Volume XXXVI

350 MILLION HORSE POWER GRANT IS GIVEN AWAY.

New Policy as to Water Power Right Is Indicated by Grant.

GRANT RUNS FOREVER.

The Lower the Rate to the Public the Less the Rate Charged By Government.

WILL FOSTER COMPETITION

Washington, July 31.—A new policy in the granting of water power permits was begun today when authority for development of an electric project with an ultimate capacity of 350,000,000 horse-power on the Pond d'Oreille river, Washington, was granted to the International Power Manufacturing Company. The grant may run perpetually, and can be revoked only for violation of its terms or the provisions of the general regulations. The lower the rate charged to the consuming public the lower the rate collected by the government, and to protect the public further, a maximum charged of 6 cents per kilowatt hour was fixed.

To allow the United States to compete with Sweden, Norway and other countries in the manufacture of nitrates for fertilizing purposes, the company will have to pay only about 20 per cent, of the regular rate for the power it uses in such manufacture.

"GET ACQUAINTED"

Special Train Brings High I. C. Officials Here.

The Illinois Central "Get Acquainted" reached Marion last Friday evening, a little off of schedule time. Automobiles were in waiting to take the officials to the school house, where they were to be met by members of the commercial club and other citizens.

The visitors remained here only about thirty minutes. During that time they discussed the schedule of the stock train leaving here every night, of freight on flourspar and the proposition to put another passenger train to run late in the afternoon. The officials then left for their train.

Friendly talks were made by J. I. Clement, as to the rates on live stock; by G. P. Roberts, as to the rates on flourspar, also by C. S. Nunn, as to rates on spar.

Those on the train were J. F. Porterfield, general superintendent Southern Lines, New Orleans; V. D. Fort, assistant freight manager, Chicago; J. Hattendorf, general freight agent, Memphis; L. W. Baldwin, superintendent, Louisville; J. L. Durant, assistant freight agent, Louisville; F. H. Harlow, division passenger agent, Louisville; H. S. Gooch, traveling freight agent, Louisville; P. Glynn, road master, Princeton; T. A. Downs, trainmaster, Paducah; G. W. Schelke, traveling passenger agent, Evansville; H. L. Fairfield, supervisor of mails, Chicago.

PRIMARY PASSES AWAY QUIETLY SAT. EVENING.

Taylor Gets Democratic Nomination For Sheriff.

FOX VS ASHER FOR JUDGE.

A Large Vote Was Polled In All Precincts By Both Political Parties.

SUMMERS DEFEATS HYDE.

In the primary election last Saturday, Hon. James R. Summers, of Salem defeated his opponent, Rev. B. F. Hyde, for the democratic nomination by a large majority. In this county Summers' majority was 177. We have not learned his exact majority in Livingston county but it was double what he got in Crittenden. Hon. J. F. Porter for state senator polled 548.

Chas. Fox, democratic candidate for county Judge polled 709 votes the largest of any candidate for that office. John G. Asher, the successful candidate on the republican ticket, polled 607 votes, a plurality of 97 over R. L. Moore. On the democratic ticket Trice Bennett, candidate for county Attorney, polled the next largest vote of any democratic candidate on the ticket being 665 votes.

Howard Phillips, for County Court Clerk, polled 545 votes.

Corbett Stephenson for Co. Superintendent of Schools, 598 votes.

In the Sheriff's race Gid Taylor's plurality over John Nimmo was 62 votes.

For jailer Charlie Love's plurality over John Spees was 91 votes.

For Assessor, Perce Brasher's plurality over John Stenbridge was 50 votes.

On the Republican ticket L. E. Guess for Co., Court Clerk, polled 1068 votes.

E. D. Stone, for Representative, polled 840 votes.

Clarence G. Thompson, for Assessor, polled 834 votes.

J. M. Walker, for State Senator, polled 832 votes.

John A. Moore, for Co., Attorney, polled 732 votes.

E. Jeffery Travis, for Co. Superintendent of Schools, polled 695 votes, majority over Paris 244 votes.

Below is the official vote:

Benj. F. Hyde.....334

OKLAHOMA GOVERNOR WINS CUP AT GOLF.

Lee Cruce Will Meet All Comers at Denver Executives' Conference.

Oklahoma City, Ok., Aug. 6.—Golfing Governors take notice: The Oklahoma champion of Class D is to take the field in August. He'll be present at the Governors' Conference at Colorado Springs for four days, beginning the 22nd, and after that he will be open for engagements either at Colorado Springs or at Denver, the latter place preferred.

The champion of Class D is Gov. Lee Cruce of Oklahoma. He won the title by fair play, hard work and applied science during the recent State golf tournament in Oklahoma City. His bosom friend, boon companion and links compatriot, Dr. A. K. West of Oklahoma City, won the State championship during the meet, and the Governor has been doing his level best since that time to make semiweekly victories exceedingly hard for the champion.

The Governor played fancy golf during the first part of the tournament, but hard luck dragged in his wake while he cantered down through the first three classes. When it looked like he was going to be completely down and out, the association got together and made another class. His excellency revived his wilted spirits, and plunged in again with blood in his eye. He fairly ate up his opponents in the last contest, and played himself into possession of one of the handsomest silver cups in town.

ALUMINUM ORE USES INCREASE GREATLY IN U. S.

It's Great Advantages Just Being Found Out and are Being Put into Use.

Washington, Aug. 6.—A notable increase in the use of aluminum in the last year in the United States, due to the many uses to which the metal is put, is stimulating private corporations to expend the large sums of money in developing bauxite ore mines in New York, Pennsylvania, Illinois, North Carolina, Tennessee and other states, according to a report made today by the United States Geological Survey. More than 62,000,000 pounds of aluminum were consumed in 1912, as compared with 45,125,000 pounds in 1911. The domestic development of bauxite ore from which aluminum is derived, in 1912 was valued at \$728,932 as compared with a much smaller amount in the preceding year, but even this increase failed to satisfy the demand and left open a great margin for imported bauxite and aluminum. The imports of the ore and the finished metal were record breaking in 1912.

The manufacture of new aluminum products includes long distance power transmission wires, household wares and cooking utensils, powdered metal for paint pigment, lithographing and manufacturing of explosives, aluminum foil for wrapping tobacco and candy is rapidly replacing tinfoil, and because of its noncorrosive qualities, aluminum metal is being used in construction of tanks, cooking vats and vessels used in breweries, preserve manufacturies and similar industries where heat conduction and noncorrosion are essential.

Steel Corporation Earns In Three Months \$41,229,813.

New York, August 5.—The quarterly statement of the United States Steel Corporation by the three months ending June 30th last, issued today, was altogether satisfactory in that total earnings, amounting to \$41,219,813, and net income of \$31,920,611 were well in excess of the most favorable estimates.

The quarter shows a gain in total earnings over the preceding period of \$6,024,256, and in net income of \$6,155,685, while the surplus is increased by \$6,208,386.

Compared with corresponding quarter of 1912, total earnings are increased by \$16,117,548 net income by \$13,491,317 and the quarterly surplus by the unusually large sum of \$13,562,882, that item a year ago having dwindled to \$56,483.

Today's statement shows the largest total earnings of any similar period since the quarter ending September 30, 1907, when that item aggregated \$43,804,285 and net earnings, as net income was then known, amounted to \$35,695,105.

Analysis of the last quarter shows that May was the most active month, with April the dulllest. The usual quarterly dividends of 1 1/2 per cent on the preferred shares and 1 1/4 per cent on common were declared, these items involving an outlay of \$12,650,700.

WARM BATTLE OVER KENTUCKY FLUORSPAR.

Bradley Tries to Double Duty on Kentucky Product.

INDUSTRY NOT ON FIRM BASIS

Not Needed By Miners In This Section of the State, Says Ollie James.

DUTY IS NOW \$3.00 PER TON

Washington, July 31.—The senate, after listening to two hours of debate today, rejected an amendment offered by Senator Bradley increasing the rate on flourspar in the current Tariff Bill from \$1.50 to \$3 a ton. The vote was 61 to 56. Mr. Bradley took the position that to cut the present rate from \$3 to \$1.50, as proposed by the Democrats, will destroy the flourishing industry in Western Kentucky.

Senator James opposed the Bradley amendment and the grounds on which it was offered. He said that, although most of the spar mined in Kentucky is in his home county, and the operators of the mines are his boyhood friends, he is against a duty higher than \$1.50. Mr. James adduced figures to prove his contention that the domestic spar can compete with the English product at \$1.50 a ton, and in closing his speech made this statement:

MINES CAN STAND OUT.

"If I were disposed to put all products of other States on the free list and protect those of my own State I should be opposed to this cut in the duty on spar. But the mines in my county can live under this duty. If not, they are not entitled to survive."

Before the debate had proceeded very far the Republicans showed themselves at cross purposes over the paragraph. While Senator Bradley was contending for a duty of \$3, Senator Burton, of Ohio, said there should be no duty at all. If the bill were to remain consistent, said Mr. Burton, spar should go on the free list along with pig iron, coke and other articles used by manufacturers of steel.

KILLED IN CRASH BETWEEN TRAIN AND AUTO.

One Man Meets Death and Two Persons Are Seriously Injured at Providence

Henderson, Ky., Aug. 5.—Roland Jenkins, of Coilville, was killed, and Arden Parish and Mrs. Kenneth Sigler, of Providence, were injured at noon Tuesday when an L. & N. passenger train hit an auto in which they were riding. The accident happened near the Providence fair grounds. Parish will die. All are prominent people and were on their way to the fair.

Teachers Institute in Session.

The Crittenden county teachers' Institute is in session this week, convening Monday. Mr. Hollis Franklin was chosen president and Miss Florence Harris, secretary.

Next week, as is our custom, (when supplied with copy,) we will publish the minutes and general procedure of the institute.

THE WORLD'S SUNDAY SCHOOL CONVENTION.

Seventy Countries Represented by 2600 Delegates at Zurich

REPORT FROM REV. GEBAUER

One of The Most Remarkable Religious Gatherings in The History of The World.

GEBAUER RETURNS AUG. 9.

Twenty six hundred registered delegates representing seventy countries, with thousands of unregistered visitors, have made earth's ends meet at the World's seventh Sunday School Convention which closed its work tonight,—and have contributed to the great success of one of the most remarkable religious gatherings in the history of the world.

North America sent 1344 accredited representatives, a thousand of whom came on steamers of "The World's Convention fleet"—specially chartered ocean liners, whose accommodations were reserved for the Convention Delegates.—Great Britain registered 288; Asia 83; Africa 56; Australia 30 and South America 24. The allotment for Continental Europe was 500 Delegates, but the enrollment was 728. Every state except Utah and New Mexico and every Canadian Province except Manitoba was represented. The Pennsylvania Delegation with 175 members led the list, followed by New York 125 and Illinois 120.

