PROMINENT RAILROAD

MEN KILLED IN WRECK

**Special Train Bears Body Of
Former I. C. President to
Bluff City.**

In a rear-end collision on the
Illinois Central Railroad Monday
night near Decatur, Ill., three
prominent railroad officials and
a prominent Tennessean were
killed instantly and about twenty-five others wounded. Those
who were killed are: James T.
Harahan, ex-president of the
Illinois Central Railroad; F. O.
Melcher, vice president of the
Chicago, Rock Island & Pacific
railroad; E. B. Pierce, general
solicitor of the Chicago, Rock
Island & Pacific railroad, and E.
E. Wright, son of Gen. Luke
Wright, of Memphis, Tenn.

They all occupied berths in
Vice-president Melcher's private
car, which was attached to a
regular passenger train which
had stopped to take water, and
while thus stopped another pas-
senger train came along and ran
into the rear of the first train
before it could stop.

Memphis, Tenn., Jan 29.—A
special train bearing the body of
James T. Harahan, who lost his
life in a railroad accident Mon-
day at Kimmundy, Ill., on the
Illinois Central railroad, with
which he was connected for
many years as general manager
and as president, arrived in
Memphis today.

The funeral services, which
was conducted by the Rt. Rev.
Thomas F. Gailor, Protestant

Fascinating Sport of Hunting

With a Motor Car.

Chicago, Ill., Jan. 29.—When
an automobile crashed into a
bobsled on a hill, today, Walter
Clegg, age 11, was killed, Pat-
rick Dundon, age 15, fell with a
lung pierced by a splinter of
wood; Louis Batek, age 15, and
Charles Holmes, age 14, both
had their legs broken. Young
Clegg was hurled thirty feet
against a tree on his father's
lawn.

Episcopal bishop of Tennessee,
were held late today at the resi-
dence of Captain W. B. Mallory,
father-in-law of Mr. Harahan.

BUNGLING TRAIN MEN CAUSED THE DEATH OF HARAHAN.

Chicago, Jan. 29.—Negligence
on the part of three trainmen
contributed to the Illinois Cen-
tral wreck at Kimmundy, Ill.,
Sunday night in which J. T.
Harahan, former president of
that line, and three other rail-
road officials were killed, an in-
vestigating committee declared
here Wednesday.

The trainmen are: Engineer R.
J. Stuart, of train No. 3, which
crashed into, train No. 25; John
H. Brainard, conductor of train
No. 25, and Harry J. Broecker,
flagman on train No. 25.

The board of inquiry finds that
the conductor and the flagman
of train No. 25, knowing that
train No. 3 was following close-
ly, were negligent in not using
the means they had in protecting
the other train.

The board also finds that the
engineer of No. 3 was negligent
in not discovering earlier his
proximity to train No. 25.

Strong Reasons for Support of

Good Roads Movement.

If any citizen of this commu-
nity cannot think of a good reason
for supporting a movement for
roads he will find it in the sub-
joined list. The state of Ohio
during 1911 enacted a law revolu-
tionizing methods of road con-
struction and repair in that
state. In furtherance of the
good roads work the Ohio Good
Roads Federation has started a
campaign to secure a constitu-
tional amendment permitting
the issuing of bonds for state
aid to road construction. As a
part of its campaign the Federa-
tion issued a bulletin giving, the
following reasons for supporting
the project:—

If you are a farmer, because
your farm will increase in value,
you can raise more profitable
crops, your cost of hauling will
be lower, you can market your
products when prices are best,
your children can get to school,
your family can attend church,
your physician will be in closer
touch with you, your boys and
girls will stay on the farm, you
will have better mail service,
more social life, and happier
conditions all around.

If you are a merchant, because
good roads enlarge your trading
radius, and make it possible for
purchasers to reach you ever day
in the year, and thereby increase
your sales.

If you represent a chamber of
commerce or a board of trade,
because the public roads are
commercial feeders to the cities,
and every improvement of these
roads means a greater prosperity
to the cities through increased
agricultural production and
greater stimulus to all industries.

If you are a highway official,
because you are striving for bet-
ter methods of road construction
and maintenance, and more effi-
cient road administration.

If you are a railroad man, be-
cause improved roads mean
greater production, consequently
more traffic, prevent freight con-
gestion, bring more industries,
more roads, more tourists.

