THE TEACHER'S INSTITUTE

Wednesday, A. M.

8:30 Institute assembled. Lesson from "The Sermon on the Mount" was read and discussed by Rev. Miller and Prof. Richards favored the Institute with a vocal solo "A Little Bit of Love."

The Instructor said that certain intellectual changes characterize different ages of childhood. The imagination is developed during the first few years of life, then the memory and lastly the judgment, or reason and that these powers must be developed at the right time otherwise the flowering will be imperfect. A child must be able to live over in his life the life experience of the race.

W. O. Wicker, Frances Gray, Miss Moore, Hollis Franklin, M. Cradbe and R. E. Towery discussed the subject of "reading" and the morning session closed with a demonstration of the best methods of teaching reading, conducted by the Instructor.

Wednesday Afternoon.

The chairman called the Institute to order at 1:30 p. m.

Prof. Richards, of the Marion High School, discussed the first topic assigned, on the subject of History, speaking of the way in which history appeals to the child. He also spoke of the cultural worth of history and the way in which it inspires patriotism in the hearts and minds of the children.

Miss Mary Finley also took up this subject dwelling upon the educational value of history, also its mathematical and moral value.

Mr. Richards said that "His-

tory was a record of events of the institutions of our country." The three important institutions being the Home, Church and State. Few teachers place enough emphasis upon the study of the state.

Mr. Harmon, of Bowling Green, spoke to the teachers about the "Beautiful Spirit in History," and of the pleasure and enjoyment, as well as the intrinsic value that the child gets from the study of history when it is made plain to him, and the great men of our country are made known to him in a way that he can understand. By using the blackboard Mr. Harmon illustrated his splendid talk and pictured to the teachers they way to make the Revolution and the Civil War plain. Mr. Harmon also talked of the teacher's duty to be interested in the politics of the country and the different issues of our times. Mr. Richards expressed the thanks of the Institute to Mr. Harmon for his interesting and illustrated talk, speaking further the Instructor said "The greatest hero is the man or woman who is willing to live an upright, law-abiding life for his country." The importance of this thought should be impressed upon the minds of the school children of today and thus promote the great peace movement which is sweeping the universe.

Recess.

"The value of association of historical facts," was next discussed. The Instructor talked upon this subject and in closing said, "There is a time in the life of the child when he is a hero worshiper, and when he reaches this period he is ready for the study of history, and the only way for the child at this time to learn history is by appealing to

When your tailor?

our famous Chicago tailors, and costing no more than would manufactured ready-made garments of the same cloth made for nobody in particular.

McConnell & Nunn

his memory for facts, leaving out the details and complexities, until he is ready for advanced history. The lessons for the beginner in history should always be in story form in order to appeal to his memory.

Mr. McNeely discussed, "Faults in History Teaching," bringing out plainly many mistakes often made in the teaching of history. Mr. McNeely said that history lessons are easier grasped if outlined and associated with other events. He also said that History and Geography must be correlated.

Miss Bertie Kirk spoke of the lack of interest often shown in the study of history and said that this was often caused by the teacher's neglecting to explain a dry lesson. Miss Kirk said that to long lessons should not be assigned and that pupils should not be allowed to commit their lesson to memory.

The instructor further said that supplementary reading would cause a pupil to take more interest in history. A great fault in history teaching is attempting to teach a class history before they have got a vague synthesis of the contents of the book, and analyzed each chapter.

Mr. Fred Hillard in discussing a "Teacher's Preparation for Teaching History," said "that the teacher should know history and have an aim in view." Prof. Christian, of M. H. S., gave a splendid outline of U. S. History, and spoke of the necessity of the teacher's giving the class a good outline.

Adjournment.

Thursday Morning.

The chairman call the Institute to order at 8:30 a. m.

Devotional exercises were conducted by Rev. Good, of the Presbyterian church. Miss Sehon, of Louisville, favored the

Institute with a reading which was enjoyed by all.

Before taking up the regular work of the Institute, the Instructor called for a review of the previous days' work. In this review the memory, imagination and judgment stages, in the growth of the child, were taken up. The Instructor said that "the child in it's life, physically, mentally and morally lives over the past experience of the race, and it is the teacher's duty to lead him onward to gain on the experience of his experience of his ancestors and to do his part to help on the progress of the race." "If the energy of the child is being utilized the child is being educated."

Recess.

This being Trustee Day, there were about fifty trustees of Crittenden county schools, present. There were several patrons and visiting teachers present also.

The instructor addressed the trustees, commending the good work they have done for the schools, in the past year. He also spoke of the duties and responsibilities of trustees for upon them depend, the education of the future generations, and the welfare of the nation. He next spoke of the impure water that has been used in schools and of the necessity of pure water being provided. The importance of the trustee's knowing the teachers, that they employ, was emphasized. They should know that each and every teacher, that they employ, has a high sense of honor, is competent to teach, and fit for association with the children.

The instructor spoke at length upon the danger of tuberculosis, which is so often spread in the school room. He then spoke of the help and encouragement a teacher derives from a kindly

word or visit from the trustee and he insisted, upon the trustees, that they stand by and support their teacher and in this way help to make the coming school term the best ever had in their respective districts, and help to bring up our standing in educational lines, and help Kentucky in her campaign for better schools and hasten the dawning of the new day when every boy and girl shall have a higher education than at present, then there will be a new Kentucky. He spoke of the wealth of Kentucky, and her rich resources of lumber, minerals and agricultural productions—but the greatest and most neglected resources are Kentucky's children.

The County Superintendent, Mr. Travis, next gave some of the Crittenden county statistics, which must be improved upon in the near future.

Outside of the Marion City Schools there were enrolled in the census of Crittenden county last year 3698 children of school age, of which number 2784 were enrolled in school, and the average daily attendance was 1523. The amount of money spent in this county for school purposes was \$25,170.06.

The Instructor next asked to hear from some of the trustees and the following spoke to the teachers:—W. H. Brown, T. W. Young, J. O. Belt, W. L. Adams and G. D. Humphrey.

