PEALS TO MEN OF ALL PARTIES

Roosevelt Leaders Make Public Colonel's Telegram to W. A. White.

New York, July 8.—Roosevelt headquarters made public here today a long telegram which Roosevelt sent last night to William Allen White at Emporia, Kansas.

"Our appeal nationally," says the telegram, "if of course to men of progressive principles regardless of past party differences. The action locally must be guided by the needs of the situation. In any state where there is no real Republican party I am entirely content that the local organization should call itself by the title of Progressive Democrat if that is the local name and if they support the national progressive electors. Where, as in New York, New Jersey, and Colorado, the local organization of both the Republican and the Democratic parties is hopelessly boss-ridden and reactionary, then, we must have progressive ticket from top to bottom, independent of both old parties. Where, as I understand to be the case in Kansas, South Dakota, California and other states, the local republican organization is progressive and represents the principles for which we stand, I hope that they will be able to make the fight locally for good government, in whatever effective organizations they have."

"I feel that this year in the progressive Republican States we should have the support of

the organization itself. Moreover, I feel everywhere that I have a right to expect the support of the entire rank and file of the Republican party. I made a straightout primary fight and in the states where the Republican voters themselves had the chance to express their wishes, I won by 2,000,000 plurality.

"The titular national Republican party today is not the party of the Republican voters and is not the party of Abraham Lincoln, but purely the party of Messrs. Barnes, Penrose, Gugenheim & Co., who have stolen the doorplate with the name, but have no moral right to the name or to anything else. Therefore, I hold that every honest republican, who is true to Lincoln's memory and principles must vote with us. Under such conditions of the entire local Republican organization in a State like Kansas can rightly continue as such and yet is in duty bound loyally to support the national progressive electors. Of course, I feel that in every such progressive Republican State, the progressive Republican candidates for any office should openly support the national progressive electors and go in the same column on the ticket with them. THEODORE ROOSEVELT."

SENATOR BRISTOW

Formally Declares For Roosevelt in Letter to Wm. Allen White.

Emporia, Kan., July 8.—United States Senator Joseph L. Bristow, of Kansas, formally has declared for Theodore Roosevelt for President in a letter to William Allen White, Roosevelt National Committeeman from Kansas, according to an an-

ADDITIONAL LOCALS.

Miss Madeleine Jenkins left Wednesday for a few days' visit to her great uncle, A. M. Witherspoon at Carrsville.

Hon. L. H. James who was in Eddyville, Kuttawa and Princeton on legal business this week has returned home.

Misses Maggie and Ruby Terry and Miss Lora Johnson left Wednesday for Missouri to visit relatives and friends for several weeks.

R. L. Barnett, State Organizer, Sec. & Treas. of the Farmers Union spoke here Monday to a good sized audience of farmers and other friends of the organization.

Mrs. Mary A. Jenkins of Eddyville arrived last week for a week's visit to her great grand niece, Mrs. J. W. Wilson on South Main street, after which she will be the guest of her son, S. M. Jenkins and family.

Dan Green has purchased of John A. Moore his residence on South College street. Mr. Moore will build a new house on Lake View avenue near his former home now owned by W. D. Haynes.

R. L. Barnett of the F. E. & Co-op Union of America went to Salem from here Monday night where he delivered a strong appeal to the farmers to rotate crops and to organize just as others do for their mutual benefit and protection.

Rev. M. E. Miller and family left Tuesday afternoon for the Fredonia Valley section to visit his old charge, New Bethel congregation in Lyon county which celebrated its one hundredth anniversary Wednesday with a grand reunion, song and prayer service and with dinner on the ground after a good sermon.

For Sale.

A good work horse at a bargain if taken at once. S. M. Jenkins.

Mr. Bristow declared that the renomination of President Taft was "fraudulent" and that "Republicans are in no way bound by it."

Senator Bristow advises all Kansas Republicans to go to the August primaries and vote for the Roosevelt electors.

KENTUCKY POSTMASTER OUSTED BY TAFT

L. B. McHargue, at London, Dismissed Because His Newspaper Contained Editorial Criticizing The President.

BRADLEY ASKED TO NAME SUCCESSOR.

Washington, July 6.—For an attack on President Taft recently published in the Mountain Echo, at London, Ky., Lee B. McHargue, who is represented to be the manager of that newspaper, has been removed as postmaster of London by order of the President. Senator Bradley has received the following letter from Dr. C. P. Garfield, First Assistant Postmaster General, dated July 3, which was given to the Times' correspondent jointly by the White House and Senator Bradley today.

An order has this day been made by direction of the President removing Lee B. McHargue as Postmaster at London, Ky., for vilification of the President in the newspaper controlled by him. As the London post-office is to be placed in charge of the Postmaster's sureties until another appointment is made at an early date is desired your prompt recommendation for the appointment of a successor to Mr. McHargue."

Senator Bradley has not thus far recommended a successor to Mr. McHargue.

McHargue's paper has attacked President Taft in a most outrageous manner, said Mr. Garfield today. It accuses the President of stealing delegates in the Chicago convention.

The post-office authorities declined to give up the clipping from the Mountain Echo which caused the removal of McHargue. Senator Bradley said the paper likened President Taft to a "rat in a corner," called him a "man of straw" and charged he got the nomination through "fraudulent delegates."

SUPPORTED ROOSEVELT.

Mountain Echo Has Contained Some Strong Strictures about President Taft.

London, Ky., July 6.—The Mountain Echo is published in

this city, with L. B. McHargue manager and J. W. Stevenson as editor. Mr. McHargue also is postmaster here. The paper has been strongly for Roosevelt through the Republican pre-convention campaign and in its issue of July 4, appeared the following editorial:

"Yes, we are still for Taft even if he was the receiver of stolen goods in the form of illegal delegates. What if this nomination is tainted, there are men in the House and senate whose titles are also tainted, and we have upheld them all along. One more will not matter much, and then Mr. Taft accepted the stolen delegates so gracefully that one could scarcely help admiring his nerve. Yes, you bet, we are for 'Big Bill' and 'Sunny Jim,' 'Boss Barnes, Penrose, the high finance of Wall street and all the other embezzlements that will add luster to the Taft campaign. Let 'er go. It's a great ticket, and we have fallen for it strong."

THE ROAD QUESTION.

Last Monday was county court and an unusually large crowd was in town composed of farmers from every section of the county and men from almost every section of the county came to me complaining about the bad conditions of the roads. I find that some overseers have not yet worked their roads and in some sections they have no overseers. In some instances those who were appointed have moved away without notifying the county Judge and none of the citizens of such districts have taken sufficient interest to have another appointed. In other districts those who were appointed declined to serve. If the people living in such districts are not sufficiently interested in good roads to see that their roads are worked, that is alright, but it is not fair to the other road hands in the county, for the hands in those districts to be let off from working and if the hands in such districts do not get together and select an overseer when they have none and work their roads, I will have to assign the hands to some other district. In reference to those districts where the overseers have not attempted to put their roads in good condition for travel as required by law, if and citizen will report such overseer and furnish me with the evidence upon which to base a conviction, I will issue a warrant and see if we cannot arrange to have such roads worked at the expense of such overseers.

JOHN W. BLUE, JR. JUDGE.

OFFICES WILL BE DISCONTINUED.

No More Road Supervisors After October 1—New State Law Takes Effect.

A copy of the Acts of the recent legislature regarding the new road laws has been received. Section 48 of Chapter 110 reads in part as follows:

"There is hereby created in the several counties of the State of Kentucky the office of County Road Engineer, the county judge of each of the counties of this state by and with the consent of the fiscal court shall within 30 days after this law becomes operative on or before the first day of October, 1912, and every two years thereafter, appoint a county Road Engineer, who shall be either a reputable civil engineer or a man who has had practical experience as a road supervisor or builder for two years and who shall have passed a creditable examination by the State Commissioner of Public Roads or one of his representatives.

Nothing in this section shall prevent the present road supervisors from serving term for which he was elected or appointed. Such County Road Engineer except the first, as appointed shall serve for a period of two years from and after the first day of October and until his successor is elected and qualified. The term of the first one appointed regardless by whom the appointment was made, shall expire Oct. 1, 1914. Vacancies in the office of the county road engineer shall be filled by appointment for the unexpired term by the county judge of the county, by and with the consent and approval of the fiscal court. The county road engineer shall receive compensation either by salary or per diem as may be fixed by order of the fiscal court of the county at a reasonable sum. Should the fiscal court refuse to fix a salary for the road engineer or if same be considered inadequate, he shall have the right to appeal to the circuit court of the county.

