VOLUME XXXIV.

MARION, CRITTENDEN COUNTY, KENTUCKY, MARCH 21, 1912.

NUMBER 38

MRS. FRED COOK CALLED HOME

Life of Well Known Mattoon Farmer Dies of Pneumonia After Few Days Illness.

Sunday afternoon at her home near Mattoon, Mrs. Enoch Ann Cook, the wife of the well known farmer, of that section died of pneumonia after only a few days illness. Her daughter, Miss Mayme, who has been attending the Marion High School was called home only last Wednesday when her mother's illness took a serious turn. Everything which saving hands and skilled physicians could do, was done, but all to no avail. She was about 55 years of age, and was married in 1855. She was a member of the Methodist Church and was buried at Mt. Zion, Tuesday at 11 o'clock, Rev. Wheeler conducting the services. Beside her husband and daughter, Miss Mayme, she is survived by four sons, two of whom, Chas. and Alonzo are married, and all reside in this county.

George Slaton Dead.

Curge Slaton's old standly family horse called George, which was about thirty years of age, died last week of old age and Mr. Slaton is feeling the loss keenly. He and old George were familiar figures on our streets delivering sweet potatoes and other vegetables which Mr. Slaton prides himself on raising.

Sole Heir of Rich Chicagoan Dying in Sanitarium.

Monroe, La. March 15.—Miss Lula Maze, of this city, a former stenographer for a wealthy Chicago railroad man, now said to be dying in a Rochester, Minn. sanitarium, received a telegram today to the effect that she had been made sole heir by his will to an estate valued at \$430,000. The property is located in Chicago, St. Louis and Florida. She left for Chicago in response to a message from an attorney in charge of the estate. The dying man it is said has no relatives.

THE FARM SPECIAL TRAIN

Will Arrive in Marion, Ky., at 12:15 on April 6th, 1912.

The Farm Special will consist of eight cars. One will be devoted to dairying, one to horticulture, one to live stock and poultry, one to field crops, one flat car for exhibition of the live stock, one to home economies (woman's work,) and two living coaches for the lecturers.

Various topics under the above heads will be discussed by the best authorities available. The train will afford rare educational opportunities. Literature on various farm topics will be given away.

No money or labor has been spared to make this train literally a "university on wheels."

T. R. BRYANT,
Supt. Extension Division, College of Agriculture, State University.

Mrs. T. H. Hearin of Madisonville, who was the guest of her parents, C. E. Doss and wife this week, also visited her sister, Mrs. J. R. Summersville at Mattoon.

JUDGE GORDON PRESIDING

At March Term of the Crittenden Circuit Court; Many Important Cases.

Circuit Court Convened Monday morning, March 18th, with Commonwealth Atty. Hon. J. L. Grayot in attendance and Judge J. F. Gordon on the bench.

Court was organized and the juries empaneled as courts have been in Crittenden's historic court house for many decades.

Judge Gordon in his address to the grand jury was plain and impressive. He said:

"The services of the grand jury are necessary for prosecutions in Circuit Court. The work of the grand jury protects the court from being harassed by trials emanating from unworthy causes, and protects citizens from unmerited prosecutions."

The position of a grand juror ought to be regarded as a compliment because of its importance in protecting society. The duties of the grand jury are inquisitorial and the members while serving are exempt from charges of violations of law. He is untrammelled. The grand jury is head of the court and can at any time enter open court and demand the services of the officials of the Commonwealth, can subpoena witnesses and on their refusal to appear and testify, can arrest and imprison. The jury can indict or not at discretion, but be dignified, circumspect and secret in investigations. Do not discuss grand jury problems with people outside and thus trail the dignity of the law in the dust. People must respect the law or return to barbarism. Make examples of those who seriously violate the law, but for a slight offence from which no harm results to society, do not waste time. The object of the law is to correct evils. Don't waste time on snowbirds when the woods are full of game. The moral conduct of the citizens has been exceptionally good since last court. Carefully consider evidences furnished from examining trials and act independently.

The divisions of homicide—willful murder with malice aforethought, voluntary manslaughter, arising from heat of passion aroused by controversies etc., and involuntary manslaughter arising from conditions being allowed that result in a loss of human life, were explained by the Judge.

He further charged: "Deal severely with cases of assault and battery—nip this spirit in the bud. Protect the person of the humble and the most humble protect most. Killing in self defense is only when one's life is in immediate danger from an adversary. Chicken stealing to the amount of \$2 is a felony. Hog stealing to amount of \$4 is felony. To break a string with which a door is fastened, constitutes house breaking. It should be the care of every community to prevent house breaking and house burning. Railroads and boats are common carriers and are compelled to carry for you and are responsible for stealing goods in their possession. Protect them. On carrying concealed deadly weapons deal severely. The practice leads to a citizenship of cowardly assassins. Deal severely with "blind tigers." People who favor them will not help you. Teach them better than to swear falsely. A community without courage to enforce the local option law is pitiable. It is useless to waste time on them. Expend your efforts on good communities that want laws enforced. The sale of "soft drinks" needs investigation. A common carrier can not ship intoxicants from "wet" to "dry" districts in the state. The inter-state commerce laws require that the amount of liquor contained and the name of the person to whom sent be upon each package. Abnormal quantities can be traced."

After listening with grave attention to the charge the jury repaired to the grand jury room for business.

THE DEDICATION OF THE NEW METHODIST TEMPLE OF WORSHIP.

ELABORATE AND IMPRESSIVE CEREMONIES
FORESHADOWED; APRIL 28th THE DATE.

Work is progressing rapidly on the new Methodist Church and the date of the Dedication has now been definitely fixed for April 28th. An elaborate programme is being prepared, and the opening services will extend over four Sundays, and these will be followed immediately by a two-weeks Protracted Meeting.

The Dedictory Sermon will be preached on Sunday April 28th at 11 o'clock, by Bishop Collins Denny, D. D., L. D., of Richmond, Virginia. The pulpit will be occupied at the night hour by the Rev. Frank M. Thomas, D. D., Presiding Elder of Louisville District of the Methodist Episcopal Church, South, who is also the Fraternal Delegate from his own denomination to the General conference of the Methodist Episcopal church which assembles at Minneapolis, Minn., on Wednesday May 1st. Dr. Thomas traveling direct from Marion to that city.

What is to be known as a "Home Coming Week" will follow: Monday, April 29th, by Rev. J. B. Adams, Presiding Elder of the Henderson District and Dr. Mather's immediate predecessor in the Marion Pastorate. Tuesday April 30th the pulpit will be occupied by the Rev. S. J. Thompson, Presiding Elder of the Owensboro District. Wednesday night, May 1st, Rev. T. V. Joiner, pastor of the Hartford, Ky., Methodist church will preach. Thursday night, May 2nd, Rev. J. R. McAfee of Franklin, Ky will occupy the pulpit, and on Friday night, May 3rd, the Rev. Virgil Elgin, Pastor of the Jeffersonton, Ky., Methodist church will preach.

Saturday night, May 4th, there will be a public reception to be presided over by Dr. and Mrs. Mather as Host and Hostess at which a sort of house-warming will take place when the guests will be shown over the building. Services on the three following Sundays will be conducted by some of the most prominent preachers in the Methodist

Church, including the Rev. Gross Alexander, D. D. of Nashville, Tenn., Editor of the Methodist Review, and one of the greatest classical scholars in America; Rev. Dr. W. B. Palmore, Editor of St. Louis Christian Advocate, and known world-wide for his many philanthropies and educational work, and Bishop W. A. Candler, D. D., of Atlanta, Ga. who is perhaps the most popular of the bishops of the Southern Methodist Church.

Dr. Palmore, who is exceptionally popular preacher is now on his way home from a protracted trip around the world, during which he has visited every continent, and has been received in high places and entertained by the great and powerful of the earth. He preached on a U. S. Cruiser, in Manila Bay on the last anniversary of Dewey's great victory, and has since traveled all through eastern Asia, and is at this moment in India, enroute home to America. He will have a great and interesting message for the congregation that will gather on the day of his visit to Marion. In addition to Dr. Palmore's Sunday Sermons, Dr. Mather hopes to persuade him to deliver one of his popular lectures on the Monday night following so that every one may have a chance to hear this great man.

More definite announcement concerning the programme will be made in a later issue, but the foregoing is sufficient to indicate that our Methodist friends are looking forward with great interest to the opening of their new Church home, and, given good weather, the services will doubtless mark an epoch in the history of our city.

Old Guard Spelling Contest.

The spelling Bee between the Old Guard and the Marion High School graduates which will be pulled off Friday evening, March 29th, at the School Auditorium promises to be one of the most interesting events in local history. A crowded house is already assured.

MARY FOWLER, CENTENARIAN

Aged Colored Woman of The County Goes to Her Maker.

Thursday morning, March 14, 1912, at 6 o'clock, Mary Fowler, colored, probably the oldest citizen of the county died at the home of her son, Wylie McCain, on South Main street in this city of the diseases incident to old age.

She had been twice married but both her husbands died. By her first husband she was the mother of eleven children, four of whom survive and all of whom live in this city, being Harriet Lee, her oldest child, now 83 years old; Mary, Wylie and Elijah McCain. Her second husband, Louis Fowler, died several years ago, and since his death she has resided with her son, Wylie. The old family bible of the Thompson family, to whom she belonged before the war, is now in possession of her daughter, Harriet Lee, and shows her date of birth Aug. 1st, 1812. Had she lived only a few months she would have rounded out the 100 years.

She was a member of the colored M. E. church and her funeral was preached there Friday afternoon at 2 o'clock by Father James, of Princeton, and her remains were laid to rest in the cemetery of her people north of the city to await the resurrection morn.

Dr. Mather Attends Royal Arcanum

Dr. Arthur Mather, pastor of the Methodist church, is in St. Louis this week attending the Grand Council of the Royal Arcanum, of which he is the Chaplain. On Monday night last there was a large class of five hundred initiated into the order, the ceremony taking place in the First Regiment Armory in the presence of seven thousand guests. In addition to the speeches by the Mayor of St. Louis, Hon. F. Kreissman, and the Supreme Treasurer of the order, Hon. A. S. Robinson of Boston, Mass. Dr. Mather spoke on the supreme value of Brotherhoods, and made a powerful appeal for men to get together for mutual uplift and assistance.

As Chaplain Dr. Mather eight years ago obligated the largest class of candidates which, up to that time, had ever been initiated into any fraternal order in the world. The occasion was under the auspices of the Supreme Council of the Royal Arcanum, and the work was done in the First Regiment Armory at Chicago. The class initiated numbered three thousand one hundred, and the ceremony took place in the presence of ten thousand members of the order.

Stove Explodes at Cobb Injuring Three.

Cadiz Ky., March 15th.—The stove in R. J. Lester's store, at Cobb exploded and Mr. Lester, Joe Ridley, and Alex. McAlister were badly burned and otherwise injured. The show cases and all the windows in the building were broken, and the stock of goods caught fire, but the fire was soon extinguished. The fire occurred a short time after a fresh supply of coal had been put in the stove, and it is thought that nitroglycerine had been placed in a piece of coal by some one. An attempt was made about two weeks ago to dynamite this same building.

LEE CRUCE'S DAUGHTER TO CHRISTEN "THE OKLAHOMA"

Oklahoma Governor Picks Daughter to Give New Battleship a Name.

Oklahoma City, Okla., March 16.—Miss Lorema Cruce, 16-year-old daughter of the Governor of Oklahoma, will be selected by the Governor to christen the battleship Oklahoma when it is completed. This announcement has been informally made by Governor Cruce.

