STORK BRINGS TWINS TO MOVERS ON THE ROAD

Wife of Horse Trader Honors Town of Their Birth.

Lawrenceburg, Ind., March 14. —A pair of boys were born in a dilapidated old covered wagon at noon today to Mrs. Patrick McGormick, 52, while she and her husband were crossing the wagon bridge over Tanner's creek. McGormick and his wife have been traveling about the country for the last three years, with several others, who trade horses and tell fortunes. They claim Indianapolis as their home. The babies weighed 15 1-4 pounds and are strong, healthy children. Their parents, with the other members of the party, are camped near the old stone quarry. The babies have been named St. Patrick and Lawrenceburg, Indiana McGormick.

Why Not Ollie M. James For President.

The Elizabethtown News, speaking of the possible democratic candidates has the following to say of Senator-elect Ollie M. James:

There are several prominent Democrats who still live in the State who in ability, service and fitness for the Presidential nomination are fully as well qualified as Clark or Underwood. What is the matter with Senator-elect Ollie M. James? He has more ability than either Underwood or Clark. He is a better speaker than either of them. His democracy is of a variety which appeals more to the masses and next to W. J. Bryan he comes nearer to representing progressive Democracy than any man in this country. He would have no Wall street strings tied to him. We do not think it the proper time to nominate a candidate for President from the South but if a Kentuckian is to be considered for the position we prefer a man like James to any Kentuckian who has an ex before his name.

National Drainage Congress.

The delegates to the National Drainage Congress, which meets in New Orleans April 12th and 13th, appointed by Mayor Cochran for the city of Marion are, W. B. Yandell, C. S. Nunn, W. L. Vanner, George M. Crider, and A. C. Moore; and for Crittenden county, W. B. Groves, W. B. Wilborn, W. R. Cruce, A. J. Bebout and Eugene Guess.

Thanks His Friends.

Dear Editor Press: Will you allow me space in your valuable paper to thank the many friends of Crittenden and adjoining counties, who so faithfully and loyally rendered their assistance in extending a helping hand in the long continued case in which I was charged with maintaining a common nuisance and especially to the jurors before whom I was tried, do I desire to express my thanks for their faithfulness and justice in the decision rendered by them.

I owe a debt of gratitude I can never pay and may God's richest benedictions rest upon you all, is the desire of your faithful servant.

J. C. Kingsolving.

Manual Labor.

The trouble of some young men is, they do not understand the dignity of manual labor. They do not realize that honors and fortune may be more readily gained outside of the so-called learned professions than in them; and that it is just as honorable to swing a hammer or to hold a plow as it is to make a speech in court or to amputate a limb. The lesson, young men should be taught as early as possible is that it is not so much what a man does for a living as how he does it, and that manual labor is as honorable as any other. —Hartford Herald.

Mrs. Henry Escott returned from Louisville Friday, where she was the guest of her daughter and family, while Mr. Escott was absent from home conducting a meeting at Tolu.

Birthday Party.

His seventieth anniversary celebrated on Sunday, March 17, 1912, Jas. T. Terry and wife called together some of their many friends and relatives to help them enjoy the 70th birthday of Mr. Terry. The day was an ideal one compared to many since Mr. Ground Hog has declared "yet 40 days and ye shall have winter," and then entered his winter quarters. To only say that the day was enjoyed would not do justice to the occasion. The tables as we sat down by twelve, laden with that which is scarcely equalled among the most royal. I shall not undertake to enumerate the various dishes that were at our command. My satisfaction was fully reached before I got around, yet I felt the ponderous weight of an extravagant eater. The following persons were present to enjoy the rich bounties of the table: L. C. Terry and wife of Mo. Z. T. Terry, W. T. Terry, Blake Terry and Mrs. Maggie Terry, Rev. W. R. Gibbs and wife, C. E. Weldon and wife, Miss Callie Kidwell and R. M. Franks. Soon after the dinner was served we began to sing. C. E. Weldon at the organ. This company was soon supplemented by the presence of Bro. Rufus Robinson and daughter, John W. W. and others. The music grew intensely interesting, at this juncture the order was changed and R. M. Franks called for a prayer to be led by Bro. Robinson which was interesting in all its features. After this prayer

we were led again in prayer. After another song we were led by Bro. Gibbs in 2 soul stirring, old time benedictions which will be felt for days to come. Mr. Terry looks well, feels well and we would be glad that he might have other 70 birthdays and all of us would be there.

