A Word To The Voter.

Dear sir:

Come and see if

We have just re-

The watchword of modern business is efficiency. In these days of graft and spoliation of office it is cheering to the voter, and fitting that we note and point out a County officer who has risen above the spoils of office, and in a modern efficient way placed his office high in rank among similar offices in the State of Kentucky.

This was done by hard work and close application to the office to which the people had elected him. It was done by eliminating bad and cumbrous methods and adopting the best business methods. This refers to Mr. Learner Guess, present County Clerk of Crittenden county., who is now a candidate to succeed himself this coming November election, 1913.

Now to call to mind and corroborate the foregoing few lines, (lest some of Crittenden's voters forget) we have herewith a notice published in the "Crittenden Record Press," August 24th 1911.

Learner Guess Complimented.

Mr. W. S. Carver, from the State inspector's office at Frankfort, Ky., was in the city last week, and while here he said that he found the County Clerk's office in better condition than other one in the State. He also said the "Recapitulation of Assessment of Property for Taxes" sent in by our Clerk was one out of eight or nine, of the 119 counties, that was gotten up correctly and in first class shape. He said there were many of their recapitulations that had to be returned to the Clerks two and three times for correction, before they were in condition for the State Board of Equalization to work on. All of which goes to show that we have the best County Clerk and assistant in the commonwealth, of which we should be thankful. But correctness and accuracy are not all of it either politeness and a quick and willing response to all requests forinformation as to the county's affairs is put into practice in our clerk's office. No one no matter how poor, or humble of birth is ever met with a scowl or an unpleasant look but are assured by action and word the Record's are theirs and that it is a pleasant duty to furnish the desired information when possible. So far as we are concerned we hope they may be

On September 21st., 1911, there was another publication in the 'Record Press' of a letter received by Mr. Guess from State Inspector, W. S. Carver. This publication is as follows:

County Clerk Guess Complimented.

Learner Guess received a letter last week from the state inspector and examiner, which he is proud of as it shows that his books are being used as a model and were pronounced "correct in every respect." Below we print the letter.

Mr. L. E. Guess, Marion, Ky. My dear Mr. Guess:

I exhibited your recapitulation book for 1911 to the County Clerk's Association which met September 7 and 8 as a correct recapitulation in every respect and upo

THE ROAD

He Visits The Thriving Villages Of Tribune, Iron Hill And Shady Grove.

Our representative, Rev. J. B. McNeely, in his perambulations last Saturday, made three stops, attended a great revival, and did eight hours work for the Record-Press.

Our first stop was at Tribune. Here Miss Ruby Towery holds the keys to Uncle Sam's mail department.

Willis Towery is in charge of a stock of general merchandise. In church circles the place is known as Hill's Dale. It is five miles east of Marion.

We made our next call at Iron Hill, ten miles east of Marion. J. N. Dean is doing a fine business here in the way of general merchandise. After getting all the news and doing some business in a substantial way, we passed on to the blacksmith poison which had developed folshop of M. V. Sutton's. Mr. Sutton is the village smith for recovered from this shock and all that section. He is known had kept close to home and much for miles around as the expert of the time in his chair, since. horse-shoer. Then he grinds your corn while you wait. If you need anything in his line call on him.

Grove?"

book and told him to "turn in" and we'd investigate.

There are four general merchandise stores. G. H. Towery Miss Lizzie Glenn, related to the deals in dry goods, groceries and large family of that name in this soft drinks. .

You should call on Garret for staple goods, and in the same

George Moore.

George Moore, one of the county's oldest and best known citizens died last Wednesday morning Oct. 1st, 1913, at 11 e'clock at his home eight miles northwest of this city. He was in his 88th year, and is survived by his 2nd wife, who was Mrs. Nannie Jacobs, nee Jennings. His first wife who died many years ago, was Miss Sarah Minner. No children survive, one brother, P. Coleman Moore, is the only near relative.

The interment took place Thursday at noon at Hurricane cemetery, Rev. G. Y. Wilson officiating.

Mr. Moore held his membership in the Hurricane Methodist church for many years.

Several years ago Mr. Moore had the misfortune to lose a foot by amputation which became necessary on account of blood lowing a out. He never fully

THE WICKEDNESS

Of 1he White Slave Traffic-Plan Given For Wiping It Off The Earth.

