FARM BOY WRITES ABOUT HIS TRIP.

Rupert E. Belt of Sheridan, Writes About The Farm Boys Encampment at The State Fair.

WAS A GRAND SUCCESS.

Dear Editor and Readers of the Record Press:

By the request of the Editor I will give you a sketch of my trip to the fair.

I boarded the train on Sunday, Sept. 8, at Marion, at 11 o'clock a. m., and arrived at Dawson Springs at 1 p. m. that afternoon and staid over till the next morning and at 3 a. m. boarded the train for Louisville, and arrived there at 8 a. m., then took a street car for the fair ground. We were told to report at the secretary's office, where we were directed to our tents where we found Prof. Hendricks, our man-

SAM'L BRADBURN OF OAKLAND DIES

Aged Citizen of Near Repton Goes to His Reward After an Illness of About 1 Month

WAS BURIED IN UNION CO.

Samuel Bradburn, an aged and highly respected citizen of the Oakland section, died Friday night at 8:20, of bowel consumption, of which he had suffered for several weeks. He was 79 years of age and is survived by his wife and five children: Ira and Sam, Jr., of this county, J. T., of Indianapolis, Ind.; Curt, of Garden City, Kan.; and Sarah, wife of B. R. Curry, of Union Co. Mr. Bradburn was a member of the Cumberland Presbyterian church at Sturgis and belonged to the Odd Fellow's lodge also. He had lived in this county about ten years, having moved here from Union Co., where he was born. His remains were

NED CRUCE STABBED TO DEATH.

At Tiline, Livingston County, After A Fight Over The Possession of A Buggy Whip.

VICTIM OF 17 YEAR OLD BOY.

A telegram from Paducah to Louisville Evening Post says;

'In a fight over the possession of a buggy whip, after church services at Grove Chapel, near Tiline in Livingston county, Sunday afternoon, Ned Cruce, aged forty, a cousin of Gov. Cruce, of Oklahoma, was stabbed to death by James Holder, aged seventeen. Holder surrendered and is in jail awaiting trial.

Cruce whipped Holder in a fight at the church, and Holder escaped, but was pursued and overtaken by Cruce and the fight

Special Demonstration and Sale on Great Majestic Ranges

ONE WEEK ONLY

Sept., 30, to Oct., 5, 1912.

ONE WEEK ONLY

Save \$8.00

As a Special inducement during our demonstration week only, with every MAJESTIC RANGE sold, price always the same, we will give free one handsome set of ware as illustrated here.

Every piece of the ware is the best of its kind. Not a piece that is not needed in every kitchen. This cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

