BIG DEMOCRATIC RALLY IN MARION NEXT SAT., NOV. 2.

**Crittenden's Most Re-
nowned Citizen Will
Be in Marion**

AT OPERA HOUSE 1 P. M.

**Hon. O. M. James Will De-
liver Last And Best Speech
of Campaign Here.**

Next Saturday, November 2, will be a Wilson day in Marion, and a rousing time is anticipated. Seemingly victory at the poles the following Tuesday, the Democrats have arranged for a jolly, noisy time.

Senator-elect Ollie M. James, after a triumphant tour of many states in the interest of Wilson and Marshall and Democracy, will end his speech-making for the campaign in a rousing address to his home people. No Democrat of Crittenden county can afford to miss hearing this speech. Republicans and Bull Mooseers should also be present.

As an orator Ollie James has won a national reputation, a reputation second to none, not even William J. Bryan.

A special and most pleasing feature of the meeting will be a message to the Democrats of Crittenden county from Governor Wilson, the Democratic nominee and the next President of the United States. This message, right off the wires, will be read to the audience by Mr. James.

Besides the speaking there will be a parade, band music in abundance and other enjoyable features, making the occasion a gala day for everybody. A big crowd is expected in Marion on that day. Remember the time, Saturday, November 2.

OLLIE'S LETTER FROM NEW YORK

Settles it—The Following Letter Which Explains Itself, Was Received by Sen. Maxwell from Ollie - Sure be Here Saturday.

New York, Oct., 27, 1912.
Dear Pros

I suppose you have billed me to speak at Marion next Saturday afternoon at one o'clock—I shall be on hand. I speak here tonight in New York at a big political meeting at the Hippodrome theatre. I spoke last night at Elizabeth, N. J. to a great Assembly filled with people. It looks fine for us here in the East. I think Wilson election a certainty.
Kind Regards,—Your Friend,
Ollie M. James.

**Every Broadminded Citizen
Will Consider This Before
He Says No.**

One notices so much of the evils of the no sewage system in this otherwise beautiful city, ill smelling, loathsome odors in almost every alley and street in town. A vote for the bond issue for pure water and a complete sewage system will remedy this completely.

Notice to the Tight-wads.

Today in several homes in this city one or more of the dear ones are burning with fever. Why? Much of our drinking water carries typhoid and malaria germs hence the sickness and deaths. We all have a chance to remedy this by installing a system of sewerage combined with pure water. Let us do our best to remedy this great evil by voting for the water and sewerage bonds.

ROOSEVELT RUNS 2nd.

**Taft is Given Majority in On-
ly Four Small States
For Certain.**

The New York Herald and the New York World Sunday morning both predicted that Gov. Wilson's majority on November 5 will be from 1,000,000 to 1,125,000, based on straw votes taken in debatable States, and the Herald conceded to the Democrats twenty-six of the thirty-five debatable States. Its figures show a gain since the last poll for both Taft and Roosevelt.

Test ballots to the number of 270,923 have been taken by the Herald. Thirty-five debatable States have been canvassed in this manner. Wilson has 110,933, Roosevelt 82,576 and Taft 56,413. Reports from the news paper's special correspondents in the various States are that Wilson will carry twenty-six of the thirty-five debatable States canvassed; that Roosevelt will carry five—California, Washington, Idaho, Michigan and Illinois and Taft four, New Hampshire, Rhode Island, Utah and Wyoming. Of the thirteen States not canvassed eleven southern States conceded to Wilson, giving him thirty-six in all. The other two unpolled States are North Dakota, where indications favor Wilson, and Vermont, which the Herald inclined to give to Taft.

