## BEATTIE PAYS THE PENALTY

Young Scion of Noted Virginia  
Family Dies For  
Wife Murder.

Richmond, Va., Nov. 24.—Henry Clay Beattie, Jr., was electrocuted here this morning at 7:23 o'clock for the murder of his young wife Louise Owen Beattie, in July last. Just before his execution he made a confession to his spiritual adviser. After a sound night's sleep Beattie arose at about 6 o'clock this morning. He prayed for a time with his spiritual advisers, then came the last guard of the death watch with the word that all was ready. Unflinching in step and mien, Beattie took from the hand of the Rev. Mr. Fix his little bible, stepped between the ministers and marched across to the death chamber. There he shook hands with the ministers, murmured a word of prayer and was strapped into the chair. One minute later he was pronounced dead.

The Rev. J. J. Fix today announced the following confession of Henry Clay Beattie, Jr.: "I Henry Clay Beattie, Jr., desirant of standing right before God and man, do on this the 24th day of November, 1911, confess my guilt of the crime charged against me. Much that was published concerning the details was not true, but the awful fact without the harrowing circumstances remains. For this action I am truly sorry, and believing that I am at peace with God, and am soon to pass into His presence, this statement is made." (Signed) Henry Clay Beattie, Jr.

H. C. Beattie, Sr., the father, is the tragic picture in this celebrated case, that excited the interest of a nation.

From a proud haughty man, erect of stature, fearless of mien, looking the world straight in the face and upholding the honor of his old Virginia name, he has changed to a forlorn hopeless figure.

With his daughter, Hazel, and his other son, Douglas, he will go to Washington, never to return. They probably will make their home in one of the suburbs of the national capital, departing from Richmond just as soon as they can obtain young Beattie's body and have it cremated.

## Crider-McMican

On Sunday afternoon at four o'clock Mr. Allen Crider of Star and Miss Hallie McMican of Tribune drove up to the Rev. W. T. Oakley's residence and were united in the holy bonds of wedlock by that divine in his most appropriate language.

Herbert Alexander and Miss Beulah McMican the brides sister accompanied them. The groom is a sterling young farmer and is a well liked where known.

The bride is an attractive girl and is a daughter of Henry McMican, one of the county's best men. We wish them much joy.

## AN ARMY

Of Educators Will Invade Marion  
This Week.

Marion has never had a more important meeting than the First District Educational Association. It not only the largest in the state, but it is one of the oldest and the most progressive. The teachers will arrive at 9-50 by special train and will remain Friday and Saturday.

The day session will be of special interest because of the wide experience of the lecturer. He has probably rescued more boys from the life of the street than any other man living. An admission will be charged those who are not members of the association.

On Friday, let every person who owns any kind of a conveyance from a wheelbarrow to an automobile, be at the depot to bring the crowd to town. Let us show them that our hearts are even bigger than our town.

## WILSON DORR DROWNED.

Two Companions Perish Also in  
Little River Kansas.

Letters and papers received in the city last week of the untimely death of Wilson Dorr of Wichita, Kansas. He and three companions were out duck hunting in Little river when the boat was accidentally capsized and all plunged into very deep water and 75 ft. wide at that point.

One of the boys swam ashore secured a boat and returned to the middle of the stream where the boat went down but ere he reached the spot his companions had all gone down for the last time and were no where to be seen. Wilson Dorr was a son of Richard N. Dorr and Grandson of Richard B. Dorr who was for many years a resident of this city, and who was a brother of R. F. Dorr the embalmer and undertaker of this city. His grandmother was Miss Sallie Stewart a sister of Mrs. Kit Shepard of Tolu.

The friends of Mr. and Mrs. Maurice Sutherland will sympathize with them in the loss of their baby girl Sunday as announced in the following telegram to the family rec'd here Sunday afternoon.

3:40 p.m. Tonica, Ills.  
Nov. 26, 1911.  
Mr. and Mrs. Jno. Sutherland,  
Marion, Ky

Vivian died at 4-30 am. Have made no funeral arrangements, may bring her home if we cannot get lot here. If we take her to Marion, will wire you later in day. If we bury her here will have funeral at 9-30 Mon. morning.  
Signed,  
3-45 p.m. Maurice and Ella

## FOR Holiday Goods GO TO M. E. FOHS

### To Flat Rate Patrons of Light Co.

After Jan 1st next our flat rates for residences will be 50cts for each 16 candle light if turned out on retiring and 75cts for each light burned all night, \$1. per month for use of 32 candle lamps and \$1.50. for same if burned all night. It is a question of doubt whether the new flat rates will be profitable. They will not be, unless every one treats us fairly.

We want everyone who wishes to do so, to use a meter, on which we give the unprecedented privilege of 10 lights or less at a \$1.00 minimum a month, or \$12. minimum per year if paid in advance. At which rates we should make a small profit.

### The Christmas Shop.

The Ladies of the First Presbyterian church will have a Christmas sale at the residence of Mrs. S. M. Jenkins on Main st. on December the 12th from 2pm until 10 o'clock p.m. Many useful and ornamental articles will be on sale. Mrs. John Wilson will have charge of the Doll Bazaar and will be glad to display all wares pertaining to Doll land.

The committee who have charge of the delicatessen table promise all shall be pleased, who purchase from them.

A Buffet Luncheon will be served during the afternoon and evening. There is a surprise awaiting all the young people.

Come one and all, everybody is invited to visit the Christmas shop and help the ladies in their good work.

Ed Metz was at Mattoon on a hunting trip last week.

Mitchel Henson of Caldwell Spring section, was here attending court last week.

## An Explanation.

It is likely that some holders of season tickets missed the lecture at the auditorium Nov. 20th because no notice was printed in either of the papers. There was no fault of the management. The bureau did not send the date in time for publication. An effort is being made to have the dates sent at least two weeks before the appearance of the attraction so as to avoid a similar occurrence in the future.

