Home Long Distance Lines Extended Into

New Territory

The Home Long Distance Lines have for sometime reached most of the points in Kentucky, Indiana, Ohio and a great many in Illinois.

New lines have just been completed between Paducah and Cairo. This will place the Home Telephone Company in position to render its patrons an up-to date, rapid fire service to the following places, and at the following rates:

| | |
|-------------------------|-----|
| Marion to Belknap, Ill. | 55c |
| " " Cairo, Ill. | 40c |
| " " Grand Chain | 50c |
| " " Levings, Ill. | 50c |
| " " Mounds, Ill. | 50c |
| " " Mound City | 50c |
| " " Olmstead, Ill. | 50c |
| " " Pulaski, Ill. | 50c |
| " " Ullian, Ill. | 50c |
| " " Vienna, Ill. | 55c |
| " " Villa Ridge, Ill. | 50c |

The Home Long Distance Lines are being rapidly extended in other directions and at an early date announcements will be made of the opening up of service to other important towns. Give this service a trial. You will find it satisfactory in every respect and superior to any other service.

CHIEF JUSTICE

John Marshall Harlan Joins The Silent Hosts

GRAND OLD MAN OF SUPREME COURT EXPIRED SATURDAY MORNING.

Washington, Oct. 14.—John Marshall Harlan, the grand old man of the Supreme court, died in a peaceful sleep at 8:15 this a. m. Only the famous peace justice, John Marshall, for whom he was named, served longer on the bench than he, and if Harlan had lived until next spring he would have gained his highest ambition by attaining the greatest record for continual service. Last spring when he went to Canada for his vacation he found that his usual strength was not in evidence. He gradually appeared to weaken but there was no sign of disease. When he returned here two weeks ago he was in good health in every way except for the increasing weakness and this was the explanation given by his physicians for the severe attack of Bronchitis which began last Tuesday. He became unconscious last evening, but seemed to rest peacefully throughout the night. By his bedside when he died were his wife and two daughters, Justice Harlan was 78 years of age.

John Marshall Harlan, a son of James Harlan, a state pioneer, who was born in 1800 and died in 1853, was a native of Boyle

county, this state, and was born June 1, 1833. His early life was spent as was the lives of the boys of that period, but he was ambitious for a career as a lawyer and his father encouraged him in the idea. After receiving a good lower school education he entered the Transylvania University in Lexington and graduated in law therefrom in 1853, when just 20 years old.

He at once took up his profession and soon was elected a judge in Franklin county, where he had settled. He entered the volunteer service during the war of the states and early thereafter was made attorney-general of the state, serving in his capacity from 1863 to 1867. His career as a lawyer was most creditable, but he aspired also to elevation in politics and in 1871 and in 1875 again made the race for governor, but both times was defeated. On Nov. 29, 1877, to the delight of the people of the state, he was named as a justice on the supreme bench of the U. S. and up to his death served the country in that capacity, as chief justice winning much praise from all benches and all learned lawyers. He succeeded Justice David Davis on the bench. No man who ever filled the office of chief justice did so with more credit than Justice Harlan and he will go down in history as one of the court's most distinguished members.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on the organ; to clean it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

TIDAL WAVE

Sweeps Over Mexican City and Whole Town Destroyed by Inrush of Water.

Mexico City, Oct. 15.—Creditable reports here say that Guaymas, a town of 30,000 population on the Gulf of California in the State of Sonora, has been destroyed by a cloudburst and Tidal wave.

The southern Pacific offices here admit they have been unable to get wire communication with Guaymas for four days.

There is a big American colony at Guaymas. The storm is said to have the heaviest Sonora has ever experienced. The Southern Pacific tracks were washed out in many places, bridges were washed away along the Yaqui river, and traffic south of Em-dalme has been interrupted for a week.

Eighteen Reported Dead.

Nogales, Ariz., Oct. 17.—Delayed advices were received today that eighteen persons were killed by the storm which swept the western coast of Sonora, Mexico, a week ago today. Many more were missing.

Rosalia, with 5,000 people, has been for five days without water except in scant supply sent irregularly from Guaymas. One mining property suffered damage estimated at \$2,000,000. Food supplies are short in and about Guaymas and Rosalia.

ELOPED SUNDAY

Prominent Young Couple Elope to Elizabethtown, Ill., and Get Married.

Last Sunday morning when mutual friends saw Carey Henry and Miss Katie Stephenson drive out of town "to attend the W. O. W. Meeting at Evansville," (having missed the train) they thought it was rather a long drive, but could see by the merry twinkle in each of their eyes that they did not care for the distance, but they did not understand why Carey took the Elizabethtown, Ill., road.

Later (?) in the day it dawned on them that the trip really meant a wedding, and sure enough they were married while in the Illinois Gretna. They returned here Sunday night and went at once to the home of the groom's father, Rev. J. S. Henry. The bride has grown up here and is an attractive young woman of sweet and winsome manner. She is a daughter of

Mr. and Mrs. Rush Stephenson, of east Depot street, and is a granddaughter of Rev. W. R. Gibbs, a minister of Sheridan, and until recently held a position in Haynes' Post Card Agency. The groom is employed at the Henry Bros. tomb stone and monument agency and is well liked.

We hope the cloud, which sickness in the groom's family occasions, at the outset will soon lift and show a silver lining to these deserving young people and that they may be blessed in their future life and in all their undertakings.

THE 20th KENTUCKY VOLUNTEER INFANTRY

An Interesting War Record by F.
S. Loyd, of Fredonia, Lieuten-
ant Company H.

(Continued from Last Issue)
Monday August 8th. Moved
at 12 o'clock to the right, built
works and did not get them fin-
ished until we were ordered to
move forward and charge the
Rebels and drove them two miles,
taking their skirmish pits and
one line of their works which we
held until dark. Our troops fell
back and built breastworks, work-
ing all night. Rained all even-
ing; men wet and sleepy and ra-
tions short. Sergeant Major C.
T. Kelley wounded in the head.
Very warm day.

Tuesday August 9th. Receiv-
ed orders to move in a moment's
warning. At 1 o'clock we were
ordered to charge the enemy. Or-
dered to leave everything in camp
except guns and ammunition. We
commenced the charge, drove the
enemy about a mile before we
were ordered to build breast-
works. Did not get them done
until we were ordered to take an-
other hill in our front, which we
did and laid on our arms expect-
ing a charge from the Rebels but
they did not come. We were or-
dered to build breastworks, and
worked all night. Rained very
hard all evening.