Miss Cruce is looking forward to the event with the greatest interest that her young life has experienced, although it probably cannot take place for a year. The Governor sees in this selection a peculiar appropriateness. His daughter is descended on her mother's side from the Le Flore family one of the most historic of the Choctaw and Chickasaw Indian tribes. Her mother was Chockie Le Flore, one of twins, the other being named Chickie. Having both Chickasaw and Choctaw blood in their veins their parents named them after the tribes they represented.

Judge Blue Called to Oklahoma.

Judge J. W. Blue was called to Milburn, Okla., Sunday afternoon by a message telling of the critical illness of his sister, Mrs. Chas. Evans. After he left a second message conveyed the intelligence that she was some better and altho this information was given to Judge Blue on the train at Mayfield, he decided to continue on his journey to visit his sister, who is thought to be in a serious condition.

In Harness Again at

The Old Staid.

Copher has gone back in business in earnest. Not only has he cleaned up, papered and painted the store, but has also employed Della Terry, as good a cook as could be found for the restaurant, and has Lee Byford to deliver, Fred Moore to assist in waiting on the trade, and last but not least Miss Daisy to keep the books, and assist in the buying, and lend her aid in every way to help her father.

The stock is clean, new and up-to-date. Try them as of old.

Mrs. James Box Party.

Mrs. Ollie James gave a box party at the Belusco, followed by a supper at the Willard. Her guests were Mrs. Jack Beall, of Texas; Mrs. Hardy, of Texas; her sister-in-law, Mrs. R. Y. Thomas, wife of the Congressman from Central City, Ky.; Mrs. Thomas' daughter, Miss Fern Ragsdale; Miss Ruby James of Marion; Mrs. Somers and Mrs. Ayres.

At a banquet at the Willard, given in honor of the National Civic Federation, at which President Taft was a guest, were present: Representative Ollie James and Mrs. James, their sister, Miss Ruby James; Representative John W. Langley and Mrs. Langley; Representative J. C. Cantrill and Mrs. Cantrill, Judge Henry D. Clayton and Mrs. Clayton, Mr. and Mrs. W. F. Dennis.—Louisville Times.

Miss Marjorie Loyd, an attractive little Miss, of Fredonia, was the guest of Miss Mary Weldon in this city last week.

Thigh Muscles of a Girl

Transplanted to Kneecap.

Baltimore, Md., March 20.—Performing what is said to be a most unusual operation, made possible only by recent discovery in surgery, Dr. Wm. S. Baer transplanted the muscles of Miss Ruth Coffey, of Lenoir, N. C., in an effort to stay the ravages upon her system caused by infantile paralysis.

The girl's atrophied thigh muscles, which had been deadened by disease, were removed and grafted to her kneecap muscles, from which it is hoped they will absorb vitality.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge a trial of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. The also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Marion only at our store.—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

Fine Bridge for Eddyville.

S. R. Glenn's bill appropriating \$9,000 for improvements at the Eddyville penitentiary passed both houses of the Legislature. 6,000 of this amount is to be expended in the construction of a concrete bridge over the creek between the penitentiary and the depot. This will be a great improvement over the wooden structure that has been in use a number of years, and it will also greatly add to the appearance of the spot.

Another of Senator Glenn's bills that passed was one under the provisions of which the fast night trains will be required to stop at the Eddyville depot.

—Princeton Leader.

Railway Project in Africa.

Five vast railway projects for the opening up of Africa are at present either in progress or seriously considered. First, there is the great Cape to Cairo Railway, whose northern and southern sections are pushing slowly to an ultimate junction in mid-Africa.

Then there is the French Trans-Saharan, and the further scheme of that nation to open the valley of the Niger and Lake Chad with the Atlantic Coast by means of the Trans-Saharan railway. Germany also has planned the Trans-Equatorial road, her first important railroad development in Africa.

The fifth enterprise contemplates building a line from the Straits of Gibraltar southerly along the Atlantic coast by way of Casablanca and Agadir to Dakar, which is an important point of shipment for West Africa, where France has lately built an important naval station.—Scientific American.

A tight feeling in the chest accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the dollar size BALLARD'S HOREHOUND SYRUP; you get with each bottle a free HER-RICK'S RED PEPPER POROUS PLASTER for the chest. The syrup relaxes the tightness and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by James H. Orme.

Chivalry.

Chivalry has never been shown to all women, but only to a few women of the upper classes, particularly the pretty ones.—Mrs. Zangwill

*111 miles from the pole

The last word which was heard from Amundsen before his dash to the pole was received in New York on January 8, 1911. After describing the splendid quantities of the Fram during its 16,000-mile voyage, and the care taken of the 100 Eskimo dogs, which had become 115 at the time of landing, he said:

"We sighted the mighty barrier at 2:30 p. m. January 11. One would be less than human if one could behold such a sight unmoved. As far as the eye can see, from western to eastern horizon, this wall of ice rises perpendicularly to a height of 100 feet. And yet it is only a very small part of it that one sees. What must the man have thought who first came upon this wall, and for whom all further advance seemed an impossibility? It was one of the world's boldest and cleverest sailors (not to say the cleverest of them all), James Clark Ross, who, after making his way through the ice pack with his two sailing vessels, the Erebus and the Terror, came, in February, 1842, upon this remarkable ice wall. Even at that time he observed the great bay, but, of course, did not venture into it with sailing vessels. For years after the barrier was regarded as a bar to all further advance southward.

Barrier is a Level Plain. "It fell to the lot of a Norwegian, Carsten Borchgrevink, in the Southern Cross in 1890, to prove that this was not the case. He succeeded in entering a small bay (which has since disappeared and been merged with the adjoining great bay), and thence getting on to the barrier. Here he made a short expedition and found that the barrier extended southwards in the form of a wide, level plain, reaching as far as the eye could see. This demolished the theory of its unassailable character, and opened the way towards the south. Subsequently an Englishman, Captain Scott, succeeded in landing in MacMurdo strait and thence made an expedition southwards. Sir Ernest Shackleton's brilliant expedition in 1908, in which he reached a latitude of 88 degrees 23 minutes, will be known to everybody.

"The great bay, running southwest into the barrier, which I have chosen as the base of an expedition towards the south pole, has been observed not only by Ross and Borchgrevink, but also by Scott and Shackleton, and thus appears to be a constant formation, something that can be counted upon. Shackleton also thought he saw a ridge of hills at the head of this bay, which would indicate land. After reading these various accounts and thinking the matter over, I came to the conclusion that this bay, which has been proved to have had the same situation for a period of 60 years, could not be a chance formation in the barrier caused by the breaking off of icebergs, but must have been produced by underlying land or rising ground. If not, the barrier would have continued its course unchecked and no bay would have been formed.

Cruises Along Ice Barrier. "The day after we sighted the barrier we reached this bay, still in the same situation—about longitude 161 degrees west. It was so full, however, of recently broken up bay ice that there was no question of getting in. We therefore took a little run eastwards along the edge of the barrier to await events. The next morning (January 13) we returned, and then found that so much of the ice had floated out that there was an opportunity for us to get in. My belief as to the origin of the bay was strengthened as we got farther south; the formations stood out more clearly and sharply, and at the southern end we could distinctly make out hills and valleys. It was certain that underlying land or shoals here arrested the course of the mighty glacier, and forced it out to either side. There would be no perilous wintering on a floating barrier. The ground was safe enough.

Land on Barrier. "On the following day (January 14) we found a landing place well suited for our enterprise. The long 16,000 miles' voyage was safely accomplished, and we were only one day out in our calculation. We had arrived a day too early.

"After having safely moored the vessel to the ice we set off to find a suitable place for wintering. This did not take long. About two and one-half kilometers from the ship, at the foot of a ridge, well protected from the southeast winds, we found an ideal place; and on Monday (January 16) we began to unload our cargo. Two men at once set about the erection of the house, while the rest of the land party continued to bring up the building materials and provisions. With our 115 dogs we had draft power enough, but it was often slow work getting the heavily laden sledges up to the site, which lies at a height of 150 feet. But our dogs know how to draw. It is a pleasure to work with them. They are all picked animals from Greenland.

His Solidly Built Camp. "It is three weeks since we began the building of our station, and now everything is ready. The desolate, icy landscape has undergone a great change. The silence is broken. Where formerly only a solitary penguin or the track of a seal crossed the height there now lies a whole little village. Our solidly built little house stands safe and secure, sunk four feet down in snow as hard as rock and supported by backstays on all sides. We have given it the name of Framheim. Its longitude is about 164 degrees west, its latitude 78 degrees 40 minutes south, so that it is probably the most southerly human habitation. Round it are set up fifteen tents large enough to accommodate sixteen men each, for the use of the dogs and as storehouses for our provisions, coal, wood, clothing, etc.

"The principal food depot is about a kilometer from the stations and contains provisions sufficient for two years. Since we came here we have lived almost entirely on seal meat, and would not exchange seal steak for any dish in the world. There are great numbers of seals here, and we shall soon have preserved enough both for ourselves and all our dogs for the winter.

"We Shall Do What We Can." "In a few days the Fram will be ready to leave us. She goes north with greetings and messages and we shall begin our journey towards the south. It is my intention to lay down a main depot in 80 degrees latitude, and a smaller one as far south as possible; and I hope that, with the excellent means at our disposal, we shall get to 83 degrees with the small depot as early as the autumn, before the dark season sets in. I can say nothing more with regard to our future prospects. We shall do what we can."

SKETCH OF CAPT. AMUNDSEN. Arctic Exploration Has Been the Dream of His Life Since Early Manhood.

Road Amundsen, now about 40 years old, has proved himself one of the most competent explorers. Besides reaching the south pole he is the first and only man to accomplish the long attempted feat of taking a ship from the Atlantic to the Pacific by the northwest passage. He has made at a point within a short distance of the magnetic pole the only set of complete polar magnetic observations ever taken.

Amundsen was born at Sarpsburg, Norway, and in his childhood moved with his parents to Christiania. His parents destined him for medicine. For one year he was a medical student, but at his mother's death, when he was 19 years old, he gave up the intended career and went to sea. For a number of years he cruised in the north as a whaler and sealer on Norwegian vessels.

Amundsen had his first taste of exploration when in 1897 he went as first officer with the Belgica on Gerlach's Belgian polar expedition. From what he learned of the work and adventure of exploring on this trip and from the second Norwegian polar expedition of 1898, he became filled with arctic ambitions of his own. He formed the project not of attaining the geographic pole sought by so many, but of trying the long-neglected northwest passage and approaching and studying while on his way the little known magnetic pole.

It took Amundsen several years to prepare himself for his trip. For two years he studied, first in Hamburg under Neumayer, authority on magnetism; in Berlin under Schmidt, and finally at Wilhelmshafen under Gorgen in the meteorological station. His mental preparation over, he spent two years more in raising funds and outfitting his expedition.

The Amundsen magnetic expedition was perhaps the most modestly appointed that ever went for purposes of discovery into the arduous field of the arctic. Its cost was \$30,000, a large part of this Amundsen's own money. Frithjof Nansen, the Norwegian polar explorer, a close friend and faithful helper of Amundsen, helped raise another large part. Amundsen was finally able to put off from Christiania in the little 47-ton sloop Gjoa on June 17, 1903.