## Inaugural Invitation.

The Inauguration of James B. McCreary, as Governor, and Edward J. McDermott, as Lieutenant Governor, will take place at the Capitol, Frankfort, at noon on Tuesday, December 12, 1911. All Kentuckians, regardless of party affiliation, are most cordially invited to attend the ceremonies incident to the Inauguration.

Clubs and other bodies that wish to participate should notify the Executive Committee soon as possible, in order that they may be assigned positions in the parade.

## JUDGE GORDON GONE HOME

Court Closed Wednesday Morning,  
Nov. 29, After a Very  
Interesting Term.

The November term of the Circuit Court adjourned Wednesday morning at 10:30 o'clock and Judge Gordon left on the 11 o'clock train for his home in Madisonville.

There were many cases settled and much important business dispatched. In the big suit of \$30,000.00 against P. B. Croft, in which H. B. Williams sought to recover, that amount peremptory instructions were given the jury by Judge Gordon after hearing the plaintiff's testimony and witnesses. This is one of the largest suits and most important ever filed in the court. Blue & Nunn and O. M. James, represented Croft; A. C. Moore and L. H. James, represented Williams.

Most of the Commonwealth cases were continued. The ones against A. F. Lemon, S. S. Woodson, Geo. Thompson, Hicklin & Thomas, Foster & Son, Pickens & Clark, Ray Williamson, and Dan Dorris were dismissed. Fines of \$100.00 were imposed on the I. C. railroad, in two cases and two cases were dismissed. Dan Dorris fined \$5.00 in one case, and one case dismissed. Leige Tabor was fined \$10.00. Henry F. McConnell fined \$25.00 and ten days in jail.

The cases of John C. Moore vs Alfred C. Brown, R. C. Brown vs J. C. Moore, and Ida Brown vs J. C. Moore were all settled out of court.

In the land suit of John T. Hardin & Co., vs Hugh McMaster, a judgement was given the plaintiff.

## Christmas Oranges Filled With Silver To Be Given Away Absolutely Free.

Beginning Friday, Dec., 1st and Ending Monday Dec., 25th  
During this time with each dollar of merchandise sold for cash we will give one nice Naval Orange, just as in our former sale.

Some of these oranges will be just as they came from the tree:

Some will contain a New 5c Piece.

Some will contain a New Silver Dime.

Some will contain a New Silver Quarter.

Some will contain a New Silver Half Dollar.

Some will contain a New Silver Dollar.

To illustrate, if you buy one dollar's worth of domestic or anything else, you draw one Orange. If you buy a twenty dollar cloak or suit, you draw twenty Oranges.

We do not ask, or expect anyone to buy a penny of us in the expectation that they will draw money, because they may not. There are many Oranges without money.

The free distribution of silver is not the most attractive part of what we can, and are doing for our trade, though that is far from being without its merits.

Our store is teeming with all kinds of the best merchandise that the looms and mills can produce, and as stylish and nifty as genius and art can devise.

We have the greatest line of Fall Offerings we have ever shown: You can find here **Everything You Need To Wear** and at the most marvelously low prices.

So if you need merchandise, or will need it soon, no house ever did, ever can, or ever will give you more merchandise for your money than we are giving and in addition we will during this time, give you one Orange with each dollar's cash purchase and that Orange will in many cases contain money.

A Great Opportunity to Get Xmas Oranges Free.

## FREE REMEDY HELPS CHILDREN

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is not dynamic like salts, pills and powerful cathartics, which should not be given to children under any circumstances.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—wonderful results have been secured with Syrup Pepsin over night.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

For the free sample address him, Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

### WESTON

Weston is on a boom.

The lumber is being put on the ground for a new C. P. church, which is badly needed.

Dow Travis, formerly a citizen of Weston, now residing in Cairo, Ill., was here this week on business.

Miss Vera Bonnett spent a most pleasant day Wednesday with aunt Rissa Cain.

The launch "Ollie James" made a trip to Cave-in-Rock, Ill., Tuesday for a load of flour for C. W. Grady, returning Wednesday. It also took Roy Hughes and wife to Plew's Island to visit her mother, Mrs. B. Plew.

Martin Kennedy has just recovered from a long spell of malarial fever.

A drummer representing the Star Brand Shoe Co., was here Wednesday. There are no better shoes, and you will find them at C. W. Grady's store.

Among the business men that were here this week were "Uncle Sam's" men, of Paducah, inspecting the post office.

Mrs. J. B. Hughes and children spent Thursday with her aunt, Mrs. Darby Hughes.

Mrs. Mattie Robinson was here shopping Thursday.

Mr. Gunther, of Illinois, has moved on the Parker farm near here.

Mrs. John Swaney and daughters, Rowena and Geneva, spent a most pleasant day with Mrs. O. T. Hughes Thursday.

Mrs. C. Williams was a pleasant caller of Mrs. J. L. Mattingly Thursday.

E. L. Nunn, of Rodney, was here Wednesday afternoon.

Joe Duncan and wife, of Baker, were here shopping Wednesday.

Butter 17 at C. W. Grady's.

Geo. Grimes, Sr., near Green's Chapel, was here this week.

Among the visitors that were here this week that was quite an attraction was a party in farm wagon, of O'possum Ridge, with two sandy mules hitched to the wagon. The party was composed of Mrs. Carrie Wofford and daughter, Maude; Mrs. Jack Hughes and daughter, Mattie; and Miss Greta Maye Holman. It seems that in selecting their "possums" they brought all ages, some that had been on the ridge for years. It would be of no use for me to give you a description of the party as they are widely known, but will say a few things in regard them, Mrs. Jack Hughes was the driver.

