THE FAMOUS FORD AUTOMOBILES

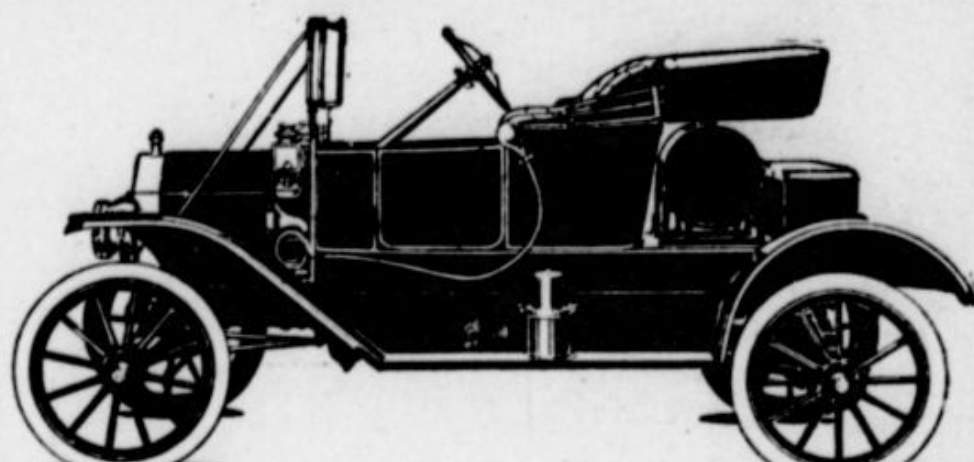

\$690 - TOURING - \$690

"Ford-i-fy" yourself against excessive automobile expense. First and last the Ford is an economy. Seventy-five thousand painstaking buyers will purchase new Ford cars this year—because the Ford is ridiculously low in first cost—and wonderfully economical in after cost.

\$590 - RUNABOUT - \$590

A danger signal! At last the world is beginning to comprehend that excessive weight in a man—or an automobile—is a sure indication of trouble ahead. We are selling seventy-five thousand new Fords this year because they are lightest, rightest—and wonderfully economical.

\$590 - PHYSICIANS - \$590

Time has tested all its parts. Ford security is physical as well as financial. Vanadium steel has given it maximum strength and toughness—with minimum weight. And by all tests it is the one safest car. Another reason why every third car in America this year will be a Ford.

MRS. J. F. GORDON TO UNDERGO OPERATION

Taken to Sanitarium of Mayo Brothers, Famous Surgeons.

Mrs. J. F. Gordon, who has been in failing health for some time, has been very sick for the past few days and her condition was such that an operation was required.

Mrs. Gordon, accompanied by Judge Gordon, Mrs. Mollie Pritchett and Dr. William Hammack, left Thursday morning for Rochester, Minn., where she will be operated on by the Mayo Brothers, famous for their surgical skill.

Judge Gordon has sent word to Governor McCreary that he will not be able to preside over the May term of the Hopkins circuit court which convenes Monday. Another Judge will be sent here. —Madisonville Hustler.

Does Any One Know Her or Any of Her People?

Wm. Belt received a letter last month from Mrs. R. M. Kemp of Greenfield, Tenn. inquiring as to her relatives of the Belt family from whom she has not heard in 25 years. She was a daughter of Phillip Belt, a plasterer by trade and a niece of Willis Belt. She was adopted in infancy on the death of her mother, by a family named Bass who moved to Mo. from this county and soon afterward moved on into the Indian Nation. One of her sisters was named Minnie Belt and her grandmother's Christian name was Minnie.

When last heard from about a quarter of a century ago her father was in Jerico, Mo.

NEWSPAPER OWNERSHIP

Ollie M. James Glad That Stockholders' Names Must be Published.