Another Marion Man.

N. G. Rochester of Marion, a matriculate in the Arts College of Kentucky State University, was selected by the faculty last night to represent State University in the annual Intercollegiate Debating contest to be held some time in April against Transylvania University. J. I. Miller of Lexington and Fred Schulz of Narrows, Kentucky, were chosen as the other two members of the team and upon these three the University will pin their hopes of a State championship.

The Kentucky Intercollegiate Debating Association was organized in 1906, composed of State University, Central University, Georgetown University and Transylvania University. Five times out of the seven years State University has won, and all five times she won she was represented by one or more Marion men. The only two times she lost there was not a Marion man on the team. In 1907 she was represented by V. Y. Moore and B. T. Towery, 1910 by H. A. Babb, 1911 by J. O. Gill, and 1912 by N. G. Rochester. This is undoubtedly the most phenomenal record made at any college by High School graduates of the same school following in such quick succession.

State University and Central University can never forget the wonderful record made in debating circles by students from Crittenden county and to Crittenden county they owe five State Championships and to Crittenden county they will owe another. —The Idea, Official Student Booster of the State University, Lexington, Ky.

Snowbound on a Train.

Kansas City, March 26.—Snow balls for poker chips, bed sheets for towels, only two light meals a day, were some of the things indulged in by nearly two hundred snowbound passengers on a Union Pacific train that was stalled at Oakley, Kansas, for more than a week. The train reached Kansas City late yesterday after having been on the road from Denver since March 15th.

The first few days were spent cheerfully, joking about our predicament, "but the situation was approaching desperation toward the last. Food became scarce and the coal supply became so short that the cars became cold. Water too was scarce, and we depended on melted snow. A theatrical company among the passengers gave several performances that helped to relieve the monotony.

When You Buy Square Deal Fence

Fences You See In Catalogs with big bulls and horses behind them look stout. Any kind of a fence can hold a bull on paper—Square Deal Fence does it on your farm. Just step into our store some day and let us show you Square Deal fencing. You can look at the fence without feeling under any obligation to buy.

The Square Deal Lock is the secret of the success of this fence—the strongest, most compact lock ever invented. It grips the stay wires above and below the strand wires, and will not let them slip. There are no brittle welds to snap—no cumbersome knots to hold moisture, gather rust and shorten the life of your fence.

The Stay Wires are in one straight piece from top to bottom of fence. That means no sagging, no bagging, no buckling to let the pigs underneath. These Square Deal one-piece stay wires help support the fence and save fence posts—lots of 'em. That means fewer post holes to dig—less cost for posts and less cost for labor. All these things count in buying fence.

The Wavy Strand Wire keeps Square Deal fence tight and trim the whole year round. They give the fence elasticity so it springs right back into place after sudden heavy strains. We have been handling wire fencing a long time and we want to tell you Square Deal fence because we honestly believe it beats all others in strength, durability and appearance and gives you much more fence value for your money. Come in and get Square Deal prices the next time you come to town. Anyway, don't buy another rod of fencing until you see for yourself why Square Deal is the best fence value on the market today.

Condemnation Proceedings

To Build a Lock and Dam.
Condemnation proceedings have been instituted by the United States district court officials against Mrs. Bettie Harper, of Canton, Trigg county. Gives Prompt Relief

William H. Douglas, Jr., of Washington, D. C., says: I take great pleasure in informing you I have used Dr. Bell's Pine-Tar-Honey, and it gave me almost instant relief.

Tell Him So.

Don't be afraid to praise people. It is all very well to say that it hurts a boy or a man or a woman to praise; there may be those who do their best work without encouragement, but let us remember that nearly all of us who live on this earth are human beings and human beings work best when encouraged.

It is a great mistake not to tell people when you are satisfied with them. If the cook sets before you a dinner fit for a king, tell her so.

Don't be too lofty to praise the office boy if his work is commend-

able. Tell him so.
It is harder for some people to give praise than it is to give money. Many a generous man is very niggardly of praise.