## Life Saver

In a letter from Branchland, W. Va., Mrs. Elizabeth Chapman says: "I suffered from womanly troubles nearly five years. All the doctors in the county did me no good. ## Persia Bows Before Russian Ultimatum and Will Make Apology.

London, Nov. 28.—The Persian Government this afternoon officially notified the British Government that acting under the latter's advice it would comply with the demands of the Russian ultimatum.

Orders have been given for the withdrawal of the gendarmes who were sent by W. Morgan Shuster, the Persian Treasurer-General, at the instance of the National Council to seize the property of Shua-es-Sultaneh, a brother of the ex Shah of Persia.

The Persian Government will apologize to Russia. A new Persian Cabinet will be formed today.

## Big Plant For Sutherland Co. Steel and Concrete, Modern Throughout.

Great Growth of Company.

The E. E. Sutherland Medicine company has let a contract for the erection of a three story, steel and concrete construction factory on the south-eastern intersection of Jefferson street and the Illinois Central railroad tracks, and active work will be started in the early spring.

The building will have ample private railway trackage for the economical handling of freight, both in-coming and out-going; will be equipped with private steam heating plant, large printing department, hoisting machinery, elevators and etc., and all machinery will be operated by electric power. The offices will be in the second floor of the building, fronting on Jefferson street.

The structure, which will be

constructed on the latest and most approved factory models, will add a substantial tone of improvement to that part of the city. It will be well lighted, well ventilated, as it will be for the especial use of the E. E. Sutherland Medicine company, it will naturally have many economical features connected with the manufacture of their preparations which would be impossible in any but a factory built for that specific purpose.

The company for several years past has had its laboratory and manufacturing plant on Third street between Broadway and Jefferson, but has been crowded out of its present quarters by the enormous increase of business, which it has built up by its progressive methods and the superior merit of the preparations it manufactures.

### A NEW PRODUCT.

Ki-Lax, the celebrated laxative manufactured by the Sutherland people, is largely responsible for this move on the part of the company at such an early date. While they have realized for some time that the present quarters were growing too small the addition of this successful preparation in their line has expedited matters to a great extent. When the manufacture of Ki-Lax was begun the Sutherland company did not anticipate the enormous demand that there would be for it and were not prepared for the rapid increase which it has brought about in their business.

Incidentally, by reason of the fact that the Sutherland Medicine Co., is what is known as a national concern—that is, they sell their remedies in every part of the United States, Mexico, Central America and the West Indies and the trademark of the bell has become so generally and favorably known throughout all of those countries that its presence on a carton or package guarantees both the merit and purity of the article under that label. In order to protect their customers as consumers, and themselves as manufacturers they have decided to change the name of Ki-Lax to Bell's Podolax. By placing this preparation under the protection of the Bell trademark, the company derives the benefit of the enormous amount of advertising they have done to establish that trademark and at the same time to make it impossible for what is known to the trade as small local concerns, to derive any benefit from the E. E. Sutherland Medicine company's advertising by the manufacture or sale of laxatives which the customer would be liable, by reason of a similar sound in names, to get instead of Ki-Lax; it is for that reason that the company has decided to put their laxative under the protection of their trademark of the Bell and call it Bell's Podolax.

The management and owners of this popular concern are being congratulated upon their progress and enterprise and especially upon the increase in their business which made it imperative that they have greater facilities for supplying the demand for their popular remedies. Their branch houses in Mexico and Cuba are also taxed to their full capacity in taking care of the trade in those countries, as well as Central America and the West Indies, and additions are contemplated for them in a short time.

### A Letter From Dr. Mather

The Editor:—  
Crittenden Record-Press,  
Marion, Ky.,

My Dear Sir:—

In the current week's issue of the PRESS I notice an announcement of the Marion Electric Company which contains a reference to the completion of the new Methodist Church, and the probable time of its dedication.

Will you have the kindness to publish in your next issue the fact that the statement referred to was made solely on the responsibility of those who had it inserted; and that it is, to say the least, premature, the regularly constituted Officials of the church in question having given no authority for its publication.

Sincerely yours,  
Arthur Mather, Chairman  
Building committee.

### Mme. Bonaparte Dead.

Washington, November 29.—Madame Jerome Napoleon Bonaparte, widow of a grandson of Jerome Bonaparte, brother of the first Napoleon, and granddaughter of Daniel Webster, died at her home here today after a long illness. She was first stricken at her summer home in Bar Harbor, Maine, and was brought to this city in September, since which time she has gradually failed.

She was seventy-two years old, and was born in Boston, her maiden name being Caroline Loring Appleton. Her mother was a daughter of Daniel Webster. She was married first to Newbold Edgar, of New York, and after his death became the wife of Jerome Napoleon Bonaparte, of Baltimore. She is survived by five children—Newbold Leroy Edgar of New York, Commander Webster A. Edgar of the United States navy, Sister Mary de Sales Edgar of the Convent of the Visitation, Baltimore, Jerome Napoleon Bonaparte, and

the Countess Von Moltke-Huitfeldt of Denmark. Jerome Napoleon Bonaparte and Newbold Leroy Edgar were at their mother's bedside when the end came.

### An Enterprising Farmer.

C. A. McReynolds, who lives near Concord church, is possibly the last man in the county to offer a wagon load of watermelons for sale on the streets of Hopkinsville this year. All during the summer Mr. McReynolds sold big, juicy melons here and Wednesday he was in town again with several big ones which he sold readily.

In addition to his melons he had a lot of turnips and several bird dog puppies. He sold out everything before he left town late in the afternoon.—Hopkinsville New Era.

#### "First Aid" Needed.

Miss F—, the dressmaker, had been in bed for quite a long time, when she was awakened by a violent knocking on the street door. She sprang up, and discerned a small urchin hammering away at the door.

