WELLS GIVEN

LIFE TERM

Likely Appeal Will Be Taken, Though Wells is Unmoved at The Reading.

COMPANIONS WILL PROBABLY BE RELEASED.

Smithland, Ky., Sept. 15.—After apparently being hopelessly hung, the jury brought in a verdict of life imprisonment for James Wells, alias Wellington, for the murder of Frank Longnecker, the Cincinnati fur buyer, and concealing the body on Rondue island near Golconda, Ill., this morning in the Livingston circuit court. The verdict was somewhat of a surprise, although late Sunday afternoon it leaked out that the jury had agreed.

The verdict was announced this morning at 9:05 o'clock a few minutes after the convening of court. The hope that the jury would reach a verdict was held out by a few because the jurors had not asked for any further instructions or information from Judge Gordon. Wells took the verdict in the same cool and deliberate manner that characterized him during the trial. However he is considered fortunate as many thought that he would be sent to the electric chair.

Wells' attorneys immediately enter the motion for a new trial, and announced that an appeal would be taken unless a new trial is granted. The defense has sought to prove that one of the jurors had expressed an opinion that Wells should be sent to the electric chair last summer, while working on the road. However, it is the general opinion that Wells will take the life imprisonment, and depend upon being released in a few years.

The verdict is regarded as somewhat of a compromise, although it was difficult to secure a lineup on the standing of the jury. It is said that either one or three men favored acquittal, while a majority favored the death sentence. As a result life imprisonment was given.

Sunday afternoon the jury called for the deputy sheriff, and there was a ripple of excitement over Smithland as it was thought that a verdict had been reached. It is generally believed that the verdict was made yesterday afternoon, but the jurors decided to await early this morning before reporting.

It is undecided what will be done with Pearl Hughes and Bessie Ruetman and Frank Meisberger, but it is the general impression that they will be dismissed if Wells agrees to take the sentence. In case of an appeal it is probable that they will be held until the appeal is disposed of in the court. Pearl Hughes says she intends to come to Paducah and reside. Bessie Ruetman and Frank Meisberger are out on bond, and will return to their homes in Louisville.

Constable A. C. Shelton and Patrolman Mike Dugan and Kelly Franklin of the Paducah police department, will put in their claims for the \$200 reward which was offered for the arrest and conviction of Wells. These three officers arrested Wells but it is understood that others are seeking the reward. Patrolman Franklin said today that he, Constable Shelton and Patrolman Dugan are entitled to the reward and intend to get it.

DEDICATION

AT WESTON

A Bit of History of The Cumberland Presbyterian Church by Mrs. G. A. Travis.

ORGANIZED IN 1880 BY REVS. WINN AND CAIN.

The C. P. church was organized at old Mt. Zion, Sept. 15th, 1880, under the supervision of Revs. William Winn and C. R. Cain, with a membership of 27. The organization remained at Mt. Zion until 1890, the old church being blown away by a cyclone. The congregation was reorganized and rented a house at Weston in which we held service until 1892. We then bought an old store building in which we served our Heavenly Father until October, 1912. The first service was held in the new building by Rev. O. D. Spence. In the fall of 1893, the church being without a pastor, the State Evangelist, Rev. B. T. Watson, held a meeting with good results. On Oct. 7th, 1893, Presbytery convened with Weston, a congregation which gave great encouragement and a general uplift to the church. After this we organized both Missionary Society and Sunday school. The Missionary Society has long since been extinct, but we have ever kept up the Sunday school missing but few Sundays. At one time we had Sunday school for thirteen years, missing only three Sundays.

The following brethren have served as pastors of the C. P. church at Weston: Revs. W. C. M. Travis, W. W. Winn, R. P. Mitchel, B. H. Crowell, J. B. Lowery, G. L. Woodruff, W. T. Oakley and O. D. Spence. The above named brethren served the congregation as pastors during the time from the beginning of the organization to the building of the new house.

During this time God has placed His hand upon five young men and called them from this congregation to the ministry, namely: Ben McMican, J. R. Lamb, J. M. Russell, Albert Newcom and Nathan Whitmer. The new building on Sept. 10th, 1912, the good people of Weston with their many friends began the new structure, everyone using both hands and means and on Oct. 5th, 1912, they surprised their pastor, Rev. O. D. Spence, by having the new building ready for use but not completed. He continued to serve until the close of the Presbyterial year 1912. He resigning the work, the session then called your humble servant as pastor of the Weston congregation.

In gratitude to Almighty God for the literal and spiritual blessings he has bestowed upon us, we dedicated the church to Him, Sunday, Sept. 7th, 1913. The services were as follows:

Song by choir, "All Hail The Power."

Dedication sermon by Rev. W. T. Oakley, taking his text from Mathew 16:18, "I will build my church." The sermon was ably, conscientiously, deliberately and spiritually delivered, making it enjoyable to all.

NOON.

The noon-hour was enjoyed by all.

A POPULAR YOUNG PEOPLE

Of Fredonia United in Wedlock At Eddyville, Monday Morning.

At the home of the officiating clergyman, the Rev. J. N. Benson, in Eddyville last Monday morning at eight o'clock, Miss Virginia Bugg and Mr. William Koon, of Fredonia, were happily united in the holy bonds of wedlock. There were no attendants, only a few near relatives being present to witness the pretty and impressive ceremony that united the happy young couple as husband and wife.

Immediately after the ceremony the newlyweds left in an automobile for a few days tour, after which they will be at home to their friends, in Fredonia, Ky.

The bride is the pretty and accomplished daughter of Mr. and Mrs. E. G. Bugg and is very popular with all acquaintances. Mr. Koon is a popular young man and very prominent in the business circles of Fredonia, being engaged in the furniture and undertaking business. He is a son of Mrs. W. H. White of this city.

The Leader extends its congratulations.—Princeton Leader.—Editorial note. The bride is a grand daughter of the late Rev. J. S. Henry of this city where her mother Mrs. Fannie Bugg was reared, she herself was a student of the Marion Graded and High schools and is known and beloved by a wide circle of friends.

SAILS FOR ENGLAND

William Elliot Will Try to Sell All The Pooled Tobacco Now Stored in Ware Houses.

The Henderson Gleaner says: General Manager William Elliot, of the Stemming District Tobacco Association, left Henderson Wednesday for New York, where he will sail next Saturday for England on a mission to endeavor to effect a sale of the pooled tobacco now being held in hoghead through the district.

Mr. Elliot has been in communication several weeks with large buyers across waters, and he is sanguine that the trip will bear fruit.

This will be good news for all who hold ware house receipts as it may not be long before the cost will be paid on them.

DEATH OF WILLIAM HAMMOND

Formerly a Resident of This City, Expires in Evansville at the Age of 44

Wm. J. Hammond, 44, died at 4 o'clock Tuesday morning at his home, 520 Grant-st., after an illness of four or five months of cirrhosis of the liver. He was a printer by trade, single, and made his home with his brother, Harry Hammond. He leaves several brothers.

Funeral services were held at 3 o'clock Tuesday afternoon. Burial will be in Oak Hill cemetery.—Evansville Press—Editorial note. Will Hammond was born and raised here being a son of Mr. and Mrs. G. C. Hammond who removed from here to Evansville last year. One sister Mrs. J. H. Young lives in Tappanish, Washington. None of the family lives here now.

Resolutions of Respect.

Marion, Ky., Sept. 10, 1913. Bigham Lodge, No. 256, F. & A. M., was opened on this date in called communication to pay the last tribute of respect to our aged brother, Thomas Jefferson Yandell, Sr., who was born in Hopkins county, Kentucky, Nov. 25th, 1825, and departed this life Sept. 9th, 1913; being 87 years, 9 months and 27 days old.

Brother Yandell was initiated, passed and raised in Bigham Lodge in the year 1861, and from that time he remained a faithful adherent to the principles of Freemasonry, and a devoted friend, whose daily life so clearly reflected the fundamental truths and tenets of our Fraternity. He was Secretary of this Lodge for twenty years, besides having filled nearly every other office in the Lodge, and especially do we call attention to the fact that Bro. Yandell, as Secretary, during the Civil War, held Bigham Lodge together, by reason of his wise and brotherly counsel, and his zeal for the institution.

He was a faithful member of Chapel Hill Presbyterian church, and Rev. A. J. Thompson, the pastor, in his discourse at the funeral, spoke this tribute: "To say all the good things you can think of about Brother Yandell, language would be found wanting to express his life."