Wednesday August 10th. Laid
in camp all day. No fighting ex-
cept skirmishing. Elisha Boister,
Co. D, killed, ball taking effect
in the back. Corporal Henry
Waddill, Co. D, wounded in the
head, ball taking effect in right
eye and went out on back of his
head. Sergeant Stephen Wood-
ruff, Co. F, wounded in the left
leg, broke it so it had to be am-
putated. Rain in the evening.
No cannonading today.

Thursday August 11th, laid in
camp all day. No fighting going
on of any consequence. Co. H
was out on picket. Heavy can-
nonading and fighting about 11
o'clock in the night. Rain in the
evening; very warm.

Friday August 12th, laid in
camp all day. Heavy skirmish-
ing going on in our front. Jas.
Tabor, Co. D, wounded. Ser-
geant Myers, Co. G, killed; Ser-
geant Mark wounded in left arm;
Sergeant B. F. Young and Sol
Chambles sent to hospital. Some
shells fell in our camp. Rain in
the evening.

Saturday August 13th, laid in
camp all day. No fighting going
on except skirmishing. Dan Fo-
lia, Co. F, wounded in the hand;

Pale Faces

Pale-faced, weak, and
shaky women—who suffer
every day with womanly
weakness—need the help
of a gentle tonic, with
a building action on the
womanly system. If you are
weak—you need Cardui,
the woman's tonic, because
Cardui will act directly on
the cause of your trouble.
Cardui has a record of
more than 50 years of
success. It must be good.

years. When I began to
take Cardui, my back hurt
awfully. I only weighed
99 pounds. Not long after,
I weighed 115. Now, I
do all my work, and am
in good health." Begin
taking Cardui, today.

Cal Akers, Co. D, died. Very
warm; moon shines bright at
night.

Sunday August 14th, laid in
camp all day. No casualties in
our regiment today. Very warm.
All quiet in front.

Monday August 15th, laid in
camp all day. No fighting except
picket fight. Sol Chambles, Co.
H, died in hospital. Rain in the
evening.

Tuesday August 16th, laid in
camp all day. No fighting ex-
cept skirmishing with the pickets;
no casualties in our regiment to-
day. Details of 60 men made to
work on the fortifications today.
Beautiful weather. Moon shines
bright.

Wednesday August 17th, still
laid in camp all day. Details of
60 men from our regiment at a
time to work on the works, day
and night. No fighting except
pickets skirmishing. No casual-
ties in our regiment today. Very
warm, bright moonlight nights.

Thursday August 18th, still in
camp but have orders to be ready
to move at a moment's warning,
did not move. Heavy shelling all
day; commenced early in the
morning and continued all day.
Gen. Cox moved up his line,
skirmishing all along the line.
We expected a hard fought battle
every moment; looked for a
charge all day.

Friday August 19th. At eight
o'clock we received orders to
move and leave everything in
camp under a light guard; take
no tents down; moved off to the
right and occupied Gen. Cox's
works while he went out to the
At 3 o'clock the Rebels opened
with seven pieces of artillery on
us. They blew up one of our
right to make a demonstration.
Heavy engagement on the left,
the heaviest cannonading I ever heard
canons that belonged to the 6th
Michigan battery and destroyed
it altogether. Only one man
wounded. Very warm in the
evening. We had a very hard
rain at 7 o'clock. Marched back
to our camp and took our posi-
tions in our works and remained
all night.

Saturday August 20th, my com-
pany was ordered to go on picket,
and at 4 o'clock a. m. went out
and remained all day. Our reg-
iment was ordered to the right
to occupy the same works we did
the day before. Heavy cannon-
ading on our right. Our men
out the Montgomery railroad and
returned to camp, and we return-
ed to ours. Rained slowly all
day. Heavy cannonading all
night.

Sunday August 21st, still laid
in camp. Our pickets and the
Rebs have an armistice; would talk
to each other, swap coffee for to-
bacco. No fighting today. Very
warm in the morning; rain in the
evening.

Monday August 22nd, still laid
in camp. Pickets agreed not to

fire on each other. Some cannon-
ading on our left. Pleasant cool
morning; rain in the evening.

Thursday August 23d, still laid
in camp; no skirmishing going on.
Heavy cannonading on our left.
All quiet in our front. Our men
would meet the Rebels on half way
ground, leaving their arms, and
talk and trade all day. Nice
weather; some rain in the even-
ing.

Wednesday August 24th. Still
laid in camp all day; no fighting
in our front. A few shells passed
over our regiment but did not
hurt any one. One man killed
and six wounded in the 123rd In-
diana. Very warm today.

Thursday August 25th, still in
camp all day. No cannonading
of any consequence. Sergeant T.
J. Pitant, Co. D, 20th Ky., wound-
ed in left hand; F. M. Benton of
Co. H, 20th Ky., sent to hospital
with erysipelas in left leg. Very
warm. Our baggage sent to
wagon.

Friday August 26th, laid in
camp until 4 o'clock when we
were ordered to move to the right
and build breastworks. Left ev-
erything in camp and returned
about eight o'clock. Rained very
hard in the evening. Phillip
Hallio, Co. H, wounded on skirm-
ish line. Very warm. Heavy
cannonading on our left.

Julius Fohs Writes
Entertainingly on
Hardin County Ky., Minerals.

(Elizabethtown News.)

Mr. F. Julius Fohs, a repre-
sentative of the Kentucky Geo-
logical Survey, has been in Eliz-
abethtown for a week, making
an inspection of the natural re-
sources of the county in this vi-
cinity.

The department of which Prof
Norwood is director, is conduct-
ing an investigation of resources
adjacent to railroads, and in a
bulletin will cover the results ob-
tained. When asked concerning
the resources of this county, Mr.
Fohs made the following state-
ment:

"You have the finest of white
oolitic limestone, the equal of
the famous Bedford stone for
building purposes and this
twelve miles nearer Louisville
markets. This stone is at pre-
sent used only for burning lime
here, it being of fine quality.
This stone when used in conjunc-
tion with certain clays of the vi-
cinity would make fine Portland
cement. The same limestone
when ground fine would besplen-
did for neutralizing the acidity
of the soils, and as nearly all the
soils of the county would be ben-
efited, especially those of the
eastern and more sandy portions
(and it is also needed badly in
the counties immediately to the
east) a plant for its grinding
should prove of great value. The
use of such lime in connection
with the orchards should prove
very helpful. This same lime-
stone may be used with the
glass sand occurring in this vi-
cinity in the manufacture of
glass and lead to the establish-
ment of such an industry here.