"Hello there!" she cried out, angrily.

The youngster looked up. "If you please," he shouted, "you're wanted at No. 14. My mother."

"Go away, you little silly," broke in Miss F—, "you're at the wrong door. The doctor lives next house but one."

"But," yelled the youngster, louder than ever. "It's you we want. Mother's been having her new hobble skirt on to-day and we don't know how to get her out of it."—Providence Journal.

#### CHILDREN INJURED

Orinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive

looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Marion only at our store—The Rexall Store.

#### MANAGER HODGE

Replies to The Open Letter of The Stemming District Association.

Henderson, Ky., Nov. 22, 1911.  
Messrs. I. N. Baker, Chairman District Board; Geo. L. Campbell, Committeeman Henderson County; C. D. Oglesby, Committeeman Union county. Gentlemen: Your letter, addressed to me as manager of the Imperial Tobacco Company

of Kentucky, was received by me on the 7th inst., after it had been made public through the press of this city.

I have not sooner replied to your letter for the reason that from the voluntary assurances of his disapproval of the letter given me on the morning it was published, by Mr. William Elliott, the General Manager of your Association, and from what was subsequently said by you three gentlemen when visiting me at my office in reference to the matter, I expected some satisfactory correction to be made, but as none has been made I am unwilling to let it pass without notice.

A careful reading of that letter convinced me that you were misled, for the allegations contained therein, so far as applying to the company I represent, and used as the provocation for the communication, are contrary to fact.

The company of which I am General Manager is not "an alien"—its articles of incorporation were prepared by the late Governor John Young Brown and are recorded in the office of the Henderson County Clerk. It has never been indicted, notwithstanding its connections and business methods were thoroughly investigated by the federal authorities, and the only reason that can be suggested for this exemption is there was no ground for it to be charged with any unlawful acts.

The Imperial Tobacco Co., of Great Britain and Ireland, whose requirements of western tobaccos are supplied through the company of which I am General Manager, was made a party of the recent suit against the American Tobacco Company in the federal court, where, as I understand, no fault was found with the British company beyond an agreement relative to the sale of its manufactured product, which agreement, as I understand the court's decision, has been or will be abrogated in compliance with the court's ruling.

Respecting the British company I can only say I am not informed as to its plans and purposes. With respect to the Imperial Tobacco Company of Kentucky, it will act in the future as it has in the past, by conducting its business in strict conformance to all the laws of the land.

Replying to your harsh allusions to my "alien employers" and the "aliens and foreigners" who furnish the money paid out by company, I will say, as a citizen of this community, with my interest bound up in its welfare, I hope there may be a constant increase in the volume of foreign capital paid out for its products.

And now, gentlemen, let me say in conclusion that while I shall always entertain with great respect any communication of which you are the real authors, I must hereafter be excused from replying to articles that are intended for publication. I have no taste for newspaper writing and will decline to be drawn into a wordy newspaper war.

I follow your example by giving this to the two newspapers in which your communication appeared.

Very truly yours,  
**EDWIN HODGE,**  
General Manager the Imperial Tobacco Co., of Kentucky.

#### Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

#### Here's Proof.

"I had my back hurt in the Boer War and in San Francisco two years ago I was hit by a street car in the same place. I tried all kinds of dope without success. Two weeks ago I saw your liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."

#### PRISON SENTENCE FOR DEAD MAN

Case Was Pending Before Supreme Court When He Was Assassinated.

Oklahoma City, Okla., Nov. 17.—A dead man was today sentenced to serve ten years in state prison, and his estate will foot the bill of court costs. John W. Sharpe, while chief of police at Talequah, Okla., shot and killed Wm. Powell, a youth. Sharpe was tried and convicted of second degree murder and appealed the case. In September, last year, he was assassinated. The court of criminal appeals today affirmed the sentence of the trial court.

## TOBACCO TIDINGS.

BY R. F. WHEELER.

### WHAT IT MEANS.

From an editorial in Saturdays Louisville Times on the recent Green River sale we print the following extract:-

Today there is rejoicing that after much negotiation, the Green River crop has been sold at what we are asked to believe is an unprecedented price. We hear a great deal about the \$10 for leaf and lugs; we are asked to picture the wave of prosperity that is going to be turned loose in that blessed land; we are to imagine something that would make Canaan blush with envy and turn to vinegar the best wine of the best grapes that were ever brewed back by the messengers of Joshua.

What does it mean? When you boil it down you will find that about 30,000,000 to name an outside figure, has been sold at an average not appreciably above seven cents. In what way is this price to be so tremendously accepted for congratulation? Thirty years ago it was not uncommon and thirty years ago it would be perfectly reasonable to say that tobacco cost not less than two cents a pound less to raise. Labor has become scarce and expensive in the last thirty years and in this time farm value in Kentucky have increased measurably and the only thing that has gone down that the farmer has to have is money.

In 1881 Kentucky was prosperous and happy; in 1911 Kentucky is doubtful and disturbed, and she is disturbed because of the tobacco crop, because of past tobacco crops. The farmer has become suspicious. There existed, formerly between him and the buyer something that may be described as Free Masonry, and it so happened that he would even submit to be ruthlessly docked because he knew that the men that he sold to meant to treat him fair and white. But the big corporations have come along and the big factories and the modern plants and steam and science and distrust. And it happens that the farmer unable to tell just precisely where he is pinched and why he suffers, is certain only of one thing and that is he is not getting, and scarcely dares hope to get, the fruits of his labor. After organization, after threats after in some districts, what might be called reign of terrorism, he shouts that it has been permitted him to sell at an average price of seven cents. And we repeat and emphasize that he was better off thirty years ago, twenty years ago, ten years ago, yesterday.