The county road engineer shall have an office at the county seat of the county. The county road engineer may be removed at any time by the county judge of the county upon his own volition for incompetency, malfeasance of which ten days notice shall be given by serving a copy of such charges upon such county road engineer.

Flag Flies 830 feet Up.

(New York Telegram to the Bal-
timore Sun.)The United States flag was
unfurled from the tower of the
Woolworth building Sunday.
This marks the completion of
the tallest office building in the
world, and the only structure of
any kind which exceeds it inheight is the Eiffel Tower in
Paris. The greater part of the
main building is already inclosed,
and it was said that the offices
will be ready for tenants early
in November.The flagstaff, which was put
in place early, was a steel pole
thirty feet high, and the flag
which will wave from its top
over Manhattan Island is 830
feet above the street level. The
actual height of the building,
including the topmost tower
available for occupancy, is
750 feet. The ornamental tower
apex above this is fifty feet, giving
a round 800 feet of elevation
from the Broadway sidewalk to
the base of the flagpole. The
actual height of the Metropolitan
tower, hitherto the highest build-
ing in the city, is 703 feet 3
inches, and the Singer tower is
612 feet 6 inches.

Construction work on the

Woolworth building began in
October, 1911. The foundations
were laid by the pneumatic
method, the huge structure rest-
ing upon sixty-six concrete piers
based on a solid rock foundation
115 feet below the surface.The foundation work cost
\$1,200,000 and the entire cost of
the fifty-five-story structure, in-
cluding the land, is about
\$13,000,000. The land cost Frank
Woolworth about \$2,500,000, in-
cluding the entire Broadway
block front on the west side,
with large frontages on Park
place and Barclay street.The total weight of the build-
ing with contents is estimated
at 135,000,000 tons. This load
is distributed over sixty main
columns, the greatest load for a
single column being 9,500,000
pounds. Some of the steel col-
umns have their footings on
piers, and the column load in
such cases is carried by great
steel girders 23 feet long, 8 feet
deep and 61 feet wide, and these
girders rest on two piers 161
feet apart.**Asthma! Asthma!****POPHAM'S ASTHMA REMEDY.**gives instant relief and an absolute

Department of Agriculture—
Dairymen Have De-
manded It.**The increasing spread of tu-
berculosis among dairy cattle
endangering the public health,
by transmitting the disease
through the milk and butter, has
made necessary a crusade against
this disease in bovines. By
eliminating diseased cattle from
the city dairies, the most potent
source of infection to infants
can be stamped out, as it is
shown that a large percentage
of children suffering from tuber-
culosis are infected with tuber-
cle bacilli of the bovine type and
the disease traced directly to the
milk of infected dairy cattle.
And can it be wondered at, when
microscopical examination of the
milk in various cities of the
United States has disclosed this
germ (Tubercle bacillus) in
market milk in from two to
sixty per cent of the samples
examined. The producer and
consumer simultaneously realize
the danger, and wish to sell
milk and buy milk from tested
herds, respectively, thereby
complying with the Proclama-
tion of the State Board of Health
and City Health Ordinances,
which necessitate that all cattle
be tested for tuberculosis before
the milk is sold for human con-
sumption. This ends the con-
troversy, and the dairymen are
only too glad to test their cattle,
when the cost of testing is re-
duced to absolutely nothing. As
evidence of this fact, many al-
ready made application for the
cooperative test.
The Bureau of Animal Indus-try of the Department of Agri-
culture wish to encourage all
dairymen to keep tuberculin
tested cattle and protect the
consumer from tuberculosis, and
to promote the work, they an-
nounce a cooperative test with
the State Board of Health of
Kentucky, gratis to owners. In
order to obtain the services of
the Government experts in test-
ing the herds, it will be necessa-
ry to comply with regulations of
the Bureau of Animal Industry,
which states that animals which
react to the test will have to be
isolated from the healthy herd,
or slaughtered, according to the
Government Meat Inspection
laws. The owner, of course,
may choose his pleasure in this
matter. We trust all dairymen
in the state will avail themselves
of this opportunity by making
application for the services of
the Government experts, stating
the number of cows in the herd.
The Board of Health will be
glad to file all applications for
testing on or before July 8th,
1912. Further information glad-
ly furnished upon application.

SERIOUS DISCORD

In President Taft's Cabinet.

Washington, July 3.—A congressional investigation of Secretary MacVeagh's administration in the Treasury Department impending as one of the results of a row of long standing between the Secretary and one of his assistant secretaries, A. Piatt Andrew, which culminated today in Andrew's resignation. A few hours later, Representative James Cox of Ohio, introduced a resolution proposing a complete investigation of Mr. MacVeagh's administration.

Washington, July 3.—A. Piatt Andrew today tendered his resignation to President Taft as Assistant Secretary of the Treasury. In a spirited letter to the President, Mr. Andrew writes of conditions in the Treasury Department which are alleged to be due to the attitude of Secretary MacVeagh toward many of his subordinates.

Assistant Secretary Andrew's letter of resignation charges that subordinates in the Treasury Department "have been hampered and discouraged at every turn by Secretary MacVeagh's idiosyncracies and his incapacity for decision." It contains a scathing arraignment of Secretary MacVeagh's administration of the Government's financial affairs and created a profound sensation in official circles.

Sees End of Party.

Chicago, July 8.—Ex-Lieut. Gov. Timothy L. Woodruff announced his resignation as leader of the Republican organization in Brooklyn. In his letter to Reuben L. Haskell, secretary of the King's County Committee, Mr. Woodruff says that, in his judgement, the destruction of the Republican party is inevitable as a result of the national convention.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by J. H. Orme.

Drank Enough Beer to Float
a Good Sized Ship.

Morristown, N. J., July 9.—The testimony of Adolph Hagan in the suit for alimony brought by his wife, that he had spent \$725.00 on beer in a period of 227 days, furnished material for some energetic figuring on the part of those who were present in the court room.

At five cents a glass Hagan's beer investment stands for a total of 14,500 glasses, or 63 glasses a day. The total for the 227 days is 189 cubic feet of beer, enough to fill a pool six feet wide, fifteen feet long and two feet deep.

Elephant Turned Tables
on Pranky Italian

Tarrytown, N. Y., July 6.—An Italian employed in the railroad yards here is convinced that an elephant has no sense of humor and no appreciation of practical jokes. The Italian essayed to entertain a number of friends last night by feeding an elephant in a freight car a pint or so of black pepper. The elephant, known as Jumbo II, took the pepper in good faith, and the sneeze that followed nearly knocked him down. Enraged, Jumbo grabbed the Italian with his trunk and threw him fifty feet away into a car of coal. The Italian was badly injured, but was assisted home by his friends.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. On The Flag.

And wherever our flag comes and men behold it they see in its sacred emblazonry no ramping lion and no fierce eagle; no embattled castles or insignia of imperial authority. They see the symbols of light. It is the banner of dawn. It means liberty, and the galley slave, the poor oppressed conscript, the trodden down creature of foreign despotism, sees in the American flag that very promise and prediction of God—"the people which sat in darkness saw a great light, and to them which sat in the region and shadow of death light is sprung up."—Henry Ward Beecher.

The London Echo, a staunch
Republican organ in Laurel
county, calls upon Taft to with-
draw and let the Republicans
nominate some one who can win.
It says:

"Many of those who are strong-
est for Mr. Taft realize that he
does not stand the shadow of a
chance to win. Having stolen
his nomination the rank and file
of the party do not look upon
him as the regular nominee of
the party, and feel that they are
absolved from supporting him.
As we see it there is only one
way out, only one chance for the
Republicans to win in the elec-
tions this year. If President
Taft will withdraw and show his
manhood by acknowledging that
he was nominated unfairly, an-
other convention could be held
and a candidate nominated who
is the choice of the rank and
file.