SPECIAL

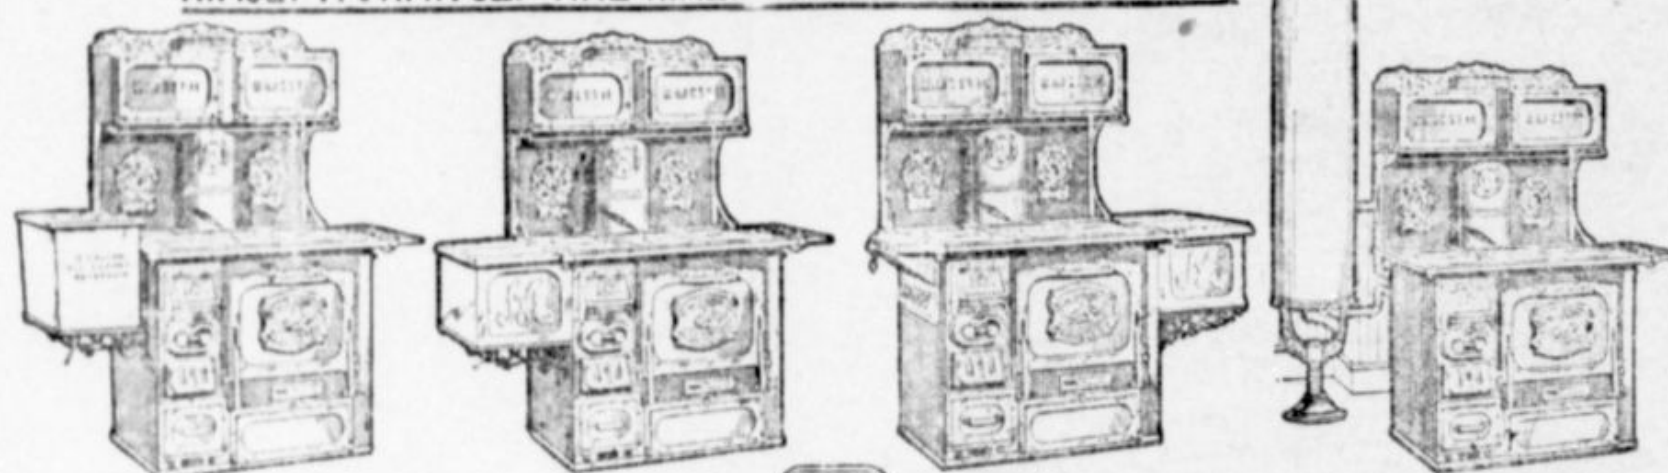

All during this week a special demonstration direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—SHOW YOU why the MAJESTIC is the best range on earth at any price.

Come, If You Intend To Buy or Not.

EDUCATION lies in KNOWING Things—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—Why the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW things shown by one who knows. COME.

SET OF WARE FREE

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

MAJESTIC NEVER-BURN COOKER
STEAMER-CALLENDER AND DRAINER
HEAVY STAMPED IRON MALLEABLE
KETTLE 15 OZ. ALL COPPER TEA KETTLE
14 OZ. ALL COPPER
COFFEE POT

HEAVY MALLEABLE PUDDING PAN
LARGE NEVER-BURN WIRE
DRIPPING PAN 2 SMALL NEVER-
BURN WIRE DRIPPING PANS
2 SMALL DRIP PANS
CAN ALSO BE
USED AS
ROASTER

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You know that old stove eats up a lot of fuel each year.

You know you have trouble in getting it to bake just right, in fact spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure.

Wouldn't it pay you to buy a good range a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range?

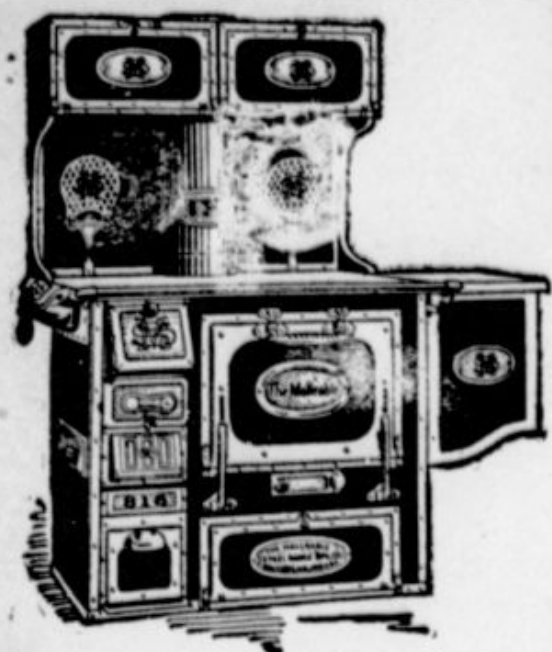

You make no mistake in buying the GREAT MAJESTIC—it's the range with the REPUTATION—ask your neighbors. Then too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that won't warp—that's why the Majestic uses so little fuel, bakes just right every day in the yr. (browns bread just right all over without turning) heats 15 gallons of water while breakfast is cooking properly handled lasts a life time, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 percent stronger than other ranges where most ranges are weakest.

Don't Overlook the Date. This is a Special Invitation to You and Your Friends and Neighbors

into a handsome modern two-story bungalow, one of the most attractive places in town. The Ira Bennett home will be occupied by Prof. Davis and family.

The handsome residences of R. L. and J. F. Rice on the west side built after typical California models and are fast nearing completion and Dr. Brockmyer will build one in the same row after a craftsman's model. All unusual types of residences for this small Kentucky town but will bespeak the artistic taste of their owners.