Dinner.

Thursday Afternoon.

The Institute assembled at 1 o'clock.

Mr. Cabbe, of McKinley School, Paducah, spoke of the pleasure he had gotten from his visit to this Institute and in speaking of the law which requires the teachers' presence at the Institute said that it was his belief that no true teacher would miss the institute.

Mr. Louis Mathews, a former Bowling Green student, greeted Mr. H. H. Cherry and spoke of the Western State Normal, which is the third largest Normal school in the U. S., and one of the best schools in our country.

Mr. Cherry then addressed the teachers and trustees upon the subject of building a better, larger and nobler citizenship in our grand old commonwealth. Mr. Cherry gave the teachers some practical ideas which will be a great help to some of them.

Recess.

Mr. Marion Pogue spoke of some of the evils which prevail in our county and which the school teachers are trying to educate. He also spoke of the unsanitary conditions prevalent and the incompetent teachers of the past and present.

Dr. T. A. Frazer, of the Board of Health, was then asked to speak upon the unsanitary conditions in our rural schools. Dr. Frazer spoke of the devastation done by the common housefly, the public drinking cups and poor ventilation. It is in the power of the teachers to teach

the dangers of these things to the children.

This was the best day of the Institute work ever known in Crittenden county and every one seemed wide-awake and listening to everything and all seem to feel that it was grand to be a teacher. We want more such days as this one has been.

Adjournment.

Friday Morning.

Institute called to order by chairman.

Devotional exercises conducted by Rev. Mather.

Mr. Dodd spoke of the generous way in which the teachers had subscribed for journals.

A review of the previous days was next taken up.

Mr. Richards spoke of the present, past and future schools of Kentucky. "No state has made such progress in the same length of time, as has Kentucky in the last four years. There was a time when above all, the boys and girls were taught obedience and respect for others—but it is different now, they seem to think there is no responsibility resting upon them and that they have no religious duties and it is up to the teachers to bring them back to practical things (with less Hebrew, Greek and Latin) for upon the Home-life depends the stability of the nation."

Recess.

Mr. George, of St. Louis, talked to the teachers about Writing, Drawing and painting. His talk was illustrated on the blackboard and was highly appreciated. Mr. George explained colors by painting a landscape and a sunset.

The regular work was next taken up, leaving out physiology and taking up work on Grammar. J. R. Travis and J. L. F. Paris spoke of the educational value of Grammar.

The Instructor spoke of the Practical, Disciplinary and Instrumental values of Grammar. Miss Alpha Kemp discussed "Difficulties of teaching Grammar."

J. C. Hardin and Miss Fleta LaRue discussed "How to teach Parts of Speech."

Misses Sue Moore and Jennie Clement spoke of "Modeling a class in Analysis and Parsing."

Dinner.

Friday Afternoon.

1:00 p. m. Immediately after the Institute was called to order, the school paper representatives reported on the week's sales. Mr. Dodds, of Mayfield, reported sales amounting to \$80.00 while Mr. Cawood, of Illinois, reported \$30.00 in two days' work.

Prof. George then explained the graded course of drawing as it should be taught under his system.

The following spoke upon the subject of School Government:—P. M. Ward, J. R. Travis, E. E. Phillip, Supt., Travis insisted that expulsion be resorted to only in the last extremity.

MARION, KENTUCKY

SEE THE BIRDMEN FLY!

AT THE GREAT UNION COUNTY FAIR

AUGUST 8 TO 12

5 BIG EVENTFUL DAYS.

At an enormous expense the management of the Union County Fair has contracted for a late model Curtis aeroplane and one of their most skillful and daring performers, Aviator Gratz, who has a world wide reputation. He will make daily flights from the paddox of the fair grounds, beginning Wednesday and continuing Thursday and Friday and possibly Saturday. Be sure and see each flight. Come early.

This attraction costs the Fair Company a large sum of money but from past experience the Company has learned that the people of Union county are satisfied with only the latest and best in the amusement line. And knowing that nothing is too good for our patrons we have at this extra expense added this attraction. Nothing else, however, has been cut and the other ten free attractions will positively be on the grounds as advertised.

4 RACES Daily

Good Music All The Time!
Lots of Shade! Large Amphitheater!

Tuesday, Aug. 8, FREE CHILDREN'S DAY

SPECIAL TRAIN SERVICE

The Fair Company has arranged with the I. C. Railroad for daily special train service from Dixon to the grounds and return. Also an extra train will be run from Marion Thursday, August 10. On Thursday the North bound passenger will lay over at Morganfield until 6:30, allowing all parties living North of Morganfield the opportunity of staying until six o'clock at the grounds and then returning home that night.

WILL YOU TRY A PLAT OF ALFALFA

If We Will Furnish You the Seed
Without Any Cost to You.
A Liberal Offer.

Would you try a plat of alfalfa if we were to furnish you the seed without any cost to you? A large number of farmers in this county would raise alfalfa, if they knew that it could be grown profitably on their soil. Every farmer who is a reader of this paper, may try a small plat of alfalfa, at our expense. You are to pay nothing for the seed. We send it to you as a present.

We have made arrangements with the Farmer and Stockman of St. Louis, whereby we can offer any of our readers enough alfalfa seed to sow 1-10 of an acre. If this seed grows any your soil is found to yield alfalfa profitable, next year you can grow it as extensively as you desire. You can either buy seed and sow a large plat, or you can save enough seed, from the test plat to increase the acreage.

Send me \$1.50 for the Crittenden Record-Press, the Farmer and Stockman and the People's Popular monthly each one year and we will send you enough alfalfa seed to sow 1-10 of an acre, absolutely free of charge. When you remember that alfalfa seed usually retails for more than \$20 per bushel, you can see how liberal this offer is. We guarantee this seed to be the very best on the market and entirely free from weed and dodder seed.

