Kirschbaum Clothes.
ALL WOOL.
HAND TAILORED

We deal in A. B. Kirschbaum & Co. Clothes for these reasons:

Because Kirschbaum Clothes-Cherry Tree Brand—are the clothes sold by progressive merchants all over the United States. And, more particularly, because the Kirschbaum standard of quality, tailoring, finish and style squares with our ideas of what we want to offer our most particular customers.

There's never any question about the fabric. Kirschbaum's is the House with the All-Wool Policy. A suit or an overcoat with the Kirschbaum Cherry Tree Brand label is as surely all-wool as the coat on a sheep's back.

Kirschbaum tailoring is hand-tailoring. Which means that shape and style are needle-molded into the cloth by hand and will stay-insuring permanent good looks.

Kirschbaum style is authoritative.

Ollie James' tour of this legislative district was a triumphal march indeed. At Smithland, Hampton and Dycusburg he was greeted by huge and appreciative audiences; but Salem gave the banner crowd, there having no less than 800 auditors. The doors of the large Union church building were opened to the great Congressman, it soon filled and crowds surged out, side trying to enter. Old Salem outdid herself in doing him honors. He came back in one of the ablest speeches of his life. Hon. Ike Linley, one of the oldest and most influential Republicans of that section introduced the speaker in an eloquent and feeling speech. He said that Ollie was one of America's most gifted orators, noted lawyers and distinguished statesman of the age, and the next U. S. Senator from Kentucky, and that to introduce him to that fine audience was the happiest moment of his life.

Mr. Linley says he will cast his vote for Marion F. Pogue for representative, thereby voting for Ollie James, and that Pogue will carry Salem precinct by a majority, and old Livingston will come under the string to the tune of 500 majority.

On next Tuesday the voters of this legislative district will be called upon to choose a representative in the lower House of the next General Assembly of Ky. This is an important office for many reasons, and it is more im-

portant this year than usual: We are passing into an era of reform along the line of education, tax reform, Good roads movement, temperance and control of the Public Institutions of the State. Most of these issues are of vital importance to the people of Ky. They must all be fought out and settled, once for all, and upon their speedy settlement depends the peace, comfort and general welfare of more than two million Kentuckians. To meet these questions fairly and settle them for the good of all the people will require tact, ability and courage. The oldest parliamentarian must be met, the grafter and place maker must be vanquished and the lobbyist is to be encountered on every hand. Experience is required to launch a measure and steer it safely through the legislative breakers.

Such a man have we in our present representative, Marion F. Pogue.

He has been tried in the fire and come out unsullied. No member was of more service last session, and no member occupied a higher position in the councils of the house, and no one had better committee appointments. He was instrumental in killing many vicious measures, thereby saving the tax payers much money; he also helped secure the passage of many good measures through the House.

Last but not least, the General Assembly will elect a United States Senator; the people cannot vote directly on this as they should, so your Representative must cast your vote for that important office, second only to the presidency.

Our own Ollie James is a candidate and the nominee of his party for the place, and remember when you cast your vote for Marion Pogue, you are also voting for Ollie the friend of the great common people, who has forged to the front as a statesman of the first rank. So bear this in mind when you go to vote that you vote for two good men at one and the same time. If you vote for Pogue it assures us of a good man on guard at the capitol of both the state and nation, and your interests will be safe and you will have a man both competent and unpurchaseable at both ends of the line; So here goes three cheers for Marion & Ollie.

While the Hon. Ollie M. James is the Democratic nominee for United States Senator, his name will not be on the official ballot, and the only way you can vote for him is to cast your vote for the Democratic nominee for Representative. All voters who are interested in the election of Ollie James should bear this in mind. However a cross mark in the circle under the rooster will vote the straight Democratic ticket, which of course will include the nominee for Representative.

What A Republican Editor Thinks of James And Pogue.

One of the best representatives who ever served in the legislature of Kentucky is the Hon. M. Pogue, of Crittenden county. He has served in three or four sessions, representing the county of Crittenden, which has produced many great men, among them our brilliant congressman, the Hon. Ollie M. James. Pogue's record is as straight as a die, and we are pretty certain that he is fre-

quently advised with Mr. James in shaping legislation looking to the uplift and help of the plain people of the state. In examining Pogue's record we find that in numerous instances he voted directly opposite to Mr. Chunn's votes. For instance Mr. Pogue voted against the damnable exemption law, and many other things that Chunn voted for. Mr. Pogue voted directly in line with Ollie James ideas. Mr. Chunn voted against them. We in Calhoun are mighty proud of Marion Pogue for he is closely related to some of our best people. We are all sorry that Mr. Chunn did not follow the ideas of Pogue and James and other patriotic men who stand for the people against ring rule and oppression. If Mr. Pogue voted right then Henry Chunn voted wrong on some of the most important bills before the last legislature.

THE SCHOOL BILL AS IT IS.

Thousands of Kentucky children are out of school today because their district has been destroyed, the little school house their fathers built is denied to them and its doors closed against them, and they are forced to trudge from three to seven miles to a "consolidated school," or remain at home without instructions, while their parents pay just the same rate of taxation that other people pay who get advantages.

There are other thousands of children who live along county lines who have no schools to attend.

There are thousands of tax payers, hundreds of whom live in Crittenden county, who are being double taxed for school purposes.

