**P & O**

No. 66 Corn Planter

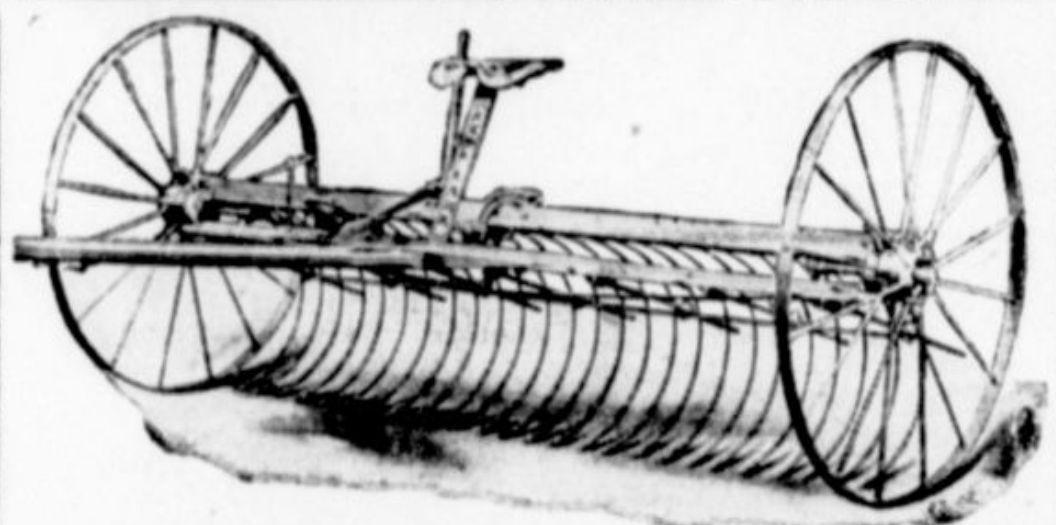

Combines All That is Good in Corn Planters.

An increased yield of corn is assured by using a planter with a perfect dropping mechanism. Such is the "No. 66." It combines all the qualities of strength, simplicity and ease of operation, and for accuracy in dropping it is without an equal. The frame is the strongest ever put on a planter.

The Hoppers are of the tilting type, and the plates can be changed without emptying the seed. Heavy, case-hardened clutch. Don't fail to talk planters with us before buying.

Canton Disc Harrow

You can't go wrong in buying the Canton. It's one of those old reliables, good as gold, and stronger than anything else of the kind made.

Two levers, always within reach, and you can run each gang at a different angle if you wish. Has hard maple bearings, oil-sealed, easily and cheaply replaced when they wear out. The bearings are also dust-proof. Heavy T bar arch; it will not bend and there is no danger of straining it. The manufacturers back it up with an unqualified guarantee. That shows what they think of it—and that's why we sell it; it is the best one we can buy.

**DO YOU RAISE CORN**

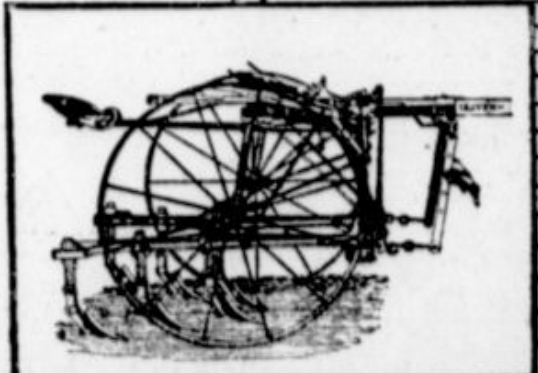

or simply let it grow?

To get the maximum crop you must cultivate your ground, and cultivate it in the right way—the *Oliver* way.

**The Oliver  
No. 1 Cultivator**

is made to cultivate your crops better than they were ever cultivated before. It is made to lighten your work—because it is the easiest to guide, to raise, to lower and to adjust.

It is built for service and will serve you well.

Remember we **GUARANTEE** every Implement that we sell. You have all to gain and nothing to lose, by buying from us. **Don't Forget** to come to **OUR** store on **Monday, March 11 1912**. You will be **More than Welcome** whether you intend to buy or not.

## THERE IS DANGER IN DELAY

If you are going to build a new home or repair an old one, Do It Now. Prices on all kinds of merchandise will advance steadily. You should take advantage of the present prices before it is too late.

Being Manufactureres from the tree to the finished article, we can hold our prices down longer than these who buy all they sell, but there is a limit to our ability to hold prices down, indefinitely, hence we advise buying NOW.

If you cannot come to trade with us, write and you shall have our best prices on goods guaranteed to be as represented

Two thirds of our business is done by letters and we have no complaints.

### Makes Punishment

#### Fit Alleged Crime.

Chicago, March 4.—Municipal Judge Thomas F. Scully sentenced E. F. Gonzales, a hair tonic manufacturer, to grow hair on the bald head of a policeman. The court said he would allow Gonzales one year's time in which to grow the hair. At the end of that period Gonzales, who was placed under bond, is to report to the court the results of his efforts. Miss Kate C. Holihan testified that she had invested money in Gonzales tonic, but that it was worthless.

#### Poultry Sale.

On account of my church work will close out all my stock, composed of fine lot White Wyandott and Buff Orphington chickens and Indian Runner ducks all of best stock on the market. Also 1 Ideal incubator good as new. Satisfaction to all.

most unbroken forest covers the hundreds of thousands of square miles of this territory. A company is laying a pipe line along the old Congo Railway from Matadi to Leopoldville and storage tanks have already been erected. The change of the locomotives to oil burners has begun.—Railway Age Gazette.

#### A Smooth Skin

Black Heads, Chaps, Pimples, Sores and all unhealthy conditions of the skin are unsightly and detract from the looks. Buy a box of Dr. Bell's Antiseptic Salve a creamy, snow white ointment, apply as directed and your skin will be as clear as a babe's. At all dealers in medicines.