The sand is also of value as a
moulding sand and for other
purposes. The honestone quar-
ried six miles north of town is
one of the stones on the market
for polishing metals, etc. Some
lithographic stone is also found.
There is an abundance of good
limestone for road metal, ballast,
concrete, etc. There are clays
and shales suitable for terra cot-
ta, drain tile, sewer pipe, com-
mon and face brick, etc. It is
thought that further investiga-
tion, properly directed, may yet
show oil or gas in certain por-
tions of the county. No gold,
silver, iron, or other metals are
to be expected in commercial
quantity. The snow white min-
eral filling pockets in the lime-
stone in the vicinity of Tunnel
Hill is gypsum (which upon burn-
ing becomes plaster of paris,) but this does not occur in quan-
ty."

New Steamship Line.

The Austro-American Steamship Co. has established a line of fast passenger and cargo vessels between Trieste, Austria, and South American countries. These vessels call at Patras, and so establish a direct and fast communication between Greece and South America, writes Consul Cooke.

These vessels call at Rio de Janeiro, Santos, Montevideo, with ultimate destination at Buenos Aires. Six sailings of these vessels are scheduled from Patras for the current year; twelve sailings for 1912, and ultimately 24 sailings per year.

The ships are carrying a considerable number of passengers, mostly deck passengers outward bound. The commerce handled by this line is growing rapidly.

Order of Election.

Crittenden County Court, Special Term, September 4, 1911. Present and Presiding J. W. Blue, Jr., Judge.

Order of Election.

Whereas, a vacancy has occurred in the office of the County Surveyor, of Crittenden County, Kentucky, on account of the resignation of Hon. Jas. E. Sullenger, County Surveyor of Crittenden County, and whereas, the unexpired term will not end at the next annual election in said County of Crittenden, at which either City, Town, County, District or State officers are to be elected, viz: at the regular annual election to be held on Tuesday, the 7 day of November, 1911, and whereas, said vacancy in the office of County Surveyor for Crittenden County occurred more than three months before the next regular succeeding annual election, at which time either City, Town, County, District or State officers are to be elected, and whereas, said vacancy has been filled by the appointment of Hon. L. A. LaRue,

as County Surveyor, until said election; and whereas, under the law in such cases, made and provided, it will be necessary to hold an election in Crittenden County, for the purpose of filling the vacancy in the office of County Surveyor, for said County, for the remainder of the term.

It is therefore ordered that an election be held at the various voting or election precincts, in Crittenden County, Kentucky, at the regular annual election to be held on Tuesday, the 7th day of November, 1911, for the purpose of electing a County Surveyor, for said County, to serve during the remainder of the present term; and Joel A. C. Pickens, Sheriff of said County, is ordered and directed to give notice of said election by advertisements posted at the Court House door and the several places of voting in said County, and printed in some newspaper printed in the County, if there be any, for at least eight days before the election.

Given under my hand as Clerk of the Crittenden County Court, this 4th day of September, 1911. L. E. GUESS, Clerk.

A Copy Attest: L. E. Guess, Clk.

NOTICE.

In pursuance to the above and foregoing order I am directed to hold an election in each voting precinct in Crittenden County, Ky., on the 7th day of November, 1911, that being the regular election day for Crittenden County, Ky., for the purpose of electing a county surveyor for Crittenden County. Oct. 9, 1911.

"Put Us Off At Marion."

Circular letters have been mailed to all the teachers in western Kentucky by Prof. J. E. Lane, of Wickliffe, president, and Prof. J. A. Carnegie, secretary of the First District Educational association. The letters will arouse interest in the annual meeting of the association which will be held in Marion December 1 and 2. A slogan of "Put Us Off at Marion" has been adopted. It is expected that the largest attendance in the history of the association will be present. Looking toward this a special train has been secured from Cairo via Fulton to Paducah and on to Marion, and low rates secured for the round trip.

AWAKENING OF LYON

Our Neighbors at Work.
Moving For Better Roads.

The citizens of Eddyville and Kuttawa, sister towns in Lyon county, got together a few days ago to discuss the good roads proposition. They agreed upon a programme which promises to result in marked improvement in highway conditions in Lyon county.

To begin with, it was decided to build four miles of good road between Eddyville and Kuttawa. The sentiment of the meeting was not satisfied with that commendable undertaking. The citizens did not want Eddyville and Kuttawa to have a monopoly of road building enthusiasm and they formulated a plan to get the entire county stirred up on the subject. It was determined to set apart four days, Oct. 16, 17, 18, and 19, for road working and to endeavor to interest everybody in the work. To that end it was decided to hold a good roads meeting at every school house in the county. These gatherings were to have been held Saturday night and two or more speakers were detailed to attend each meeting. The people of Eddyville and Kuttawa propose to aid the movement to improve the country thoroughfares and will devote four days' work thereto, or its equivalent in cash, aside from the building of the road between the two towns.

Lyon county also is interested in the Jefferson Davis highway and has subscribed liberally through her fiscal court and by private donations, to secure that notable thoroughfare. Should "road week" prove to be a success the county will have done itself infinite credit and will have given a powerful "boost" to the good roads cause in Western Kentucky. Lyon is a small county, but her citizens are taking hold of the road problem in a way that bids fair to bring results which will make some of the larger counties ashamed of themselves. —Courier Journal, Oct. 10th, 1911.

"SIS PERKINS" is a happy combination of rattling good comedy and thrilling dramatic scenes. It is built up of the material that appeals to theatregoers who admire the simple virtues. The villain can always be relied on to merit the honest hatred of his audience and the comedians have iron-bound contracts with the audience which guarantees a laugh every thirty seconds. The play admits of novel scenic effects and the company presenting it, has a well-established reputation for capable work.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

Submerged City

On Suffolk's Coast

The Bells of Dunwich.

On the Suffolk coast the sea has been encroaching for centuries upon the land. At Thorpeness, Aldeburgh, recently no less than 1,000,000 tons of sand were washed away, and a row of bungalows which until lately were 100 yards away from the sea now stand only a few feet from the high-water mark, says an exchange.

The coast of Suffolk is one of great antiquarian interest. Standing on the beach at night, so runs a local legend, the bells of submerged churches can be heard ringing their peals under the waves. They are said to be the bells of Dunwich, which now is little more than a village, but which was once a large and populous city.