Though his voice is now forever stilled and his presence among us is forever gone, yet not even time can efface from our gatherings his former wise counsel, and nothing can blot his name from our memory. Great is his loss to us as a friend and associate, greater still is it to the surviving members of his family, with whom we deeply sympathize, reminding them that He who tempers the wind to the shorn lamb, looks down with infinite compassion upon them in their hour of sorrow. Now, therefore, be it

Resolved, That in the death of Brother Yandell, the Lodge has lost a faithful brother, the church a devoted member, and his family a loving husband and father, and the community a thoroughly honorable and upright citizen. Be it further

Resolved, That a copy of these resolutions be spread upon the minutes of Bigham Lodge, a copy sent to the family, and a copy furnished the Crittenden Record-Press for publication.

CRIPPLE, IN INVALID'S CHAIR

Rather Peculiar Shooting in Lola, Livingston Co., Wednesday Afternoon.

FORTUNATELY DOES NOT HAVE SERIOUS RESULT.

Lola, Ky., Sept. 16.—After wheeling himself in an invalid's chair for half a mile, Allie Sisco 35 years old, a cripple, this afternoon at one o'clock, stationed himself on the sidewalk near the postoffice and when Ed Daniels, an uncle, stepped from the building he discharged the contents of a five cylinder revolver in Daniel's direction. None of the bullets took effect.

Sisco said after the shooting that Daniels had abused his mother, Daniels' sister, had also mistreated his sister. Daniels, however, said that he had experienced no trouble with Sisco and was unable to understand the unexpected shooting.

Though Sisco who has been an invalid for years, has not been arrested, the sheriff will arrive tomorrow to look into the case.

The shooting created a deal of excitement in Lola, owing to the prominence of the principals and the peculiarity of the pair.

A Memphis Girl Wants

Marion To Stay On The Map.

Memphis, Tenn., Sept. 13.—Crittenden Record Press, Marion, Ky.

Gentlemen: Enclosed please find a dollar bill to cover my subscription up to August 1st, 1914.

Note you are trying to have them install water works in your good old dry town, and when you have accomplished this good work, I shall take pleasure in sending you \$5.00 for a six year subscription, but until then, I would not take a chance on Marion being on the map at the end of six years! It might burn.

We are going to have a most interesting Tri-State Fair & Exposition from Sept. 22-27th, and attractive rates, and if you feel you can use the enclosed dollar to visit Memphis, we shall be very glad to see the Press man. Success to you.

In the Golden West.

Oakland, Sept. 17.—After an exciting battle of ballots L. A. Hearin, the local representative of the National Cash Register Company, and a well known Oakland booster, was elected president of the Oakland Ad Club at yesterday's weekly luncheon. Leon W. Hopkins, the business manager of the Bulletin's Oakland bureau, was elected vice-president. W. S. P. Brown was elected secretary, and Arthur Tormey was made treasurer.

The Oakland Ad Club although but recently organized, is taking its rank among the foremost boosting organizations of the city. Weekly luncheons are held and matters of interest and profit to advertisers are considered.—San Francisco Bulletin.

MRS. HAMILTON ONE OF THEM

David Cole's Latest Bride is His Accuser; Said to Have Confessed.

HAS THREE WIVES; MARRIED A FOURTH TIME.

Ann Arbor, Mich., Sept. 16.—When informed by local authorities tonight that a warrant had been issued charging him with bigamy, David Cole, 48, is said to have confessed to the Prosecuting Attorney, in the presence of several witnesses, that he had three wives living. He was married a fourth time, he said, according to the authorities, but that wife died.

"I don't care whether I live or not," said Cole. "If I am sent up for bigamy, I shan't live long."

The bigamy warrant was the third issued for Cole's arrest. He was first taken into custody at Racine, Wis., Saturday on a grand larceny charge preferred against him by a local hotel-keeper. Then Mrs. Edith Alespach Cole, of Huntington, Ind., whom court records show he married in Toledo, June 16 last, had warrant sworn out alleging desertion. Rumors to the effect that Cole had several wives living, came to the authorities yesterday, and when they secured evidence of an incriminating nature today, Cole's latest wife signed the bigamy complaint.

The other women, the authorities say, Cole married are Mrs. Jane Hamilton, at Marion, Ky., July 16th, 1910, and Grace Brand, at Laporte, Ind., May 21, 1912. The name of the dead woman was not made public.

Cole for a short time was employed as clerk in a local hotel. He disappeared recently and was arrested at Racine. The hotel proprietor charged Cole with taking \$45 from the hotel cash drawer.

Gov. Cruce Opposed to Capital Punishment.

Oklahoma City, Okla., Sept. 16.—In advance of the trial, Gov. Lee Cruce has served notice that even should Lou Green, a negro, charged with having killed two policemen at Guthrie last week, be convicted, he would not permit him to be hanged.

Gov. Cruce is opposed to capital punishment. A delegation of Guthrie citizens waited on him last night to ascertain what action he would take in event of Green's conviction.

"If Green is sentenced to be hanged I will grant a stay of execution," Gov. Cruce told the delegates.

After Green had been lodged in the Guthrie jail a crowd formed with the intention of lynching him, but the negro was spirited to another jail for safe-keeping.

THE LAST BABY

Will Be Born in 2012, If Changes Do Not Occur Soon.

Denver, Col., Sept.—"Two-fifth of the women of this country of marriageable age are unmarried. Two-fifths of the men of this country of marriageable age are unmarried. The birth rate is decreasing in the United States at the rate of 21 per cent. If things keep on as they are going; if the capacity for motherhood continues to diminish as rapidly as at present, the last child will be born before 2012, and in the year 2017 there will be a world in which there will be no babies to 'coddle' and to 'agoo,' since the youngest child will be five years old. Also a neuter type, consisting of women set apart to do the world's work outside the home, will be evolved."

This is the opinion of J. H. Kellogg, M. D., F. R. S. M., of Battle Creek, Mich., who delivered an address before the American Public Health Association last night.

Cows Block Progress

Of Green River Boat.

Bowling Green, Ky., Sept. 16.—The Green and Barren rivers are rarely troubled with low water, but this season's drought has broken all records. Captain Porter Hines, of steamer Chanceryon voyages for this story: On the last trip down the pilot blew a whistle as if for a landing at Cole's Ferry, just below the mouth of Gaspar.

This was not a regular landing and Capt. Hines and other officers went on deck to find out about the matter. It was soon discovered that a half a dozen cows had waded out in the channel to get cool and to rid themselves of the flies. They had effectively blocked the channel, and the deck hands were compelled to drive them to the bank before the boat could proceed on its way.

HATCHET

Is Used by a Murderer, Who Kills Wife And Niece of Tennessee Planter.

Nashville, Tenn., Sept. 9.—Mrs. William Cook, 32 years old, wife of a wealthy planter, and niece, Miss Lucile Standford, 15 years old, of Smyrna, Tenn., were murdered when sleeping.

Last night Cook attended revival services at Smyrna. He returned home about 10 o'clock, and not finding his wife in the room thought she was in the room of her niece, retired. At an early hour this morning, he said, he awoke and found no sign of Mrs. Cook. He said he started a search and found her body on the back porch, covered with blood.

In his niece's room was the body of Miss Stanford.

The wounds of the women indicated that their slayer used a hatchet. Both women were cut about the head, and in addition Mrs. Cook's skull was fractured. Both women were in their night dresses when found, and apparently had been asleep when attacked the bed indicating that it had been occupied.

NEW SALEM

(Delayed from last week.)

The late rains have been of considerable help to late crops and pastures. We may make it yet until grass grows again.

Everyone seems to be more cheerful since the rain. Hog and hominy will come high next year.

The protracted meeting at New Salem is in progress. The pastor, Rev. Boucher, is assisted by Rev. Spence. Considerable interest is being manifested. Large crowds at day and evening services.

Mrs. John Harpending and children, of Salem, were guests of his parents last week.

Champion & James have finished their sawing in this section, and will move to Livingston county.

Misses Mary Moran, Fannie Wring, Clark and Conner, of Marion, are attending the meeting at New Salem.

Uncle Sam Wolford, if able to take the trip, will leave this week on a visit to his children in Indiana.

W. C. Tyner went to Paducah Friday on business.

Some people make a regular race course of the Salem & Marion road as they go to church after night. Why so, we are unable to say unless they are fearful they will not get to church in time to see, and afraid their mothers will be in bed and asleep so they can not get their regular nourishment from mama before morning.

Ula Threlkeld is leading the singing at the New Salem meeting. Mr. Threlkeld is a No. 1 singer.