Chairman Dean instructs me to say to members that wish to strip, that they may do so under last years instructions until you receive other. Tie in medium sized bundles, assort the different lengths and class green colored to itself.

The tobacco company that we all know and admire is now four tobacco companies. Is the farmer better off? Is his last condition visible, tangible actually an improvement on his first? We doubt it. And we

commend the inquiry to the careful consideration of Mr. Stanley and Mr. James, of all our Representatives in congress. The Steel is an inquiry, a crime, but steel doesn't grow in Kentucky. Tobacco does and some thing is wrong somewhere.

### Drive Turkeys 50 Miles to Market.

Mt. Vernon, Ind., Nov. 27.—Pedestrians stopped in their tracks in amazement today at the strange sight of a flock of 46 big turkeys being driven through the streets. It developed that the flock was nearing the end of a journey of 50 miles and that the birds for the Thanksgiving table had trotted from Crittenden county, Ky., in charge of Ike Gray, the owner. Generally the birds are crated and shipped by rail, Gray, however, hoped to get a better price by saving the freight rates and he made the turkeys walk. The big birds made no attempt to scatter but kept in a well ordered flock, obeying the cries and movements of the driver.

## The Planet Mars.

The planet Mars is now a very brilliant object in the eastern skies in the early evening. Today Mars is nearer the earth than he will be again in twelve years, but is now some 10,000,000 miles further away than he was two years ago when his startling brilliancy in the east caused a surmise among some of the imaginative commonality that the Star of Bethlehem had returned with mysterious and ominous portents. Two years ago Mars was about 37,000,000 miles away from us; his present distance is about 47,000,000 miles. He will gradually recede, losing brilliancy, and will not be so attractive in appearance again until his near approach to the east twelve years hence. —New Era.

# WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.  
Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound. I and my friends who are afflicted with any female complaint to try it.—Mrs. ORVILLE ROCK, R. D. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

## Autumn's Lessons.

Summer has gathered up her robes of glory and like a dream of beauty has glided away and autumn, the year's "last, loveliest tale," with the beauty of its sunset and its chilling winds surrounds us. The cricket chirps in the grass or by the hearth but the shrill cry of the katydid is hushed. The summer bird flies high as it passes to its far away home but the sparrow chatters in the hedges as if to defy the chilling blast of winter.

Truly 'tis the melancholy time of the year for every where about us and on every hand we see evidences of the grim reaper's hand. As we walk down the lane or across the field we see a vision of departed glory. Here the land was lit with all the autumn blaze of golden rod. There the purple asters nodded and bent and waved and flitted but their beauty is gone and they remain only as skeletons of their former selves. We look again and we see the meadows in the "brown and sear." We turn to the woods and their many color'd robes of beauty only show that death is near and these robes, green and beautiful for so short a time, must drop to the earth to be laid away in the great sepulchre and there go the way of all the earth.

And so we have before us a living example of life and of death but there is another thought and a more pleasing one. From this vision of departed glory we grasp a vital truth: we learn a great lesson. We see in it all a splendid example of missions fulfilled, of work well done and of labors ended. And this be-

cause we see as a result of it all a glorious harvest. Look, for example, at the corn stalk; a short time ago green and beautiful and full of life but which has now no semblance of life yet it bears its perfected harvest in the way of one, two or three ears of corn for the sustenance of life during the winter. We examine the various trees and we find that they too, have borne their harvests and finished well their work. The majestic range with its tiny acorns, the hickory with its nuts, the apple with its fruit are all nature's examples to teach us of life's mission. And is not this lesson from nature a great inspiration to us? We, too, have a mission in life, a work to do. Shall we not imitate nature and try to do this work perfectly.

A sad time, we say? and so it is for we see death on every hand and death is always sad. But it is more. It is a time of rejoicing. It is a time of harvest. It is a time of well filled barns and cellars. It is time to take an inventory of our work of the past year. It is also a time of life. It is a time to begin anew and prepare for the work of another year.

Some one has most beautifully illustrated autumn and human life in this way; the leaves falling, like our years; the flowers fading, like our hours; the clouds fleeting, like our illusions; the light diminishing, like our intelligence; the sun growing colder, like our affections; the rivers becoming frozen, like our lives—all bearing secret relations to our destinies.—Leonard Guess, Crider, Ky.

San Francisco, Nov. 28.—Siguard Haatig a real estate dealer, formerly of Cincinnati, accidentally lit a cigarette with a \$1,000 bill here yesterday. He intended to burn only the end of a bit of yellow paper protruding from the edge for the edification of his friends. Samuel Hallar, another friend, joined the group just as Hartig lit the cigarette.

"Give me a light, Sig," said Hallar, seizing the bill. Before Hartig could recover the bill it was in flames. The two men quarreled and were separated by a city detective, who reported the incident to the police.

A small corner of the bill and a few ashes were recovered, and will be sent to the Treasury Department at Washington by Hartig in an attempt to have the loss made good.

## CAN'T BE SEPARATED

Some Marion People Have Learned  
How to Get Rid of  
Both.

Backache and kidney ache are twin brothers. You can't separate them.

And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

William Redd, farmer, Marion, Ky., says: "I was subject to sharp twinges through my loins when I stooped or lifted and was also troubled by a pain in my back. At night I had an acute backache and when I arose in the morning, I was very lame. I tired easily, felt dull and languid and at times was nervous. The kidney secretions were too frequent in passage and I was obliged to arise from three to four times during the night. Learning of Doan's Kidney Pills, I procured a box at Haynes & Taylor's Drug Store and after using them about three days, I received such great relief that I continued taking this remedy until I was cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. N23-30 No. 1

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Americans Are Warned.