If you are an automobile user,
because you can get the benefit
of your machinery every day in
year, your repair bills will be
lower, longer and better tours
will be possible at all seasons of
the year.

If you are a dealer in farm
products and implements, be-
cause you can receive the prod-
ucts and deliver the implements
at all times.

If you are an automobile man-
ufacturer, because every mile of
improved roads means a greater
demand for both pleasure and
commercial cars, increases
wealth, and consequently the
power to purchase.

If you are a publisher or editor
because improved roads make
wider circulation possible, in-
crease advertising by stimulat-
ing commercial enterprises and
because road improvement is the
most important economic ques-
tion of the age.

If you are a manufacturer of
road machinery or road materials
because road improvement means
more business.

If you are the proprietor of a
hotel, because improved roads
means more tourists and more
commercial travel. New Eng-
land, with its system of good
roads, gets \$60,000,000 a year
from the tourists alone.

If you are a banker, because
good roads will increase agricul-

HELPFUL HINTS ON HAIR HEALTH

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Marion only at our store—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

SEVEN SPRINGS

(Delayed from last week.)

The people in this community are

glad to see the weather moderating.

M. L. Patton had the misfortune of a very serious accident on Jan. 11th, by accidentally cutting himself with an axe.

Rev. J. C. Kinsolving and wife, of Emmaus, were guests of M. L. Patton and family Saturday.

On account of the severe weather, Rev. U. G. Hughes failed to fill his regular appointment the second Sunday in Jan.

Floyd Simpkins, of Emmaus; Ed and Dave Perkins, of Frances, were guests of M. L. Patton, Sunday.

John McClure has moved to the place he bought from Mr. Grimes.

Linvel Holoman has moved from Caldwell Springs to this community.

Dewey Grimes, who has been quite ill with pneumonia, is able to be up.

Miss Lula Wheeler closed her school at Boaz school house Thursday. She gave her pupils a nice treat.

Elder Griffith, of Caldwell Springs, was a pleasant caller in this section Saturday.

Burnie Patton has moved from near old Salem church to this community.

We don't believe there is a better neighborhood any where or better people than in and around Seven Springs. If a person gets hurt or afflicted, the good neighbors will see that he nor his family don't want for plenty of good food, and they are ready to do your chores or any thing that you may call on them for. May the good Lord abundantly bless and save a people like this, is the prayer and desire of your humble correspondent.

Obituary.

Mr. Geo. L. Rankin, an aged and highly respected citizen of this place, died at his home in Weston Monday morning, Jan. 8, 1912, at 3:40 o'clock, at the age of 63 years 10 months and 23 days. He has been postmaster of Weston for many years and will be sadly missed by all who knew him. He professed faith in Christ in 1880. He was married to Miss Jerrie Wilson, daughter of Mr. J. P. Wilson, May 4, 1880. It was a thoughtful, considerate union of hearts and lives and it resulted in a happy home and in perfect devotion of husband and wife to each other. Eight children were born to this union—Gertrude, Marguerite, Jerrie, Pinkney, Earl, Wilson, George and Dick—all survive him. It was a brief life, but how sweet and lovely its beauty and fragrance shall linger many a day to cheer and brighten our way. Let us not weep then, but pray for the needed grace whereby we may be "meet for the Master's use" while we linger here. Surely we have no time to weep where sunshine and smiles help so much. To have a loving remembrance of our dead and honor God by helping the living is our true work after death does its sad work.

Why weep, dear wife and children when there is promise the dead in Christ shall rise again? It is true that for a little while there will be a vacant place in our home here, but let us remember there is a vacant place "over there" waiting for us in the mansion prepared for God's children. The sweet voice some happy day shall be heard again. Dear wife, brothers and sisters, weep not for your beloved husband and father, but try to meet him in that bright home where parting is no more. "We shall sleep, but not forever. In the lone and silent grave: Blessed be the Lord that taketh, Blessed be the Lord that gave."

If you have dizzy spells, attacks of momentary blindness, with ringing noises in the ears it is an unfailing sign of a torpid liver; a condition which brings on some serious sickness, if neglected. HERBINE is a powerful liver tonic. It puts strength and activity into the liver, purifies the bowels and restores a feeling of health, vigor and cheerfulness. Price 50 cents. Sold by Jas. H. Orme.