RECEPTION AT CORYDON--

Mrs. L. B. Harris and daugh-
ters, the Misses Harris, were the
hostesses of a beautiful informal
reception at their home in Cory-
don Friday afternoon compli-
mentary to their bevy of attract-

ive visitors, Miss Julia Hodgins
and Miss Claude Yewell of Un-
iontown; Miss Jewell Huston of
Owensboro; Miss Ruby Cromwell
of Palestine, Texas, and Mrs. R.
S. Walton of Kentwood La.
Roses and Jasmynes tastefully
arranged formed a lovely deco-
ration.

In the receiving line were Miss
Laura Harris, Miss Juliet Hus-
ton, Miss Shelly Harris, Miss
Ruby Cromwell, Mrs. R. S. Wal-
ton and Miss Carolyn Harris.

After an unique guessing con-
test a dainty salad course was
served and as a climax to the de-
lightful occasion the guests were
pleasantly informed by tiny
pink hearts engraved in white
of the approaching marriage in
October of Miss Carolyn Harris
to Mr. John D. Saint, a promi-
nent business man of Hammond,
La.

Besides the honorees about
fifty guests were present at this
pleasant home and the hospitali-
ties dispensed by the charming
and cultivated hostesses were a
repetition of those for which the
State is famed.

To Teachers And Trustees.

The proper medium for settlement of controversies arising between teachers and trustees is the county superintendent of schools. Many teachers, trustees and citizens have a custom of writing to the State Superintendent of Public Instruction about every little detail of school management. I have no objection to answering these questions as it is always a pleasure to render assistance to any school official or citizen interested in the welfare of the schools. These requests often state only one side of the question and it is impossible to give a fair decision until we have heard both sides. In view of these facts, I think it wise and just for all trustees, teachers and citizens to submit these questions first to the county superintendent. When an opinion is needed the county superintendent is the proper person to ask for an opinion from the State office. When this is done he can give both sides of the question and the State office can render an intelligent opinion. Strictly speaking, I have no authority to give an opinion, except upon an appeal from the decision of the county Superintendent or upon his request. I desire to make this appeal to all the teachers and trustees, to submit your questions first to the County Superintendent, who is the proper person to decide all questions of difference and doubt regarding the schools of his county.

Yours very truly,
BARKSDALE HAMLETT
State Superintendent.

ASKS ROOSEVELT'S EXPENSE ACCOUNT.

La Folette Again Calls on Colonel Roosevelt To Tell What Campaign Cost.

Lo Crosse, Wis., July 6. — United States Senator, La Folette, in a printed article today, asks Col. Roosevelt for the second time to publish his expense account, or else a candid statement of his reasons for thus spurning one of the basic principles of public morality and political decency. When La Folette made public a statement of his campaign receipts during the Ohio primary contest, he called on Roosevelt to do likewise. There has been no response. La Folette says in part:

"Big business with big money derived from unfair privileges, is ever in politics and is ever ready to place its funds back of a likely winner who is subservient in the sense that a chisel is subservient to the hand of a carpenter, or serviceable to the extent that he is 'harmless' in performance.

"Special privilege puts money into political campaigning by way of investment. From such investments it demands substantial rewards. It is to protect the public interest from rewards such as these conceived in twilight and consummated in secret that the people demand publicity of campaign contributions.

"Therefore Roosevelt entered the contest for the presidential nomination as a 'progressive' He madd a strenuous campaign for votes and a noisy scramble for Southern delegates on the ground that he represented progressive doctrine. In his fight he had the backing of the 'Steel

Trust' and the 'Harvester Trust.' Financial giants like Perkins, Hanna and Munsey contributed to his cause. His campaign was characterized by a riotous expenditure of money. Yet he has made no public accounting. He has not taken the American people into his confidence. He has ignored the progressive progressive principle of publicity."

State of Ohio, City of Toledo, Lucas County, ss. I, Frank J. Showers are falling just right to make crops grow; every body is well and should be happy; but there are a few chronic growlers who continue to whine and say, "I told you so." If those old soreheaded chronic growlers had charge of our Master's business how much better would the world move on?

Say, Mr. Preacher, have you ever noticed that the fellows who get up and go out of church just as you are reading your text are empty headed fellows who have five cents worth of cinnamon in one pocket and a plug of tobacco in the other and a five cent cotton handkerchief hanging half-way out their side coat pocket?

Every person who is interested in his own advancement should be a reader of current history. This history is found published in all first class state and county papers; and as the old RECORD PRESS is first class in every particular, it should be in the home of every reader and thinker in Crittenden county. The mind is all that is worth anything to us in this life and the life to come, therefore we should improve it every day as long as we are capable of study.

The Woman's Tonic

A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

Beautiful Wife Is Capital Prize.

St. Petersburg, July 2. — A remarkable bachelor's lottery is being organized at Smolensk. The prize is a beautiful young wife, and 5,000 tickets at half a crown each are being sold.

Not every one who pays half a crown, can, however, hope to win the bride. She is to be "at home" every day for a week to the ticket holders and if after interviewing them, if she does not approve of some candidate as a possible husband, his money is to be refunded to him and the ticket withdrawn.

Another stipulation of the scheme is that when the winner eventually comes to claim his bride he may yet be rejected by

her, but receives by way of compensation half the sum of the total proceeds from the sale of the tickets.

The drawing of the lottery, which has been sanctioned by the authorities, will take place shortly.

Bull Hoodwinked.

inches bottom, 12 inches long; cut front of side pieces square, back on a miter. Put inside of leather together, black side down of front and up of side, rivet about three-fourths of an inch from edge with copper belt rivets and burs long enough to rivet well, and 1 1/4 inches apart center to center (as he will try it severely).

The hood will stand open like a box at corners over his eyes, giving good ventilation and some light. Rivet back of side pieces to side strap of halter between the rings, make a loop around back of upper ring and rivet; rivet a strap to lower corner of side piece; rivet bottom of front to nose piece of halter.

The drawing shows how it is used. Those who have tried it recommend it.

PAPER BAG COOKING

Great System Perfected by M. Seyer, Famous London Chef.

GENERAL DIRECTIONS FOR PAPER BAG COOKING.

By M. Seyer, Chef of Brooks' Club, London.

I do not claim for the paper-bag system of cookery that it can cook everything. It is evident that tea must still be made in the teapot. Generally speaking, we may waive our claim to having mastered the difficulty with respect to soups, although I have made beef tea with excellent results. The following is a list of articles that may in the mean time be avoided:

Soups (except beef tea), omelette, scrambled eggs, jam (except in small quantities), Scotch kale, beans, cabbage, cauliflower, broccoli, artichokes, macaroni or kindred Italian pastes.

The success of the system depends entirely upon how it is carried out. Good cooking requires time, care, attention to detail, taste and a temperature suited to the particular dish being cooked. While the paper-bag system is labor and time saving, as well as affording more nutritive and appetizing effects than the present, it does not abrogate any of the rules that apply to efficient work at the kitchen-table.

The Bag.

Specially prepared bags should be used. Without them the method cannot be practiced with assurance of success. The bag should be made of materials that guarantee its purity. It should be odorless, and its purity a guarantee that nothing injurious can possibly be imparted from it to the food cooked in the bag.

Before using the bags—

(1) Select one that "fits" the food intended to be cooked:

(2) Grease slightly the inside of the bag, except in the case of vegetables or when water is added. For beginners it is advisable. Butter, lard or dripping may be used.

(3) When the food has been prepared for the bag, place the same on the table and lift the uppermost edge of the bag while you insert the contents.

(4) Fold the mouth of the bag two or three times and fasten with a clip. Strong wire paper-clips, obtainable of any stationer, answer the purpose. It is desirable to fold the corners of the bag so as to secure as near as possible a hermetical closing.

The Oven.

Practically any oven will do. Paper-bag cookery is as well suited to a gas stove as it is to a coal oven, an electricity cooker or oil stove, always provided the necessary heat is secured. The size of the oven makes no difference to the cooking, only to the size of the article.

Before placing the bag with its contents into a gas oven, the gas should be lighted at least eight minutes beforehand. The average oven heat should not be less than 200 degrees Fahrenheit, and when the bag is put into the oven this ought to be reduced in eight minutes after to 170 degrees. To find out the correct degree a thermometer, of course, is the most accurate method; but experience will soon teach the cook what is required, and the color assumed by a piece of paper placed in the oven will at once tell whether it is too hot or too cold.