Within one more year more than one thousand of the larger districts will have declared for home rule and the enjoyment of the cherished right of self-government, by voting graded schools, thereby making the main district smaller and the poor district poorer. There are more than two thousand of these small districts, that have felt the deadly embrace of the Sullivan law. Do you wonder that one half of Kentucky children were not in school last year?

Who helped to fasten this octopus upon the people? Albert Butler. He voted for it in the session of 1903. He did this after he had heard it discussed for hours, and was entreated by Senator Maxwell and others of his constituency to vote against it. The printed records show he voted for it; the original records at Frankfort show he voted for it and neighbors will swear he admitted to them he voted for it and praised it as the "good school law we passed," and this same school law reduced his own district one class and turned several of his neighbors children out of their own school houses and left them without a school.

He may squirm and twist but he can not get away from this iniquitous school system he stood for.

On the other hand his opponent, Marion Pogue, with a prophetic eye saw the danger to the small rural school in this bill, and in 1902 threw himself into

Hon. Ollie M. James

Will address the voters of Crittenden and Surrounding Counties in Marion Monday, Nov. 6, at 1 o'clock at the Opera House.

Our county has been greatly honored by the Nomination of Hon. Ollie James for United States Senator, the greatest office in the gift of our state. A vote for M. F. Pogue is a vote for James for Senator.

A vote for Butler is a vote against James for Senator.

County pride, if nothing more, should cause all citizens of the county to vote for M. F. Pogue for Representative, for that means a vote for James.

the breach and defeated this measure; but Mr. Butler helped put it on the statutes in 1903, and in 1910 Mr. Pogue passed a bill through the house remedying the evils in this law, but it failed in the Senate. Mr. Pogue, if elected, will put this measure up to Senate again for them to pass, or take the responsibility of its defeat once more. —G. W. Landrum in Livingstone Banner.

Some Queries! And Some Answers!

Who has filled every position in the House of Representatives from a servant of the House, up to and including the Speaker, chair, and held the floor for hours at a time, putting the people's business through the House while an angry crowd stormed and raged to adjourn? Pogue.

Who is a past master in legislation and has followed the course of bills from the time they were drafted until they were passed, engrossed, enrolled, compared, signed and placed in the hands of the Governor? Pogue.

Who voted against the Circuit Judges Salary raise which adds about \$175,000 additional to the taxpayers burden every six years? Pogue.

Who stood for better qualified teachers and for an opportunity for their better qualifications? Pogue.

Who will name the man whom he would vote for U. S. Senator? Pogue.

Who did Speaker Wilson say, in last weeks Record-Press, saved the people of Kentucky \$750,000 in interest, alone and defeated the tax rate raise? Pogue.

Who stood for the income tax amendment to the Federal Constitution and helped pass it three times through the House? Pogue.

Who is thoroughly competent to represent the 35,000 people of those two counties? Who never dodged an issue nor sought to run from his duty? Who stood up for the people on all occasions? Who will vote for Crittenden counties most illustrious son, Hon. Ollie M. James for U. S. Senator? Pogue.

FREE SAMPLE OF LAXATIVE CURED HIS CONSTIPATION

When a person has become discouraged through years of failure to find a cure, and finally, perhaps, gives up trying, it is small wonder that he becomes skeptical. And yet, to all who have constipation, we would say, "Try just one thing more."

We wish you would try Dr. Caldwell's Syrup Pepsin, a laxative tonic that has been used for a generation. Thousands are using it; surely some of your friends among the number. You can buy it of any druggist at fifty cents and one dollar a bottle, but better still, send your name and address to Dr. Caldwell for a free sample bottle. He will send you enough to convince you of its merits, and then if you like it you can buy it of your druggist. Mr. J. J. Petty of Unionville, Mo., Mr. George W. Zimmerman of Harrisburg, Pa., and many others of both sexes and in all parts of the country first used a sample bottle and now have it regularly in the house.

You will learn to do away with salts, waters and cathartics for these are but temporary relief while Dr. Caldwell's Syrup Pepsin is guaranteed to cure permanently. It will train your stomach and bowel muscles so that they will do their work again naturally without outside aid. Cast aside your skepticism and try Syrup Pepsin.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

Steam is now up on the New Orleans, which has been built on the marine ways at Pittsburg as an exact replica of the steamer New Orleans, which was the first steamboat on the Ohio river. In every little detail the vessel represents her prototype of 100 years ago. Under her own steam she will soon be ready for her great trip down the Ohio and Mississippi rivers to commemorate the centennial of Nicholas Roosevelt's inaugural of steam navigation on the western rivers. The New Orleans is a two-masted affair with one smoke-stack. She will present a natty appearance to millions of people who will see her on her way down the rivers to her destination at the gulf. President Taft will witness her start from Pittsburg.

Every home should have a library. What bread and other articles of food are to the body books are to the mind, and, as the mind craves knowledge, its wants should be supplied or provided for with great care. Some books are inspiring. Every page and sentence stir us to higher motives and a higher life. A good book is always a genial companion. We should select our libraries with the greatest care, beginning them with the Bible and making the poets our special friends, adding each year, such books as may come within our reach. This is a sure means of refinement and education.

The home is almost as incomplete at the present day without some musical instrument, as it would be without books. We should cultivate a taste for music. Music has a refining, inspiring and patriotic influence. Who has not felt the quickening spirit while singing, or listening to, the sweet melody of the gospel hymns?