Sullivan, Ky., Sept. 29. Editor Record Press:

I wish to write you a letter for publication and I think, when you have read it, you will agree with me that it is upon a subject that deeply concerns people that belong to all churches, and all people who are in favor of a strict enforcement of the laws.

The subject is The White Slave Traffic, the greatest crime in the world's history. Samuel H. London, an investigator for the Federal Department of Justice, is authority for this statement: that girls are sold at auction in New York City by white slave traffickers. The African slave marts were less atrocious than the present day white slave auctions in New York and elsewhere. In New York, he says, here are 26,000 white slaves, most of them under the age of 20 years, are held practically captives by masters from whom

they cannot escape if they would They earn, at the cost of their lives, \$57,000,000 for the well fed, gaudily dressed men who you and you fail to help stamp have enslaved them.

tions. In the bids, the figure out works is dead? and beauty of the slave are considered as much as the price. At times the auctions are as wild and mad as the floor of the stock exchange.

the white slavers have a code by which agents in one city report the escape of a white slave in another. I could write a great deal more of what Mr. London states, but it would take too

much space in your paper. Well, some one will say, how are you going to suppress it? I say, by organization and strict enforcement of the law. I will give you my plan for consideration. Organize-and why not organize in the town of Marion? Let the Marion bar and the ministers of all the churches, with their members, meet and write out their by-laws and pass resclutions and have them printed in pamphlet form and send them to ministers of all churches in city, town and village and thro out the rural districts. If the awyers, ministers and business men of all professions would go in this organization they could, with very little expense, organ ize this nation inside of three months.

White Slavery, Florrors of The Traffic, that I receive from Mr. Arthur Cappes, of Topeka, Kansas, who is the publisher of Capcopy for each subscriber up to 10,000 copies for the small sum of 25 cents for a year's subscription to his paper. If he can send Sunday school children were to

armed.

If I were to give this organicontroversy, involving the ex-zation a name I would call it the penditure of many hundreds of Silver Cross of Christ, and all thousands of dollars, are former its members should wear it. Kentuckians-Gov. Cruce, of There should be some laws enmen and women. Regulates bladder Western Kentucky, upon one end acted by the state legislatures, and Superintendent Robert H. and the general government Wilson, of Southern Kentucky, prohibiting any public conveyupon the end.—Oklahoma City ance to carry any passengers, especially city cabs, unless using the silver cross, for the city cabs are the devil's choice conveyance to spirit away the innocent girls to those living hells.

Oh, that all the business men were like Arthur Capper, Edwin W. Sims, Harry A. Parker and other notes men I could mention. A organization of this kind should be established in Canada, in fact all over the civilized worl i, for the safety of girls of all nationalities. Our show. girls would be safe in visiting foreign countries and the girls the school house Thursday night. of foreign lands would be safe in landing upon our shores.

Now, fathers and mothers, you must not look for Satan to enter your homes and cloven feet, he always comes perfumed up, an oily tongue, a darling black and take part.-LITTLE Rose. mGstache and a heart as black as the demons of hell. He is always dressed in the height of

WOODVILLE, MISS.

Woodwille, Miss., Sept. 29, 1913. Dear Marshall, there were so many of my friends asked me to write to them, and I promised all of them I would, so every oppportunity I have had I have oeen writing. I have already written 28 and have hardly begun, so wanting to write to all, I trust you will let one letter reach all, through the Record-Press. I feel like I want to address you and all those who read this letter by saying "dear friends," the arrangements for my leave from Marion was so sudden that I felt very serious about it for I realized it would be a task for me to go away from my kindred and friends with the expectation of not seeing them for at least one year and knowing that many of them I would not get to see any more before I had to leave, yet it did not become so very serious until I went out to my old home, where and by whom I was raised (or whose watchcare I was under,) uncle Wyatt Hunt, then it was as I code away from there I began to recall to mind many, many things there it was I spent my 21st., birthday with grandfather, grandmother and uncle Wyatt. Never before in life had I felt sadder than I did that day. I spent a good portion of the day wiping tears ple speak of being free at the age of