In the case of coal-heated stoves with solid shelves a wire broiler should be used. This should be placed on the shelf with the bag containing the food. It is necessary to emphasize the fact that, except in the case of pies, no dish should be used.

How to Know when the Food is Cooked.

If the time-table is adhered to, the bag may be taken out of the oven in confidence that the food is well cooked. But if from any cause the heat declines, it is very easy to find out whether the food is properly cooked. Except in the case of vegetables, a little hole can be made in the bag by which the food can be seen and judged as to whether it is cooked or not. This will not militate against the cooking of the food in the slightest. In many articles, however, a slight touch of the bag will indicate to an ordinary cook whether the bag is ready to be served. A prick with a needle is another method that may be adopted. But a peculiarly favorable feature of paper-bag cookery is that if the food is left five or ten minutes in the bag in the oven longer than the specified time on my table, the food will not be spoiled. There is little chance of over-cooking.

Dangers to Be Avoided.

Cooking generally has its dangers, like other occupations. It is the beauty of this system that the dangers are reduced to a minimum. One does not require every now and then to open the oven door to see how the roast is getting on. The oven is doing its work, because the whole force of the heat is playing upon the bag and ensuring every part of the food being properly penetrated. Nevertheless, care should be exercised when opening the oven.

Care, again, should be exercised in taking the bag out of the oven. A plate should be placed gently under the bag about a couple of inches, and the bag drawn completely on to the plate with the fingers. The bag should be ripped open from the top and the fragments thrown at once away.

PROMINENT PEOPLE

HERO OF THE AMERICAN NAVY

Rear Admiral Melville had won fame for heroism in Arctic exploration as a naval engineer and constructor. He was a member of De Long's party, which sailed for the Arctic regions from San Francisco in 1879 in the ill-fated Jeanette, and he commanded the boat's crew which escaped from the icy wastes of the Lena Delta after the wreck of the expedition. He afterwards commanded the expeditions which recovered De Long's body and the records of the Jeanette, for which services he received a gold medal by special act of congress. But that is another story.

Rear Admiral Melville entered the navy as an assistant engineer at the beginning of the Civil war. A New Yorker by birth, he had received his education at the Brooklyn Polytechnic Institute. He served throughout the war and was subsequently stationed at various navy yards. In 1887 the late William C. Whitney, then secretary of the navy under President Cleveland, picked Melville as the man to take charge of the construction of the new navy of the United States and appointed him engineer-in-chief. To this post Melville was reappointed in 1892 and again in 1896.

As a naval engineer and designer Rear Admiral Melville has combined progressiveness with caution. He has been quick to give practical tests to new designs and appliances, but careful not to adopt them generally until they had been thoroughly tried out and approved. The magnificent showing made by our navy in the war with Spain is no doubt attributable in a large degree to this policy of his.

PREACHER ELECTED MAYOR

One of the most notable political changes in New York at the recent election was that in the city and county of Schenectady, where certain Republican and Democratic factions united with the Socialists and elected all the city officers, except one and gained a majority of the county offices, beside electing an assemblyman. The leader of these mixed forces was Rev. Dr. George R. Lunn, their candidate for mayor, whose portrait is shown, and who polled practically two-thirds of the entire vote.

Rev. Dr. Lunn was at one time pastor of the First Reformed church, one of the most aristocratic in the city. Three years ago his advanced political views, some of them in harmony with Socialist principles, forced his resignation from the First Reformed pulpit and he then organized the United People's Congregation, which recently united with the First Congregationalist. Dr. Lunn edits a weekly paper called the Citizen in which he expresses his political and sociological views and frequently conducts Sunday evening meetings in theaters for the same purpose.

The Socialist vote in Schenectady at the last preceding election was 2,240. The town has a population of 51,000, with an assessed valuation of \$51,000,000. Dr. Lunn's plurality was 1,999.

HEADS RELIGIOUS MOVEMENT

Charles Steidle of the New York Labor Temple and Dr. I. J. Lansing discussed "The Church and Labor." The audience at this mass meeting included men of every social station and of almost every occupation. Laborers and capitalists, professional men and merchants, artisans and factory operatives sat elbow to elbow, evincing the utmost interest.

Mr. Cannon is enthusiastic over the apparent success of the campaign of which he is the head.

IS FIRST WOMAN OFFICIAL

Miss Edith Campbell is the lady who has been elected a member of the Board of Education for the city of Cincinnati. President Taft in a public speech heartily endorsed her candidacy and though she was not on his ticket he voted for her. She is a brilliant woman with marked executive ability and wide educational experience. President Taft says he believes that every city Board of Education would be the better for women in its membership and doubtless his endorsement had much to do with Miss Campbell's election.

Her election gives her a three-fold distinction. She is the first woman elected to any public office in Cincinnati, though several have been candidates before. She is the first candidate ever elected to the Board of Education in Cincinnati who ran as an independent, and she goes on last record as the first woman in the United States for whom a president of the United States cast his vote.

Miss Campbell, who is thirty-five years of age, is of medium height, slender, with dark eyes and hair. "It isn't that I am elected, it is the fact that a woman has been elected to the Board of Education," she said. "Moreover, the registration showed that the men of Cincinnati have decided that women should have a chance to demonstrate their efficiency in this direction. Though but few women voted, the way that they were organized and worked showed what women can do in politics if given a chance."

HORTICULTURAL NOTES

When the apples are stored see that not a single rotten one is included. All our small fruits are benefited by some slight protection during the winter.

Raspberries are best protected by covering with clean straw or marsh hay.

Burn the trash raked from the garden and orchard. Fire is a sure remedy for bugs.

It is usually better to protect raspberries over winter by burying in the soil in the more northern localities.

If you have not already done so you should go over the orchard and rake up every rotten apple on the ground, haul them away from the orchard and destroy them.

The secret of dwarfing is to starve the trees. The Japanese produce oaks of great age but which are so small that they can be held in one hand like an ordinary house plant.

If dead and unsightly limbs have not been taken off the trees, now is a good time to do so. Paint with white lead the place from which the limb came. Cut close to the tree, and do a clean, smooth job.

In the northwest the state experiment stations are working on the production of special dwarfed trees for the prairie regions. Standard stock is grafted on certain roots such as very small growth as quince or wild apple.

THE FALL OF FAME

of the steamboat and father of all steam navigation.

born June 17, 1795; died Feb. 24, 1853.

Studied portrait and landscape painting under Benjamin West, but abandoned painting in 1793 to devote himself to civil and mechanical engineering.

Removed to Paris in 1794, where he launched a steamboat on the river Seine in 1803, but it sank because of faulty construction. New boat built with the old machinery made successful trip on the Seine later the same year.

Returned to America in 1809 and built the steamboat Clermont, which made a successful trip from New York to Albany on the Hudson river, starting Aug. 11, 1807, amid the jeers of the unbelieving spectators. Numerous river steamers and ferryboats were built under Fulton's supervision. The magnificent ocean going steamships of today are the grandchildren of Fulton's genius.

Value of Corn Crop.

The farmer makes the most money who devotes his fields to the growing of crops to feed stock making use of all the raw products at home, thereby not only saving much of the cost of transportation, but also maintaining the fertility of the soil. Taking everything into consideration, corn will probably produce more food per acre for domestic animals than any other plant and there are but few feeds which can be fed in a greater variety of ways.

The stone silo when properly built has always given satisfaction.

Study and master at least one farm problem during the leisure time this winter.

Get the habit of hauling manure to the field every day as it is taken from the barn.

Rubber hose must be hung in a dry place if you expect it to last long enough for you.

Give the asparagus bed an overcoat of manure before hard, freezing weather comes on.

A few hours' attention to the implements when storing saves days of work in the spring rush.

Potatoes for seed should be carefully stored where the temperature will be as low as possible without freezing the potatoes.

Bees all safe for the winter? If they are in the cellar, see that the hives are raised from the floor. Remove the bottom board.

Hog millet is correctly known as broom corn millet. It produces more grain and slightly less forage to the acre than common millet.

Don't allow grain or fodder to waste after a season's labor has been spent to produce it. Every stalk represents a money unit.

