SECRET MARRIAGE REVEALED BY SUIT

Sensational Charges Made By Wife Of County Judge J. G. Asher.

His secret wedding on February 17, last, was revealed Friday when Mrs. Florence B. Asher filed suit in Crittenden Circuit Court against Judge J. G. Asher, asking maintenance, alimony and the restoration of \$540, which she alleged the judge borrowed from her and failed to return.

The plaintiff says in her petition that she had \$550, on deposit in the Marion Bank, and that after her marriage she was induced to let the defendant have the money. She says she got all but ten dollars which she kept to pay a debt.

Soon after this she says the defendant told her he was mistaken about loving her, and that he did not love her as he thought he did. She declares he refused to take her to his home and has also refused to pay back the \$540.

The plaintiff prays for maintenance during the pendency of the action of \$50, a month and of alimony in the sum of \$2000, for the restoration to her of the \$540, which it is alleged the defendant obtained from her by reason of the marriage, for her costs, including attorney fee, for a restraining order and for all other equitable and needful relief.

To say that the filing of this suit created a sensation here would be putting it mildly, as not a whisper of the marriage had been heard here. Although there were several witnesses, they had kept the secret well. Mrs. Asher is the widow of the late W. B. White and is a trained nurse of marked ability. It is the third marriage of both parties.

The Flemingsburg Times Democrat Endorses McChesney.

The issue of State-wide prohibition is fairly on in the race for Governor. It is useless for any candidate to attempt to dodge or sidetrack the question. "He that is not for us is against us," and the man who tries to carry water on both shoulders will get badly splashed before the race is over.

The Times-Democrat has not so far aligned itself with any of the aspirants, preferring to wait until the field was made up so as to choose understandingly. That time has now arrived and the logic of events has shown us that Harry V. McChesney should receive the support of every temperance Democrat at the August primary. His announcement is full, clear and unequivocal. He has burned the bridges between himself and liquor camp; and they are fighting and will fight him to the bitter end. This being the case it behooves us and others who feel as we do to rally to his support. The Kentucky Anti-Saloon League has endorsed his candidacy in the following statement:

"In view of the fact that the Hon. H. V. McChesney has announced his candidacy for the nomination for the office of Governor on the Democratic ticket, at the same time declaring himself unequivocally in favor of State-wide prohibition, and in view of the further fact that we believe that he of all the men announced for this race as judged by their respective former positions and recent printed public utterances, is best calculated to represent the Democratic voters of Kentucky, in the interest of the great reform to which we stand pledged.

"Now, therefore, be it resolved that we, the headquarters Committee of the Anti-Saloon League of Kentucky, indorse Mr. McChesney and pledge our support to his candidacy for the Democratic nomination."

The Attendance Of The Marion Sunday Schools Last Sunday.

The attendance at the various Sunday Schools in the city Sunday, April 25th, was as follows:

First Baptist	468
Second Baptist	57
M. E. South	401
Cumberland Presbyterian	87

Two surprises this year were 1st, the slump of over 100 of the Methodist church; 2nd, a gain of over 50 at the First Baptist church.

Blames Drought On

European Cannoning.

Greencastle, Ind., April 26.—A Greencastle scientist has advanced a new theory for the present drought in this section. He says it is due to the war in Europe. This scientist says that because of the heavy cannonading in Europe, it has caused all the moisture to be concentrated in the vicinity of the explosions and that as a result of this there have been heavy rain-falls in France and Belgium, heavy snowfalls in the Carpathian mountains and a heavy fog in the Dardanelles, and there is a drought in this country.

Hickman, Ky., April 26.—Gen. Henry A. Tyler died at his country home at Oakwood Farm today at 1 o'clock. Although able to get out in his car for a ride, one week ago, his condition became worse three days ago and his death was not unexpected. He suffered from Bright's disease and heart trouble.

Marion Defeats Morganfield Boys

The Morganfield high school baseball team lost two hard luck games at Marion Friday and Saturday. The score at the end of the ninth inning in the first game should have been 3 to 3 instead of 8 to 3. In the fifth inning Clements let a low throw from Cambron get away that would have made the third out; after that Marion made five runs.