The Convention has been a remarkable one in many respects, not only in an unparalleled attendance, but in its personnel; in the tremendous importance of the messages which have been delivered; in the high intellectual and spiritual quality of the presentations; in the enthusiastic interest manifested in each of the 45 sessions of the eight days; in the participation of 240 splendidly equipped men and women, Sunday School Specialists, Pastors, Publicists and other leaders from many lands who have contributed to a program of rare quality, inspiration and helpfulness; and in the impress which has been made by the Convention, not alone upon the delegates, but upon the City of Zurich.

(Continued on page 3.)

BRYAN ACCEPTS RESIGNATION.

Of Ambassador Wilson To Take Effect October 14.

Washington, D. C. Aug. 4.—Secretary Bryan today announced the acceptance of the resignation of Henry Lane Wilson as ambassador to Mexico.

Secretary Bryan made the following statement:

"Ambassador Wilson's resignation has been accepted to take effect Oct., 14. The part which he felt it his duty to take in the earlier stages of the recent revolution in Mexico would make it difficult for him to represent the views of the present administration in view of the situation which now exist.

Somerset Reports Everything Parched and Dry.

Somerset, Ky., Aug. 5.—The drought in this community has reached the alarming stage. The Kentucky Utilities company has ordered all water users to do no more sprinkling. Pittman creek, from where the town gets its water supply for the reservoir, is so shallow that it is now necessary to ditch the creek in order to get water to the pumping plant.

The ice plant has been closed down on account of the lack of water, and Somerset now is dependent upon shipments from Cincinnati and other points for ice supply. No rain of any moment has fallen here since April and grass and vegetation has shriveled up and is dying.

Testing Water for Typhoid Germs.

Evansville, Ind., Aug. 5.—Samples of water from the wells in the various local parks were sent to Indianapolis to be tested by the state chemist to ascertain if typhoid fever germs are in the water used here. There are now over 130 cases of typhoid fever in the city and the disease is spreading at a rapid rate.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.

Baby Carried Away And Killed By Hog.

Glasgow, Ky., Aug. 6.—The 4-months-old baby of Mrs. T. Jones in Casey county was killed by a hog this week. The mother went on an errand and left her baby lying on the bed. A hog entered the room grabbed the baby and went to a near by woodland with it. When the mother found the child missing she went in search of it and found the child already dead.

The Best Hot Weather Tonic
GROVE'S TASTELESS CHILL TONIC enriches the blood, builds up the whole system and will wonderfully strengthen and fortify you to withstand the depressing effect of the hot summer. 50c.

THE BEST HOT WEATHER TONIC, GROVE'S TASTELESS CHILL TONIC

The Old Standard, General Tonic. Drives out Malaria,
Enriches the Blood and Builds up the Whole System.

FOR GROWN PEOPLE AND CHILDREN.

It is a combination of QUININE and IRON in a tasteless form that wonderfully strengthens and fortifies the system to withstand the depressing effect of the hot summer. GROVE'S TASTELESS CHILL TONIC has no equal for Malaria, Chills and Fever, Weakness, general debility and loss of appetite. Gives life and vigor to Nursing Mothers and Pale, Sickly Children. Removes Biliousness without purging! Relieves nervous depression and low spirits. Arouses the liver to action and purifies the blood. A True Tonic and Sure Appetizer. A Complete Strengthening. Guaranteed by your Druggist. We mean it. 50 cents.

Swat! What? Why the Fly.

If the following essay, written by Dr. Frank Crane, and reproduced from the New York Globe, does not make every Crittenden Record-Press reader enthusiastic about fly swatting, we do not know what will:

"If ten terrible monsters came every spring to this country, and all summer long devoured the people, chewing babies as we eat blackberries, biting off the heads of young men, and sucking the blood of damsels, goring the aged to death and stalking about among us as a lion among the martyrs of the Colosseum, we should be up and doing, militia would march forth to give them battle, colonels would wave swords, guns would belch, and no enthusiasm would be lacking.

But when the monster is small and playful and common, we let him ravage. He doesn't somehow appeal to our imagination.

Yet he does more harm, being ten billion or so, than any ten Montagues, Polyphemuses, or dragons that ever posed in the pages of tradition.

He is the common house-fly. Although much has been said about him and his deadliness, the people are not yet alive to the enormity of his crimes. There are thousands of kitchens where flies still swarm and infect the food, thousands of babies over whose faces and upon whose lips spread their poison, thousands of restaurants and lunch counters where flies are busy at the work of thinning out the human race.

The mass of the people do not yet realize that the fly is the dirtiest object known, so inconceivably dirty that it is difficult to write about it for publication.

The fly is the creature of the dung-heap, the garbage-can, and of all such unmentionable things. It is from these vile places he comes as he sails gayly into your unscreened window. He enters the human habitation loaded down with the most deadly microbes. He is a microbe sponge.

His feet and legs are covered with the seed of typhus. His back is burdened with venom. He is far, far deadlier than the spider. He is a sort of a little flying rattlesnake. He is the enemy of human life.

Screen your windows! If you cannot get wire screening, use mosquito bar. Screen your doors! Keep out the fly as you would keep out the devil, for he is a devil.

Swat the fly! Keep a fly swatter for every room in the house. Cease your game to kill the fly. Stop conversation with your company and chase that fly. Swat!

Never mind knocking over the vase or upsetting the lamp. Swat!

Swat! with a high hand and a stretched out arm. Swat from the rising of the sun until the setting thereof.

This is no time for mercy or gentleness. The land is invaded. Our enemies are upon us. The black typhoid-fever brigade advances.

Kill, entrap, burn. Spare not. But swat!"

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he shall be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers. 8

The Advantages of The C. & B.

"The Great Ship 'SEEANDBEE' now running daily between Cleveland and Buffalo has created sensation with the traveling public, and is attracting to that popular lake route, a vast number of travelers who break their railroad journey at either city to take the delightful lake trip and at the same time, inspect her mighty engines, her magnificent interior decorations, her complete wireless telegraph system, wonderful electric illumination scheme and other interesting features.

The "SEEANDBEE" is the largest and most costly passenger steamer on inland waters of the world—Length 500 feet—Breadth 98 feet, 6 inches—510 State-rooms and Parlors, accommodating 1500 passengers, equaling in sleeping capacity the largest hotels in the country. She can carry 6,000 people, the population of a good sized town. Her Main Saloon, Lounge, Atrium, Main Dining Room and Buffet are all in the highest type of decorative art.

All railroad tickets reading between Cleveland and Buffalo are good for transportation on C & B Line Steamers, and those traveling either east or west, should not miss the opportunity of taking the restful lake ride afforded by the splendid service of this line."

SPECIALIST. ESTABLISHED 30 YEARS. M. NEY SMITH, M. D., R.E. COB. 12TH & OLIVE STS. ST. LOUIS, MO.

Brothers Meet; First Time in 40 years.

Mayfield, Aug. 6.—A remarkable reunion of brothers and other relatives occurred Thursday at the home of Judge and Mrs. J. W. Hocker, when the three Hocker brothers met together under one roof for the first time in forty years. Thursday morning Dr. R. T. Hocker, of Arlington, appeared at the Hocker home, also came Squire W. R. Hocker and John Y. Hocker, both of Massac, McCracken county. They are brothers of Judge Hocker. The last time these four brothers were together was at the marriage of Dr. Hocker at Lowes, thirty-nine years ago last December.

A Torpid Liver is a fine field for the Malarial Germ and it thrives wonderfully. The certain result in such cases is a spell of Chills.

HERBINE

Is a Powerful Chill Tonic and Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by destroying the disease germs which infect the system. Herbine is a fine antiperiodic medicine, more effective than the syrupy mixtures that sicken the stomach; because it not only kills the disease germs, but acts effectively in the liver, stomach and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chill. Herbine is a cleansing and invigorating medicine for the whole body.

**BROOKLYN
TABERNACLE**
BIBLE STUDY ON

ISRAEL SPARED, OR PASSED OVER
Exodus 12:21-31—Aug. 10.
"The Son of Man came not to be ministered unto, but to minister, and to give His life a ransom for many." Matthew 20:28.

THE tenth plague upon the Egyptians for their persistent injustice toward the Hebrews was the death of their first-borns. In every home there was death—the first-born son or daughter. The terror of such a night can better be imagined than described.

In Scripture death is always represented as the enemy of man—the penalty of sin. The death sentence came upon our first parents because of sin, and by the laws of heredity has passed to all their children—the human family. The Bible tells us that the only hope for recovery lies in the fact that God has made preparations for the satisfaction of Justice through the death of Jesus; and that during Messiah's reign the curse of death shall be removed.

What God brought upon the Egyptians in that night was, therefore, merely the same penalty that has been against all mankind for six thousand years. The first-borns, retiring in good health, were corpses before morning, the death sentence coming upon them more suddenly than it otherwise would have done.

This plague did not touch the homes of the Israelites. Their first-borns were passed over, spared, by the Almighty; hence the name Passover. By Divine command the Israelites made the anniversary of this event historical. Every Israelite shows his faith in God and his confidence in this record of Divine deliverance of his forefathers, when he celebrates the Passover.

The Passover's Real Meaning. Israel's experiences in being passed over were allegorical. As a type they represented the experiences of God's Elect—Spiritual Israel, God's saintly people, gathered from all nations and denominations. The chief members came from Natural Israel, but no nation can lay exclusive claims. It is an elect class, chosen along the line of character alone.

Spiritual Israel was represented in the first-borns of fleshly Israel, passed over in that night. The next morning Israel went forth under the leadership of the first-borns, who subsequently became the priestly tribe, typically representing the Royal Priesthood, whose Royal High Priest is the glorified Messiah.

Just as the first-borns of Israel were not the only ones saved from Egyptian bondage, so the Church of the First-borns (Hebrews 12:23) will not be the only ones saved from the bondage of sin and death, symbolized by that Egyptian bondage. The preservation of the First-borns implies the deliverance of the remainder.

"Israel My First-Born."

Since deliverance from the power of sin and death was of God's grace, and not an obligation of justice, He had a perfect right to determine long in advance that His blessings should reach mankind through Abraham's Seed. Unnoticed by the Jews, the Lord indicated that Abraham would have two seeds; one a Heavenly, the other an earthly. Thus He said, "Thy seed shall be (1) as the stars of heaven, and (2) as the sand of the sea shore." God, in His wisdom, did not explain to Abraham the significance of this figurative statement. We, however, are permitted to see the meaning even of this feature of the Promise.

The stars represent the Heavenly Seed of Abraham—Messiah and His Church. The sand of the sea shore represents the vast multitude who will ultimately be saved from sin and death, and recovered to Divine favor and everlasting life in the Messianic Kingdom. God's providences were to the Jew first as respects spiritual privileges, and will be to the Jew first as respects earthly privileges—Restitution to human perfection.

First-Borns Blood-Protected.

Let us not fail to note that Divine favor toward the first-borns of Israel was not without blood. Indeed, the whole lesson of the Old Testament Scriptures is that "without the shedding of blood there is no remission" of sins. The Israelites took a lamb of the first year without spot, killed it and sprinkled its blood upon the door posts and lintels of their houses, and ate the flesh within.

As the Passover was typical, so also were the lamb and the sprinkled blood. The lamb represented Jesus, the Lamb of God. His death was for the sins of humanity. Christ died not merely for the Church, but, as the Scriptures declare, for the sins of the whole world.