Mr. and Mrs. Matlock, of Salem, were guests of friends in this section Sunday.

An auto and a mule had a mix up on the Salem & Marion road Sunday morning. The auto came out on top.

BROOKLYN TABERNACLE

GOD'S TEN COMMANDS.

Exodus 20:1-11—Sept. 7.

"Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind."—Luke 10:27.

GOD'S Covenant, with Israel at Mt. Sinai was that if they should keep the Decalogue—the Ten Commandments—they would thereby demonstrate that they were perfect and worthy of everlasting life. Then it would be possible for them to obtain the chief blessing under the Abrahamic Covenant—to become the Spiritual Seed of Abraham, through whom God promised to bless the world.

Bible students look in amazement at the simplicity of the Decalogue, and at first wonder which of its features the Jews and others were unable to perform satisfactorily. The matter seems very simple, just as it did to the Jews, until we perceive that God's Law, represented in the Ten Commandments, has a depth of meaning that cannot be seen on the surface.

Apparently the full meaning of this Law was seen by none until Jesus "magnified the Law and made it honorable." He says that hatred toward a brother is incipient murder, and that adulterous desire in the heart is a violation of the Seventh Commandment. This throws a light on the whole matter, and explains why no one has been able to keep this Law, except Jesus, since Adam's fall.

The great Teacher also explains that the first table of the Law, appertaining to man's duties toward his Creator, means much more than merely to avoid image worship and profanity. It means that the true God shall have the first place in the human heart. Any division of heart, strength, mind or soul violates this commandment.

God's Original Law to Man. God's Law to man was not originally given at Mt. Sinai. Indeed, the Mt. Sinai statement of the Law was given to the Jewish nation alone—as the terms upon which they might become God's Royal Priesthood for the blessing of all nations.

God's original Law to man was given in Eden, written upon Adam's heart, in that he was created in the Divine image—with attributes of mind and heart fully in accord with his Creator. He loved righteousness, and would have hated sin, had there been any to hate. But up to that time there was none.

After Adam's fall, the work of degeneracy progressed so rapidly that Adam's first born son became a murderer. Doubtless the chagrin of Mother Eve in the loss of Eden and in battling with the thorns and the thistles of the earth under the curse embittered her mind, arousing anger and resentment, which marked her child. From then till now the course has been generally downward, with occasionally a well-born child less seriously marked by sin—less depraved. Still the Scriptures inform us that "There is none righteous, no, not one."

Hope For the Future. Mankind's experience for six thousand years forbids us to expect that any could commend himself to God upon the terms of human perfection, ability and willingness to keep the Divine Law. Jesus alone has kept that Law, and He because begotten miraculously. He was "holy, harmless, undefiled, separate from sinners."

God refuses to grant everlasting life to any except the perfect who will keep His Law willingly and gladly. What hope then is there for our race? There is one hope for the world, and still another for the Church, instituted at Pentecost. The world's hope is in the Messianic Kingdom of 1,000 years, whose rulers and judges will be God's Royal Priesthood—the glorified Church, Head and Body.

God's Messianic Kingdom will depose Satan, binding him for a thousand years. Speedily the iniquities of earth will be set aside, and the rule of the "rod of iron" will begin. Everything opposed to righteousness will be discouraged by chastenings, and everything righteous will be encouraged by blessings.

Under that administration, the world will again reach the condition of perfection from which Adam fell. All willfully rebellious, all lovers of sin, will have been cut off in the Second Death—"everlasting destruction."

The Church and the Law. The Church of Christ is selected from amongst mankind, who were born in sin. The members are not under the Law of Sinai in the sense of being required to keep it perfectly in order to get eternal life. (Romans 6:14.) Nevertheless, the Law is very precious to the Church: for its spirit reveals to her how far short of perfection she is in the flesh, and to what extent the grace of the Lord Jesus Christ covers her fleshly imperfections.

Thus, the Apostle declares, "the righteousness of the Law is fulfilled in us, who walk not after the flesh, but after the Spirit."

No Water For Schools.

Winchester, Ky., Sept. 17.—

Perhaps the most serious aspect of the drought in this county is the difficulty which the lack of water is giving the rural schools; most of which are in session. At the meeting of the County Board of Education in the office of County Superintendent Lanter, Saturday, requests for a water supply were received from seventeen schools, which are now totally out of drinking water. The situation is so serious that some of the schools may have to be dismissed.

The Medical Adviser by R. P. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 21 one-cent stamps to pay for wrapping and mailing.

Let the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—force, fullness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

Helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being impoverished. The refreshing influence of this potent of native medicinal plants has been favorably known for over 40 years. Everywhere some one can tell you of the good it has done.

Send for and examine bottles in liquid or tablet form, or send 21 one-cent stamps to Dr. Pierce, in Winchester, Ky., and a trial box will be mailed you.

Why Worry and Hurry?

We go hurrying away all the live long day.

Working all the while in a run;

But when the earth turns around and the sun goes down

The work is not hardly begun.

We then think it is best to take just a little rest,

And ourselves upon the bed we lay;

Pat work of all kinds just so worry our minds

We roll and toss until day.

We go hurrying about life in great worry and strife,

But a living is all we get;

What good is mortal gold when we are feeble and old

And life's sun is ready to set?

We go hurrying about, rushing in and out,

Looking for fame and money;

But we can't take them away when we go to stay

In the land of milk and honey

So, I would have you know you had better go slow,

Little is gained from hurry;

If you go rushing along you may do something wrong

That will bring you grief or worry.

Richard M. Thackes, Lafayette, Ky., Sept. 1, 1913.

Chase Through Street.

Princeton, Ky., Sept. 17.—

Considerable excitement was caused here Sunday evening about church time by the chasing through the streets of W. S. Smith, a railroad man of Paducah, by Howard McGregor, his brother-in-law, of this place. It is alleged that Smith had come here to see his wife, whose parents reside here, and had engaged a room at the Burris Hotel. McGregor went to the hotel, and at the sight of him Smith broke and ran, followed by McGregor, who chased him several blocks and finally lost him. Following his arrest, McGregor claimed he only wanted an interview with Smith.

OAK GROVE

(Delayed from last wk.)
Miss Myrtle Morrell, Earl Sullenger entered school at Marion, Monday.
Clint Bryant and family have moved to Marion. We are sorry to part with Mr. Bryant and his estimable family, but we wish them happiness in their new home.

J. E. Sullenger and family attended church at Liberty Grove, Sunday.

Our school is progressing nicely under the supervision of Glenn Sullenger.

Friday afternoon, a very interesting spelling match took place at our school. Miss Uia Gass, teacher of the Bethel school, brought her school and spelled against ours. A delightful afternoon was enjoyed by all who were present. We welcome Miss Gass and her school in our midst.

Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

CLOVER SEED

Have Something to be Thankful For.

While it is true in some sections of Christian county, the corn crop is very short, yet many farmers say they will have a good crop. This applies to the sections where the farmers had frequent showers.

The clover seed crop is said to be the largest ever produced in the county, over 100 per cent., some farmers say. Clover seed are now selling at from \$5.50 to

\$8.50 per bushel. With this bumper crop to dispose of at good prices many of the farmers will be able to recover their losses sustained by the shortage of the corn crop.—Popkinsville Kentuckian.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one, dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

OLD PLAYMATES.

BY JAMES R. GLASS.

The dear, kind playmates of my youth have faded from me, one by one. Until today the sad, and truth dawns upon me that they are gone. Gone forever, not to return! Into the great, unknown beyond; How my sad heart is made to yearn As now I think of them, so fond! Time upon us his mark will leave, Wrinkles the brow, the hair he fades For friends we mourn, for them we grieve.

As we sit in the evening shades! The thought of them is sad, but sweet; We think of all the good they've done; The wrong they did we won't repeat, As mem'ry calls them, one by one. Their virtues in our hearts enshrine; Their vices we strive to forget; Their names our memory entwines; They sadly linger with us yet. Their graves to me are sacred ground; Solemnity about them clings; Dear to me as the years roll round; Of them but praise my full heart sings! Till oblivion blots out the past, Or memory fails to recall, I shall love them till I at last Beside their cheerless beds must fall!

Why be constipated when you can buy LIV-VER-LAY from Haynes & Taylor.

PROFITABLE DAILY TIT

"Daily Heavenly Manna." This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful.

If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, notwithstanding the multiplication of our comforts and privileges.

Daily Heavenly Manna contains a collection of Scripture texts with appropriate quotations for every day in the year. Surely the little tithe of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit.