It has been said that no great musician has ever been convicted of a great crime. We are certainly a music loving people. Let us have it, then, in the home, nature has done her part generously. She sings to us thro' warbling birds, and whispering pines, rearing waving and whistling winds. The least we can do is to join the melody of nature, and by so doing, we add one more to many bulwarks which should ever protect and surround the home.

It was a representative Democrat crowd from Livingston, Lyon and Crittenden counties and they received our jumbo Congressman with extended hands and cheered in loud applause.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

TOBACCO TIDINGS.

BY R. F. WHEELER.

IN THE BURLEY DISTRICT.

On the 26th of Oct., at Lexington, the Burley Tobacco Society inaugurated the campaign for its new ten year pooling plan. The burley people do not do things by halves. A large cue was given at the fair given. It is reported that two hundred gallons of burley...

etables was dispensed to five thousand tobacco growers who listened to prominent speakers discuss, and explain, the ten year pooling plan, recently adopted by the board of control, of that organization.

He are told that many of the most prominent and influential of the former independent growers are identified with the movement, and signing up for ten years. Last year they refused to sign for one year. Some smaller pools interfered with the workings of the Society. On account of not being able to get enough tobacco to control the market the Burley Tobacco Society was compelled to declare the pool off. The market for that type of tobacco immediately went down. Members of the Society, independent growers, and members of the small pools all alike had to take half the value of their crops. A loss of several million dollars.

Experience is sometimes a costly lesson but it seems that some people will learn no other way.

There are in this district men that will acknowledge that the Stemming District Tobacco Association has and is helping the price of the tobacco in the district. Yet they refuse to join their neighbors in the effort on account of some little inconveniences of belonging to an organization. They are willing enough to have the benefit of the organization, but want some one else to pay the price. We are speaking sincerely, respectfully and advisedly in his matter. We know something of the temper of the members of this organization. We know that they are becoming very impatient with the action of some growers, that they are going to let the whole thing fall. If they do it will be hard to ever get them organized again, and the independent growers and others who have opposed the Association, will be glad to have a chance to pool up ten years at a time after they have been a few years at the mercy of the tobacco trust.

A Public Benefactor.

One hears a good deal about the power of the press, but the fact is that no newspaper has very much real power over men or events in these days unless it is known to be standing sanely and steadfastly for the welfare of the whole community and nation and for fair play. The day of the party organs is past. Sensational papers appealing to popular passions cannot move thoughtful men—the men who make history. The only kind of newspaper that really has tremendous power in these days is the independent, reliable, disinterested journal of wide circulation, whose columns are always open to the people and are known to stand always for the general good—for public honesty and a square deal, whatever happens. An excellent example of this sort of journalism is The Crittenden Record-Press under the present editor. It has the enormous circulation that deservedly goes with the printing of all the news, but its power lies in its wise, conservative, independent editorial policy, which is shaped with one sole end in view—the public good. Its news and critical columns show the same spirit. It is an ideal paper for the home, the teacher and the scholar.

OBITUARY.

In memory of little Bertha McConnell, Bertha, little daughter of Elmer and Verna McConnell was born in Curry county, N. M., Jan. 28, 1909. Brought by her parents to Kentucky, March, 1910, died at the residence of her grandfather, J. M. McConnell's Aug. 28, 1911, age two years and seven months.

She was a bright jewel on earth, loved by all who knew her. She was endowed with a blessed memory for a child of her tender years. Little did we think a few months since; when we visited the home of the parents and grand parents, that this beautiful and bright little child was to be taken so soon. But it is "God's way"—Then in the words of that favorite song. "When we see the Savior coming we shall rise." So there is a vacant chair, her sweet melodious voice of "good night" and "good morning" will be heard no more on earth. Her little body is buried away and her soul has gone back to God who gave it.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Price 25c., 50c and \$1.00 per bottle. Sold by James H. Orme, Marion, Ky.

Long years ago a Japanese walked through his pretty garden to his home; his hands were closed behind his back and he was thinking, as he crossed the bridge to gluck a fresh wistaria blossom that hung just over his head. This little gentleman had a great many parcels to send out from his shop every week, and he had always wrapped them in silk, but this was expensive material and he needed something

cheaper for this purpose. All at once a wasp came flitting toward him, but he thrust it away that it might not nip his nose. And lo! there at his hand was a wasp's nest! It was made of thin wood pulp, softened into a thin paste by the jaws of the insect, then formed and left to dry. "Why can't I do that same thing?" thought the Japanese merchant. "Get certain wood, form it into a pulp by means of water from the river and make something like this wasp's nest in the consistency to wrap about my packages." So this was the way paper was first discovered: A wasp flew across the path of a man who walked one day in a vine-clad garden in old Japan.

KENTUCKY.

Rev. James F. Canada, pastor-evangelist, has just closed a meeting at Friendship Church in the Transylvania Presbytery. It was a very rainy time and the disagreeable weather interfered with meeting very much. Yet it was a great revival for the church. The members were greatly encouraged and brought to a deeper consecration to God. Their were seven professions of faith and two additions to the church. Mr. Price held a meeting here last year in which there were forty two professions of faith and twenty seven additions. Fifteen husbands and wives made profession last year. It was very gratifying indeed to see about all the young converts holding out faithful, a number of them public in prayer and most of them leaders in church and Sunday School work. They have improved their church building and made it more neat and comfortable since last year. Rev. H. S. Turner has been preaching for them and he has done faithful work.