It is said to have possessed no less than six churches, in addition to many public buildings. It is a historic fact that there were in old times fifteen bishops of Dunwich in succession. King Sigebert, King of East Anglia, built himself a palace here and erected a cathedral.

When the high tide spoken of above receded, taking with it so large a portion of shore sand, it uncovered hundreds of coins of gold, silver and bronze, anique bronze rings and ornaments and the bronze clasp of an old bag bearing a silver inscription, said by an expert to belong to the age of King John.

One lonely ruin of a church still remains to tell the past history of this city; the rest of it perished in the waves. A little rose adorns the shore, called the Dunwich rose. According to tradition this was brought by the monks of East Anglia to England more than 1,400 years ago.

The Committee to let the keeping of the County Poor House, will receive sealed bids until Oct. 23rd, (fourth Monday) 1911. The names of surety to be offered by bidders, must accompany their bids.

There is more effort, more steadfastness, involved in a diligent attention to little duties than appears at first sight, and that because of their continual recurrence. Such heed to little things implies a ceaseless listening to the whispers of grace, a strict watchfulness against every thought, wish, word or act which can offend God or your neighbor ever so little, a constant effort to do everything as perfectly as possible. All this, however, must be done with a free, child-like spirit, without restlessness and anxiety. He does not ask a fretted, shrinking service. Give yourself to Him, trust Him, fix your eye upon Him, listen to His voice, and then go on bravely and cheerfully, never doubting for an instant that His grace will lead you in small things as well as great, and will keep you from offending His law of love.

—Jean Nicolas Grou.

What's Doing In Politics.

A prominent old-line Republican of Louisville, in discussing the local political situation today, made the startling statement that under the present management the Republican party in Louisville had been steadily retrograding for fifteen years, and he submitted the figures to prove his contention. He said:

Did it ever occur to you that the Republican party in Louisville is rapidly progressing downward? To illustrate, you will find in 1896 out of a total registered vote of 45,933 the Republicans registered 19,845, the Democrats 18,268 and the Independents 7,820. During the past fifteen years Louisville has increased in population more than 50,000 yet the Republican party only registered this year 12,844 votes; in other words showing a loss of 7,001. On the

other hand you will find the Democrats show a gain of 4,609, while the Independents show a small increase of 665.

"In 1896 the Republicans were in power in Kentucky. Bradley was Governor and George D. Todd was Mayor of Louisville. If the Republican County Executive Committee of forty members can reduce their party vote 7,001 in fifteen years, how long would it take the new proposed committee composed of only twelve men to wipe out the remaining Republicans? In 1896 the party emblem was the Log Cabin. In 1905 it was recognized as the "Rooster's Roost." In 1909 it was changed into "A Fusion Corner."

"It would be impolite to say 'machine politics', has anything to do with the downward progressiveness of the Republican party, in Louisville. I would say I am inclined to think there has been too much 'reform' for the good of the party. To lose 7,000 Republicans and gain 665 Independents in fifteen years indicates a woeful mismanagement of the G. O. P. in Louisville. In other words it has been 'a forward movement with an O'Rear front' all these years.

Courier Journal.

The United States Senatorship Most Important.

The Democratic voters must not lose sight of the United States Senatorship. A vote under the rooster carries with it a vote for members of the Legislature, which in January will confirm the action of the democratic Primary, and send Ollie James to the Senate. So close is that body between the two parties, that Mr. James' vote may decide all the great questions that will arise during the six years of his term.

The house is Democratic, but no tariff bill can pass the Senate unless the Democrats get control, or secure enough insurgent Republicans to out-vote Taft's followers in the upper body. It is absolutely necessary that we should have there a brave, eloquent champion like Ollie James, who, through all the fierce conflict in Washington has stood for the people's rights, and who will continue to stand for them.

From the reception given Ollie James in all quarters of the State, it is plain that the people are aroused to the dangers that

threaten them if the Republicans have met with the greatest favor. He is doing valiant work for the whole State ticket, and the demands for speeches from him are so great that he could not fill them all if he were to talk four times a day from now until the close of the Campaign.

Presbytery of Princeton.

The Presbytery of Princeton met with the Bethlehem church at Crider, Ky., Oct. 3, 1911, at 7:30 A. M. All the present except Rev. A. J. Thompson, who was absent on account of sickness. Rev. J. H. Miller, D. D., and Rev. M. A. Provine, D. D., of Nashville were present and rendered valuable assistance in the work and inspiration of the Presbytery. The opening address was preached by Rev. J. N. Miller, D. D., Rev. J. W. Andsborg was elected moderator and presided to the delight of everybody. Mr. Miller and Dr. Provine spoke on the Forward Movement and Dr. Provine and J. T. Smith spoke on Sabbath School work. The work of the Presbytery was well done. Princeton Collegiate Institute received special attention. The work done at this institute is of excellent quality and it is hoped that in the near future it will be made an attractive educational center for all Presbyterians in Western Kentucky and Western Tennessee, while its door will be wide open and its privileges extended to the youth of all other denominations and to all young people, giving as fine educational equipment for the practical duties of life as can be found anywhere. The preaching was fine and seemed to be enjoyed by all. The reports showed an increase in offering to everyone of the boards over last year and an increase in all offerings of over \$1500. The Presbytery was splendidly entertained by the most excellent people of the Crider community. They prepared and served both the noon and evening meals on the ground. The long table groaned beneath the weight of a profusion of splendidly served eatables. The next meeting of the Presbytery will be held with the Water Valley church.

ONE WAY OF SAVING A BABY—FREE TO TRY

The mother does not live who would not do all in her power to keep her child healthy, but often she does not know how. So when a doctor of standing points the way all can afford to listen.

It is an accepted fact that nine out of ten of the troubles of infants and children is intestinal. You notice it by the fact that the child is constipated, it belches, is peevish and cries. Don't give a remedy that contains an opiate, because the child will get in the habit of needing it, and don't become alarmed and run at once for a doctor.

Try a scientific laxative first. Give a small dose of Dr. Caldwell's Syrup Pepsin, the remedy that is intended

for the use of children. It is mild, gentle and non-gripping. The remedy is absolutely pure and is guaranteed in every particular. Mrs. Toomey of Emingsville, Pa., and Mrs. Fred Crows of Alanson, Mich., never give their children anything else. These are only a few among thousands of women.