Your Friends' Birth Dates.

An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars.

Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years.

Killed By A Train.

Paducah, Ky., Sept. 8.—Falling in front of a moving Illinois Central freight train. Lee than a year ago his son, Otis Jeffery, was killed by a Nashville, Chattanooga & St. Louis railway train near Dexter. His son, Eunice Jeffery, is the station agent at Dexter.

A sorethroat can be treated best from the outside. The throat should be rubbed gently with BALLARD'S SNOW LINIMENT. Apply at night and cover with a cotton cloth bandage; by morning the soreness will disappear. Price 25c, 50c and \$1.00 per bottle. Sold by Haynes & Taylor and James H. Orme.

Freak Squirrel On Exhibition At Columbia.

Dirego, Ky., Sept. 17.—A squirrel having five well developed legs and six feet is on exhibition in the show window of the Paul Drug Company window at Columbia. It has two fore legs and three hind legs, and on the left hind leg is two well developed feet. The squirrel was killed near Sparksville, in this county, and sold to Dr. Triplett, who had it stuffed and had it placed on exhibition.

VALUABLE ADVICE

Citizens Should Profit By The Following Statement.

Doan's Kidney Pills were used by this Marion resident.

Their merit was shown—the story told.

Now comes further evidence.

The testimony is confirmed.

The remedy was tested—the results lasted.

Could Marion residents demand stronger proof?

It's Marion testimony. It can be investigated.

J. E. Glass, farmer, Marion, Ky., says: "The statement I made some years ago, regarding an attack of kidney trouble that I had at that time and that was permanently cured by Doan's Kidney Pills, still holds good. I recommend this remedy to all sufferers from kidney trouble. They surely do all that is claimed for them. I have recommended Doan's Kidney Pills to many people and they have also been cured of severe cases of kidney and bladder trouble."

BACK OF BIG POOL

Stemming District Association Suggests Growers Unite in Eleven Counties.

Henderson, Ky., Sept. 16.—The Stemming District Tobacco Association is the first tobacco organization in Western Kentucky to get behind the new Consolidated Pool which is to embrace the eleven counties growing the stemming type of tobacco. The District Board of the Stemming Association held a meeting and passed the following resolution:

"Whereas, the interest of all members of the Stemming District Tobacco Association and all other growers of tobacco demand that we have more perfect union, therefore be it

"Resolved, That we recommend that all growers of tobacco with the proposed Consolidated Tobacco Growers' Association, and instruct our executive board and county boards to render all reasonable assistance and pay legitimate expenses authorized by executive board."

The attitude of the officers of the Stemming District Tobacco Association is said to be favorable to the big pool though its success means the end of their jobs, for the small pools will be needed only to wind up the business now in hand.

President William Elliott reported to the Stemming District Board, Saturday, that there is a good chance of selling a portion of the twelve or fifteen million pounds of tobacco prized.

THE GOLDEN AGE AT HAND.

Scriptural Evidences That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the Age of ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present world-wide social, religious and political unrest.

that if a law should be enacted
by which the convicts may be
worked on the roads, the auto-
mobile interest will apportion the
work.The Herald's argument is not
good, as it seems to be founded
on prejudice, and a broader
view of the matter than that
must be taken. It may be that
the automobile interest are be-
hind the movement to have a
law enacted by which the con-
victs may be worked on the
highways, and that the same
interest will control in the ap-
portionment of the work, but that
is no reason for opposing it. In
fact, if the automobile interests
can succeed and bring about the
building of permanently improved
roads in Kentucky, we should be
thankful that we have automo-
biles. No other interests seems
to have awakened the lawmaking
body to the possibilities for
great good for the state by work-
ing the convicts on the high-
ways.What we want is a system of
permanently improved roads as
quickly as we can get them, and
convict labor can help to reach
the good more rapidly than we
are reaching it by the present
pace. As the convicts would be
working for the state and not
for any particular county, they
would no doubt be employed on
building highways across the
state, as in that way the great-
est number possible could be
benefitted.—Owensboro Inquirer.**Our President.**The American people today

FIRST GREAT PLEDGE OF DEM. PARTY ADVANCED ANOTHER STEP
By A Vote of 44 To 37 passed The Under-Wood Simmons Tariff Bill.

Washington, Sept. 3.—The first great pledge of the Democratic party to the people was advanced another step toward fulfillment to-day when the Senate, by a vote of 44 to 37, passed the Underwood-Simmons Tariff Bill, equalizing the burdens of taxation. All three parties were represented in the vote for the bill, for Senator DaFollette, Republican, and Senator Poindexter, progressive, went on record in behalf of the measure. The opposition included two democrats—Thorton and Ransdell, both of Louisiana, who opposed the free listing of sugar.

The affirming Democrats favored the measure as the best that could be worked out under the circumstances, promising a reduction in the cost of living, and recruiting the revenues of the Government from luxuries instead of necessities. LaFollette and Poindexter voted for the bill on the basis that it is a vast improvement on the Payne Aldrich, or existing law, which has been twice repudiated, and the best that can be secured at present. The overwhelming majority of the Republicans voted against the bill because it is not founded on their party principle of protection.

Eor All the People, Says James.
Some of the things for which the Underwood-Simmons Bill stands; some of the improvements it represents over the Payne-Aldrich Bill and some of the hopes of its framers were enunciated by Senator Ollie James after the vote was taken. Mr. James, as a member of the Ways and Means Committee, and later as a member of the Finance Committee, played an important part in creating the Tariff Bill. He said:

"This bill has been framed in the interest of all the people. It is free from the corroding touch of special privilege. It frees from the heavy hand of taxation the necessities of life, it denies to trusts and monopolies the favor and assistance of the Government. It does not farm out, to a favored few, the special privilege of taxation. It recognizes the only true and just principle upon which taxation can rightly rest, and that is to secure revenue sufficient to administer the affairs of the Government honestly and economically. In this bill there are no jokers to enrich members of the Finance Committee. In it no rates are written to burden the poor in order to enrich members of this body.

No Lobbyist In Councils.
"Within our council room no paid agent of monopoly sat giving daily reports of his triumph in writing the rates that greed desired. No schedule in this bill has been written by its chief beneficiaries. This bill is the work of sincere hearts, open minds and untainted hands. It is responsive to the will of the American people twice overwhelmingly expressed at the polls. It is the promise of Democracy faithfully written into law. It is free from intrigue, devoid of injustice, a bill to raise revenue and not a bill to raise millions, a bill to support the Government, not to impoverish the people.

An Instructive Zoology Display.

The menagerie and wild beast exhibit offered by the Sun Brothers' World's Progressive Shows this season is a distinct departure. Here will be seen on exhibition the choicest selections of the zoologic creation. They are all exhibited in massive and commodious cages and so arranged that all visitors to the shows can get an unobstructed view of them. Uniformed keepers will be in attendance to explain the different characteristics and habits of the animals. The wild beasts are looked after with tenderest care, both on account of their extraordinary value and the fact that few can be duplicated at any price. This exhibition is not a collection of wild animals such as are commonly seen in zoological displays. Each is a splendid specimen of its kind and treated with the utmost tenderness and care. The performing section of the Big Top performances as it is known in show parlance, is all new this season. An imperial program lasting two hours in duration is offered by artist of international reputation, including ring performers, clowns, aerial artists, sensational specialists, performing horses, trained elephants, acrobatic dogs, educated ponies, trained lions and leopards and various other features of human and animal nature, some familiar but most exclusive. The Royal Court Japanese Acrobatic Company; the renowned Cevene Troupe; the Electric De Kamos the Mexican Juan De Zamora Aerial Troupe, from the city of Mexico; the Great Barnetts; Miss Adele Dutton, the Equestrian Queen, are among the star headliners in this big diversity of good things. The show will spread its tents on the grounds at Marion, Tuesday, Sept. 23rd, one day only afternoon and night.

HEBRON
The meeting closed Thursday night with a good crowd and a great service. The rain Friday night was greatly appreciated. Ed Cook, Jr., has resumed his work again at V. T. S., at Elkton. Edward D. Stone, candidate for Representative, was making an active canvas in this section last week. Bob Knight, who went to Paducah last week for an operation, is some better. Walter Green, of Florida, spent several days last week with his sister, Mrs. Perry Watson. L. J. Daughtery was in Marion, Saturday. Mr. and Mrs. S. H. Franklin, of Marion, visited relatives and friends in this neighborhood last week. Percy Goodwin, of Evansville, is spending a few days with uncle, Ed Cook. Miss Allie Wathen visited her grandfather at Clementsburg, Saturday and Sunday. Miss Ena Clark and brother, Dennis, and Vernon Paris attended the box supper at Oak Hall, Saturday night. Are you coming? Where? To the "annual school entertainment" given by the pupils of the school at Hebron. Complete announcement, later. The meeting at Hebron closed Thursday night with two professions and several additions to the church. The

preaching was done by Rev. Robert Lear, of Marion, and at every service he delivered an excellent address in his own forcible way. He also led the singing, assisted by Miss Ruth Cook, organist; and Miss Allie Wathen, cornerist.