Washington, May 3.—Representative Ollie M. James is highly pleased with the passage by the House yesterday of that section of the post-office appropriation bill providing for the publication by all newspapers of the names of those who hold more than \$500 of their stock. While Representative H. A. Barnhart, of Indiana, was the Democrat who actually offered the amendment, Mr. James is the man who drove it through the House. It was he who went before the Rules Committee to secure machinery by means of which this amendment be tacked on to the appropriation bill and the machinery was provided. Mr. James then painstakingly followed the amendment to its final passage. In all his activities on this amendment he had the hearty support of W. J. Bryan. "Honest newspapers have had no objection to this section," said Mr. James today, "and since the masked papers are the ones we are after, their objections carry no great weight. Let us see now who really own some of these Eastern newspapers that control wide circulation fields under the guise of being printers of that which actually happens."

Local Items of Interest from Livingston Banner.

Mr. and Mrs. C. W. Conant and Mrs. Schieffelin returned Tuesday from Marion, where they attended the dedication of the new Methodist church.

Mr. Hal Padon, of near Joy, returned from Paducah Friday, accompanied by his little daughter who underwent an operation for tonsillitis and adenoid. Mrs. Padon is also in Riverside hospital after a surgical operation.

IMPORTANT MINING DEVELOPMENTS

The Eagle, Roberts, Marion, Pigmy, Rosiclar, Kentucky Fluor Spar Companies All Active.

The Eagle Fluor Spar Company or Wheeling, W. Va. owns a large tract of fluor spar and zinc lands at Salem, Ky. During the past year or two very little development has been accomplished on this property owing, probably, to the fact that its President, Mr. D. Garth Hearne has been out of the State. Mr. Hearne's connection with the larger open hearth steel interests of the country has, for years, been very close and perhaps for that reason he has refrained from mining fluor spar preferring to have his company purchase this product in the open market. It may be here stated that open hearth steel plants consume about three quarters of all the fluor spar mined in this country. The difficulty of obtaining this product when wanted and of the grade and percentage desired, has undoubtedly decided him to open up a couple of shafts on his known fluor spar veins and the same is now being vigorously pushed. Mr. Hearne left for home on Saturday after having made arrangements as above stated. He will return to Salem in about four weeks.

The Roberts Fluor Spar & Lead Co. commenced to unwater their Keystone shaft on Monday last and from present indications the work will not be prolonged to the extent of last year's struggle. There are several ponds in the near vicinity of this mine which have been drained by the pumps in this shaft. Through the foresight of the foreman, Mr. Frazer, who drained one or two of these reservoirs from the surface it is believed much time as well as coal will be saved in making ready to put fluor spar.

Indiana Women Favor Ollie James For President.

Evansville, Ind., May 4.—The review, a weekly local magazine edited by State Senator William B. Carleton, is conducting a presidential primary, and only women are allowed to vote. The Review will announce the vote today, and it will show Senator-elect Ollie James, of Kentucky, in the lead for the presidency. President Taft is second in the race, Speaker Champ Clark third, William Jennings Bryan fourth, Senator John W. Kern fifth, and Theodore Roosevelt sixth. Mr. James leads by a big margin.

KENTUCKY STATE DENTAL ASSOCIATION

To Be Held in Louisville May 27th, 28th and 29th, 1912.

The annual meeting of the Kentucky State Dental Association to be held in Louisville, May 27, 28, 29, 1912, promises to be of more than usual interest to the dentists of this and adjacent States on account of the numerous new methods and appliances which will be exhibited there.

Dentistry, unlike many professions, cannot be learned altogether from books and magazines and, consequently, it is almost obligatory for the progressive dentist to attend these meetings. Several dentists from Ohio, Indiana and Illinois will give clinics and papers; in fact everything indicates that this will be the largest and best meeting ever held in Kentucky. All ethical members of the profession are cordially invited.

MEMORIAL DAY.

It is but a step now to the day when we all have to strew flowers on the graves of all that is mortal of the dear ones that we so much love.

Alas, in a little while the flowers will wither. Is it not right therefore that we should erect a suitable memorial of Granite or Marble that time cannot efface.

We are at your service with anything in our line. Backed with many years experience, with never a dissatisfied patron. We guarantee faithful, honest treatment and a deep interest in each memorial we make.

Yours very truly,

Pres. Taft's Recommendation To Amend Pure Food and Drug Act.

The Pure Food and Drugs Act which has done so much for the people of America in providing a supply of pure food and drugs, was adopted by Congress after many years of investigation and deliberation, and in spite of the opposition of important interests. It has protected the dealer as well as the consumer against fraud and imposition as practiced for years by expert adulterors and substitutes.