Voyage of Gjoa. The Gjoa sailed around the north end of America, reaching the mouth of the Mackenzie river about September 3, 1905. It went by way of Baffin's bay, Lancaster sound, Barrow strait, Peel sound, James Ross strait and Rae strait. Twice it wintered in the ice. For a period of many months during this voyage Amundsen maintained an observatory on King Williams land, at latitude 68 degrees 30 minutes, longitude 90 degrees west, within 90 miles, as he calculated, of the magnetic pole.

"I've a day too early. "After having safely moored the vessel to the ice we set off to find a suitable place for wintering. This did not take long. About two and one-half kilometers from the ship, at the foot of a ridge, well protected from the southeast winds, we found an ideal place; and on Monday (January 16) we began to unload our cargo. Two men at once set about the erection of the house, while the rest of the land party continued to bring up the building materials and provisions. With our 115 dogs we had draft power enough, but it was often slow work getting the heavily laden sledges up to the site, which lies at a height of 150 feet. But our dogs know how to draw. It is a pleasure to work with them. They are all picked animals from Greenland.

CAN YOU ASK MORE?

Your Money Back for the Asking. You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25cts., 50cts., and \$1.00. Remember, you can obtain Rexall Remedies only at our store.—The Rexall Store. HAYNES & TAYLOR, Marion, Ky.

First of French Monarchs. History concedes that Clovis I. was the real founder of the French monarchy, although his father, Childeric, held some sort of tribal rule over part of the country which was destined to become France. Clovis was a progressive king and vastly extended his domains during the period of his rule, from 481 to 511. He made endless war on surrounding tribes and took territory right and left by conquest. In 493 Clovis took Paris by storm and thereupon that city became the permanent seat of the French government.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years has supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, Etc. Take Hall's Family Pills for constipation.

When Patches Were Popular.

In the eighteenth century the tiring of a beauty's face and the nice adjustment of the patch was one of the serious businesses of the day, and occasionally if my lady or her tiring woman could not agree on such a momentous question then were my lady's gallants called in to decide whether these important patches should be so placed as to draw attention to the mischievous eyes, to the feeble dimple, or to the exquisite turn of snowy throat.

Special "ZEMO" Offer.

No doubt you've heard or know of ZEMO, the popular and thorough skin and scalp cure—its fame has spread from ocean to ocean, and it has many friends in these parts. The makers appreciating that there are many who would like to test the curative qualities of ZEMO and ZEMO SOAP, have prepared a special trial package, which we offer at only 25c. It contains a generous bottle of ZEMO, a small cake of ZEMO SOAP, and a 32-page booklet, "How to Preserve the Skin." The purpose of this trial package is to win thousands, yes hundreds of thousands of new users of ZEMO and ZEMO SOAP. If you are troubled with Eczema, Pimples, Itching Skin or scalp ailments, do not fail to avail yourself of this opportunity to test ZEMO. Get the 25 cent trial package today at Haynes & Taylor's drug store, Marion, Ky.

Gives Prompt Relief

William H. Douglas, Jr., of Washington, D. C., says: I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gave me almost instant relief.

HARDESTY

I will take the pleasure of speaking in behalf of our little community this time.

We have plenty of mud, some snow and a little water, yet.

Farmers say they feel like mules for they have had such a long rest.

Freeman Tabor, who has been very sick, is improving.

Miss Grace Myers is still in Paducah having her eyes treated.

The farmers of this section, have sold a large number of hogs. The report is there are only four fat hogs in the country at present.

Mark Belt is supposed to be a very prompt boy, as he was seen passing through here in the mud to fill his appointment.

There has been plenty of water in Deer Creek for boats to pass from here to the river, for three weeks.

Mr. Hardy, of Brookport, Ill., is rafting logs here this week.

Marion Mathus, of Ozark, Ill., was visiting relatives in these parts last week.

Miss Edna Cash, of Lola, was the guest of C. H. Tabor and family last week.

John Hardin was lost in the fog last Friday morning while going from the house to the barn,—having no fog horn he found himself at a muskrat hole.

It is reported that a fur hunter from Indiana, is coming in these parts. Boys you had better call on the barber.

When you feel discouraged, confused, nervous, tired, worried or despondent it is a sure sign you need MOTT'S NERVE RINE PILLS. They renew the normal vigor and make life worth living. Be sure and ask for MOTT'S NERVE RINE PILLS. Price \$1.00 by druggists.—Williams M'f'g. Co., Props., Cleveland, Ohio. Sold only by J. H. Orme, Marion, Ky.

Fortune Reported Found in an Unknown Garret.

Clarksville, Tenn., March 19.—A report received here Thursday morning states that E. H. Garrott found \$10,000 in gold stored in the attic of the residence of his sister's, Miss Mary Anna Garrott, near Longview.

In making an alteration in the building, the story goes, Mr. Garrott went into an unused loft under the roof, where he discovered the money stowed away in two large stone jars. The money was mostly in one dollar pieces.

The Garrotts are wealthy. The building in which it was found has been handed down for several generations and the money was very probably put there by some member of his family.

A Smooth Skin

Black Heads, Chaps, Pimples, Sores and all unhealthy conditions of the skin are unsightly and detract from the looks. Buy a box of Dr. Bell's Antiseptic Salve a creamy, snow white ointment, apply as directed and your skin will be as clear as a babe's. At all dealers in medicines.

Use of Powders in History.

The primary use of powders was for the adornment of the hair, dyes, and powders of blue, red and green being affected by the Saxons in place of the gold dust with which Jews and Romans were wont to sprinkle their locks. Later wheat flour and rice powder were adopted, both for hair and face, and these were not introduced into England until later Plantagenet days, when a very decided change in dress made itself apparent.

Asthma! Asthma!

POPHAM'S ASTHMA REMEDY.

gives instant relief and an absolute cure in all cases of Asthma, Bronchitis and Hay Fever. Sold by druggists; mail on receipt of price \$1.00. Trial Package by mail 10 cents.

Williams M'f'g. Co., Props. Cleveland, Ohio. Sold only by J. H. Orme

Relief for the Superstitious.

The composer Rossini could cook cleverly, and his most celebrated dish was a preparation of macaroni. It was a contemporary of Rossini who said, "An overturned salt cellar is only to be feared when overturned in good dish," which is a good thing for the superstitious to remember.

R. F. D. No. 4., Marion, Ky.

FARMERS BANK

OF
MARION, KENTUCKY.

CAPITAL STOCK, \$15,000.

The Law of Kentucky requires State
Banks to carry as much as **Fifteen**
per cent of their deposits in cash and
on deposit in other banks.

This Bank's sworn report to the
Secretary of State; of date February 29,
shows that it has in its vault and deposit-
ed in other banks **forty-seven** per
cent of its deposits. An additional
seventeen per cent of its deposits is
invested in Bonds of the city of Louis-
ville and the city of Memphis, which
bonds may be cashed any day desired.

Instead of having **fifteen** per cent
of its deposits available, this bank has
sixty-four per cent of its deposits
available. This is such banking
methods as considers the **security of**
the depositor FIRST and the **profit**
of the Stockholder SECOND. The
majority of Banks operate on the reverse
idea. If you approve of such conserva-
tive methods we invite your patronage.

WILLIAM FOWLER, President.
E. J. HAYWARD, Cashier.

ELM GROVE

A DOUBLE WEDDING.

Married at the home of Mr.
and Mrs. F. M. Wring, Thursday
afternoon their fifteen-year-old
daughter, Miss Muriel to Ervon
Jones, of Caldwell Springs; and
Miss Ada Campbell to Martin
Asbridge, both of Seven Springs,
at the same time under the same
ceremony, with Rev. J. C. Kin-
solving officiating. The brides
are both popular young ladies of
their communities and are ad-
mired by all who know them.
Each of the grooms are industri-
ous farmers of sterling qualities.
We wish both couples much hap-
piness in their future lives.

Those on the sick list are Mrs.
Mariah Teer, Miss Dannie Davis,
Bob Butler.

Elzie and Roy Campbell, of
Seven Springs, were through
this section Friday buying furs.
Those present to witness the
double wedding were Miss Lovie
Kirk and brother, Newt, of New
Salem; Arthur Asbridge, of
Seven Springs; and John Meeks,
of Stringtown.

Twinkle Howard made his
regular trip down below Salem,
Sunday. Lookout for another
wedding soon.

Emmett Butler contemplates
going to Texas in the near future.

Mr. and Mrs. Robert Ryon, of
Pinkneyville, were the guest of
her parents, Mr. and Mrs. Al-
bert Butler, Sunday.

Quite a number from this sec-
tion are attending court this
week.

An event long to be remem-
bered was the St. Patrick's Par-
ty last Saturday night by the F.
S. Club at the beautiful home of
Miss Frances Blue. The house
was decorated—white and green
being the decorative colors.

At 10:30 the guests entered
the dining room which was dimly
lighted with candles with green

shades.

Refreshments were served in
courses. First course, grape-
fruit with marachino cherries.
Second course, chicken salad,
chocolate, olives, reception wait-
ers, pickles, and pimento sand-
wiches. Third course, brick ice
cream, angel food, cake, nuts and
mints.

The guests and some of the
costumes worn were as follows:
Frances Blue, yellow silk. Kath-
eryn Yandell, white marquisette.
Madeline Jenkins, green satin.
Katherine Yates, yellow satin.
Nannie Rochester, pink mull; Su-
sie Boston, black voile; Mamie
Love, yellow silk, and Myra Dix-
on, green silk.

The young men were, Maurie
Nunn, Mr. Schlamp, of Evans-
ville, Herbert Rodgers, Ralph
Davidson of Princeton, R. E.
Rodgers, Melvin Wilkey of Dix-
on, Homer Moore, Douglas
Clement.

Before the guests departed
they were given small clay pipes
as souvenirs. At a late hour the
guests dispersed, declaring the
party a success. Beautiful hand
painted place cards were given
at the dining room door to each
guest—the painting was the
work of Miss Nannie Rochester.

E. J. McConnell and Miss Fan-
nie E. Clark.

Wm. Moss, jr. and Miss Edna
Buckalew.

Erwin Jones and Muriel Wring.
Martin Asbridge and Miss A-
da Campbell.

DR. BELL'S ANTI-PAIN
For Internal and External Pains.

Miss Isabel Howerton of Fre-
donia, who was the guest of
friends here, return home Mon-
day.

Events of the Near Future.

April 7. - Easter Sunday.

Attend Henderson Business College.

T. H. Cochran was in the Salem country on business last week.

Dr. J. V. Hayden and Albert Butler, of Salem, were here this week attending Court.

W. L. Adams returned Friday morning from Nashville leaving his wife on the high road to recovery.

E. H. James, the Kuttawa miller was here last Tuesday of last week en route home from Tolu, where he was called on business.

Mrs. Theo. Bentley of Fredonia, was here Saturday of last week the guest of Mrs. Q. M. Conyer, returned home Sunday afternoon.

W. H. Black of Rodney, was here several days last week and this week delivering tobacco and attending to closing the details of a land deal.

Rev. H. V. Escott is engaged in a meeting at Tolu and is having an interesting revival, which is being well attended at each of the two daily services.

John F. Casner of Shady Grove and his son, Fred Casner of Providence, were here Monday. The latter is connected with the Ruby Lumber Co.

Mrs. Gill's rooms are full almost every night and often she rents rooms from other parties near by to room her guests.

Her table satisfies and that is what brings her guests back.

Mayes, Cavender & Stone's millinery opening March 21st and 22nd.

Mrs. Mont Davenport returned from Nashville Tuesday, having recovered entirely from an operation which she underwent at a sanitarium there two weeks ago.