It is expected that Andy Lamb will soon build a good modern hotel on the site of the one destroyed by fire two weeks ago.

Ed Ramage, of Dycusburg, has accepted a position as miller at Crider.

Misses Alice Jackson and Ellen Young have returned to their respective schools at Hopkinsville and Nashville.

NO REASON FOR IT

You Are Shown A Way Out.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

F. L. Stewart, Princeton, Ky., says: "We still use Doan's Kidney Pills in our family and consider them an excellent remedy for kidney disease. They have never failed to give me great relief whenever we have taken them. The statement given by a member of my family some years ago was true. I am glad to again publicly recommend this preparation."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the same that Mr. Stewart had. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Breakdown at Electric Light Plant Prevents a Successful Meet of Horseshow.

The weather man having smiled upon the ninth annual Christian County Horse Show, something else had to happen to mar its success.

Friday evening, when everything pointed to a very large attendance, that would have made the meet a success financially, the electric light plant, which furnished light for the affair, sustained a breakdown, and was unable to light the grounds until 10:30 o'clock. The chances seemed so much against having a show at all that many persons who had come to attend went away. The crowd would have been larger than the combined crowds of the two previous nights had not the accident occurred. While the light plant was undergoing repairs, a number of automobiles lined up around the track with their headlights illuminating the grounds, and the show started with these lights. The audience however seemed to have lost interest in the show, owing to inadequate light.

Sunday School Institute Held at Cave Spring Sep. 14, 1812.

Song by the choir at 10 o'clock. Devotional Exercises conducted by T. C. McDowell, Scripture reading, 23rd Psalm.

The Welcome Address was splendidly delivered by Fred McDowell, after which the program was followed all points being discussed by the different speakers and visitors.

When the morning exercises were complete we found that we had reached the noon hour.

From 12 o'clock to 2 was spent in eating the well served dinner prepared by the sisters.

In the afternoon the program was followed as near as could be considering the number of speakers present.

Although the Institute was not what we expected it to be, we will say we are not disappointed in the least. Our speakers were not present, that is a part of them. We believe that God was with us and hope He was with them.

We want to thank the people for their generous hospitality shown one and all.

We pray God to awaken people to a sense of duty and help them to realize the responsibility that is resting upon them.

Thanking the people for their kindness and the choir for their sweet songs we pray God to put a Sunday School spirit into the hearts of men and women and help them to be up and doing while it is called today; for the night cometh when no man can work."

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

A SCHOOL TALK.

Now that all the schools have commenced and we all have had time to get acquainted with our work and our pupils, the time has arrived for us to be on the alert and to think about what we are going to do for our schools and our pupils.

Are you worrying? Do you feel that your class is too large or your salary insufficient to cover expenses? It is the fear of failing health or harrassing examinations on the part of your pupils that is worrying you? Does subject matter worry you? Do you feel that some method of teaching some subject you have seen outlined in some good school journal to help you brest the tide is too complicated for your pupils? Let's try it and see.

Whatever the trouble is, you have a great many sympathizers. Yet is all this worry worth while? The psvcologists tell us that worry actually unfits us for the work which we have in hand because here the law of auto-suggestion operates. If we distrust our own ability to succeed in surmounting difficulties, sooner or later the faculty itself atrophies. If you think success is impossible to you the very process of thinking such a thought has stolen from you your chance of success, so if not putting the statement too plainly, let's believe in ourselves. You say your classes are too large? As a result the discipline is more difficult, the number of papers to be corrected too numerous, the time available for helping individual pupils is reduced to a minimum and still the necessity of overstraining to secure a large percentage of passing pupils is increased. Yes, my sister, we all understand, we all sympathize, but others have won great success over the same unpleasant path which you are now treading and so will you. Believe it with all your heart. Never allow the suspicion of possible failure to enter your mind. Remember, if you stick strictly to the course of study and give a little work on the side you have carefully planned out, you cannot fail. There are many devises for simplifying work with those large classes—get some good school journal, read it carefully and see if you can't get what you are looking for.