The Church is passed over in this night of sin, especially saved in advance of the others, through the merit of the Blood. That the Blood covers more than the First-borns is shown by the fact that in the type it was sprinkled not merely upon the first-borns, but upon the house, as indicating the Household of Faith.

Chicago, Ills.

Release Editor Ragsdale On Habeas Corpus Writ.

Danville, Va., Aug. 4.—J. W. Ragsdale, editor of an iconoclastic publication, who recently arrested and jailed in default of a \$10 fine at the instance of Dr. Curtis C. Hudson, health officer of Danville, who hails from Hugh, Ky., was released from prison today on a writ of habeas corpus after having served half his term. Ragsdale went to jail rather than submit to vaccination, claiming that the vaccination requirement is an infringement on his constitutional rights. He is now preparing to take his case to the court of appeals.

The Best Pain Killer

Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn or scald or other injury of the skin will immediately remove all pain. E. E. Chamberlain, of Clinton, Me., says:—"It robs cuts and other injuries of their terrors. As a healing remedy its equal don't exist." Will do good for you. Only 25c. at Jas. H. Orme's and Haynes & Taylor's.

What We may expect.

(New York Telegraph.) As the dancing masters have condemned the "animal dances," we will soon hear of the Salad slide, Potato wrestle, Peanut pirotette, Pickle promenade, and the Banana slip.

Home-made Ice

Pure, distilled water, home made ice, now being turned out at the rate of a ton an hour. Plenty on hand for out of town customers.

Special prices to ton-lot customers.

Marion Ice & Storage Co.
H. D. Pollard, Manager.

A Great Revival.

Rev. J. B. McNeely, of this city, returned home from the Childress' Community last Thursday morning where he had been engaged in a ten days meeting. There were a number of conversions and the Christians much revived. He speaks in the highest praise of the people of that section for their hospitality and their earnest devotion to duty. They have in view the organization of a church at that place.

Minster Praises This Laxative

Rev. H. Stubenvoll, of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes:—"Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c at Jas. H. Orme and Haynes & Taylor's.

WHAT IS INSURANCE?

Mr. Webster says it is "the act or system of insuring against loss or damage; a contract entered into to secure against loss by fire and etc., by the payment of a specified sum."

This Agency is in position to comply strictly with Mr. Webster's definition of Insurance. We write all kinds of good Insurance.

The World's Sunday School Convention.

(Continued from 1st page)

The leading Journals of Switzerland and of Frankfurt-Germany, have given much attention to "the Congress," and have devoted unusual liberal space to report and favorable comment.

The welcome to this beautiful City was voiced by the Mayor, and leading Church Officials, and the convention closed, leaving a good impression everywhere.

An attractive feature has been the bilingual character of the program proceedings. The program has been given in English, for the most part, and then translated into German, the language spoken by 71 per cent of the people. The German contingent at the convention is very large, and the interpreter a remarkable linguist, is Prof. H. L. E. Luring of Frankfurt, a man who speaks fluently and intelligently 27 languages.

From the hour when the visitors were welcomed, Tuesday afternoon July 8, to the beautiful home of Mrs. Rieter Bodmer, where the Kaiser Wilhelm was entertained and where Richard Wagner once lived and wrote several of his great works, to the closing moment of consecration this evening when Dr. F. B. Meyer of London dismissed the great congregation, every hour has been filled with service in the name of the master.

Bishop Vincent, conducted the opening service, and the convention sermon was delivered by Rev. Floyd W. Tomkins of Philadelphia. On the convention theme "The Sunday School and the Great Commission..." Great themes have been discussed and the list of speakers has been a notable one.

The Missionary emphasis has been the dominant note of the convention, and the reports of the six great commissions, appointed many months ago to study the present conditions, needs and opportunities of Sunday School work among all people, and on every continent, have been presented in a manner that has thrilled every member of the Convention, and have proven a great incentive to the planning of marked advances in the work during the coming triennium. These great commissions in order of their reports are: Continental Europe, Bishop John L. Nuelson of Zurich, Chairman; Rev. B. M. Tipple of Rome, Secretary; India, Sir Robert Laidlaw of England, Chairman; Rev. Robert Burges of India, Secretary; Hawaii, The Philippines, Japan, China and Korea, Mr. H. J. Heinz, Pittsburgh, Chairman; Frank L. Brown, Brooklyn, Secretary; South Africa, Rev. F. B. Meyer, London, Chairman; Arthur Black, Liverpool, Secretary; Mohammedan Lands, Bishop J. C. Hartzell L. L. D.

Africa, Chairman, Rev. S. M. Zwemer D. D., Arabia, Secretary; Latin America, Robert E. Speer, New York, Chairman; Rev. H. S. Harris, New York, Secretary. A vast reservoir of valuable information, correct, thorough, and up-to-date, has been provided by these commissions, and because of the investigation and reports there will be a clearer concept of the Sunday School problems of the world.

The reports will be published in the official book of the Convention proceedings, Edited by Mr. Charles G. Trumbull of Philadelphia, and will make a most helpful contribution to Christian literature.

The commission to the Orient, of which Mr. H. J. Heinz is chairman, made the most elaborate report, occupying an entire evening. The 29 members of the party who spent four months on the way to Zurich under the leadership of Mr. Heinz and Mr. Brown left San Francisco March 1, and visited Hawaii, Japan, Korea and China, making a thorough survey, holding conventions, conferences and public meetings. They were the recipients of most unusual courtesies from high officials of the nations visited, and were everywhere received with great courtesy. Mr. Heinz and Mr. Brown reported for the Commission, the "29" took part in the attractive program of the evening and Mr. W. G. Landes, State Secretary of Pennsylvania presented a graphic story of the tour with fine stereoscopic illustrations. The climax came when Dr. Ibuka presented the invitation from Japan to hold the World's 8th Convention in Tokyo, in 1916. On motion of Mr. Heinz, heartily seconded by Sir Francis Belsey of London, the invitation was accepted with enthusiasm, and in the autumn of 1916, the World's Sunday School leaders will meet in Japan to consider world problems and opportunities.

The Convention has been held in the stately Tonnale, which is located in the midst of a beautiful garden overlooking the picturesque Lake Zurich. The Committee provided attractive yet simple decorations. Above the platform was suspended a large globe to remind the audience of the World-scope of the Association's endeavors, and above the globe was a blood red cross, which, when lighted was most inspiring sight. Back of the platform and against the organ in the center was the white Cross flag of Switzerland; with the flags of America and Great Britain on either side. Two large pictures, of the Zwingli and the Pestalozzi monuments were striking reminders that Zurich was the scene of the great labors of Ulrich Zwingli the Reformer, and the birthplace of Pestalozzi, the founder of modern educational methods.

One of the most helpful features of the Convention period has been the

daily morning "message from God's Word," presented by Dr. F. B. Meyer of London.

The Convention placed in the hands of the executive committee pledges amounting to \$125,000 for the expanding and important work of the Association which, it is declared by President Baily, "represents a large constituency, covers a more extensive territory, and has a wider reach of influence than any other Association of men and women the world has ever known."

In addition to the Tonnale, sessions and conferences have been held in State and Free churches including the Grossmünster, where Zwingli preached; the Fraumünster, St. Jacob, St. Anna, the Methodist, Baptist, French and Kreuzkirche.

The reports of the General Secretaries, contained a general review of the work of the triennium in the various fields of the world.

Rev. Carley Bonner reported for Europe, India, China and South Africa, while Mr. Marion Lawrence gave a graphic review of the endeavors in other parts of the world. He said that what a Clearing House means to the present banking system, The World's Sunday School Association means to the Sunday School forces in the field.

The Sunday School army of 28,700,000 in 298,000 Sunday Schools is the largest Christian army in the world marching under one banner.

The report of the statistical secretaries Mr. Hugh Cork of Chicago and Mr. George Shipway of England, giving these facts was one of the most unique documents, ever presented to a religious Convention. It was in the form of a 48 page booklet called "The strength of the World's Sunday School Army," and contained the report from the Sunday Schools of the nations and countries of the world, giving to each division a separate mention with the statistics of each, and accompanying each one was cut in colours of the flag of nation, country or state. It was the first time such an effort had been attempted and it made a profound impression.

The children were largely in evidence on Sunday when a great meeting was held at the Tonnale, participated in by fully two thousand children followed by an open air meeting in the park when they sang familiar hymns to the delight and profit of many thousands who gathered to hear them.

An impressive service was held Saturday morning in memory of Mrs. Ella Ford Hartshorn, wife of Mr. William N. Hartshorn of Boston, President of the International Sunday School Association and Vice President of the World's Association. Mrs. Hartshorn was greatly beloved by the Sunday School World. She was deeply interested with Mr. Hartshorn in the organized work and joined in his large giving for the cause. Dr. George W. Bailer presided and the principal address was by Rev. Dr. F. B. Meyer of London. The others who participated were Rev. Carey Bonnor of London, Mr. E. K. Warran of Michigan and Rev. J. P. McNaughton of Turkey.

Saturday afternoon occurred a great concert, given by a chorus of 450 voices, under the direction of Prof. A. J. Bucher of Cincinnati—a native of Zurich, and the director of the Convention Music. The chorus sang in German and were assisted by the Tonnale orchestra of 42 pieces, one of the finest Symphony orchestras in Europe, and by other artists including a company of ten Swiss Yodlers, who gave several selections that created wild enthusiasm. Every seat in the Tonnale was occupied and hundreds remained standing during the two hours of the concert.

cert.

The Convention with great interest and unanimity elected Sir Robert Laidlaw of London President for the coming three years, and Mr. H. J. Heinz of Pittsburgh, Penn., chairman of the executive committee, with Mr. Marion Lawrence of Chicago and Rev. Carey Bonner of London Joint Secretaries and Frank L. Brown, Brooklyn, N. Y. Field Secretary. An executive committee of representative men of many lands will direct the work, which promises to be the most important and extensive yet undertaken by the Association. Sir Robert Laidlaw, the new President is a man of large affairs, with extensive business interests in England and India. He is a princely giver, deeply interested in Sunday Schools, and for a long time has been of the leader of the organized work in Great Britain. He is a Congregationalist.

As Chairman of the executive Committee Mr. Heinz will bring to the position great strength as an executive, a thorough consecration to the cause, and a liberality in planning and giving that will be sure to make the endeavors of the coming triennium a great forward movement in the cause of the Sunday School. The Association of these two leading business men in a common work will mean much to the world. The End of the Convention is the beginning of effort.

WHEN HER BACK ACHES

A Woman Finds All Her Energy And Ambition Slipping Away.

Marion woman know how the aches and pains that often come when the kidneys fail to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause.

Can Marion sufferers desire stronger proof than this Princeton woman's word?

Mattie L. Morse, Princeton, Ky., says: "For fifteen years I had kidney trouble. I suffered from pains in the small of the back and whenever I stooped or lifted, sharp twinges darted through me. My back ached at night and was very lame in the morning. I tired easily and was often nervous. The kidney secretions were unnatural and caused annoyance. I finally began using Doan's Kidney Pills and they improved my health greatly."