#### Hurls Hatchet at Lad, Strikes His Own Baby.

Rhineland, Wis., March 5.—Angry over persistent attempts to collect rent, H. F. Smith threw a hatchet at the son of his landlord. The missile struck his own baby's head. The child was in the arms of its mother, who was trying to prevent her husband from injuring the landlord's boy. The wound will cause the baby's death.

#### Rats Eat "Quick Relief" For Their Poisoning.

McEwen, Tenn., March 6.—W. A. Theford, a merchant of this place, has been having trouble with hundreds of mice for the past few weeks, and on Friday night placed rat poison in his store, hoping to rid himself of the pests. The mice devoured the poison and immediately afterwards climbed to a shelf on a counter that was stocked with patent medicines and gnawed the corks from a bottle of medicine labeled "ready relief." In the morning no dead mice were found. Citizens refused to believe the story until shown the bottle and portion of the baited cheese.

#### Gives Prompt Relief

William H. Douglas, Jr., of Washington, D. C., says: I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gave me almost instant relief.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by Jas. H. Orme, Marion, Ky.

#### Lad Falls Into Boiling Soap Pot.

Kevil, Ky., March 6.—As a result of falling backward into a pot of boiling soap, little Kenneth Wallace, the 3-year-old son of Mr. and Mrs. Chester Wallace, met a horrible death at their home near Kevil. Although horribly burned from below the breast the lad lingered for 15 hours. Mrs. Wallace was making soap and removed the pot of soap from the stove and placed it on the floor. She turned around and the little boy backed against the pot and fell into the boiling soap. The funeral and burial took place at Mt. Pleasant, the Rev. W. J. Naylor officiating.

## WELL DESERVED

The Prate That Comes From Thank ful Marion People.

One kidney remedy has known merit. Marion people rely upon it. That remedy is Doan's Kidney Pills. Marion testimony proves it reliable. W. I. Tabor, Marion, Ky., says: "I suffered for ten years from kidney trouble. There were severe pains in the small of my back, I was unable to sleep well and arose in the morning, feeling lame and sore. I was always tired, languid and nervous headaches were common and I also suffered from dizzy spells. My kidneys were disordered and the kidney secretions passed too frequent. It was finally my good fortune to hear of Doan's Kidney Pills and I procured a box at Haynes & Taylor's Drug Store. I used them and in three weeks was greatly relieved. Thus encouraged, I continued taking this remedy and the contents of one box effected a complete cure. I recommend Doan's Kidney Pills to anyone suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. No. 1-2t

#### Boys' Corn Club.

This is a wonderful age of advancement, of development along every line. Prof. Poole, a noted teacher in Webster county said of the Farmers' Institute, "If forty years ago I had known what I now know about farming I could have been rich." All farmers if they will make the effort can know what Prof. Poole knows about farming. It is not a difficult thing to learn; it is only to give up our old traditional views about farming and adopt the better, more common-sense methods. Not all the farmers that read this will live forty years and may not get rich. But many boys will live forty years and many of them will have the opportunity to get rich farming.

Not that we would hold out riches as an end—very far from it, but the end to be attained, is to give the farmer an easier time so that he may have opportunities for more enjoyment in life

and for greater usefulness.

The farmer that barely ekes out for himself and family a meager existence immersed in the toil and moil of life, covered with the grime of arduous labor from the week's beginning to its end, has no time for social enjoyment or mental development or spiritual usefulness.

If we can get the farmer to see how he can raise as much on one acre as he now raises on three or four, you give that man some time for the realities of life. You read about men raising 100 to 150 bu. of corn to the acre and from 1800 to 2500 lbs of tobacco and you say it is a fake. I say to you that I have stood in these fields and looked with admiration on those crops and tell you they are just as real as your scratched over helds raising ten bushels of corn to the acre or 300 lbs of tobacco. In fact it is a good deal more real for there is more of it to be real. You may say the soil makes the difference. It does have a bearing on production, but I have seen old, worn out farms made exceedingly productive and fertile. It is the way we treat our soil. It is the way we care for it. It is the way we cultivate it.

There was a time in Crittenden Co. when no railroad threaded its sinuous way through our hills and hollows, when no valuable minerals, except a little streak of coal on Tradewater was unearthed to view. Not so now. The massive trains go screaming along their way: the mines are disgorging a portion of their pregnant and untold wealth; but how are we developing in agriculture? Plodding along in a great measure at the same slow gait of our grandfathers. It will be difficult to train the older class of farmers, but why not inspire our boys by organizing Boys' Corn Clubs?

Perhaps nothing, not even Farmers' Institutes have given a greater impetus to newer agricultural methods than these Boys' Corn Clubs. It stimulates parents to see what their boys can do. It binds boys to the farm. It gives them new visions of the farm. It inspires a generous rivalry to excel. Our neighboring counties have their Corn Clubs, why not Crittenden? Shall our county be the laggard in the procession! In every school district in the county there should be a Boy's Corn Club.

In ten years you would see what it would do for the agricultural development of our county.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by Jas. H. Orme.

### CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Marion who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned you if are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

#### Silence is Golden.

A pert young lawyer once boasted to a member of the bar that he had received two hundred dollars for speaking in a certain lawsuit; the other replied, "I received double that sum for keeping silent in that very case."

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by Jas. H. Orme, Marion, Ky.

#### To Keep Flowers.

If woody-stemmed flowers are stripped of their bark for an inch or more from the end of the stem, the flowers will remain fresh longer, the explanation being that they absorb the water more freely.

### Resolutions Adopted by County Committee of F. E. & C. U. of A.

Whereas it has pleased the Lord God, Creator of all good things both in Heaven and on Earth, in His infinite wisdom and endless mercy to take our beloved brother and county chaplain, A. L. Brown, aged 60 from his labors on earth to eternal refreshment in the Paradise above

We, his brethren acknowledge the "Wisdom and goodness" of our Supreme Master and bow in humble submission to His divine will.

