REMOVAL

I have removed my Grocery Stock to the Opera House block to the store room formerly occupied by H. Kettel. The new store will have a complete and fresh stock of goods on hand at all times and will appreciate your patronage.

Being in a more central location I feel that I can better supply my customers, and will be glad to see all of them at my new location.

Thanking all for past favors and with the seasons greeting, I wish to remain your friend.

R. F. WHEELER.

SHIELD

We have completely enj o yed a pleasant and successful New Year's Day. The opening of the Whiting Co.'s last evening was unusually well attended and enjoyed by all who were present. The Whiting Co. made a great sacrifice by giving their stock at an appreciably lower price. All the dresses and goods will be sold at 18 per cent below retail prices. We hope the Whiting Co. will continue in the same manner. We are happy to announce that we have a complete and fresh stock of goods on hand at all times and will appreciate your patronage.

New Year's 1915

There's always another step to go and take it. When something good resolves to make, so go and make it. And ask God's help. And do not break it. A Happy New Year for 1915.

STORY OF YEAR MARKED BY SENSATIONAL EVENTS

Most Momentous Twelve Months of Modern Times Reviewed—Great European War, Mexico Troubles and Other World Happenings.

The year 1914 has been one of the most momentous in the annals of history. It began with the great European war, which has raged throughout the continent for the past three years, and has claimed the lives of millions of men and much property. The war has been fought with great intensity and at immense expense, and has resulted in the establishment of new states on the map of the world.

The Mexican troubles have also been a matter of great concern. The revolution in that country has been going on for several years, and has caused much suffering and destruction. The government of the United States has been active in the matter, and has sent troops to the border to maintain order.

Other world events have also been notable. The discovery of oil in the Middle East has had a significant impact on the world economy. The Panama Canal has been completed, and has revolutionized the transportation of goods across the Atlantic.

In conclusion, the year 1914 has been a year of great events, and will be remembered as one of the most important in the history of the world.

Great Britain Declares War

The British government has declared war on Germany, and has called for volunteers to fight in the great European war. The British people have responded enthusiastically, and have shown a great desire to protect their country from the aggression of the Central Powers.

American Government and Politics

The government of the United States has been active in the affairs of the world. The president has made several important speeches, and has called for a united front against the Central Powers. The people of the United States have shown a great desire to support their government in the war, and have contributed generously to the war effort.

Conclusion

In summary, the year 1914 has been a year of great events, and will be remembered as one of the most important in the history of the world. The British government has declared war on Germany, and has called for volunteers to fight in the great European war. The American government has been active in the affairs of the world, and has called for a united front against the Central Powers. The people of both countries have shown a great desire to support their governments in the war, and have contributed generously to the war effort.
NOTICE TO CLAIM HOLDERS

A most valuable record of our first office located at 221 Main Street in 1853 was destroyed by fire on January 2, 1895, and a new office was opened at 306 W. Main Street on the 3rd. Our records have been carefully removed to the new office and are now safe from future destruction. We have been compelled to pay the insurance but have been fortunate in that all of the work was done at the cost of the building and contents.