Never before, in my mind, has the Educational Interests of Crittenden county been aroused to its height. Now is the time for all good men and women to come to the aid of our children, talk school to them, help them all you possibly can. If you can't do more, ask them about their lessons for the day—if they knew their lessons well, they will be more than glad to tell you I'm sure. Have them to tell you something. Insist that they study at night all they can, and you come out to the school and spend a day once in a while; the teacher will be glad to see you, and then you can see how things go along. Our county Supt. is taking a great interest in our schools. He has had enough experience to know what we need and he is trying to get every teacher to deliver the goods as per contract. Now let's every one get the school habit; learn it to your children; talk school to them; show them it's for their own benefit—that they are the future Kentucky. Let's all get down with the child: give him practical work, make him a practical boy or girl. Give something they can use through life. Let's all pull together and help each other and make this the best school year we ever had. Will you try, will you do your very best every day.

Yours very truly, J. C. HARDIN.

J. T. Eddings,
Clay, - Kentucky.

On Aug. 6, 1913, we received the sad news of the death of our loved one, Mrs. Juda Bettis, of Irma. We knew she was too feeble to live many years, yet it was a shock when the death summons came.

She was the wife of Jacob W. Bettis who preceded her to the grave a little more than seven years ago.

They were born and raised in Tennessee, but came to Kentucky soon after they married and made their home the remainder of their lives, except six years which they spent in Florida.

To them were born five children—one died in infancy: the others are Mrs. Nancy Hearrel of Lola, Mrs. J. W. Ainsworth and J. Henry Bettis of Irma, and John E. Bettis, of Hemlock, Ga.

She was familiarly known as "aunt Juda."

She has lived a faithful, consistent Christian life; she professed religion when only sixteen years of age and had always been a member of the Baptist Church, being a member of Deer Creek church at the time of her death.

She leaves to mourn her death beside her children, thirteen grand children, forty great grand children, and five great great grand children besides other relatives and a host of friends.

She had more than lived out her three score and ten years, having passed her 90th birthday.

She will be greatly missed by her loved ones and friends. She was ever ready to give good advice, to comfort the sorrowing, to visit the sick as long as she was able to do so.

She had been very feeble for several years and not able to get about much: she was almost blind, but her hearing was good and she had a wonderful memory. It was my greatest delight to hear her relate incidents of

her young days.

Her life is a worthy example to follow and her memory will live for years to come in the hearts of her loved ones and friends. She can't come back to us but it is a comforting thought that we can go to her, and we should rejoice in the fact that her troubles are over, her life work is done.

The funeral services were conducted by Rev. Willis Pierce, in a touching and impressive manner, after which she was tenderly laid to rest in the Deer Creek Cemetery. The floral offerings were beautiful. We will miss her so much, but I hope and pray that we will be in unbroken family is that beautiful home beyond the skies.

Real Economy in Buying Dry Goods, is not the getting of goods as "cheap" as you can, but rather is it the getting of the most real value.

Practical, sensible people recognize this important principle of true economy, and are discerning enough to see the extra quality, the extra service, the extra satisfaction in an article that perhaps costs a little more than the so-called bargain. Then buy the quality goods and really get more for their money.

Mad Cat Springs on Dr. Travis.

(Continued from Page 1)

on Dr. Travis, biting him on the arm before the doctor knocked him off. Before the cat could be killed it disappeared but was located next day. It was ostensibly having fits and was killed. Its head was severed and sent to Chicago that day.

Dr. Travis is not suffering much pain from the bite but is anxious to take every precaution and the cat's actions are said to have shown every indication of its being mad.—Henderson Gleaner, Sept. 21, 1912.

LATER

DR. TRAVIS TO GO TO CHICAGO.

Dr. W. Travis, of Hebbardsville, who was recently bitten by a cat acting suspiciously, has decided, owing to there having been several cases of rabies in the neighborhood that he had better go to Chicago and consult an expert in the examination of that sort of cases.

The cat's head was sent to Dr. Laogorio of the Pasteur Institute. Dr. Laogorio wrote him that the existing condition of the specimen shown would warrant him to make a personal examination of the wound.

Upon being bitten Dr. Travis immediately cauterized the wound with pure carbolic acid, but still feels it will be best to act upon Dr. Laogorio's suggestion.