You can buy a fifty cent or one dollar bottle of any nearby druggist, for they have all sold it for a generation, but if you want to test it on your child first send your address to Dr. Caldwell and he will cheerfully send you a free sample bottle. Address him Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

SEEMS UNTRUE To Us Crittenden County Farmers

Tennessee Corn Crop
Nears World's Record.

Jackson, Tenn., Oct. 11.—Two hundred and twenty-five bushels to the acre is the average yield of three acres of corn grown by J. N. Holifield, a Madison county farmer. Each one of the acres yielded 225 bushels. The crop breaks all Madison county records and comes within three bushels of equaling the highest record ever known in the United States, which was made by a North Carolina corn club boy with a yield of 228 bushels on an acre. Mr. Holifield cultivated his corn by a secret method, which he believes will revolutionize corn growing when he makes it known. He has been experimenting for a number of years, and believes that he has now perfected his plans. He expects to make 300 bushels to the acre next year. The figures as to this year are authentic.

FIRST TIME CROSS RAISED IN TRIPOLI SINCE 1551.

Apostolic Delegate Sends Wireless
Message to Pope

Rome, Oct. 16.—The Pope today received a message by wireless from Monsignor Rossetti, the apostolic delegate at Tripoli, and sent by permission of Governor Boreddolina, saying:

"For the first time since the Knights of St. John were defeated by the Turks and lost Tripoli in 1551, the cross of Christianity has been raised over this land. This time next to the cross is the flag of Savoy."

The apostolic delegate adds that the bombardment and occupation were conducted with the utmost regard for humanity. During the bombardment he, with Franciscan monks and nuns

remained in Tripoli to nurse the wounded and they prayed to the Almighty to grant victory to the arms of faith and civilization.

A LIBERAL OFFER

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and pepsin have been combined with Carminatives other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store.—Haynes & Taylor. 171t

Arbor Day October 27.

With the advent of the month of October we are reminded of the approaching date set aside for Arbor Day. Last year Governor Wilson issued a proclamation in which he named October 27 as Arbor Day. He addressed a very beautiful letter to the children of the State, asking that each plant a tree or shrub on this day in the home yards and school yards, and no doubt it will be observed with diligence and pleasure both in the city schools and in the rural districts especially, where these shrubs and trees are so obtainable. The movement is a pretty custom and one to be urged because it develops a symmetry and beauty to surroundings that progressive cities are eager to encourage.

The Story of Tripoli.

(Continued from Last Issue)
The Lybians whom Herodotus calls indigenous were the first inhabitants of North Africa so far as is known. After Carthage fell North Africa became a Roman province. When Boniface revolted against Honorius

the vandals, led by Genseric, crossed the Mediterranean, expelled the Romans from Lybia and reigned for a century. Justinian undertook, and Belisarius completed, the re-establishment of the Roman supremacy in the region and Rome continued to hold the territory till the Saracens overran North Africa in the Seventh century. Although the Saracens established an independent caliphate in Spain and ruled that country for seven centuries, ancient Lybia was in revolt less than a hundred years after they overran Numidia and Mauretania, and for 800 years the strip along the south shore of the Mediterranean remained in a turbulent state, alternately tributary and independent, and in an ideal condition for producing pirates and outlaws of every description. In the sixteenth century the brothers Barbarossa conquered the whole territory of Numidia and Carthage and erected the regencies of Algiers and Tunis. Arooj Barbarossa was a Creek corsair chieftain so called because of his red beard. He made Algiers his own by murdering King Selim after having aided him in expelling the Spaniards. The younger brother, Khair-ed-Dan, surrendered the sovereignty of Algiers to the Sultan of Turkey after his brother's death and as admiral of the Turkish fleet conquered Tunis. The Sultan made the pashalic of Tripoli of ancient Cyrenaica, and his son and successor established the dynasty of Sheriffs in the empire of Morocco, while the French erected the regency of Algeria between Morocco and the Turkish possessions.

Benbers, probably the Lybians of old. Arabs from the East and Negroes from the South, make up the larger part of the population of the Barbary States, and live very much as they did 12 centuries ago, when North Africa was the military road from Damascus to Cordova.

The agricultural and mineral wealth of the region is impressive Europe nowadays as never before and the various Powers are anxious for such slices of Africa as they can find a way to claim. Italy, which is poor in the character and extent of its territory and has a crowded and needy population, sees her opportunity in Tripoli, which the Turks have held for some time without developing it.

Turkey in Africa consists nominally of Egypt and Tripoli, but Turkish control in Egypt was a somewhat shadowy suzerainty before the British occupation of Egypt and has been without substance since then. The casus belli in the clash between Italy and Turkey seems to be Italy's desire to help herself to Tripoli. The Turks have always been brilliant fighters. With equal fighting forces and equal equipment they would make short work of the Italians, but Turkey has practically no navy in comparison with that of Italy. In the matter of land strength the two countries are more nearly on a footing. Italy has the smaller army on a peace basis and the larger war strength. Turkey has a greater male population of military age.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"SIS PERKINS."

There is so much that is good in the rural comedy drama, "Sis Perkins" that no one wonders at the unusual success that has been accorded to the play. Its realistic pictures of country life appeal to all classes, for in it is found comedy and pathos, laughter and tears. It is clean and wholesome; its humor is crisp quaint, and its bits of homely philosophy are remembered and laughed at over and over again. The presentation of this famous play at the Opera House, Oct. 25th, will introduce a carefully selected company, and the engagement promises to be a record breaker.

A Bowel Trouble

Is relieved almost instantly by using Dr. Bell's Anti-Pain. It destroys disease germs and stops inflammation. Keep a bottle in the house. Sold everywhere.

"Sis Perkins" will make a visit to Marion Opera House, Oct. 25th. This occasion should be the theatrical event of the season, for no better play of its class has ever been seen in the local play house. The story is of intense interest, the dialogue is brilliant and compels uproarious laughter and hearty applause.

TOWN OF 2,000 SWEEP BY FLOOD

Half of Black River Falls, Wis., Destroyed And Feared Rest of Place Will Go.

La Cross, Wis., Oct. 17.—The situation at Black River Falls, the prosperous little city of 2,000 population which was swept by a flood this afternoon when the waters of the Black river, swollen by recent rains, washed through the embankment of La Cross Water Power company's dams at Hatfield, is tonight worse by far than was ever feared when the deluge burst upon the unfortunate town.

Between twenty-five and thirty business houses, comprising all the stores on both sides of two streets, have been destroyed, together with an equal number of homes. At that hour the waters were still rising, rapidly and the destruction of the stores on the other two business streets was predicted before morning.