Resolved that in his death the F. E. & C. U. of A. of Crittenden County, Ky., has lost a true and loyal member, his wife and children a kind and loving husband and father, and the community a good citizen.

Brother Brown professed faith in Christ Jesus in the year of our Lord, eighteen hundred and seventy (1870), and has lived a loyal and consistent Christian from that time until his death.

Resolved that we extend to his wife, children, other relatives and immediate friends, our tenderest sympathy in their bereavement and knowing that words cannot console, we commend them to that God, whom as Farmers Union members, we reverence and revere.

Resolved that a copy of these resolutions be spread upon our records, a copy furnished the Crittenden Record-Press, also a copy be furnished the family of our departed brother.

### BOY CAPTURES HIS FATHER'S ASSASSIN

Holds Willard Richardson Until Officers Arrive—Carlisle County Tragedy.

Mayfield, Ky., Feb. 28.—Seizing and hurling to the street the man who had shot and killed his father, William Vivrette, a sixteen-year-old boy, held the assassin until officers arrived and placed him under arrest.

Willard Richardson, twenty-five years old, is the man charged with the shooting. Eyewitnesses allege that Richardson, staggering down the main street of Milburn, a small town in Carlisle county, opened fire without provocation on John Vivrette, a prominent farmer, last night. Following the killing of the elder Vivrette, a large crowd gathered and made threats against Richardson. The officers rushed him to the county jail at Bardwell for safekeeping.

### DIX RIVER DAM FOR BIG POWER DAM

### Eastern Capitalists Said to Have Closed Deal For The Property.

Lexington, Ky., Feb. 27.—After three years negotiations a syndicate of Wall-street capitalists, it is reported here have practically completed arrangements for the building of a big dam across Dix river, twenty-five miles south of Lexington, and the erection of a mammoth power plant for the distribution of electric power and light to the principal Central Kentucky towns and cities, including Lexington, Richmond, Danville, Nicholasville, Lancaster and Harrodsburg. The dam and power plant projected will cost approximately \$1,500,000.

The Hon. L. B. Herrington, of Richmond, member of the Kentucky Legislature from Madison county has been representing the syndicate in the negotiations, and it was stated here Monday by a prominent Danville citizen who has been watching the progress of the negotiations, that through

agents directed by Mr. Herrington the syndicate has recently purchased Kennedy's mill on Dix river and the ground surrounding it as a site for the proposed dam and power plant and that options have been taken on other property in that vicinity.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### DU PONT FORTUNE FOR GOOD ROADS

We are to Share in Vast Sum to be Provided by Wilmington Millionaire.

Wilmington, Del., Feb. 28.—Gen. Coleman du Pont is so well pleased with the plans for the \$2,000,000 boulevard which he is about to construct as a gift to the State that he has decided to leave practically his entire fortune to be used in building good roads not only in this State, but in several other Commonwealths. The General has decided to make this

disposition of most of his fortune rather than leave it to his children, all of whom will be adequately provided for in advance.

Dwelling on the benefits to be derived from the good roads, Gen. du Pont says in his announcement:

"I believe good roads will do more good than libraries, hospitals, and, in fact, any of the usual forms of philanthropy."

He proposes to donate good roads to some sections around Louisville, his native city and in other parts of Kentucky. He has not decided yet upon locations.

He referred to his father, Bidderman du Pont, formerly of Louisville, giving him a good education and putting him to work. "For twenty years," he said, "I worked sixteen hours a day. My pay at the start was \$15 a month and board. This was the making of me." He regards this a good example to his boys.

It is the General's intention to start on this innovation at once. As a result of his decision he has asked that Gov. Penn will call a special session of the Legislature next month to pass amendments to the law enacted at the last session which empowers him to build a \$2,000,000 boulevard as a gift to this State. The extraordinary session will be called if two-thirds of the legislators agree in writing to pass the desired amendments. They will give the donor authority to extend the proposed highway of 103 miles in other parts of Delaware.

### GREAT MACHINE IS PULMOTER.

Instrument Saving Lives Daily in Chicago. Looks Like Witchcraft.

Chicago, Feb. 20.—What promises to rank as one of the greatest inventions of modern times and what is most assuredly about the greatest factor in the saving of human lives that the world has seen for years, is the pulmotor, the marvelous machine now in use in this city.

In the days of John Endicott and Gov. Winthrop, when defenseless women were whipped at the cart's end or ducked in the public pond for witchcraft, one might have been burned at the stake for making use of such an invention as the pulmotor, which has startled Chicago by performing the marvelous work in recalling life of persons who had been asphyxiated. The first test was made on two young people, practically lifeless. The second resulted in the resuscitation of four who had been looked upon as beyond all hope of recovery and two who were given up as dead.

Of course the germ of life was still alive or life could not have been restored. The germ was

in a torpid state, however and death held a clutch on the throat of the victim until the pulmotor recalled life.

Other remarkable results in the way of resuscitation have been accomplished by this wonderful German invention. It will revolutionize the world of surgery and will be especially resourceful and of the greatest assistance in the work of rescuing victims of mine disasters.

Persons apparently dead have been made to breathe again by this simple automatic mechanical means of artificial respiration. Air charged with oxygen is applied to the lungs by the skillful reproduction of the process of respiration.

Artificial respiration is no new thing. It has been practiced many years with more or less success. It has been applied in all cases of drowning and of asphyxiation but generally the process has been manual or in the cases of newly born babies by insufflation or blowing air directly from the physician's lungs into those of the infant. Some success has also been obtained by electrical stimulation of the of the respiratory muscles.

Systems of respiration thus far have been applied almost exclusively to victims of asphyxia, through inhaling noxious gases or through strangulation or drowning. Cases are also on record where life has been restored after life had apparently been extinct for some time, although in most instances success depended upon the promptness with which artificial respiration is attempted.