He will leave for Chicago within a few days.—Henderson Gleaner of Sunday.

RESOLUTIONS OF RESPECT.

WHEREAS, The Noble Grand of that Celestial Lodge on High, did on the night of the 14th, of September, 1912, see fit to call from his earthly suffering to that home Eternal, not made with hands, but in the Heavens, our Brother, J. O. Brown, who was a member in good standing in New Marion Lodge, No. 198, I. O. O. F.—be it therefore,

RESOLVED, That in the death of Brother Brown, the members of this Lodge fully recognize that they have lost one of their number, who was at all times imbued with the pure principles of Friendship, Love and Truth, and whose life and conduct suffered no reproach to be on his character, either as an Oddfellow, Citizen, Husband or Father.

RESOLVED, further, that the sincere and heartfelt sympathies of the members of this lodge be, and are hereby extended to the bereaved widow and family of our deceased Brother, whose loss, with them, we deeply mourn. And further be it,

Resolved, that a copy of these Resolutions be recorded upon the Records of this Lodge, a copy sent the family of the deceased and a copy furnished the Crittenden Record-Press, of Marion, Ky., for publication.

Letter From Salem, Ky.

Sept. 23, 1912.

Editor, Record-Press:—As I have been taking your paper almost as long as it has been a paper, and as old friends, I would like for you to do me a favor. Please find if you can, who it is sending me that Weekly Globe out of Marion. I couldn't find any editor's name, and I don't wonder, for I am glad he has got enough respect for himself not to want the public to know who it is making such remarks about the two old parties. Neither Roosevelt nor Wilson wants such support. As a man that is ashamed of his name, ought not to be allowed his vote, and should you find the one that is sending that paper to me, please tell him to stop it, as I am a Republican and stand for the old Republican principles even if I have to go under another name. I am sorry to quit the log cabin but when it gets occupied by directors—men that want us to be under the government of Wall Street and other trusts, its time to quit.

With best regards to Mr. Oakley, the editor of the Marion News, and your paper as well, I am not ashamed to sign my name.

Salem, Ky., Sep. 11, 1912.

In the parlor of Esq. C. R. Stephens of this place at 10:30 a. m. today, Mr. Press Millikan of Crittenden county and Miss Nora Hall, the beautiful and accomplished daughter of Mrs. Sallie Hall of Livingston county were married in the presence of a large concourse of admiring friends. The wedding march was sweetly rendered by Miss Edna Monroe.

After the very impressive ceremony by Esq. Stephens that made two hearts beat as one, they, with a host of friends repaired to the home of the bride's mother where they were met by the bride's sister and ushered into the dining room where they were confronted with a table full of good things and every body left later feeling it was good to be there. May hog and hominy be theirs instead of roses—they are such poor diet. Well wisher, ROBT. BOYD.

Girl's Clothing Ignites from Motorcycle Tank.

Gary, Ind. Aug. 26.—Wrapped in flames and screaming for help, Miss Esther Smith narrowly escaped death on a motorcycle and tonight is in a serious condition at her home.

She was riding with Roy Roberts and as the machine had no rear seat, she sat on the gasoline tank.

A spark from the motor ignited gasoline which had dripped from the tank, and the girl's clothing caught fire. When Roberts tried to help her his clothing began to burn.

Passengers on an interurban car helped extinguish the flames and the two were hurried to their homes.

RELIEVES CATARRH IN ONE HOUR

The quickest and easiest way to open up your mucus clogged head and free the throat from Catarrhal secretions is to breathe Booth's HYOMEI.

Don't waste time with impossible methods; HYOMEI has ended the misery of Catarrh for thousands of despairing sufferers; it will do the same for you if you will give it a fair trial.

Just breathe it; it kills Catarrh germs and banishes Catarrh. A HYOMEI outfit, which includes inhaler, costs \$1.00. Separate bottles, if afterwards needed, 50c, at pharmacists everywhere. Money back from Haynes & Taylor if dissatisfied. s2603.

