marion Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Marion readers.

G. B. Johnson, 413 Gum St., Marion, Ky., says: For five years I suffered from kidney complaint, brought on by hard work. Whenever I caught cold, it settled on my kidneys and at such times my suffering was aggravated. The kidney secretions were irregular in passage and I was often obliged to arise during the night. There was a dull pain in the small of my back and when I arose in the morning, I felt lame and stiff. I tired easily, was nervous and also had dizzy spells. When Doan's Kidney Pills came to my attention, I procured at Haynes & Taylor's drug store and after I finished the contents, I was cured. It gives me pleasure to state, that time has proven the cure to be a permanent one. You are at liberty to publish this statement for the benefit of other kidney sufferers."

### To the Sunday Schools

As the Sunday Schools of this county are a little behind this year, and as this month and next is the best time for collecting statistics, all schools that are not organized are urged to begin at once, so that they may be visited right soon.

Let the Superintendent of the many different schools urge that each student prepare to give a small contribution to the Kentucky S. S. Association and do this at the time your School is being visited.

Let every District Secretary go or send a visitor to every School and urge the cause of the S. S. and ask for a contribution, after which he should get as many too, as possible to pledge themselves to pay a small amount at a given time, say by the thirtieth of May this paper should be left with the Supt. of the District in which the School is located.

All district secretaries bear in mind that their duty is to see where would be the most convenient place to hold their district Conventions at which all reports should be turned in to the Co. Sec'y so we can prepare for the Co. Convention, if we can, let us hold all district conventions by June thirtieth.

If any of the district secretaries need any blanks, cards, or reporters, I shall take great pleasure in sending them to them.

Why not let Crittenden County come to the front this year and to do that we must put some time and labor into the convention for this is the place we make our final reports. Let us ever abound the Lord and his work.

A. E. Dean, Co. Pres.

V. L. Stone, Co. Sec.

### To the Sunday Schools

As the Sunday Schools of this county are a little behind this year, and as this month and next is the best time for collecting statistics, all schools that are not organized are urged to begin at once, so that they may be visited right soon.

Let the Superintendent of the many different schools urge that each student prepare to give a small contribution to the Kentucky S. S. Association and do this at the time your School is being visited.

Let every District Secretary go or send a visitor to every School and urge the cause of the S. S. and ask for a contribution, after which he should get as many too, as possible to pledge themselves to pay a small amount at a given time, say by the thirtieth of May this paper should be left with the Supt. of the District in which the School is located.

All district secretaries bear in mind that their duty is to see where would be the most convenient place to hold their district Conventions at which all reports should be turned in to the Co. Sec'y so we can prepare for the Co. Convention, if we can, let us hold all district conventions by June thirtieth.

If any of the district secretaries need any blanks, cards, or reporters, I shall take great pleasure in sending them to them.

Why not let Crittenden County come to the front this year and do that we must put some time and labor into the convention for this is the place we make our final reports. Let us ever abound the Lord and his work.

A. E. Dean, Co. Pres.  
V. L. Stone, Co. Sec.

## Hair Beautifier.

Refined women The World Over Use It

Miss Alice Balmer, 133 S. 3rd St., Reading, Pa., knows that there is nothing so good for hair and scalp trouble as Parisian Sage. On June 8 1910, she wrote: "I am using Parisian Sage two or three times a week and it is certainly fine. It keeps my scalp nice and clean and it cured my dandruff. I have no dandruff now. It makes the hair lustrous and fluffy and keeps it from falling out."

We urge every woman who loves radiant and fascinating hair to Haynes & Taylor's today and get a large 50 cent bottle of Parisian Sage. They guarantee it to cure dandruff, falling hair and itching scalp, or money back. A13-27.

## Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathar- tic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its re- sults. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Fortage, O. To those who are still skeptical there is a way to prove these assertions with- out a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the re- medy you need, buy a fifty cent or one dollar bottle of your druggist and con- tinue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a cen- tury old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address to Dr. Caldwell or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldw- ell building, Monticello, Ill.

# Before Allowing an Operation

## Please Read These Two Letters.

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before. Then after all that suffering Lydia E. Pink- ham's Vegetable Compound restored her health.

### HERE IS HER OWN STATEMENT.

**Paw Paw, Mich.**—"Two years ago I suffered very severely with a displacement—I could not be on my feet for a long time. My physician treated me for several months without much relief, and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. To-day I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise every woman who is afflicted with any female complaint to try it."—Mrs. Orville Rock, R. R. No. 3, Paw Paw, Mich.

"There never was a worse case."

**Rockport, Ind.**—"There never was a worse case of woman's ills than mine, and I cannot begin to tell you what I suffered. For over two years I was not able to do anything. I was in bed for a month and the doctor said nothing but an operation would cure me. My father suggested Lydia E. Pinkham's Vegetable Compound; so to please him I took it, and I improved wonder- fully, so I am able to travel, ride horseback, take long rides and never feel any ill effects from it. I can only ask other suffering women to give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation."—Mrs. Margaret Meredith, R. F. D. No. 3, Rockport, Ind.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Imogene, though so wrathful a moment before, When out on the street was her sweet self once more; So with leisurely foot-steps she started to go To her home, five blocks off, down on Middleton Row.

As she pass'd down the street where the men were at work, She smiled as the men shouted: "give us brick Turk!" But she pass'd on and by, and without any stop, And with only a bow to the man at the top.

"That's a sweet, noble girl," mused the man at the top, "I'll just bet she's been fired, and if so I'll not stop Till I've flogg'd that big, bandy-legg'd, bald-headed man Worse than Russia was flogg'd by the plucky Japan."

As still on down the street went the fair Imogene, She was met near her home by the hard-pounding Green— She gave him a nice, friendly bow and a smile, And the key-puncher's hat was raised up in good style.

"That's as noble a girl as I ever have seen, And I'll bet she's been fired," mused the hard-pounding Green, "Well there'll be something doing when I come across That great, gander-eyed gump of a bald-headed boss!"

Before I began to take it, I was very bad color, suffered great pain and weighed only 105 pounds. Now I have a good color, do not suffer and weigh 125 lbs."