Dr. O. C. Cook of Crayne, has returned home from Nashville, where he went to accompany Mrs. W. L. Adams, who was operated on there successfully last week.

Today and tomorrow will be the dates of our last millinery opening.

Mayes, Cavender & Stone.

Rev. W. B. Yates has returned from Hartford, where he assisted Rev. T. V. Joiner in a two weeks meeting.

H. L. Gass, of Ridgeway, Ill., arrived Tuesday to visit his parents and to attend to some business affairs.

Elder C. T. Clarke of Blackford, Ky., was here last week and attended Rev. T. N. Compton's meeting at the Baptist church.

Hon. O. M. James is expected here today en route to Washington, D. C. from Lincoln Nebraska where he attended W. J. Bryan's birthday dinner.

Miss Margaret Howerton, the sweet little daughter of Mr. and Mrs. S. Howerton of Fredonia, was the guest of Miss Vera Conyer last week.

Rev. A. J. Thompson was here Saturday enroute to Chapel Hill, where he filled his regular appointment Sunday. Altho the roads were bad he had a large congregation.

Mont Davenport of View section went to Nashville Sunday to bring his wife home. She having been under the care of a physician for several weeks.

Don't fail to come, tell all your neighbors to do likewise—Mayes, Cavender & Stone millinery opening, March 21st and 22nd.

Mrs. Frank Summesville went to Mattoon Monday to visit the family of her son, J. R. Summesville, who has only recently recovered from an attack of erysipelas and whose infant son is quite ill at this time.

Mrs. Sarah Gill wants all her old friends to call when in the city at the new brick Gill Hotel next door to the Farmers Bank, where a good meal, well served, may be obtained any time.

Mrs. Lou Terr is getting along nicely at the Nashville sanitarium where she was operated on several weeks ago and is expected to be able to return home this week.

Louis C. Terry and wife of Benton, Mo., who were here last week to attend the 70th birthday anniversary of his brother, James T. Terry, left Monday afternoon for their home.

The Baptist Revival conducted by Rev. T. N. Compton has created much interest and each service is attended by large congregations. Sunday night over 100 were turned away as the house was not adequate to accommodate those who wished to hear Mr. Compton. The meeting will continue this week.

The latest news from the bedside of Mrs. Dora Adams wife of our countyman W. L. Adams is to the effect that she will soon be up and able to return to her husband and family.

Levi Steele, of the Baker section, was here Tuesday delivering a load of wire fence from C. R. Newcom. While here he closed a deal for a slice off of the John Nunn farm adjoining Garrard Walker and known as the Sullivan survey.

Mrs. Perry's millinery opening days are March 21st, 22nd, and 23rd.

Rev. Wallace Clift left Monday for Madisonville to assist Rev. J. B. Harrison, in a meeting. He will be absent several days and his pulpit will not be occupied here Sunday. Rev. Clift preached a strong sermon to a good congregation Sunday morning at the Presbyterian church U. S. A.

Rufus E. Deboe of Uniontown died Friday of typhoid fever and his remains were brought to Crayne Saturday for interment at the Crayne cemetery. Rev. Wallace Clift preached the funeral. He was survived by his wife and one child. His father, Wash D. Deboe lives in the Crayne section of this county.

DR. W. H. CRAWFORD

DENTIST

All Work Guaranteed

Gas and Somnoform used for PAINLESS EXTRACTION

Office over Marion Bank

Miss Edith Burton, who graduated at the College for trained nurses, at Evansville, and who has been following her profession in that city since, has decided to locate in Marion. She arrived last week and is now at the home of her aunt, Mrs. T. A. Frazer, and will attend any calls made on her, when not otherwise engaged.

The Ladies Aid of the Methodist church will hold an Easter sale of work on Friday, March 29, next in the Tucker Furniture Store on Belleville street, commencing at two o'clock. Useful and ornamental articles in abundance will be on sale, refreshments and candy will be much in evidence. The Methodist Ladies are working with a will for their splendid new church, and deserve all the support that can be extended to them on this occasion.

Miss Ada Terry left Monday for Benton, Mo., for a short visit with her uncle and aunt, Mr. and Mrs. L. C. Terry. She will also visit other relatives before she returns in company with Mr. and Mrs. J. B. Terry, when they move back to old Kentucky about April 1st.

Lottie Tinsley Terry will have a special display of Fancy millinery, March 21st, 22nd, 23rd.

Every one is invited, I will offer you the best quality, latest style for less money than ever offered before.

Telegrams received Tuesday from Judge J. W. Blue, who was in Milburn, Okla., stated that his sister, Mrs. Charles Evans, was much better. She is at the home of her sister, Mrs. Fannie Clark. The other two sisters, Mrs. Annie Krausse and Miss Nonie Blue, of St. Louis, are there also. Her friends here hope the improvement may be permanent.

Thursday, Friday and Saturday, March 21, 22 and 23, Mrs. Perry will have her millinery opening. Ladies take notice.

Rev. T. N. Compton is conducting a very interesting revival at the Baptist church in this city. Large congregations attend and much interest is being manifested at each service. There has been several professions and it is predicted that the meeting will result in a great strengthening of the church and many additions to the various religious denominations in the city.

There is Only One Pine-Tar-Honey

That is Dr. Bell's. It is the original and can be relied on in croup, coughs, colds and all lung and bronchial troubles. Look for the bell on the bottle.

Ezra Long, of the Baker section, was here Monday with a boss load of tobacco. He took home 120 rods of American Field fence from T. H. Cochran & Co., and will finish fencing his land which he recently purchased off of the old John Nunn farm adjoining Summer Newcom.

W. H. Black of the Rodney section who bought a section of the John Nunn farm, known as the Duncan land, last year, was in the city Tuesday delivering tobacco and closed a deal for a part of the Simmons survey adjoining his first purchase thus doubling his holdings.

CONSTIPATION

Will soon bring on other ailments. Cure it with PODOLAX. Pleasant in taste. Pleasant in action. Does not gripe. 50cts., per bottle

Mr. and Mrs. Sam Carnahan of Blackford, were the guests of W. C. Carnahan and family the first of the week and attended the Baptist revival conducted by Rev. Compton.

Mayes, Cavender & Stone's Millinery opening Thursday and Friday, March 21st and 22nd.

Z. A. Bennett and wife of Tolu were the guests of Mrs. Susan Glenn the first of the week.

Hon. D. H. Hughes, now of Paducah but formerly of Morganfield and one of the most prominent attorneys in western Kentucky, is attending court here this week.

FOR SALE—One 3 year old horse, one cow and calf.

J. M. Phillips, Tolu, Ky.

John F. Harth Dies at Caseyville.

Paducah, Ky., March, 19.—John F. Harth, 53 years old, proprietor of a general merchandise store at Caseyville, was found dead in bed this morning as a result of heart trouble. He formerly resided in Paducah. He was interested in the ownership of mines near Caseyville.

Rev. Cook Kinsolving, Acquitted.

In the suit filed by the Commonwealth vs J. C. Kinsolving charged with "maintaining a public nuisance," the jury Wednesday morning acquitted the defendant. Mr. Kinsolving built a fence on his land which closed a road leading to Lon Waddell's residence. Mr. Waddell objected and called the attention of the court to the matter with the result that an indictment was found against Mr. Kinsolving. A new public road which had been opened up gave Mr. Waddell other access to his farm which the jury decided was sufficient.

DEEDS RECORDED

G. W. Conyer to Mrs. Lou Butler, house and lot near Marion, \$600.
R. H. Enoch to J. P. Hunt land on Claylick \$2700.
Mary Pippin to W. T. Pippin house and lot in Marion \$250.
Fancy Winders to W. K. Underwood 1-4 acres \$6.50.
S. J. Humphrey to C. E. Humphrey exchange of land.
C. E. Humphries to Geo. W. Yates 71 acres, \$900.
S. Stenbridge to H. E. Cline land on Deer Creek \$850.
Mrs. Lou Butler to Finis Butler 55 acres \$700.

MARCH

Suggests wind, and that naturally brings up the subject of Windstorm Insurance. Precautions and care avail nothing against this hazard, but the property owner can protect himself from loss by insurance in a reliable company. It costs very little and the protection is absolute.

Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. If you are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

E 60

Take CARDUI

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

Birthday Celebration.

Mr. Ben Brantly celebrated his 73rd birthday at Blackford Friday. A number of relatives were present with well filled baskets and a delightful day was spent. In the afternoon the Misses Henrie Easley and Ruby Seigler recited. The following were present: Mrs. John Easley, Mrs. Henrie Easley, Lee Easley, Hays Easley, Mr. and Mrs. Reed Easley, Mrs. Al Easley and two sons, Mr. Minnie Shuttlesworth of Marion; Mrs. J. H. Shuttlesworth of Henderson; Mrs. Dr. Daughtrey and daughter, Lillburn, Mo.; Mr. and Mrs. John Thomas and son, Miss Ruby Sigler, Mr. Thomas Brantly and Katty Orr of Providence, Providence Enterprise.

GOOD NEWS

Many Marion Readers Have Heard of and Profit by Therby.

"Good news travels fast," and the thousands of bad back sufferers in Marion are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. Mary Alexander, Marion, Ky., says: "I was afflicted with kidney trouble for three or four years. Sharp twinges seized me in my back when I stooped or lifted and I was unable to rest well on account of a constant backache. I tired easily, often felt nervous and languid, and was annoyed by headaches and dizzy spells. I was also troubled by a blurring of my sight, and the kidney secretions were unnatural. I finally procured Doan's Kidney Pills at Haynes & Taylor's drug store and am glad to say that they gave me great relief. I have no hesitation in recommending Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The program of the Educational Association has been arranged by practical educators with a view to furnishing the greatest possible amount of profitable discussion of vital points in the educational world, and ample time has been allowed for such discussions. The meeting will be held in Louisville on June 26-27 and every teacher should attend.

Dr. Bell's Anti-Pain

A sudden attack of Cholera Morbus is dangerous. Keep Dr. Bell's Anti-Pain at hand, a dose relieves almost instantly. It also cures Diarrhoea, Cramps, Flux and all Bowel complaints.

A Scary Horse.

A man in upper New York state, who was desirous of purchasing a horse for the use of his wife, recently entered into negotiations with a veteran horse dealer.

"Now, I'm not so particular about speed, said the prospective purchaser, "but I must have a gentle horse." "Here is one that I'll warrant to be perfectly safe," said the dealer, indicating a sad-looking steed near by. "Are you sure he is not afraid of anything?" insisted the man.

The dealer assumed an air of deep reflection. "Well," he said, "there's one thing he has always appeared to be afraid of ever since I got him. It seems as if he's scared to death for fear some one might say 'whoa!' and he not hear it."

One on George.

"Oh, my!" she exclaimed impatiently; "we'll be sure to miss the first act. We've been waiting a good many minutes for that mother of mine."

"Hours, I should say," he replied, rather tartly. "Ours?" she cried, joyfully. "Oh, George, this is so sudden!"

The Ruling Passion.

"How is Mrs. Dumley. I understand the doctor gave her up."

"Yes, he did. But she's better. The other day she thought she was sinking and sent in a hurry for her woman neighbors."

"In ten minutes they were all playing bridge."

DR. LEONHARDT'S DISCOVERY

HEM-ROID WILL INTEREST EVERY PERSON WHO HAS PILES.