For sale by all dealers. Price fifty cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 8714

Killed by Lightning

While Drying Clothes.

Paducah, Ky., Aug. 1.—While removing clothes from the drying line, Mrs. Flora Watson, 37 years old, was struck by lightning at her home in McCracken county, near New Hope, and instantly killed. Mrs. Watson had gone to the yard to remove the clothes when a threatened rain appeared. She was found a few minutes after death. Besides her husband three children survive.

REPTON.

(Delayed from last week.)

Rev. M. E. Miller, Messrs. Frank Dodge, Carl Henderson and W. D. Cannan, of Marion, came out to Sunday School Sunday afternoon and delivered some fine talks on Missions and Sunday School work.

Mrs. W. K. Powell and daughter, Locke, were in Marion, Monday.

Dr. Ernest Hardin and family, of Wheatcroft; Clyde Hardin and wife, of Hampton; and Mrs. Dr. Crawford, of Wheatcroft, were guests of J. C. Hardin and family of this place last week.

Eunice Jones, who has been spending the week with relatives in Evansville, Ind., Henderson and Sturgis, returned home Sunday.

Willard King, of Henshaw, spent Sunday and Sunday night with his parents here.

Among those who attended the dedication services at Blackford, Sunday, were Misses Bertha and Flora Moore, Mesdames Daniel, Parris, J. E. Perry, and Mr. J. C. Hardin.

A. F. Woolf and daughter, Lena, of Marion, attended Sunday School here Sunday afternoon.

Shock of Having Teeth

Extracted Stuns Woman.

Evansville, Ind., Aug. 4.—The mind of Mrs. "Doc" Toole became a perfect blank today after she had 22 teeth extracted and she was unable to recognize any one. Her husband hurriedly took her to Boonville, Ind., on a traction car to see her parents.

Mr. and Mrs. Lark Spradley, thinking the sight of the parents might restore her reason. Mrs. Toole showed no sign of recognition.

Physicians here expressed the belief that the intense heat might have had something to do with Mrs. Toole's mental condition. They hope to restore her mind.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by all dealers. 8

Fatal Fringed Suits.

New York, Aug. 1.—Twelve children at play have been burned to death in Brooklyn this summer while wearing fringed indian and cowboy suits. The death Friday of the twelfth victim, a five-year-old girl, caused Dr. Chas. Probst, coroner's physician, to publish this fact and warn parents against letting children wear play costumes with inflammable fringes.

Not any mo(o)re, thank you

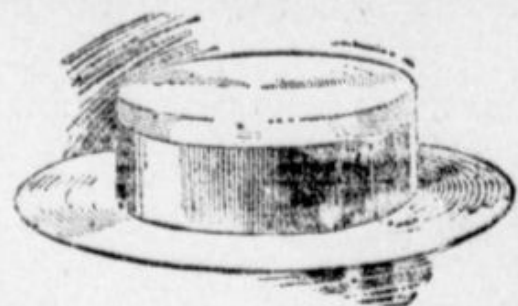

During May the railways of the United States received for their services to the public an average of \$8,230,000 a day; it cost to run their trains and for other expenses of operation \$5,920,000 a day; their taxes were \$341,500 a day; their operating income \$1,972,322 a day for the 230,897 miles of line for each day. Thus for every six dollars of their earnings which remained available for rentals, interest on bonds, appropriations for betterments, improvements and new construction, and for dividends, the railways had to pay more than one dollar in taxes.

All of these amounts are substantially greater than the similar returns for May, 1912. They are from the summary of the earnings and expenses compiled by the Bureau of Railway Economics from the monthly reports of the steam railways of the United States to the Interstate Commerce Commission. They include over 95 per cent of the mileage and earnings of all of the railways of the country.

An Educational Creed.

The State that has the men has the present, and the State that has the schools has the future. A great Commonwealth can not be bestowed; it must be achieved through education. Our Commonwealth's idealization of education is the result of the law of self-preservation. It recognizes its own being as an organism composed of spiritual atoms that are capable of growth or degeneration, intelligent patriotism or anarchy. It is natural for our government to idealize an intelligent, active, rational, aggressive citizen. It takes a full-grown mind to reach and a full-grown heart to feel a full-grown democracy. It will take full-grown citizens to make a full-grown Kentucky, and a full-grown school system exploited to the highest degree of social and industrial efficiency to make full grown citizens. Our noble boys and girls stand by our side armed with ability and nerve ready to accomplish the larger Kentucky, if we will only give them an opportunity. We greet childhood today and recognize a patriotic call for education and more abundant education, ideas, and more noble ideas, more government by the teacher and less government by the policeman, more government by the school house and less government by the military camp, more and better schools and fewer criminals, more freeman and fewer slaves, more life and still more life. We need more life and every patriot will join in the great work of putting at the door of every child in the land a modern school house with comfort and sanitation, a democratized course of study,

The Profits Are Yours

We've Got Clean-Out Prices.

We've Got Clean-Out Prices.

After an unusually successful season, we find that our stock contains small and broken lots in every department which should be disposed of at once, so we have decided to give our patrons a Bargain Sale without a precedent.

As our customers all know, this store's prices are ALWAYS as low as the sale prices at most stores. This Odds and Ends Sale means that you can buy up-to-date clothing, hats and low shoes at still lower prices while these small lots last.

H. H. CHERRY.

A lame back or shoulder puts a man on the retired list temporarily. The time will be short if BALLARD'S SNOW LINIMENT is rubbed in. It relaxes the muscles, relieves pain and restores strength and elasticity in the joints. Price 25c, 50c and \$1.00 per bottle. Sold by James H. Orme and Haynes & Taylor.

Notice.

To those interested in the Deer Creek graveyard, you are hereby notified that on the second Saturday in September you are expected to come and bring necessary tools to scrape graveyard. There will be barbecue on the ground for those who come to work. Be sure and come and share in the work and dinner and a day of enjoyment.

J. T. BEARD,
C. E. STALLIONS,
Committee.

Cruce Repudiates Act of Acting Governor.

Oklahoma City, Okla., Aug. 6.—Gov., Lee Cruce returned here today and revoked four pardons issued yesterday by acting Gov., J. J. McAlester and notified twenty two publishing concerns by wire that he would consider any effort, on their part to put into effect school book contracts signed by McAlester an affront to the state.

When the bowels feel uncomfortable and you miss the exhilarating feeling that always follows a copious morning operation, a dose of HERBINE will set you right in a couple hours. If taken at bedtime you get its beneficial effect after breakfast next day. Price 50c. Sold by James H. Orme and Haynes & Taylor.

POSTMASTER RESIGNS.

Terry T. Hanberry Quits as Postmaster at Eddyville.

Eddyville, Ky., Aug., 6.—Terry T. Hanberry, one of the most popular postmasters Eddyville has ever had, resigned today. Mr. Hanberry is a republican, and felt that he was in duty bound to hand in his resignation in view of the fact that there is a democratic administration in Washington.

Both democrats and republicans express regret over the fact that Mr. Hanberry has handed in his resignation, as it was generally believed he would have been allowed to serve out his term had he desired.

Breeders of fine horses prefer BALLARD'S SNOW LINIMENT for all cuts, wounds or sores on their stock, because it acts both mildly and quickly and heals an ordinary wound without a scar. Price 25c, 50c and \$1.00 per bottle. Sold by Haynes & Taylor and Jas. H. Orme.

Kentuckian to be Named as Land Claims Attorney.

Washington, Aug. 4.—Although Oklahoma Congressmen are making a hard fight against the appointment of Robert Hardison, of Greenville, as Assistant Attorney General in charge of Indian land claims in their State, Attorney General McReynolds repeated his statement that Mr. Hardison will receive the place, which pays \$3,000 a year and expenses.

The Oklahoma delegation, led by Senator Gore, is demanding that the work be given an Oklahoma man. The Attorney General prefers some one from another State without bias in the delicate matters he must consider.

A Call.

The members of the Crittenden County Democratic committee is called to meet in Marion Monday Aug., 11 at 2 o'clock p. m. Business important.

W. R. Cruce Chairman.
R. F. Wheeler Sec'y.

TWO GOOD FARMS

For Sale On Easy Terms.

The R. I. Nunn farm of 134 acres, 4 miles from Marion on the Morganfield road, 3 room tenant house, tobacco barn, stock barn, grainery, good fences, and in a fine state of cultivation.

Also on opposite side of road the T. I. Henry farm of 87 acres, all in grass, 2 tenant houses, tobacco barn, plenty of water. Price \$5,000, for both farms, or \$3,500, for first named farm. Second named farm not for sale separately. Terms to suit purchasers.

J. N. Roston
Marion, Ky.

His Reward.

It was a very dark night and a bicyclist was riding home on his wheel, which was minus a lamp. He came to a crossroads and was in doubt which way to turn. After some fumbling in his pockets he found a lone match, and with it in his teeth he proceeded to scale a signpost to read the names of the two forking lanes. The pole was an unusually high one, but he managed to reach the top, and striking his match, read the words: "Fresh Paint."—Los Angeles Examiner.

Blisters on the hands, burns, scalds, old sores, lame back and rheumatism are all subject to the great healing and penetrating power of BALLARD'S SNOW LINIMENT. It is a marvelous pain relief. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme and Haynes & Taylor.

Crider Investigating Madisonville Quadrangle.

Engineer A. F. Crider, of the Kentucky Geological Survey, is spending the summer in this vicinity, working in the Earlington Quadrangle, with a view to discovering the extent and character of the coal supply for this section. Mr. Crider has finished

the Madisonville Quadrangle, and as soon as the data he is obtaining can be collated and published it will be available. The information furnished by this survey will be invaluable. The map of the county will be most complete and will be accurate, giving the location of every road, school house, church and farm house in the county. These maps are for free distribution and may be obtained from the Geological Survey Director, Frankfort, Ky.—Madisonville Hustler.

There is no horse liniment more effective for animal flesh than BALLARD'S SNOW LINIMENT, nor is there any healing remedy for the human body only, that is milder or more efficacious in its action. It heals the sores or wounds of man and beast. Price 25c, 50c and \$1.00 per bottle. Sold by Haynes & Taylor and Jas. H. Orme.

Decisive in Livingston.

Smithland, Ky., Aug., 6.—There will not be any contest in Livingston county, as the majorities of the nominees are decisive. The general primary was quiet and no trouble was reported. The nominations are: County judge, W. I. Clarke; county clerk, D. S. Webb; county attorney, G. H. Rappolee; assessor, L. O. McElmurry; county superintendent of schools, O. R. Hurley; jailer, Felix McGrew; sheriff, E. F. Hughes. The Republican nominations were: County clerk, J. F. Coffey, county attorney, Charles Ferguson, county superintendent of schools, Quentermoss; assessor, Leslie McDonald; jailer, G. H. Ferron; sheriff, Deputy Bishop. The result in the race for county judge lies between Jim L. Powell and C. C. Kendall, with returns incomplete.

Just received a line light felt campmeeting hats' early fall bargains, at Lottie Tinsley Terrys.