Do you like to be praised yourself? Then depend upon it. The other fellow will like it.

Pour the oil of encouragement on the wheels of progress and watch 'em whirl.

I'm not advocating soft soap or flattery or gush. No one likes to be gushed at, and any fool can tell flattery from the real thing. But when a man has made a hit with you tell him so. He may be dead before you get another chance, or you may die yourself.

It takes quality to appreciate quality, so when you praise a thing you are really offering a compliment to yourself. Don't that appeal to you? Will you let all the good things in life pass you by and you be as mum as a dead owl?

Wake up, man, watch for a chance to praise some one, admit to your own self that you like what he has done and—

Tell him so.—Smith's Magazine.

Flaming Meteor Causes Havoc.

Evansville, Ind., March 23—A meteor sweeping over Evansville at 11 o'clock Tuesday night, seen by hundreds of people, struck the earth and burst a mile and a half west of Oakland City, in Gibson county with a noise and shock perceptible all over Gibson county. The noise of the explosion was distinctly audible in Evansville, according to a number of people who described the celestial phenomenon Tuesday.

People in Gibson county were frightened almost to a panic by the explosion. At Princeton the detonation seemed to be right within the city and hundreds of persons left their beds and rushed into the street for tidings of a boiler explosion or the destruction of a powder magazine.

At Ft. Branch the noise and the shock were felt with the same acuteness and many people believed the explosion right in the neighborhood.

Efforts to find the source of the noise by Princeton people were successful early Wednesday when the story of the falling meteor was transmitted from Oakland City.

People in that city who saw the feathery flaming object sweeping across the sky were struck with its size and brilliance of its light.

They watched its course downward and a moment later heard an ear-piercing explosion as the meteor disappeared from view.

Oakland City is fourteen miles east of Princeton and the distance to Princeton from the point at which it is believed the meteor burst is twelve miles.

WESTON

Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLONDEAU, 1541 Polymnia St., New Orleans, La.

LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman.

"I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MATTIE HODNOR, Box 406, Wauchula, Florida.

LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself.

"I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1029 Hampton Ave., Newport News, Va.

Why don't you try this reliable remedy?

the Misses Bennett, Sunday.

Mr. and Mrs. John Swansey, Mr. and Mrs. Ira Robinson spent Sunday with J. W. Bennett and wife.

Bill Winn and wife spent Sunday with her mother, Mrs. Curg Hughes.

Mr. and Mrs. C. W. Grady spent Sunday with her parents.

Mr. and Mrs. G. D. Hughes.

Mrs. Annie Winders and daughter called on her mother, Mrs. S. A. Dillard, Monday.

Mrs. Ellie Nunn was in Weston, Monday.

Miss Floyd Barnes and Lallie Shields were in town trading Monday.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with the soothing and cleansing wash, the D. D. D. Prescription for Eczema.

A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

Concrete in Beards Defies Barbers Razors.

Chicago, Ill., March 26, —Barbers in the Calumet region, whose razors were fashioned to shave faces and not concrete sidewalks, are emitting a loud-voiced wail because of conditions there.

Working in the concrete works

gives men an outer surface to their faces not unlike a pavement in firstclass condition.

When they try their razors on this surface' say the barbers, they strike sparks from the faces, and bits of steel fall from their best blades, making shaving impossible.

Which is the better, a man without convictions, who is always uninteresting, or a man with convictions so strong that he is unbearable, which is usually the case?

Some of The Prominent Men around Carrsville 40 Years Ago.

Of the business men of Carrsville at that time, only two are still here—J. M. Pavy and J. N. Clemens—Mr. Pavy is still in business at the old stand and is the oldest merchant in Livingston county.

Dr. Clemens quit the practice of medicine several years ago, but has been in active business

all the while as a druggist and a member of the firm of Clemens & Likens' dry goods store and also member of the milling company of Clemens Likens & Co.

Dr. C. L. Harris, A. S. H. Boyd and James Kidd were the practicing physicians of that time.

James Griffith was Postmaster and merchant; Woodmansee & Threlkeld were running a dry goods store; Robert Crotser was a very prominent business man—handling hay, grain and potatoes, etc. James Barnett was a tobacco merchant; Webb Owen was miller and uncle Joe Bridges was hotel man, where you could always find plenty to eat.