The public is indebted to Dr. J. S. Leonhardt, of Lincoln, Neb., for years of study of the treatment of piles, and for his discovery of a successful remedy, taken inwardly, which livens up the stagnant blood circulation and reduces the swollen vessels. Dr. Leonhardt's prescription is HEM-ROID, sold by Haynes & Taylor and all druggists at \$1.00 for 24 days' treatment. Guaranteed to give satisfaction. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

The Kentucky Educational association will meet in Louisville on June 25, 26, and 27. With the educational interests of the state at high water mark already, and with Louisville spreading herself to the utmost to make this meeting a great success, there is no reason why this session of the Association should not have the largest attendance in the history of its organization.

Another Precinct Heard From

On Judge J. E. Robbins, Candidate For Congress in the First District.

Mayfield Messenger, Jan. 31st. —In this issue will be found the announcement of J. E. Robbins of Mayfield, as a candidate for Congress, in the First Congressional District, subject to the action of the Democratic party.

He is so well and favorably known to the people that it would seem wholly unnecessary for us to give a lengthy history of his career. However the story of his life is both interesting and inspiring. His advancement step by step, from a poor struggling boy on a rented farm, to a man of learning and scholarly attainments, holding positions of great honor and trust by the will of the people, has been so natural and orderly as to excite the admiration of thoughtful people everywhere. By virtue of his great natural ability, energy and will power, together with his high moral character and pleasing address, he has been able to overcome great difficulties and to accomplish much in life.

He was born in Graves county, on the 4th day of August, 1854. At the age of three years his parents moved to Calloway county, near New Concord. His father's name was Thomas Robbins. He was a blacksmith, and poor, but a worthy man. In this community this boy grew up, and toiled industriously in his father's shop, and on rented farms, helping to make a living for the family.

His only opportunity for an

"WE USE" DANIEL BOONE AXLE GREASE

And don't have to grease but once a week.

Made in Louisville by CHAS. C. STOLL OIL CO.

education was to attend the public schools a few weeks in winter and to spend his leisure hours at home at hard study. This he continued until he was eighteen years of age, when his father died, leaving him, his mother and infant sister in destitute circumstances. With these cares on his hands he returned to their old home in Graves county, where he continued his struggle for an education and competence with great success.

Notwithstanding his lack of good schools, and opportunity to attend them, he was so studious and apt in his books, that at the age of nineteen he was a successful teacher in the public schools in Graves county. For four years, he taught five montes each year, and attended school between sessions, and in this way, seizing every available moment for study, he acquired not only the technical learning of books, but his education is practical, and he has made the most of it.

In 1877 he was granted license to practice law and the next year opened his office in Mayfield. Within a few years he took rank among the best lawyers in the state. He now enjoys a large and profitable business, and is known as one of the most successful lawyers in Kentucky.

His first induction into public office was in 1878, when he was elected surveyor of Graves county by a majority of twenty-three hundred, on the very day he was first eligible to hold the office. Next, he was nominated by the Democrats for County Judge and was elected by a large majority. He performed the duties of this office with great satisfaction to his constituents, and with much honor to himself. So well did he manage the financial affairs of the county that he made a splendid reputation as a business man and financier. On account of this reputation, in 1891, he was elected President of the Graves County Bank, which position he held six years to the satisfaction of all concerned.

In the meantime, however, he was nominated by acclamation by the Democratic party for Representative in the General As-

sembly. He was overwhelmingly elected, and served with distinction in the memorable sessions of 1896 and 1897.

In November, 1897, he was elected Judge of the Circuit Court in the First Judicial District. He made a dignified, able and impartial judge. At the end of five years, his health failed on account of the close confinement on the bench, and upon the advice of his physician, he resigned his office, returning to the practice of law.

His recognized ability and reputation for integrity and sincerity of purpose, have given him a commanding influence at the bar, and in the community. His reputation as a profound jurist is state-wide. On more than one occasion he has been called to sit as special Judge of the Court of Appeals in the determination of important litigation, and he presided at one of the trials of Caleb Powers, for the assassination of Governor Goebel.

He is a Democrat of the Progressive type, is an able advocate of the principles of the party and an active supporter of its candidates. The party has honored him by his election as Chairman of one State Convention, and his voice has been potent in its counsels for years.

Judge Robbins is now in the full vigor of manhood mentally and physically. He has a large experience in business affairs, and a fund of useful knowledge. If elected, he will make a strong and influential member of Congress. His sympathies are with the plain common people, and their interests will be safe in his hands.

His candidacy will doubtless meet the hearty approval of many people, and his election ought to be assured.

In the near future his views on the public issues of the day will be made known in public addresses throughout the district.

Check a bilious half-sick feeling before it gets serious. A dose of HERBINE is the remedy. It restores energy, appetite and cheerful spirits. Price 50 cents. Sold by James H. Orme.

You Get Square Deal

When You Buy Square Deal Fence

Fences You See in Catalogs with big bulls and horses behind them look stout. Any kind of a fence can hold a bull on paper—Square Deal Fence does it on your farm. Just step into our store some day and let us show you Square Deal Fencing. You can look at the fence without feeling under any obligation to buy.

The Square Deal Lock is the secret of the success of this fence—the strongest, most compact lock ever invented. It grips the stay wires above and below the strand wires, and will not let them slip. There are no brittle welds to snap—no cumbersome knots to hold moisture, gather rust and shorten the life of your fence.

The Stay Wires are in one straight piece from top to bottom of fence. That means no sagging, no bagging, no buckling to let the pigs underneath. These Square Deal one-piece stay wires help support the fence and save fence posts—lots of 'em. That means fewer post holes to dig—less cost for posts and less cost for labor. All these things count in buying fence.

The Wavy Strand Wires keep Square Deal fence tight and trim the whole year round. They give the fence elasticity so it springs right back into place after sudden heavy strains. We have been handling wire fencing a long time and we want to sell you Square Deal fence because we honestly believe it beats all others in strength, durability and appearance and gives you much more fence value for your money. Come in and get Square Deal prices the next time you come to town. Anyway, don't buy another rod of fencing until you see for yourself why Square Deal is the best fence value on the market today.

The Kidney of a Sheep to be Substituted.

New York, March 18.—William E. D. Stokes, owner of the Ansonia hotel, who was the target for the bullets of two girls in the early summer, soon will submit to an operation. It is planned to remove one of his kidneys and substitute the kidney of a sheep for it. Mr. Stokes, health is poor. He has lost a great deal of weight and appears old.

When he reached New York Dr. Josiah Thornley, his physician, consulted with some other doctors, and it was decided that Mr. Stokes' best chance was in having the kidney removed.

To prepare for the operation Mr. Stokes was advised to build up, and every morning now he takes short walks, increasing them gradually each day. In the late afternoon he takes another walk.

ECZEMA

QUICKLY CURED WITH "ZEMO"

A Trial Treatment For 25 Cents.

The makers of ZEMO—the celebrated eczema and skin cure—have placed on the market a trial treatment package consisting of a generous bottle of ZEMO, a trial cake of ZEMO SOAP and a 32 page booklet "How to Preserve the Skin."—This entire package to be sold at 25 cents, so that everybody can test the true healing and cleansing properties of ZEMO. We have received a good supply of these trial-treatment packages and urge all those troubled with Eczema, Pimples, Itching Skin, or any other skin or scalp disease, to come here and get the ZEMO trial-treatment. We heartily endorse and recommend ZEMO and ZEMO SOAP to all persons suffering from any form of skin or scalp trouble. It is a clean, soothing, healing wash and a sweet antiseptic soap that does not glaze over the trouble like salver, powders and greasy lotions, but penetrates to the very root of this trouble. ZEMO stops the itching at once and opens the pores and draws out the poisonous accumulations to the surface of the skin leaving it clean and healthy. Get a trial-treatment of ZEMO to-day—you'll find it the best 25c investment you ever made. HAYNES & TAYLOR, 21 Marion, Ky.

Horse Trader Luck.

When that little word luck is around, Everything pleases a horsetrader sound; He'll willingly over the country ride; To purchase an old horse hide.

Then feed it corn, hay and oats As if he was feeding a bunch of shoats, And go to the stable each night; To see if every thing is alright.

The slightest noise in the night; And out of his bed in fright And into his jacket, He's out to the barn to see what's the racket.

The old horse is down And to some neighbor he must expound, With this bright excuse; That a horsetrader must bear abuse.

With pulleys and ropes all stout And with a hallabaloo of a shout, They put the horse on his pegs He looks like the news from Ft. Meigs.

He'll curry and brush all day; And his spirits rise without delay, For he suddenly remembers astray; That next Monday is County Court day.

Monday with spur on his heel He mounts to the saddle as if it was steel

To the backs of his plugs the whip he puts, As if he was bound for the driving foot.

Away over the county ridge; To where he crosses the iron bridge, And slackens his terrible speed; And stops to water and to feed.

Ties up his horses' tails And loosens the horse-shoe nails, To play the loose shoe trick; On old horse-trader, Dick.

Then he strikes the gallops And goes like a swift moving shallop, Riding into town with jaunty swing As if he were a monarch or a king.

On to the right of the jocky rick He sees old "Pat" with a light stick, With which he is tapping old "Bill"; To let him know he's here still.

Look over yonder just one plug; And see horse-trader Dick and his jug; With a mighty leap to the saddle he sprung, And using his jubilant tongue.

Come on with your heck good and

Stops Neuralgia Pains

Sloan's Liniment has a soothing effect on the nerves. It stops neuralgia and sciatica pains instantly.

Here's Proof

Mrs. C. M. Dowker of Johannesburg, N. Y., writes: "Sloan's Liniment is the best medicine in the world. It has relieved me of Neuralgia. Those pains have all gone and I can truly say your Liniment did stop them."

Mr. Andrew F. Lear of 50 Gay Street, Cumberland, Md., writes: "I have used Sloan's Liniment for Neuralgia and I certainly do praise it very much."

SLOAN'S LINIMENT

is the best remedy for rheumatism, backache, sore throat and sprains.

At all dealers.

Price 25c., 50c. and \$1.00.

Sloan's Liniment is the best remedy for rheumatism, backache, sore throat and sprains.

muggy.

For he's good to the buggy.

And he's good to the plow.

Right here's a bargain without a doubt.

Hello there pat;

You've got him pretty fat.

Now just show him to me and I'll

But look here why does he limp?

He's on his back with a bound.

And over jocky street round and

Don't you see his shoe is loose!

While the boys are yelling he

like a goose.

Come up here old "Ned"

I ought to have let you die in

old shed.

But you've got to sell;

Or I'll let you die in the next but

Now look here Mr. Owner of a

gray.

I'd like to know what you've got

For of all the horses I ever did

He's the prizer for me.

Set down and we'll have a chat.

For I've got to beat old Pat.

Now just for a joke on Dick;

I'll get a horse that'll beat that

A hundred fifty is the best I'll

But I'll throw in my saddle too.

Just hand over your check;

For he's a peach I think.

With a pocket full of money;

That makes us feel funny.

And when we've had our punch;

We're out to Specs' for a 25 cent

ASHAMED OF HER FACE

"I was ashamed of my face," writes Miss Pickard of North Carolina, "I was all full of pimples and scars, after using D. D. D. Prescription. I can say that now there is no sign of that Eczema and that three years ago."

OTHER OF LARGE FAMILY

How She Keeps Her
Health—Happiness For
Those Who Take
Her Advice.