(Continued from Page 1)

chants only, doing business through the United States mail, freight and express. As a sample of our mail department, we have increased the revenue of the Post Office in this city from \$1600 to \$2600. We buy shipping boxes in car-load lots, send advertising matter to every post-office in the United States, buy all raw material by car loads. We use twenty tons of paper every year for printing circulars and other advertising matter. We use power printing machines for printing typewritten advertising letters with electric power, making 5,400 impressions per hour, all advertising matter folded on power folders. We use over 500,000 pieces of printed matter per month. Have over fifteen thousand regular customers. Value of raw material carried in stock never less than \$10,000. Manufacture in our own factory all products.

How many persons do you employ? We employ daily from seven to twenty persons.

The building we occupy is three stories high with a basement, giving us 11,000 feet of floor space.

Stock of post cards on hand, amounts to 600,000. Placed end to end they would reach 520 miles; if stacked one on top of the other they would make a stack nearly two miles high.

What is your method of making sales? Almost entirely by mail, we have customers for this line of goods in every state in the Union, Canada, Mexico, Hawaii and other Pacific islands.

This closes our interview. The readers of the Record-Press will see at once that it is the Haynes Manufacturing Co., that is putting Marion on the map and as we retired from their place of business we thought this is what builds up a town, and wish this enterprising company much success.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

G. E. Johnson, of the Courier Journal, says he desires to apologize to the chauffeur and two occupants of an automobile that passed 10th and Broadway at 10:30 o'clock yesterday morning at the rate of about fifty miles an hour. Mr. Johnson admits he had no business crossing the street or being on it, but he had just alighted from a street car and was aiming for the sidewalk. The automobile did not injure him, but his eye-glasses were brushed from his nose and broken. The automobile was rushing to a funeral. "If two or three people were killed in the rush, it would only have meant that many more funerals," dryly remarked Mr. Johnson. Fortunately the motor car was going so rapidly its number could not be distinguished.

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that T. D. Peebles, Henry, Tenn., proved. "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. Rupert Belt Visits State Fair.

ager who enrolled us and assigned us to our tents. The tents were numbered in alphabetical order and they were in a semicircle with our manager's tent in the center.

The most of our forenoons were spent in the Convention Hall attending lectures given by the officials of the fair. Our afternoon's were spent in visiting the numerous Horticulture, Live Stock, and Farm Machinery exhibits.

One day Hon. G. N. McGrew, of Livingston county, and Prof. Hendricks took us on a trolley car to the Kentucky Wagon. Works where we were shown all over the plant.

Then we went back to the trolley car and went over to the B. F. Avery & Son's Plow Company plant. There we were shown every step in the manufacture of the plows, harrows, cultivators and all kinds of farm machinery; they also had some plows there that were used in colonial days. The plow company served a fine luncheon in honor of the farm boys which we highly appreciated. We then heard some fine talks from the management of the company.

While at the fair we saw some of the finest live stock in the State. We saw Duroc Jersey hogs that weighed over 1000 lbs and some roan cattle that weighed 2900 lbs, also saw Jerseys, Holsteins, Herfords, Short Horns and Aberdeens; also some fine Kentucky Blue Grass horses.

There were products of the farm, such as corn, millet, sorghum, alfalfa, peas, oats, and some very fine fruit.

The farm boys' encampment was certainly a success and the officials of the fair say that it will be held at each annual meeting of the State Fair.

Rises Into Air Tangled in Ropes of Flaming Torch

Toledo, O., Sept. 12.—Hundreds of terrorized spectators on the county fair grounds today breathlessly watched the desperate fight against death made by when he was carried 2,000 feet in Frank Armstrong, an aeronaut, to the air by a blazing balloon.

Armstrong, whose home is in Celina, O., was preparing to make an ascension and was straightening out his parachute rigging when the balloon caught fire and his startled helpers let go. Fighting like a madman to release his parachute, the aeronaut was carried up in a tangle of ropes.

He succeeded in cutting loose a moment before the flames reached the parachute, and the blazing balloon collapsed. Armstrong made a successful drop, landing inside the race track.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50 cents and \$1.00. Trial bottle free. Guaranteed by Haynes & Taylor and J. H. Orme.