A supply of rhubarb may be had during the winter, if a few clumps are taken up before the ground freezes and put in boxes or on the cellar floor.

FOR PRESIDENT.

WOODROW WILSON

FOR VICE-PRESIDENT.

THOMAS R. MARSHALL

By W. A. PATTERSON.

Convention Hall, Baltimore.—The five individual without an admission ticket will tell you he would not go if he had a ticket, "as all national conventions are alike."

It has been my privilege to attend several national conventions, including the recent Republican gathering at Chicago, and the meeting of the Democrats at Baltimore, and I can assure you the convention held here, which nominated Woodrow Wilson for president, and Thomas R. Marshall for vice president, was different.

Others, like delegates, receive instructions, and writers, like delegates, may not safely disregard these instructions. I am going to try not to disregard mine, which were to the effect that I write, not a political news story, but a "human interest story," that side of the big meeting of Democrats which the "people at home" would have seen had they been permitted to attend, without regard to the faults or virtues of the contending sides, or the right or wrong of the different factions.

The Baltimore convention was one of those great gatherings which one may witness but once in a lifetime if at all; the kind of a political gathering whose like has never before been witnessed in this or any other country.

It was a battle of political Titans—two men—William Jennings Bryan, three times the standard bearer of the party, and Charles F. Murphy, the recognized leader of Tammany, probably the most remarkable political organization this country has ever known.

No sooner had Cardinal Gibbons, clad in the rich robes of his churchly office, pronounced the final words of the opening invocation on Tuesday night than the battle was on.

Mr. Bryan's nomination of Senator Kern for the temporary chairmanship in opposition to Judge Parker, the choice of the national committee, was but a feint. When Mr. Kern, taking the speaker's platform, pleaded for Democratic harmony, and proposed to Judge Parker that they both retire in favor of any one of half a dozen men whom he named, Mr. Bryan scored his first tally. He had the opposition on the defensive for a time at least.

When Judge Parker declined to respond to Senator Kern's proposition the senator retired and named Mr. Bryan for temporary chairman, a move that was wildly welcomed by the New York delegation, as Mr. Murphy was more than willing to try conclusions with the Commoner on a direct issue.

The surprise of the day was the throwing the Clark strength to Parker, and it was that incident, happening within an hour after Chairman Mack's gavel had called the convention to order, that produced the deadlock when the balloting for the nominee began early Friday morning. It resulted in the defeat of Mr. Bryan by a vote of 579 for Parker to 510 for Bryan.

The defeat of Colonel Bryan for the temporary chairmanship was a momentous event for the Democratic party, and the leaders and the rank and file of the party knew it when it occurred. It was no longer a contest between candidates. It was war to the bitter end between Mr. Bryan and Mr. Murphy. Both had accepted the game of battle, and there would be no compromise.

The change in the party alignment brought many surprises to the lay-

man among them the swinging of Theodore A. Bell of California, temporary chairman of the Denver convention of four years ago to the Murphy forces. Mr. Bell, the opposition to Bryan, and did not hesitate in demanding that the Nebraska, to whom the Democracy had given three opportunities, now step aside and permit other leaders to shape the course of the party.

After the vote ex-Governor Patterson of Ohio expressed the feelings of many of the old leaders who had that day voted against Bryan, when he said:

"The defeat of Mr. Bryan, necessary though it was, was an occasion for tears rather than cheers. He has been and is a great man, but he has had his opportunity, and now we must move on."

That Tuesday night following the defeat of Mr. Bryan will ever remain a memorable one in Democratic history. The great question of that night was: "Is it to be a bolt?"

Among the leaders for the various candidates, the Clark forces instantly realized that if the speaker was to win he must do so in spite of Mr. Bryan's opposition. The Wilson leaders knew they would have Bryan's support, but would it suffice? Leaders of other candidates were wondering what form the alignment would take when the deadlock between Clark and Wilson should be broken.

Mr. Bryan was named as a member of the committee on resolutions, but refused the chairmanship of the committee. The reason for his refusal was explained on Thursday night, when, after the permanent organization had been completed, and Ollie James of Kentucky had delivered his address as permanent chairman, Mr. Bryan stepped to the front of the speaker's platform and asked unanimous consent for the presentation of a resolution. But the convention was not willing to take Mr. Bryan on faith, and cries of "No! No!" "Read it! Read the resolution!" arose from all parts of the great hall.

Mr. Bryan, raising his voice so that it filled the hall, and could be heard despite the uproar, read:

"Resolved, That we hereby declare ourselves against the nomination of any candidate representing or under the domination of J. Pierpont Morgan, Thomas F. Ryan, August Belmont, or any other member of the favored or privilege seeking class. Also that we ask any delegate representing such an interest be requested to withdraw."

It is impossible for words to express the uproar and turmoil of the moment. Cheers, groans, catcalls, hisses were mingled in one deafening roar.

Mr. Bryan had again put the opposition on the defensive.

"Mr. Chairman! Mr. Chairman!" came the demands for recognition from all portions of the hall and Congressman Brice of Virginia was rebuffed and invited to the speaker's stand.

When a semblance of order had been restored, and before Mr. Brice had had an opportunity to speak, Mr. Bryan announced that if New York and Virginia would take a poll of their delegations, and if a majority of the delegates of each state voted in favor of Belmont and Ryan, he would withdraw the last paragraph of his resolution.

"No! No!" came the cries from the delegations of the two states.

Raising his voice so as to be heard above the uproar, Mr. Bryan stated that two delegates from Virginia had asked that such part of the last paragraph as applied to Virginia be withdrawn, and he would do so, and if one delegate from New York would make the same request for that state he would withdraw the last paragraph entirely.

Again came the cries of "No! No!" accompanied by groans and hisses.

The convention at that moment was against Mr. Bryan and his resolution as originally read would have been voted down, had the opportunity been offered.

Brice succeeded in getting attention and in the name of the Virginia delegation offered defiance to the Commoner, stating that no member of the

the Virginia delegation had asked for the withdrawal of any part of the resolution; that Virginia was entirely competent to handle its internal affairs, and would recognize no right of Mr. Bryan to meddle with her.

New York's policy of silence, a policy which was maintained throughout the convention, remained unbroken throughout the turmoil, which lasted for an hour.

Before the vote which had been asked for on the suspension of the

DEMOCRATIC PLATFORM SUMMARIZED

Following is a summary of the more important planks in the platform adopted by the Democratic national convention:

Declares for a tariff for revenue only; denounces the high Republican tariff as the principal cause of the unequal distribution of wealth. Favors immediate downward revision of present duties, especially upon necessities of life. Also favors gradual reduction so as not to interfere with or destroy legitimate industries.

Taken issue with the Republican platform as to the high cost of living, contending it is largely due to high tariff laws.

Favors vigorous enforcement of the criminal features of the anti-trust law. Demands such additional legislation as may be necessary to crush private monopoly.

Urges people to support proposed constitutional amendments, providing for an income tax and election of United States senators by direct vote of the people.

Declares for presidential preference primaries. Pledges party to enactment of law prohibiting campaign contributions by corporations and unreasonable campaign contributions by individuals.

Favors single presidential term and making president ineligible to re-election.

Favors efficient supervision and rate regulation of railroads, express companies, telegraph and telephone lines and a valuation of these companies by the interstate commerce commission.

In connection with a demand for such a revision of the banking laws as will give temporary relief in case of financial distress there is a denunciation of the Aldrich bill prepared by the monetary commission.

Recommends investigation of agricultural credit societies in Europe to ascertain whether a system of rural credits may be devised suitable to conditions in the United States.

Pledges party to enactment of legislation to prevent devastation of lower Mississippi valley by floods.

Favors national aid regarding post roads.

Repeats party's declaration of the platform of 1908 as to rights of labor and pledges the party to an employees' compensation law.

Declares the unnecessary withdrawal of public lands tends to retard development and bring reproach upon policy of conservation; declares for immediate action to make available Alaskan coal lands.

Favors encouragement of agriculture and legislation to suppress gambling in agricultural products.

Believes in fostering growth of a merchant marine.

rules could be taken Mr. Bryan withdrew the last paragraph of his resolution, and the resolution was then passed practically unanimously.

The dramatic incident, probably the most dramatic that has ever occurred in a national political convention, had but served to widen the breach between the Bryan and Murphy forces, if that were possible.