Scottville, Mich.—"I want to tell you
how good Lydia E. Pinkham's Veget-
able Compound and Sanative Wash have
done me. I live on a farm and have worked
very hard. I am
forty-five years old,
and am the mother
of thirteen children.
Many people think
it strange that I am
not broken down
with hard work and
the care of my fam-
ily. I tell them of my good friend,
Lydia E. Pinkham's Vegetable Com-
pound, and that there will be no back-
ward bearing down pains for them if
they take it as I have. I am scarcely
thirty in the house.

I say also that I think there is
no medicine to be found for young
men. My eldest daughter has taken
Lydia E. Pinkham's Vegetable Com-
pound for painful periods and irregular-
ity and it has helped her.

I am always ready and willing to
do a good word for Lydia E. Pink-
ham's Vegetable Compound. I tell every-
body that I owe my health and
well-being to your wonderful medicine."
J. G. JOHNSON, Scottville, Mich.,
U. S. A.

"Lydia E. Pinkham's Vegetable Com-
pound made from native roots and herbs,
and no narcotics or harmful drugs,
it holds the record of being the
successful remedy for woman's ills."

Wonderful Operation.
San Francisco, March, 20;—
The first time in the history
of surgery a physician has per-
formed an operation on his own body the
operation of removing the verni-
cal appendix. Dr. Bertram F.
Hobart, chief surgeon of the
hospital, injected a spi-
ritual and with his own
scalpel made the incision necessary for cut-
ting the troublesome little
appendix. Dr. Al-
though highly successful in the
operation which was made at the
last Sunday afternoon,
he rapidly recovering and
the feat was accomplished
with receiving congratula-
tions from his friends and broth-
ers.

Youthful Mother.

AMUNDSEN TELLS OF HIS DASH TO THE SOUTH POLE

NORWEGIAN REACHES FURTHER-
EST SOUTH DECEMBER 14,
1911, AND PLANTS FLAG.

DISCOVERED LAND NAMED KING HAARON VII. PLATEAU

Five Men With Sledges Start on Final
Dash October 20—Observations Are
Taken for Three Days to Avoid
Errors—Fast Time Made After a
Dangerous Climb Over Ice-Covered
Mountains—Frozen Sea Sounded
Like Walking on Empty Barrels—
Scott's Discoveries Confirmed.

Captain Amundsen's own narrative of
his attainment of the South Pole, De-
cember 14-17, 1911. By Roald Amund-
sen. Copyrighted 1912 by the New
York Times Company. (All rights re-
served.)

Hobart, Tasmania.—On the 10th of
February, 1911, we commenced to
work our way toward the south,
from that day to the 11th of
April establishing three depots,
which in all contained a quantity
of provisions of about 3,000 kilos.
One thousand six hundred kilos, in-
cluding 1,100 kilos of seal meat, were
cached in 80 degrees, 700 kilos in 81
degrees and 800 kilos in 82 degrees
south latitude.

As no landmarks were to be seen,
these depots were marked with flags
seven kilometers on each side in the
easterly and westerly directions. The
ground and the state of the barrier
were of the best, and specially well
adapted to driving with dogs. On
February 15, we had thus traveled
about 100 kilometers. The weight of
the sledges was 200 kilos, and the
number of dogs was six for each
sledge. The surface of the barrier
was smooth and fine with no sastrugi.
The crevices were very local and
were found dangerous in only two
places. For the rest, long, smooth
undulations.

The weather was excellent, calm or
a light breeze. The temperature on
these depot trips was minus 45 Cel-
sius or Centigrade (49 degrees below
zero Fahrenheit). On the 4th of
March, on our return from the first
trip, beginning on the 15th of Feb-
ruary, we found out that the Fram
had already left us. With pride and
delight we heard that her smart cap-
tain had succeeded in sailing her
farthest south and there holding the
colors of his country. A glorious mo-
ment for him and his comrades—the
farthest north and the farthest south
of old Fram. The highest south
latitude attained was 78 degrees 41.7
minutes.

Winter on the Ice Barrier.

Before the arrival of winter we had
6,000 kilos of seal meat in the depots,
enough for ourselves and 110 dogs.
Eight dog houses, a combination of
tents and snow huts, were built.

Having care for the dogs, the turn
came to use our solid little hut. It
was almost entirely covered with
snow by the middle of April. First
we had to get light and air. The Lux
lamp, which had a power of 200 stand-
ard candles, gave us a brilliant light
and kept the temperature up to 20
degrees Celsius (68 degrees Fahren-
heit) throughout the winter, and our
excellent ventilation system gave us
all the air we wanted.

In direct communication with the
hut and dug-out on the barrier were
workshops, packing rooms, cellars for
provisions, coal, wood, and oil, a plain
bath, a steam bath and observatories.
Thus we had everything within doors
if the weather should be too cold and
stormy.

The sun left us on the 22nd of April
and did not return until four months
later. The winter was spent in
changing our whole outfit, which on
the depot trips was found to be too
clumsy and solid for the smooth sur-
face of the barrier. Besides this, as
much scientific work as possible was
done, and some astonishing meteorol-
ogical observations were taken.

Open Water All Winter.

There was very little snow, and
there was open water close by
throughout the winter. For the same
reason higher temperature had been
expected, but it remained very low.

In five months there were observed
temperatures between minus 50 and
60 degrees Celsius (58 and 76 de-
grees below zero Fahrenheit). The
lowest temperature on the 13th of
August being minus 59 degrees Cel-
sius. It was then calm. On the 1st
of August the temperature was minus
58 degrees Celsius, and there were
six meters of wind. The mean tem-
perature for the year was minus 26
degrees Celsius (14.3 degrees below
zero Fahrenheit). I had expected
hurricane after hurricane, but I ob-
served only two moderate storms and
many excellent auroras—Australas
in all directions.

The sanitary conditions were of the
best all the winter and when the sun
returned on the 24th of August he met
the men sound in mind and body,
ready to set about the task that had
to be solved. Already, the day be-
fore, we had brought our sledges to

the starting place for our march to-
ward the south. Only in beginning
of September did the temperature
rise to such an extent that there was
any question of setting out.

First Start for the Pole.

On the 8th of September eight
men, with seven sledges, ninety dogs,
and provisions for four months, start-
ed. The ground was perfect. The tem-
perature was not bad. The next
day it appeared that we had started
too early, as the temperature of the
following days fell and was kept
steady between minus 50 and 60 Cel-
sius (58 degrees and 75 degrees below
zero Fahrenheit). Personally, we did
not suffer at all from this cold. Our
good furs protected us. But with our
dogs it was a different matter. It
would easily be seen that they shrank
from day to day, and we understood
pretty soon that they could not stand
the long run to our depot at 80 de-
grees south.

We agreed on returning and to
wait for the arrival of spring. The
provisions were cached, and off we
went for the hut. With the exception
of the loss of a few dogs and a couple
of frozen heels everything was all right.

Only in the middle of October
spring came in earnest. Seals and
birds appeared. The temperature
was steady between 20 and 30 Cel-
sius (68 degrees and 86 degrees Fahren-
heit). The original plan that all
of us should go toward the South Pole
had been changed. Five men had to
do this work, while the other three
were to start for the east and visit
King Edward VII. Land.

This last mentioned trip was not in-
cluded in our program, but, owing to
the fact that the English had not
reached it, at least this summer, as
was their intention, we agreed that
the best thing to do was also to make
this trip.

On October 20 the southern party
started—five men, four sledges, fifty-
two dogs, and provisions for four
months—everything in excellent or-
der.

The Journey to the Pole.

We had made up our minds to take
the first part of the trip as easily as
possible, in order to give ourselves
and the dogs a rational training, and
on the 23rd we made our depot in 80
degrees south. We went right ahead.

In spite of the dense fog an error
of two to three kilometers happened
once in a while, but we were caught
by the flag marks and found these on
our way without difficulty.

Having rested and fed our dogs on
all the seal meat they were able to
eat, we started again on the 26th,
with the temperature steadily be-
tween minus 20 and 30 Celsius (4 de-
grees and 22 degrees below zero Fahren-
heit).

From the start it was the intention
not to drive more than 30 kilometers
a day, but it appeared that this was
too little for our strong, willing ani-
mals. At 80 degrees south we began
to build snow cairns of a man's
height, in order to have marks on our
return trip. On the 31st, we reached
the depot at 81 degrees and stopped
there one day, and fed the dogs on as
much pemmican as they wanted.

We reached the depot at 82 degrees
on the 5th of November, where the
dogs for the last time got all they
wanted to eat. On the 8th, south-
ward again, with a daily march of 50
kilometers. In order to lighten our
heavy sledges, we established depots
at each degree of south latitude.

Like a Pleasure Trip.

The trip from 82 degrees to 85 de-
grees became a pleasure trip—excellent
ground, fine sledging, and an event.
Everything went like a dance.

On the 9th we sighted South Victoria
Land and the continuation of the
mountain range which Sir Ernest
Shackleton mentioned in his chart as
running toward the southeast from
the Beardmore glacier, and on the
same day we reached 83 degrees and
established here depot number 4. On
the 11th we made the interesting dis-
covery that the Ross barrier termi-
nated in a light toward the southeast
at 86 degrees south latitude and 163
degrees west longitude, formed be-
tween the southeast mountains run-
ning from South Victoria Land and a
range on the opposite side running in
a southwestern direction—probably a
continuation of King Edward VII.
Land.

On the 13th we reached 84 degrees,
where we established a depot. On
the 16th we were at 85 degrees, where
also we made a depot.

From our winter quarters, "Fram-
heim," 78 degrees 38 minutes south
latitude, we had been marching due
south. On the 17th of November, at
85 degrees, we arrived at a place
where the land and barrier were con-
nected. This was done without any
great difficulty. The barrier here
rises undulated to about 300 feet.
Some few big crevices indicated the
limited boundary.

Leaves 30 Days' Provisions.

Here, we made our head depot, tak-
ing provisions for sixty days' pro-
visions, and leaving thirty days' pro-
visions on the spot.

The land under which we lay and
which we now had to attack looked
quite imposing. The nearest summits
along the barrier had a height from
2,000 to 10,000 feet, but several others
further south were 15,000 feet or
more.

The next day we began the climb.
The first part of it was an easy task—
light slopes and well filled mountain
sides. It did not take a long time, for
our willing dogs worked their way up.
Further up, we met with some small
but very steep glaciers. Here we had
to harness 20 dogs to each sledge and
take the four sledges in two turns.
In some places, it was so steep that

it was difficult enough to use our
skills.

Some big crevices forced us from
time to time to make detours. The
first day we climbed 2,000 feet, the
next day mostly up some small gla-
ciers, camping at a height of 4,500
feet. The third day we were obliged
to go down on a mighty glacier, "Axe
Heiberg's Glacier," which divided
the coast mountains and the moun-
tains further south.

Camped Between Two Mountains.

The next day began the longest
part of our climb. Many detours had
to be made in order to avoid broad
cracks and open crevices. These
were apparently mostly filled up, as
the glaciers in all probability had
long ago stopped moving, but we had
to be very careful, never knowing for
certain how thick was the layer that
covered them. Our camp that night
lay in very picturesque surroundings
at a height of 5,000 feet. The glacier
here was narrowed in between the
two 15,000 feet high mountains, the
"Fridtjof Nansen" and the "Don Pe-
dro Christopherson." From the bot-
tom of the glacier rose Mount "Ole-
englestad"—a big snow cone 13,500
feet high.

The glacier was very much broken
in this comparatively narrow pass.
The mighty crevices seemed to stop
us from going further, but it was not
so serious, as it appeared. Our dogs,
which up to this time, had covered a
distance of about 7,000 kilometers, the
last day severe hard work, ran this
day 35 kilometers, the ascent being
5,600 feet, an almost incredible rec-
ord.