When you sow it you are sure of having a quality of seed, which will enable you to make a thorough test of your soil. From time to time we will publish articles in our paper on how to prepare the ground and sow the seed to insure a perfect stand of alfalfa. Alfalfa seed should be sown in Kentucky any time between August 1st and September 25th. You should therefore place your order with us at once, and if your time is not out for our paper it won't prevent you from getting the benefit of this offer, we will just move you up one year from your expiration date.

The seed will be mailed direct to you from the Farmer and Stockman in St. Louis, which will insure prompt delivery.

Our paper needs no introduction to the farmers in this county. The Farmer and Stockman is the leading farm and stock paper in the nation. The People's Popular Monthly is one of the best home monthlies in the country.

Send me your subscription at once, you will never have another opportunity like this to get absolutely pure alfalfa seed, free of charge.

Use the coupon below and mail remittance today. Address all orders to S. M. Jenkins, owner, editor and publisher of the Crittenden Record-Press, Marion, Ky.

Crittenden Record-Press, Marion, Ky.

Enclosed find \$1.50 for which send me your paper one year, the Farmer and Stockman one year and the People's Popular Monthly one year. It is understood that the Farmer and Stockman is to mail me postpaid enough alfalfa seed to sow one-tenth of an acre of ground.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Drugists, mail 50c and \$1.00. Williams Mfg. Co., Props., Cleveland, O. Sold only by J. H. Orme.

HERBINE

Is a Powerful Chills Tonic and Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by destroying the disease germs which infest the system. Herbine is a fine antiperiodic medicine, more effective than the syrupy mixtures that sicken the stomach; because it not only kills the disease germs, but acts effectively in the liver, stomach and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chill. Herbine is a cleansing and invigorating medicine for the whole body.

Price 50c per Bottle.

COMMISSIONER'S SALE.

CRITTENDEN CIRCUIT COURT,
KENTUCKY.

By virtue of various Judgments and Orders of Sale of the Crittenden Circuit Court, rendered at the June Term thereof, 1911, I shall proceed to offer for sale at the Court-house door in Marion to the highest bidder, at PUBLIC AUCTION, on Monday the 14th day of Aug. 1911, at 1 o'clock P. M., or thereabout, (being County Court day,) the following described property, to wit:

Situated in Crittenden county, Kentucky. The first tract consisting of 219 acres, and being the remainder of the W. B. Crider homestead after laying off his widow's homestead or dower, most of this tract is fine bottom land in fine state of cultivation, well improved, abundance of stock water, and well timbered. This tract will be sold on 6 and 12 months time.

Also 106 1/2 acres of land lying near Bells Mines and known as the Stephen Rutherford homestead. This land is in a fine state of cultivation, well improved, well watered. Will sell this land on 6 months' time. The mineral and mineral rights reserved.

For the purchase price the purchaser, with approved security or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be prepared to comply promptly with these terms.

TOBACCO TIDINGS.

BY R. F. WHEELER.

The Plan of Grading.

One of the strongest features of the Stemming District Tobacco Association is its system of grading, altho it is not thoroughly understood even by many of its own members.

A good member said to us not long since that he had but one objection to the Association plan of grading. It was that when tobacco was sold at a round price that graders were hampered in giving in some cases what they thought tobacco was worth for fear that their average would run over the selling price.

Now no such thing has ever occurred, or can occur, under the Association grading plan. In fact the graders are instructed to pay no attention to the average but to stick strictly to their type samples, and let the average take care of itself. That he is expected to give every man all his tobacco is worth and only what it is worth regardless of how it affects his general average.

You may want to know how it

is that the general average of a District never runs over the selling price. That is looked after and well looked after by the General Manager and Supt. of Graders in making up the type samples. So well has this work been done that no trouble has ever been had in this particular.

As soon after growers get cured as it is convenient, samples are collected from every section of each county in the district. These samples are sent in to the Henderson office. They are taken in charge by an expert tobacco man. From them he makes a set of type samples for each factory to be run.

After the samples are finished the members of the district board are called in to inspect them, and see that the type samples for the different factories are all of equal quality.

The same man has been making up these samples every since the Association has been organized, and so well has he done the work that it frequently occurs that members of the District Board cannot select from the number the ones made for their own factories, and out of tobacco grown in their own Counties.

After the type samples are inspected, and approved, the graders are called in and given their instructions by the Gen. Manager.

In substance the instructions are that they shall treat every man exactly alike, and consider nothing but the quality of tobacco offered in setting the price.

Now the fairness of this system is apparent to every one. By it tobacco of the same quality is the same price all over the district. Tobacco that is valued at \$10. at one factory, is \$10. at every other factory. Mean trash that is only \$3. at one is only \$3. at all. It is not graded on the

opinion of the owner for he is an interested party. Not on the opinion of the buyer as some seem to wish, for, in many cases, he buys without seeing it, but only on the judgement of a disinterested man—your own representative—the grader. He inspects every truck load of tobacco received and is better qualified than any one else to judge of its relative value.

To be Continued.

A Clean Salve

Is desirable. Dr. Bell's Antiseptic Salve is a creamy snow white ointment and guaranteed for all skin diseases, such as eczema, salt rheum, chaps, etc. 25 cents

MARION BANK

Marion Bank is organized under the State Bank Law of Ky., and is under the constant supervision of the State government. Not less than four sworn reports must be made each year, and these reports are always called for at unexpected dates. This means daily readiness. These reports must be verified by the State Bank Examiner, whom the State sends here to examine this Bank twice each year at unexpected times. This Bank's funds are protected by a modern burglar-proof steel safe and vault, and are insured against burglary and sneak thieves. Can you not find this security sufficient reason for opening an account with us? Very truly yours,

T. J. YANDELL, Cashier.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

J. B. KEVIL.

Teachers' Institute

Continued from Page 1.

Recess.

The organization of the Teachers' Association in the county, was next attended to. The committee on Resolutions then made their report as follows:

In order to show their appreciation of Instructor Richard's work. The teachers presented him with a gold piece. The presentation speech being made by the County Superintendent.

Adjournment.

FRANCES GRAY, Sec'y

MARY LOU WILBORN, Ass't.