BIRTHS

Born Tuesday morning Aug 5th to the wife of Jack Thomas a daughter who was christened Catherine May. The little lady and her mother are getting along nicely.

Born to the wife of Walter Johnson Aug., 3rd 1913 a boy, Wm. Carter.

Out Picnicking.

On July 30, Mrs. Walter Griffith and Mrs. Lillie Flanary went with their classes in Siloam Sunday school on a picnic to the Crittenden Springs. Thirty-two were present belonging to the two classes, and teachers and visitors present made a total of forty. A few games were enjoyed in the forenoon. At noon the excellent dinner spread by the young ladies of the classes paid high tribute to their intimate knowledge of affairs culinary. In the afternoon Miss Mayme Love kodaked each class separately. They scattered in happy little groups over the hillside, and enjoyed a good time in social chat.

About 4 o'clock they dispersed, hoping for another such day some time.

NELL LOVE,
Secretary Siloam S. S.

Appointment of F. A. Casner Confirmed.

The appointment of Mr. F. A. Casner as postmaster of Providence has been confirmed by the Senate and Mr. Casner will doubtless receive his commission in a few days and be duly installed. Mr. Casner succeeds Mr. R. W. Hunter, who resigned a few weeks ago in order that he might have more time to devote to his lumber interests. We do not believe that the people will ever have any just cause for complaint at the service they will receive at the hands of Mr. Casner. He is competent, cheerful and obliging and will exert every energy looking to the betterment of the service. He is deserving and popular young Democrat. Providence Enterprise.

Price will be on hand and will deliver a sermon in the afternoon which will amply pay all for their presence.—J. F. O'neal committee.

The stockholders of the Marion Tobacco Factory Company are hereby called to meet at court house in Marion on Saturday August 30th 1913 at one o'clock sharp. Let me urge every member to come as there is business of importance to attend to.—W. B. Rankin com.

All who have their tobacco pooled in the Association, and have not delivered it are notified to deliver as soon as possible. We can not prize the tobacco until it is delivered to the factory and cannot sell it until it is prized. If your tobacco is pool in the Association you must deliver it. The fact that you hold it out until the factory closes will not release you from the pool or give you the right to sell it elsewhere. R. F. Wheeler.

Office Over Marion Bank

J. D. Threlkeld
Physician and Surgeon

Office Hours 8 to 11 a. m.
1:30 to 4 p. m.

Miss Isabel Guess entertained the younger set at her beautiful suburban home last Friday Aug. 1st.

Myron Frisby was hale, hearty and six dozen years old Wednesday, August 7th; He is an active, industrious man and is highly esteemed by those who know him best, or have dealings with him.

Mr. Editor,
Please announce, through your paper, that there is to be a singing convention at Repton church on Saturday Sept. 6th. All singing classes in the county are invited to come prepared to participate in the exercises. Everybody come with well filled baskets. A good time expected.

Yours truly,
J. A. Fritts.

Uncle George Wilson says: This has been the happiest and longest birthday he ever had, it began the 28th of June and lasted until today, August 31st. That is, he is still receiving birthday greetings in most every mail two yesterday and twenty-two today, making seventy-five up to date. How much longer they will come he does not know, but from his actions and looks, we believe he would be glad if they would continue to come until next June.

FEEDING THE CANAL ZONE

Colon, C. Z.—In writing or talking about the Panama Canal the superlative degree is very likely to be overworked. The canal itself is the biggest thing of the kind ever undertaken; the locks are unequalled in size; the work of the department of sanitation is the most remarkable ever carried out, and so it goes.

But there is one other feature of the building of the canal that calls loudly for the superlative degree—the commissary department and the way in which it has fed the Zone. Not fed it only, either, but largely clothed it and supplied it with household necessities and even luxuries.

The commissary department is a department of the Panama railroad, which is owned by the United States and of which Chairman Goethals is president. As officially stated:

"The commissary department of the Panama railroad is operated by the subsistence department of the Isthmian Canal commission for the purpose of supplying employees of the Panama railroad and Isthmian Canal commission and their families with foodstuffs, wearing apparel and household necessities, and also supplying food for the hotels, hospitals, messes, and kitchens operated by the Isthmian Canal commission and for the United States soldiers and marines located on the Isthmus of Panama, and ships of the United States navy. It is estimated that the department supplies about 70,000 people daily, computing one dependent for each employee.

"The business of the department for the fiscal years ending June 30, 1912, was \$2,335,638, to transact which it is necessary to carry a stock valued at about \$1,000,000."

That sounds decidedly prosaic, but in truth the operations of this great business machine are almost romantic. The vessels of the Panama railroad in unending procession bring to the docks at Cristobal the vast bulk of supplies and as continually these are sent out to the score of stores maintained by the department along the route of the canal and at Porto Bello. Every evening each storekeeper telegraphs to the headquarters in Cristobal the list of supplies of which he is in need, and during the night the cars are loaded. At 3:45 o'clock each morning the long supply train starts out from Colon. It consists of 21 cars, 11 of which are refrigerated, and the food and ice are distributed along the route so that they may be delivered to the quarters of families by 8 o'clock.

In Cristobal is the biggest store of all, and it compares well with the huge department stores of American cities. There may be obtained all kinds of foodstuffs, American and European; clothing for men and women, furniture, household wares, supplies for travelers, cigars and cigarettes—indeed almost anything one might call for except intoxicating drinks. Articles from foreign lands, being imported by the government itself, of course pay no duty, and consequently such things as fine English chinaware can be bought there at prices far below those charged in the states. It is said on the Isthmus, and generally believed, that the members of congressional junketing parties which from time to time go down to inspect the canal always carry home with them a lot of this choice porcelain.

At the head of the commissary department is the subsistence officer, Col. Eugene Wilson, whose huge physical bulk is well matched by his great executive ability. It would seem that no better man could possibly have been found for the position, for he has in hand every detail of the immense business and it runs like clockwork. Seldom is a complaint heard from even the most exacting of housewives, and when one is registered it is courteously received and the fault, if one exists, promptly rectified.

"Cleanliness before godliness every time" is Colonel Wilson's motto and though it is not posted on any wall, every employee understands that his job depends primarily on his cleanliness. In Cristobal are the great cold storage plant, bakery, coffee plant, ice plant, ice cream plant, corned beef plant, butter printing plant and laundry, and in every one of them the unwritten rule "be clean" is adhered to with the utmost care. Nowhere, if it can be avoided, is there personal contact with the food, and the numerous and ingenious automatic machines are kept scrupulously clean.

Now let's get back to figures, in order to obtain some idea of the magnitude of the commissary department's operations. Take the cold storage plant first. In its 192,230 cubic feet of refrigerated space are kept constantly fresh meat and vegetable supplies for at least, in some in-

stances much more. Hanging in long rows in the icy cold rooms are the carcasses of 400 hogs and hogs and sheep in due proportion. In other rooms, not so cold, are 150 tons of potatoes, and vast quantities of onions, turnips, beets, carrots, cabbages, yams, celery, tomatoes and other vegetables. In yet other rooms are tons of poultry, and elsewhere are boxes of fruit without number. And this enormous supply is daily depleted and daily renewed.

Adjoining the cold storage plant is the bakery, in whose immense ovens are baked each working day about 20,000 loaves of bread, 2,200 rolls and 350 pounds of cake. The coffee department, which roasts and sends out about 300,000 pounds of the roasted berry each year, receives the especial attention of Colonel Wilson, for he is himself a great coffee drinker. He personally makes up the formulas for the blends, and as something of a coffee connoisseur myself, I can testify that he knows what he is about when he does it.

The people of the zone, white and black alike, are very fond of ice cream, and to supply the demand the commissary manufactures about 140,000 gallons a year, of three grades. The first grade is as good ice cream as one can get anywhere, and even the third grade is mighty welcome after a hot day in the Culebra Cut or the Pedro Miguel locks.

Are you tired of figures yet? If not, please consider that the ice plant at Cristobal makes nearly 40,000 tons of ice a year, the corned beef plant has an annual output of about 270,000 pounds, and that almost 335,000 pounds of butter is handled by the butter printing plant, all of the butter being brought from the United States. Then we will move to the laundry. In this spacious building, with its long rows of washing machines and drying and ironing devices, all the laundry work of the Zone, excepting that of the Ancon hospital, is done, and in addition that of all the steamship lines running to Colon except one. "We are now handling," said the manager, "an average of about half a million pieces a month, and in the months when the tourists come in greatest numbers the figures mount to about 800,000."

The figures I have been giving are approximate only, for they are changing continually with changing conditions. Here is a list of some of the more important importations of food products during the last fiscal year:

	Pounds.
Peas and beans in bulk.....	125,000
Sugar.....	1,154,587
Tea.....	106,135
Preserved fruit in sirup in tins and glass.....	887,172
Jams, jellies and preserves in tins and glass.....	249,824
Milk, evaporated and condensed.....	3,025,950
Peas and beans in tins.....	534,878
Pickles and sauces.....	299,991
Lard.....	415,580
Codfish.....	1,002,730
Rice.....	1,945,873
Flour.....	6,950,332
Confectionery.....	316,007
Macaroni, vermicelli and spaghetti.....	428,517
Fish, canned.....	320,442
Fresh meats.....	6,453,135
Cured and pickled meats.....	970,445
Cheese.....	142,786
Butter, fresh.....	427,693
Poultry.....	500,590
Potatoes, white.....	5,343,092
Potatoes, sweet.....	1,016,292
Onions.....	866,850
Turnips.....	125,310
Carrots.....	135,556
Cabbage.....	677,234
Yams.....	390,045
Other vegetables.....	741,527
Apples.....	916,622

As will be readily understood, the commissary is able and willing to sell food at very little above cost. Consequently the housewife on the Isthmus can buy at prices that are never above those in the states, and that nearly always are considerably lower.

An important part of the commissary plant is the industrial and experimental laboratory in Cristobal, where all the foods are tested and many things, such as flavoring extracts, are manufactured.

The commissary conducts more than a dozen hotels for white Americans, where good meals are furnished for 30 cents each; a score of mess halls for European laborers, where a day's board costs forty cents, and about twenty-five kitchens for West Indian laborers, where board costs thirty cents a day. "Something like a million meals are served each month in these various establishments, for nearly every employee of the commissary eats at a government table. It has been said that no private contractor in the world feeds his employees as well as the Isthmian canal commissary. Very few of the men ever get better meals than they are getting on the Isthmus, and this is true of the Americans as well as of the Spaniards and West Indians.

No, you cannot avoid the use of the superlative degree in speaking about Colonel Wilson's commissary department.

FARM FOR SALE.

A farm of 152 acres, 4 1/2 miles from Providence, 7 1/2 miles from Clay, lying on the bank of Trade Water River in Webster County in what is known as Caney Bend. 120 acres of this land is in a good state of cultivation, balance in locust and timber. Can arrange terms to suit purchaser. Ideal location, excellent market.

A bargain at \$25.00 per acre. For further particulars address, S. M. Jenkins, Marion, Ky.

Cries When Masher is Given a Fine.