The buildings have been not merely flooded, but destroyed. The Tremont hotel, a substantial three-story structure, was the first to go and one building after another followed. No precautions could be taken to stop the wrecking of the town. The people who knew of the overflowing of the Hatfield dam showed little fear of its effects until the waters burst upon them. The city is tonight in darkness the electric light plant being one of the first to be struck by the flood.

Joints that ache, muscles that are drawn or contracted should be treated with BALLARD'S SNOW LINIMENT. It penetrates to the spot where it is needed and relieves suffering. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme.

SURVEYORS IN THE FIELD

Headed For Marion.

Yesterday Major W. A. Calhoun, consulting engineer for the company, admitted that his surveying force had taken the field, starting across the Tennessee river from Paducah, and under orders to work through Livingston county to Smithland, and thence toward Marion. The corps is composed of four engineers, in charge of Mr. W. H. Dearborn, and they will run

tentative surveys between here and Marion via Smithland in their effort to ascertain the mass of material on which the commercial report will be based.—Paducah News Democrat, Oct. 12.

STOP THAT DANDRUFF

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.

ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggists selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show the healing qualities and if used according to directions, they will effect a permanent cure.

STARES AT DEATH AS GIRL TALKS

Man Who Ruined Child Hears Story at Pistol's Point.

Nashville, Tenn., Oct. 18.—With a pistol in the hands of her brother pointing at E. W. Carroll, Caroline Smith, aged 13 years, this afternoon told a pitiful story. When the girl said she had told all, Smith fired five shots in Carroll's body, killing him instantly. The child's grandmother heard her recital and saw the killing.

Sunday Caroline Smith disappeared, after having been seen leaving Sunday School. A city wide search was begun, resulting in finding her in a deserted house on the outskirts in company with Ed T. Durbeville, who now is under charges of abduction.

Durbeville, the Smiths say, told a damaging story against Carroll, who is 25 years old and married. Carroll is a locomotive fireman and today Weaver Smith, the girl's brother, went to the railroad yards just as Carroll was about leave on his engine.

Pointing a pistol at him he demanded that he go to the Smith home and face the girl. Young Smith, who is 22, did not let Carroll out of range of the gun all the way between the yards and his home.

Carroll formerly lived at the Smith home and the girl's story dated a year back.

Smith surrendered to the police immediately.

These women are only a few of thousands of living witnesses of the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. Not one of these women ever received compensation in any form for the use of their names in this advertisement—but are willing that we should refer to them because of the good they may do other suffering women to prove that Lydia E. Pinkham's Vegetable Compound is a reliable and honest medicine, and that the statements made in our advertisements regarding its merit are the truth and nothing but the truth.

and fair mindedness of the growers of these two counties.

It seems to us that any set of intelligent men, whose interests are the same, and who wanted to deal fairly with each other, should be able to agree on some proposition affecting the common welfare.

If it is to our best interest to pool with the Association, then every one should put his tobacco in that organization. If some other organization can serve our interests better, it should have the patronage of all. If we can get more money, and do better by selling independent, then it is clear that that is the course of action that all ought to take.

Here are five counties, that owing to soil and climatic conditions raise a certain type of tobacco. The area of its growth is very limited. It practically all goes on the same market. The growers could easily control that market if they would only go into the organization. The growers of no other district have such an opportunity. You may not have another during your lifetime. We have done what we could. It is up to you.

All who did not get their checks when the dividend was being paid off here can mail their weight tickets to Henderson, Ky., addressed to the Stemming District Tobacco Association, enclosing a self-addressed, stamped envelope. Your check will be sent by return mail.

WASHINGTON AND Franklin
On New Issue of Stamps.

A new issue of postage stamps has been authorized by the postmaster general. The head of Washington will appear on the first six of the series, and the

bust of Franklin, the first postmaster general, will appear, with a different border design, upon the last five. This new issue of stamps is intended to do away with the confusion that has existed for some time owing to the similarity of several of the present issue. All the stamps at the present time are nearly identical, except the one-cent stamp, which bears the head of Franklin, while all the others bear the likeness of Washington. Besides, the stamps do not show their value in Arabic numerals, a plan which has been adopted for the new issue.

Eighty Bushels of Corn to Acre.

Richard and Barker Head, young sons of Aubrey Head, entered the boys' corn growing contest last spring. Notwithstanding the unusually dry season this year they succeeded in raising eighty bushels on the acre set apart for them. Had the season been favorable, said their father, I believe they would have produced one hundred and twenty-five bushels. The Sun will be glad to hear from other boys in the club.—Morganfield Sun.

School Girl Weds.

Bowling Green, Ky., Oct. 17.—With money given her by her parents to pay her tuition in the Western Kentucky State Normal, Miss Eva Gatten, a pretty twenty-year-old girl student from Sacramento, Ky., purchased a trousseau, decided that no further education was needed ex-

cept in domestic science which she would acquire in time from practical experience, and is now the wife of Clarence Blank, a well-known young business man of Central City.

CONFIDENCE

We Back up Our Statements with Our Personal Reputation and Money

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, 171t —Haynes & Taylor.

What Marion Should Do.

Madisonville, Ky., Oct. 9.—Madisonville is to have a chance at voting to have a municipal water plant. The council tonight passed an ordinance to put the question before the people to be voted on in the November election. It is believed that it will carry as a majority of the voters favor it.

yesterday from Salem, Ky., where a mass meeting of the citizens was held. Not a dissenting voice was heard and a number of subscriptions were taken yesterday. Salem will subscribe \$1,000. The meeting was held at noon yesterday and attended by the entire populace. The people are after the road and Mr. Wheaton is much encouraged over the prospects. The trip was made in an automobile, and over an exceedingly rough road.

Tonight a meeting will be held at Mayfield under the direction of the Graves county commercial club. Mr. Wheaton, Mr. Calhoun, Mr. H. C. Rhodes and several others will leave this evening to attend. The support of the Graves county people is assured. A committee with Mr. Wheaton will go to Marion, Ky., Friday to hold a mass meeting.

The outlook is most encouraging in Livingston county and the entire county pledges support in getting the road.

Bronchitis Conquered

Seventy Years Old and Praises Wonderfully of Hyomei.

"I had a severe attack of La Grippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I could not hear a watch tick. I commenced using your HYOMEI and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me." Wm. H. Mowder, Washington, N. J., R. F. D., March 16, 1911. LIVES SAVED ON RAFT OF CABBAGE.

