Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar McConnells last week, returning to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, III.

BUSHNELL, ILL.-"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. James Crusen,

A Grateful Atlantic Coast Woman.

Hodgdon, Mr.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon fall like a new woman. I had no reine select the forced and soon feit like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. As Christian Bible Students-The Satfactory Proof of "Why God Permits Evil

One of the questions which comes to "Who does God permit evil?" As we took about us in the world we observe that it is filled with sorrow and trouble. glekness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT We realize that He is almighty and that He could prevent it if He wished We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means: yet of tentimes it seems that those who try to do and live right have the most Nov 1915 trouble. It came swiftly and with a terrific clash. On July 22, the Austro-Hungarian government sent an ultimatum to Servia demanding the punishment of the persons concerned in the assassination of the Archduke Franz Ferdinand and instant suppression of all anti-Austrian propaganda in that country and giving 48 hours for consideration.