From the first to the ninth ballot

New York voted "90 for Harmon," and Nebraska voted almost solidly for Clark, as instructed by the state convention. Mr. Bryan, as a Nebraska delegate-at-large, following the instructions up to and including the fourteenth ballot. On the tenth ballot New York switched to "90 for Clark," causing a Clark demonstration. The balloting continued without serious interruption until Nebraska was called on the fifteenth, when Mr. Bryan arose from his seat on the floor and asked permission to explain a change in his vote.

"No! No!" came the cries, and Congressman Sulzer of New York, who was presiding, ruled the Nebraska out of order, and instructed him to vote without an explanation.

"Despite my instructions, I will not vote for Clark so long as New York votes for him," yelled Mr. Bryan, and pandemonium was again loose in the great convention.

The unanimous consent which Mr. Bryan had asked was finally granted at the request of Senator Stone of Missouri.

From the platform Mr. Bryan read a typewritten statement, saying he did so for the reason that he did not want to be misquoted. It was a scathing arraignment of Murphy and the interests Bryan claims Murphy represents, and another effort to read Tammany out of the Democratic party. He referred to his resolution which the convention had passed on Thursday night, and said no candidate the party might nominate with the assistance of the New York delegation voting as a unit under the direction of Murphy would be in a position to carry out the promise of that resolution.

The reading of his statement was interrupted time after time before it was completed, and when completed a hundred or more delegates were on the floor clamoring for recognition.

"Will you support the nominee of this convention?" yelled one delegate. "I do not expect to bolt," parried Mr. Bryan.

Another succeeded in asking a long hypothetical question, which Bryan

refused to answer unless it were made more explicit.

Another asked whether he considered a refusal to support a candidate receiving Murphy's support the same as a refusal to support for president a man nominated with Murphy's support.

"Does not the law make a difference?" replied Mr. Bryan, "between the lawyer who defends a criminal after the crime has been committed, and the man who assists in the commission of crime?"

Mr. Bryan then announced his vote for Woodrow Wilson and retired to his seat in the Nebraska delegation; and he continued to cast his vote for Wilson throughout the night.

Numerous efforts to break both the unit rule as applied to instructed delegations and the two-thirds rule as applied to the nomination were made previous to the Saturday night adjournment. The first of these applied to Ohio and was successful, the move adding ten votes to the Wilson strength. But the resolution that applied to Ohio did not cover other states, and the enforcing of the rule led to wrangles on every ballot.

At the close of the twenty-fifth ballot late Saturday night Senator Stone of Missouri asked unanimous consent for the consideration of a motion providing that beginning with the twenty-eighth ballot the lowest man should drop out of the race, and on the final ballot the candidate receiving the majority of the votes cast should be the party nominee. The Texas delegation offered immediate objection, and the long, tedious calling of the roll of states continued.

With Monday came two important and interesting features. One was the apparent cracking of the deadlock in favor of Wilson. Despite the desperate endeavors of the Clark forces, the governor's vote increased steadily on every ballot until, on the thirty-ninth, it stood at 501½. After the fortieth ballot the Wilson vote fell off to 494, his net gain over the first ballot being 87½. When Wilson was at the high water mark on Monday, Clark had slumped to 422 but went up again to 430 before adjournment. At this time it seemed that the Illinois delegation held the key to the situation.

The other big event of the day was the exhortation of Bryan by John B. Stanchfield of New York. This was Murphy's first return blow, and it was a hard one. Praising the New York delegation, Stanchfield said:

"It is by common consent the most representative delegation that ever came to a national convention from New York. If these be the 'puppets of wax' that Mr. Bryan refers to, we say to that money-grabbing, office-seeking, publicity-hunting marplot of Nebraska—"

Stanchfield could not conclude the sentence. It was drowned in a burst of cheers.

While the speaker delivered this attack Bryan sat quietly in his seat. He watched Stanchfield closely and occasionally smiled.

"I desire to say again, the vote of New York is vital to success," continued Mr. Stanchfield. "And no man can go forth from this convention stigmatized and branded with the mark of Bryanism upon him and come within half a million votes of success."

"When Mr. Bryan makes the statement that these delegates from New York are under the influence of Morgan and Ryan and Belmont, the 'plutocrats' of this convention, he omits one name. Outside of the three he has named, the richest and most powerful plutocrat on the floor is the gentleman from Nebraska himself."

All day the delegates were in fight-

ing mood, and once there was a genuine riot of which Bryan was the center. He resented as an insult the action of some Clark enthusiasts in placing in front of the Commoner a banner bearing words of praise of Clark attributed to Bryan in 1910. Missouri, New Jersey and Nebraska delegates "mixed it up," and even some press correspondents took a hand. Then the police separated the belligerents and later A. M. Dockery and Dave Francis sent apologies to Bryan, disclaiming for the Missouri delegation any connection with the banner.

Tired and out of temper, the delegates assembled at noon Tuesday, determined to wind up matters quickly if possible. On the first ballot of the day, the forty-third, Illinois switched over to Wilson and on the succeeding ballots the vote of the governor rapidly increased. After the fortieth Senator Bankhead arose and withdrew the name of Oscar Underwood. "That means Wilson," said the managers for Clark. Then Governor Foss' name also was withdrawn, whereupon Senator Stone and ex-Governor Francis gave up hope for the speaker. They formally released the Clark delegates from their pledges, and it seemed all over but the shouting. But the Tammany bunch and some others were still stubborn and Fitzgerald of New York objected to the unanimous nomination of Wilson by acclamation. So further calling of the roll was necessary.

Every strategy known in political generalship was tried to stampede the convention for the different candidates. No convention in the history of this country has seen such wild demonstrations as have been witnessed in this one at Baltimore.

While Tuesday's dramatic incident, arising over the selection of a temporary chairman, was the cause of almost unprecedented turmoil, there was nothing even bordering on a demonstration. It was just plain fight—not enthusiasm.

Even the speech of Temporary Chairman Parker did not arouse the response so characteristic of Democratic conventions of the past, and the convention showed nothing but a fighting mood until after the incident of the Bryan resolution of Thursday evening and the beginning of the nominating speeches.

The Clark and Wilson forces struggled valiantly to make the greater showing for their respective candidates. While Clark was showing the greater voting strength, the lung power of the thousands of college boys in the Wilson following gave to him an advantage so far as continued effort at noise-making was concerned.

The terrific din of Thursday night which was started by the Clark hosts when Senator Reed named the speaker for the Democratic nomination continued unabated for one and a quarter hours, and in it there seemed to be employed every noise-making implement ever invented.

Great as was the Clark demonstration, however, it did not compare in noise with that led by the Princeton boys when Judge Westcott named the New Jersey executive. For more than one and a half hours the din continued, the lusty youngsters seeming to glory in their ability to keep it up.

Of all of the demonstrations of Thursday night the most amusing was that started by a man in the press stand for Governor Baldwin, when the name of the Connecticut executive was entered in the race for the nomination. Realizing that the fourteen delegates from Connecticut could not successfully compete with the stronger following of the other candidates, the men in the press stand volunteered a noisy assistance which they continued for more than twenty minutes and which subsided only when the chair threatened to clear the press stand if the reporters did not stop. The many star writers in the press stand, men whose reputations for genius are world-wide, led the Baldwin demonstration, and intro-

duced into it all the elements of a first-class vaudeville show or a Grid-iron club dinner. It was the one really spontaneous and amusing demonstration of the long week.

"Alfalfa Bill" Murry, a Wilson delegate from Oklahoma, was the acknowledged leader of the Wilson "demonstrators" among the delegations. Any time "Alfalfa Bill" wanted to start something he would raise his tousled head, wave his long arms at the north gallery where a group of Princeton boys had seats, and let out a wild west yell. It never failed to

produce results. It was such a move that started the demonstration on Saturday night when on the twenty-fourth ballot the New Jersey executive passed the four hundred mark.

Of the many visitors to the convention none created more interest than Mrs. William H. Taft, when on Thursday afternoon and evening she occupied a seat in the box immediately back of the speaker's stand. She was the guest of Mrs. Norman H. Mack.