London, Nov. 28.—Japan has asked the Powers to allow the Mikado to act for them in China, according to reports received here today. The Tokio government states that it has two divisions of troops in Korea and is able to make any desired movement at a moment's notice. The Japanese offer is interpreted here, as a move to prevent the United States from securing a foothold in China.

## Hundred Story Building

At the recent convention of the National Association of Building Owners and Managers in Cleveland the statement was made that skyscrapers over 30 stories in height were monuments of uselessness. To show the absurdity of that statement George T. Mortimer, vice-president of the United States Realty and Improvement company of New York, declared that plans had been prepared for a hundred story building for lower Broadway—a building 1,300 feet high the loftiest structure of any kind in the world.

In his New York office the other day Mr. Mortimer, who has built several of the tallest skyscrapers in Manhattan, admitted that plans for the hundred story building had been submitted to him by a well-known architect whose name he is unwilling to divulge at the present time. He declared that he had found the plans practical from an engineering standpoint and that there was no reason why New York could not have a building more than twice the height of the Metropolitan tower, providing its promoters could raise the \$30,000,000 necessary to construct it. That this hundred-story building will be constructed immediately is doubtful, but Mr. Mortimer believes it is bound to come in the near future.

Think what a hundred-story building means—an edifice twice as high as the Singer Tower and 550 feet higher than the new Woolworth building, which is now rising opposite City Hall park; it will cost in the neighborhood of \$30,000,000, and will require three years to build; it will have offices for 25,000 persons—the population of a city the size of Yonkers.

A few years ago, when it was believed the building code would be amended to prevent the erection of buildings higher than twenty stories, the Equitable Life Insurance company filed plans for a sixty-story building, but that was little more than a dream of the late Paul Morton, then president of the company. When the Metropolitan tower was built two years ago it was thought the limit in height had been reached. That structure of forty-nine stories towers 700 feet above the ground. But at the present time a fifty-five-story building is in course of construction which, when completed, will be 750 feet high. So it will be seen that the hundred-story building, like the thousand-foot boat is really not a dream, but actually in sight as a practical realization.

According to Mr. Mortimer, the erection of a hundred-story building will not offer any more serious engineering problems than are to be found in putting up one of forty-five or fifty stories. The foundations will not have to be any deeper, for the solid rock below the surface of Manhattan would support a 500-story building if it were possible to build one. The problem of elevator equipment becomes more serious, for the space devoted to them naturally cuts down the renting area. The plans for the hundred-story building, which covers an area of 50,000 square feet, provides 90 elevators to carry the 25,000 occupants and hundreds of thousands of visitors to their offices.

The building, of course, will be of steel construction, more than 40,000 tons being required, not to mention 22,500,000 common brick, 2,700,000 face brick, 60,000 cubic feet of Indiana limestone, 6,000 cubic feet of granite and 9,000 tons of ornamental terra cotta. The other materials are in equally stupendous quantities. For instance, 1,350,000 square feet of partition tile will be needed, 175,000 square

feet of wire lath, 1,200,000 lineal feet of 3x4 inch spruce sleepers, 2,400,000 feet of pine boards for floor coverings, 6,000 windows 18,000 square feet of glass and 840,000 pounds of window weights. The building would have a rentable area of 1,800,000 square feet.—N. Y. World.

## TOBACCO TIDINGS.

BY R. F. WHEELER.

## DON'T STRIP YET AWHILE.

Tobacco shows up far better to buyers after two or three good seasons. So let them come and go two or three times before stripping. Let it freeze and thaw a time or two. No sale has been made as yet. There is plenty of labor in the district to handle this short crop, and when you start stripping you can whirl in and finish it up in short order. Should you strip it now before it is sold, and should the weather turn warm, you know the risk of damage, and the extra labor farmers are put to. Wherefore,

be patient and let your tobacco go through two or three seasons. Concerning a sale: I can't for the life of me see why a sale cannot be consummated. The district board is anxious to effect a sale for wagon delivery. Too anxious indeed is the board to make a sale for delivery, other than prize, that the board stands ready to abate somewhat of the true value of the crop. The buyers want the crop, and want it delivered from the wagon. They don't want the association to prize this crop. The crop throughout the five counties is only about half a crop, and the quality is admittedly extra good. And I can't but believe a sale will be consummated.

The district board, all five members present, was in session yesterday. Mr. Thomas Gallagher of Belfast was in consultation with Mr. Elliot and the board for the greater part of the day. The meeting, so far as I can learn, resulted in nothing definite. Nor could I learn that any progress had been made.

Messrs. George Campbell and D. B. Coffman of the committee went home after the meeting. Messrs. I. N. Baker, C. D. Oglesby and T. M. Dean of the board will leave for home today. Banks in Glenner.

## INTERESTING EVENTS IN CHICAGO NINETEENTH NATIONAL IRRIGATION CONGRESS DECEMBER 5 TO 9.

The object and purpose of this Congress can best be expressed in its motto, "Save the forests, store the floods, reclaim the deserts, make homes on the land," to which might be added "drain the swamp and make homes on the land."

There are in the United States 75,000,000 acres of swamp land, non-productive, a menace to health, and a deterrent to immigration. 75,000,000 acres divided into 40-acre farms means homes for 1,875,000 families, or approximately 10,000,000 of our citizenship. This land when reclaimed will be as healthful as land that has always been dry, and will be the most productive of all lands, because it is composed of the rich soil brought down by the rivers, deposited and mixed with the decayed vegetation for centuries.

On account of the diversified ownership and state complications it would seem that the United States Government is logically the authority to redeem these lands along the lines pursued in the reclamation of the arid lands of the West.

The results of irrigation of the arid lands of the Far West, and the possibilities of the drainage of the swamp lands of the Great South, and elsewhere, will be given particular attention in an elaborate program that has been planned for this congress. Delegates from all parts of the country, as well as foreign representatives, have been invited, and a goodly attendance is expected.