watchcare and protection of these three and now it was I had to go out into the world and think and plan for my-Texas. The snow accompanied self and I felt as I do today, unpre-Nick Murray and daughters, Misses a fine cold drizzle. The temper pared for the task, yet I had to go and my mistakes have been more and greater than I anticipated and had it not been for the comforting words and prayers of my friends and the promises given in Holy Writ, I don't know where I would have been today. But as I rode away from uncle Wyatt's I could not help looking back but after. got out of sight, the thought of busi ness took up my time principally for the day and until about 8:30 o'clock at night, then I went out to spend the remainder of the night with my sister, Mrs. S. R. Gass, and family, but when I went to the station in the afternoon to start and saw so many of my friends there and found they had just come to provements, well fenced and wa- tell me good-bye, wishing me success and in telling me good-bye, so many would say "God" bless you," I knew that meant something, yet I had not realized all, and did not until the train rolled away and the white handkerchiefs began to wave and the farther away I got, the higher they went and continued until I got where I could not soe. Then it was I said, "Oh, Lord, if my arms were long enough, I would Navigation on the Yukon and reach back and embraced that entire White Horse rivers is expected crowd," and had I had time, it would to close early next month. The have done my soul good to have got off last shipments of freight for of the train and gone back and got Dawson this season will leave down at your feet and thanked you Vancouver tonight. The last God bless you all.) Please pardon me boat down the river from White for mentioning any one's name, but there were an expression on the faces of J. Wesley Lamb, T. C. Guess and George Yates when they said goodbye that I never can forget. They were my neighbors. They said "re member me." Oh, how I do wish was as sure of meeting everyor again as I am them.

When I got to Princeton the Louisville train was 31 hours late so I went with Charley Paris' and eat supper. I "Good news travels fast, and the left Princeton at 8:40 p. m., and had the most agonizing time was when I Mrs. E. Kesling, Hopkinsville Road, had been slumbering and awoke and Princeton, Ky., says: "Some years looked out just as day began to break, ago I was taken to my bed by an acute I could not keep from turning my eyes attack of kidney trouble. I had severe toward home yet I knew I could not see pains in my back and shoulders. I it. Then it was my mind ran to Daniel had rheumatic twinges which racked when he got on his knees before the my whole body. I was nervous and window looking toward Jerusalem and my sight was effected. I tried many poured out his soul to God, and I felt remedies but none gave me any relief like it would be a relief to me to get until I used Doan's Kidney Pills. I upon my knees with my face toward found they were the only-remedy that Marion and ask God's blessings upon

GLENDALE

Miss Addie Franks spent the past two weeks visiting her niece, Mrs. Kelley LaRue, of Deer Creek.

Joe Lindsey and daughters, Misses Grace, Mattie and Bertie, visited relatives near Dycusburg recently. Uncle George Moore has been in a

very citical condition for the past week. Little Miss Kuth Belt, of the Oak Hall section, was the pleasant visitor of Miss Ruby Armstrong last week. Several from here have been attend-

ing the meeting at Deer Creek which

Co., is the guest of her sister, Mrs. George Moore.

T. C. Yandell now resides in the Dave Franks old house recently vacated by H. E. Turley.

Bob Belt, who has been working at Fairview, came home Sunday.

Glendale school is looking forward with great interest and expectation to the "School Fair" which is to be held at Hurricane, Oct. 18th, and hope to bring home some blue ribbons.

Mrs. Dink Lynn visited her sister, Mrs. Jesse Franks, of Siloam, last week. Mrs. Franks exspects to leave Field Day at Baker which was a soon for Colorado for her health.

Work is progressing nicely at the Commodore. The mill is running every day.

We understand that the meeting at Siloam is to begin Monday night after the first Sunday in Oct. The singing will be conducted by Robt. Lear.

We want to urge the parents to bring the children to Sunday school each Sunday in the quarter. Literature has been ordered for all and we hope to have an interesting school.

Stewart Clark, of Oak Grove, spent Sunday with his brother, Joe, at A. G. Cline's.

Clarence James, of Marion, was in this neighborhood last week with his engine furnishing power to fill the silos at T. E., and G. P. Griffith. We are glad to have such wide-awake

Mrs. W. T. Terry and daughter, Miss Ruth spent Wednesday at the home of T. E. Griffith.

The Hyomei treatment that has effectively benefited many thousands of sufferers from catarrh, bronchitis, husky voice and colds in the head is easy and pleasant to use. Just pour a few drops in the inhaler and breathe it in-no stomach dosing. The healing, is being conducted by Rev. Egbert, of soothing and antiseptic air will reach every nook and crevice of the mucous Mrs. Mont Tabor, of Livingston membrane of the nose and throat; will surely stop crusts in the nose, raising of mucus, hawking and that chokedup feeling. It will quickly allay the inflammation and banish the disease or money refunded by Haynes & Taylor. A complete Hyomei outfit, including inhaler and bottle of liquid, costs only \$1.00, and an extra bottle of liquid, if afterwards needed, is but 50 cents.