One of the splendid features of the act prohibited misbranding—that is, holding out to the public that a product was thus and so, when it really was not. The misbranding feature of the act was not as clear as it might have been and, under a provision of the act, the Bureau of Chemistry of the Agricultural Department was empowered to make rules and regulations for carrying the administrative features of the act into effect.

At first misbranding applied only to claims which appeared upon the label or container of an article of food or medicine but later on, under a ruling of the Bureau, the misbranding provision was given a wider application and was held to apply to all statements made with reference to the ingredients, standard of strength and purity, nutritive or curative values of a product. The enforcement of the law for some time was carried on under this wider interpretation of the misbranding feature of the act. About a year ago, in what is known as the Johnson Cancer Cure Case, the Supreme Court of the United States held that the misbranding provision of the act had been extended by the Bureau of Chemistry in an unwarranted manner and that, in the opinion of this august tribunal, an article was not misbranded except misrepresentations were made upon the label or container under which or in which the article was sold. As the public generally had regarded the act in its broad aspects and power for good, it did not make much difference with them whether a misrepresentation was on the label, in a newspaper advertisement, or in a circular letter, because the result was the same, viz., that the purchaser was deceived.

President Taft took this practical view of the matter in a special message to Congress, in which he recommended that the Pure Food and Drugs Act be amended so as to overcome the defect made manifest by the Supreme Court decision in the Johnson Cancer Cure Case. President Taft held that misrepresentation, no matter when or how made, should be prohibited under the terms of this act. At the following annual meeting of the National Association of Retail Druggists, an organization comprising about thirty thousand retail druggists throughout the country, a resolution was adopted supporting the recommendation of President Taft to Congress, and the Legislative Committee of this great organization of retail druggists, which the Chicago Tribune has termed "the greatest organization of retail merchants in the world," was instructed to aid in every possible manner the passage of such an amendment bill as would make the President's recommendation effective.

It is now probable that before the present Congress adjourns, and surely at the next Congress at latest, all misrepresentations of food and drug products, on the label or elsewhere, will be prohibited by the Food and Drugs Act and violators, of the law severely dealt with.

The organized retail druggists of the country have done much to conserve the public health curb evils that would grow out of their business if not held in check with an iron hand.

A Walkover in Graves.

Judge Allen W. Barkley, candidate for congress, was in the city, Tuesday, looking after his race for congress in Graves county.

ty. Since the retirement of Judge Robbins from the race, it now looks like Judge Barkley will receive almost the unanimous vote of the Democrats of this county at the coming congressional election. He is very popular with our people and unless signs of the times change he will receive over 3,000 votes in this county, and it may be that the votes will go as high as 4,000.

This shows him to be a man mightily in the race, even though he may have opposition. Hardly any young man has risen in politics in Graves county so fast as has Judge Barkley. — Mayfield Messenger.

Strikers Shot Down

by Baltimore Police.

Baltimore, Md., May 6.—Four men were shot down and many others hurt when about five hundred strikers rushed 150 police who were guarding the Canton piers. The strikers came up to the pier in a body and demanded that they be allowed to board the steamship Baltic in an effort to induce the strikebreakers to quit work.

Permission to do so was refused and the strikers made a general rush on the police.

The police drew their revolvers and fired into the crowd.

Every Effect Being Made to Identify Victims of Disaster.

Halifax, N. S., May 6.—Sixty-six unclaimed bodies of the 190 corpses of the Titanic victims brought to this port on the cable ship Mackey-Bennett, lay in Mayflower morgue Wednesday while every effort was made to identify them. The bodies had been embalmed and were stretched in rough pine boxes. Most of them appeared by their clothing to be seamen and it is probable that they will be interred here as there is little hope of their ultimate identification.

The bodies of Col. John Jacob Astor and Isidor Straus were ready for shipments to New York Wednesday, having been prepared at Snow's undertaking establishment late Tuesday. Mr. Straus' remains were claimed by Maurice Rothschild; those of the late Col. Astor by his son, Vincent, and by Capt. Roberts, of the Astor private yacht.