## A Story of the Civil War

(Continued from Last Issue)

Sunday, October 30th, received orders to be ready to move at a moment's warning. We marched out at 9 o'clock, crossing Ocoee river and passed through Rome, marched out on the Calhoun road and camped about five miles north of Rome.

Monday, October 31, orders to move at 4 o'clock, moved out crossing a large creek (Mill creek) with a large mill on it, passing through Calhoun, moved one mile from town and camped on the side of the railroad for the night, making a march of 17 miles.

Tuesday, November 1st, ordered to be ready to move at 5 a. m. Moved out, crossing Ocoee river, passing through Rassaca camped one-half mile from town for dinner. Ordered to move at 4 o'clock, joined the brigade, marched until 9 o'clock at night, camped in a field near Tilton. Rained in the evening, dark and muddy, men tired and wet. We marched 12 miles today.

Wednesday, November 2, left camp at 9 o'clock. Our regiment was ordered to guard a wagon train. Marched along on each side of the train, got to Dalton about 1 o'clock, marched about a half mile from town, camped near a large spring near the railroad. Rained nearly all day. Very muddy, men all wet and cold. We taking the Rebels winter quarters, tore them up, made a fire for the men to dry their clothing.

Thursday, November 3rd. Our brigade left at 8 o'clock. Our regiment was left at Dalton to be in charge of the wagon train of the 8th division. Rained all day constantly. All day in camp, very cool in the evening. Friday, November 4th, laid in camp all day; nothing of any consequence happened today. I went out on picket; raided in the evening. Turned very cool and cleared off. Very big frost.

Saturday, November 5th, came out on picket in the morning. Laid in camp all day. Nothing transpired today. Cool and pleasant all day.

Sunday, November 6th, remained in camp all day. Nothing happened today.

Monday, November 7th, remained in camp until 12 o'clock. Received orders to move the wagon train. It was out on the road, crossed Mill creek the second time today, passing through

Buzzard Roost valley, marched on through Tunnell Hill crossing East Chattanooga creek twice, camped at Ringold on the railroad. Very muddy marching, we made a march of eighteen miles today.

Tuesday, November 8th, started out on the march, crossing Chickamauga creek, marched through the Chickamauga battle ground, crossing west Chickamauga, marched on to Missionary Ridge, down to Lookout Valley. Mud six inches deep. Came within two miles of Chattanooga. Rained all day and night. We all voted to day and drew clothing. Very wet and disagreeable, making a march of 28 miles. Halted at 2 o'clock p. m.

Wednesday, November 9th, ordered to move at 6 o'clock, and marched through Chattanooga, Tenn., got on the cars, stayed on the cars until 1 o'clock in the rain, the men on top of the cars and flat cars. The muddest time I ever saw. Started at one o'clock, passing through East Point and Stephensport, Ala., and numerous other places too numerous to mention. Ephraim Brown, Co. B, fell off the cars and was left at Stevenson, Ala. We ran all night. Men very wet and cold on top of the cars.

Thursday, November 10th, arrived at Nashville, Tenn., about daylight, got off the cars, ate breakfast. Orders came that our cars could be had to transport us over the road and we were ordered to move out to camp between the railroads. Remained all night. Cool night, ice one-fourth inch thick.

Friday, Nov. 11th, we were ordered to be ready to start at 12 o'clock. Got on the train, marched down through town, but we did not leave Nashville until 5 o'clock, p. m. Rained all night. Passed through Galatin, Franklin and Bowling Green and many other towns on the road. Very cold night.

Saturday, November 12th, still on the train after running all night. We stopped at Elizabethtown, Ky., for dinner. Arrived at Louisville, Ky., at 1 o'clock, got off of the train and laid in sack yard until we could get orders. We then marched to the Soldiers' Home and remained all day and night. A great many citizens came to the depot to see our regiment when we arrived. Very cool today.

Sunday, November 13th, laid in Soldiers' Home all day. No orders came for us. Very cool day. No orders. Rain in the night.

Monday, November 14th, still laid in the Soldiers' Home all evening.

Tuesday, November 15th, still lay in Soldiers' Home. No orders yet. Very cool.

Wednesday, November 16th, still laid in camp in Soldiers' Home. Still no orders. Cool nights.

Thursday, November 17th, still in Soldiers' Home; nothing doing and no orders.

Friday, November 18th, ordered to take charge of the military prison. Companies C and K detailed to take charge of the fort and hospital.

Saturday, November 19, taking charge of the prison at 4 o'clock, moved in and relieved the negroes who were guarding. I was officer of the day. Nineteen men on relief, set up all night.

Sunday, November 20th, I was detailed as officer of the provost guard with twenty men to go provost guard under Col. Charles Hanson, provost marshal. We held this position until January 10th when I was relieved to make out our muster-out roll. After I got them completed we were mustered out January 17th, 1865, after serving three years and three months and seventeen days. We were paid off and all the boys bought them a new citizen's suit and we boarded a large steamer guarded by a gunboat, and started down the Ohio river, got into an ice gorge above Warsaw and had to lay until the gunboat broke the gorge loose. After floating with the ice ten or twelve miles we were able to turn the wheels, ran down to Ford's Ferry, got off and took it afoot for home, got to Marion about dark, ate supper at the old White hotel on the corner of Ford's Ferry and Salem street it was called then. Started for home now, where Caseyville is. The rest of the boys all scattered out at Marion except the Debow boys. We came home together and I have lived in Crittenden county and Caldwell county ever since.

## Another Account of the Koon-White Wedding

The marriage of Mrs. Fannie Koon, of this city and Mr. W. H. White, of Cobb, was solemnized at Marion Tuesday morning of this week at the home of the officiating clergyman, Rev. M. E. Miller.