LILLYDALE

Mack Sutton and family left for East Prairie, Mo., Tuesday to make it their home.

Miss Marie Gass was a pleasant guest of Miss Etta Boister, Saturday afternoon.

J. F. Deboe is on the sick list this week.

J. O. Jones said he had 150 rows of peas that would make one bushel to the row. He has picked several and aims to pick one hundred bushels before he mows the vines.

Mrs. Etta Grindstaff and Mrs. Mina Allen, of Crayne, were guests of Mrs. Altie Gass one day last week.

Miss Mary Deboe has returned home after a four weeks' visit to friends and relatives in New Albany, Ind.

D. E. Boisture and family spent Sunday with Albert Elkins, of Midway.—Old Hickory.

WESTON

We had a fine rain in this vicinity Friday.

Miss Mayme Garrett spent the past week with Mrs. M. L. Wilson.

Mrs. Jeraldine Rankin and son, George, were in Marion Wednesday.

Mrs. Katherine Winn and little daughter, Lucile, and Miss Nonie Winn spent Saturday with her mother, Mrs. Liza Hughes.

David Hughes and sister, Miss Ruby, attended the ball game at Ford's Ferry Saturday afternoon.

Mrs. Flossie Hughes and children spent Saturday and Sunday with Mrs. Lily Walker and family.

BROOKLYN TABERNACLE
BIBLE STUDY ON
WHO IS MY NEIGHBOR?
Exodus 20:12-21—Sept. 14.
"Thou shalt love thy neighbor as thyself."—Lev. 19:18.

THE Ten Commandments were written upon two stone tablets. One bore the first four commandments, appertaining to God; the other, the remaining six, appertaining to humanity. The essence of these last six was expressed in Jesus' words, "Thou shalt love thy neighbor as thyself."

Whoever loves his neighbor will not intentionally injure him in act, word or thought. Hence, Love expresses the full measure of the requirements of the Law. (Romans 13:10.) Love is at liberty to do more than the Law requires, but cannot do less.

While only Christians are credited by the Lord with fulfilling the requirements of the Law—because of the allowance made for their weaknesses on account of their relationship with Christ—nevertheless, the Jews and many others have been blessed in proportion as they endeavored to fulfill the Law. Hence it is wise and proper to lift high the Divine standards.

Honor Father and Mother.

All parents are deserving of consideration from their children. Yet, of course, the degree of respect must depend upon the character of the parents, to some extent. With disobedience to parents rank and rampant everywhere, it may seem a hard saying, but we believe it true, that the child's disobedience is due to the parent or the guardian.

The child may have been ill-born. Discontent and rebellion in the mother's mind during the period of gestation may have so marked the child that no amount of training may fully recover it. In such a case parents may well be patient with unhappy, disobedient dispositions in their children. Perhaps the parents were only partially to blame. Perhaps their minister did not preach the laws of God, their human operation and the penalties of their violation, but gave flowery essays and anecdotes containing neither food for the spiritual nature nor assistance in understanding and combating the human weaknesses. Perhaps the father forgot that he had a duty toward his offspring, chiefly served by assisting his wife to thoughts of kindness, gentleness, nobility, etc.

A modern writer of influence holds that Sunday Schools, while accomplishing good in one direction, have also weakened the respect of children for parents and released parents from appreciation of their parental responsibilities. One hour per week in Sunday School cannot take the place of continual parental supervision.

Statistics show that boys from sixteen to twenty years old constitute about one-third of all dangerous criminals, and that their proportionate number is increasing. Hence benevolent people should especially co-operate with the Divine command by encouraging obedience to parental authority.

"Thou Shalt Do No Murder."
Nothing in this command forbids the necessary killing of animals. Neither does it forbid the execution of criminals, for thus it would conflict with Divine Law elsewhere expressed, and practised by Divine direction.

This commandment teaches that life is to be prized, not jeopardized. Its spirit, Jesus declared, forbids an angry, murderous spirit, restrained merely by fear of consequences. This commandment makes it incumbent upon those employing labor or having supervision of others to safe-guard against accidents. To allow self-interest or love of money to perpetuate dangerous conditions is to violate this commandment.

Commit Not Adultery.
One result of man's fall has been depravity of sexual appetites—unchastity, lack of self-control. These tendencies lead away from God and righteousness. The family unit of one husband and one wife, originally established in Eden, is a corner stone of righteousness in both family and national life.

"Thou Shalt Not Steal."
To steal is to take from another his possessions. Some subtle forms of theft are through stock speculations, fake companies organized to take advantage of others, etc. Making false returns to the tax assessor is stealing. So are smuggling and failure to give agreed upon services for wages received. But the worst form of theft is stealing another's good name, in violation of the Scriptures.

"Bear No False Witness."
Daily is the spirit of this injunction violated, not only in misrepresenting what we wish to sell or buy, but by indirect statements, by a nod, a shrug, or by silence when it is understood to mean consent.

"Thou Shalt Not Covet."
Covetousness is a heart disease which has to do with every crime; for sin, have their basis in selfishness, which is covetousness. Whoever would keep the spirit of God's Law must guard against covetousness.

Mr. Newlucd—"If clothes can't be washed without all this steam and smell, I prefer them dirty."

Anty Drudge—"You silly children. Harry, you go down to the grocery and get some Fels-Naptha Soap. Nellie, you throw away that old-fashioned laundry soap and the wash-boiler and wash the Fels-Naptha way. Then you won't have steam, odor or hard work."

When house-cleaning comes along you'll find Fels-Naptha Soap just as superior in cleaning and scrubbing as it is in washing clothes. It will make dirt disappear; brighten dingy paint, oil-cloth and linoleum. It will remove grease and stains from carpets, rugs and curtains.

With Fels-Naptha Soap, hot water and hard scrubbing are not needed.

AN EXPLANATION THAT EXPLAINS.

Sunday School Lessons Made Easy and Interesting.

A Weekly Illustrated Article on the International Sunday School Topic to Be a Regular Feature in This Paper Hereafter—The Gift-Repaid, "I Don't Know the Lesson," Will Not Do Now.

We are pleased to announce to our readers that in this issue we begin the regular weekly publication of the Brooklyn Tabernacle Illustrated Articles on the International Sunday School Lessons.

These articles are written in easily understood but beautiful language, really explaining the Lessons, and go far towards making it a real pleasure for both teacher and pupil to meet in the class room at the recitation hour.

No longer can the busy or careless offer as an excuse for staying home Sunday morning the oft-repeated, "I don't know the lesson."

Teachers or pupils with ordinary mind can hereafter in fifteen minutes read the Brooklyn Tabernacle single-column article, and thereby creditably acquaint themselves among their fellows.

To those of our readers who are forced to miss the regular weekly class room exercises we are pleased to offer this feature as an excellent substitute.

Hundreds of editors throughout America are serving the interests of a mixed constituency by publishing this unsectarian weekly service, and we sincerely hope to do likewise.

MINUTES OF THE CRITTENDEN COUNTY, KENTUCKY, TEACHERS' INSTITUTE

Held in The Auditorium, of The Marion Graded And High School Building, August 4th to 8th, 1913, Marion, Ky.

(Continued from last week.)

Thursday Afternoon, Aug. 7.

After Prof. Foust and Miss Henri Easley had delighted the institute with several readings and impersonations the regular program was resumed.

Judge Blue, who was to discuss the lengthening of the school term, being absent Prof. Glass was called upon to discuss that question. He said that Crittenden was not yet ready for this step and that at present all effort should be concentrated upon the betterment of conditions as they are now.

C. H. Thompson in speaking of effective supervision of the rural schools said that better results could be obtained for the money spent on our schools if part of the funds could be devoted to supervision.

Prof. Craig told of methods of supervision employed in other counties of western Kentucky. In some, he said, an assistant teacher was employed by the county board and the expense met by an additional tax levy. In some places the school districts are divided into groups and one of the teachers in each group is selected by the board as supervisor of her district. This teacher is paid to teach an extra month before the other schools open, in order that the other teachers may observe her methods, this plan has not proved satisfactory. The instructor considered the best plan for supervision to be the employment of an office helper for the county superintendent so that he might use his time for supervising the schools.

