"May is known as the month of romance," it declares, "and should be filled with romantic touches for the special lady." In this year's Bessie Calendar, the month of romance is celebrated with a charming calendar theme of "The Romance of May." Each day of the month features a romantic quote or saying, along with an image of a romantic scene or character. The calendar contains a variety of romantic ideas and suggestions for creating a special May atmosphere at home, such as setting up a romantic picnic, writing a love letter, or cooking a special meal for your loved one. The calendar also includes space for each day's personal notes and to-do list, allowing you to keep track of your romantic activities throughout the month.

The War of the Roses
The current conflict between the Roses and the Westminster family has taken a turn for the worse. Reports indicate that the Roses have been publishing a violent and malicious newsletter, targeting the Westminster family. The newsletter includes false allegations and smear tactics, aiming to damage the Westminster's reputation and morale. The Westminster family has been forced to respond with counter-allegations and legal action against the Roses. The situation has escalated to the point where both sides are considering taking legal measures to resolve the dispute.

To Mr. John Smith,
Cedar Hill Nursery and Orchard Company,
Box F. Winchester, Virginia

Just received a letter from my uncle, Mr. Robert Adams, who lives in the country. He tells me that the fruit trees are doing very well and that the nursery is doing a good business. He also mentions that the nursery is looking for a good salesman to sell the fruit trees in this county.

I believe that I am the right person for the job. I have always been interested in fruit trees and have read extensively about their care and cultivation. I have a good understanding of the local market and the needs of the customers. I am confident that I can help the nursery to expand its business in this county.

I would be willing to come to the nursery for an interview and discuss the details of the job. Please let me know if there is any further information that I need to provide.

Sincerely yours,
Reuben

I believe that I am the right person for the job. I have always been interested in fruit trees and have read extensively about their care and cultivation. I have a good understanding of the local market and the needs of the customers. I am confident that I can help the nursery to expand its business in this county.

I would be willing to come to the nursery for an interview and discuss the details of the job. Please let me know if there is any further information that I need to provide.

Sincerely yours,
Appleseed