The second game resulted 3 to 2 in Marion's favor. The score was 1 and 1 until the fifth, when Marion put a runner across the plate. Morganfield tied them in the eighth, but Marion put another man across in their half. The game was called at 2:30 in order for Morganfield to catch the train, so the ninth inning was not played. The score of first game:

Innings	1	2	3	4	5	6	7	8	9
Marion	1	0	0	5	0	0	2	0	0
Morganfield	0	2	0	0	0	1	0	0	0

Crittenden County Wins Banner For Attendance.

The Crittenden County School Superintendent and teachers take this method of expressing their appreciation and thanks to the I. C. R. R. and especially their traveling passenger agent, Mr. G. W. Schelke for what we deem more than passing courtesy. Whereas, the I. C. R. R., and especially Mr. G. W. Schelke, has been so nice to the teachers of Crittenden county and the citizens of Marion in providing for us a special train to the annual meeting of the K. E. A. and a special coach and train in return, and in giving us every needed attention for our comfort and happiness; Therefore be it resolved that we hereby express our sincerest gratitude and highest appreciation to Mr. Schelke and I. C. R. R. for this kindness and wish Mr. Schelke all the success and happiness that Heaven bestows upon mortals for a generous spirit.

(Signed) Jas. F. Price, Sect. During one of the few stops made by our special train on our return from the K. E. A., Rev. Jas. F. Price called the house (our coach) to order and asked if there were any words or resolutions that anyone wished to offer. The foregoing resolution was unanimously adopted by a rising vote. Mr. Schelke, being present, was called on for a speech, and responded with an appropriate talk in which he said our pleasure and happiness was his whole business.

Mr. Jenkins, if it is not asking for too much space in your valuable columns I should like to give you the names of those that left Marion with us Wednesday morning, teachers, trustees, patrons and visiting friends.

Professors: V. L. Christie, C. H. Peet, Hollis Franklin, Geo. W. Conditt, Homer Davidson, Dave Postleweight, Herbert McDowell, Homer Lowery. Trustees: Chas. LaRue, Rufus Robinson, W. U. Howerton and Geo. D. Kemp. Teachers: Misses Margaret Moore, Sadie Minor, Florence and Shelly Harris, Iva Hicklin, Ethel Hard, Hattie Wheeler, Mary Lou, Allie and Martha Wilborn, Della Stemberge, Etta Boisture and Minnie Corley. Interested patrons, visitors and other friends of the cause: Rev. Jas. F. Price, Supt. N. C. Hammack, of Union county, City Superintendent of Madisonville, Mrs. G. D. Kemp and daughter Lela, Mrs. W. U. Howerton and little son, Mr. and Mrs. Walter McConnell and Miss Marguerita, Misses Mabel Kevil, Zulu Cannan and Gladys Anna Travis. If I have not overlooked any of the names this is the "bunch" that left Marion on the special train. We were met in Louisville by a large percentage of our Crittenden county delegation from Bowling Green, which is about twenty-three of Crittendens best boys and girls. I do not know just how many we had there but we had enough to win the First District Banner for enrollment. A BIG TIME don't express it. 'Rah for old Crittenden. Yours very truly,

Switzerland Suffering Financially From War.

Geneva, April 26.—In proportion to her position, population and area, Switzerland is suffering financially perhaps more than any other neutral nation. She has spent over \$60,000,000 on her army, she has lost several millions on her exports and as much in decrease of production of her industries closed for lack of raw material. From the 1st of August to the end of December the hotels in the Bernese Oberland alone have a deficit of \$5,000,000 owing to the loss of American and English patrons.

Acquitted of Murder Charge.

The examining trial of J. E. Campbell, who shot and killed Obe Simmons at Dycusburg last Sunday evening, was held before County Judge J. G. Asher last Thursday and resulted in the discharge of Campbell as to the shooting and killing, it being shown by a large number of witnesses that Campbell acted in self defense. The court, however, held the defendant to answer to the charge of carrying concealed deadly weapons and placed him under a \$200 bond for his appearance to answer any indictment the grand jury may return against him on that charge.

Street Oiling Committee Doing Good Work.

The street oiling committee composed of Mayor G. W. Stone and Marshall A. S. Cannan, are doing some good work in collecting the fund. Over \$500.00 has been paid in and the oil will be ordered May 1st, and applied as soon as received. Mayor Stone and Marshall Cannan are doing the work free and should be highly commended for it. It is no easy task to canvass the public and collect the money for such a purpose, and then to get the oil on is not easy either. The streets and alleys are being swept this week and all trash hauled out.