Miss Glenn discussed the subject of Agriculture and Domestic Science in the schools. She thought that the greatest fault, at present, of our country schools is that the home life of the child is not related to his school work. To this fact, she said, belongs the blame for the number of fourteen year old boys and girls who leave school. She thinks that teachers are to blame for the number of country children who early leave the farm for city life and that the teaching of agriculture and domestic science will present this condition. These studies at school are needed, too, because of the lack of real training at home and the poor methods employed there.

After a five minutes recess Prof. Christian discussed the consolidation of the rural school. It is, he said, the great rural problem of today. Consolidation will help the rural district by giving it a better site for the school building, better equipment, a larger enrollment, aid in giving better grading, give a qualified board of education, enable correct supervision, provide for extra studies such as agriculture and domestic science, make the school a social center, provide for transportation of pupils and reduce the attraction of city life.

Prof. Travis announced that the following persons would serve as a committee on resolutions: Miss Margaret Moore, Prof. V. L. Christian, F. D. Hillyard, E. E. Phillips, and Miss Mary Towery.

Friday Morning, Aug. 8.

The opening exercises were conducted by Prof. P. M. Ward and after roll call the Institute resumed the regular order of work.

Prof. Travis again spoke of the importance of following the course of study as outlined by the state educational department. He asked the teacher to constantly refer to the bulletin on this subject and explained that doing this would not destroy originality nor present the adoption of the work to the needs of the school. He announced that the plan used last year of sending out examination questions to be used in monthly test would be followed this year and insisted that each teacher use the questions as sent. This plan, he said, would not enforce the following of the course of study but aid in establishing a standard for the county schools and help him in the supervising of the work done.

That portion of the program omitted on Thursday was taken up at this time the subject for discussion being spelling.

Miss Tress Koon said that all of the regular studies afforded material for spelling lessons every week. All written work should be watched for words often miss-spelled and these words used in regular spelling lessons.

Miss Akridge said that the use of the spelling book had an important place since the lessons were well graded and easily adapted to the regular needs of the classes. In the teaching of homophones, synonyms and the like as well as for phonetic drill, the present text book has splendid lists.

Mr. Hollis Franklin quoted the old definition of spelling, "The formation of words by letters," and said that too many teachers had confined their notion of spelling too closely to that definition. To be successful in teaching spelling, one must understand the relation of psychology to that study. Considered from the activities employed, spelling is a sensori-motor habit; that is it includes the action of some of the organs of spinal sense-sight and hearing and muscular movement, which in oral spelling, brings the vocal organ into action, and, in written spelling, the muscles involved in writing. It follows that all of the activities connected with spelling should be brought to bear upon it. Oral spelling and written spelling are both valuable, and the results of tests show that the highest percentage of accuracy is secured when both are employed. The successful teacher will therefore, use all proper means to fix the words permanently in the minds of the pupils.

Prof. J. B. Samuel said that the course of study plan for spelling was badly arranged.

Miss Claghorn described a model school house and its grounds emphasizing the importance of comfortable conditions as regards heating, lighting and ventilation. She said that much of the success of the school depended upon the correct location of the building, the cleanliness and general attraction of the school grounds and building.

The subject of history was outlined by months and discussed by Miss Bertha Rankin who thought that the general plan as given in the state outline could hardly be improved upon.

Miss Maynard said that in teaching history children should be shown how geographic conditions have affected mankind and no historical event should be discussed until maps and all geographical data have been consulted. Graphic illustrations are needed. Literature is most readily correlated with history tending to increase the interest, hold attention and aid the memory. In advanced classes the relation of civics to history should not be overlooked.

Mr. Fred D. Stone said that since the school was the foundation of the state the children should be trained for citizenship and that civics should be taught with that end in view.

Mr. Edward Stone in speaking upon the same subject said that the origin of government should be taught.

Prof. T. F. Newcom thought that the governmental problems of the present day should be discussed in the school room but, that care should be taken that the pupils should look upon the subject from the viewpoint of political economy and not from that of partisan politics.

Prof. Craig spoke of the fact that while this county had each year a number of pupils entering the county High School the percentage of common school graduates who did not enter was too high. He urged the teachers to get in touch with all pupils in their district who were eligible for entrance to the High School and by some means persuade them to take advantage of their opportunity.

After recess Prof. Christian asked the teachers to look up the list of pupils who have graduated from the school where they are to teach and if possible to see these boys and girls personally and talk to them about the importance of High School training.

The remainder of the morning session was spent in the discussion by the Institute of the state plan of a Daily Program. The discussion was most ably

led by Prof. Hollis Franklin. The following points are a few of those most emphasized:

No lesson assignment for first grade. Busy work plans a necessity.

Mid period recess for primary class. Orderly methods of passing out and a regular time for their return.

Writing classes during oral recitations by other classes. Supervision by teacher while other classes take their places.

Supervision of play ground activities by teacher. Hand work introduced at that time.

Lunch time should be also supervised by teachers. Can be used as a time for teaching domestic science.

In reading classes several periods should be used in studying lesson assigned before attempting to read it.

Mr. Roy Matthews called the attention of the teachers to the fact that writing is a much abused study under the present plan. He thinks that there is no excuse for any teacher who writes poorly. In teaching this subject he said that the first three grades should use pencil and the chief aim of the teacher should be to secure proper movement, then the pupils are ready for pen and ink and should use it.

Prof. Craig said that few schools were so crowded that all classes called for by the program (as given in state plan) were found. These class periods could be used as writing periods and correct supervision could be given by the teacher.

No time remaining for the remainder of the morning program work was suspended until 1:15.

CANNOT NEGLECT HIS OWN DUTIES

President Regrets Inability to Attend Put-in-Bay Perry Centennial Exercises.

Columbus, O., Sept. 16.—President Woodrow Wilson today notified Gov. Cox that he will be unable to be present at the Perry victory celebration at Put-in-Bay tomorrow and Thursday, saying that he is "kept away by the thought that no man can truly praise those who did their duty by neglecting his own." The President had been invited to make an address on the occasion of the celebration. His letter of declination and regret to Gov. Cox follows:

"It is a matter of deep regret with me that my duties here render it impossible for me to be present and share in the notable celebration of the victory at Put-in-Bay. I am kept away by the thought that no man can truly praise those who did their duty by neglecting his own.

"I need not attempt to characterize the great service of the men who won that notable victory. That, I am sure, will be done better than I could do it by myself and the others who will speak at the celebration; but I crave the pleasure of adding my tribute of unqualified admiration of the men who with so little did so much and crowned a difficult enterprise with singular glory."

"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Duncan, of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely." For sale by all dealers.

LOST-STRAYED or STOLEN.—3 head of calves; 1 jersey heifer 14 months old, 1 red heifer 9 months old, and 1 bull calf 7 months old left my place about one month ago. Will pay for information leading to recovery of the cattle.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: J. C. HALL, 2102, Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

Fire in Mayfield.

Mayfield, Ky., Sept. 14.—Fire Saturday night destroyed the grocery and residence of D. P. McGee, on East South street. The fire is thought to have started from a lamp at the rear of the store and was beyond control when discovered. The loss \$2,500.

Now They'll Worry!

New Britain, Conn., Sept. 14.—The Rev. R. T. Walsh, of the Roman Catholic Church of Our Lady of Mercy, has announced that he will not give communion to any woman who approaches the altar railing in a slashed skirt or indiarphanous garb. Moreover, he will not receive at his residence any woman who wears such gowns.

Bed breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 50c. Sold by Haynes & Taylor and Jas. H. Orme.

Found Woman's Foot.

Fisherman at Spring Beach, N. Y., caught a shark in their net that was 18 feet long and weighed 800 pounds. They got it ashore and cut it open and inside of its belly found a woman's foot bitten off below the knee. The belief is that it belonged to a woman who had leaped from an ocean steamship to commit suicide, or who had fallen overboard accidentally. The possibility that she was a bather is remote, because the shoe in which the severed foot was clad was of an ordinary street type. There was also a knitted stocking on the foot.—Exchange.