The question which is now agitating the minds of the medical profession is how far the value of the pulmotor may extend beyond this class of cases. This remains to be discovered. If it proves effective in cases of electrical shocks where the suspension of breathing is not exactly caused by the stoppage of the windpipe or the effect of asphyxiating elements, it may restore life under other conditions. At any rate it is a great invention and tends to increase the wonder of modern surgery.

### FREE IF IT FAILS

Your Money Back if You are not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Marion only at our store—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

### Came to Grief.

Earl Sand, a youthful aviator, the first to fly over the great lakes from the United States to Canada, came to grief ten miles out on Lake Erie from Northeast, Pa., while attempting a return flight to the American shore. While high in the air and 20 miles east of his course, the engine of his biplane stopped. For a time he glided toward the ice covered lake, but suddenly the machine turned over and he was buried unconscious under wreckage. How long he remained in this condition he does not know. When he recovered he was literally saturated with blood from many cuts. Aided by a pocket compass he walked ten miles to the American shore, landing at Northeast at ten o'clock at night.—Kentuckian.

**SNOW BLOCKADE**

In Western Illinois Said to Have Been Worst in History of Railroads.

Princeton, Ind., March 5.—Southern railroad officials in this city, the division point of the St. Louis-Louisville lines, say the snow blockade they have been fighting in Southern Illinois, between Germantown and Belleville, was the worst in the history of the road.

The blockade was broken about noon yesterday, when the engines and plows worked through the last of the huge eleven-foot drifts. For twenty-four hours not a train had been able to get through, and all other roads in that vicinity were in the same condition.

Trains from the East, in spite of the heavy snow through Indiana, have been reaching here on time, but the first mail from the West in thirty-six hours got in here last night.

### Gen Miles Sees His Brother Expire in Park.

Washington, March 4.—Lieut. Gen. Nelson A. Miles, U. S. A., retired, was motoring along Pennsylvania avenue last night when a man walking briskly through the twilight in Lafayette Park, opposite the White House, crumpled down in a heap then sprawled on the pathway. Gen. Miles left his car to peer over the heads of the crowd which gathered.

"It's my brother," said the General, when he saw the up-turned face. Then he took the body up in his arms and carried it to his automobile. Daniel C. Miles was the man's name. The Coroner said his heart had failed. The dead man's home was in Westminister, Mass. He was in Washington visiting Gen. Miles.

#### JAMES AND HULL

#### BEHIND THE GUNS

Kentuckians Engineers' Free Sugar,  
Young Tennessean Springs Income Tax.

Washington, March 6.—Two men, both well known in Kentucky and intimately connected with the State, bear chief responsibility among the Democrats of the House for the tariff schedules providing for an excise tax on incomes over \$5,000 a year and placing sugar on the free list. These men are Representative Cordell Hull, of Carthage, Tenn., and Senator-elect O. M. James.

It was as a boy in school at Bowling Green that Judge Hull first had his interest drawn to the income tax. Benton McMillin then represented the Fourth Tennessee district from which Judge Hull now hails, and McMillin drew the income tax bill passed by Congress as a companion piece to the Wilson law. When Judge Hull came to Congress the first bill he introduced was one providing for an income tax and it was due to a conversation he had with Senator Joseph W. Bailey, of Texas, that during consideration of the Payne-Aldrich bill the Hull bill was introduced in the Senate as the Cummins-Bailey income tax measure.

Since he has been a member of the House Judge Hull has urged the enactment of his hobby on every occasion and after becoming a member of the Ways and Means Committee during this Congress, he pressed his bill at every opportunity. At last when Mr. James had won his fight for free sugar in the committee by a majority of 2, Chairman Underwood turned to the Hull plan as a means for raising the revenue lost in free listing of sugar.

#### JAMES VICTORY.

Mr. James' victory in the sugar schedule also represented a personal achievement. He went down to defeat with the supporters of free wool, but when it came to consider sugar he was as aggressive for the free list as ever. He served notice on his colleagues that if beaten in the committee he would take his fight to the floor of the caucus. For a time odds were with those favoring a duty on sugar, but last Monday the tide turned and by a majority of two the James plan was adopted. At the caucus yesterday he had the satisfaction of watching the caucus enthusiastically indorse his victory.

#### JAMES POINTS WAY.

Mr. James today pointed to a condition which he believes will aid the passage of the excise tax and free sugar measures in the Senate.

"The Denver platform demands the placing of trust-controlled articles on the free list," said the Kentucky Senator-elect. "Recently the Hardwick committee in a unanimous report—a report signed by the Democratic and Republican members—declared that a sugar trust exists. I do not see how Democrats can stand on their national platform and oppose the free sugar bill."

"I think the Democrats of the House are doing a great work for the people. Sugar is as much a necessity of life as meal and flour almost, and the removal of the tax from this important food commodity will result in the saving of at least \$7 to the average family in this country. It will benefit the poor people; it will materially reduce the cost of living throughout the land."

"And our excise tax bill will put more of the burden of raising

revenue on the shoulders of the rich, or of those who can better afford to bear burdens. Nobody who is making above \$5,000 a year ought to complain of this tax, for the average individual who is making that much money ought to be happy."

"Our bill applies to holding corporations, whereas the Republican bill did not. Buy the operation of this measure it is estimated the Government could raise from \$60,000,000 to \$70,000,000 annually, whereas by the removal of the tax on sugar we only lose about \$53,000,000. But the splendid thing about the free sugar measure is that we will save the consumers approximately \$120,000,000 annually."

## DEATHS

#### MISS EADY FOUND

#### DEAD IN BED

#### Sudden Death of Young Woman.

Sister-in-Law of Mrs. Virginia Nunn Eady.

Miss Fannie Lewis Eady was found dead in bed this morning at her home in the Magnolia. Coroner Ellis Duncan decided that death was due to angina pectoris.