After their marriage Mr. and Mrs. White took the first train for Fredonia, where they were met and conveyed to the home of Mr. and Mrs. J. R. Jackson, who extended to them an elegant reception. On Wednesday they came to Princeton, arriving on the afternoon train. That evening they were received and highly entertained by Mesdames Sudie Anglin and Wylie Jones.

Both the bride and groom are among Caldwell's best known and most popular people, and have the heartiest congratulations of their many friends throughout the county.

Mr. and Mrs. White will, for the present, make Princeton their home, and will reside on Franklin street.—Princeton Leader.

Will break up the worst cold and allay throat irritation. This remedy quickly cures Coughs, Colds, Grippe and all throat and bronchial troubles.

## Snow at 10,000 Feet.

Fort Wayne, Ind., Nov. 27.—A journey in a balloon through snow squalls at an altitude of 10,000 feet was recounted today by G. L. Bumbaugh and Walter Mott, who sailed in the balloon Duesseldorfer from Indianapolis yesterday and alighted late last night fifteen miles southeast of this city. They came here today to send news of their safe landing to their families.

The aeronauts suffered from intense cold, they said, and combatted the storms in several stratas through which they arose by throwing out sand ballast. Finally the burden of snow in

## Our Prize Offer To Users Of Newbro's Herpicide

We are very enthusiastic about the virtues of Newbro's Herpicide. It is our candid belief that if every citizen of Marion were to try HERPICIDE for a little while, that the vast majority of them would be so pleased with the results that they would feel under obligations to us for calling their attention to it.

In order to encourage this trial in Marion we have arranged to give valuable premiums to the first 30 persons who bring the coupon in this advertisement to our store and purchase a \$1.00 size bottle of Newbro's Herpicide.

The first six buying a one dollar size bottle will receive a dollar bottle FREE—two bottles for the price of one.

To the second six will be given a fifty cent bottle Free.

The next six will be presented with a box of Gallogly's delightful Seaweed Cream. This Cream is made by the Herpicide Company and is very superior for the skin. It sells for fifty cents everywhere. You get a box FREE.

The following twelve people are given a cake of Herpicide Aseptic Tar Soap, the usual price of which is twenty five cents. This is a very fine Soap for Shampoo purposes, having none of the injurious effects so frequently experienced. If among this lucky twelve you get a cake FREE.

## Save and Beautify the Skin

For preserving and making the hair beautiful nothing is superior to HERPICIDE. It destroys and removes dandruff which is a deadly enemy to nice hair. Regularly applied this wonderful remedy makes the hair healthy, prevents its coming out and causes it to become light, fluffy and beautiful. The itching stops almost instantly.

The one dollar size bottle of NEWBRO'S HERPICIDE is positively guaranteed by us. Your money back if not satisfied.

This is the coupon entitling you to premium. Cut it out now—don't wait until tomorrow—make sure of a bargain—buy today.

## Notes From The Contest

The contest at Blooming Rose, Nov., 18th, was a decided success. Long before the time appointed for the contest to begin the house was filled overflowing with eager people awaiting

to hear the first strains of the brisking awakening violin. Then came the rush for standing room. Mr. Willie Croft, the ticket collector was so rushed that he was forced to have assistance. It has been estimated that over 211 people were there to witness the contest between the best fiddlers in the county around.

Promptly at 8 p.m. the Orchestra composed of Edward Large, Ewell Hardin, Misses Birdie Large and Ona Malcolm silenced the murmuring crowd of anxious listeners. Then some choice recitation were rendered to the gratification of all present. Misses Ona Malcolm and Birdie Large received quite an ovation after rendering two very beautiful classic pieces accompanied vocally by Prof. Hardin.

Then the contestants were each given a chance for supremacy in welding the bow. The Judges awarded the first prize to Mr. C. Adams. Second prize was given to Mr. Carl Monroe. All went away feeling that they had got their money's worth.

By one who was there.

### NEW SALEM.

Sam Wolford, a little daughter of Henry Brouster, and Mrs. Sarah Kirk, are on the sick list and under the care of a doctor.

Miss Cora Wheeler is still dangerously ill. She has been confined to her bed eight weeks.

Born to the wife of Reuben Wheeler Nov. 21st, 1911, a fine baby boy.

Esq., Thomas LaRue and wife, of Levas, were the guests of relatives near New Salem the past week.

Wylie Montgomery and wife, of Mexico, (this county) spent part of last week visiting relatives in this section.

The county officials of Livingston and Crittenden counties ought to have waited a little longer to build the bridge over the spring branch on the county line this side of Salem, as it would have been more pleasant on the traveling public to cross than it is to try to cross the branch the way it is at present.

The bird hunters are out in full force rain or shine, and it is best for old people and children to stay in the house.

Our school is progressing nicely with Miss Maude Richards as teacher.

Mr. and Mrs. Wm. Jacobs, of Carrsville, spent part of last week the guests of her parent, Judge and Mrs. Mahan.

Mrs. Eliza Hicks returned to her home at Pinkneyville after spending a week the guest of her son, H. Hicks, and family.

Mrs. John L. Harpending and children and Miss Willie Harpending, of Salem, were the guests of John Harpending's parents last week.

We called on our old friends Col. Rappolee and Judge Stevens in Salem last week and found them discussing the scriptures. Well! well!

The corn crop was 10 per cent better than farmers thought for before getting.

The railroad surveyors for the proposed road from Union City, Tenn., to Uniontown, Ky., passed through New Salem valley last week. We hope she will be built.

Pierce Brown, of Crayne, was the guest of his sister, Mrs. Mont Davenport, last week.

### Can You Ask More?

Your Money Back for the Asking. You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the

medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25cts., 50cts., and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store.