Sherrill-Russell Lbr. Co.
Gentlemen:-Paducah, Ky.,

Fancy Farm,
September 16th, 1913

Yours 12th., inst., received with memo., of lumber shipped same day. I received the lumber yesterday. If you treat everyone to material and workmanship as you have treated me I am now surprised that you are "swamped" with orders. I do not see where anyone could wish for anything superior. I am entirely satisfied so far. Just keep on shipping to keep me busy,

You are at liberty to use any letter of mine, or expression in same for advertising purposes. If same can be of any benefit to you I feel I owe that much to you for your promptness in filling orders, the high grade of material and splendid workmanship of all your mill work, and for your gentlemanly and business like treatment in all my dealings with you.

Herewith I send you check to balance my account in full of account for mill work and material. I am well pleased with the material and the work you have furnished. I thank you also for the courteous treatment you have accorded me during the course of our business transactions. If ever I am again in need of anything in your line I shall not fail to give you a call. I shall be pleased any time to see you at my new home in Fancy Farm. With best wishes for your success and prosperity. Yours truly,

Chas. A. Haesley.

Gave Wrong Dose.

Chicago, Sept. 16.—Left to guard his infant brother, Harry Klosky, five years old, last night gave the crying child something out of a bottle to make it quiet, just as he had seen his mother do. The baby fell into a sleep from which it never awoke. The "little father" missed the paregoric bottle by an inch and administered oil of wormwood.

Shocked To Death.

Mrs. W. A. Cunningham, formerly Miss Ada Ritter, of Hopkinsville was killed Friday night at her home at Athens, Ga., by an electric shock sustained while turning on a light in her bath room, following electrical disturbance that afternoon. The wiring had probably been done by green, unskilled labor, to save a few dimes.

NEW SALEM

(Delayed from last week.)

Corn cutting is in full blast on many farms. The fodder is about all there is to save, while on other farms there is a fair crop. After a careful examination of the crops we find the corn crop 10 per cent better than we thought for.

Uncle Sam Wolford accompanied by his son-in-law and daughter, Mr. and Mrs. E. L. Franklin, of Salem, left Saturday for a ten days' visit to relatives and friends in Indiana and Kentucky.

Mr. and Mrs. Charley Slayden, of Hampton, were guests of friends in this section last week.

Misses Beulah and Ruth Austin, of Piney Fork, attended the meeting at New Salem.

Mrs. Blake Hopkins and son, Robin, are guests of relatives at Marion.

The protracted meeting closed at New Salem Sept. 1st. There were six professions and one addition to the church. A most excellent meeting, the attendance was good and behavior excellent.

Our people are sorry to lose our obliging transfer man, Roy Forte, on the Salem & Marion route. Mr. Forte has accepted a position as manager of the Home Telephone Co., at Salem, and we feel assured he will give the patrons of this office all of the accommodations in his power.

In our weekly visit to Cross Roads last week we failed to see our old friend, Col. Rappolee, but saw Judge Stevens. We did not enquire after the Judge's health, as the old man looked like he had ran against a snag some where.

Mr. and Mrs. T. J. Wring, of Marion, were guests of friends in this neighborhood last week.

Champion & James have moved their saw mill from this neighborhood to Livingston county.

We heard a fellow say down at Cross Roads last week, that God had nothing to do with the falling of the rain. Now while we have never attended a theological school, but we believe God has. We would like to hear from some of the Bible students, readers of the Record-Press. Don't be afraid to say what you believe, and back it up by PROOF.

NOTICE:—T. A. Harpending still has left one sow and pigs for sale.

The peach crop in this community is the finest, in years.

Give us all the news of our section, births, deaths and marriages, the coming and going of the people, etc.

Loyd's Brain Leaks.

Aunt Martha Ordway says it was an unfortunate thing the devil tempted Eve in the form of a serpent. In what way? Well, if he had approached her in the form of a mouse, Adam would never have tasted that apple.

Albert Elder says the only one thing I'd like to do today, and that is to wallop the weather man in the eye with a big fancy snowball.

Our Sunday school superintendent said, "don't you think we ought to meet and pray for rain?" "No, replied George Reid, I have a better idea. Let us make immediate plan for a Sunday school picnic. That never fails."

Uncle Billie Loyd visited the Chautauqua in Marion, on returning home said to Ellen, "I saw a wonderful trick last night. A man actually turned a handkerchief into an egg." "Oh, that's

nothing, Mr. Loyd, last week I saw a man turn a cow into a field."

James Taylor said to Daddy Loyd, "say, old chap, didn't your better judgement tell you not to buy them hogs?" "No, my better judgement never tells me anything until after I've gone and made a fool of myself."

Dr. Bailey said, "say, man, what do you mean by putting your hands in my pocket?" "Oh, excuse me, I'm so absent minded I used to have a pair of pants exactly like yours."

A man called at Ben Wigginton's, asked his little grandson, "is your mother engaged?" "No, sir, aunt Sarah may be engaged but mama's married."

Tom Moore in papering his house said to his wife, "only one side of this wall paper is used, still they continue to make it with two sides."

Uncle Billy Loyd says the summer is almost gone and he has not caught but two lizards this year.

Alex Garner, who has been following a rain cloud for the past five days with a washing tub, has returned home empty handed.

Uncle John Parr has the rheumatism in his wrist so bad he can hardly lift a jug to his mouth.

Quite a number of people from Fredonia went to Bro. Bunch's tent meeting last Sunday, but the weather was so hot they couldn't half sleep.

They are trying to organize a brass band in Fredonia to play this winter. Simon Heath has a brass watch, and he would like to enter and will try to get the job of keeping time.

Uncle John Rice says the fleas this summer are finding it difficult to locate a hiding place in the dresses of our girls in Fredonia.

Simon Heath has resigned his position as representative in this territory for a patent watch, and is now dicker with a large concern that wants him to peddle wheat threshers through this section. Simon has sent for a sample by mail.

Letter From Texas.

Mesa, Tex., Sept. 9th, 1913.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Marshall:—

I am of the opinion that my subscription to the Press is again due. You will find enclosed check for \$1.00, for which I want to read the paper another year. Texas, with a great portion of these United States, has suffered a terrible drouth this year, but here in North Texas we have not been hit so hard, as in many sections, especially in the west part of the state. In some parts of the West a hundred acres will not make a bale of cotton, nor a bushel of corn. North Texas made one of the finest grain crops in her history and has a half crop of every thing else, so we are not suffering.

Marshall, why don't you in-

duce some one from Chapel Hill to send in the local items? More things can happen to more people in less time out there than in any locality in Western Kentucky. Yes, "hoop 'em up" out there, tell those people to either send in the news or quit making so much.

My wife's health, though still wretched, is much better than last summer.

Respectfully,
F. J. Clement.

Pigeons Come Home.

Washington, Sept. 15.—Wing weary after their flight homing pigeons entered in the big race of the Washington Racing Pigeon Club continued to arrive at their cotes through the gray of today's dawn. The birds, 200 in number, were turned loose Sunday at Cumberland, Md. By air route the distance is approximately 100 miles. The race home was won by an entry of William Crocker, which made the distance in three hours and fifty minutes.

Marion Boy In Hawaii Reads The "Press."

Toppenish, Wash., Sept. 13, 1913.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Sir:
Enclosed you will find money order for two dollars to pay for two subscriptions to the Record-Press, one to my address and one to my son, George C. Deboe, Co., G. 1st Infantry, Shofield Barracks, Hawaii.

I have been sending him my papers after I would read them but often I would want to see them after I had sent them away so I will have the paper sent to him. Please pardon me for not sending in my renewal before now. We are always glad when Press day comes, it is like getting a letter from home.

So hoping this is satisfactory.
Respectfully Yours,
Mrs. J. H. Young,
No. 2 North Fir street,
Toppenish, Wash.

And Now This Ringing Message From ANDERSON'S, of
Hopkinsville, to the Women of Western Kentucky.

TUESDAY AND WEDNESDAY, September 23rd., and 24th., the women in This section who have any thought for style and good appearance will come to the Fashion Show without fail.

We are now ready with our fall opening of Millinery, Ladies' Garments, Dry Goods, Shoes, and Men's Clothing, and with this announcement we are ready to say-

That those who want to look, will be just as welcome as those who come to buy. But this style show will be a great selling event and new, different, foremost and Dependable Merchandise will be sold for just a little less for those two days than any other time during the season. On these two days we give larger, better and sounder values than we have at any time been able to give before, and larger, better and sounder values than can be had elsewhere now, or at any time.

