Negroes At Eddyville Pay Penalty For Murder.

Eddyville, Ky., June 23.-Tom Lawson, and Tom Martin, two Negroes; will see the sun go down for the last time this evening, as early Friday morning they will meet death in the electric chair. They will pay the death penalty for the murder of Hardin Inghram, a young white man of Waddy in Shelby county. Inghram was standing on the sidewalk with a group of friends on the afternoon of October 21 1911, when Jeanette Wade, a Negress, who was carrying a bundle of washing was shoved into the street. She complained to her brother. Warren Wade, and he and Lawson and Martin went after Inghram.

Martin hit Inghram over the head with a tobacco stick, and Lawson stabbed him.

Your Future Depends Upon

The ambition to have the right kind of friends means health, money, brains and morality.

No other outside influence affects a man's life as his friends do, for the company that a man keeps leaves its impress upon his body, his bank account, his mental development and his decency, by setting the standards toward which he struggles.

It is only occasionally that men strive for an unseen ideal.

They ordinarily imitate and emulate those whom they see daily. The study of books will rarely weed out "I have saw" when the student has heard i at home for 20 years, while young man reared in a home of culture may live in a mining camp for yeass and never lose the correctness of his speach.

In matters of morality, we are

all a part of what we touch.

cause he has had contact with decent people. Isolated imoralfluences. He simply limits himself to those he had already had.

It is amazing that we leave

the selection of friends to chance. The most careful study and Marion, Kentucky, under the Act of investigation should regulate the choosing of companions. In choosing a place to live, the character of the neighbors should be the consideration of prime importance; and intimate friends should be selected with the utmost care. Nearly every family is on a footing of good comradeship with two or three other families, and few mistakes in life are more serious than to follow the line of least resist-

> ance in this important matter. If you want high ideals and courage you may be sure that others with the same ideals are looking for you. No social question is of greatr importance than that you should find each other; and to leave this important matter to chance through either carlessness or social fear is a crime against the best there is in you. -By Read.

Hodge Reported to Have Purchased Tobacco

Princeton, Ky., June 18-The The Friends You Select. Hodge Tobacco company purchased the entire crop of the Caldwell and Hopkins counties. The price will average six cents a pound. The pool amounted to a quarter of a million pounds.

TRICE BENNETT ANNOUNCES

For County Attorney.

I take this method of making known to the citizens of Crittenden County my candidacy for County Attorney. Realizing the many responsibilities resting upon the various officials and having acquainted myself fully with the duties imposed upon this particular branch of our local government, I ask you honestly and fairly to honor me with your support.

I deem it fairness to the voters and justice to myself to say that I was graduated from the Law School of Central University of Kentucky in June 1907 going immediately to Marietta. Oklahoma where I engaged in the practice of Law until October 1st, 1911 when circumstances over which I had no control demanded my return to Kentucky since which time I have farmed on the Ohio below Tolu.

I shall conduct a fair, clean and legitimate campaign for the nomination, and election for this office and shall present myself before you strictly upon my own merits, and not upon the demerits of any person or persons who might oppose me. Having a high regard for the citizenship of this County I promise you that I shall not cast reflections of discredit upon friend or foe for the

purpose of advancing my cause. Should I be chosen by you to serve you as your County Attorney it shall be my pleasure to serve you in a firm, courteous and conetant manner, striving for honor to both you and myself. Respectfully asking your support and influence in the Democratic primary election to be held August 2nd, 1913, I am.

Yours very truly. T. C. Bennett.

The C. and B. Advantages.

"The maiden trip of the Great Ship 'SEEANDBEE" from Cleveland to Buffalo, which took place on June 19th, Burns and carried home to glowas an event of historical importance, as she is by far the largest and most costly passenger steamer on inland waters of the world. She marks the last word in marine architecture and Too pure was she for this vile magnificence of interior appointments, and it is not likely that there will be built in the future anything of her type others, of Salem, were here as dimensions are, 500 feet long, 98 feet witnesses in the J. J. Thomas 6 inches wide, 510 staterooms accomcase Tuesday. On account of modating 1500 people. She can carry 6,000 passengers and has capacity for 1,500 tons of freight on her main deck. Her hull is constructed entirely of steel and she is equipped with every modern appliance to insure absolute safety.