Will You Help Him?

(BY JOHN E. PILAUT.)

If you see a weary brother
Falling hard against the tide
Will you help him, just a little
O'er the sea that's rough and wide?
Will you speak a word to cheer him
As he pulls for yonder shore
Where his toils will all be over?
Then he'll need your help no more.
Will you help him over the waves
With which he meets from day to day?
Will you lend a hand to help him
As he sails along the way?
Will you help him over the ripples
Where his courage almost fails?
Will you stand and see him perish
As he pulls against the gale.
Will you stand and see him lost
When a helping hand could save?
Will you help him gain that country
Where the storms of life are past?
Will you help him gain that portal
And meet him there at last?

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. REV. HUGH WATSON.

Accepts Call to Paducah Cumberland Presbyterian Church.

The Rev. Hugh Watson of Dayton, Tenn., has accepted a call to the pastorate of the Cumberland Presbyterian church at Twelfth and Tremble streets and will move his family here next week.

After hearing him in the local pulpit last Sunday the congregation decided to extend him the call which he has accepted.

A letter from him says he will arrive here next Thursday, May 9, and will conduct prayer meeting that night. He will bring his wife and three children with him and will deliver his opening sermon, Sunday morning, May 12th.

The pastorate of the local church has been vacant since

Jan. 1st, when the Rev. D. W. Fooks' resignation became effective. The church has been fortunate in securing so able a minister. The Rev. Mr. Watson is a scholarly man and an exceptionally fine pulpit orator. He has been pastor of the Cumberland Presbyterian church at Dayton and comes highly recommended. His coming here will no doubt result in a big stride being taken in the near future by the local congregation. — Paducah Sun.

A Good Roads Gathering.

Paducah is arranging for a good roads day celebration to be held on Tuesday, May 14, and will set a barbeque dinner and invite all Western Kentucky to join in the festivities as well as in the more solid exercises of the occasion.

Arrangements have been made for a lecture and roadbuilding demonstration by D. Ward King the inventor of the non-patented King which has accomplished so many wonders in roadmaking in different parts of the country. Besides stimulating the good roads movement generally in Western Kentucky it is planned to make the gathering a starting point for the renewal of operations on the Jefferson Davis highway.

Western Kentucky is coming to the front handsomely for

good roads. In nearly every county in that State highway improvement is a live issue and the people in increasing numbers are demanding better thoroughfares. In most of the counties there is first-class roadmaking material, and the cost of construction is smaller than is the case where such material is lacking and must be transported for long distances.

The Jefferson Davis highway project is one of the most ambitious plans that have evolved in Kentucky for a thoroughfare of more than local importance. The preliminary surveys have been made and all the counties interested have shown a commendable disposition to aid in the enterprise. It has been largely responsible for the general awakening on the subject of good roads in the "Pennyrile" region and in Jackson's Purchase. The Paducah convention should give it such an impetus as to leave no doubt of its splendid maturation. — Courier Journal.

A Torpid Liver is a fine field for the Malarial Germ and it thrives wonderfully. The certain result in such cases is a spell of Chills.

HERBINE

Is a Powerful Chills Tonic and Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by destroying the disease germs which infest the system. Herbine is a fine anti-periodic medicine, more effective than the syrupy mixtures that sicken the stomach; because it not only kills the disease germs, but acts effectively in the liver, stomach and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chill. Herbine is a cleansing and invigorating medicine for the whole body.

April Rainfall Was**Heaviest For Years.**

Rainfall for April was the heaviest recorded by the weather bureau for this section for forty-two years. For April, 1874, 11.84 inches of rainfall was recorded, and for the past month 11.73 inches.

The greatest rainfall recorded at any time by the weather bureau for this section is for January, 1882, when 14.51 inches of rain fell. It was at this time that the Ohio river reached its highest point, 55.2 feet at Paducah.

For the last week in April, 5.85 inches of rainfall fell, 3.88 inches of this amount in twenty-four hours.

The report for this month is within a fraction of the record for a similar period and the rainfall is the fourth heaviest ever recorded at any time in this section.