Kansas City, Mo., Aug. 6.—Miss Mary Brown, 20, and pretty, stood on a downtown corner last night with a girl friend waiting for a street car. Sanford Van Lew made remarks that Miss Brown regarded as improper. She broke her umbrella over his head. In the North Side court Van Lew said he had been drinking and did not remember the occurrence. Miss Brown then asked for mercy because she said she believed Van Lew was not responsible for his actions. When the court set the fine at \$100, Miss Brown burst into tears.

Enormous Yield of Wheat.

The record wheat crop for Central Illinois was marketed recently at Pana. It was grown on twenty acres of the farm of Herman Smith of Owane, four miles northwest of Pana. This tract yielded 999 bushels and thirty pounds, or a fraction less than fifty bushels to the acre. It tested 62 1/2 pounds to the bushel. This is the largest yield of wheat ever recorded in the history of wheat in Central Illinois, according to the oldest grain buyers of that section.—Shawneetown News Gleaner.

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists, or by mail, 25c. KICKAPOO INDIAN MEDICINE CO. Philadelphia, Pa. St. Louis, Mo.

Blind Half A Century Sees.

Chicago, Ill., Aug. 6.—Mrs. Mary Welsh of Hillsdale, Mich., saw her eight children for the first time to-day. She had been blind for fifty years. Surgeons removed a double cataract from her eyes.

Mrs. Welsh was stricken blind when 16 years old. To make her burden doubly hard, she was forced to do laundry work to support her children and husband who had become an invalid.

Suffered Eczema Fifty

Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "tetter"—another name for Eczema. Seems good to realize, also, that DR. HOBSON'S ECZEMA OINTMENT has proven a perfect cure.

Mrs. D. L. Kenney writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail 50c. PFEIFFER CHEMICAL CO. St. Louis, Mo. Philadelphia, Pa.

Water Famine at Glasgow.

Water is very low in the creek and we ask the public to help us during this drouth by not sprinkling only one hour before 8 o'clock in the morning and one hour afternoon not later than 7:30 o'clock. If you do not heed this request the water will have to be cut off in stand pipe at nights and cut you off for the night in order to have fire protection. Board of Directors of Glasgow Water Co.

Best terms known to the nursery world. Steady employment, cash weekly. Good money made selling our excellent stock. Satisfaction and profit from every tree. If you are the right man, we will make you our county manager. Cedar Hill Nursery and Orchard Company, Box F., Winchester, Tennessee

A Little Dialogue.

Miss—How are you, Grandfather Justice, this morning?

Mr.—I am middling, thank you.

Miss—Well, I have come over to have a chat with you. I have heard a great deal said about you and I had a desire to talk with you about various things.

Mr.—Well, Sis, who are you?

Miss—I am a city girl or a society girl, just as you please to call me.

Mr.—Yes, I have seen a few of that "stripe of cats" before.

Miss—Oh my! What do you mean Grandfather by calling me a cat?

Mr.—I mean that you belong to the class who ride in buggies and autos, half-dressed, and your mother at home working her eyes out to keep you in society or with the "Upper Ten."

Miss—Well, I see at once that you are an old fogey and behind the times a hundred years. Where are you from, anyhow?

Mr.—I am from home.

Miss—Oh me! What country, I mean.

Mr.—From the old country, of course. God never made but one country. There are different continents and different nationalities of people, some white, some black, and some red, but as to your set I am puzzled to know what color you are.

Miss—Well, for the life of me I can't tell what you mean.

Mr.—Well, you are going at such a rapid rate that it would take two spy glasses with lens in both ends for anyone to tell what color you are.

Miss—Well, I think they certainly ought to send you to the asylum for you are not fit to be in society with the present day people.

Mr.—That is just what Joseph's brothers thought about him and they sold him to get rid of his company. Have you read the history of them and how it turned out?

Miss—My! Your folks can't go by the Bible and society too.

Mr.—That's the truth, Sis.

Miss—Well, what do you think of the way ladies dress at this age and day?

Mr.—Well, I don't think they dress.

Miss—Oh my Grandfather, what do you mean?

Mr.—I mean what I say, they just half dress.

Miss—What do you mean by half-dressing?

Mr.—Well now Sis, you are getting down to business.

Miss—Well, Grandfather, I am a business girl and I want to know just what you mean by half-dressing.

Mr.—Well in the first place you women don't put on more than half enough in your dress skirts, the result is you are hobbled on Sunday and can't keep Sabbath holy, you can't kneel down to pray. And you don't put sleeves in your dresses and that makes you look like a gosling before it's wing feathers grow out, and worst of all you are committing slow suicide by lacing, causing diseases to set up and shortening the lives of the generations. And on Sunday you resemble a wasp in looks, and hobbled sheep in actions.

Miss—Oh Grandfather! What a horrible picture you have drawn. Do you really believe what you say?

Mr.—Indeed I do.

Miss—Where your Bible for dressing women?

Mr.—1 Tim. 2:9; 1 Peter 3:3.

Miss—Well, I guess you are right, if the Bible says so, but it is hard on city girls. I tell you Grandpa I begin to feel queer, it maybe heart trouble.

Mr.—I am certain that is the trouble just now, the truth will affect the heart.

Miss—Just excuse me a few moments, please, until I get to feeling better.

Mr.—What is that you are taking?

Miss—Oh! It is just a little bit of snuff, it is so helpful when we girls get bothered or lonesome.

Mr.—I say lonesome, it is the hysteria you have and using that snuff makes them worse on you.

Miss—Well, surely, women have as much right to dip as men have to chew.

Mr.—Men have not any right to do wrong and be unclean or that will put hard burdens on their fellow-men. The Bible says, "Cleans ourselves from all filthiness of the flesh and spirit."

Miss—You always bring up the Bible, or what the Bible says.

Mr.—Well by it we will be judged, so you will have to clean up or be left. He that is filthy let him be filthy still, so if you die filthy you are left.

Miss—I hate to give it up but I see the Bible is against me.

Mr.—Thank the Lord this is the third time that woman was beaten happy on the way happy on the way bless the Lord I am happy on the way.

Miss—Well you cut a swell when you get out in company I will fix you when I get home.

Mr.—That is where the nine miles set in.—W. J. Hill.

To the Farmers of Kentucky.

For a quarter of a century the problems of manufacturing and of transportation have been handled upon the advice of experts—men whose accurate and scientific knowledge extends to the minutest point.

In the past few years able men have realized that farming could be put upon the same basis that instead of being of necessity haphazard enterprise, it is one of the most scientific businesses in the world—that it may be as accurate and as reliable as those processes of nature upon which it depends.

It has been realized also, that the principles of co-operation which have worked out such great things in the industrial world, may be used with equal effectiveness in the realm of agriculture.

To aid in the rapid spread of these ideas and principles seems to me to be a most useful and noble work, and one in which I would gladly have a part in Kentucky.

With this thought, I have decided to give an old-fashioned barbecue at my home in Woodford county, near Versailles, on Wednesday, August 20th. It will be my aim to have matters along the lines I have indicated discussed by some of the great agricultural experts of the country, and it will be my hope that this may give fresh impetus to the work in Kentucky by the farmers which is already so well begun.

Every farmer, and every farmer's wife, and every one interested in better farming in the State, who feels an interest in increasing the rewards of agriculture, and in bettering the conditions of farm life, is most cordially and urgently invited to be my guest on August 20th. This invitation is given in the spirit of good fellowship, and the desire to help, and all who accept it will be most warmly welcomed.

Very sincerely,
J. N. Camden.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs.
Burton, Under the
Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me."

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. E69-B

We make a specialty of printing visiting cards, wedding invitations, and all kinds of society stationery.

It won't be long before Liv-Ver-Lax will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. None genuine without the likeness and signature of L. K. Grigsby. For sale by Haynes & Taylor.

Warm Battle Over Fluorspar.

(Continued from 1st page.)

BURTON CHECKED BY JAMES.

"You voted for \$8 a ton in the Payne-Aldrich bill," said Senator James. "Did I? Well if my attention had been called to it I should have lifted up my voice against it," retorted Mr. Burton.

"You are not going to stop my argument because of what I did four years ago. I am convinced now the \$3 spar duty was one of the worst blemishes in the bill."

This recalcitrancy on the part of another standpatter riled Senator Bradley.

"I've been a very modest member of this body," he began, taking the floor as Mr. Burton quitted it. "There has been a good deal of talk from others this session and this year. Now I think this ought to be the day when I am to shine. I think I ought to be given a chance to be heard on this matter affecting my state."

BRADLEY FEARS DESTRUCTION.

Mr. Bradley opened the argument. He appealed to the Democratic side to come to the support of his amendment. He told them that a use for fluorspar had been discovered but lately, and that to reduce the present tariff rate "two-thirds" would destroy the fluorspar industry in this country.

"I appeal to you not to destroy this comparatively new industry, and ruin the work of the enterprising people who are behind it," said the Senator. "This industry is now on a semi-secure basis; those who are in the business are not rich, but are able to make a little something out of it. They discovered its use; do not let foreign imitators take the fruits away."

PRICE DOUBLES IN SIX YEARS.

Senator Simmons, chairman of the Finance Committee, called Senator Bradley's attention to the price of fluorspar in this country in 1906, when there was no import duty, the price being \$2.78 a ton, whereas in 1912, according to the North Carolinian's figures, when protected by a duty of \$3 a ton, the value of fluorspar in the United States was about \$7 a ton.

This difference was too great, in the opinion of Senator Simmons, and he contended that the American people should not be compelled to pay \$4 more approximately, for protected fluorspar than for unprotected fluorspar.

"The result of the tariff has been to cheapen the article actually," said Senator Bradley. "It now costs in this country about \$5 a ton to dig fluorspar out of the ground. Abroad it lies already mined by the side of the old tin mines. It would have lain there yet had not Americans who mined it here discovered the uses of fluorspar."

JAMES DISPUTES COST FIGURES.

In answering Senator Bradley, Senator James disputed his statement that it costs \$5 to mine spar in this country. Mr. Bradley said he had the information from Clem Nunn, a producer, of Marion, Ky.

"I think my colleague confused the mining cost with the cost of getting the spar to the railroad from mines seven or eight miles in the country," he suggested. "It really cost about \$2.50 to mine. Senator Bradley says \$1.50 is not a protective duty. I favor a tariff for purposes of revenue only, and so am satisfied with this one. And the spar mine owners were satisfied with this \$1.50 rate when the Payne Bill was written. All they asked of the House Committee was \$1.50 but the Senate kindly raised that to \$3. The spar industry in Kentucky and Illinois started operations without any tariff at all. It met the competition of the world without a tariff."

"Was there competition then? Has not the competition grown up since," interrupted Mr. Bradley.

FREIGHT RATES NEED ADJUSTMENT.

"It is true that no spar was imported until its use was discovered abroad," said Mr. James. "The original tariff of \$3 on this product is about 108 per cent., ad valorem. The railroads have discriminated against spar shippers in Western Kentucky and in favor of those across the Ohio River. The owners of the mines have asked me to see the Interstate Commerce Commission in their behalf. This whole question of surviving is largely a matter of adjusting the freight rate. The spar business will go on in Western Kentucky. The rate of \$1.50 is a competitive rate and will produce revenue. If the spar mines in my State can't live under the rate they are not entitled to survive."