WILL MARL WAR RATE REDUCTIONS

Synopsis of Measure on Which Special Session of Congress Has Been Working.

MARKED CHANGES IN THE AVERAGE DUTIES

Democrats Confident That the Country Will Be Benefited by the Alterations, and That Business Will Remain Unaffected - Ad Valorem Rate in the Bill is From 27 to 29 Per Cent., in Payne-Aldrich Bill They Are 40.12 Per Cent.

Washington.-The Democratic tariff revision bill, first on the program of reforms mapped out when President Wilson came into office, advanced to its last congressional stage when it was brought back to the house from the joint conference committee with the unanimous indorsement of the Democratic conferees,

The measure, of course, has both its friends and enemies. According to the administration, it carries out four of the party promises. Tariff reform, reduction in the high cost of living, campaign against the trusts, in that duties have been taken off of many trust made article, and the in-

The measure, consequently, has a larger importance than that of a mere tariff reform bill, and its effect must be widespread, both on business and industry, and also in connection with politics. Democratic leaders are confident that business will suffer no unbenefited.

Changes in the Rates.

The bill imposes an average ad valorem rate of from 27 to 29 per cent. The average for the present Aldrich law is 40.12 per cent. The average for the Wilson-Gorman act was 39.45 per cent.

Duties generally have been reduced on all of the articles that enter into the necessaries of life, including the products of the farm as well as manufactured products. Trust made products in many cases

have been transferred to the free list or the duties at present imposed have been substantially reduced.

The income tax feature of the bill is expected to net some \$83,000,000. It unmarried persons of \$3,000 and up-

plus of \$16,000,000 over all expenditures at the end of the present fiscal

For stockings between 70 and \$1.20 a dozen pairs a duty of 40 per cent. was agreed upon.

The conferees eliminated the provision inserted by the senate denying entry into the American market of goods manufactured by children under

14 years of age. The final agreement provided that any person employed to collect the income tax may be utilized by the secretary of the treasury in the general service of the internal revenue bu-

Larger Custome Revenues. "The customs revenues will be larg-

er for the current year, 1914," Senator Simmons said, "because the rates of the Payne-Aldrich law have been for the force quarter, and will continue in force on wool and woolen goods until January 1, and on sugar until March 1. When the next fiscal year begins, July 1, 1914, all the rates of the new law will be in operation and the tariff duties collected will be

The income tax which is collected for the calendar year can be collected for only ten months of the present year, as the law specified that collection shall not go back of March 1, 1913. The estimated decrease in the tetal expenditures of the government for 1914, \$5,000,000, is based on the fact that smaller expenditures are expected for the army and navy estimates."

The balance of the total estimates, as given in the treasury estimates, is made up of postal receipts, internal revenue receipts, the profits from public land sales, and other sources of federal income.

Agricultural Products and Provisions. Cattle, sheep and other domestic animals suitable for use as food, wheat and wheat products and eggs, have been transferred to the free list. Reductions have been made on oats, butter, beets, frozen eggs, peas, greenhouse stock, zante currants, chocolate and cocoa sweetened and extracts of meats from the rates provided by the house. The rates have been increased over those provided by the house on broken rice, fish packed in oil and ground spices. A rate of 20 per cent. ad valorem is placed on ground spices in addition to the spetoward effect; that consumers will be . cific rate provided by the house on unground. The senate receded from the reduced rate placed on flaxseed and its amendment placing a duty on bananas. The house classification on lemons and other citrus fruits is ac-

Schedule H, Spirits, Wines and Other No changes of importance are made in this schedule. The rates on ginger ale and similar beverages are slightly decreased on bottles containing not more than one-half pint each. The senate receded from its amendment placing an internal revenue tax on grape brandy used in fortifying sweet wines.