Rev. James F. Price attended the State S. S. Convention at Louisville. He was the only delegate from Crittenden County.

Wanted a "Dear" Instead of License to Hunt Deer.

Quincy, Mass., Oct. 18.—Aaron Sigelman and Miss Julia Bernstein had joined hands and were about to be pronounced man and wife last night, when the clergyman glanced over the

license. Then he noticed for the first time that the license permitted Sigelman to hunt deer, but said nothing regarding marriage.

The irate couple immediately departed for the headquarters of the city clerk in Boston, where the license had been procured, to demand an explanation. The clerk explained by telephone to the clergyman that Sigelman had gone to the desk where hunting licenses are issued and had not mentioned marriage.

For Colic

or any bowel trouble Dr. Bell's Anti-Pain acts like magic, relieves almost instantly. Also good for all external pains.

THIRTY YEARS AGO

Items Taken From "Union Local" of October, 1881.

The plug hat man from Evansville, who visited our town some two weeks ago for the purpose, we understand, to inveigle our citizens out of a railroad survey and charter possessed by them, has brought about a correspondence between some eastern capitalists and some of our townsmen. The railroad question is a very windy one.

Joe Anderson was found dead in the road leading from Weston to Bell's mines, near the negro church at Caseyville last Saturday evening. He was shot near the left nipple by a pistol ball. One Green Stewart is suspected of being the murderer, as he had threatened to kill Anderson at Weston the same day and was seen to follow him as he went home. He has not been arrested.

AUSES MUCH DISEASE

Advice About Stomach Troubles and How to Relieve Them.

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid indigestion and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Rem mber, you can obtain them only at our store—The Rexall Store.

(Delayed from last week.)

Rev. H. C. Hopewell closed one of the greatest revivals, Oct. 13th, that was ever held at Dunn Springs. Many souls were saved, several reclaimed and several additions to the church, and in fact—a good meeting in general. Bro. Hopewell is a splendid singer, a fine musician and one of the best preachers. He is a fine man and won the hearts of many friends, who wish him God's speed.

Order of Election.

Crittenden County Court, Special Term, September 4, 1911. Present and Presiding J. W. Blue, Jr., Judge.

Order of Election.

Whereas, a vacancy has occurred in the office of the County Surveyor, of Crittenden County, Kentucky, on account of the resignation of Hon. Jas. E. Sullenger, County Surveyor of Crittenden County, and whereas, the unexpired term will not end at the next annual election in said County of Crittenden, at which either City, Town, County, District or State officers are to be elected, viz: at the regular annual election to be held on Tuesday, the 7 day of November, 1911, and whereas, said vacancy in the office of County Surveyor for Crittenden County occurred more than three months before the next regular succeeding annual election, at which time either City, Town, County, District or State officers are to be elected, and whereas, said vacancy has been filled by the appointment of Hon. L. A. LaRue, as County Surveyor, until said election, and whereas, under the law in such cases, made and provided, it will be necessary to hold an election in Crittenden County, for the purpose of filling the vacancy in the office of County Surveyor, for said County, for the remainder of the term.

It is therefore ordered that an election be held at the various voting or election precincts, in Crittenden County, Kentucky, at the regular annual election to be held on Tuesday, the 7th day of November, 1911, for the purpose of electing a County Surveyor, for said County, to serve during the remainder of the present term; and Joel A. C. Pickens, Sheriff of said County, is ordered and directed to give notice of said election by advertisements posted at the Court House door and the several places of voting in said County, and printed in some newspaper printed in the County, if there be any, for at least eight days before the election.

Given under my hand as Clerk of the Crittenden County Court, this 4th day of September, 1911. L. E. GUESS, Clerk. A Copy Attest: L. E. Guess, Clk.

NOTICE.

In pursuance to the above and foregoing order I am directed to hold an election in each voting precinct in Crittenden County, Ky., on the 7th day of November, 1911, that being the regular election day for Crittenden County, Ky., for the purpose of electing a county surveyor for Crittenden County. Oct. 9, 1911. Joel A. C. Pickens, S. C. C.

DODDS—LYON.

The Presbyterian church at Crider was a thing of beauty when on Oct., 25th, Miss Ruth Dishington Dodds and Mr. Hugh Lyon were married in the presence of a large crowd of friends and relatives.

The church was darkened and beautifully decorated with ferns and pot flowers which were tastefully and artistically arranged in the form of three arches; one large one in the centre with a smaller one on each side. These were bordered by candles which when lighted presented a most beautiful scene.

Just at 2 o'clock as the sweet strains of Lohengrin's "Bridal Chorus" floated out over the "wings of the wind" Rev. J. N. Andre walked slowly down the aisle and took his place at the altar. Following him at a distance came next the ushers, four beautiful and charming girls, Misses Mary Louise Myers and Mary D. Turley of Crider, Virginia Wyatt of Fredonia and Isabel Guess of Marion, who took their places on each side of the altar where they waited for the bride with her maid of honor, Miss Ida Clay Turley, and groom with his best man, Mr. G. G. Admison, cousin of the bride.