Use of Powders in History.
The primary use of powders was for the adornment of the hair, dyes, and powders of blue, red and green being affected by the Saxons in place of the gold dust with which Jews and Romans were wont to sprinkle their locks. Later wheaten flour and rice powder were adopted, both for hair and face, and these were not introduced into England until later Plantagenet days, when a very decided change in dress made itself apparent.

When BALLARD'S SNOW LINIMENT is rubbed in rheumatic aches and pains, it reaches the spot quickly and the relief is very gratifying. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme.

Fabulous Price for Tulips.
Though orchids frequently bring prices that make the poor man stagger, the highest price for a single flower was given for a tulip in Amsterdam by an enthusiast who paid \$250,000 for it.

Itching of the skin anywhere on the body stops instantly when rubbed with BALLARD'S SNOW LINIMENT. One or two applications cures permanently. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme.

Heir Apparent.
Said an up-town politician to his son: "Look at me! I began as an inspector of elections, and here I am an alderman-at-large; and what is my reward? Why, when I die, my son will be the greatest rascal in the city." To which the young hopeful replied: "Yes, dad, when you die—but not till then."

Sight Too Valuable
To be neglected. Sutherland's Eagle Eye Salve will cure any case of sore eyes, granulated lids, ophthalmia or any inflamed condition of the eyes. Painless and harmless. 25 cents a tube at all dealers.

Battle of Sabine Pass.
The story of the battle of Sabine Pass is history, not fiction, though, it must be confessed, it sounded far more like the latter than the former. You will find the full accounts of the fight in the "Records of the Rebellion" and a very interesting history of the affair in the second volume of "The Rise and Fall of the Confederate Government," by Jefferson Davis, page 237. References to the battle may also be found in "Battles and Leaders of the Civil War," published by the Century company.

Gives Fortune to Church.

Nashville, Tenn., Jan. 31.—Mrs. John Hill Eakin, of this city today carrying out the wishes of her late husband, as shown in his will, handed over to the trustees of the First Presbyterian church (South) the sum of \$119,500. Under the will of Mr. Eakin, who died several years ago, the bequest was not operative until after his wife's death. She however, wished to make the bequest operative now.

The legislature of Kentucky
will have few more important
measures to consider than those
relating to the regulation of in-

Heretofore all legislation in this
direction has been largely for-

case of the men who have to buy
insurance has never been fairly
presented for the consideration
of the legislature.—Louisville

growing district are bad, but I
think they will be improved by
the educational revival at pres-
ent taking place in the State.
While it is true that at present
Kentucky has next to the largest
number of illiterates of voting
age in the country, it is general-

ly believed that the promising
educational system you are de-
veloping, will remedy matters.
The people of Kentucky take
child labor more seriously than
they do in many States. Once
the evils have been pointed out,
they have too much of the proper
spirit to allow them to continue."
If his words be true Kentuckians
will no longer keep their chil-
dren from attending the public
school terms by having them
work tobacco crops. They can
work in tobacco many a day
when they have passed public
school age.

Dr. Felix Adler, chairman of
the National Committee said:—
"The National Committee has
urged that the National Govern-
ment do for the human race as
much as it is doing with the De-
partment of Agriculture for the
lower orders of plant and animal
life. The Government should
supply information upon infant
mortality and diseases and the
problems of children upon which
wise legislation by the States
for the eradication of the evils
of child labor and the extension
of education may be based. The
Borah bill was voted upon last
Tuesday.

The citizens of Livingston Co.,
held a mass meeting Jan. 23,
1912, to commend the efforts of
Senator Eaton, who is trying to
get state aid to build the Jeff Dav-
is Highway in West Kentucky.
Copies of resolutions drawn were
sent to Senator Glenn and Rep-
resentative M. F. Pogue. If
their names are inspirations to
lift us out the mud and wagon
ruts, Abe Lincoln and Jeff Davis
have not lived in vain. The res-
olutions adopted by the Living-
ston county citizens come at a
time when the need for good
roads is driven home to the farm-
ers. The resolution are as fol-
lows: "We, the citizens of Liv-
ingston county, Kentucky, in
mass meeting, assembled, in the
town of Smithland, Jan. 23, 1912,
appreciating the efforts of Sena-
tor W. V. Eaton, in his efforts
to establishment of the Jefferson
Davis Highway, and learning
that he has introduced a bill in
the legislature, now in session,
appropriating state funds to aid
in road building.