First Assembly South of River Since the War

The one hundred and twenty-fourth general assembly of the Presbyterian Church, U. S. A., which will be held in Louisville May 16 to 24, will be of unusual interest because it will be the first session held south of the Ohio river since the civil war.

Matters of interest and importance will be brought up. One is the proposal to launch a campaign to raise \$10,000,000 as a fund for pensions for retired ministers. At present the

church pays its retired ministers \$300 a year, and it is desired to increase this. The executive commission has already endorsed the project and if approved by the commission it will be started at once.

The assembly will bring to Louisville, 900 commissioners, about 500 officers and members of the committees, 600 women, members of allied organizations and 15,000 to 10,000 visitors.

New Church For Smithland.

The Baptist people of Smithland, are now collecting subscriptions heretofore promised them and will begin work on the new Baptist church here in the next week or so.

The building is to be a handsome brick costing about \$5000 and located about the center of the town on Court street. Subscriptions for the full amount have already been pledged.—Carrsville Enterprise, Smithland items.

Will Provide Big Sum**For Kentucky Roads.**

Washington, D. C., May 2.—The Shackelford State aid good roads bill, as it has passed the House, will mean if it becomes a law approximately \$2,500 per year for each rural route in Kentucky. It provides not less than \$15 nor more than \$26 per mile per annum for each mile of road used for purpose of transporting rural mail.

DR. WOOD HERE**LAST SUNDAY.**

Bishop Hendrix Dedicates Next Sunday. News of our Methodist Brethren.

The Dedication services connected with the opening of the New Methodist Church, continued all last week, preaching being the feature of every night. On Monday, the pulpit was occupied by the Rev. S. B. Adams of Henderson, who was the guest of Mr. and Mrs. Rochester while here. On Tuesday, Rev. S. J. Thompson of Owensboro preached. He was entertained by Mr. and Mrs. J. N. Boston.

Rev. T. V. Joiner of Hartford who preached Wednesday night was the house guest of Mr. and Mrs. J. H. Orma while here and left for home Friday.

Rev. J. R. Metcalfe of Franklin preached Thursday night and was entertained by R. E. Flanary and family. He was accompanied by his wife and baby. They returned home Saturday.

Friday night the Rev. Virgil

Elgin of Jeffersontown preached. While here he was entertained by Mr. and Mrs. Gus Taylor. He returned home Saturday.

Dr. Woods, of St. Louis, Editor of the Christian Advocate arrived Saturday morning and was entertained by E. J. Hayward and family. He filled the pulpit Sunday morning and evening and preached two strong sermons to immense congregations which filled the capacity of the great structure. Dr. Wood returned to St. Louis, Monday.

These services were attended by large and enthusiastic congregations, many old friends turning out to greet their former pastors and Presiding Elders.

On Saturday night Dr. and Mrs. Mather gave a public reception to a large number of guests, at which a short programme was gone through, addresses being made by Revs. J. F. Price, M. E. Miller, H. V. Es-cott, E. S. Moore and Dr. Woods and afterward refreshments were served in the basement by the Ladies' Aid Society.

On Sunday next the Church will be formally dedicated by Bishop E. R. Hendrix, D. D., L. L. D., of Kansas City, Mo., who will preach at 11 o'clock. Bishop Hendrix will be the guest of Mayor T. H. Cochran and family at their palatial home on Salem street. On Sunday night the pulpit will be occupied by the pastor, Dr. Mather. Next week or in the near future we hope to publish a description in detail of the church for the benefit of absent ones, who are interested in Marion and its advancement.

FIRST ANNUAL CONTEST ORATORICAL ASSOCIATION.

Held at the Marion School Auditorium, on the Evening of May 3rd.

Last Friday was a gala day in Marion. All day long the friends of the contestants were arriving—each train briding in its quota and many coming by hacks buggies and horseback, for it was the date of the first contest of the Central Oratorical Association. Sturgis was ably represented by Troxal McGraw a youth in short trousers, whose oration en, "Southern Poetry and Poets" was as smooth and rhythmic as if delivered by Henry Clay and he was roundly applauded, encouraged and congratulated.

"The Man of the Hour" by Glenn R. Kernokan, of Dixon and "The Mission of the Scholar" by Thomas A. Stewart of Seebree were indeed well delivered and each speaker had many admirers, (among the girls) and advocates among the men present.