Papers and Books. The house rates have been reduced

on common paper, box, boards, papers will call for a tax on net incomes of partly covered with metal leaf or gelatine and plain basic papers for that if the exporter refused to allow should certainly be sufficient to give wards and on net incomes of married albumenizing for photographic print- such examination an additional duty ing. The rates provided by the house of 15 per cent. ad valorem can be imfor surface-coated papers suitable for posed on his exports. covering boxes has been increased from 35 to 40 per cent. The senate amendments placing specific rates graduated according to thickness and size have been agreed to with several reductions in the rates provided. The

equivalent to the ad valorem rates provided in the house bill. A specific rate has been placed on lithographic views of scenes and buildings located in the United States instead of the advalorem rate provided by the house. This amendment results in an

increase in the rate of duty. Roman, Portland and other hydraulic cements, limestone, rock asphalts, asphaltum, and bitumen have been transferred to the free list. The house rates have been reduced on lenses, surveying instruments, telescopes, microscopes, photographic and projection lenses, in increased on strips of glass for lenses and gauges, opera and field glasses. A new classification has been made for unmanufactured mica and a rate of 4 cents per pound placed on all valued at not more than 15 cents per pound, and 25 per cent, on that velued at more than 15 cents. This results in an increase over the house rate of 30 per cent. on the cheap glass of mica, costing less than 14 cents, and a reduction of all that is valued at more than 15 cents per pound.

Cotton Manufactures. The senate classification of cotton oloth, according to the average number of the yarns contained therein, was accepted, instead of the house rovision for the highest number. This lightly decreases the rate of som fancy weaves and nevelty cloth, on the greater bulk of cotton cloth th rate is not affected. The rates on bleached and dyed colored yarns are increased and on cotton yarns and cloth made of yarn, from numbers 79 to 99. The rates on handkerchiefs or mufflers, not hemmed, have been deduced from 30 per cent., as provided by the house, to 25 per cent.

WORK DONE IN CONFERENCE

Alterations That Were Made From the Original Underwood Bill Passed by House.

A summary of the agreements informally announced from day, to day during the conference work shows in comprehensive manner the following important alterations of the original Underwood bill:

The tax rate on incomes of more than \$75,000 was increased by a graduated scale from three per cent. to seven per cent., and the exemption reduced from \$4,000 to \$3,000 for single persons. The new provision allowing a \$4,000 exemption for a married person provides "that only one deduction of \$4,000 shall be made from the_aggregate income of both husband and

wife when living together." Articles added to the free list include pig iron, ferro manganese ore cheap grades of iron; cattle and other food animals; wheat, flour, flax, hemp, sugar refining machinery, school text books, sand blast machinery, indigo dyes, moving picture films, cement and asphalt.

Some Increases Made. Increases from the house bill in-

Angora wool and articles

from it. Silk ribbons and narrow fabrics from 40 to 45 per cent.

Lithographic views of American Surface coated paper suitable for

covering boxes, from 35 to 40 Many kinds of acids.

Some kinds of paints.

A new classification for woolen stockings, gloves and mittens makes a reduction from the house rate on those valued at less than \$1.30 a dozen and an increase on those above. Reductions from the house rates in-

Common paper boxboards. Papers used for photographic prints

Wearing apparel made of cattle or goat skins. Fur hats. Rough forms of dog and goat skins.

Camel's hair press cloth for use in cotton oil mills Cotton stockings and half hose,-Perfumed and medicated soaps.

Crude chicle. Linseed oil. Chlorate of potash

High-power lenses, surveying instruments, telescopes and the like. Butter. Beets and other vegetables.

Extracts of meat.

Currants. Chocolate. House Rates Changed. Through a reclassification rates will be slightly reduced from those fixed

by the house on fancy grades of cotton cloth. The tariff on automobiles, fixed by the house at 45 per cent, and radically cut by the senate, was compromised by making a new classification of automobiles valued at less than \$2,000, for which a rate of 30 per cent.

was fixed. The 5 per cent, rebate in tariff made by the house bill on goods brought in American ships was retained with the added provision that it should not "be so construed as to abrogate or in any manner impair or affect the provisions of any treaty"

the United States has. That portion of the house bill requiring foreign manufacturers or exporters to submit their books to American custom agents was amended so

Section 8 of the Cuban reciprocity treaty, which provides that Cuba should have a preferential rate of 20 per cent, on sugar and that the general tariff of the United States should not be reduced below the figures of rates agreed to are approximately the Dingle tariff law of 1897, is reSherrill-Russell Lumber Co.

Paducah, My.