After the ceremony was pronounced the bridal party marched out of the church to Mendelsohn's "Wedding March," and thence to the station where the bride and groom boarded the 2:50 train for Chicago, the bridal party and a number of friends going with them as far as Fredonia.

Mrs. M. R. Kevil of Princeton, sister of the groom, presided at the organ. Miss Nelle Guess sang, "All for Me."

The ushers carried white chrysanthemums and the bride who was dressed in a brown coat suit carried a bouquet of bride roses.

The bride is the youngest daughter of Mrs. Janette Dodds and has many friends. The groom who is the son of the late General Lyon, of Eddyville, is a popular and prosperous farmer of this community. After their honeymoon they will be 'at home' to their friends at the Frank Machen Place a grand old country home owned by the groom, two miles west of Crider.

The writer, with their many friends, wishes them a long, happy, prosperous and useful life. May the placid sea upon which they now begin their eventful or uneventful journey ever remain free from the waves of strife and trouble and as they sail on and come nearer and nearer the final port, may their lives together grow sweeter and sweeter and may they finally be crowned with "glory and honor."

Change the Charge Against Deaf Mute

St. Joseph, Mo., Oct. 31.—Pleading guilty to swearing at his wife in the sign language, August Carrado, a deaf mute, was fined \$10 yesterday in police court. He was charged with using "loud and profane" language but when hauled into court it was learned he could not hear or speak. The word "loud" was stricken from the information and he pleaded guilty in writing to the charge of using "profane" language toward his wife, who also is a mute. When he wrote the word "guilty" he wept.

Church Dedication.

Sunday, Oct. 8, the new house of worship at Seven Springs was dedicated to the Lord.

Dr. W. D. Powell, of Louisville preached the sermon after which in a very short time the small debt of \$325 was provided for. A large crowd was present and an abundance of dinner on the grounds. It was a great day with us all.

The dedication was followed with a meeting of eleven days in which twenty-one souls were

converted and twenty-four added to the church. We baptized six heads of families. Eld. E. B. Blackburn did the preaching which was very much enjoyed by the very large crowds in attendance. U. G. Hughes, Pastor.

Miss Ina Price deserves much praise for the splendid training displayed by her pupils, great and small, in the entertainment given last Friday night at the auditorium. They were ably assisted in pleasing the large audience, which completely filled the house, by Miss Lena Holtsclaw, Marion's delightful reader and the Marion High School orchestra of 10 pieces, which rendered sweetest music during the intermissions. Every one felt amply repaid for attending and were delighted at the progress made by the pupils since last they appeared before the footlights.

THE 20th KENTUCKY VOLUNTEER INFANTRY

An Interesting War Record by F.
S. Loyd, of Fredonia, Lieuten-
ant Company H.

(Continued from Last Issue)

Tuesday September 6th. At 8 o'clock we halted after a hard night's march. We camped in an old field where we had camped before near the railroad; got breakfast, remained in camp all day and night; rained very hard all day; cool at night.

Wednesday September 7th, at 8 o'clock we started on a march. A heavy rain, marching Haynes church and graveyard making fourteen miles today. Nice day. Halted and camped in an old field; very warm and cloudy.

Thursday September 8th. Orders to be ready to march at 6 o'clock. Marched out and crossed a large creek, passing seven horses marked "C. S. A." that the Rebels had abandoned. Camped in the edge of Decatur, Ga. (The writer has some leaves he got at this camp.) Marched seven miles, pitched tents and went into camp.

Friday September 9th, laid in camp all day. My company went out on picket. Nice day, cloudy and cool. Cleared off in the evening. Moon shined at night.

Saturday September 10th, laid in camp all day. Laid off work and worked some on them but did not finish them. Cool and pleasant all day. Beautiful moonshine nights. F. M. Benton Co. H, returned to his company and regiment.

Sunday September 11th, general inspection in the morning, beautiful day, no work on works today. I worked on my pay roll all day. Nice moonshine nights.

Monday September 12th. General inspection today. Worked on our breastworks in the even-

ing and until eight o'clock at night. Pleasant in the day but cool at night. Moon shined bright.

Tuesday September 13th, laid in camp all day. Finished our work and worked on my pay roll and books today. Cool and pleasant. Moon shines bright.

Wednesday September 14th, at 6 o'clock we received orders to march down to the city of Atlanta, Ga., stack arms and the men allowed to go through the city. Remained in town all day, marched out in the night. Pleasant cool weather.

Thursday September 15th, laid in camp all day; nothing of importance transpired today. We cleaned off our camp ground. Very cool for the time of year.

Friday, September 16th, moved our tents into new quarters and worked on our quarters all day. Beautiful day, cool and pleasant. Bright moonshine nights.

Saturday September 17th, laid in camp all day. I worked on my receipt and clothing books all day. Beautiful day; cool and pleasant.

Sunday September 18th, laid in camp all day; no inspection on account of rain; no duty of any kind. I worked on my books all day.

Monday September 19th, laid in camp all day. Drill in morning, in the evening by battalion. Looked like rain. Cool and pleasant.

Tuesday September 20th, drill in the morning two hours, battalion drill in the evening. Rained all day slow, also at night.

Wednesday, September 21st, laid in camp all day. No drill today. I worked on my books all day and until 12 o'clock at night. Rained all day and night.

Thursday September 22nd, still laid in camp all day. No drill on account of rain which lasted all day and all night.