Mrs. Taft entered the convention hall just before Temporary Chairman Parker surrendered the gavel to Permanent Chairman James. The crowd watched the first lady of the land with eager interest as she listened to the denunciation of her distinguished husband and the arraignment of his administration contained in the speech of the permanent chairman. But if they expected any evidences of displeasure on the part of Mrs. Taft they were disappointed, for she only smiled

at each telling point, and at the conclusion of the address applauded vigorously. She did not applaud, or even smile, when Mr. James turned his attention from President Taft to Colonel Roosevelt and included the latter in his arraignment and among those to whom the Democratic party was unalterably opposed.

As Mrs. Taft entered the box with Mrs. Mack a gray-haired southerner near enough to distinguish her started an ovation for her. When pleasantly chided for her actions by a younger acquaintance he replied:

"The first lady of this land, or any lady, is entitled to the courtesy of every gentleman, and I would have you know, sir, that the Democrats of the South are gentlemen."

Mr. Bryan and his followers made political capital from the appearance in the convention of Ryan and Belmont. They acted as a red rag to a bull on the Bryan cohorts. Belmont occupied a conspicuous place in the first row in the box immediately back of the speaker, while Ryan, though occupying a seat with the Virginia delegation ordinarily, was on the speaker's stand a number of times. Ryan wore a plain business suit, and so far as clothing was concerned could not have been distinguished from any of the other delegates. Belmont attended the most of the evening sessions dressed in evening clothes, the broad expanse of his white shirt front making him easily distinguishable from others around him.

Bryan, when not on the stand, occupied a seat with the Nebraska delegation immediately in front of the speaker and facing Belmont. During the sessions as the delegates would flock around the Nebraska seeking his advice or counsel, or upbraiding him for his opposition, he would point his finger at Belmont to emphasize his points, and his action would nearly always result in an uproar.

On Thursday night, at the close of Senator Reed's speech naming Clark, the speaker's beautiful daughter stepped onto a chair in the gallery, and with a big American flag wrapped around her, and another in each hand, led the cheering for her father. She was the only woman who figured conspicuously in the demonstrations.

Baltimore is by no means a convention city. It is a city of homes with limited hotel accommodations, which made the housing of the big crowd a hard problem to solve. This shortage of hotel accommodations was met by appealing to the people of the city to open their homes to the visitors. The committee in charge established a room-renting agency where those willing to accommodate the Democratic guests could list their rooms. The following is a sample of what was offered:

"I should like you to rent one of my rooms for me," said an amiable-looking elderly lady in weeds. "It is a large room and it is furnished with antique mahogany furniture. The bureau belonged to my great grandmother. It's a Sheraton, and you know how few Sheraton bureaus there are left in this country. If you could just send some western senator, or governor, or even a congressman to look at it, I know they would take it right away, and it would be such a treat for them to live, even for just a few days, in a room furnished with old mahogany. My husband traveled in the west once, and he told me all the furniture was just made of pine. He did not seem to like the west at all. You will be sure to send me a western governor or senator," she repeated as she moved away to give place to another woman with rooms to rent.

to how any deficiency in revenue may be made up. It regulates receipts, that is, it is constantly lowering them, but when the railroads wanted that same body to decide whether engineers' wages should be increased the request was refused. Thus we have regulation without responsibility, and thus have the railroads to submit to reduction in income, and at the same time contend with demands for larger expenditure.

So numerous are the orders issued by the Interstate Commission lowering freight rates that the newspapers no longer can spare space to print them all.

Not a few roads of the first importance are paying out in dividends far more than they are earning. Illinois Central is not earning 50 cents for every dollar it is giving away in dividends. St. Paul is in exactly the same position. More roads than the laymen can realize have been "scrimping". Almost every railroad president admit that maintenance and equipment have not been dealt with generously during the last two or three years. Worse still, there has recently appeared a tendency to transform short-term equipment obligations into permanent securities, an unpardonable financial sin, for plainly a long-term bond based on equipment that will go out of existence in a comparatively short period is not worth calling a "security"—its security has been cast into the sunk heap. Other makeshifts have been resorted to in an effort to keep up appearances and dividends.

Would the Interstate Commerce Commission resent a suggestion that it interest itself in the "other side" of the railroad situation? If nothing be discovered to justify alarm, if nothing be found calculated to check the daily reduction in freight rates then the railroads, troubled investors and some other intelligent members of the public will feel infinitely relieved.—New York American, June 7, 1912.

Fact and Comment on Finance and Business.

(By B. C. FORBES, Business Editor.)

Are American railroads heading toward prosperity or toward bankruptcy? The question concerns not only banking people, not only railroad managers and employes, not only investors in railroad securities. It concerns you, no matter what your station in life. You cannot afford to remain indifferent to it, for were widespread trouble to overtake our railroads, the people as a whole would suffer, and suffer more seriously than the thoughtless can imagine. True, the public in bygone years had too often

cause for wanting to punish railroad owners who acted in the most autocratic, sometimes insolent manner, defiant of both reason and restraint.

But has not retribution sufficient befallen the railroads? Is it not time that a halt was called in imposing restrictions upon the running of our railways? Can the hands of our railway managers be tied still tighter with impunity to the public?

The man in the street cannot be expected to spend hours and efforts in analyzing intricate railroad accounts—he has problems enough of his own nearer home. He has a deep-rooted feeling that the railroads are very well able to look after themselves

and a little more. He has not forgotten the past. In a vague sort of way he realizes that the railroads have been tamed a bit, that the Government has bridled them, that when they planned to exact higher freight rates a Federal commission had power to say "No" and that in other ways the railroads cannot now do as they please. But that he should become solicitous concerning their welfare—well, he guesses that is none of his business.

Now is it the business of you or me to worry over the knocks the railroads are receiving? Should we pay any heed to the now chronic complaint of fresh restrictions and impositions that, according to the railway people,

threaten the financial and even the physical stability of the railroads? I am inclined to think we should.

Every one can readily understand that the country could not prosper were railroad after railroad to go under. An impoverished, decrepit, languishing railway is a handicap to every industry and interest depending on it for service. Not only so, but when a road begins to go down hill, its power to get capital vanishes, and the funds necessary to maintain the property cannot be obtained—and therefore cannot be spent. Stockholders in course of time suffer the loss of their income, and unless something helpful be done, bondhold-

ers, also have to starve, events which hit the pockets of thousands—indeed if bankruptcies became general, millions of investors would be involved. Is there any danger of this happening? Railroad authorities of sound judgement say there is.

Without holding any brief for the railroads, it can be said in all truth that the outlook is not inspiring. A railroad manager is not today a manager in the old or full sense of the term. He has now a superior—the Interstate Commerce Commission. This body has a maximum of power, but a minimum of responsibility. It can and does order railroad income to be reduced without having to trouble itself one iota as

NOTICE

To The Tax Payers of Crittenden County.

I have my tax book for 1912 and am ready to receipt you for your 1912 taxes July 5th, 1912.

JOEL A. C. PICKENS,
S. C. C.

Good Law! It's For France.

Paris, July 6.—Well might desolate over the alarming decrease in the birth-rate in France the cabinet will shortly introduce in the Chamber of Deputies a bill for bonuses for mothers of more than four children. The minimum will be in the neighborhood of \$100 per child, though the change of the mother and the number of children will cause a variance in this amount.

A tax on bachelors and childless couples will probably be advocated as a means of raising the money to pay the bonuses.

NEW SALEM.

Some corn laid by.
Hay crop still uncut.
Health generally good.
Poor prospects for corn.
Judge Mahan is still quite poorly, being confined to his room and bed.

Wheat all cut but damaging by so much rain.

This section was visited July 6th by one of the worst rain storms in years; doing great damage to all the crops.

Rev. James B. McNeeley, of Marion, was in this section last week in the interest of the Record-Press.

James LaRue, Jr., and wife spent part of last week the guests of relatives in Salem.

Ambrose Wheeler and wife spent Saturday and Sunday the guests of relatives near Mexico.

Bro. Boucher came over to his regular appointment at New Salem the first Saturday and Sunday.

Dear Editor, we had no allusions to your pate in our last letter to the Record-Press, we meant an old ballheaded cuss at a little cross roads town not a thousand miles away.

Thomas Threlkeld, of Sikeston, Mo., is the guest of relatives and friends near New Salem. Mr. Threlkeld is an old Crittenden county man. We were glad to see you, Tom.