The death of Miss Eady follows just after a happy occasion in her family, as on February 12 her brother, Mr. George Eady, was married to Miss Virginia Nunn, of Frankfort. Mr. and Mrs. Eady went to San Francisco immediately after their marriage to make their home there.

Miss Eady was the daughter of Mrs. Linda Eady, of Vicksburg, Miss., but had been making her home here for some time with her aunt, Miss Katie Eady. Miss Eady for some time had been under treatment for heart trouble by Dr. R. A. Bate, but her condition was not thought to be alarming. Last night she and her aunt took supper with friends and on their return home Miss Eady said she would remain up and read for a while. At 2

o'clock she awoke her aunt to give her some medicine she was taking.

This morning, at 8 o'clock, Miss Kate Eady went to her niece's room and called her. Receiving no response she tried to awaken her, and discovered that she was dead. Dr. Henry Tuley was immediately called in, but Miss Eady was beyond human aid.

Miss Eady was twenty-three years of age. During her residence in Louisville her charm of manner and disposition has won the affection of a wide circle of friends. — Louisville Post.

Mrs. George A. King died Friday and was buried Saturday at Pilot Knob. She was a Miss Graves before her marriage a sister of Wm. and Grant Graves of this county.

Mrs. Emma Sullivant died of appendicitis at her home near Salem last Thursday, she was a daughter of J. H. Paris who left this county for Oregon a year or so ago. Her mother was a Miss James, daughter of Smith James. She was reared in the Pleasant Hill neighborhood and was buried there Friday afternoon.

Abe Hunt, a prominent farmer of Piney Fork section, died Thursday, Feb. 29th and was buried Friday at Pleasant Hill. He was a member of the Baptist church and held membership at Piney Creek. His wife was the daughter of Joe A. Crayne of near this city. She and three children survive him. Mr. Hunt has a wide circle of relatives in this county and one brother, Lou Hunt in Kansas. Mr. Hunt was a good citizen, a hard working, honest man who will be missed by his family and neighbors very much.

Stewart Hughes, (col.) who was tried for lunacy Monday, Feb. 26, and adjudged a lunatic and sent to the asylum at Hopkinsville that day, died there Wednesday morning at 10 o'clock. His remains were brought back here Thursday and taken to the Crooked Creek colored burying ground near Si Hughes. His brother Mark who lives at Providence was here to receive his remains when they arrived from

On Wednesday morning, Feb. 28, 1912, at the home of Rev. Eli Eaton, J. E. Bebout and Miss Etta Thomas were united in marriage, Rev. Eaton officiating.

George Patmore and Miss Mary Thomas were attendants. The bride is a daughter of Mr. and Mrs. J. J. Thomas and the groom is a son of Mrs. Wed Lynn. Soon after the ceremony they drove to the groom's home where they will reside. Many friends wish them much happiness.

#### BUTLER-SUMMERS.

#### TOM BUTLER'S BABY MARRIED

Popular Couple Have a Surprise Wedding in Louisville.

Mr. William C. Summers and Miss Mary Virginia Butler, both of this county were married at Seelbach's Hotel, Louisville Wednesday evening at five o'clock, by Rev. W. G. Foote, of the Methodist Church. Mr. and Mrs. Summers returned home Thursday night.

The groom is the only son of the late Mr. J. S. Summers and is one of the county's wealthiest and most substantial and popular young planters. His pretty bride is one of the loveliest and most attractive young ladies in the county, who has made her home with her sister, Mrs. J. P. Myers. She was one of the winners of Kentucky's popularity contest a few years ago, and is a social favorite in the city as well as in the country. The plans of the young people have not been

announced, but they will probably live on the groom's farm in the Longview neighborhood.

—Hopkinsville Kentuckian.

Mr. Herschel Butler and Miss Nola Parrish, daughter of Geo. W. Parrish were married Wednesday, March 6th, at 3 o'clock at the home of the bride's parents, near Frances. The groom is a son of the Hon. Albert Butler, former representative from Crittenden and Livingston counties. The bride's father is one of the county's best men. They are a fine young couple and start on life's matrimonial sea with bright prospects and many good wishes.

#### Wedded as Train Sped Along at a Thirty Miles an Hour Rate.

A unique ceremony was that performed on Conductor Harry Hill's train in the presence of a large crowd of passengers when Rev. W. T. Oakley united Mr. C. R. Fisher of Mattoon and Miss Hattie Shuttlesworth of Repton on the I. C. train as it pulled out of Repton, Monday at 11 o'clock.

The contracting parties are popular young people in their communities and are highly respected. The bride formerly lived here and is a young woman of striking appearance and winsome manner. The groom is a son of B. P. Fisher who came to the county a few years ago and bought the Frank Summer-ville farm. The family has been recognized as a valuable addition to the society of that section. They came from Springfield, Tenn., and the happy couple have gone to the groom's old home on a bridal trip.

## The Old Rail Fence.

Don't you  
Remember,  
My Hortense,  
When we sat on  
Your dad's rail  
Fence, and we  
Made our vows  
That night  
So fair, and  
Built our castles  
In the air?  
I quite  
Distinctly  
Call to mind  
Just how your  
Dad came up  
Behind, and  
Jabbed me  
With the pitch-  
Fork he could  
Always wield  
In highest  
Glee. That  
Night I  
Never will for-  
Get, for I have  
Got those three  
Scars yet. I  
Beat it home  
If you re-  
Call. That's  
Where our  
Castles took  
A fall. The  
Thing that  
Saved my  
Life that time  
Was what your  
Father couldn't  
Climb that crook-  
Ed fence and give  
pursuit and  
Land on me  
With his old  
Boot. Our ro-  
Mance fizzled  
Out, Hortense,  
When I  
Went o' r  
Your dad's  
Rail fence.

## Mrs. Jno. Newcom Dead.

Died at her home near Rodney  
Wednesday evening Feb. 21, at  
about 6:30. Mrs. Jno. Newcom,  
nee Miss Ada Samuels, age 32  
years.