Friday September 23rd, drill in the morning; no battalion drill in the evening on account of rain which lasted all day.

Saturday September 24th, we drilled in the morning, cleaned quarters and strengthened our works. Dress parade in evening. I was on guard today. All quiet, cool and pleasant. Wind blew cold at night.

Sunday September 25th, laid in camp. Drilled in morning.

Monday September 26th, still laid in camp all day; nothing to do in evening.

Tuesday September 27th, laid in camp. Drilled in morning and evening.

Wednesday September 28th, still laid in camp; cloudy but not much rain. Drill in the evening.

Thursday September 29, still laid in camp. I went on picket. The corporal let a lady pass through the lines and I was put under arrest and sent to camp for the first time in life. Rain in the evening. No drill.

Friday September 30th, still lay in camp. Drill in the morning. No drill in the evening, rain and windy. Dress parade in the evening.

Saturday September 31st. We laid in camp all day. No drill in the morning. Drill in the evening. Dress parade in the evening.

Sunday October 1st. Still lay in camp all day. Drill in the morning. Dress parade in the evening. Order came to be ready to march at 6 o'clock a. m. Men shouted. Tired of lying in camp.

Monday October 2nd. Broke up camp and marched out to South river or Flat Shoals, crossed South river in the evening. The rear guard was attacked by some Rebel cavalry and drove in, killing one and wounding two others. Arrived at camp with several wagon loads of corn and cotton, making a march of thirty

Are You ? A Woman ? TAKE CARDUI The Woman's Tonic

miles, men tired and sore feet.

Tuesday October 3rd. Order to move. Broke up camp, everything ready to move at daylight. Did not leave; order came to put up tents and remain until further orders.

Wednesday October 4th. At 6 o'clock we were ordered to move. Marched hard all day and until 11 o'clock that night. Roads very muddy. We had to help all of the wagons and artillery up all the hills, crossing Pigeon creek, Brush creek and several others; crossing Chattahoochee river and camped for the night on the bank of the river, making a march of sixteen miles. Men tired and sore feet.

Thursday October 5th, resumed our march very early and marched all day; rained hard all day. Passing through Margetta, Ga., and camped at the foot of Kenesaw mountains, making a march of twenty-two miles. Rained all day. Men wet and hungry.

Friday October 6th, marched very early, marching through the mud and rain all day, halting at the foot of Pine mountain for dinner. Five companies of our regiment were ordered to the front for scouting purposes, crossing Hill's creek and several others, making a march of nineteen miles today.

Saturday October 7th, marched at daylight, pressing the enemy to Lost mountain and returned to our camp we left in the morning, capturing several prisoners, making a march of ten miles.

Sunday October 8th, marched at 3 o'clock, four miles to Achawatt. There we were detached from our brigade to guard an ammunition train, marched to Big Shanty after night and back to Aekworth, then to Altoona, halted at 10 o'clock in the night, crossing Clinton creek, making a march of twenty-eight miles.

Monday, October 9th, marched at 1 o'clock p. m., passing through Altoona, Ga., and were there ordered to join our brigade back at Altoona for the night, making a march of eight miles.

Tuesday October 10th, marched from Altoona back to Cartersville, Ga., fifteen miles; went into camp; got supper and were ordered back to guard the train about one mile long; crossing Etowah river, passing through Cartersville, Ga.

THIS MAN LIVES In Four States

Eats in Colorado, Sleeps in
Utah, Kitchen in Arizona,
Best Room in New Mex.

Kansas City, Oct. 31.—When Fred Terron, a stock man, came to Kansas City yesterday with a herd of cattle, he for a time was puzzled as to what state to register from. He explained that he lives in four states—Colorado, New Mexico, Utah and Arizona, his ranch extending into all four and his house standing on the point where they meet.

Mr. Terron eats his meals in Colorado, sleeps in Utah, has his "best room" in New Mexico and his kitchen extends into Arizona.

Mr. Terron gets his mail at Cortez, Colo., but votes in Utah, because he sleeps in that state. His legal business he does at the county seat of Apache, Ariz., because most of his ranch lies in that state. The windmill which pumps water for his stock is in New Mexico but the trough is in Arizona.

FREE IF IT FAILS

Your Money Back if You are not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a re-action, irritate, and weaken the bowels and tend to make constipation more chronic. Besides their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Marion, Ky., only at our store—The Rexall Store.

To Our Subscribers.

When desiring to have address changed the subscriber will please be careful to give former address as well as address to which paper is now desired to be sent.

Charge for publishing obituary notices is one cent a word. It would be a pleasure to us to publish such notices free, but owing to the now very wide range of the Crittenden Record-Press which goes into most every state in the Union and Canada and Philippine Islands as well, there would be fifty or sixty a week, and there would be no room for anything else in the paper. Our friends should bear this in mind and send remittance to cover expenses of publishing notices of the sort, otherwise no attention should be paid to them.

Cards of thanks and resolutions of respect are also charged for at the same rates.

WHY SO WEAK?

Kidney Troubles May be Sapping
Your Life Away. Marion People
Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Marion testimony to prove it. Mrs. Mary Alexander, Marion, Ky., says: "I was afflicted with kidney trouble for three or four years. Sharp twinges seized me in my back when I stooped or lifted and I was unable to rest well on account of a constant backache. I tired easily, often felt nervous and languid, and was annoyed by headaches and dizzy spells. I was also troubled by a blurring of my sight, and the kidney secretions were unnatural. I finally procured Doan's Kidney Pills at Haynes & Taylor's drug store and am glad to say that they gave me great relief. I have no hesitation in recommending Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. N2-9-16.