(See Resolutions in Next Week's Paper.)

President Charles Evans of the Oklahoma State Normal Here.

Pres. Charles Evans for eleven years Supt. of City Schools in Marion and for the last six years Superintendent of City Schools at Ardmore, Oklahoma, is visiting Judge Blue and his hosts of other friends of this city.

Hardly a year passes that he does not renew his love and loyalty to the friends of his youth here in Kentucky. Taking hold at Marion just after the erection of its fine graded school building, he organized a system of schools that in a little while under his enthusiastic leadership took rank with the largest cities of the state in scholarship and initiative

Dr. Bell's Pine-Tar-Honey

For Coughs and Colds.

him in this work a faculty of forty-five specialists and the annual enrollment for the last five years has averaged 1650 pupils.

He has just received in the last few days at the hands of his old alma mater, Lebanon University the degree of Master of Arts. He graduated here twenty years ago, and he says it has been one of the greatest pleasures of his life to go back this summer and play boy again and live over the familiar scenes of his boyhood.

His friends here will be glad to know that he has another book ready for the press. It is a work on child study and applies to home and school and even to individual culture. He names it "The School, The Child and The Home." One of the best publishing houses in this country has offered a good royalty and will issue it in the early Fall.

There is something else coming this year as a signal honor to President Evans. His name and service has slipped over the boundaries of the state and becomes national as among the names recorded in biennial edition of "Who's Who" in America, he has a neat biographical sketch.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Mo., boldly accused Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains, and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at J. H. Orme's and Haynes and Taylor's.

FOR SALE.

One gasoline engine, corn burrs, emery stand and stones, large corn sheller, two hole capacity, 35 bushels per hour; cut off saw, scales and belting, good as new. All for \$125.00.

George D. Kemp and Mac Walker, two prominent farmers of Iron Hill were in Marion on business Thursday and were spectators at the institute.

One hundred and forty tickets were sold here Friday morning to Marion and Crittenden County citizens who attended the Providence fair, and an equal number and probably more will attend the Uniontown fair this week.

Among those who accompanied the remains of Mrs. Susan Threlkeld from Tolu, to the new Marion Cemetery, were J. O. Brown, wife and son, Foster Threlkeld and Forest Harris of Tolu, and Mrs. J. A. Farris and son Jake of Salem.

Henry Terry and family, arrived Monday from their home in Sikeston, Missouri, to visit Mrs. Lucy Finley and her daughters, Misses Anna Lou and Mary.

Jas. Alexander Hill, of Chapel Hill, one of our most progressive farmers, has been advertising in the Crittenden Record-Press the merits of his Duroc Jersey Pigs, with the result that he is getting orders from as far as Helena, Ark. He shipped two fine males to Welford White, the son-in-law of D. Woods, last week.

Rev. James F. Price is in a meeting at Round Pond, near Franklin, Ky. The crowds are large, the house scarcely holding them day or night. There have been two professions of faith and two additions to the church and a deepening interest on the part of the unsaved. The meeting will continue till the last of this week when Rev. Price will go to Mt. Lebanon, near Bowling Green, to begin a meeting.

Aged Citizen of Tolu Dead

Mrs. Susanah Threlkeld (the aged relict of Willis Threlkeld, who died many years ago,) passed away of old age at the home of her daughter, Mrs. J. O. Brown at Tolu last Friday, August 4th in her 86th year, she having been born February 16th 1826. She was a sister of the late Colonel Robt. Foster and mother of the late Foster Threlkeld and of Mrs. Clara Brown, wife of J. O. Brown the Tolu commission merchant and wharf-master.

Her remains were brought here and laid to rest in the new cemetery, Saturday afternoon, Rev. Arthur Mather the Methodist minister reading the Presbyterian ritual in the absence of a Southern Presbyterian minister. Mrs. Threlkeld has been a lifelong member of that church. There was a large gathering of old friends of the family at the cemetery to do honor to the dead.

Susanah Foster was born in Oldham county Kentucky, Feb., 16th, 1826, came to Crittenden county Kentucky in 1855, married to Willis Threlkeld on Feb., 26th 1856.

Willis N. Threlkeld died on May 2nd 1864. They had three children, Foster Threlkeld dec'd Ida Threlkeld who died in infancy and Clara Threlkeld, wife of J. O. Brown of Tolu who survives her.

Louisville and St. Louis papers please copy.

Miss Helen Sayre, of Ardmore Oklahoma, who is the guest of friends here has been the recipient of many social favors during her visit. On Tuesday afternoon from 2:30 to 5 o'clock, Mrs. W. M. Saunders entertained in her honor at a 500 party. Refreshments of cake, ices and salted nuts were served and a delightful time was had by those present,—being Misses Helen Sayre, Ruth Flannery, Mamie Haynes, Clara Hammack, Mary Gilbert, Ruth Croft, Lemah James, Virginia Blue, Isabel Guess, Louise Clement, Hazel Pollard and Maude Flannery.

On Tuesday evening from 8:30 to 11 o'clock Miss Lemah James of Kuttawa, who is the guest of her grand-parents, Mr. and Mrs. L. H. James entertained in honor of Miss Helen Sayre.

The handsome residence and spacious yard presented a scene of much gaiety, with the throng of young people, brilliant lights and music, and the guests were loath to depart even when the wee small hours had come. Orange punch, Neapolitan cream and cake were served. The invited guests were, Misses Helen Sayre, Mamie Haynes, Ruth Flannery, Clara Hammack, Mary Gilbert, Mildred Moore, Anna Haynes, Ruth Croft, Virginia Blue, Virginia Towle of Louisville, who is the guest of her aunt, Mrs. T. H. Cochran, Isabelle Guess, Louise Clement, Hazel Pollard and Ula Wheeler. Messrs Earle Clement, Robert Jenkins, Jamie Moore, Douglas Carnahan, George Orme, Russell Browning, of Rosiclare Illinois, Ira Sutherland, Medley Cannan, Hershel Ramage, Galen Dixon, Raymond Olive, Lucian Walker, Carl Frazier, Gray Rochester and Thomas Mather.