MARION FIRST BAPTIST CHURCH

**Used Hymns For All Of Its Services
Sunday, Written by Mrs. Fanny
J. Crosby, The Blind Song Writer
Who died A Few Days Ago.**

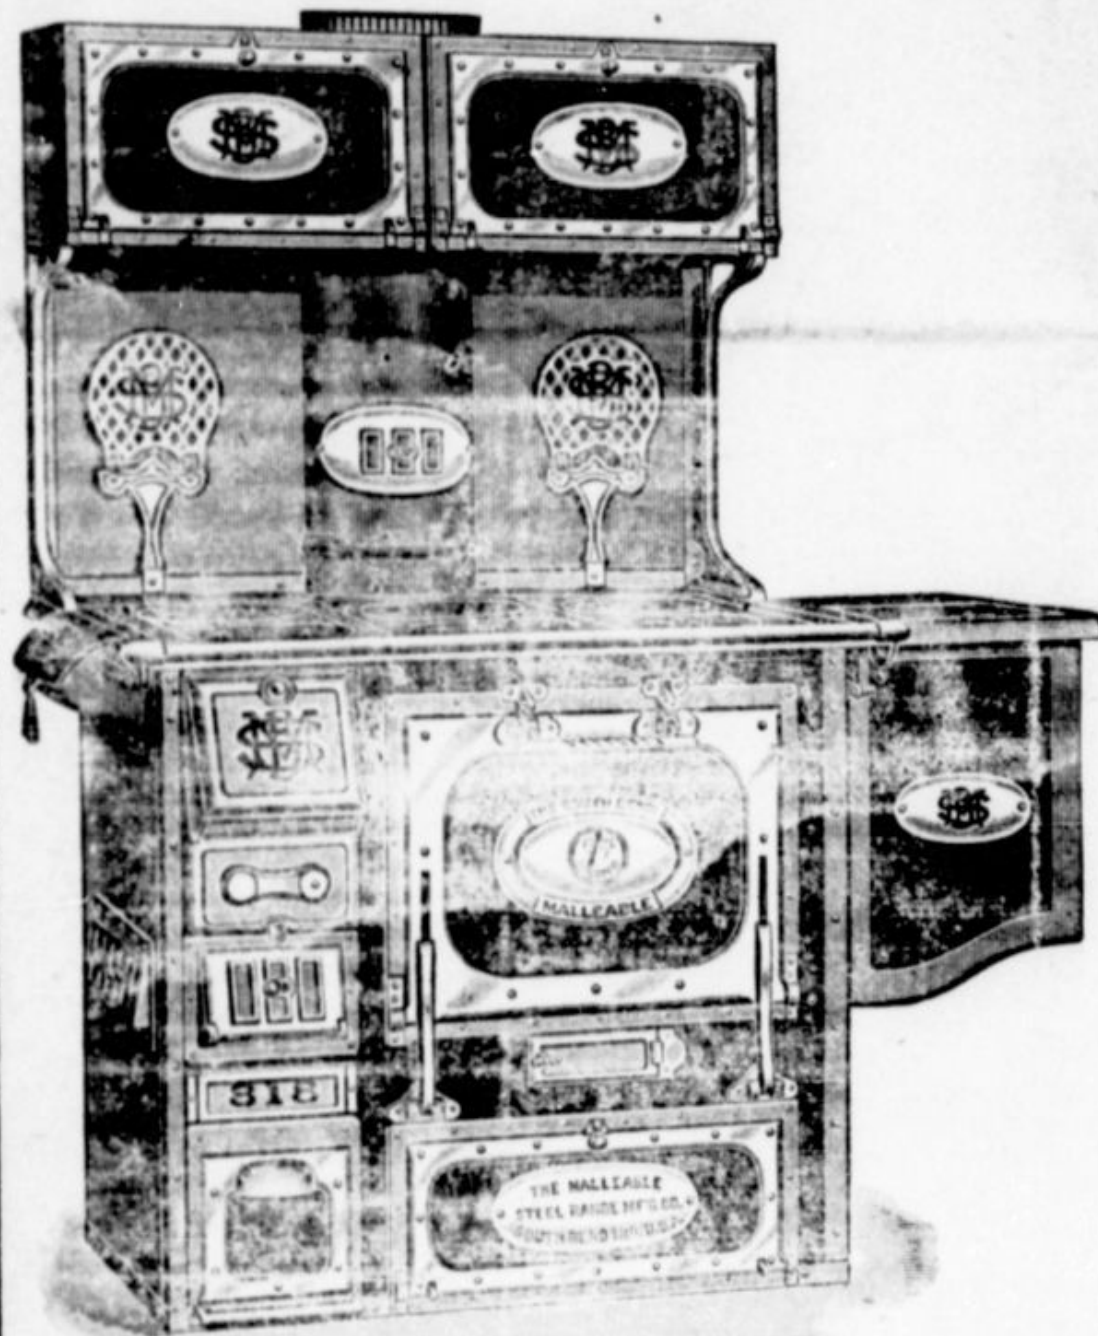

Last Sunday morning the pastor, Rev. M. E. Miller, of the First Baptist Church, announced that all the Hymns of the day would be selections from Mrs. Fannie J. Crosby, the sweet sightless Poet, who has given the world more than 1000 of its very best hymns, and that he thought the least thing we could afford to do, would be to remember her sweet life which was ended some few days ago after a Pilgrimage here below of more than ninety years. And it was indeed a touching Service to see the Congregation join in singing to the praise of the God of Mrs. Crosby those precious songs.

A special feature of the service was the Quartet sung by Prof. Snyder, Mrs. Snyder, Mr. D. Cannan and Mrs. G. M. Crider, "Though Your Sins Be As Scarlet."

The ladies of the Presbyterian church, U. S. A., will serve dinner next Saturday, Nov. 2nd, and ask the public to give them a share of their patronage.

Marion, Ky.

Dear Friends:—

I read, with usual interest, the last paper from my old home and was especially pleased with the boast you made of your large potato, raised by A. F. Wolfe, whom I know is a good farmer and must be a good potato raiser if he is a son of my old friend Billy Wolfe.

We are enjoying the best of health and very little sickness here of any kind. Wish all of old neighbors and friends could come here and enjoy this country as I do.

I received a letter from my friend J. H. Crider, informing me that he will be here soon to make this his future home, one good look satisfied him. All of my family is here now except one daughter, still in Oklahoma, and all are doing well and enjoying good health. We expect to elect Wilson for President almost unanimously.

CALIFORNIA TAFT LEADER DESPERATE

Virtually Calls on Old-Line Republicans to Support Gov. Wilson.