THE "FREE" SEWING MACHINE.

Mrs. Jesse Olive Was The Winner In The Drawing Contest.

Saturday, April 24th, Moore & Daughtrey's "Free" sewing machine drawing took place in the street in front of their store. Between 1500 and 2000 tickets had been given out and duplicates of these were put into a sack and thoroughly mixed and shaken up, after which little Miss Bonnie Babb, blindfolded, drew a number from the sack which was announced. Mrs. Jesse Olive, of this city held the lucky number and the machine was awarded to her. The drawing created a great deal of interest and friendly rivalry and was put on solely as an advertisement of the famous "Free Machine" by Moore & Daughtrey who have the exclusive agency for it here. Their store and the streets were crowded with the interested ladies, many of whom congratulated the winner on her good fortune.

Daring Exploit Of The Britons.

London, April 26.—"Trenches, parapets and sand bags disappeared," says the British Official "eye-witness," in describing the effect of the explosions of the British mines which preceded the recent attack and capture by the British of Hill No. 60 to the southeast of Ypres.

"The attack upon and the defense of Hill No. 60," the narrative declares, will go down in history as one of the finest exploits of the British troops during the war. Officers who experienced the bombardment prior to the attack of the Prussian guard on April 11th, and also underwent that directed at Hill No. 60, say that the latter by far was the worst of the two.

"The space fought over during the four and one-half days was only about 250 yards in length by about 200 yards in depth.

French Commander's

Ancestor A Cooper.

Paris, April 26.—General Joffre, the French commander-in-chief, is descended from a cooper, whose name appears in the parish books of Rivesaltes, as early as 1479, says a dispatch from Perpignan to the Paris Temps.

According to Andre Liouquet, a former keeper of the records at Rivesaltes, where General Joffre was born, there have been several families of Joffres in that locality. The founder of one was a weaver, another was a baker, while the General's ancestor was a barrelmaker.

Seven Injured By Herd Of Steers.

Evansville, Ind., April 27.—Seven persons were injured yesterday when a herd of steers broke from the men who were taking them to a slaughterhouse and stampeded through the northern part of Evansville. One of the steers charged a group of children in a school yard, another entered a dwelling house and wrecked the interior, while a third wrecked a queensware shop. Others chased pedestrians. One of the animals was lassoed by a policeman and choked to death and the others were captured by stock yards employees. Marion Greene, a ten year-old boy, was the only person to be seriously injured in the stampede.

CREAT BRITAIN

Fighting Germany, Austria And Drink.

London, April 27.—"We are fighting Germany, Austria and drink," said David Lloyd George chancellor of the exchequer, replying to a deputation of the shipbuilding employers' federation, the members of which are unanimous in urging that; in order to meet national requirements at the present time, there should be a total prohibition during the period of war of the sale of intoxicating liquors, and that this should apply not only to public houses but also to private clubs, so as to operate equally with all classes.

It was stated that despite the fact that work is being carried on night and day for seven days a week, the total working time on the average in nearly all the British shipyards is actually less than before the war, and the average productiveness has decreased. Notwithstanding curtailment of the hours in which they are allowed to keep open, receipts of public houses in the neighborhood of the shipyards have greatly increased, in some cases as much as 40 per cent. As an instance of one of many similar cases, a battleship coming in for immediate repairs was kept waiting for a whole day through the absence of riveters, who were out drinking and carousing.

Lloyd George said he is beginning to realize the gravity of the situation and as every class in the community favored such a step, he would lay the deputation's statements before the cabinet.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

GO TO CHURCH Don't Let Go to Church Movement Lose Impetus

GO TO CHURCH

By doing so you'll not only help yourself, but you'll help others. One of the most inspiring sights is the father of a family performing his religious duties. His wife is proud of him. It is a certainty that his children never will mock at religion. He is unconsciously a splendid worker in the national GO TO CHURCH movement.

Within the past year there has been a splendid religious awakening throughout the land. Religious bodies of all denominations gained 763,087 new members in the United States last year, according to figures compiled by the Federal Council of the Churches of Christ in America. This includes not only Christian, but other sects. The total number of church members is now 88,708,149.