Seldom has it been our duty to  
record so sudden a death. A dark  
gloom spread over the whole  
community when it was whispered  
from one to another Thursday  
morning that "Ada was gone."

She was of an affectionate dis-  
position, bright, and winning in  
her ways, so that friendships cir-  
cle to her was a large one.

She was married to John New-  
com Feb. 15, 1911, by Rev. W.  
T. Oakley, who also had the sad  
pleasure of conducting her fune-  
ral Friday from the Baptist  
church in Repton, where inter-  
ment followed in Repton ceme-  
tery. The remains were, after  
the funeral taken in charge by  
Blackford lodge of Oddfellows,  
and born to this last resting place.  
In this act "Friendship and Love"  
were truly exemplified.

Mrs. Newcom's illness was of  
very brief duration, only about  
12 hours. Seemingly with us to-  
day active in life's round of duty  
and love but gone tomorrow.

To the broken-hearted husband  
and large circle of relatives,  
who sit in sorrow where her  
footsteps shall never again find  
echo, we extend our heartiest  
sympathy.

## In Memoriam

Died at his home near Weston,  
this county, Feb. 19, 1912, Jas.  
Harvey Hughes, age 77 years.

It was the writers good fortune  
to have known him long and well  
and we only knew him to esteem  
him more highly as the years  
passed by. Today we miss his  
kindly smile and friendly greet-  
ing.

Only last week it was the writ-  
ers sad pleasure to stand beside  
the open grave and pay the last  
sad rites to his memory, we said  
another link has gone out of the  
earthly chain.

Besides a devoted wife, five  
children, he leaves a large circle  
of friends and relatives who will  
more keenly realize their loss as  
the years go by.

All the children and grand  
children were present except one  
daughter, Mrs. Bailey of Tennes-  
see, and one grandson, Roy  
Hughes, of Carrollton, this State.

But while we miss his kindly  
presence, we extend to the large  
circle of bereaved relatives and  
friends, our sincere sympathy.

## THE CAUSE OF ECZEMA

is germ life that burrows under and  
feeds on the skin. The way to cure  
ECZEMA is to remove the cause by  
washing away with a clean, penetra-  
ting liquid, the germ life and poisons  
that cause the trouble.

We have a preparation that will do  
this. The first application will stop  
the itching and give prompt relief to  
an irritated, itching or inflamed skin.  
If you are a sufferer from skin or  
scalp eruption in any form, try one  
bottle of ZEMO the clean scientific  
preparation, we are confident you will  
be pleased with the result from the  
use of this standard preparation for  
eczema.

FRANKFORT FACTS  
AND FANCIESRepresentative M. F. Pogue  
Writes of the Doings at  
the Capitol.

Frankfort, Ky., Feb. 22.—On-  
ly one measure, the bill appropri-  
ating \$75,000 to build a govern-  
or's mansion, has become a law.  
There is a proposition to sell the  
old capital grounds for that sum  
to pay this money back. There  
is opposition to this, however,  
from the citizens of Frankfort  
and vicinity who claims it cannot  
be legally done as it reverts to  
the heirs of the original owners  
when it is no longer use for  
state purposes. The Geological  
Survey will be moved from the  
State University at Lexington to

Frankfort, and it is proposed by  
admirers of the old statehouse to  
make it a permanent home for  
the State Geological exhibit and  
the Historical Society thereby  
making it a state museum.

The spiral staircase in the ro-  
tunda of the state house is said  
to be one of the rarest exhibit-  
ion of architectural skill in the  
world, there being but one other  
like it in existence and in Europe.  
Many pleasant memories cling to  
the old building and it will be  
years before the hand of desecra-  
tion shall destroy that sacred pile.

It seems now certain that a bi-  
partisan prison board will be es-  
tablished consisting of two democ-  
rats and two republicans instead  
of three democrats as it is now  
composed. A civil service mantle  
will be spread over the employees  
of the institution, however, for at  
least two years. The senate sent  
it over for four years but the  
house will doubtless scale it half.

It is more bi-partisan in name  
than otherwise. It is not what  
the governor wanted, but it is  
the best that can be gotten out of  
it for all concerned, when you  
consider that the question of pri-  
son reform is the only point upon  
which the democrats are divided  
and this seems to suit all factions  
and the republicans, too. Every  
republican senator voted for the  
bill, and while some did it under  
protest they did so as much  
through respect for the admini-  
stration as anything else and it  
is considered a victory for Gov-  
ernor McCreary and his friends  
over the prison board. The re-  
publicans are very fond of our  
venerable governor and would  
do anything within the reason to  
help in carrying out his policies.  
Things have changed in Kentuck-  
y and a noted republican said  
in a speech in the house that he  
had been misled for years in his  
estimate of what democrats were  
and said that he could not tell the  
difference any more between democ-  
rats and republicans by the  
they talk and vote in the house.  
This is a common expression a-  
mong spectators, too.

Governor Wilson of New Jersey  
addressed a joint assembly of the  
house and senate last week. He  
made a great speech which stamp  
him indelibly on the minds and  
hearts of the Kentucky democ-  
racy. His speech was a master-  
piece from every standpoint.  
He has won the support of all fac-  
tion and shades of democrats.  
The common people have in him  
a friend not only knows govern-  
ment but can govern as well.  
His administration in New Jer-  
sey has put the barons who  
would rob the people to want and  
the political boss up a tree to  
stay at least four years. What  
has he done in New Jersey he  
can and will do in the nation as

president in 1913. Let old Ken-  
tucky get in line for Woodrow  
Wilson the patriot, author, teach-  
er and statesman.

The questions on good roads is  
coming up soon, in Senator Bos-  
worth's bills. I want to hear  
from the tax payers of my dis-  
trict.