San Francisco, Cal., Oct. 25.—Senator Edward L. Wolfe, chairman of the Taft Republican minority convention, published here today a statement to Taft Republicans throughout the state in which he warns them that they cannot use "stickers" to place the name of Taft electors on the ballot, and that to write in the names of Taft's electors would do Mr. Taft's candidacy no good.

The statement explained that there are no Taft electors nominated in California because of a decision of the State Supreme Court based upon "technical reasons."

"Even if a small percentage should write in the names of Taft electors," the statement continues, "they would be counted as scattering and do the candidacy of Mr. Taft no good."

"For the first time in the history of this State, the members of the great Republican party of California is disfranchised. And it is within the power of Republicans to rebuke the action in no uncertain way on November 5.

SLATON--GEORGE.

Miss Clella Emily Slaton and Willie Thomas George were married at the home of Mr. and Mrs. W. W. Slaton Wednesday evening, Oct. 16th, in the presence of more than a hundred friends.

The Slaton home, which new, was beautifully arranged for the occasion. The reception hall, parlor, dining-room and living-room being thrown together, looked as if it had been in the hands of a professional decorator, with its profusion of choice cut flowers, smilax and asparagus.

Promptly at eight o'clock the strains of Mendelssohn's Wedding March, with Mrs. C. H. Strickland at the piano, heralded the entrance of the bridal party. They were preceded to the altar by Rev. T. T. Roberts, of Hopkinsville, and the maid of honor, Miss Mary Calloway, on the arm of L. C. Lowery, of Salem, Ky., who was best man. Then came the handsome young bridegroom who entered the parlor and approached the altar through an aisle formed of graduated pedestals surmounted with vases of gorgeous lavender chrysanthemums and ropes of smilax. The ceremony was very beautiful and impressive, and as the newly wedded couple knelt on a white satin pillow and Rev. Roberts, who is a matchless speaker, with hands on their bowed heads invoked Heaven's blessings upon them, those present in subdued whispers said, "how beautiful," and many were the silent prayers that ascended in their behalf.