Big Sack of Cabbage Acts as Human Buoy to Carry Them to Shore.

Hazelton, Ind., Oct. 16.—On an improvised raft of cabbage three men swam to safety in White river today when a launch sank, carrying with it to death Henry Wallace 55 years old.

Felix Self, Peyton Johnson, William Alford and Henry Wallace, in Wallace's launch, were between Decker and Hazelton late this afternoon when the overloaded boat suddenly shot to the bottom. Whether the engine broke or the hull ripped the survivors do not know. The boat sank in five seconds. Wallace, unable to swim, went down with it. In the swollen and swift

stream the three other men faced death.

Johnson could not swim. The sack of cabbage containing nearly a ton floated free as the launch dropped to the bottom. To this vegetable buoy the men clung and managed to get to the bank.

After an exciting struggle they landed a long distance down stream from where the accident occurred.

An effort is being made to find the body of Wallace as the river is at flood stage.

Hurrah For Singer

Keeps Spotless Town, Most Industrious of Indians.

John Singer, of Rushville, Ind., is declared by the residents of that town to be the most industrious man in the state. Singer is a street cleaner and works at his chosen vocation every day in the week, including Sunday. He isn't paid for working on Sunday, but his pride in keeping the streets of his native town as spotless as possible prompts him to arise at 4 o'clock in the morning on that one day and sweep the streets clean, so that visitors coming to town will have nothing but favorable reports to carry away with them.

TOBACCO TIDINGS.

BY R. F. WHEELER.

The Annual Round-Up.

This week the final effort is being made by the Association to finish the pooling in this county. The time is drawing near when the books must close for the season, as buyers have begun to make inquiries and the Gen. Manager must know definitely how much he has to sell before he can trade.

Chairman Dean, acting under orders of the County board, has put men in different parts of the county to finish the work.

The outlook in this county is favorable for a fairly good pool this year. Not as well as we would like, but much better than was expected at the beginning of the season. While, owing to some little dissatisfaction, some few have dropped out, new recruits have come and filled their places.

The growers of the large tobacco counties, Henderson, Webster and Union are almost solid for the Association. Late reports from the Henderson papers indicate that that county will pool nearly 100 per cent. It seems that the growers of Hopkins, like this county, are somewhat divided. Such action will never bring success to any cause. To continue in it is uncomplimentary to the intelligence

WELL KNOWN COUPLE WED.

A. U. DAVIDSON AND MISS GERTRUDE E. MOORE JOIN HANDS FOR LIFE.

A. U. Davidson, a well known young man of Stigler and Miss Gertrude E. Moore, daughter of Mr. and Mrs. Jackson Moore of near Keota, were married Wednesday morning, the ceremony taking place at the home of the bride's parents. The officiating clergyman was Rev. J. H. Byers, of Stigler, pastor of the Baptist church.

The ceremony was witnessed by only the immediate members of the families of the contracting parties and was followed by the serving of a wedding breakfast. Following the ceremony Mr. and Mrs. Davidson left for Muscogee, where after a visit they will return to Keota and make that place their home.

Mr. Davidson is the son of Mr. and Mrs. L. M. Davidson, former residents of this city, but now residing at Marion, Ky. He has been engaged in the practice of law since residing at Stigler and has been prominent in Republican political circles. He is popular with his associates, all of whom wish he and his bride, a highly accomplished young lady, a happy and prosperous journey through life. —"State Sentinel" Stigler, Okla. of Oct. 13th 1911.

The above news will not be a surprise to Archie's Marion friends, who have had whispers of his matrimonial intentions for several months, and who with one accord will wish him and his bonny bride much joy in their married life.

Narrow Escape

Sunday afternoon the horse driven by R. A. Rodgers, to his runabout became frightened at a passing automobile and was soon unmanageable. After rearing and plunging he fell and broke the shafts and other wise damaged the vehicle which was a new and handsome one. Mr. Rodgers was accompanied by his wife and son, Emmett and Mrs. Annie Rochester his sister-in-law. None of the occupants was hurt, as they escaped by jumping out, and were only badly frightened by their experience.

MYSTERIOUS FIRE AT SHADY GROVE.

Town Nearly Wiped Out by a \$20,000 Blaze Friday Night.

Fire destroyed the large mercantile establishment and residence of H. T. Towry at Shady Grove tonight. The loss is estimated at \$20,000. The origin of the fire is not known. For awhile it looked as if the whole town would go up in flames. Providence and Marion were telephoned for help but the fire was finally gotten under control. The Towry establishment was the largest store in town. It was a general store in conjunction with an undertaking establishment. The stock was valued at \$15,000 and the store and dwelling at \$5,000.

CYCLONE SWEEPS CENTRAL INDIANA.

Indianapolis, Ind., Oct. 14.—Thirteen buildings were wrecked, four were hurt, one fatally, as the result of the cyclone tonight.

Covington, Ind., Oct. 14.—A cyclone swept this town late this afternoon, but meagre messages report no deaths. Not a shade tree is left standing within the town limits. Debris was piled so high on the Big Four tracks that traffic was delayed several hours. Many minor hurts are reported.

FOR OHIO VALLEY IMPROVEMENT.

Joseph Mason is a member of the Waterways Association at this week convening in Chicago and on Monday said he duly expected to be there. The Lakes-to-the-Gulf project is demanded by the whole people of Illinois almost without exception and again universally so, throughout the great valley of the Ohio and Mississippi rivers. Kick out the paid sharks standing in the way of this project to quickly develop a whole county and let the good work go right on without a further hitch.—Hardin Era.

MULE SCARES COW AND WOMAN IS INJURED.

Dixon, Ky., Oct. 14.—While milking this evening Mrs. Nannie Duncan, aged 50, who lives near here, met with a painful accident. A mule scared Mrs. Duncan's cow, the woman was knocked down and the mule stepped on her right ankle and crushed several bones.

SNOW TWO FEET DEEP

Twenty-three inches of snow fell at Anaconda, Mont., Thursday, prostrating telegraph and telephone wires in all directions, and putting out of commission practically all telephones in the city. The streets are nearly impassable because of deep slush and running water.

Mammoth Crowd Swells Attendance at One of the Largest Woodmen Gatherings in This Territory.

Evansville, Ind., Oct. 16.—Woodmen of the World stormed Evansville Sunday. Besides those who took part in the celebration it is estimated that ten thousand visitors were attracted to the city from surrounding towns. Sunday was declared to have been the greatest day in history for the local Woodmen. Over seventeen hundred Woodmen from Western Kentucky arrived early in the day on a train which started from Hopkinsville. So many crowded into the coaches that the coal and baggage cars had to be used by the visitors to reach here.