The West Kentucky Coal company his placed order, with the Sherill-Russell Lumber company for material for thirty new barges which will be built at their Paducah barge building plant.

The order is a huge one, comprising one million and eighty-five thousand feet of he mber and, counting fifteen thousand feet to the car. seventy-three cars will be required for its transportation. If carried in one train it would stretch itself out for over one half mile or more. A wide variety of the Ler is on bracco in the requirements. Six hundred and sixty-five thousand feet of Douglas fir, timbers will be thipsed from the Pacific northwest. And there will also be three hundred thousand feet of long yellow Pine, orginating at Shertill-Lussell's own mills in Lovisana, one hundred and fifty thousand feet of long steamboat white oak lumber, which will be sawad by the should!-King Mill & Lumber Company of Paducah and the Colfax Hardwood Lumber company, of Colfax, La., two companies which are closely

allied with the Sherrill-Russell Lumber Co., which are in fact, under the same management.

Considering the variety of lumber specified in this order and the close competition between Chicago and other large city mills, as well as local mills, its placing with the Sherill-Russell Lumber Company stamps their facilities as equal to those of any funitor concern not only in Kentucky but of any state in the Union, so far as reliability matter is emphasized by the fact that this is the third large order of the same kind the Sherrill-Russell Lumber Co., have furnished the West Kentucky Ccal Cc., very conclusive evidence of the satisfaction they have given.

Paducah too will profit in every avenue of trade from the building of this new fleet of barges, as over three months will be required for the completion of the parges and more than twenty thousand dollars will be paid out for their construction in wages alone. It may readily be seen that the benefit which will accrue to Pacucah as a whole from this one undertaking will more than justify the modest donation given the West Kentucky Coal company in private subscription.

Manufacturers of Lumber from the tree in the forest to the finished house.

Wearing Other Folks' Limbs.

Dr. A. L. Soresi, a New York surgeon, a few days ago remarked that he hopes shortly to be able to prove that it is possible to graft new limbs on human beings to replace lost ones, using limbs from persons, not long dead. No-we can't disgute his ability to do this thing, nor the possibility of it, for there are too many wonders daily coming to pass that were but yesterday believed impossible. But won't it be ratter-er -uncanny, to say the least, to go around wearing the arm or the leg of a deceased personor persons?. One would expect considerable nervous irritation

Economical Both in Use and Cost CALUMET **BAKING POWDER**

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer today._

Suit Over Lighting

Charges Compromised.

Mayfield, Ky., Oct. 4.-The suit of the Mayfield Water & Light Company against the city of Mayfield for \$2,210 has been settled. The city offered to pay \$1,600, which the plaintiff accepted. The trouble arose when the City Council passed an ordinance last year reducing the price paid for street lamps from \$96 a year to \$72 a year. In the compromise the city will hereafter pay \$84 each for the street lignts.

Mrs. Sarah Miles Dead.

Mrs. Sallie Miles, (relict of Richard Miles, who preceded her to the grave over 41 years ago, died at the home of her son, Richard Miles, who resides on the old Phenice Barnett place, Monday, Oct. 6th, 1913. The remains were laid to rest in the family burying ground. Mrs. Miles who was the only daughter of the late Phenice Barnett, was born Jan. 18th, 1842, and was therefore in her 72nd, year She is survived by one brother, Wm. Barnett, of this city, and Tolu, two sons, Richard and P. B. Miles, of this county and one daughter, Mrs. Lee Evans, of Paducah. Mrs. Miles was member of the Christian church, and was a much admired and beloved woman in her young days. In later years the afflictions of ill health had prevented her going from home.

Mrs. Geo. Yancy Bennett.

On Sept. 6th, 1913, the spirit of Mrs. Georgie Yancy Bennett, of Dycusburg, Ky., left its house of clay that it might enter the mansion in the skies. It was my happy privilege to know this sweet christian woman in her life, and my sad duty to attend her funeral, but this sweetened by the beautiful hope that she left behind which I tried to anchor to her two boys and her dear husband, father, mother and her uncle. Her life was an exception, in that while she was young she gave her self to the Lord's work and she loved her church as few people do. There was no person in all that country whose life meant more for the uplift of the standard of true religion than did hers. We shall greatly miss her, but we shall expect to meet to her in that beautiful place for which she was so well fitted.

She was born Jan. 14th, 1883, and was married Dec. 14th 1898. M. E. MILLER.