Therefore, Resolved, That we
heartily approve such measure
and urge the adoption of such a
measure by the legislature and

especially urge our Representa-
tive M. F. Pogue and our Sena-
tor, S. R. Glenn, to support the
bill.

Resolved, Also that a copy of
these resolutions be sent to Sena-
tor W. V. Eaton, Representa-
tive M. F. Pogue and Senator S.
R. Glenn, and copies be furnish-
ed the Livingston Banner and the
Paducah papers for publica-
tion.

The resolutions were signed
by Messrs. C. H. Webb, Charles
Ferguson and E. G. Boyd, as a
committee, and by J. L. Abell,
as chairman, and L. D. Threl-
keld, as secretary."

Guinea Pig Earns Lease on Life.

New York, Jan. 29.—A little
guinea pig that had lived sixteen
days without food or water was
taken from its wire cage in the
ruins of the Equitable building

to have been used for experi-
ment purposes, was found by a
chemist attached to the medical
department when he visited the
ruins of his laboratory. It greet-
ed its rescuer with squeals of de-
light. It is probable that the
little survivor will never be sub-
jected to another experiment.

In Memory.

On Wednesday evening, Dec. 27th, 1911, about four o'clock, God transplanted the spirit of Mrs. Jordon Thurmon, from this world of trials to live in His presence forever. She was born in Crittenden county on January 17, 1862. She was 49 years, 11 months and 10 days old. She was married to Mr. Jordon Thurmon, Nov. 3d, 1881. Ten children resulted from this union—four boys and six girls—all of whom are living.

She professed faith in Christ at Old Freedom school house in Crittenden county, Kentucky, in 1886. She lived a consistent Christian life until death. She was a Methodist in belief but never joined any church.

She came to this community two years ago, where she made many friends who are grieved to give her up. She had been a constant sufferer for a year, all of which she bore patiently, never complaining, but willing to bear it all for a home in Heaven.

She said she was ready for death for which she had no fear, this fact being plainly shown by her conversation to her friends.

Her passing through the "valley and shadow of death" was peaceful, and the calm and contented look on the dear old face, after the spirit had crossed the dark river, gives promise and assurance of the better things beyond for one who has lived a life such as hers. — FRIEND.

"Sargent was taken by this millionaire through a huge gallery of dubious Rembrandts, Titians, Raphaels and Murillos."

"Mr. Sargent, the millionaire said, gazing pompously at the long line of vast, dingy canvasses, 'I have decided to leave my pictures to some public institution. What institution would you suggest?'"

"I suggest," said Mr. Sargent, "an institution for the blind."

Friends of the deceased and citizens generally were shocked yesterday morning on learning of the sudden death of J. D. Hardwick.

Mr. Hardwick had only been home a few days from a trip to Bonham, Texas, where he had a narrow escape from death by fire in a burning hotel in that city, an account of which was published a few days ago in the Ardmore. Mr. Hardwick had been down town only one or two times since his return home, as he was still suffering from injuries received in the fire.

Mr. Hardwick came to Ardmore about three years ago from Charleston, Mo., where was engaged in the drug business, but after locating here he engaged in the real estate and loan business and was associated with Fred Carr in that business. Mr. Hardwick was a stockholder in the Ardmore State Bank, he owned several valuable pieces of Ardmore property and was part owner in some valuable mining properties in Colorado.

Deceased was forty years old and leaves two sons, Carter, 17, and Leslie, three years of age, and his widow to mourn his untimely death.

The funeral, conducted by Rev. F. M. Masters of the Broadway Baptist church, will be held at the late residence of the deceased on C street, northwest tomorrow afternoon and interment will be held in Rose Hill cemetery.

Mr. and Mrs. A. J. Crim have arrived from Lawton to attend the services. Mrs. Crim is a sister of the deceased's wife. Also a niece of the deceased, Mrs. R. S. Cabe, of Oklahoma City, is here. Other relatives expected to arrive are S. B. Hardwick a brother, of Bartman, Mo., C. C. Taylor and Mrs. E. M. Taylor brother and mother of Mrs. Hardwick, of Marion, Ky., Mrs. Lon Holcomb, niece of Mrs. Hardwick, who resides in Muskogee.—Ardmore, Ardmore, Okla.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CALDWELL SPRINGS

During the recent cold spell, many quails died of hunger and cold, in our community.

Our ice houses are full to the top, and ice cream and good water will be plentiful this year.