AND NOW THAT THERE HAS BEEN AN AWAKENING DON'T LET THE MOVEMENT SLUMBER. THERE WERE THOUSANDS WHO JOINED THE GO TO CHURCH MOVEMENT WHEN IT WAS AT ITS ZENITH. THEY WENT ONE OR TWO SUNDAYS AND THEN FELL AWAY. TO THOSE THIS APPEAL IS SPECIALLY DIRECTED. WHY NOT KEEP ON GOING TO CHURCH? IT DOESN'T REQUIRE MUCH TIME. AN HOUR OR SO ON THE SABBATH IS ALL THAT GOD ASKS. WON'T YOU GIVE IT TO HIM?

There is no man so busy that he cannot arrange his affairs to spend a short period of the Sabbath in the worship of his Creator.

Go to church because you owe it to your God.
You owe it to your children.
You owe it to your neighbor.

GO TO CHURCH NEXT SUNDAY.

A Few Reasons Why You Should Buy a "Louisville" Silo

- 1 Because it is easy to erect.
- 2 Because we guarantee every part of it.
- 3 Because our silo is second, to none on the market.
- 4 Because it is a silo on which each and every feature has been tested and is not an experiment.
- 5 Because all our doors are made of California red-wood, which shrinks and swells less than any wood on the market.
- 6 Because our doors are easy to remove and replace, and cannot stick or bind.
- 7 Because we own our own patents, and do not have to pay any royalty, thus saving the farmer from \$15.00 to \$25.00 on his silo.
- 8 Because the hoops can be adjusted from the ladder front door frame without the necessity of climbing all around the silo on a ladder.
- 9 Because we are not in the silo Trust,

Demand the All-Steel Door Frame In Your SILO

Be sure that your Silo has a solid steel backbone in order to prevent bucking or bulging. The All-Steel Door Frame is the keystone to the Silo. As is the case with other necessary Silo improvements, the All-Steel Door Frame is found in the

SAGINAW ALL-STEEL DOOR FRAME

In constructing the All-Steel Door Frame heavy steel angles are placed in a vertical position for the door posts, with solid steel girders or braces 30 inches apart, horizontally across the opening. The Door frame is built by expert machinist. Heavy pneumatic riveting hammers crush the burr around the rivet hole and girders tight together. See the picture. Note the steel girders that continue past the uprights several inches on either side. Each end of the girder is fastened to the outside of the first stave of the wall with two heavy lag screws. Now, the other flanges of the upright angles have holes drilled in them at intervals for screws which fasten them to the first staves of the Silo wall, thus making a frame which is absolutely rigid and will not allow the Silo to bulge or buckle nor the doors to bind. You know the results of the binding doors without a steel door frame. It means you have to use a crow-bar or

anax to remove them. There is an immense pressure brought to bear on the door frame by the staves and if your frame is not built of solid steel like ours, it cannot withstand this heavy pressure and your Silo doors or then a source of annoyance every time you want to take them out.

The first stave on either side of the door frame is fastened onto the steel frame before shipment is made, which makes the erection simple and easy for you.

You are beginning to see what extreme care is used in building the Saginaw Door Frame. I wish it were possible for each one of you to go through the wonderfully equipped plant of the McClure Company and see exactly how the Saginaw Silo is made. The best I can do is to show you in our newspaper, right here at home, pictures of the different improvements and descriptions of how the Steel Built Stave Silo is built.

Saginaw Silo Doors and Door Openings.

The Saginaw Silo has continuous doors with perfectly air tight bearings. The handy levers hold them firmly in position. The inside surface of the doors is perfectly smooth, so the silage settles evenly. The Saginaw has largest door openings of any Silo. It is easier for you to get your feed out of the Saginaw. THE SAGINAW COMBINED DOOR FASTENER AND LEVER is the last word in Silo building. Saginaw levers always work smoothly. We do not depend on the silage to hold the doors in place. Sweet, succulent silage always next to Saginaw doors. No wrenches required. A small boy can operate Saginaw doors.

Gifted Lexington Writer on the
Gubernatorial Race.

(By Thomas B. Cromwell)

Lexington, Ky., March 8.—Proclaiming his predilection for statewide prohibition in language that pictures him as dry as a thirsty man on a sunbaked prairie—or in Lexington on Sunday—Harry V. McChesney, bosom friend of the newly cloaked U. S. Senator, John Crepps Wickliffe Beckham, this morning made the formal announcement by which he became the sixth candidate for the Democratic nomination for Governor of Kentucky and which ended speculation as to whether or not General Percy Haly would make the race.