Mr. Bradley interrupted again to say that it costs \$7.50 a ton to deliver spar to the American market from Kentucky and only \$5 to deliver it from the foreign producing centers to the same American market.

In retort Mr. James read from the brief of Mr. Nunn, who is a spar producer of Marion, submitted to the Ways and Means Committee. Mr. Nunn said that under a tariff rate of \$3 a ton on spar he was satisfied to get \$6 a ton for it at Pittsburgh.

"The fluorspar mines in my State

have never closed, contrary to a statement made by the Senator from Illinois, Mr. Sherman," concluded Mr. James, and I repeat that all those owners asked for in 1908 was \$1.50 a ton. But the Senate increased this to \$3."

"I got them the increase," interjected Mr. Bradley, "on receipt of numerous appeals and petitions for that rate from Western Kentucky."

"I admit that," returned Mr. James. "They have petitioned me as they did my colleague then. I grew up with them; they are my real friends. But this rate is just and I decline to ask for more because more would be unjust to other industries."

The greatest enemy of childhood is the tape worm. It destroys health and undermines the constitution. The greatest enemy of intestinal worms is WHITE'S CREAM VERMIFUGE. It removes the worms and helps the child back to strength, vigor and cheerfulness. Price 25c per bottle. Sold by Haynes & Taylor and Jas. H. Orme.

Peculiar Strata of Air Hits Man.

Petersburg, Ind., Aug. 6.—Orval Klipsch, a young of this city, while on his way Oakland City Thursday night, passed through a peculiar strata of air. With the thermometer above 80

he drove his team into a deep ravine and the change was so sudden that Klipsch had to wrap himself in a rubber coat to keep warm. The cold wave was only a few hundred feet wide.

How The Trouble Starts.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Lightning Kills Harvest Hand Near Bloomington.

Bloomington, Ind., August 5—Jacob Sylvester Eads, aged 44, was instantly killed.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and BAL-LARD'S SNOW LINIMENT applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme and Haynes & Taylor.

A State Wide Invitation

Monster Barbecue to Be Given by J. N. Camden
at Versailles, Aug. 20, 1913

THIS meeting of farmers and their friends who are interested in the agricultural advancement of Kentucky is to be held that every one in the state may become acquainted and "rub elbows" with his neighbors and friends. It is to be a great farmers' convention, a place where, besides the "getting together," there will be speakers who really have something to say to the men who get their living from the soil.

In the past a barbecue, with its huge joints of smoking juicy meat and its bubbling steaming burgoo, meant political speechmaking and a warming of party spirit. This immense barbecue is a definite effort to give the farmers of the state a chance to meet and get acquainted and to hear some of the strongest speakers in the whole country discuss vital farm questions. These speakers will be brought to the meeting from the north, south, east and west, and, as they are to be limited to thirty minutes each, they will be sure to send their messages home in quick, short sentences. The list of speakers is about com-

WHERE THE BARBECUE WILL BE HELD.

pleted and will be given in full in the next article, which will be published soon. Kentucky is thoroughly aroused educationally, and this meeting is an outgrowth of this great wave of enthusiasm.

When your correspondent visited the Camden farm, just outside of Versailles, a few days ago he was shown the various points of interest that the visitor might wish to inspect. Competent men will be in charge of each farm department so that questions by visitors may be answered quickly.

In visiting the dairy barn, with its carefully selected herd of seventy-five Jerseys, it was pleasing to note that the barn had originally been used for

J. N. CAMDEN.

VERSAILLES, KENTUCKY.

TO THE FARMERS OF KENTUCKY.

For a quarter of a century the great problems of manufacturing and of transportation have been handled upon the advice of experts—men whose accurate and scientific knowledge extends to the minutest points.

In the past few years able men have realized that farming could be put upon the same basis—that instead of being of necessity a haphazard enterprise it is one of the most scientific businesses in the world—that it may be as accurate and as reliable as those processes of nature upon which it depends.

It has been realized also, that the principles of co-operation which have worked out such great things in the industrial world, may be used with equal effectiveness in the realms of agriculture.

To aid in the rapid spread of these ideas and principles seems to me to be a most useful and noble work, and one in which I would gladly have a part in Kentucky.

With this thought, I have decided to give and old fashioned barbecue at my home in Woodford County, near Versailles, on Wednesday, August 20th. It will be my aim to have matters along the lines I indicated discussed by some of the great agricultural experts of the country, and it will be my hope that this may give fresh impetus to the work in Kentucky for the farmers which is already so well begun.

Every Farmer, and every farmer's wife, and every one interested in better farming, in the state, who feels an interest in increasing the rewards of agriculture, and in bettering the conditions of farm life, is most cordially and urgently invited to be my guest on August 20th. This invitation is given in the spirit of good fellowship, and the desire to help, and all who accept it will be most warmly welcomed.

Very sincerely,

J. N. Camden.

housing tobacco. It was not a show barn at all, but a thoroughly sanitary barn, with the emphasis on the cow end of the enterprise. Out in the woods pasture there were several bunches of fine sleek steers, some of which were destined to help feed the hungry crowd on Aug. 20.

The woods pasture, with its giant oaks, poplars, walnuts and stately elms, is an ideal place to handle the 30,000 people who are expected to be the guests

DESTINED TO HELP FEED THE HUNGRY CROWD.

at the farm on the day of the barbecue. In one end of this pasture there is a perfect amphitheater for seating those who wish to hear the speakers and the band concert which is to be provided.

Things are happening in our dear old state—better schools are building, better roads are being laid, Chautauqua meetings for farmers are developing, and now a barbecue to which an invitation is given to each and every person who believes in the welfare and the future of the agriculture of the state is an assured fact. Men of vision are dreaming of a new Kentucky—a twentieth century Kentucky—and all the agencies mentioned are bringing the dream closer each day. Dreams do come true.

REPTON.

Prof. C. M. Payne is the guest of J. R. Moore's family this week.

Ed Mattingly and family, of Webster Co., were guests of W. K. Powell and family Sunday.

Dr. Edgar Hardin and wife, of Madisonville, spent Sunday and Sunday night with his parents at this place.

Miss Monte Stanley spent Monday with Miss Sadie Duval.

F. W. Moore and family, who have been the guests of relatives at this place for several weeks, returned to their home in Madisonville, Monday.

Dr. Trace Hardin, of Paducah, is spending a few days with his parents, Mr. and Mrs. J. C. Hardin, of this place.

Richard A. Foster, who has been attending college at Lexington, is spending his vacation with his parents, Mr. and Mrs. Joseph Foster.

Robt. D. Samuel, of Crider, spent Sunday with his mother, Mrs. Joseph Samuel.

Miss Mae Hardin and brother, Bryan, were in Marion, Friday.

Mrs. W. S. Jones and Mrs. J. A. Nation are on the sick list this week.

Constipation is the starting point for many serious diseases. To be healthy keep the bowels active and regular. HERBINE will remove all accumulations in the bowels and put the system in prime condition. Price 50c. Sold by Haynes & Taylor and Jas. H. Orme.

SEVEN SPRINGS

Revs. E. B. Blackburn and M. E. Miller, of Marion, are conducting a protracted meeting at Emmaus.

M. L. Patton and family were guests of relatives and friends at Frances last week.

Dr. Cook, of Crayne, was in this vicinity last week to see aunt Sallie Travis, who is suffering with a cancer.

We would appreciate a good rain. Stock water is getting scarce.

Bill Hodges was called to Dycusburg last week to see his daughter, Mrs. Avery Phillips, who is quite sick.

Mrs. Sarah Patton is the guest of her son, Jim, of the Caldwell Spring section this week.

Miss Bessie Campbell is in very poor health.

Miss Manda Campbell, of Marion, is the guests of relatives and friends at this place.

Tom McKinney was elected trustee at Boaz school house Saturday.

Mrs. Lucy McKinney and children, of Missouri, are the guests of her parents, Mr. and Mrs. Newt McKinney.

The Modern Woodmen of America held a social meeting at Boaz school house Sunday. Those present brought well filled baskets, and a most pleasant and enjoyable time was had.

Tom Patton, wife and two children, Shelley and Omer, were guests of Ben O'Brien near Tiline, Sunday.

There are a few cases of whooping cough in this vicinity.

Miss Orlenia Penn, of near Tyner's Chapel, is visiting her sister, Mrs. Elzie Campbell, this week.

Ed Hall, who has been confined to his room for the past six weeks with typhoid fever, is slowly improving.

Bites of poisonous insects that cause the flesh to swell up must be treated with a healing antiseptic that will counteract the poison and heal the wound. BALLARD'S SNOW LINIMENT answers every requirement in such cases. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme and Haynes & Taylor.

RODNEY

We are needing rain here.

Mrs. Frank Cowen and Mrs. J. F. O'Neil spent Tuesday the guests of

Mrs. Vina Phillips.

John Phillips was the guest of his sister, Edna Hazel, of Granger, Saturday and Sunday.

John and Sumner Newcom visited friends in Missouri last week.

The Walker brothers were in Blackford, Saturday.

Clyde Newcom is spending a week at home before going to teaching school. Miss Nannie Phillips and Mrs. J. H. Duncan were in Weston Wednesday.

Miss Ina Newcom was the guest of her uncle, Lewis O'Neal, in Clay, Ky., last week.

L. C. Truitt and family were in Marion, Wednesday.

Miss Mabel Nunn has returned home from Ola, La. She has been the guest of her brother, Lacy, the past two weeks.

Fred Hughes, of Memphis, Tenn., spent last week with his brother, Will, of this place.

W. A. Newcom was in Weston, Friday.

H. L. Sullivan and wife attended services at Blackford Sunday.

The Duncan graveyard was cleaned off Saturday. A large crowd attended. Of all the flowers that grow "Little Pansy" is my choice.—Rambler.

Gas in the stomach comes from food which has fermented. Get rid of this badly digested food as quickly as possible if you would avoid a bilious attack; HERBINE is the remedy you need. It cleanses and strengthens the stomach, liver and bowels, and restores energy and cheerfulness. Price 50c. Sold by Haynes & Taylor and James H. Orme.

GLENDALE

Miss Cora Moore spent part of last week in Marion the guest of Miss Lora Johnson.

Miss Annie Witherspoon, of Louisville, who is spending the summer at the Crittenden Springs, was the guest of her cousin, Mrs. T. E. Griffith, last week.

Marion Conditt and sister, Miss Grace, were guests of their aunt, Mrs. T. E. Griffith, Saturday night and Sunday.

John T. Franks and son, J. T., Jr., who spent several days last week with W. M. Hurley, left for Marion Monday for a few days' stay before returning to their home in Denver, Colo.

Misses Mary and Sue Moore and brother, Ramsey, are attending the teachers' institute at Marion this week.

Mrs. H. E. Turley was the guest of Mrs. Ellis Cline two days last week.

