How Alexander Untied the Knot
By HERBERT KAUFMAN

Alexander, the famous American horseman, threw off the last yoke on the Kentucky farm by tying his horse's tail around a post. The yoke was loosened and Alexander's horse ran away.

The yoke was not tied around the horse's tail, but Alexander did tie the horse's tail around a post. A rope was used instead of a yoke. The horse ran away when the rope was loosened.

The story about the horseman who tied his horse's tail around a post is actually a variation of the tale of the man who tied his horse's tail to a post and then rode away. In this version, Alexander is the horseman who did it and who then rode away.

Nervous?

"Why do horses get nervous?"

"Because they want to know what's going on."

"But they can't know what's going on!"

"They can't help it. They're nervous."

Nervousness is a state of mind that affects many animals, including horses. When a horse is nervous, it may become agitated or anxious, and it may show signs of restlessness or unease.

CONFESION OF SIN, FORGIVENESS, VICTORY

S

In confessing our sin, we have a twofold end in view:

1. To free ourselves from the guilt of sin.

2. To receive forgiveness and victory.

The latter end is the more important, for it is only through the grace of God that we can truly repent and be forgiven.

In confessing our sin, we must be honest with ourselves and with God. We must admit our wrongdoing and be willing to seek forgiveness.

The process of confession is not easy, but it is essential for true spiritual growth. It is only through acknowledging our sin that we can truly receive forgiveness and move forward in our faith.

Remember that confession is not a one-time event, but a continuous process. It is through confession that we can truly experience the forgiveness and victory that God offers to all who seek it.

In closing, I urge you to take the time to confess your sin, and to seek forgiveness and victory through the grace of God.

Rev. Dr. Johnson
The MRINKS - you know what we do. We make the MRINKS. And we make them the best. We make them in a way that no one else can. We make them with love and care. We make them with pride. And we make them with a secret ingredient. It's called MRINKS. And we use it in every single one. We are the MRINKS. We are the best. We are the MRINKS.