There are some, not of the Beckham organization, who have said that General Haly has never cherished a genuine ambition to be Governor; that he never has given serious consideration to the proposal of some of his admirers that he make the race, and these will now say probably, that he has been employed the past two

months shaping up the Beckham forces with a view solely to the candidacy of Mr. McChesney.

They are wrong. Haly has the ambition and he passed more than seven weeks sounding his friends on the subject. What they told him he has not imparted, but it is evident that he was convinced that Warwick could not himself be king. And he spent last week arranging matters preliminary to the announcement of McChesney, who was first mentioned as a possibility at the close of the successful campaign last fall, through which he had stumped the state with and for Beckham.

General Haly told the writer that the Beckham organization, which now has direct communication to the White House, is closer than it ever was, and that "McChesney will surely be the next Governor of Kentucky."

General Haly was not communicative concerning the attitude of Senator Ollie M. James towards the candidacy of Mr. McChesney, but the declaration, "I am in favor of statewide prohibition of the manufacture and

sale of intoxicating liquors" is McChesney's platform and is not at all in keeping with the view of the senior senator unless they have undergone a radical change since he last spoke on the saloon question on the floor of the Senate.

It would be hard indeed, to conceive him backing an ultra-prohibition candidate for any state office, though he did say he voted dry in his home county of Crittenden.

This McChesney announcement will have the effect of starting four of the other five candidates anew for Senator James' support and it may, in conjunction with the untoward operation of the epidemic of foot and mouth disease, completely eliminate Commissioner of Agriculture John W. Newman's chances for the nomination.

Newman was sailing along smoothly and had the farmers in his boat until the fearful disease spread among the cattle and the quarantine law was rigidly enforced. He has said that he "is in favor of submitting the question of state-wide prohibition to a vote of the people," and

he had secured a hastily stated indorsement from the W. C. T. U. through Mrs. Frances E. Beauchamp, its president. Now McChesney comes along, saying all that Newman said and going him one better with the flat-footed statement that he is "in favor of state-wide prohibition."

Another effect of the McChesney announcement may be to draw a stronger declaration on the question from former Congressman A. O. Stanley and to force Lieutenant Governor Edward J. McDermott and Auditor Henry M. Bosworth to state their positions. These men have not said exactly where they stand. A close friend of the Lieutenant Gov., today informed the writer that he would not be on the side of prohibition.

Prof. A. H. Cherry's position was fully defined in his announcement. He is a teetotaler, who thinks that the county unit law should be given a complete trial before going farther on the liquor question.

Inasmuch as Senator Beckham, who left Frankfort Thursday with Mrs. Beckham for a three weeks' vacation in Florida, is the chief backer of McChesney in his candidacy, McChesney's announcement may be taken as an answer to the question so frequently propounded to him during his race against Stanley for the Senatorial nomination last year—"Are you in favor of state-wide prohibition?"—and it may serve as an indication of the junior senator's stand on the question of national prohibition, which he has never publicly stated.

Further than that, the McChesney announcement makes the question of state-wide prohibition the paramount issue in the coming campaign.

All of the dry leaders and not a few of the wet leaders have a feeling that the state will be voted dry, but there are others, who claim to have been mingling with the voters in the 106 dry counties and feeling them out on the subject, who say that if the people are shown that by voting against state-wide prohibition they will not endanger the county unit law, the prohibition question will lose.

Harry V. McChesney is 46 years old, is married and is a native of Smithland. He began life by teaching school in Livingston county and later was county school superintendent. He made the race for state superintendent of public instruction on the ticket with William Goebel and J. C. W. Beckham in 1899 and filled that office for four years.

The succeeding four years he was Secretary of State under Beckham and was a member of the Sinking Fund Commission which built the capitol at Frankfort. While in office he studied law and was admitted to the bar in 1906. He has since been practicing at Frankfort. He was closely allied with Beckham in all of his fights and is his warm personal friend.

He handled the Speakers' bureau in the last presidential election and did it well. He has developed into an untiring campaigner and is a good stump speaker. With three such as he McDermott and Stanley to mix it oratorically the campaign is bound to be fraught with interest. Newman and Cherry are fairly good talkers, and Auditor Bosworth this week said that he already made three speeches and that he is going to get up into the pictures himself.—Adv.