The waters of Livingston creek were very high last Friday, covering almost all the face of our level country.

Corn is selling at 60 cents here, and the local demand is greater than the supply.

Wheat is looking very sick since the snow left it.

Mrs. Charley Stone is dangerously sick. Dr. J. N. Bailey, of Fredonia is attending her.

If you have no money, you can by grit and frugality get it. If you have no religion, you can have it without money. But if you have no common sense, you can never acquire any.

Will Orday, of Crayne, was here on business Friday.

Our mail on route 2, has been a little irregular since the snow fell.

No matter what kind of weather we are having, the good old Record-Press comes all the same, full of good fresh news from all parts of Crittenden Co. We would rather do without supper on Friday nights, than fail to get the news it brings to us.

Our school closed Friday and the teacher, Mrs. Barnes, will go to Marion where she will put her two boys in school.

Bill Tyner, of Emmaus, was a caller at Dan Riley's Sunday.

Mrs. Elsie Holland's school closed Friday, with a good treat.

Dan Riley went Marion Monday on business.

Willie Satterfield lost four head of

cattle by turning them on stalk pasture.

We hope for a few days of sunny days to come, which will end the chicken strike.

If you don't sleep well at night, are nervous and low-spirited, you need a system purifier. HERBINE is a powerful liver stimulant and cleansing medicine. It quiets the nerves, promotes energy and cheerfulness. Price 50c. Sold by J. H. Orme.

Flances and Finger-Nails. Fashionable young men in Herilla, we are told, now have portraits of their flances printed on their finger-nails. This limits the number of flances to ten, though it is rumored that one gentleman, who is inclined to electricity, is now pressing his toes into service.

CORN WANTED.

Until further notice we will pay 60cts per bu. for Solid dry shucked white corn and 50cts per bu for snapped corn. tf. Marion Milling Co. inc.

UNION GROVE.

As we have thawed out a little, we will come again. We still have plenty of snow and ice. There is ice enough in drifts and on the banks of our creek to fill several ice houses. It helps to keep the air cool. There is snow drift between A. M. Wigginton's and Fredonia, said to be twelve feet deep.

Charlie Wigginton's fine bird dog died last week. Charlie had turned down an offer of \$500.00 for her. He sold her pups for \$15.00 a piece. A very valuable dog.

Johnson Wigginton and wife have been visiting her father the past week.

Ozias Andrews, of Starr, paid D. B. Wigginton and family a visit the rainy day of last week. He had a narrow escape in crossing the creek, the water running in the buggy-bed and ice floating.

Bro. Oakley, of Marion, filled his appointment at Fredonia the second Sunday. His Elders and Deacons were invited to dinner at the home of Bro. Patterson. Bro. F. S. Loyd was among the number, and we have been informed that he still has his appetite.

Our good old dog, "Tige," has had as much fun as anybody since the snow fell, catching rabbits and hiding them under the snow for future use.

D. B. and Walter Wigginton have some fine fat hogs that they will butcher as soon as the weather will permit.

Wishing the Editor of the Record-Press, and all his subscribers a happy and a prosperous New Year. I will hang up.

Clarence Settles returned from Paducah last week and has charge of the yard-stick in Charley LaRue's store. Jasper Franklin is suffering with a bone-felon on a finger.

The Keystone mines have shut down until the winter floods subside.

Jesse Manley and family visited Robt. Threlkeld and family Sunday.

The school will close Friday week, a very successful term. Preparation is now on for an exhibition.

Three cheers for the wireless banquet! The management will receive national applause of the temperance and Christian people. May the example be followed by all that would honor our Lord.

We are glad our County Judge has called friends of "Good Roads" in consultation. Co-operation and suggestion will greatly help the cause. Don't forget the date, next Friday January 26th.

Prof. Thompson is talking of conducting a spring normal of three months, following the winter term at Union. That would be a fine thing for those expecting to teach. By all means let us have it.

We heard several gun shots Sunday morning. We have not heard whether it was a bear, panther or mad-dog at large.

"It is more blessed to give, than to receive." We are glad to note our widows and orphans were not entirely forgotten during the cold spell. This is just and undefiled religion.

Electric Sidewalks.