The bride is the elder daughter of Mr. and Mrs. W. W. Slaton and is quite a favorite with all who knew her. Her whole life has been spent here except the two years she attended college at Hopkinsville and occasional visits, and it is very much regretted that her wedded life will take her into another community.

The bride, who is a pretty blonde, was beautiful on this occasion in a gown of white embroidered chiffon over white messaline, carrying a shower bouquet of brides' roses and maiden hair ferns. The brides-

maid in pale yellow chiffon over silk, carrying an arm bouquet of chrysanthemums, formed a beautiful contrast. The groom and best man were handsome in the regulation black.

Mr. George is the son of Mr. and Mrs. T. M. George, of Salem, Ky., and is said to be a young man of sterling character. He takes his bride to a home on a 500 acre farm, which is a gift of his father. Surely their future life has a roseate glow. They were the recipients of many costly and beautiful gifts. After the wedding an informal reception was given and a delightful two-course luncheon was served. The out-of-town guests were Mr. and Mrs. T. M. George, of Salem, Ky.; parents of the groom; Mrs. A. C. Love, of Halls, Tenn.; sister of the groom; L. C. Lowery, of Salem, Ky., and Mrs. Will Hammach, of Madisonville, Ky. —Sturgis News-Democrat.

Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take CARDUI

The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

Ninth Son of Parents

Christened Woodrow Wilson

Covington, Ky. Oct. 25.—James Cavanaugh, a prominent farmer

of this city does not believe in race suicide, and on the other hand he is not a follower of T. Roosevelt. Friday morning Mr. and Mrs. Cavanaugh were rejoicing over the arrival of their ninth son, which was named Woodrow Wilson Cavanaugh.

It was not entirely their choosing, in fact they only consented to it. Mr. Cavanaugh asked Dr. E. N. Powell to suggest a name and when he suggested that the Democratic nominee and the proud father agreed with him that it was a good name.

Beside being the proud parents of nine boys, Mr. and Mrs. Cavanaugh are blessed with two daughters.

UNIQUE SENTENCE IMPOSED BY JUDGE.

THREW EGGS AT HOUSE: MUST WASH FRONT.

Boston, Mass., Oct. 25.—Because he threw bad eggs at the home of Hymen L. Markovitch, leaving many conspicuous spots, Raymond Everton, a 15-year-old youth, must wash the whole front of Markovitch's house with soap and water while an officer stands over him to see that the job is thoroughly done. This is the sentence imposed by Judge Bruce in the Malden juvenile court today. Markovitch testified that his house was a mass of spots from the eggs thrown by the boys and when Everton admitted that he threw one of the eggs the judge decided that he might have thrown others and imposed the unique sentence.

Saves Leg Of Boy.

"It seemed that my 14-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. Orme's.

OPPOSED TO TURNPIKES

One Good Roads Advocate Says He Will Vote Against Proposition to Build Turnpikes Until Better Rights of Way Are Obtained.

Mr. Editor:

If you will allow me space in your columns, I want to say something about turnpikes and good roads. I am opposed to a bond issue now to build pikes as we are nothing like ready for that stage of the work. We are yet in the primary grade of road building and need more development before entering the highest grade of road construction.

If we are not able to afford good dirt roads, how can we build pikes? Our dirt roads are, as a general rule, not fit to pike. They are narrow, worn out and washed and on the worst land and in the worst places to be found. We have to take our best land to produce the best tobacco, corn, wheat. Just so it will take the best land to have the best roads.

We can never have a good road up a steep hill or over rocky ledges. Put the roads in the level valleys, keep off steep hills when possible. If a hill must be crossed, go up gradually so the rise in no place will be more than 4 or 5 ft to the 100 ft in length. A turnpike up a steep hill is worse than a dirt road nine months in the year. We already have too many rocky hills to pull. If a bond issue were voted, it would be hurry and cash the bonds. Hurry and let the contractors. Hurry and put down the rock. Things done in a hurry are never done well, and possibly there would be but little preparation made before rocks would be dumped in the roads just as they are now and it would be almost a waste of money.