The marvelous growth in recent years of both pleasure and commercial travel on the Great Lakes is largely due to the splendid steamers provided by the lake lines and foremost among these, is the C. & B. Line. In addition of this gigantic ship to their present fine fleet running daily between Cleve land and Buffalo will undoubtedly attract a vast number of Travelers enroute either east or west. All railroad tickets reading between Cleveland and Buffalo are good on these steamers, which leave at 8:00 o'clock every evening, and the rail journey may be broken at either City to view the beauties of the "SEEANDBEE" and enjoy the luxury and comfort of the delightful lake trip."

Ice Routes to be Established in Rural Distrticts by the Marion Ice & Storage Co.

Marion has 5 R. F. D. routes and a number of star routes for the delivery of mail, and is soon to have established routes for the free delivery of ice to patrons in the rural districts, if the plans of Robt. T. Metcalfe the, owner of the local ice plant do not miscarry. This is a new idea in the ice business and one that is asmuch needed as mail delivery. Ice is a positive necessity now for comfort as well as health and in time of illness in the family sometimes is a preserver of life.

The editor is not familar with all of Mr. Metcalfe's plan but those interested in getting an 'Ice Route' should write him at

The LIFE of a wagon is what counts -that's why I buy a Studebaker"

"That's reasonable, isn't it?"

"A wagon that doesn't last is expensive no matter what price you pay for it."

"Suppose you buy three wagons, one after the other, and the three of them don't last as long as one Studeballer-which is the best bargain?"

"I didn't find this out myself. I heard my grandfather say it a good many years ago. He said he had proved that it paid to buy a Studebaker. I followed his advice to my own satisfaction." "A waron can't have life in it unless it has the material and work and alich in it. The Studebaker people have been making vehicles for siny years. They ought to know how to make wagons right—and they co. They have the reputation because they've produced the goods. They don't put the name Studebaker on until the wagon's right, and when ye i see the name Studebaker on a vehicle of any kind it is your insurance of quality."

"That's why I buy a Studebaker. I trust a Studebaker wagon because I trust the people that make them. It's good business."

TO BLOCK A RIVAL CANAL

Nicaragua to Receive Three Millions Dollars For Exclusive Franchise.

Washington, June 18.-The United States will secure a perpetual and exclusive franchise for the building of an interoceanic canal through Nicaragua and also a naval station, together with several small islands on the Pacific coast of that country. The Wilson administration has decided to support the treaty negotiated in the closing days of the Taft administration between the United States and Nicaragua.

Secretary Bryan has asked the senate committee on foreign relations to ratify the treaty now pending before it with only one or two minor changes. Through the ratification of this treaty the Nicaraguan route will be forever closed to every nation except the United States.

The concession for a naval base on the Gulf of Fonseca, on the west coast is of more immedlate importance even than the exclusive grant for the capal rights-of way. This naval base on the west coast will be the complement of the big naval station which the United has in recent years been establishing on the Island of Guantanamo. on the eastern coast.

In return for these concessions the government of Niagarua is to receive \$3,000,000 in money to be supplied for public works or public education in that

WINS \$1,000,000 Mining Engineer Wills Estate

To His Starter.

J. B. KEVIL

Wellston, Ohio, June 23.-Dr. E.S. Higley in 6the early '80s loaned Charles Froelich, a stuggling farmer lad, \$700 with which to complete his education.

Froelich entered a college and studied diligently, finally graduating as a mining engineer. Soon afterward he sailed for Australia and was not heard from for several years.

Dr. Higley, who had given up active practice, was surprised one day, eight years ago when Froelich, grown beyond the physician's recognition, walked into his offiice and after a chat repaid the debt of \$700 with compound interest.

After a stay of several weeks in this city Froelich returned to his Antipodean home. Nothing has been heard from him since that time until yesterday when Henry K. Thorncroft, a barrister of Melbourne, Australia, arrived in this city and notified Dr. Higley that Froelich had left his entire estate, valued at \$1,000,000 to his former friend. Dr. Higley is 70 years old.