Elwood Ind., Jan. 31.—An electrified sidewalk created no end of amusement for the other fellow here today. A stretch of cement walk that had been reinforced with old fencing wire partly as filling and partly as an experiment, had in some manner short circuited with a feed wire that is laid along the edge of the sidewalk under ground. The first intimation of trouble was when a woman came along loaded with bundles fresh from the bargain counter sale. She sat down abruptly, and her bundles scattered in all directions. A gallant man went to her rescue but when he took hold of her hand to help her up he lit on his shoulder and his legs gyrated in the air. Others thought there was a street fight and gathered on the scene to witness the scrap. Some stepped on the sidewalk and were

Body Wound Round Axle; Lives Three Hours.

Gosport, Ind., Jan. 31.—Crushed and bleeding for three hours, while frantic trainmen worked to untangle him from the front axle of the smoking car of a Monon train, A. L. Martin, a farmer, living near Gosport, suffered Thursday evening tortures that seldom fall to the lot of man.

Martin attempted to alight from the train while it was in motion. He slipped and fell between the baggage car and the smoker. Caught between the wheels his body was wound around the axle until it was necessary to jack up the car, take off the brakes and many of the connecting rods on the front truck, before the body could be moved. Martin was conscious all the time. Medical aid was given him as soon as possible, but he died within an hour after being released.

J. D. ASHER'S BOY.

"A Gem From The Marion News"

I am a little baby. I arrived at the home of Mr. and Mrs. Jeff Asher last Friday. Although I have been in this world only a few days, I'll have you know I'm bees at our house. Whenever I want anything all I have to do is to raise my voice; then everyone works overtime to find out what I want. I watch 'em and blink at 'em and crow. It's jolly fun. My papa says I'm awful sweet, and that I only weigh 8 pounds. Then I don't think he is so big as Ollie James. He made his brag that he would have me delivering groceries for him before many weeks, but I'll fool him. I'll lose my guess if I don't give him cold feet before the winter is over by making him get up the middle of the night for the paregoric, and he'll frost his ears going to the drug store for Mrs. Winslow's Soothing Syrup. There is a sweet little woman with her head lying on a pillow near me. She is awful good to me, and I see right now that we are going to get along together all right. As soon as my teeth are done I'll call her mamma.

I am the owner of a very nice voice, which I expect to cultivate mostly at night. If you don't believe it, ask the neighbors.

Owing to my late arrival in this town, I have not yet gone out into society and have only met a few people. If my name is not on your "calling list" will be pleased to have you place it there. Papa says he will not name me till the snow goes off and until then you may call me LITTLE EIGHT POUNDER.

Cumberland Presbyterian Probably Will Ask Him to Become Pastor There.

It is probable that the Rev. O. D. Spence, of Blackford, Ky., who delivered two forcible and interesting sermons at the Cumberland Presbyterian church Sunday, will be extended a call to the pastorate of the church, which the Rev. D. W. Fooks recently left unfilled.

Dr. Spence made a distinctly favorable impression upon members of the church during his short stay here. He is known as a man of considerable attainments and has a pleasant address.—Paducah News Democrat.

BROUGHT TO LIGHT

Marion People Receiving Full Benefit.

There have been many cases like the following in Marion. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Thomas L. Hillyard, Railroad St., Marion, Ky., says: "Doan's Kidney Pills came to my relief after I had suffered a great deal from kidney trouble and had spent much money for medicine without receiving benefit. Two years ago I was taken with an attack of typhoid fever and upon recovering found that my kidneys were badly disordered. The pains in my back were so severe that frequently I had to leave my work and lie down for several hours. There was a constant desire to pass the kidney secretions and I was obliged to arise several times during the night. The kidney secretions were also highly colored and the passages were attended with pain. I became dizzy and dark spots floated before my eyes. A relative, hearing about my condition, advised me to give Doan's Kidney Pills a trial and I procured a supply at Haynes & Taylor's Drug Store. They cured me in less than two months. For over two years I have had no return attack of my old complaint and am bound to look upon my cure as a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. F1-8-15

Totally Disabled.

Harold Vanderbilt, during a brief visit to Chicago, praised the temperance reformers who in Chicago as elsewhere have done so much of recent years to abolish drunkenness.

"The public," Mr. Vanderbilt said to a reporter, "is coming to consider drunkenness as disgraceful as theft or forgery. Not long ago there were people who thought it even meritorious to get drunk on holidays—on Christmas

day, for instance. There's a story—"

"Mr. Vanderbilt smiled. "A barrister," he continued, "came home one Christmas night from a long sitting over an enormous holly-crowned bowl of Christmas punch.