The automobile is another serious barrier in the way of constructing new turnpikes. It has been thought for ages that after a road was piked it would last forever. Not so now. The auto with its rubber tires of a sticky or elastic touch spinning around faster than the eye can count, creating a suction like a vacuum cleaner or small cyclone kicks rocks and gravel like a rough shod mule and in 5 years time digs ruts and gullies in the pike till it is unfit for travel. The rock blown away and gone, repairs are almost as expensive as first cost. Counties in Mo., N. Y., and other parts of the country have issued bonds, built pikes and autos destroyed them before bonds matured, leaving people to pay bonds and also to build roads again.

The Government now has experts at work trying to perfect some plan of macadamizing that will stand the a u t o. Had'n't the county better wait till the question is settled and then go ahead. Another objection. The county is not able to pike all the roads and to pike a few would cause envy and discord in parts of the county not benefitted by the pike.

If we could exchange our narrow, hilly, rough and rocky roads for wide, level dirt roads well graded up, we would be as proud of them as a small boy is of his first pair of new boots. Such a thing could be brought about and of necessity come before we can ever lay claim to respectable roads. Instead of issuing \$100,000 or \$300,000 in bonds to build pikes, I want to propose an issue of \$25,000 in bonds to buy new rights of way and construct new dirt roads, exchanging steep hills and rocky ledges as far as possible and where it is absolutely necessary to go over a hill ascend gradually and in such a way as to have no steep parts to pull, making all main roads 60 ft. wide and all others 30 and 40 feet wide. Our roads at present call for 15, 20 and 30 foot rights of way; 30 ft ought to be the minimum width.

The county ought not to undertake to maintain any road less than thirty feet right of way, as keeping up a single track road is four times the expense of keeping up a double track. It's a reproach to the county today that its roads are not wide enough for wagons to pass any where they should chance to meet. I will venture the assertion that there's not a road in the county 10 miles in length that wagons could pass any and everywhere along the line, bridges and culverts excepted and it could be placed at 5 miles, and I think you might be safe in betting on one mile any where we might select and not find it safe to pass at all places, bridges excepted. Under such conditions what is

the use to even think about pikes? Crittenden county with its mineral resources and its fertile land can afford good dirt roads and by making the change from the hills to the valleys, from the worn out cuts and rocky ledges to soil freer from rock could be maintained at one fiftieth of the cost it would take to keep them now. One road grader, 5 mules and two men can move as much dirt in a day as 75 men with picks and shovels. Graders can't do much now on account of rock. Automobiles are welcomed in all parts of the country where roads are level and wide and horses don't scare much on wide roads. Women and children, the sick and shut-ins that can't often visit the towns and cities will hail with delight the sight of the auto. The auto has come to stay and we had as well make room for it. It has already proved a blessing to humanity, relieving the sick, bringing the first aid to the injured. Children are carried on level roads to graded schools 30 miles in one hour's time. Passengers, freight and produce transported by autos almost equal the railroads: for pleasure or profit nothing compares with them where roads are suitable. Do you believe it would pay financially, as two horses could pull on a level which four or six could not pull up hill? Do you believe it would be humanitarian to relieve our horses of such inhuman burdens as is forced on them pulling loads up hills that tax their muscles to the very limit? Do you believe that present condition justify a change? Can you get some one to agree with you? Could you get five to join you? Could you get twenty? Do you know of any bad hills right in your neighborhood where the road now crosses that could be gone round? Let's discuss this with our neighbors all over the county and before long enough interest can be aroused to accomplish something. —Geo. Robertson.

The voting of a bond issue for water and sewerage in this city means so much to every man, woman and child living in Marion that one cannot understand a possible objection from the residents or property owners. Pure water means freedom from typhoid fevers, malaria and the many ills that have heretofore afflicted our loved ones. Let us make Marion the model city of the South by voting for these bonds.