Rev. Robt. Sleamaker preached a good sermon here Saturday night from Matt. 6:9-10. Sunday afternoon Aug. 3rd, Rev. Rufus Robinson preached a splendid sermon here from Matt. 27:31.

We are truly glad to have the young as well as the older ministers to preach to us when ever the opportunity is given them.

Mrs. John Sleamaker, of Tolu, attended church here Saturday night.

Misses Cora and Rose Moore and Messrs. Lee and Clifton Enoch attended the dedication of Barnett's Chapel church, Sunday.

Mrs. W. L. Moore and daughter, Mrs. Walter Griffith, spent Friday of last week at R. D. Moore's.

James Wright and wife, of Tolu, were visitors at A. G. Cline's Sunday.

The Best Hot Weather Tonic
GROVE'S TASTELESS CHILL TONIC enriches the blood, builds up the whole system and will wonderfully strengthen and fortify you to withstand the depressing effect of the hot summer. 50c.

FAIRVIEW

Rev. J. B. McNeely closed a successful meeting at this place Wednesday night.

Miss Birdie Brown, of Lola, was the guest of friends and relatives at this place the past week.

Kirby Fuller and Harley Howard, of this place, attended church at New Salem, Sunday.

Lawrence Fuller spent Saturday night with his sister near Sheepskin.

J. N. Fuller, Errie and Harley Howard were in Marion, Saturday.

Mrs. Carrie Childress, of Frances, visited friends and relatives and attended the meeting at this place last week.

We have been blest with a fine rain the past week.

A. B. Childress, of this place, attended the meeting at New Salem, Sunday.

CROOKED CREEK.

Our pastor, Rev. McNeely will preach here on the next fourth Sunday in August. His subject will be "Blessings in the home." Come out and hear him.

Will Cullen was elected trustee by a unanimous vote at Brown school house Aug. 2nd.

The Sunday school reunion at Brown's school house was a grand success. The little ones recited their pieces well.

The protracted meeting at Crooked Creek has been set for the fourth Sunday in September.

Oscar Arfack has been quite sick.

Anthony Murphy was in in Fairview, Ill., last week.

Walter Thurman, of Levas, was the guest of W. H. Thurman and family Sunday.

Stock is being brought here to water from Marion.

Grover Horning went to Illinois last week.—Barlow.

Just received a line light felt campmeeting hats, early fall bargains, at Lettie Tinsley Terrys.

WESTON

The Ohio river is rising some now.

Mr. and Mrs. Gid Sullivan and sons, Estel and Ray, spent Friday with his brother, Jim Sullivan, and family.

Mr. and Mrs. J. W. Bennett and daughter, Lillian, and Mr. and Mrs. Omer Crisp were guests of relatives in Sturgis, Wednesday and Thursday.

Mrs. Dow Travis and son, Walter, were in Weston, Saturday.

Miss Vera Bennett was the guest of her sister, Mrs. Omer Crisp, of near Mattoon, Saturday night.

Misses Ruby Sturgeon, Winnie and Beulah Walker were guests of Miss Ruby Gahagen, Sunday.

Martin Williams and family moved back to their old home at Weston, Saturday.

Mr. and Mrs. Jimmie Hodge were guests of Mr. and Mrs. Geo. Eskew, Sunday.

Miss Alpha Dillard was the guest of her aunt, Mrs. Elizabeth Lamb, Sunday.

Misses Lena and Mae Newcom and brother attended the singing here Sunday.

Mr. and Mrs. Will Winn and little daughter, Lucile, spent Sunday with her mother, Mrs. Curg Hughes.

—Little Pansy.

Help the baby through the teething period by giving it McGEE'S BABY ELIXIR. It is a healthful, wholesome remedy, well adapted to a baby's delicate stomach. It contains no opium, or morphine or injurious drug of any kind. Babies thrive under its excellent stomach and bowel correcting influence. Price 25c and 50c per bottle. Sold by Haynes & Taylor and Jas. H. Orme.

LILY DALE

Ninety-five per cent of a corn crop, and 50 per cent of a tobacco crop. We are needing rain.

Robt. Elkins made his appearance last week and warned the hands to work the road.

Joe Parr and family passed through here Sunday morning enroute to Chapel Hill.

M. R. Deboe was elected trustee at Lilly Dale, Saturday evening.

Bob Hughes and family, of Marion, were guests of D. E. Boister, Sunday.

Mrs. Autie Smith, of Fredonia, was the guest of friends in this vicinity last week.

Our school begins Aug. 11th, with Miss Etta Boister as teacher.

W. R. Brown and daughter, Lucy, left Monday for Wheatcroft for a two weeks' visit.—Old Hickory.

Kentucky State Fair

SEPTEMBER 15 to 20, 1913

The Kentucky State Fair will offer to the farmers and livestock exhibitors an opportunity to exhibit the best products of their farms and best specimens of livestock and to the women an opportunity to display their handiwork and cookery at the 1913 Fair, for which liberal premiums are offered.

J. L. DENT, Secretary.

705 PAUL JONES BUILDING

LOUISVILLE

Mrs. E. J. Hayward was hostess Tuesday to a five o'clock tea in honor of her visitors Misses Whitesells and Mr. Hunter of Union City, Tenn.

Cards and dancing occupied the hours of the evening after which a delightful two course lunch was served.

Her guests departed about seven thirty declaring Mrs. Hayward quite a charming hostess.

Those who enjoyed Mrs. Hayward's hospitality were: Misses Ruth Flanary, Clara Hammock, Anna Haynes, Gwendolyn Haynes, Ruth Croft, Susie Boston, Virginia Blue, Elvah Pickens, Katherine Yandell, Madeleine Jenkins, Katherine Yates, Frances Blue, Lucille Pollard, Maude Flanary, Hazel Pollard, Mary Gilbert, Linda Jenkins, Anna Cox and Joyce Adams of Henderson. Messrs. Douglas Carnahan, Medley Cannan, George Orme, Hurt Yates, Douglas Clement, C. H. Richardson and Virgil Christian.

Enjoyable Affair.

What was perhaps one of the most enjoyable entertainments, or receptions ever given in Marion, was that of Tuesday night, August 5th., when Marion Chapter No. 135 Order of Eastern Star gave a Reception in the Masonic Hall to Bigham Lodge No. 256, F. & A. M. The nicely printed invitation were sent out several days in advance of the date, and read as follows: Reception: Marion Chapter No. 135, O. E. S. at home Tuesday evening, August 5th., 1913, from 8 to 11 (Masonic Hall) Don't forget your wife, mother, sister and daughter.

Before the hour of eight the guests began to arrive. They were each met at the door of the hall by members of the Eastern Star, and after a hearty greeting were passed into the waiting room, where they were each served with punch by other members of Marion Chapter, then escorted to a seat in the hall, which had been beautifully decorated in the colors of the order.

The first hour of the evening was taken in shaking hands with old friends, and making the acquaintance of new ones, while Messrs. W. D. Cannan, J. L. Stewart, Guy Lamb, L. J. Randolph and R. E. Wilborn made music on the violins, Guitar and Mandolin, playing such

music as sometimes caused the guests to stop their conversation and break forth in cheers.

The second hour was given to readings, by Miss Henri Easley and Mrs. F. W. Nunn, as well as a Duet given by Mrs. Walker and Miss Sutherland. W. D. Cannan made an interesting talk on the relationship of the Eastern Star Chapter to the "Blue Lodge."

The last hour brought quiet a surprise, when master of ceremonies, Mr. W. D. Cannan, announced that a wedding would then take place in the hall. All the guests were breathless with wonder, when the doors were flung open and Esquire, Eldon W. Crider, accompanied by the Sheriff of the evening, M. Chas. D. Haynes, entered first, followed by Dr. Frazier and Aubrey Cannan, both dressed in boy suits, followed by two flower girls, Messrs. Claude Lamb and Dr. Nunn. Then came the bridal party, Mr. E. L. Harpending, who played the part of Miss Susana Long, and Mr. Walter Guess, who played the part of Peter Short. It was the last two, who his honor, Esquire Crider in the presence of the High Sheriff Haynes, there and then united in the holy bonds of "trouble."

This was perhaps the most laughable affair of the evening. However, following this all the guests, numbering about one hundred, were each served with cream and cake.

Bigham Lodge No. 256 F. & A. M., and all the visitors from elsewhere, left the hall at eleven o'clock with only words of praise for Marion Chapter 135 O. E. S. wishing that they might again ere long be invited to another reception.

Letter From Old Resident.

Carrier Mills, Ill., Aug. 3.
I returned a few days ago from my trip. I spent two weeks in New York. It was a great pleasure to go home and spend a few weeks, but everything has changed in the past twelve years. All of my sisters and brothers are gone from home, and my dear mother and step father are getting very old and their health has failed. It is sad to go home and look round and see so many vacant places that never can be filled. I have two step sisters that are gone from this earth to their bright home above, and my greatest pleasure is to know I will some time meet them.

I have a dear father that I loved as dear as a child could love a parent. Ah, I imagine

his dear face I will see in that beautiful home. I have thought so many times, why was he taken from us. We have had a lonely time, no father to give us advice and teach us the right way.

I love Kentucky because I've always lived there until the last few years. When I go home, as I go over the hills and rocks I think of the many happy days I have spent there. I live now in a beautiful place, but I love my native land dearer than any other.

I live for those who love me.

Whose hearts are kind and true;

For the heavens that smiles above me,

And awaits my spirit, too;

For the friendly ties that bind me,

For the tasks that God has given me,

And the good that I might do.

L. T.

LOLA

Well, it is hot and dry in our little burg.

Mrs. Dolcie Farmer, of Marion, is the guest of her mother, Mrs. Roxie Sisco, and her sister, Carrie Monroe, at Carrsville.

Mark Foley, Reed Davis and Olive Paris were in Marion, Friday.

Our protracted meeting progressing nicely with many soul stirring sermons by Rev. Carter, of Marion.

Ed Daniel has purchased the Jack Johnson stock of goods, and is doing a rushing business.

Walter Davis has purchased a building lot from Lee Sullenger for \$200.00 and will build on it in the near future.

Lola and Slocum ball teams crossed bats Saturday, and the score stood 16 to 5 in favor of Lola.

Mrs. Lucy Davidson, of Levas, is the guest of her son, Willie.

Our town can boast of four autos owned by Jack Davis, Lee Sullenger, Bill Foman and Dock Radcliff.

Postman—"Well, Anty; pretty soon I'll have to get a pushcart."

Anty Drudge—"Sakes alive! They're writing to me from everywhere wanting to know how to clean this, that and the other thing with Fels-Naptha Soap. But I answer them every one. Just say: 'Anty Drudge, Philadelphia, Pa.'"

Next to a willing husband, Fels-Naptha Soap is the handiest thing a woman can have about the house. Not only on wash-day is Fels-Naptha useful, but whenever there is anything to be cleaned.

For washing floors, walls, linoleum, fine china and glass or anything else that is washable just use Fels-Naptha Soap, cool or lukewarm water and a soft cloth.

Follow directions on the Red and Green Wrapper.

Fels & Co., Philadelphia.