"Our Country, Its Greatness and Its Dangers" by James McClure of Corydon came next. He won the medal by the masterful delivery of his oration on this most choice and enticing subject and from the time he began, it was seen that he was a hard contestant if not a winner.

Marion Condit followed. He is a prime favorite in Marion and wherever known. He is studious, and unassuming and as fair an oratorical battler as any foe need care to meet. He had won a medal on one delivery of this oration and when he appeared before the footlights it was with confidence that his friends gave him "three cheers and a tiger." He departed himself admirably. Not one of his friends admit he was defeated and the judges themselves were a little timorous in delivering their verdict against him. Crittenden county is proud of Marion Condit and will yet have cause to be more so, we predict.

His subject being "Life more than a living."

Mr. James Payne of Providence closed the contest with a well delivered oration on "True National Greatness." He too had many warm friends in the audience.

The auditorium was crowded to its capacity. The Marion school orchestra did themselves proud and the strangers in the city were not slow to recognize that Marion has talent in music as well as oratory. Miss Ina Price, the instructress, presided at the piano and was ably assisted by Miss Juliette Pope on 1st Cornett and Medley Cannon on 2nd, Miss Lucile Pope on 1st violin, and Geo. Orme on 2nd. Misses Myra Dixon and Madeline Jenkins on 1st and 2nd flutes, Ira Sutherland on the French horn and John Mather on the clarionetta. Coleman Foster a high school graduate presided with ease and dignity. The Judges were, Rev. J. B. Adams, Henderson, Supt. R. M. Shipp, Princeton, Prof. J. C. Jenkins, Dawson.

If You Were an Expert, What Car Would You Buy?

The time has passed when aut mobiles can be sold to you on their appearances or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an aut mobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and **prove** to you that his cars are worth the money. Find out whether his car is a real car or only an assembled aut mobile built to sell.

You have a right to your money's worth but it is up to you to see that you get it. Deeper than all appearances there are a few expert tests which ought to be applied to every car.

Who makes the car? Is it an assembled car or made from top to bottom by one manufacturer? What kind of a guarantee is on it? Does the manufacturer respect his own product with a real guarantee, or does he want you to take the chance? What do parts cost you and how conveniently can you get them? How many cars of this make are in service and how many are giving satisfaction? Questions like these go deep into the heart of the case, and if you put them rigorously upon any car you will find out with a certainty whether or not that car is worth its price.

We are selling Studebaker E M F "30" and Flanders "20" cars because we know that dollar for dollar their equal is not sold in the market today. The records of many thousands of cars in all kinds of service have convinced us absolutely. Studebaker E M F "30" and Flanders "20" cars are built to run and because they run they sell. If we cannot prove to you under the most searching test that Studebaker cars are absolutely the best automobile values in the market, we do not want your business but we can prove it and your neighbors who drive these cars will tell you the same thing.

Be an expert when it comes to buying a car. You can, by getting from us some further ideas on real tests of an aut mobile. Clip the attached coupon and send it to us now because we have something new to tell you which you ought to know, whatever car you have in mind.

Are Wrapped Around Poles And Trees.

Marion, La., May 2.—Moccasin and other reptiles forced their holes by high water making life interesting for inhabitants of this place, it is an easy matter to shake any bush in an inundated swamp and get a shower of serpents. Several have been seen wrapped around telephone poles here. A lineman reported yesterday that he had to "shoo out of the cable box" before he could make repairs, and shake off the guy wires before the poles could be mounted.

THE BEST PROOF

Given by a Marion Citizen.

Doan's Kidney Pills were used—they did benefit.

My story was told to Marion residents. It has strengthened the evidence, proven the result lasting. My testimony is home testimony—proof convincing.

My wife, Marion Byford, Marion, Ky., says: "I cannot express my gratitude for the good Doan's Kidney Pills did me. I had up with my back. I had to the kidney secretions many times at night, and there was a burning sensation when being voided. My heart was also affected, and my strength run down. I had given up hope of recovery. I living in Owensboro, Ky., at the time, and the two doctors that were telling me could do nothing for me. I heard my mother speak highly of Doan's Kidney Pills and as they had cured her, I procured a box at the Taylor's Drug Store. Before I taken the contents, I felt great improvement and after I had finished the box, I was as well as ever was in my life."