It took us only four days from the
barrier to get up on the vast inland
plateau.

We camped that night at a height
of 10,600 feet. Here we had to kill
twenty-four of our brave companions,
and keep eighteen, six for each of
our three sledges.

In Blizzard Four Days.

We stopped here four days on ac-
count of bad weather. We set out on
the 28th of November, in a furious
blizzard, and in a dense snow drift,
absolutely nothing was to be seen,
but we felt that, contrary to expecta-
tions, we were going fast down hill.
The hypsometer gave us a fall of 800
feet.

The next day was similar. The
weather cleared a little at dinner
time and exposed to our view a
mighty mountain range to the east,
and not far off, only for a moment,
and then it disappeared in the dense
snow drift. On the 29th it calmed
down and the sun shone, though it
was not the only pleasant surprise he
gave. In our course stretched a big
glacier running toward the south. At
its eastern end was the mountain
range going in a southeastern direc-
tion; of the western part of it no
view was to be had, it being hidden
in the dense fog. At the foot of this
glacier, the "Devil's Glacier," a depot
for six days, was established at 86.21
degrees south latitude. The hypo-
someter indicated 8,500 feet above sea
level. On November 30 we began to
climb the glacier. The lower part of
it was very much broken and danger-
ous. Moreover, the snow bridges
very often burst. From our camp
that night we had a splendid view
over the mountain to the east. There
was "Helmer Hansen's Hummit," the
most remarkable of them all. It was
12,000 feet high, and covered with
such broken glaciers that, in all prob-
ability, no foothold was to be found.
"Oscar Wisting's," "Sverre Hansel's,"
and "Olav Hjanland" mountains also
lay here, beautiful, illuminated in the
rays of the bright sun.

In the distance, and only alternate-
ly to be viewed in the fog, appeared
from time to time, "Mount Nielsen,"
with its summits and peaks about
15,000 feet high.

Reaches Highest Point.

We only saw the nearest surround-
ings. It took us three days to sur-
mount the Devil's Glacier, always in
misty weather. On the 1st of Decem-
ber we left this broken glacier with
holes and crevices without number,
with its height of 9,100 feet. Before
us looking, in the mist and snow-drift
like a frozen sea, appeared a light,
sloping ice plateau filled with small
hummocks. The walk over this frozen
ice was not pleasant. The ground un-
der us was quite hollow, and it sound-
ed as though we were walking on the
bottoms of empty barrels. As it was,
a man fell through, then a couple of
dogs. We could not use our skills on
this polished ice. Sledges had the
best of it.

The place got the name the "Devil's
Dancing Room." This part of our
march was the most unpleasant. On
December 6th we got our greatest
height, according to the hypsometer
and aneroid, 10,750 feet, at 87 degrees
40 minutes south.

On December 8th we came out of
the bad weather. Once again the sun
smiled down on us. Once again, we
could get an observation. Dead reck-
oning and observation were exactly
alike—88 degrees 38 minutes 16.6 sec-
onds south.

Before us lay an absolutely plain
plateau, only here and there marked
with a tiny sastrugi. In the afternoon
we passed 88 degrees 23 minutes
(Shackleton's farthest south was 88
degrees 25 minutes). We camped
and established our last depot, depot
number 10. From 88 degrees 25 min-
utes the plateau began to slope down
very gently and smoothly toward the
other side.

On the 9th of December we reached
88 degrees 39 minutes; on December
10th, 88 degrees 56 minutes; Decem-
ber 11th, 89 degrees 15 minutes; De-
cember 12th, 89 degrees 30 minutes;
December 13th, 89 degrees 45 min-
utes.

Reached Destination December 14.

Up to this time the observations
and dead reckoning agreed remark-
ably well, and we made out that we
ought to be at the pole on December
14th in the afternoon.

That day was a beautiful one—a
light breeze from the southeast, the
temperature minus 23 Celsius (9.4
the ground and sledging were perfect.
The day went along as usual, and at
3 p. m. we made a halt. According to
our reckoning we had reached our
destination. All of us gathered around
the colors—a beautiful silk flag—all
hands taking hold of it and plant-
ing it.

The vast plateau on which the pole
is standing got the name of the "King
Haakon VII. Plateau." It is a vast
plain, alike in all directions; mile
after mile during the night we circled
around the camp.

In the fine weather we spent the
following day taking a series of ob-
servations from 6 a. m. to 7 p. m.
The result gave us 89 degrees 55
minutes.

In order to observe the pole as
close as possible we traveled as near
south as possible, the remaining 9
kilometers.

On December 16th, there we camped.
It was an excellent opportunity.
There was a brilliant sun. Four of
us took observations every hour of
the day's twenty-four hours. The ex-
act result will be the matter of a pro-
fessional private report.

This much is certain: that we ob-
served the pole as close as it is in
human power to do it with the instru-
ments we had—a sextant and an arti-
ficial horizon.

Norwegian Flag Marks Spot.

On December 17th, everything was
in order on the spot. We fastened to
the ground a little tent we had
brought along, a Norwegian flag, and
the "Fram" pendant on the top of it.

The Norwegian home at the South
Pole was called "Polheim." The dis-
tance from our winter quarters to the
pole was about 1,400 kilometers. The
average march a day was 25 kilome-
ters.

We started on the return trip on
the 18th of December. Unusually fa-
vorable weather made our way home
considerably easier than the journey
to the pole. We arrived at our winter
quarters, "Framheim," on the 25th of
January, 1912, with two sledges and
eleven dogs, all well.

The daily average speed on the re-
turn trip was 36 kilometers, the low-
est temperature was minus 31 Cel-
sius (23.8 degrees below zero Fahren-
heit), the highest minus 5 Celsius (23
degrees above zero Fahrenheit).

Among the results are the determi-
nation of the extent and character of
the Ross Barrier, and the discovery
of the connection of South Victoria
Land and probably King Edward VII.
Land, with their continuation in the
mighty mountains running toward the
southeast, which were observed as
far as 88 degrees south, but which in
all probability continue across the
Antarctic continent.

The entire length of the newly dis-
covered mountains is about 850 kilo-
meters. They have been named
"Queen Maud's Range."

Scott's Discoveries Confirmed.

The expedition to King Edward VII.
Land, under the command of Lieut.
Prestud, has given excellent results.
Scott's discoveries have been con-
firmed, and the survey of the Bay of
Whales, and of the Barrier Dome by
the Prestud party are of great inter-
est.

A good geological collection from
King Edward VII. and South Victoria
Land is being brought home.

The Fram arrived at the Bay of
Whales on the 9th of January. She
had been delayed by the "Roaring
Forties" on account of the eastern
winds.

On January 16th the Japanese ex-
pedition arrived at the Bay of
Whales and landed on the barrier
near our winter quarters. We left
the Bay of Whales on January 30. It
was a long voyage, with contrary
winds.

All are well.

RAOLD AMUNDSEN.

It's So Easy To End Catarrh

Go to Haynes & Taylor's and say I
want a HYOMEI outfit—take it home—
open the box—pour a few drops of
HYOMEI from the bottle into the lit-
tle hard rubber inhaler—breathe it for
five minutes and note the refreshing
relief—breathe it four or five times a
day for a few days and catarrh and
all its disgusting symptoms will gradu-
ally disappear.

HYOMEI contains no opium, cocaine
or other harmful drug and is sold on
money back plan for catarrh, asthma,
croup, colds, coughs and catarrhal
deafness. Complete outfit \$1.00—extra
bottles if needed 50 cents at Haynes &
Taylor's, and druggists everywhere.
Simple instructions for use in every
package—you can't fail to banish cat-
arrh if you follow instructions.

ing, pressing or repairing, see L.
E. and E. H. Yates, Jenkins
Building. Phone 46.

DR. BELL'S ANTI-PAIN

For Internal and External Pains.

CONSTIPATION

Indigestion, Bad Breath, Dizzi-
ness, Vertigo (blind staggers),
Headache, Sallow Complexion,
a Tired, Discouraged Feeling
are all symptoms of a Torpid
Liver.

HERBINE

Is an Effective Liver Tonic and
Bowel Regulator.

Its powerful reviving influ-
ence in the torpid liver brings
on an immediate improvement.
You feel better at once. The
bowels move freely so that the
impurities which have clogged
up the digestive organs find an
outlet. When the system has
been thus purified, the bilious,
half sick feeling disappears, the
complexion clears, the breath
becomes sweet, the mind alert
and cheerful and there is a fine
feeling of exhilaration all
through the body.

Price 50c per Bottle.

itching of the private parts. Drug-
gists, mail 50c and \$1.00. Williams
Mfg. Co., Props., Cleveland, O.
Sold only by J. H. Orme

Something We All Should Know.

Do you know how many books
are in the Bible? Let us tell you
one good way to remember, so as
never to forget. First write
down the words, "Old Testament"
Now how many letters are in the
word "Old"? Three. How man-
y in the word "Testament"?
Nine. Put three and nine togeth-
er and you will have 39, the
number of books in the Old
Testament. Next write down
the words "New Testament".
There are also in "New and Tes-
tament" three and nine letters.
Now multiply 3 by 9 and you
have 27 the number of books in
the New Testament. Of course
by adding 39 and 27 you have 66
the number of books in the Bi-
ble. Any boy or girl who will
read this over twice will never
forget how many books are in
the Bible.

To The Farmers.

I am paying \$8.00 per ton
for good dry tobacco stalks,
on every Friday and Satur-
day, in bundles.

A. J. DUVALL,
Marion, Ky.

Why seek better? Stick to the
old time tried, and fire tested
Metcalfe laundry.

CALDWELL SPRINGS

Robert Kemp received part of the Caldwell Springs pool of tobacco at Fredonia, Monday.

H. C. Rice, Jr., went to Hopkinsville Thursday on business.

Several of our farmers are attending Court at Marion this week.

Erwin Jones and Miss Muriel Wring were married Wednesday of last week. He will live at his father's home here, and she with her father near Salem.

He who attempts to degrade and cast a stigma upon labor and to associate it with vulgarity degrades himself and reproach upon God.

Joseph Rawlston, of near Frances, was in our midst Saturday.

Esq. Yandell, of near Mexico was through here Friday.

Elhu Millikan is still on the sick list.

Willie Millikan, of Frances, came to see his father Thursday.

Robert Gibbs attended the bucking show at Fredonia, Saturday.

Dan Riley went to Kuttawa Sunday to see his mother, who is quite sick with malarial fever.

Martin Asbridge and Miss Ada Campbell were married Thursday.

Miss Lora Johnson, of Marion, is visiting her aunt, Mrs. Rose Mayes.

An uneasy feeling in the stomach or bowels yield quickly to HERBINE. It tones up the stomach and purifies the bowels. Price 50 cents. Sold by J. H. Orme.

STRINGTOWN

The candy breaking at Dick Henry's, who lives on Mill St., was largely attended Saturday night. All who were present reported a nice time.

Dave Perkins, Kuttawa, is often seen on Mill street.

We are sorry that our friend Dag Butler, is going to leave us.

his presence will be missed in this part of Stringtown.

John and Bob Millikan, of the Riley Mines, were in town one day last week.

Will Kinnis, the barber, and Doyle Polk made a flying trip to Fredonia, Saturday.

J. N. Meeks, the groceryman, went to Crayne one day last week after a load of goods. He reports the roads very muddy.

Ed Peek is able to be out again after a bad spell of lagrippe. Wylie Brown, who lived on bluff, has moved to his new home last week.