Miss Ruth Croft entertained at a five o'clock tea party on Wednesday, August the ninth in honor of Miss Helen Sayre, of Ardmore.

Miss Mamie Haynes will entertain her friends at a party on Friday evening in honor of Miss Helen Sayre, who will be her guest during the latter part of the week.

Home, Sweet Home.

'Mid pleasures and palaces though it may roam,
The place to spend money is right here at home.
Development surely will follow it there
That never occurs when you send it elsewhere.

Home, home, sweet, sweet home;
The place to spend money is right here at home.

An exile from home, you will murmur in vain,
"Oh give me my silver dollar again!"

The smaller percentage that comes at your call
Is surely much better than losing it all.

Home, home, sweet, sweet home;
The place to spend money is right here at home.

Farewell, thou promoter with promise of gain;
My old silver dollar at home shall remain.

The dollar the foolish send often to roam
Shall be used to increase the endearments of home.

Home, home, sweet, sweet home;
The place to spend money is right here at home.

Victory.

"He who, believing, strongly lays his hand
Unto the work that waits for him to do—

Though men should cavil, measures prove untrue,
Friends write their trusted promises on sand,

And failure mock him with its threatening brand,
Still, in the end, he, fearless, shall pursue

Till crack of doom, will find a power which few
Or none with cause less righteous may command.

For conquest is not built on the defeat
Of any man whose aim is human good;

Who fights for justice hath already won,
Before no show of loss shall he retreat;

However, crossed, maligned, misunderstood,
He knows but triumph in the work well done."

Bites of poisonous insects that cause the flesh to swell up must be treated with a healing antiseptic that will counteract the poison and heal the wound. BALLARD'S SNOW LINIMENT answers every requirement in such cases. Price 25c., 50c., and \$1.00 per bottle. Sold by J. H. Orme.

Better Death Than Disgrace of Bath

Chillicothe, O., Aug. 1.—Angry because the county jail authorities had compelled him to take a bath. John Tarsons, a negro, today attempted suicide by cutting his throat with the handle of a rusty tin cup. Tarsons was arrested several days ago. Hygienic reasons demanded that he be given a bath. After the bath had been forcibly given him with a hose, Tarsons told the jailer he was going to "get even."

"I ain't used to this sort of tning," he said, "I'm going to kill myself."

He was found on the floor of his cell with his throat cut but will recover.

Dr. Bell's Pine-Tar-Honey

Is the best for coughs, colds, croup, grip, whooping cough, bronchitis, asthma and all throat and bronchial troubles. Sold everywhere look for the bell on the bottle.

Thirteen Million Flies in Newspaper Office.

Philadelphia, Pa., Aug. 9.—With a total of 2,196,700 flies swatted, giving them a lead of 140,700 over the nearest competitor, Isabelle Kennedy and Anna Burke, girls living near Front and Bainbridge streets, won the first prize of \$25.00 offered by a local paper in the fly swatting contest.

The winner of the second prize, Miles Nickles, of Norristown, swatted 1,956,000. The third prize went to William Ballebach who slaughtered 1,940,000 flies. The total number of flies deposited in the office of the paper reached the enormous figures of 13,325,000.

Sallow complexion comes from bilious impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is HERBINE. It is a fine liver stimulant and bowel regulator. Price 50 cents. Sold by J. H. Orme, Marion, Ky.

Body of Boy Stops Flow Of Wheat In Bins.

Paducah, Ky., Aug. 8.—When workmen at the Empire flour mills at Metropolis, Ill., were sent into the bins today to learn the cause of a stoppage in the flow of wheat, they discovered the body of Jereline Ieman, 13 years old, who had been missing from his home since Saturday.

The boy had been playing about the bins and presumably toppled in, and was smothered to death by the wheat.

An ordinary case of diarrhoea can, as a rule, be cured by a single dose of Chamberlain's Cholera, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all dealers.

Louisiana's First Bale.

New Orleans, La., Aug. 7.—The first bale of Louisiana's new crop of cotton was sold here today for 17 cents a pound. The bale weighed 570 pounds and was produced at Rayne, La. The cotton arrived nine days earlier in the season than the first bale of last year's crop.

Gave Birth to Triplets.

Missouri Woman, Only 19, Is The Mother of Five Children.

Farmington, Mo., Aug. 8.—Mrs. William Knight of Farmington gave birth to triplets, all girls. Weights of the babies were 7, 7 and 5 pounds. Mrs. Knight is now only 19 years old and is the mother of five children.

WHY IT SUCCEEDS

Because It's For One Thing Only. And Marion People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They help sick kidneys.

They are for backache, other kidney ills.

Here is Marion evidence to prove their worth.
Mrs. Emma Weldon, Salem street, Marion, Ky., says: "Kidney trouble annoyed me for five years and greatly affected my health. My back was lame and pained me most of the time. I had headaches and often could hardly see. None of the remedies I tried gave me any benefit until I procured Doan's Kidney Pills at Haynes & Taylor's drug store. The effect of this remedy was marvelous, as in two months I was free from kidney trouble. My only regret is that I did not hear of Doan's Kidney Pills sooner, as they would have spared me much expense and misery."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Fritts-Stacy.

E. D. Fritts and Miss Sadie Stacy, both of Rosiclare, Ill., were married July 21st, at the parsonage of Rev. Otherberry, the officiating minister at Golconda, Ill. They then left for Kentucky and are now visiting their friends in this city and the county. They will return to their home in Rosiclare today when Mr. Fritts has a position with a big flour spar and zinc company.

Wunderhose

FOR MEN

Here's a sock that all men have been looking for.

If you demand trim fitting hose—your own fancy as to weight socks should be—if you have any favorite colors, you will wear Wunderhose to your everlasting satisfaction.

The guarantee feature is especially attractive—there are no darnings because new

are given free for any that punch through heel, toe or sole within four months of their purchase.