Digs Up Gold That Was Buried 52 Years

Cape Girardeau, Mo., Sept. 24.—After having lain buried in the ground fifty-two years, \$500 in gold were deposited in the Sturdivant bank of Cape Girardeau yesterday.

The money was found by Dan Grimm, where his grandfather buried it in 1862, and consisted of twenties, tens and fives. The oldest coin was 1846 and the latest date was 1861.

National Detective Agency Writes
Interesting Letter From
New York.

New York, Sept. 11, 1912.
M. Jenkins,
Marion, Ky.

Sir:
This agency is informed that
check raiser have been reported
operating in your section,
inducing business men by "rais-
ing" the amounts on their gen-
eral checks.

Therefore, we are sending this
notice to banks and business
men because it is often difficult
to apprehend forgers of this
kind unless their operations are
reported when first discovered.
The signer of the manipulated
check. It is suggested that bank
depositors make it a rule to check
their pass books as often as
possible, and use all due precau-
tions to discover such alterations,
any, while there is still time
to obtain evidence.

Care in writing amounts is
recommended, as well as the
employment of a device that
limits a limiting amount across
the check, such as is generally
used by the banks, and that
every check, no matter to whom
issued, should be properly stamp-
ed with the same.

This warning applies to practi-
cally all business concerns that
use checks, since it is our ex-
perience that check raisers man-
age to get possession of genuine
checks in the most unexpected
ways, and the loss often falls on
the signer rather than on the
bank.

In addition to the protective
service rendered by the William
J. Burns National Detective
Agency, Inc., to the banks as
representatives of the American
Bankers' Association, we shall
be glad to undertake investi-
gations for private concerns in
cases of loss through fraud such
as the above, and invite you to
inform us of any case in which
our services might be of value.
Particulars as to our fees, etc.,
on request.

Very Respectfully,
The Wm. J. Burns Detective
Agency, Inc.

RESOLUTIONS OF RESPECT.

Whereas it has pleased Al-
mighty God to take from us our
brother and companion, Andy
E. Rushing, and being desirous
of expressing our appreciation
of him as a man, brother and
companion:

Therefore be it resolved that
while living he was an upright,
honest and conscientious man, a
faithful brother and a worthy
companion and in his death our
Lodge and Chapter has lost a
worthy and respected member
and we cherish his memory as
of one whom we hope to meet in
that temple not made with hands
whose builder and maker is God.

And to his family we extend our
heartfelt sympathy for their be-
reavement but rejoice with them
in that they are not called upon
to mourn as those who have no
hope.

And be it further resolved that
a copy of these resolutions be
spread upon the records of our
chapter and be printed in the
county papers and a copy be fur-
nished to his family as our as-
surance to them of the esteem in
which he was held by us as his
companions.

Greatest Thing in the World.

"What is the greatest thing in
the world?"

It was asked the scholar, and
he gravely answered that learn-
ing is for it comprehends all and
promotes all.

It was asked the artist and he
cried: "Art. for it combines mat-
ter and spirit both at their best."

The preacher solemnly declar-
ed: "Religion, because it is light
from heaven."

The lawyer argued: "Justice,
for it is the soul of peace and
progress."

"Money" said the banker, "It
is the spring of all action."

The young man full of hope
and spirit, cried: "Ambition."

Out of his garnered wisdom
the weary old toiler answered:
"Content."

The pair of lovers hand in
hand lisped together, "Love."

The mother with her babe at
her breast smiled, "Sacrifice."

The wild roysterer cried,
"Pleasure."

The wan invalid whispered,
"Health."

To a shambling, grinning fool
was put the question. He sim-
pered and said, "I don't know."

And which after all is really
the wisest of them all—from the
scholar to the fool?—Louisville

Sensible Girl.

The boat was drifting idly
when he proposed.

She gazed at him calmly from
her end of the craft and said;

"As a matter of common sense
realizing that we are in this boat

depth and that if you were to act
as you should act if I accepted
you, we should be capsized. I
will decline your proposal at this

The Men who Succeed

as heads of large enterprises are men
of great energy. Success, to-day,
demands health. To all is to fail. It's
utter folly for a man to endure a
weak, run-down, half alive condition
when Electric Bitters will put him
right on his feet in short order. "Four
bottles did me more real good than any
other medicine I ever took," writes
Chas. B. Allen, Sylvania, Ga. "After
years of suffering with rheumatism,
liver trouble, stomach disorders and
deranged kidneys, I am again, thanks
to Electric Bitters, sound and well."