WE GIVE A FEW COMPARATIVE VALUES FOR YOUR GUIDANCE:-

\$18.75 for ladies' coat suits that would have sold last year for \$25.00 \$25.00 for ladies' coat suits, more than 100 to select from, would have sold last year for \$30.00. \$30.00 for ladies' coat suits, big assortment for your choosing, would have sold last season for \$35.00 \$35.00 and \$40.00 for the season's most wonderful tailored suits, would have sold last year for \$50.00

IN THE SOUTH YOU FIND LITTLE WOMEN-HERE YOU FIND SUITS FOR LITTLE WOMEN.

\$17.50, \$19.75 and \$25.00 for lovely tailored suits for little women, more than one hundred suits for choosing-priced \$3.00 less than you have ever seen them at any time or place

MINUTES

(Concluded from page 6.)

Friday afternoon, Aug. 8.

Prof. Craig's afternoon address was a most fitting culmination of a week's work in giving information and inspiration to an attentive and appreciative body of teachers. He said in part, as follows:

"There are one million people in America earning their bread by teaching. Teaching is a profession, and the best organized profession. One should enter the profession with a certain amount of seriousness. Man's condition in the future world depends on how well he does in this. The word pedagogy originated from the idea of slave. Teachers were the first to set a standard of requirements to enter the profession. An idea made against the teacher is that he is a policeman. Ninety per cent, (90), of the families in the cities have no control over their children after they are 14 years of age. We hear of the 'land of the free and the home of the brave.' We are persuaded that none are free but the children, and no one brave but the teacher.

Another thing that makes against the teaching profession is poor pay. Yet when the average salary was thirty-two dollars per month, that was more than many really earned.

No parent will become enthusiastic over a teacher who does not get results.

If a teacher is successful every child greets him and people welcome him. Social ostracism is the result of associating so long with immature boys. A woman will become dogmatic and the world does not like it.

No one has a right to persecute school teachers. They get the smallest salaries for the time given. Trustees do not grant favors to the teachers when selecting them. Teachers do not want a pension, they want a living wage, and when we get efficiency we will get it. What if there should be a strike and all these children turned home to their parents?

Teaching is a profession of culture, and although we are not as highly educated as we should be, yet we are the best educated profession in America.

Teachers set their social standard and select the society they wish. The teachers' greatest reward is the association of children.

Louis Agassiz was offered fifty-thousand dollars for one and one-half years of lectures but he said his "boys" needed him, he could not go. The only inscription on his monument is "Aare lies Louis Agassiz, Teacher."

When you say "teacher" it means service.

The Institute was pleased to have Prof. Jas. U. Snyder present and were delighted to hear another of his instructive talks.

After expressing his appreciation of, and his interest in the school people of Crittenden county he gave a most interesting talk containing many helpful suggestions to the teacher who desires to succeed.

He used as his subject Deut., 6:7. "Thou shalt teach them diligently." The quotation is taken out of its context, but there is a world of meaning in it. Christ drew his disciples away from the multitude and instructed them. He did not give a number of commandments but taught them. 'Twas not, 'Thou shalt not,' but, 'Blessed.'

The letters composing the word "teach" suggest characteristics of the ideal teacher.

"T" stands for the first requirement of the teacher, "tact." It could also stand for "tenacity," for it is needful to have back-bone to stand for what is right.

"E," enthusiasm, a teacher without enthusiasm is a failure.

"A," Teachers may have "tact" and "enthusiasm" but it is also necessary to have "activity."

"C," "courage," or it could stand for "conviction."

"H," sympathetic "hand." The use of the whip is the acme of ignorance. The only excuse for whipping is in self defense.

The Golden Rule applies in the school room as well as any where else. Byron W. King says you can't pay teachers in money. Teachers have been called to a great work and the constant prayer of the teacher should be "Lord make me equal to my task."

Judge J. W. Blue and Prof. Dickey, of Bowling Green, gave most inspiring talks.

Mr. Lewis Matthews in a most enthusiastic manner, in behalf of the teachers of Crittenden county made the presentation speech, giving to Prof. Craig a watch-fob as a token of their appreciation of this week of instruction.

We the committee on Resolutions beg to submit the following:

I. That we extend to the Board of Education of the Marion School our sincere thanks for the use of the School Auditorium.

II. That we express our appreciation of the courtesies of the various educational journals and publishing houses.

III. That we extend our thanks to Mr. Richardson for his services in leading the singing; to Prof. Jenkins, of Dawson; to Prof. Dickey, of Bowling Green; to Mr. Gehres, of the American Book Company and to Mr. Keller, of the Macmillan Company, for their interesting talks; to Mrs. Williams, of Louisville; to Dr. Frazier and Dr. Matas, of Bowling Green, for their practical addresses on hygiene; to Miss Holtzclaw, Miss Easley and Mr. Howerton for their most entertaining readings.

IV. That we highly appreciate the faithful services of our Institute officers, and recommend that the Institute fee of the Secretaries be refunded.

V. That each and every teacher of the county, do their utmost to make their work conform to the course of study as prescribed by the state in order that there may be efficiency and uniformity in the school work of their county.

VI. That Crittenden county prepare an exhibit of school work to be taken to the Kentucky Educational Association and that we, as Teachers, attend this meeting and urge our trustees to do the same.

VII. That we, as Teachers, urge the pupils of the districts in which we teach to attend the County High School after graduating from the Common School.

VIII. That we recommend that as much work be done in Domestic Science and Practical Agriculture as is possible under present conditions and that it be made a part of the regular school course after the year 1914.

IX. That we as an Institute highly appreciate the work of Prof. Craig and recommend him to any Institute wishing to secure the services of an efficient and enthusiastic instructor and a most earnest friend of every teacher of Kentucky.

X. That we appreciate the progressive spirit of our county Superintendent and his untiring efforts to raise the standard of school work in Crittenden county.

XI. That the resolutions committee be appointed at the organization of the Institute of 1914, in order that they may be able to do efficient service.

THE END OF TUBERCULOSIS

Early Cases of Consumption.

By ALBERT H. GARVIN.

Tuberculosis occurs, unfortunately, at the time of life when most people have assumed their life responsibilities. The progressive case in whom there is neither a personal fault nor a fault in the environment that can be discovered, who becomes accidentally overwhelmed by infection, represents a loss of life that is due only to infection by the bacillus and a loss which need not have occurred if it is really possible to cause this germ disease to disappear. We know that we can alter this situation according to our knowledge of the disease and its nature, and we can correspondingly promise a hopeful outlook provided we can obtain the patient in the early stages of his infection. Remove any personal bias that objects to the acceptance of the necessary discipline called the simple life and remove responsibilities that the patient is unable to cope with, and he will usually get well.

PYRAMID OF GIZEH NO LONGER ENIGMATIC.

Unexpected Conclusions.

The very stones of the Great Pyramid of Gizeh are crying out in no uncertain tones. Every inch of the massive structure, with unerring precision, reveals the solutions to problems which for centuries civilized nations have spent fabulous sums in vain to find and which men of science have encountered hardships to analyze.

This wonderful testimony of the Great Stone Witness, with its general description and storehouse of Truth, scientific, historic and prophetic, with Bible allusions to it, the importance of its location and verifications of astronomical and geographical deductions, is an extensive chapter of a volume which may be obtained by sending 35 cents to the Watch Tower Society, 17 Hicks Street, Brooklyn.

HIT RESPONSIVE CHORD LAST WEEK.

Teachers and Students Helped by the Week's Lessons.

A Splendid Article This Week—Sunday School Recitation Made Enjoyable by Reading These Excellent Sermonettes. A Splendid General Knowledge of the Bible Will Necessarily Follow.

Of interest to all our readers are the Brooklyn Tabernacle Articles on the International Sunday School Lessons. These articles are written for everybody—the teacher, the pupil, the stay-at-home and the skeptic. All will find this week's lesson "worth while."

Some people can prosper and maintain a respectable standing among their fellows without being familiar with Shakespeare, Virgil or Emerson, but none can afford to lack a general knowledge of the Bible. No matter how many curses rest upon an individual he is not excused if found ignorant of the general teachings of the Scriptures, acknowledged to be The World's Most Wonderful Book.

By a personal, better still, by a systematic study of a series of these articles on the Sunday Lesson, a splendid general knowledge of the Bible will necessarily follow. Therefore we again with pleasure call our readers' attention to the one-column Brooklyn Tabernacle Bible Study, on the International Sunday School Lesson, appearing regularly in this paper.

Notice To Correspondents.

Each correspondent is expected to send in the items of news, however few, each week, but in no case less than twice a month. Those who do not do so will of course not blame us for getting others in their neighborhood to write the news. Papers will not be sent free any longer to those who do not send in items.