Dear Sir:—
Knowing that you are interested in everything for the best interest of both Marion and the county, I wish to offer a few thoughts for the consideration of the washed and the unwashed, the insured and the uninsured citizens of Marion, the capitalist and the laborer, also.

The question is, Shall we have a good system of water-works.

First, A good system of water-works would add greatly to the comfort of all, and lessen the spread of disease in our town and very probably prevent an epidemic that might destroy the lives of many of our citizens both young and old. Then as a matter of sanitation we would favor the water-works proposition.

Second, It would reduce the cost of insurance and greatly lessen the risk of those not insured. It would enhance the value of property causing it to sell or rent for more. So as a business proposition it would pay.

It would afford work for many laborers for quite a while at good wages. Hence you see it would be a good thing for the working man. It would start new factories &c, as they would have protection against fire. It would prevent a repetition of the very disastrous fires from which Marion has suffered so severely in the past.

It would attract a class of desirable citizens to make their homes in Marion. A gentleman of means said to one of our citizens, the other day, "If your people get a good system of water-works, I will buy a home in Marion and spend the remainder of my days with you." A gentleman who owns no property in Marion said that he would give \$5.00 a year to have water-works. Who can give a good reason why we should NOT have it?

Yours for health, cleanliness, and prosperity. —A "VOTER."

Wanted at Once.

CRITTENDEN'S OLDEST CITIZEN PASSES THE DIVIDE

James Brown, Near Centenarian,
Goes to His Reward—Lived
Near Marion For 62
Years.

James Brown, a centenarian almost, died at his home two miles northwest of this city Thursday evening at 7 o'clock of heart failure. He and his aged wife, who survives him, lived alone in their little home. He had not been ill and his death was a great shock to his life partner. He is survived by seven children:—A. E. Brown, of Canyon City, Texas; Robert, of this county; Rev. John F. Brown, of this city; Mrs. Margaret McEuan, wife of Thomas H. McEuan; Mrs. Jane Craighead, wife of Frank Craighead; Rufus Brown and Mrs. Russe Wing, wife of Bud Wing, all of this county.

His remains were laid to rest Friday afternoon at 2 o'clock at Freedom cemetery near his home. He was a member of Freedom General Baptist church, and had been for a quarter of a century. Mr. Brown came to this county in 1850 and had lived near Marion for sixty-two years, and had seen Marion grow from a cross roads store and postoffice to its present metropolitan proportions.

He was twice married. His first wife, whom he married in Tennessee, was Mrs. Malinda Adams. She died in 1876, and he was married in 1879 to Mrs. Emily Nesbit, relict of John Nesbit, and sister to R. B. Gregory, Esq., of this county.

Mr. Brown was not certain as to his age; the family Bible and records having been burned in a fire which destroyed his son's home a few years ago, but he thought his date of birth was 1814, which would make him ninety-eight years of age.

He was a true blue Republican and had voted with that party since its birth.

For many years he run a wagon to Ford's Ferry and afterwards to Weston hauling goods to Marion merchants, and had other teams hauling coal from the old "Kit & Jack mines," when Marion received her coal supply in that crude way.

A RARE TREAT.

Mr. Burns entertained the Freshmen and Sophomore classes of the High School Tuesday afternoon with a lecture on domestic science. After the lecture, apples and meats that were cooked in the paper bags were served to the visitors.

It had on board 100 people who were provided with the latest and best equipped diners and sleepers that the Big Four railroad could furnish. Each of the business cars were heavily loaded with the various products of Arkansas. There were three cars loaded with literature of each county and section from that part of the State known as the Ozark region. The exhibits of hay, corn, wheat, apples, potatoes, water melons, cucumbers alfalfa, timber and every other article of importance was full and complete. This is a great enterprise and is causing thousands of people to move to that great state and invest their money in lands, business and other employment.

Upon their return home they will begin at once preparing for another tour next year.

Hundreds of our citizens visited the train while it was here and the tourists were given a warm Kentucky welcome during their short stay in Marion.