Resolutions of Respect.

It was in the hush of the early morning, just before the sun's first rays had touched with golden fingers the fringes on the eastern hill-top; just before the Christian world had sprung into life and beauty to pay fitting tribute to the Babe of Bethlehem. It was the time when the young would care most to live, when the future was beckoning to him with golden rays of promise, when he just reached the zenith of his young manhood and was ready best to battle with the trials of life our Sovereign Brother, Jefferson B. Rich, said farewell to his Camp, to loving wife, and to his many friends, then his soul was wafted away on the wings of love to God who gave it.

It seems hard to us, for one so young, so good, and so useful, with such bright hopes for the future, to be plucked like the full blown rose to wither and die. But, hush, can we not hear the voice from Gethsemane saying, "Thy will, not mine, be done." So let us console ourselves with the thought of immortality and strive to emulate his many virtues.

Therefore, be it resolved by Rosewood Camp, No. 23, W. O. W. that we extend to his wife brothers and sisters in their bereavements our heartfelt sympathy; and we promise to honor his memory by the erection of a suitable monument and to scatter flowers in the pathway of the bereaved wife, and in due season will meet at grave with wreaths of flowers and cover the mound which marks his last resting place, and brighten our memory with the recollection of his many virtues.

And be it resolved, that a copy

He had just emerged from her room and held her jewel case. "Drop my jewels!" commanded Mrs. Charles.

The thief started to run. Mrs. Charles pursued him to the stairway.

The thief pulled a revolver and ordered her to throw up her hands. As her hands went up Mrs. Charles snatched the revolver.

The thief, however, recovered the weapon and started to run.

He ran down the front staircase to the first-floor lobby. He was about to run into a room and lock the door, when Mrs. Charles caught him by the collar.

Mrs. Charles, who is quite athletic, overpowered the thief and recovered her diamonds, after a desperate wrestle.

At that moment a crowd of men came running to her assistance. When Mrs. Charles saw them coming she seemed to become conscious of the fact that, in the excitement, she had failed to dress properly.

She ran into the bathroom, closed the door and fell to the floor in a faint due to embarrassment.

The thief is held on a charge of daylight burglary.

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. NATHAN B. GREASON, 31 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Skylark.

Bird, where such bright notes are streaming
Heav'nward, is it you
Far above our ken day dreaming,
Somewhere in the blue?

Not a speck of form revealing
Whence those carols fall;
Viewless effluence, heart appealing,
Like a spirit call.

Throb and thrill in chain unending
Touch our raptured ears;
Soft as shower of tears descending,
Rain of happy tears.

Yet your music hath no sadness;
Measureless content
Fills that utterance of gladness,
Love's embodiment.

Though you soar alone, none near you,
Chant you still your best,
For there's one beneath will hear you
Listening from her nest.

So a song of exultation
Happily you raise;
To the Lord of all creation
Sweetest hymn of praise.
—L. Bridger.

Williams in charge. Mr. Williams has come to Kentucky from Illinois after long service with the Illinois traction system, and is in an excellent position to serve the people on his division on matters relative to the proposed new traction line.

Engineers are now at work in the field between the Cumberland river and Salem, having come from Paducah on the route to Uniontown. Reports from the party to date have been highly satisfactory both from a topographical standpoint and also regarding the commercial advantages. More ideal conditions could not be found anywhere—the possibilities for mineral development, production of crops, live stock and opportunities for passenger traffic and other extant resources give to this section of the state such advantages as are not common anywhere. It is believed that without further development the territory would easily support a line on a profitable basis and with the spontaneous development with the operation of the line the improvement will be tenfold. The results of exercise, of progressive influence by electric railway over the territory it traverses are already known; the improvement that follows the line is positive, and in order to insure their operation through Marion. All that is asked is \$4,000 and for every dollar subscribed the company returns service of a basis of value received and then gives stock in the company as exchange, investigation up to this time has already proven so highly satisfactory that the building of the line no more uncertain but a fact—it is a fact this \$4,000 must be assured before work can continue in this territory the growth will be especially remarkable.

Work of securing subscriptions to stock in the Kentucky Southwestern has been going ahead rapidly and meeting with little difficulty at any point along the route. Subscriptions from Livingston county have already justified the entrance of engineers to begin their operations, counties south of Paducah have done a large part of their share but Crittenden is the only county where any difficulty has been met. It is perhaps not understood that before anything is done here Marion will have to show that they want the line and that they mean business. At this time liberal stock subscriptions is the only feature which will be considered as an indicative of their attitude. Since engineers are only a few days off this showing must be made at once and it might be well for Marion to be careful that too much time does not pass before the subscription is made. The time is short and the issue is important. GET BUSY.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. GREAT DISCOVERY

Certain Ingredients That Really Promote Hair Growth when Properly Combined.

Resorcin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp. These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely valuable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93 per cent of cases where put to a practical test. Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Marion, only at our store—The Rexall Store.

Give Them the Flowers Now.