The Bosworth Bill proposes to  
raise the State tax rate five cents  
on the \$100., and by the terms of  
the bill this tax fund will be pro-  
bated among the counties, four  
counties, Jefferson, Kenton,  
Fayette and Campbell will pay the  
excess funds that will come back  
to the poorer and smaller count-  
ies. Jefferson will pay into this  
road fund \$100,000 per annum  
and can not get back more than  
\$11,000 leaving \$89,000 to other  
counties. Under this arrange-  
ment Crittenden county would  
pay \$1725 into this fund and  
draw out \$4700 giving us above  
\$3000 advantage in the deal.  
It is obvious that this done to en-  
courage road building in Ken-  
tucky, and strange to say Louis-  
ville will pay at least 75 per cent  
of the whole surplus for the bill  
to a man. Now these are the  
figures give out by Mr. Bosworth  
Both not guaranteeing them, but  
they do propose this bonus which  
will amount to over \$5,000 per  
year to the people of Livingston  
and Crittenden counties if we will  
only vote on all counties a tax  
raise of 5 per cent. Now, tax-  
payer what do you say? It is  
your vote that I am to cast in this  
important question, and I am en-  
titled to your instructions. I am  
expecting to hear from you soon.  
This bill either the beginning of  
good roads for the State, or a  
gigantic failure in the end. Who  
knows which? It will raise \$550-  
000 per year and over \$525,000  
of it will go to the other 115  
counties.

I am yours awaiting reply,  
MARION F. POGUE.

## For Women Who Care

Of course you use an antiseptic in your  
family and in the care of your own per-  
son, and you want the best.

Instead of what you have been using  
such as liquid or tablet antiseptics or  
peroxide, won't you please try Paxtine,  
a concentrated antiseptic powder to be  
dissolved in water as needed.  
Paxtine is more economical, more  
cleansing, more germicidal and more  
healing than anything you ever used.

**Paxtine**  
ANTISEPTIC

In the toilet—to cleanse and whiten  
the teeth, remove tartar and prevent  
decay. To disinfect the mouth, destroy  
disease germs, and purify the breath.  
To keep artificial teeth and bridgework  
clean and odorless. To remove nicotine  
from the teeth and purify the breath  
after smoking. To eradicate perspira-  
tion odors by sponge bathing.

As a medicinal agent for local  
treatment of feminine ills where pelvic  
catarrh, inflammation and ulceration  
exist, nothing equals hot douches of  
Paxtine. For ten years the Lydia E.  
Pinkham Med. Co. has been regularly  
advising their patients to use it because  
of its extraordinary cleansing, healing  
and germicidal power. For this pur-  
pose alone Paxtine is worth its weight  
in gold. Also for nasal catarrh, sore  
throat, inflamed eyes, cuts and wounds.  
All druggists, 25 and 50 cents a box.  
Trial box and testimony of 31  
women free on request.

## VICTIM OF CANCER

Well Known Lady of This City Dies  
Wednesday Morning.

Mrs. Drusilla T. Johnson, a  
well known and highly respected  
lady of this place, passed peace-  
fully away Wednesday morning,  
at 4:30 o'clock, at her home in  
this city, after a lingering illness.

Mrs. Johnson was born in Crit-  
tenden county, Ky., March 22nd,  
1836, where she was reared and  
educated.

On December 8th, 1869, at her  
home in Kentucky, she was mar-  
ried to T. J. Johnson. He died  
August 9th, 1895. To this union  
was born one daughter, Nellie  
S., November 2nd, 1870. She  
died April 30th, 1892.

Aunt Dru, as she was famili-  
arly known, joined the Baptist  
church early in life and ever  
after lived a devoted christian.  
She was true to her church vows  
and gave her relatives every as-  
surance that she was going to a  
better world. Her sufferings were  
great but she bore them all with  
patience and christian fortitude.

Of a family of thirteen child-  
ren, she is survived by only one  
brother, J. D. Boaz, who is an  
inmate of the Soldiers' Home at  
Danville, Ill.

Funeral services were held at  
the Baptist church at 2:00 p. m.,  
Thursday, February 15th, con-  
ducted by the pastor, Rev. C. W.  
Henderson, in the presence of a  
large congregation. Interment  
occurred at Crawford cemetery.

Our Frankfort Letter.

Frankfort, Ky. Feb. 12, 1912.

Record-Press:—This has been a busy week at the state and many important administrative measures have been passed.

The Graham County bill was passed by the house ready for the Governor's signature. This ends a fourteen

year's fight which has cost the state more than a quarter million dollars, has stopped the wheels of legislation, and demoralized political parties.

A state wide primary has been passed and hereafter all nominations must be made by the people and entrance will be open and free for any man who feels that his services are necessary for the "dear people" has only to shy his castor into the ring.

The Bank Examiner bill has passed both houses and the state has legalized what the banks have already been doing for the last two years, thereby giving the depositors the assurance of the solvency of the state banks.

A Corrupt Practice act has passed the house, this is another administrative measure, and limits the amount of money to be used in elections, prevents intimidation and coercion of employees and the publication of campaign expenses five days before the election.

While neither of the political parties has the nerve to declare for the initiative and referendum in their state platforms, (although the people are for it) the house membership went on record for popular government.

The test came when the bill to present a constitutional amendment to the people for a change in our tax system the bill was passed and within two years we shall be called upon to express ourselves whether we shall change from the present level rate of taxation to a classified property tax.

But the bill was not permitted to pass until an amendment was carried which gives the voters a chance also to pass upon any legislation that might be enacted under this constitutional amendment if it should be carried at the polls.

This is referendum pure and simple and shows how the wind is blowing in the countryside. This movement will grow until the people will send men to our convention who will voice to sentiment of the people in formulating party platforms, and later send men to our State legislatures who will give the people an opportunity to govern themselves, through expression at the polls, on questions of general interest.

The effort to repeal the dog law failed; it was killed by a parliamentary trick in the House, Friday.

It may come up later as there were many bills to repeal offered; the House will vote to appeal but the Senate is overwhelmingly for the law to stand.