The visitors expressed themselves as highly gratified over the reception received here and were profuse in their compliments of the progressive appearance of Marion.

What impressed us most was the fact that scarcely anything they showed was remarkable to our citizens. With the same care, capital and study we can

raise almost anything they displayed. What our people want to do is to quit running around over the country hunting better places and buckle down to develop the resources and advantages we have here on every hand. Enrich your land. Work smaller farms.

Looks For Activity in Oil Development.

F. Julius Fohs, of Lexington, who was for a number of years connected with the State Geological Survey, was in the city last night. Mr. Fohs resigned from the survey several months ago to engage in geological work and mining engineering on his own account. He was on his way home last night from a tour of inspection in the Western Kentucky oil fields. He believes the prospects are decidedly favorable for the development of large producing fields in Allen and Ohio counties. In other sections of Kentucky also, Mr. Fohs says, the oil outlook is good and he looks for much activity along that line both in new territory and in some of the established fields. -Sunday's Courier Journal

Famous Musicians to Be Present. Among Noted Speakers Are W. C. Pearce, Rev. F. N. Palmer, Rev. W. J. Long and Various State Leaders and Divines.

The Forty-seventh Annual Convention of the Kentucky Sunday School Association will be held in Paducah Oct. 29-Nov. 1. The state executive committee has put forth every effort to make this the greatest convention ever held in the state, and in forming the program has secured experts covering every department of Sunday School endeavor. The pastor, the superintendent, the teacher, the pupil, the parent, all who are in any way interested in building up a true citizenship for our state and who desire to have the right influences come into the lives of the boys and girls, will find something helpful at the various sessions and conferences of the convention.

The music will be in charge of Professor E. O. Excell of Chicago, who will have as his pianist Professor A. W. Roper of Winona Lake, Ind. These two men led the music at the World's Sunday School Convention in Washington.

ton, and also at the International Sunday School Convention at San Francisco. One of these has been fittingly called the "music king" and the other the "piano wizard."

The International Association will be represented by Mr. W. C. Pearce of Chicago, who for many years has been at the head of the organized adult Bible class movement in America. He will speak on such topics as "The What and How of Teacher Training," "The Adult Bible Class and Its Meaning to the World," "The Sunday School Organized," "The Bible In Action." Mr. Pearce is a man of deep spiritual power and will help every one who has the opportunity of hearing him.

Dr. Palmer on Program.

Rev. F. N. Palmer, D. D., of Winona Lake, Ind., will have four periods of Bible study. Dr. Palmer will attend only a few conventions this year, and Kentucky has been peculiarly fortunate in securing him at this time.

Rev. W. Fred Long, general secretary of the Mississippi Sunday School Association, will be among the speakers and comes to pay a visit to his old home, as he is a Kentuckian and spent most of the years of his early manhood in Paducah. He is now one of the most successful Sunday School workers in America. One of his addresses will be "The Boy Over Fool Hill."

Kentucky Speakers.

Among the speakers from Kentucky will be Judge C. C. Grassham of Paducah, Hon. J. B. Weaver of Louisville, president of the state association; Rev. George A. Joplin, general secretary of the state association; Hon. Huston Quin of Louisville, chairman of the state executive committee; Rev. T. C. Gebauer of Henderson, Mr. W. J. Vaughan of Louisville, and Miss Maude L. Dance of Louisville, all field workers of the state association; Miss Frances L. D., of the Southern Baptist Theological seminary, Louisville; Mrs. Madeleine Reager of Louisville, Mrs. Agnes L. Elford of Ashland, Mr. C. J. Nugent, Jr., of Louisville, president of the Jefferson County Association, and many others who will take part in the conferences. Dear reader, do you remember any of those old time songs you used to sing? If you do, get out

on the front porch and sing it.

You will feel better and it may be that some poor weary traveler from time to eternity may hear you and be glad. Sing as you pass along the way and you will be surprised when you get to heaven, to see how many will thank you for the songs you sung. Sing more of heaven and you will have a stronger desire to reach that happy home.