It is surely worth an extra premium to be insured against such an annoyance, and yet the price carries no penalty for this extra service.

Taylor & Cannon
SOLE AGENTS

WHAT IS THE MATTER WITH THE CHURCH?

REV. E. P. MARVIN.
Lockport, N. Y.

The late New York Synod says: "During the past twenty years there have been few revivals. Thousands of dollars have been expended; great choruses have been organized; thousands of cups have been signed, the largest halls could not contain the crowds, but there have been few genuine revivals; scores and hundreds have united with certain churches, but in the course of two years, very few of the so-called converted people could be found. There was no increase in church attendance, the prayer meetings were no longer, the spiritual condition of the church no better, so far as human eyes could see."

As Christ twice cleansed the temple, and as the reformers of the sixteenth century purged the doctrine and worship of the church, so now the professing church should be called upon with trumpet tones to put away her accumulating abominations, and bring in the original apostolic doctrines and practices. Let us mark some of these which engender apostasy.

Men of the pulpit, put away your literary, polished, man-pleasing pulpit essaying and destructive criticism, and preach the gospel as the apostles did with the Holy Ghost sent down from on high and with compelling power. Be wise, win souls. God wants holy men more than brainy men in the pulpit. Do not preach a denatured gospel of evolution, void of the supernatural.

"I Am Well"

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

E 55
Take CARDUI

The Woman's Tonic

A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

Do not fear of being "a back number," truth is eternal. Reject and resist many popular fads. Do not preach your doubts, nor preach at all until you get rid of them. Some say there is less gospel preached today than fifty years ago. Do not make your church simply an academic institute or a slaughter house of faith. Preach a heaven to gain and a hell to shun, hope and fear. You are not simply to reform and moralize, nor to seek flattering titles.

Put away your novel reading for Bible reading, and quit your rehash of fiction and the drama in the pulpit; be what your vocation calls for, gospel specialists, beseeching sinners to be reconciled to God. Study the gospel prayerfully and it will grow upon you. Cut away false charity, advance to the firing line and contend earnestly for the faith once for all delivered to the saints. Liberal mathematics will wreck a bank and liberal theology a soul. Preach ruin and redemption and beseech sinners in Christ's stead to be reconciled to God.

Put away your vain, artistic musical performances, designed for entertainment rather than worship. Let ungodly choirs quit shouting lies to heaven, and let all the people praise God with heart and voice. Warn sinners or they will perish and their blood will be on you. New theology will not make new men. We do not want sleepy service and "quiet talks" in the pulpit. Preach Christ crucified, not merely for social betterment, but for salvation from sin and hell. Christ wept and Paul wept in this life and death mission. The frivolity of the church in social functions, is due in part to a lack of seriousness and earnestness in the pulpit. Never preach the gospel in cold blood, but "shake your heart out at them." Break the affinity of the church with the world. Dry eyes and hard hearts are too common in the pulpit. A swelled heart is better than a swelled head.

Put away crude amateur liturgies, with scrappy music, which are poor imitations of classical and reverential worship, appealing to the senses, and bring in simplicity and spirituality of worship; with reading and pulpit exposition, like that of Ezra on the pulpit of wood, instead of responsive confusion. Preaching is the royal ordinance; let it not be belittled by brevity, and the truth should be baptized with fire. Do not bait to church by some special attraction in the pulpit, or the music gallery, but preach repentance and faith, and do not let Christ stand knocking at the door to join the church.

Put away cowardice and prevarication, have fellowship with the sufferings of Christ, and if you are broad-gauge and up-to-date in the apostasy, have the common honesty to leave the orthodox church. If you prefer popular error to unpopular truth, leave the pulpit. Do not practice the shallow dodge, that worldly amusements should be left to "private judgment."

The gospel is not all sweetness and light. You cannot compete successfully with the world in dramatic entertainments, and the young people you draw by such means do not stay. When you make the church a Bureau of amusements or social club, your gospel appears a "Huge Joke" and sinners perish.

Men of the pews, put away your carnality, pleasure-loving, and demand for pulpit entertainment instead of salvation, and seek edification and holiness, without which no man shall see the Lord. Test your pastor by the Word, like the Bereans. If he is creedless, a theological aviator, or a mere social reformer, put him out. Creeds are seeds of genuine spiritual service and salvation. Study your Bibles and if your pastor omits essential truths, reject him. Christ told the church not to seek wealth, fame or pleasure. It is often enervated by worldly prosperity.

It requires great faith to overcome our modern rich, luxurious and fascinating world, but civilization without Christianity will not.

Put away your perversion of religious joy to carnal frivolity, playing at religion. Ecclesiastical frivolity is a caricature of true Christianity. Quit flirting with the world. Take on an earnest Christian life, and do not think you must become a little worldly to catch worldlings; you cannot live a Christian life in court society. Be radical and amiable, uncompromising and wise. Gather often together to cultivate the spiritual rather than the social element. We are not religious dilettantes playing at religion. Break loose from vain worldly functions. Away with the amusement heresy and cooking stove apostasy. Put away all compromises with the world. Let your duty to the church supersede all social functions.

Put away your unbleat, cumbersome and frictional machinery of Christless, worldly clubs, lodges and trumpery societies, each one of which must have its fling, not anointed by the Holy Spirit; and let the church be a consolidated body, animated by the Holy Spirit with motive power for the great commission business, and supreme anxiety for souls. God organized the church, not as a confederacy of societies, but a consolidated body, with the

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free trial bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago, and Mrs. Mary Belford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet contains tonic properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, 1340 Caldwell building, Monticello, Ill.

maximum of power and minimum of machinery. Beware of the current craze of pleasure loving organization. Be neither luxurious nor ascetic. Give your dramatic and merchandising made a well earned rest. Our true motto is not, "Let us eat and drink for tomorrow we die." If the church will not live by free-will offerings, let it die.