(Given Feb. 3, 1908.)

RE-ENDORSEMENT.

Feb. 2, 1912, Mr. Byford added: "I still praise Doan's Kidney Pills. I need not this remedy very often, when I do it quickly cures me of my complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and no other.

Twin Father of Twins Gives License to Twins

Henderson, Ky., May 6.—A case of "twins" was up for solution in the county clerk's office today. James B. Deickens secured license to wed Miss Mary Emma Batts. Joseph H. Deickens obtained license to wed Miss Katherine Batts. The brides-to-be are twins, and the two grooms-to-be are brothers, but not twins. James has a twin brother and Joseph has a twin sister. Deputy County Clerk Robert S. Chenev, who issued both marriage licenses, is a twin and is the father of twins. There will be a double wedding next Tuesday. A search is in progress for a minister who is a twin.

White Hen is Regular Depositor in a Bank

Austin, Tex., May 7.—B. L. Gill, state commissioner of banking, has received an inquiry from F. F. Paschall, cashier of the First State bank of Leesburg, Tex., which is puzzling him. It reads:

"I have a new depositor, and I do not know how to handle the lady's account. A white hen comes in every morning and deposits an egg behind the vault door; please inform me how to handle this account."

It was not until the price of eggs began to soar a few weeks ago that this hen selected the bank vault as the place for depositing her eggs. Mr. Paschall says she evidently had a due appreciation of their value.

"More Stately Mansions."

To build for themselves "more stately" came to be the natural thing for the Methodist church in Marion. In numbers and in spirit the congregation outgrew the old edifice; yet how deeply touched were the members of that congregation as they left in procession the old church for the new.

There were too many sacred memories connected with the old church for the parting from it to be otherwise.

For many, there were the memories of the baptismal and marriage vows, taken within the sacred wall—the last look at the sainted dead! As the procession started from the old church to the new building that is beautiful in all its parts. Even so must the disembodied spirit cast one regretful thought as it leaves its earthly tenement for a "stately mansion" more beautiful than any artist builder can erect.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

SEVEN SPRINGS

(Delayed from last week.)

Floyd Simpkins and wife, of Emmaus, were guests of M. L. Patton and wife Saturday and Sunday.

The chirp of little chicks can be heard now, most everywhere we go. Mrs. Lizza Kinsolving, of Emmaus, was visiting relatives here last week. Ernest Campbell and wife were in Keley shopping last week.

A good Sunday School is in progress now at Seven Springs. Everybody invited to attend.

Mrs. Sarah McClure, of Pineknayville, was visiting in this community last week.

The farmers say here that they will be late with their crops. Not much plowing has been done.

Miss Manda Campbell returned to Marion last week, after a stay of several months in this vicinity.

We understand that Prof. Rascoe, of Tolu, has secured the fall term of school at Boaz school house.

Last week while hauling logs, Roy Campbell had the misfortune of a log falling on his leg, from which he received some injuries, but not serious.

Aunt Nancy Polk and Mrs. Samantha Polk are in very poor health at this writing.

Dave Clark, of near Marion, was in this section last week looking after some work on his farm here.

Matt Patton, of near Tiline, was a caller in this section last week.

Fannie Campbell has been indisposed for a few days.

Will Kirksey's wife is still confined to her room and under the care of a physician.

Miss Effie Butler, of Emmaus, was the guest of Adger Howard and wife last week.

Miss Julia Patton and sister, Mrs. Kinsolving, were visiting their brother, Jim Patton, of Caldwell Springs, Thursday.

We can, each one of us, be sure that God listens to our prayers, though there are millions to be fed. He listens to the petitions of the one, though there are untold millions who must sin against Him. He hears the prayer of each penitent soul, and amid all the manifold temptations which surround the masses of men, He bids each humble, worried man to look to Him for deliverance and help.

Fred Bandy took passage on the steamer J. B. Richardson, Friday evening for Evansville, Ind., where he went with a load of hogs.