Closed eyes can't see the white roses,
Cold hands can't hold them, you know;
Breath that is stilled can not gather
The odors that sweet from them blow;

Death, with a peace beyond dreaming,
Its children of earth doth endow;
Life is the time we can help them,
So give them the flowers now.

Here are the struggles and striving,
Here are the cares and tears;
Now is the time to be soothing
The frowns and furrows and fears.

What to closed eyes are kind sayings?
What to hushed heart is deep vow?

Naught can avail after parting,
So give them the flowers now.

Just a kind word or a greeting,
Just a warm grasp or a smile—
These are the flowers that will lighten

The burdens of many a mile.
After the journey is over,
What is the use of them, hoy
Can they carry, who must be carried?

So give them the flowers now.

Blooms from the happy heart's garden
Plucked in the spirit of love;
Blossoms that are earthly reflections
Of flowers that blossom above.

Words cannot tell what a measure
Of blessings such gifts will allow
To dwell in the lives of the many,
Oh; give them the flowers now.

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store.

Hogwallow News.

All eyes are now engaged in looking at Columbus Alsop and his marvelous petrified Irish potato. It comes from a crop of nine potatoes that grew on Columbus' farm. Friday he was called to Tickville and floated up on his raft with it. The trip was perilous as it is up stream nearly all the way. Upon his arrival he was met by the Excelsior Fiddling Band who had gone on ahead. At once he set in to wielding the powerful influence of the potato and cured three cases of rheumatism in a few seconds. One of the patients had

Fine Wheat.

We are now grinding as fine a quality of wheat as any country can produce. The flour that we are making from this wheat cannot be excelled. This month and next is the time to lay in your year's supply. Why not lay in what you may need for the next 6 or 12 months while the price is right and roads good? If depositors will bring barrels we will pack same free of charge.

Marion Milling Company, Incorporated.

The citizens of Marion and Crittenden county should be proud of this industry. By close application and fair dealing, this company has built up a big business. This industry beyond question draws more trade to the merchants of Marion than any one home industry. The farmers have in them a home market for grain at all times at the market price. Hence it is to the interest of everyone not only to be loyal to this, but to all industries that have a tendency to build up our town and county.—Editor.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is like a rubber tube plugged with cotton, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY, A. CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Three Preachers Resigned.

Three Chicago preachers have resigned their pastorates because they could not live on their salaries. Rev. H. M. McDowell, Congregationalist, gave up \$1,440 a year. He went to work as an expressman at \$18 a week during his vacation and resigned when his members objected. Rev. Haywood, Baptist, and Rev. W. F. Bostick, Baptist, getting \$1,000 1,200 respectively, gave up their churches because they contemplated matrimony and saw no chance for large salaries.—Providence Enterprise.

REPTON.

The falling of the large and beautiful white flakes of snow Saturday morning, reminded us that we were going to have one of those "old time" snows like we used to have back yonder in the '70's."

A bad accident happened at this place Friday. Pierce McChesney was accidentally killed while loading logs on a car for shipment. The chain, used for rolling the logs on to the car, gave way, permitting the log to roll back and catching Mr. McChesney thus crushing his head causing almost instant death. Mr. McChesney's brother, of Henderson, was notified at once.

by telephone and he came Saturday morning and attended the funeral services at Sugar Grove cemetery, where his brother's remains were laid to rest. Mr. McChesney, we understand, was married last June. He leaves a young wife and many friends to mourn his death.

Mr. and Mrs. Henry Herman, of Todd Co., who have been visiting the daughter, Mrs. Annie Buckles, near Henderson, Ky., and also friends and relatives in Evansville and Mt. Vernon, Ind., are now visiting their daughter, Mrs. B. F. Slaughter, of near this place. Mr. and Mrs. Herman after a few days' visit in our county, will return to their home near Ovil, Ky. Mr. Herman says he will get home in time to stamp under the "rooster" on election day. Mr. Herman owns the farm upon which the famous "Pilot Rock" is, of which the Record-Press, some months ago, gave such an interesting history. Great stores of wealth in the form of valuable minerals are supposed to be imbedded in the earth around this noted rock, viz., zinc, lead, spar, etc., and no doubt valuable leads of coal could be obtained there with small expense. This historical rock is much noted in summer as a great pleasure resort for the young folks, who come there from many miles distance.

this week. Jeff Brantley and brother are baling hay in our community at present.

Henry Brantley took his wife to Evansville Wednesday for surgical examination. The physician pronounced her injury to be a broken or fractured bone about the pelvis, and it would be many days yet ere she will be able to walk. Mrs. Brantley was injured several weeks ago by a cow running over her.

Wm. B. Vinson, while working on a railroad trestle south of this place a few days ago, became over balanced and fell about ten feet to the ground dislocating his arm and also receiving other injuries. Mr. Vinson will not be able to go back to work for several days.

Blind

Ms. Ellie Tiler, Ravens, Tex., writes: I was blind as a bat. I used Sutherland's Eagle Eye Salve and it acted like a charm. It cut the scum off my eye and restored my sight. It is all you claim and worth its weight in gold. 25 cents a tube.

Death at Shady Grove.

Mr. William Brown, of Shady Grove, died Tuesday night after a lingering illness of consumption. The deceased was twenty-five years old. She was a Miss Vanhoser before her marriage about eight years ago. Only the husband survives her. The burial took place at Shady Grove Wednesday.—Providence Enterprise.