Put away your multiplied ecclesiastical celebrations and worldly fetes, designed to jolly the world, cheating the Lord out of his day, and offering religion on the easiest terms. Do not close up the church in summer for "outings" that give the devil his "innings." We need a better church rather than a larger one, and martyr-kills might help this. Gideon's three hundred could do a great work. Woe unto you if you do not sometimes make a row with the world.

Do not rob the Lord of his holy day, by observing all sort of worldly celebration days, that are multiplying in the church.

Put away the caterer, merchandiser and merry-andrew, with their culinary clatter and dramatic razzle, from our sacred courts, and everything else not taught or implied by Christ and the apostles. Let there be less feasting and fun, and more fasting and prayer. Postprandial prattling does not edify saints or please God. Do not be retired Christian, but militant. You are sent as a society of soul winners. Bring in all that properly belongs to an apostolic church, then go ahead in earnest, with faith in God, and in the old and only gospel for saving lost men. The Bible is your check book.

We are a spectacle to God, angels and men, in these last times. The church can not be spiritually revived, and it can not make true progress while these

evils remain it. Mark it, that while these things continue to prevail in the churches, the results of revival work, even by our best evangelists, will continue to be "meager and disappointing."

Western Recorder, July, 13th 1911

Fretful babies need the comforting effect of McGEE'S BABY ELIXIR. It quiets feverishness, corrects sour stomach, cures colic pains and checks diarrhoea. It is a perfectly safe and wholesome remedy containing no opium, morphine or injurious drug of any kind. Price 25c and 50c., per bottle. Sold by Jas. A. Orme, Marion, Ky.

Navigation Being Retarded.

Evansville, Ind., August 8.—Steamboats all along the lower Ohio and Green rivers are having a great deal of trouble with the low water, and many boats have gone aground during the past week. For several days the steamer Tarcon, that plies between here and Louisville, was fast on a sandbar at Lewisport, Ky.

It is understood the Louisville and Evansville Transportation Company is planning to place several low-water boats in the Louisville and Evansville trade. Navigation on the Wabash river has been suspended for several days. Many boats between this city and Paducah, Ky., have had no end of trouble in making their trips during the past week.

Mysteriously Killed.

San Antonio, Tex., Aug. 8.—John L. Ricketts, cook of company E, 22nd Infantry, was found dead in his bed in the barracks yesterday.

His death is somewhat of a mystery, the doctors reporting it was due to phenol poisoning, but no vial or package that might have contained a drug could be found among Ricketts' effects. Ricketts was 37 years old and enlisted from Kentucky.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by Haynes & Taylor and J. H. Orme.

Lockyear's

BUSINESS COLLEGE
Evansville, Ind.

EX-LIEUTENANT GOVERNOR DIES.

Hickman, Ky., Aug. 9.—A telegram was received Sunday announcing the death of R. T. Tyler of this city, which occurred in Toronto, Canada. Mr. Tyler was a retired lawyer and financier. He was one time Lieutenant Governor.

He was identified in many business enterprises and was one of the wealthiest men in Western Kentucky.

The remains arrived here Wednesday.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and BAL-LARD'S SNOW LINIMENT applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c., 50c., and \$1.00 per bottle. Sold by J. H. Orme, Marion, Ky.

Awakes After 105 Days.

Vandalia, Ill., Aug. 7.—After sleeping continuously for 105 days Miss Hazel Schmidt, the 18 year old girl whose strange case has puzzled physicians for weeks, was awake for five hours today and ate three meals.

She said she felt no ill effects from the slumber. Attending physicians say the girl's trance is broken and that she soon will be herself again.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply, strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." The make rich, red blood, strong nerver and build up your health. Try them. 50 cents at J. H. Orme's and Haynes & Taylor's.

Seeding Alfalfa.

The Kentucky farmers Institute says that alfalfa is best seeded in August or September, but before seeding the seed bed should be persistently worked, and thoroughly prepared. If the soil is acid or sour, it should be sweetened through the application of air slacked lime or finely ground lime stone.

If the field is well worn a liberal dressing of nature will act as an insurance against probably failure. Disc the surface of the unplowed land, after dressing with nature, until a mulch of

loose soil is on the surface. Plow to a depth of six inches or deeper, and immediately disc and harrow, roll and drag until you have a seed bed fit to sow onion seed in. Then apply your lime or limestone and again harrow. This should provide an environment of alfalfa seed, which, with one addition, will not only supply the factors necessary for germination but for rapid growth and development as well.

The remaining requisite, at least on most soils of the state, is inoculating with the nitrogen gathering bacteria that use the alfalfa as a host plant. This may be applied when the seed is being sown, if you use a drill for sowing, or it may be applied broadcast either immediately before, or immediately after the sowing. In either instance when sowed broadcast it should be harrowed in at once. To secure the inoculating bacteria, take the surface soil from the established alfalfa field or from under thrifty sweet clover plants, and scatter this soil over the field, remember however, to harrow immediately after sowing the inoculating soil.

In seeding alfalfa, sow either with a drill or broadcast, from ten to twenty pounds of seed per acre. If the seed is tested, and germinates strongly a less quantity may be sown, especially when the drill is used. Seeding should place the seed not over one and a half inches below the surface.

OUR ALFALFA OFFER.

Every farmer who fails to read our alfalfa offer in another part of this paper loses money! We offer absolutely free of charge, enough alfalfa seed to sow one-tenth of an acre. Each package of seed contains printed instructions on how to prepare the ground, sow the seed and care for the plants till they are established. Read our offer and send in your order today.

A King Who Left Home

set the world to talking, but Paul Mathulka, of Buffalo, N. Y., says he always KEEPS AT HOME the King of all Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25 cents at J. H. Orme's and Haynes & Taylor's, Marion, Ky.

Little Red Shoes.

There's a hole in the toe
And there're battered and worn,
A button is missing,
The red is 'most gone,
Yet I know of few things
That I hold half as dear
As the Little Red Shoes
On my high chandelier.

The hole in the toe
Was the special delight
Of the wee one who wore then
So bonnie and bright;
So I treasure them now
And hang them above
For the sake of the wee one.
My dear little love.