Mose Patton and wife, of Seven Springs, visited her mother one day last week.

Lindsey Hodge passed through this section Saturday enroute to his father-in-law's, King John McClure, of near Dycusburg.

Henry Simpkins was pleasant caller in Stringtown, Sunday. Go to S. L. Shelby's for tomatoes, ha! ha! ha!

Harvey Greenlea and Fred Brasher passed through town last week with a load of nice tobacco enroute Salem.

Everybody in Stringtown now believes in groundhog day.

Herschel Butler, who married last Wednesday, passed through here Thursday with his wife, enroute to his father's. The people of this city wish them a long and happy life.

Misses Louisa Mathews, Pearl Simpkins, of Frances, and Miss Ina Stubblefield, were guests of Floyd Simpkins and wife Sunday.

Charlie Sunderland was seen on the streets Saturday evening.

P. S. Travis took a nice load of tobacco to Salem, Friday.

One of the street cars on Broadway ran off the track the other day, but we are glad to report that no one was injured.

200,000 TUBES

Of Sutherland's Eagle Eye Salve were sold in 1908 and not one word of complaint, though every tube was sold under a positive guarantee. It is good for nothing but the eyes. Ask your druggist.

GLEN DALE

George Moore, Sr., has been

quite sick the past week.

Herman Thomas has moved down near Hebron to the Daugherty farm.

Mrs. Mount Taber, of Livingston county, is visiting her sister, Mrs. George Moore.

Ollie Humphrey left last week to seek his fortune in the west, going to Washington.

Miss Edna Minner, of Tolu, visited relatives and friends in this neighborhood last week.

Mrs. Burklew, who has been quite sick at the home of her father, Mr. Woodall, is now reported much better.

Elbert Thomas, a student of the Marion Graded School, spent the week end with his parents.

Mrs. Joel A. Farmer, of Marion, who has been the guest of her sister, Mrs. Wm. Hurley, has returned home.

Frank Minner, of Carrsville, visited in this neighborhood last week.

Lee Enoch, a popular young man of this place, is now in Iowa working for a telegraph Co.

Miss Nannie Moore is visiting friends and relatives in Forest Grove neighborhood.

JAMES' BAKERY,

Tommy Dear,

Just as quick as you can be. Mr. Jones and wife are here and are going to stay for tea. Two loaves of bread, a dozen buns,

And a 15 cent angel food.

For You and the girls, some cookies, too.

THEY ALL ARE GOOD. It's a Dozen Fresh Doughnuts to a Dime, that's what she is saying to Tommy.

CITY BAKERY, C. E. JAMES, Prop.

Uniontown Locals.

Miss Nona Deboe returned to her home in Crayneville, Saturday, after spending a few weeks with her brothers here.

Mr. and Mrs. Robert Deboe went to Crayneville, Saturday, to accompany the remains of Mr. Max Deboe. — Uniontown correspondent to "Morganfield Sun."

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by Jas. H. Orme.

Miss Stella Ross Weds a Texas Young Man.

Miss Stella Ross the beautiful daughter of John W. Ross of Nobe, New Mexico, and Wm. Oscar Thomas of Matador, Texas were married Feb. 29th, at Portales, Texas, at 9:30 o'clock and left at 10:10 for the groom's home. Miss Ross was reared in Crittenden Co. Ky. She graduated at Marion High School about five years ago. She went to Nobe, New Mexico, four years ago where she made her home until her marriage. Mr. Thomas is a highly respected young man and owns a fine hotel in his home town. Miss Stella's friends extend their best wishes to her and her husband.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by James H. Orme, Marion, Ky.

NEW SALEM.

A few pretty days at last.

It is useless to mention the Salem and Union road as no one travels them except Tom Guess and Lafe Alexander.

Mrs. Samuel Wolford and a little daughter of Jim Mahan are on the sick list at present.

Born last week to Mr. and Mrs. Vernon Gilliland, a daughter.

Mr. and Mrs. E. L. Franklin, of Salem, were the guests of her parents, Mr. and Mrs. Samuel Wolford, Sunday.

Mont Davenport left Saturday for Princeton to meet his wife, who has been in a hospital in Nashville, Tenn., the past four weeks.

Wiley Montgomery, of Mexico, (this county) was the guest of his daughter, Mrs. Anthony Loftess, Saturday and Sunday.

Wm. Shreves and family will leave this week for Arkansas to make their future home.

Mrs. John Loftess has been quite sick the past week.

Fred Kirk will move to the farm vacated by Wm. Shreves.

Uncle Sam Wolford got painfully bitten by a rat last week that he caught in his trap. Sam says it was the one that old man Noah took in the ark with him.

Dave Wolford, of Marion, was the guest his parents Sunday.

Esq. Thos. LaRue and wife, of Levas, were the guests of relatives near New Salem last week.

All the tobacco in this section has been delivered.

Our Road Supervisor, Clem Moran, called out the boys Saturday to rebuild two bridges that went down with the thaw-up near Harpendings.

Jim LaRue, Sr., represents this section on the grand jury at this term of Circuit Court.

We are always glad to read the items from Seven Springs, and congratulate the correspondent on the morality of said letters. Remember what the good book says about the "soul saver."

Dr. Bell's Antiseptic Salve Good for all Skin Diseases.

REPTON.

The informal society known as "The Sons of Rest," of Repton, is holding daily sessions at Mr. Perry's store, through this long continued spell of bad weather and we note that the attendance has been better this winter than ever known since its organization. Richard Lewis, Jr., makes a good chairman for he is ever on hand at every meeting, both morning and evening sessions. The worst feature of the meetings is that Ed, the merchant, has all the fuel for making the room comfortable to furnish free — rather hard on Ed, eh?

Well, the groundhog's sign has been pretty well carried out so far, for since he saw his shadow we have had very few pretty days and the farmers are very much delayed in their spring work, few farmers have burned plant beds and none to our knowing, have sown any oats as yet.

W. T. Henry finished stripping tobacco last Saturday but as the roads are so fearfully bad the farmers are having a difficult time getting the weed to market.

Tom Emboden, of Henning, Tenn., was visiting his father-in-law, H. W. McKee, last week.

Mrs. Julia Skees is on the sick list at this writing.

Bad colds seem to be almost an epidemic in our vicinity.

Albert Brantley has returned home from a visit to relatives and friends in Missouri. He was accompanied by his cousin, Miss Ford, whose parents formerly lived in this county. Miss Ford will remain several days here visiting relatives and friends.

John Ray, of Rosiclaire, Ill., was visiting his father-in-law, H. W. McKee, last week.

We have some sign of fair weather for a few days at least.

Pratt Stanley, who has been attending school in Providence, Ky., came home Sunday with a severe attack of rheumatism, but he is now slowly improving.

Eggs for Hatching

From four fine breeding pens of Barred and White Plymouth Rocks. My stock are bred from the best strains in the country. Write for mailing list and prices.

Luther Cass,
R. No. 1. Marion, Ky.

S. BRIDAN

New grocery and hardware store, — Blake Baker Terry, proprietor. Blake will call for your produce, paying highest market price therefor and deliver all goods bought of him. When you get ahead of Blake for being accommodating, you'll have to look a long time. Here's wishing him success.

Fonnie Bealmer, the Wheatcroft barber, is visiting friends and relatives in our community. All he brought back with him was a new style hair cut.

Rev. Jack Davis failed to fill his regular appointment at Deer Creek, Sunday.

Finnis Millikan, superintendent of the Miller mines, reports they have installed a new boiler and pump at the Miller and are now ready to do business right.

A new mine has been opened up on the Terry farm near here. They have named it the "Big Deuce." J. B. Wilson is top foreman, while Carty Bebout is underground boss.

Sheridan has lost the headquarters of the "Sons of Rest" Union—even Ed Beard and Clarence Moore have gone to work.

Oscar Stephenson, who recently bought part of J. A. Stegar's farm, is preparing to open up a dairy. W. H. Stallion, of Glendale, has the contract to furnish him with cows.

Claude Humphrey having just returned from the army, will fight tobacco worms this season instead of "Japs" or other foreign foes. At his leisure hours will continue taking lessons in surveying and school teaching.

It is not often Richard Bebout is blue, but for the past month he has been acting strange and he is either blue or has a case of yellow jaundice, and we can't tell which, his color is different any way.

Miss Ethel Minner, of Caney Fork, has been visiting her aunt, Mrs. Yates, for some time.

Linford Love is preparing to move back to Ky. He has been

living in Carterville, Ill., for the past three years. He will move to the Lacy Moore farm. We welcome him back.

Carter Bebout is prepared to enlarge your pictures. Give him a trial.

Dr. C. E. Stallion, our veterinarian has opened up a school of instruction at this place. Fred Brown is now practicing under him.

John T. Beard has returned home after an absence of three days spent in the open fields. Its a new girl.

Albert Humphrey has returned from an extended trip to Missouri gathering herbs and is now prepared to treat your case at a reasonable fee—No cure no pay.

John Bealmer and Cleveland George spent Sunday with Taylor Lynn near Pleasant Grove. They reported a nice time.

Tom Bracey, of the Hebron neighborhood, has taken a contract to build a garden and lot fence for E. F. Sullenger, our hustling merchant. Hurry up Tom, for Good-Friday will soon be here and Ebb will want to plant his garden by then. Mr. Bracey is a contractor of ability, stands high in the council of contractors, also socially, being president of the "Mighty Eight Society," of our city.

H. E. Cline has traded his house and lot in Sheridan to A. J. Stenbridge, of near Irma, for a farm and will shortly move to it. We will miss Ellis and his family.

C. E. Humphrey has sold his farm near here to Geo. W. Yates, of Marion.

Rodney Stephenson, of Crab Orchard vicinity, is a frequent visitor to our city.

Since Esq. Anas Riley left us we have been minus of a basket maker until now, Mr. C. Highers, ex-postmaster and weather chart, has opened up a basket factory in our city—capacity, one each week, mail orders receive special attention.

Dr. Bell's Antiseptic Salve Good for all Skin Diseases.

Fine Stock at Crayne, Ky.

HAL WILKS

Four years old, 16 hands high, Bay, well made, good style combined saddle and harness horse. Sired by Jere Wilks, first dam, Brwn Hal Mare.

Ned Carmack, 6 years old, Brown, 16 hands high, one of the best saddlers in Western Kentucky, and paces a 2:20 gate. Was sired by Trigham, he by Light Fant, he by Cram Trigham, No. 208, sire of Tom Hughs, 2274, Red Pilot, 229, Ned's first dam Emma Mace sired by Maces Hal.

I also have 2 fine Tenn. Starlight Jacks. Star is 5 years old, 15½ hands high. Black, with extra fine head and ears.

Bob is 4 years old, 15½ hands high, Black and you can't beat his head and ears. These Jacks are sure foal and have proven to be the very best breeders.

This stock will make the season of 1912 at my barn at Crayne, Ky., at \$10 except Bob and he at \$9, to insure a living colt 3 days old. Care will be taken to prevent accidents but not responsible should any occur.

I also have a registered Jersey Bull at \$1.00 cash. Lawrence Tabor will be at the barn all the time. Come and see for yourself.

YOURS FOR IMPROVED STOCK,

O. C. COOK, Crayne, Ky.

TRUSSES.

We can give you a correct truss, all sizes. Call and see us.

J. H. ORME, Druggist.

MARION,

KENTUCKY.