Mrs. John Harpending and children, of Salem, were guests of John's parents the past week.

We were very sorry to lose our mail carrier, Tom Guess, for a more accommodating man than Tom Guess would be hard to find. Mr. Threlkeld, who has the contract, is a nice gentleman and we believe will make an excellent carrier.

Rev. George Summers was in this section Sunday.

Miss Lucile Davenport, of View, Ky., spent last week the guest of her uncle, Mont, and family.

Marshall and Dr. Will Davis, of Lola, were pleasant callers in this section last week.

Will Conyer and family, of the Childress school house neighborhood, were in this section Sunday.

Remember the sick and afflicted in your neighborhood. Remember what the Good Book says, "a cup of cold water in His name."

Wisdom From Bacon.
An ant is a wise creature for itself, but it is a shrewd thing in an orchard or garden; and certainly men, who are great lovers of themselves, waste the public, divide with reason between self-love and society; and be so true to itself, as thou be not false to others, especially to thy king and country. It is poor center of man's actions, himself.—Bacon.

From The Livingston Banner.

Dr. Ed Hardin and wife have returned to their home at Madisonville, after visiting Dr. Hardin's parents, Mr. and Mrs. John C. Hardin, at Hampton, for several days.

Sheriff R. E. Foster and wife left this week for a several weeks' stay in the Ozark mountains of Arkansas for the benefit of Mr. Foster's health. His many friends wish for him a speedy return to health.

Randon Notes
Baltimore Convention.

"BIG OLLIE" WON PLAUDITS.

Senator-elect Ollie M. James, of Kentucky, won many encomiums and plaudits from the delegates and visitors for the way in which he handled the Democratic National Convention at Baltimore as permanent chairman. His parliamentary decisions were quick and to the point and in every case me with the majority view of the convention. When the "big" Kentuckian called attention to the fact that altho Speaker Clark had a majority of the convention he was not yet nominated there were murmurings in some quarters, but even these had to admit that his little piece of "buisness" was justified and they really thought no less of "Big Ollie" for trying to put it to good use for his friend, Champ Clark.

Senator-elect James had originally planned to go to Seagirt yesterday, but he was not able to make arrangements to do so. Gov. Wilson's talk with the big Kentuckian is expected to deal to a great extent with plans for the notification ceremony, but there were any number of other things which the Governor hopes to find time to discuss with the man who handled the Baltimore convention so efficiently.

OAKLAND

The crops in this section are the sorriest for many years. The weeds and corn seems to be running a race.

Tobacco is growing nicely, but needs work.

Gene Wright, of San Francisco is visiting his old friends of this county after an absence of twenty years.

Misses Ethel Croft and Birda Large made a pleasant trip to Rosiclare, Ill., the 4th. They reported a nice time.

G. Y. Wilson, of Tolu, preached an old fashion gospel sermon the fifth Sunday. We like that kind of preaching. He will preach for us again the second at 3 o'clock in the afternoon.

SEVEN SPRINGS

Dear Editor and friends of the Record-Press owing to sickness of your correspondent I have been unable to send the news from this section for two weeks.

L. B. Patton is dangerously ill at this writing.

We have quite a number of cases of whooping cough in our vicinity.

Mrs. Pollie Patton and little daughter, Vanilla, have been confined to their room for two weeks with tonsilitis.

Rev. J. C. Kinsolving and wife, Phil Travis and Bob Stubblefield, of the Emmaus section, were here last week to see their sick relatives at this place.

Mrs. Sarah Patton is very sick at this writing.

Burlie Burklee, of Frances; and Mason Patton, of Mexico, were calling in this section Sunday.

Freeman McKinney is very sick at this writing.

Mrs. L. K. McClure is on the sick list.

Garden vegetables are plentiful in this part, but very few black berries in this section. peaches are very scarce but a good crop of apples and cherries.

We were very sorry indeed to hear of the burning of the Dycusburg mill as this company put out a very high grade of nice white flour.

Matt Patton, of near Grove Chapel, was called here Sunday on account of the serious illness of his father.

Our worthy Sunday School superintendent Lee Travis is pushing our Sunday School work right along to success, notwithstanding we have had an enormous amount of sickness in our community that have hindered our people from the house of worship, yet I trust that we have been praying in our homes for the success of this Sabbath School and that in the end all will be well with our souls. We can put it down as a safe rule as christians we ought never to be any more concerned about the sins of our neighbors than we are about our own sins.

Mrs. Fannie Travis, of the Emmaus section, was the guest of her daughter, Mrs. Pollie Patton, last week.

Aunt Sallie Travis is in very poor health this summer. She is getting quite aged and feeble.

GLADSTONE

A large crowd attended Childrens Day at Rosebud Sunday and reported a nice time.

Miss Susie Arfack, of Blackford, visited her brother last week.

We are having a singing school at Rosebud, Guthrie Travis is the teacher.

Sunday School every Sunday afternoon at 3:00 o'clock. Everybody come.

Mrs. Rachel Harris and a neighbor girl, of Providence, are visiting her mother, Mrs. Phelps, this week.

Mr. Montgomery and Smith Newcom, of Sullivan, passed through here Monday buying hogs.

Dies of Hemorrhages

on Way to Funeral

Evansville, Ind., July 6.—Miss Rose Duerringer, prominent socially, was attacked by a hemorrhage while going to a funeral, and died before medical aid could reach her. At the time Miss Duerringer was walking on the street. She was well known both in Henderson and Owensboro.

Money Dream Manifested.

Maysville, Ky., July 6.—Joseph R. Davis dreamed that money was buried at a certain spot near his home. The longer he dug the more money he expected to find until a bucketful of gold was the minimum. The dream came true. He found a tin can containing a dime.

Prominent Livingston County

Man Dies.

Smithland, Ky., July 6.—T. D. Presnell, 65 years old, one of the most prominent men of Livingston county, died suddenly last night as a result of an attack of heart trouble. He has resided in Smithland since a young man, and for many years has been manager of the exchange of the Smithland Telephone company. Besides his wife, Mr. Presnell is survived by six children: Mrs. H. V. McChesney, of Frankfort; Mrs. J. R. Dunn and Mrs. Walter Farnsley, of Smithland; V. D. Presnell, W. V. Presnell, and Miss Alberta Presnell, of Smithland.

Leslie G. Miller.

Leslie G. Miller, a native of Smithland, Livingston county, died July 1, at Los Angeles, Cal., according to word received in the city Saturday by friends. The deceased was a former Paducah and at one time book keeper for Wallerstein's, Third and Broadway. He was the youngest son of the Rev. J. S. Miller, former Baptist minister of Smithland, who now resides in California. Besides his wife and two children, the deceased is survived by two brothers and a sister—Paducah News-Democrat.

Henry Watterson And C. J. Will Support Baltimore Ticket

Louisville, Ky., July 12.—Henry Watterson, whose pre-convention activities both in support of and in opposition to Gov. Wilson attracted much comment, will support the candidate. In the Courier Journal, tomorrow will say:

"There are considerations beyond either like or dislike the individual candidates. In contest between the three tickets headed respectively by Taft, Roosevelt and the Devil, Courier Journal, being a daily newspaper and unable to take the woods, would perforce be obliged to support his Sata majesty.

"The way the result has been reached puts in doubt an outcome which a week ago was straining ahead and as sure for the Democrats as any future event could be.

"The Courier Journal approves at least, the platform and will support the ticket."

CEDAR GROVE.

As I see no correspondent for this place, I will write you a few items.

Crops looking fine.

Plenty of rain.

Farmers behind with the crops.

Mr. Wm Jennings who been off to Colorado Springs his health has returned.

Mr. and Mrs. Robt. Belt visited her mother in Ill. They were accompanied to the river by the daughter and her husband, and Mrs. Everett Teer.

Mr. Johnie Farris has got over the winter humps and taken the summer grins. Bob Belt says he grins every time he passes.

Mrs. Wm Eaton went to shopping, Friday.

Mrs. Mattie Ramage visited Wm Jennings last week.

Miss Mary Curry visited Emma Teer, Wednesday.

Preaching every second Sunday. Sunday School every Sunday at 2:30 p. m. Everybody invited.