They talk to me often,
Those Little Red Shoes,
And tell of high revels,
Gay laughter, soft coos,
And many a frolic
Joined in by us all
For the sake of the wee one
Who held us in thrall.

They 'mind me of walks
Through nursery and hall
To search for the moon
Or to play hide and call;
Of long, tender twilights
When sleepy dark eyes
Watched for the Sandman
To low lullabys.

There's a hole in the toe
And they're battered and worn,
A button is missing,
The red is 'most gone,
Yet I know of few things
That I hold half as dear
As the Little Red Shoes
On my high chandelier.

Princeton Leader Items.

Mrs. Mollie Dulaney, of Fredonia, came up to Princeton yesterday.

Dr. W. B. Moore, of Crider, passed through the city Wednesday enroute to the Webster Co. fair, at Providence.

Jas. Kevil, of Lake Village, Ark., arrived in the city Wednesday, when he returned home accompanied by his wife and children, who have been the guests for two weeks of Mr. and Mrs. M. R. Kevil.

Breeders of fine horses prefer BALDARD'S SNOW LINIMENT for all cuts, wounds or sores on their stock, because it acts mildly and quickly and heals an ordinary wound without a scar. Price .5c., 50c., and \$1.00 per bottle. Sold by J. H. Orme.

Alligator Ate Child.

Forsyth, Ga.—The finding of a valuable gold watch and chain in the stomach of a large alligator which died in a pond near here is believed to solve the mysterious disappearance of 12-year-old Janet Thornton from the home of her parents at Island Grove, Fla., two years ago.

The alligator was captured near Island Grove some weeks after the girl disappeared, and was brought to this place by J. M. Jackson. When last seen the little girl was standing on the bank of the lake where Jackson captured the alligator, and she was wearing at the time a gold watch with her initials engraved on the back. The same initials are on the back of the watch discovered inside the alligator.

It is believed by Jackson and others that while the girl was playing on the banks of the lake the alligator came up on the bank and devoured her. The parents of the girl have been notified and the watch will be returned to them.

From Shawneetown News-Gleaner.

George Fortman, one of Shawneetown's peaceable and law-abiding negroes, was arrested on the L. & N. train just before it pulled into Eldorado last Friday night for taking a drink of whiskey on the train and turned

For First Class Barber Work SEE Metz & Myers
Opposite Postoffice
Marion, Ky.

over to the authorities at Eldorado for safe keeping and punishment. Fortman did not deny taking the drink but states that he was ignorant of the new law and that he saw other men drinking on the train and thought he could do so too without being arrested. He was locked up in Eldorado and plead guilty the next morning and was fined \$25 and costs, amounting to \$58.00. Fortman succeeded in getting parties to sign his bond and came home Saturday. He has paid half of the fine and says he will pay the other half in the near future.

Sutherland's Eagle Eye Salve

is a creamy snow white ointment put up in air tight screw cap tubes. Will cure any case of sore eyes and will not injure eyes of a babe. Sold everywhere 25 cents.

Obtaining Money by Fraud.

Chicago, Ill., Aug. 4.—William H. Prince, who the police say is wanted in Shreveport, La., on the charge of obtaining \$30,000 or \$40,000 by false pretenses, was arrested here last night. The arrest was made after Sheriff J. P. Flournoy, of Shreveport, had notified the Chicago police that Prince was wanted for the alleged swindling of L. M. Howard and forty others of that place. Prince is an official of the Mutual Advertising & Manufacturing Company, and is said to have effected swindles by means of selling unlawful "exclusive sale rights" throughout Kentucky.

We Guarantee Every Box

of Dr. Bell's Antiseptic Salve to do what we claim. Try it for ulcers, boils, running sores, tetter, ringworms, eczema, salt rheum, fever sores, cuts, bruises, pimples, black heads, chaps, felons, burns, or any skin disease. 25 cents a box.

Ed Moore Buys Out His Partner.

(Madisonville Hustler.)
A deal was closed Monday whereby Ed Moore purchased the interest of Harry D. Bourland, of Evansville, in the hardware store known as Bourland & Moore.

These two men entered into business together fourteen years ago. Mr. Bourland has never been actively engaged in the business, and moved to Evansville shortly after the partnership was formed, but retained his interest in the store. He is engaged in the wholesale paint and glass business in Evansville. Mr. Moore has had charge of the business for fourteen years and has placed it among the lists of leading hardware stores in Western Kentucky.

Mr. Bourland was in the city Monday, and while here the deal

was closed whereby he disposed of his interest.

The consideration was private.

WANTED CORN

Until further notice we will give 60cts. for white corn shucked and delivered at our mill.
MARION MILLING CO.

Florida Advertisement

From J. W. Bigham.

Jacksonville, Fla., July 31, 1911.
To my many friends in Crittenden County, Ky.

I herewith send greetings and anticipate great pleasure in meeting my dear friends of other days upon the occasion of my visit to Marion about August 15, I shall attend and preach at the camp-meeting, to be held August 17, at Hampton, Ky. While I write the breezes from the great ocean, refresh and invigorate me laden as they are with health and the breath of flowers. Sleep is so refreshing here, with a sheet and a quilt to keep out the chill of these splendid summer nights. While I read of intolerable heat and many deaths from sunstroke in places throughout the North. The splendid crops of vegetables long since marketed have brought plenty and prosperity to our diligent farmers and the splendid crops of corn now maturing, oceans of Taters and acres of sugar cane, while the groves are bending under the weight of oranges, grape fruit, limes and lemons, not to mention the great pear crop, fill the land with plenty and tempts northern men to escape the heat of summer, and the cold of winter and fly for refuge to the warm and waiting bosom of prosperous Florida.

I will be pleased to give information as to soil, climate, business society and other attractions of this great state.

Persons desiring to see me can do so at Marion August the 15 and 16 and during my stay at Hampton, Ky., from August 17 to the 30th.

My best wishes,
J. W. Bigham.