"His wife looked at him as he lurched into the sitting room and said calmly:

" 'Bill, you've been at it again?' " 'I can't,' the barrister stammered, as he staggered out of his fur-lined overcoat—I can't—hic—tell a—hic—lie—'

" 'Then,' she said, 'you are very much worse than I thought. You'd better go right upstairs to bed.' "

LOSES HIS CLOTHES

Young Man Finds Himself Arrayed in Strange Garments.

Louis Bowman, nineteen years old, who lives at 124 West Market street, remembers that he was at Eighth and Green streets at 11 o'clock last night, wearing a new \$35 suit of clothes. When he woke up at 2 o'clock he was lying in a doorway at First and Market streets with some man's clothes on. He does not know anything about what happened between 11 o'clock and 2 o'clock, but he knows that he was drunk when he stood at Eighth and Green streets.

Young Bowman appeared at the City Hall today to tell his troubles to Chief of Police Watson H. Lindsey. The clothes he had on were about three years to small for him and reflected great credit upon the dressing ability of the man who put them on him. Incidentally the money that Bowman had in his pockets the night before was gone with his trousers. He is hopeful that some of the police will recognize the clothes he has on now as the property of some old offender.—Louisville C.J.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by J. H. Orme.

WEEKLY FRANKFORT LETTER.

(By HON. M. F. POGUE.)

Dear Marshall:

This closes a week of great activity at the Capital and two more pledges of the Democratic platform have been made good: The House passed the bill giving suffrage to women in all school affairs and will pass the senate just as easy. The senate broke the record in passing the county unit bill after five hours debate, by a vote of 24 to 14. It will come back to the House in a few days and will pass by a much larger vote than before, and go to the governor for his signature, and go into effect at the end of ninety days.

Under its provisions it will be possible for many of the counties voting as a unit to vote many of the large cities dry.

The removal of this question from legislation is a great relief to all concerned and means much to Kentucky. For dozen years to my own knowledge, it has marked the usefulness of the General Assembly and made cowards and traitors out of many men of splendid promise. It is to be hoped this will end the whiskey fight for years; but the distillers and brewers are asking the passage of a bill allowing them to ship liquor any where in the state, as is done by parties out of the state now. It has no chance to pass either House and will only hurt the liquor cause, for it comes out of every agitation the worse for the wear; but its friends (if they be friends) are slow to see these disasters are invited by them, in the character of fight they make. It has been freely prophesied that the passage of this bill will take the state out of Democratic column in four years, and our Republican friends in both Houses and senate used the bulk of their votes to delay on the first effort to bring it up, which ought to put them in "good" with the wet forces which has dominated the councils of both parties for years. Judge O'rear did certainly escape disappointment by being defeated, if the county unit was the goal of his ambition; because the sentiment are expressed by the first test votes of the minority were not bubbling over with the enthusiasm that it would take to pass anti liquor legislation.

The prediction, of course, is based on the probability that the gain of members on his side along with his victory would have looked at it like them who did win, nor was there perfect unanimity on the Democratic side, or there were some would be leaders who feel that the platform was not made to "stand on" but to "run on." The Democrats have decided to give all party platform pledges the right of way in the line of legislation, and we hope to see them all carried out. It is a novel sight in Kentucky to see and hear men sincerely striving to carry out the party pledges. It bespeaks better government, but to state-ship and universal uplift, when party leaders reach the point in political affairs when they see the same conservation, sincerity and honesty in making party pledge that they do in their private business affairs. This will be hastened onward too by the passage of a state wide compulsory primary law which will give us better men in office, and every man a chance in the whirl pool of politics, and will indeed be a survival of the fittest in the lists of these Knights who will dare.

Olive Branch School.

We learn that Miss Alpha Kemp closed her school at Olive Branch Friday, Jan. 19th. A large assembly were present and were entertained by recitations and dialogues. At the beginning of the term prizes were offered to those who attended every day and eight prizes were awarded. Most of those who received prized were little children who went through rain and snow and zero weather. The coldest day of the winter there 24 pupils present. Is there a school in the county that can beat this record? Considering the severe winter this attendance seems remarkable. Miss Alpha is a daughter of Geo. D. Kemp and made her daily trips up and down old Piney Hill.