Col. Isaac H. Trabue was operating the coal mines near here at that time on quite a large scale, working about one hundred men or more.

James McElroy was a big farmer on what is now known as the Jim Cox farm. J. T. Davis was just below on the river; and O. H. P. Wiley was then an extensive farmer. W. W. May then owned the Rhodes farm. The Breeden boys, Ollie, Henry, and Edward, were prominent farmers; also Arthur Love and Capt. R. Y. Northern, Wm. Bishop, Sr. was then on the Bishop place; James Trimble was then just in his prime. L. King and J. P. Brewster were magistrates at that time.

James Stallion was then just in his prime and was farming on what is now known as the Sherman Rushing place.—Carrsville Enterprise.

This Offer Should gain the Confidence of the Most Skeptical.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which

are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless, and tasteless; very pronounced, gentle, and pleasant in action and particularly agreeable in every way. This ingredient does not cause diarrhoea, nausea, flatulence, griping or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Marion only at our store. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The Rexall Store.

DR. BELL'S ANTI-PAIN
For Internal and External Pains.**BABY IN BARREL FOUND
FLOATING DOWN RIVER.****Youngster Snuggly Tucked in
Blanket Seemed Well
and Happy.**

Glasgow, Ky., March 24.—Great excitement prevails in Monroe county over the finding of a little baby floating down the Cumberland river in a barrel. The baby was a boy and seemingly about one year old. The barrel was securely fastened to two logs and was so arranged that the youngster could not crawl nor fall out. The baby was well dressed and was resting on a cosy little bed in the barrel snugly tucked in a blue blanket. Pinned upon the dress was a slip of paper with the words, "Goodbye, Willie," written upon it. The child is being tenderly cared for, and in the meantime every effort is being made to find out the starting point of the youngster in the hope of obtaining a clue to its parents.

Nothing in years has caused so much comment and indignation among the citizens as the finding of the baby on his lonely journey exposed to the bad weather.

WHEN PRIDE IS JUSTIFIED.

Far too many mortals are vain and self satisfied because of some temporary mercenary advantage, and in their eagerness to display that advantage at every opportunity often destroy their greatest blessing, the physical counterpart of sunshine, which is their own health. Neglected colds, irregular meals, overloaded stomachs and night revelry result in shattered nerves, depressed vigor and fatigue all of which invite decline and disease.

Each person stands sentinel at the portals of his own health and he who guards, protects, strengthens and builds up a rugged constitution is justified in pride and finds therein his own recompense—the capacity to enjoy the fullness of life.

The strain of modern commercial and social living taxes strength and energy and in maintaining the highest self-

efficiency we should not only cultivate deep breathing, out of door exercise, regularity and temperance in all things, but study the greatest of all physical power creators which is body nourishment. In this, alcoholic preparations should be carefully shunned and such pre-digested nourishment as Scott's Emulsion which enriches the blood and creates vitality by building, healing and strengthening, should be selected.

Scott's Emulsion is scientifically prepared and is good for teething babies, nursing mothers, growing children, the aged and infirm. It contains no wine or stimulant, but is wholesome and pure and has helped millions to regain health and sustain it. Worthless substitutes are some times offered, but Scott's Emulsion is the genuine pure food-medicine.

OUR FRANKFORT LETTER.

The fight for the school houses as the peoples' forum, after many weeks of toil and strife, has been settled in favor of the people. The measure which appears in full below was drawn by Mr. Pogue of Crittenden and introduced by Mr. Scott of McCreary, and in the senate by Mr. Catlett of Caldwell. Mr. Pogue reported it from his Committee on Education, No. 1, at its first and it went through the house 78 to 0; but in the senate it seemed to strike a 'snag.' It met the most strenuous opposition from enemies both seen and unseen and was not reported from the committee the closing days of the session, and finally when it did go upon its passage it met a determined opposition. Lieut. Governor McDermott yielded his gavel or presiding officer of the senate to attack the measure; but the ballot when taken stood 28 to 5 for people to enjoy the property they have paid for; the significance of the act can be more readily understood when

we learn that of the 75,000 school houses in the state 25,000 are the only meeting places the people have for any purpose. The full text of the act is as follows:

THE POGUE BILL.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

1 That when a responsible person of any sub-district may apply to any sub-district trustee for the use of the school house, to be used when the school is not in session, during school hours or vacations, by any lawful assembly of educational, religious, agricultural political, civic or social bodies, organization or gatherings, and if sub-division trustee refuse the use of same, then the said trustee shall state his cause for refusal in writing and if a demand, signed by five free-holders of said sub-district, be presented to said sub-district trustee, then he shall deliver or cause to be delivered, the keys of such school house to such free holders, who shall be responsible for the use and care of said school property and of avoidable damage and the return of the key to the teacher of said district, if school be in term session, or to sub-district trustee during vacations.

2 All laws in conflict with the provisions of this act are hereby repealed.

The above is not the only shot Mr. Pogue took at the Sullivan Law of 1908. He succeeded in passing a measure which has been signed by the Governor which among other things provide that every district reporting as many as 25 pupils shall have a six months school and drawing on the state fund for fifty pupils thereby restoring schools to hundreds of small districts which have either been consolidated or entirely wiped out of existence. Also hundreds of districts along county lines, known as fractional districts, may be re-organized and schools restored to thousands of children who are either consolidated or without schools.

County boards of education are compelled to pay for more than half million dollars worth of property they had taken away from the people. The balance due on same is more than \$200,000 and affects nearly 10.0 sub-districts in more than 45 counties of the state.

We shall elect trustees hereafter in the old viva voce way thereby saving \$15,000 to school fund each year. Hereafter the sub-district trustee will name the teacher but the division board request a nomination for cause, and require him to name another candidate. A Kentucky census of Kentucky's real educational condition will be taken without extra cost, and we shall know our exact status of illiteracy. The county board will fill vacancies in the office of sub-district trustee to serve until the next election, this saves the calling of the division board together. They are not paid for their services, and the county board is paid and meets regularly.

There was a strong effort to abolish the County High School

but the act fixes the maximum price at which county graduates are matriculated by the county board of education; thereby saving the High School feature and the tax payers, too.

Graded school boards are now empowered to raise their tax rate up to fifty cents by levy; thereby giving the people, through their representatives, the trustees, an opportunity to save at least 500 graded schools in the state from destruction, they having organized under a rate too low and there was no remedy under the Sullivan Law.

OTHER SCHOOL REFORMS.

Among the other school measures enacted I will name: the Hogg Compulsory Attendance law. It requires parents or guardians to send all children between the ages of 7 and 14 to a school of some kind at least five months out of the six under penalty of the law.

Counties may also vote a special bond issue to build and equip school houses.

Superintendents of county schools are to be paid more money for their services. They must be better qualified and give their time to the work.

County boards may employ supervisors to assist in visiting the schools and seeing that the compulsory law is enforced.

Graded schools and consolidated schools may use the general tax fund to transport children to and from school.

GOOD NEWS

Many Marion Readers Have Heard It and Profit Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Marion are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. Mary Alexander, Marion, Ky., says: "I was afflicted with kidney trouble for three or four years. Sharp twinges seized me in my back when I stooped or lifted and I was unable to rest well on account of a constant backache. I tried easily, often felt nervous and languid, and was annoyed by headaches and dizzy spells. I was also troubled by a blurring of my sight, and the kidney secretions were unnatural. I finally procured Doan's Kidney Pills at Haynes & Taylor's drug store and am glad to say that they gave me great relief. I have no hesitation in recommending Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

We, the grand jurors, of Crittenden county, for the March term of Court, take this method to express our heart felt thanks to the good people of Marion, for the many favors shown us and for their hearty co-operation in helping us to more fully execute our duties as officers of the law, especially do we feel under lasting obligations to our worthy County Attorney John A. Moore, who rendered us such valuable service in the execution of our official duty. We would be ungrateful, were we to forget the noble work of our Sheriff Joel A. C. Pickens and his efficient deputies, who so faithfully and pleasantly rode our many miles of muddy road and executed every paper placed in their hands.

We thank all who hung their latch-string on the outside of the door and asked us to come in and partake of their hospitality.

With but few exceptions we found the morals of our county good of which every citizen should be glad.—GRAND JURORS.