The parade, with seven thousand men in line, marked the opening of the celebration, which closed with a gathering at Cook's park. The competitive drills were one of the most interesting features of the day.

White Oak camp in command of Captain C. K. Wheeler, captured the first prize, while the second trophy went to Independent Camp, in command of Capt. I. Miller.

W. E. Cady, of South Bend, State Manager of the order, was Chief Marshal of the parade, which was one of the largest ever witnessed here. There were twenty-seven uniformed companies in line and a dozen bands furnished music for the marchers. The line of march was about two miles long.

Marion had 121 representatives in the above mentioned crowd, as that number of tickets were sold from here for the special train.

The Rosewood Camp W. O. W. met at the lodge room on Salem street and marched, headed by Marion Silver Cornet Band, to the station. There was a long procession and much enthusiasm. The day was one long to be remembered, as it was pleasant in every way and passed without a mishap. The special with all on board, reached Marion on the return trip at 2 o'clock Monday morning.

CHICKENS THAT CAN TALK.

Fancier Crosses Parrot to Get Green Tinge.

San Francisco, Cal., Oct. 15.—W. H. McKay, poultry breeder and secretary of the San Joaquin Poultry Association of Stockton, says he conceived the notion that by interbreeding parrots and Black Orpingtons he could get the much desired green tinge for the Orpington feathers. The results were astounding.

There were many faults and discouraging setbacks but McKay kept at work until he not only got the desired green tinge for his Black Orpingtons, but he is now quite certain that he will soon show a breed of chickens that can talk.

"That I will eventually produce a strain of chickens that can be taught to talk like a parrot, I feel certain. Already I have adopted a name—the phonograph hen," said McKay tonight.

"I had no thought of producing a talking hen when I began my experiments and you can imagine my surprise when I began to notice that some of the hens were making noises that sounded suspiciously like words. 'One of the hens can whistle, and another repeats: 'chick, chick, chick,' which is often used by my wife and myself in calling the chickens for their meals."

G. H. Cromwell

Dies in San Antonio, Tex., Former Citizen of Marion.

News reached here Wednesday of the death of G. H. Cromwell, who died in San Antonio, Texas, Oct. 5th of paralysis. He had been afflicted over two years and had been perfectly helpless for several months.

Mr. Cromwell left Marion about 30 years ago, for the "Great West" and since then has spent most of the time in Texas and Mexico. He has followed his trade, that of contractor and builder, in most of the large cities of Texas. He was at Galveston at the time of the Galveston flood, and all he had was destroyed. His wife (who was a sister of Mrs. E. T. Franklin, Mrs. Anthony Murphy and Mrs. J. R. Threlkeld of Carrsville,) and three daughters were carried out by the waves and were never seen again. His only daughter Miss Effie, died two years after at Ringer Texas. He is survived by one son, Homer, who lives at San Antonio.

The Crittenden Record Press extends its heartfelt sympathy to the bereaved ones.

Every service was a good one—many were converted and several joined the church and were baptised Thursday evening by the pastor, Rev. Benjamin Duncan.

ASKS \$20,000 FOR A WORKHOUSE HAIRCUT.

Native of India Asserts He Was Deprived of Property Without Process of Law.

Chattanooga, Tenn., Oct. 14.—William Curry, a native of East India, has given notice of his intention to file a damage suit for \$20,000 against Hamilton county for maltreatment and unlawful deprivation of property.

Curry was arrested for vagrancy and served a term in the workhouse. The rules require that the hair of all prisoners, when long, be cropped close to

the head. Curry's hair was black, and hung down his shoulders, as is the custom in his country. After his release from the workhouse, Curry was advised by lawyers that the county authorities had no right to deprive him of his hair and that he had good grounds for damages. He was advised that the constitution guarantees to every man that he shall not be deprived of his property without due process of law; that this hair was his property and the county had no right to deprive him of it. He also wishes the hair to be produced, which is, of course, impossible.

He asserts that this same hair had been on his head ever since he was born, and had never before been clipped.

Mrs. W. H. Crawford

The greatest work of improvement noted lately, has been the remodeling and painting of the old hotel that has so long marred the beauty of our main thoroughfare. Andy Lamb, the present owner and proprietor, has built along the front a splendid two story colonial porch with concrete floor and steps and painted the house a restful moss green, with white trimming. Thus converting it into a thing of beauty of which the town may well be proud.

SEVEN SPRINGS

Sunday Oct. 8th, was the appointed day for the dedication of the house of worship at Seven Springs. Notwithstanding the gloominess of the early morning, the people commenced to assemble from different parts of the county. At 9 o'clock Dr. Powell, of Louisville, Ky., arrived, whose services we had engaged for this special occasion. Bro. Griffith led the congregation with vocal music, after which Dr. Powell proceeded to the devotional exercises of the day. He in his usual manner, addressed the audience with a very able sermon, after which a collection was taken up to relieve the indebtedness on the church building which was \$300.00. More than this amount was very soon raised. The people, it seemed, were ready to come to our relief and very readily responded to this important call, and for this donation I can safely answer for all, that we were indeed proud and thankful to God and this people for what they have done for us. And now we want to say that we can never express our heart-felt thanks to Dr. Powell for what he did for our church for we believe that he is the right man in the right place, and we believe this to be a God-sent calling for him from our Lord Jesus Christ, and we were so proud to have our preachers with us, besides brethren and sisters from other churches, together with our beloved pastor, Rev. U. G. Hughes. At 12 o'clock a sumptuous dinner was served, prepared by our good friends and neighbors. In the afternoon Bro. Clark preached a very impressive sermon. We suppose there was no one went away from this place without their dinner, for the good women had prepared plenty for this occasion, and the writer did not want a single individual to go from this place without partaking of the food so necessary to life. Now in conclusion, we say we are thankful to the building committee and to the many people, who contributed so liberally and also our good pastor for what he is doing and what he may yet do, and may he be spared to hold up the banner of our living God to a lost and ruined world, and when life's journey is ended and we go home to live with God and the redeemed host of God, I want to see those people there that met with us on

this memorial day, and now we see through a glass darkly, but then face to face we shall meet them together with our Lord and Savior Jesus Christ to whom we want to give all the honor and the praise for giving us a being in the world.—MRS. MOSE L. PATTON.