A Mix Up.

The following joke is told on a
little fellow not a hundred miles
off. At school the teacher re-
quired each pupil to respond to
his name at roll call with a Bible
quotation. Little Johnny had a
bad memory, so he went to his
mother for a quotation. "Find
me something short," he request-
ed, "so I can remember it."
"All right," responded his moth-
er, "Here it is, 'Lo, I am with
you, be not afraid.'" Johnny
repeated this many times and
had it down to perfection. As
he neared the school house he
kept repeating it, and when he
opened the door the roll was be-
ing called and to his name, this
was the way he responded as he
walked down the aisle, "It's me
don't get skered."

LAMB

G. D. Kemp, wife and daughter, Miss Alpha, visited his daughter, Mrs. Elvah Brown, of Fishtrap, Thursday.

Sam Asher and wife spent the night with her mother, Mrs. Towery, after returning from Marion Tuesday. Sam says that is the first time his cows went un milked for many a day.

We've had some rain this week to replenish the cisterns, which sadly needed filling.

Most of the tobacco is in the house, and new faces are seen in the school room most every morning.

Garland Reynolds says he thinks his father intends cutting his tobacco with the hoe.

Everybody is getting ready for the for the "Old Maid" sale Friday night.

J. G. Guess and family and Ed Dean attended the singing school convention at Repton Saturday.

George Lamb went to Marion one day last week.

Sheek Hardin is going to leave us shortly. He will move to a lease on J. W. Kemp's place.

Chills! chills! chills! every day chills and fevers every other day chills, if you don't take quinine you'll have a chill.

Miss Wilma Phillips, who has been staying with her sister, Mrs. E. E. Phillips, returned to Blackford Saturday.

The sick folks at J. N. Dean's are better.

Crittenden County Teachers Meeting.

One of the best teachers' meetings ever held in Crittenden

county convened at Hebron church on Friday, Sept. 20th.

The attendance at such meetings is usually very small but the teachers of Educational Division No. 2, were all there with one exception and every member responded to the work assigned him by the program committee.

Hebron and vicinity have always had a reputation for hospitality and on this particular occasion it seems that they simply outdid themselves.

Nowhere in the county do patrons co-operate with the teacher better than in this district, and this goes to show that the parents have at least become aware of the fact that the teachers can not do it all, but that they themselves have a part in this great work. A full list of the teachers and officers attending is furnished this week's Record-Press by the Hebron correspondent.

HORSES AND MULES.

Several 3 and 4 year old mares for sale, suitable for farm or roadsters.

One pair of good mules: terms satisfactory to purchaser.

Much Hay Being Bought.

G. H. Foster and Thos. Y. Ordway were in Sullivan Friday where they purchased five car

loads of hay at \$10 and \$12 for use in Guess & Ordway's barn, also for Foster's use for his own teams. Anthony Thomas purchased a carload there last week.

S. M. Jenkins purchased hay from W. H. Black, A. J. Driskill Howard [Fritts, Robt. Enochs and others locally besides having some shipped from Sullivan.

Epidemic Among Horses.

At Hoxie, Kansas, and vicinity there have been 1242 deaths among the horses and mules resulting from an unknown disease. Expert veterinarians have been summoned from different sections of the United States to ascertain the trouble but they have not done so.

Diphtheria.

The prevalence of diphtheria in the county and its tendency to spread leads us to sound a note of warning. Diphtheria is both contagious and infectious and is a preventable disease and should be limited to the first few cases, if they are properly isolated.

Diphtheria is the most dangerous of the contagious diseases.

There are several communities in this county infected and we are in danger of an epidemic.

Antitoxin has robbed this disease of many of its horrors. If your child has been exposed to diphtheria have your family physician administer antitoxin at once, thereby immunizing it from the disease. Do not take your children to public gatherings or allow them to associate with children from communities where there is diphtheria.