Saint Griffith and Mathew Henry were in the Caldwell Springs section Friday.

Dick Champion, of Salem, was a caller in this section last week.

Tom Patton and wife attended church at Frances, Sunday.

Owen Boaz and son, Jim, of Dycusburg, were callers in this section Sunday.

We very much admired Mr. John E. Pilaut's letter in last week's issue of the Record-Press, on "Rights." We read from time to time, his interesting letters through the Press, and each one is filled with good common sense and much thought.

MATTOON

(Delayed from last week.)

Farmers say they are greatly behind with their work in this section. No use to grumble, there is a promise that seedtime and harvest shall be, while the earth continues. You who murmur and find fault with the weather that God sends, do you know who you are grumbling at? How easy the Lord could snatch away from us all that we have and our lives too. We really deserve nothing, and yet He bestows his blessings upon us from year to year. Let us then be content and thankful, whether the Lord sees fit to send sunshine or rain.

Sullinger & Co. shipped out ten car loads of hogs from the city stock pens, Saturday.

About the mill—two car loads of wheat have just been received by Marion Milling Co. It keeps the machinery "a-rollin'" from six to six, six days in the week" to supply the demand.

Over about the Boston plaining mill three or four men are kept employed and the rip-saw can be heard every hour in the day getting material ready for some building or furniture.

Off to itself is a building occupied by John W. Weldon and he has been engaged here for twenty years. You can't tell about what he does unless you step in and see the fine class of work turned out. There are many cabinets, doors frames, pulpits, mantles, etc., decorating homes and churches in Marion and vicinity which did not come from some fine workshop in some great city but are examples of what John W. Weldon turns off every day in the year.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. ORDWAY & WYATT, Fredonia, Ky.

MINING ITEMS.

Continued From Page One.

nia was in town on Monday gathering up the scattered threads of the Marion Mineral Co., preparatory to resuming active work in fluor spar production and shipments in the near future.

It is quite probable the Pigmy Mining Co. will establish a large fluor spar grinding plant at their Mexico mine. This should add very largely to their present profitable operation.

The Rosiclare Mines which are not incorporated as we understand, it are owned by John McClean the proprietor of the Cincinnati Inquirer. The Washington Times, etc. Mr. McClean is also supposedly interested in the electric transit power light and gas companies of Washington and is a gentleman of very large fortune. He is the owner of the Rosiclare mines, having received these lands from his father. Mr. McClean is a gentleman of the old school, a pure cavalier, hospitable, kindness personified, a splendid friend and an honest enemy. John McClean has never been in Rosiclare. He attempted the trip at one time but meeting very high water at Shawneetown where he arrived on the B. & O. R. R. He turned back and has never tried it again. Capt. Thomas represented Mr. McClean in Rosiclare for many years and the Captain really thought that he added to his principal's bank account through mining fluor spar every year, and very likely the Captain still believes it, although it is stated that the books in Washington have not been seen. For the past few years, Rogers, Brown & Co. have been the selling agents for this mine, now the largest producer of any one fluor spar property in America. It is understood that a Mr. Wright, formerly the rate man of the selling firm and a Mr. Golan Livingstone have the lease of this property at the price of 15 cents per net ton, Mr. McClean assuming and paying for all permanent improvements that are made or may be made during the life of the lease which may have some 18 months more to run. Such a lease with the large veins or this mine and the low selling charges of the sales agency make Wright & Livingstone practical dictators of fluor spar prices. Their cost for all classes or grades of this product it is understood will not exceed \$2.50 per net ton including sales, commissions on board cars, etc. They seem to have the fluor spar situation where the axe had the chicken.

We hope to present next week a plan or procedure so far as selling the Kentucky fluor spar output to the advantage of all concerned. Mr. D. C. Roberts was wired on Monday asking him if he would go to Washington for a conference on the foreign fluor spar situation. It seems that the foreign fluor spar people are trying to convince the Secretary of the Treasury that their product is not fluor spar so that the duty of \$5 per ton does not apply. It really is not in the same class as Kentucky fluor spar but as it carries more calcium fluoride than it does sand or silica or of any other of its numerous impurities it will no doubt be termed fluor spar to the end of the chapter.