I take this method to say to the hundred friends who have written me asking me to offer the Carroll Good Roads bill taxing farm lands one dollar per acre, that they need have no alarm as the bill will never be considered by the committee much less pass either house.

The Vital Statistics Law will be amended by eliminating the burial permit, such a bill has passed the House already and will easily pass the Senate. It seems that many registrars have charged for burial permits. There is no warrant of law for such a charge and those who have paid are entitled to refund. The State Farmer's Institute will meet here next week and a big turnout is expected.

## In Memory.

Call From Earth To Glory.

Mrs. Sherman Crayne, died at her home at Piney Fork, Feb. 22, 1912. She was born Dec. 13, 1876. Her maiden name was Emma Canon. She was married to Sherman Crayne, August 26, 1893. This union was blessed with five children who survive her, one a little infant daughter two weeks old. The life of the little one cost the life of the mother. The loving mother, devoted wife, our true friend and neighbor, has been called up higher. All was done for her that kind and loving hands could do, but the Lord gathereth unto himself his own. She professed faith in Christ and joined the Baptist church at Piney Creek in 1894, she lived a faithful consistent christian until death. The funeral services were conducted by her pastor, Rev. J. W. Vaughan in Piney Fork church after which she was laid to rest in the family graveyard at Piney Fork to await the morning of the

Resurrection. She leaves a host of friends and relatives to mourn her loss. May God bless all her loved ones and brings them all to meet her in the "Glory Land." A FRIEND.

## Malice.

If ever you have entertained malice toward any person, or if you do so now, you will at once dismiss it forever if you will but take the time to think about it in its true light. Aside from its wickedness, its utter folly will cure you, and you will feel like a new man if you will sincerely pass this simple resolution in your own mind and observe it closely.

In as much as there is an all-wise, just and loving Judge whose prerogative it is to redress all grievances and right all wrongs, and as I am weak and liable to err, and also other men; therefore resolved, that "I will double my diligence to do right toward all men and in any event I will never entertain the least malice toward any person in the world, and for the sake of the liberty and freedom which I now enjoy, and hope to enjoy forever, hereafter, I will bless and curse not, and ever strive to overcome evil with good."

After careful reflection subscribe your name, and keep it with your sacred papers. It may seem formal but take the time to write it out, date and sign it with your full name, then take it out at stated intervals and read it, and if you have kept it enter a credit in your favor if not, charge it up honestly and when your papers are turned over to your children, this one will give more satisfaction than the contents of your will.—JOHN E. PILAUT.

Check a bilious half-sick feeling before it gets serious. A dose of HERBINE is the remedy. It restores energy, appetite and cheerful spirits. Price 50 cents. Sold by James H. Orme.

## MODERN MIRACLE

Derick Man on Skyscraper Only Complains of Being Dizzy After Fall.

New York, Mar. 4.—Charles Friedle, a derick man on the new municipal building in course of construction, was overbalanced by the wind while standing on the edge of the twenty-first story this afternoon and tumbled all the way to the side walk without sustaining any injuries.

Friedle's marvelous presence of mind saved him. Pedestrians saw him make a lightning reach for a rope a few feet away from him. He could not reach it, but by the time he passed the eighteenth story, the rope was blown directly in front of him. He soon caught hold, but could not stop his downward flight. At the sixteenth story he struck a knot on the rope, which broke his hold. He whirled around several times, but again caught the rope at the fifth floor. Ten feet from the ground the rope came to an end and Friedle dropped to the ground. Picking himself up, he complained of being dizzy, but said he was ready to return to work. A pair of heavy gloves had protected his hands.

## SALEM BOY

Roy Threlkeld And The New Century Hotel.

This is one of the really attractive factors of Dawsons Springs—a large handsomely constructed and elegantly furnished hotel with baths, heat, lights and all modern conveniences. There are baths and toilets on every floor. There are nearly one hundred guest rooms with other available space. Electric fans in summer and steam heat in winter are among the provisions. There are call bells in every room.

One of the best ball rooms in Kentucky is here and music is furnished by a competent orchestra throughout the entire summer season. The house is convenient to all wells and arrangements are in every way desirable.

The New Century is open every day in the year and those who are guests get all the genuine comfort of modern hostilities.

For the past four years this elegant house has been under the management of Roy L. Threlkeld, an energetic, through pains-taking young man who has constant vigil over the affairs of the place in detail. To his good judgement and management is due much of the favorable reputation the New Century enjoys, for it ranks among the best hotels in the state and is certainly a credit among Dawson Springs enterprises and attractions.

## SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For twenty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

### MATTOON

Owing to the cold weather, Mattoon items stopped, so here we come again.

The farmers are busy burning their plant beds.

Mrs. Alice Barry is on the sick list at this writing.

Tom King and Lish Marvel finished delivering their tobacco last week and were pleased the prices they received.

Mrs. Bell Summerville and Miss Cordie Farley were pleasant callers of Mrs. Barry Thursday evening.

Ermine Brantley returned from Paducah last week.

Misses Cordie Farley and Laura Summers were pleasant callers of Mrs. Edgar Smith, Tuesday.

Gus Farley says he is going to raise ten acres of tobacco this year. Hurrah for old Gus.

Mrs. A. Brantley is visiting her son-in-law, Tommie Powell. Gid Lewis and wife visited her father, J. Farley, near Mattoon.

Miss Rebecca Phillips made a flying trip to Sturgis last week.

### MORE THAN SKIN DEEP

MORE THAN A SKIN SALVE IS NEEDED TO CURE PILES PERMANENTLY.

Don't be disappointed if you fail to get a lasting cure of piles with salves. The cause of piles is more than skin deep. It is sluggish, flabby veins—pockets filled with thick, bad blood. HEM-ROID, a tablet tonic remedy, is taken inwardly, acts on the circulation and cures all kinds of piles thoroughly.