WATCH WORTH FULLY \$3,500

Finest Time-Piece in Kentucky
Result of Famous
Medicine.

Louisville, April 28th. A very handsome watch is now on exhibition in this city.

The watch, which is the property of L. T. Cooper, the noted "Tanlac Man," is valued at \$3,500, maybe a little more. Forty-seven flawless-cut diamonds are imbedded in its gold case, not to mention its equipment of pigeon-blood ruby jewels. This beautiful time-piece is exquisitely embellished with ornamentation of foreign workmanship and contains the finest Swiss movements. It is really worth seeing.

According to Mr. Cooper, the watch came into his possession through the merits of Tanlac. It happened, so he says, about this way:

In one of the large cities visited by Mr. Cooper some time ago, a young son of a wealthy jeweler suffered from a complaint which had baffled physicians of the city and Eastern specialists. The boy was anaemic, listless and not at all playful and as lively as the other little fellows of his own age. The parent said that the child's appetite was irregular, at times ravenous and that he was extremely nervous and complained of a twitching sensation most of the time. Itching of the nose and dizziness were other symptoms enumerated by the jeweler.

"He asked me," said Mr. Cooper, "if I thought Tanlac would help his child. In reply, I stated that he could test the medicine on its merits. The result was that he bought Tanlac for his son."

"Thinking nothing particularly of the incident, I was a little surprised a few months later to receive a letter from the jeweler, stating that Tanlac had relieved his son, who was now rosy and running about like the rest of the boys and asking me if I would accept a small token of his appreciation." I answered his letter, telling him that while I would appreciate his gift, the fact that Tanlac had accomplished the right results in his child's case was sufficiently gratifying to me.

Shortly afterward, this beautiful watch came. You can imagine my surprise. To me this gift is invaluable, because it bears a double meaning."

The famous medicine, Tanlac, can now be bought in Marion at J. H. Orme's drug store, and at A. T. Brown's, Blackford, Ky.

High Price Of Copper Tempts The Speculators.

Geneva, April 27.—The high price of \$1000, a ton for copper delivered on the frontier is offered by the German Government, while the cost at Marseilles or Genoa is from \$350, to \$400, a ton. The opportunity has tempted many speculators. At Chiasso lately barrels of wine ticketed for Frankfort were found to be a quarter filled with copper. At Singen, on the Swiss-German frontier near Lake Constance, the Swiss authorities became suspicious of the extraordinary number of funerals crossing the frontier and finally ordered one of the coffins to be opened. It was full of copper.

"JEHOVAH IS MY SHEPHERD"

Psalm 23.—April 23.

The Heavenly Shepherd's interest in His flock—His sheep shall not lack—He gives them rest—He feeds them—He refreshes them With the Water of Life—He restores My Soul—He Leads Me.

"Jehovah is my Shepherd"—Psalm 23.

NITY God's people, in covenant relationship with Him, can properly appreciate this Psalm and apply its gracious sentiments to themselves. The Psalmist David could do this, because he belonged to the favored nation taken into covenant relationship with God at Mount Sinai. Of those Jews who did their best to keep the Law, David evidently was one; for the Lord declared him "a man after His own heart." When David made failures, he confessed them, repented, received his punishment and rejoiced in restoration to Divine favor, striving thereafter the more to maintain his fellowship with God.

Jesus and His Church, however, are more particularly the sheep of Jehovah's flock than were the Jews; for the relationship of the Jews was through Moses, while that of the Church is through Christ and the superior Covenant centered in Him. Whoever would be the Lord's sheep must make this Covenant of Sacrifice (Psalm 50:5). Only through Christ can we enter the higher sheepfold. Once having entered, we thereafter have God's Message, saying, "All things are yours; for ye are Christ's, and Christ is God's."

All Wants Abundantly Supplied. The Lord's sheep are New Creatures, spirit beings, temporarily dwelling in the flesh, but waiting for their change, to be completed in the First Resurrection. The Lord's blessings to Natural Israel were earthly; His blessings to Spiritual Israel are spiritual favors. "No good thing will He withhold" from these—yes, even chastisements and sorrowful experiences necessary for spiritual development.

As the Lord's sheep we shall be provided with green pastures and cool, refreshing water. Moreover, "we shall have the peace of God," as implied in the suggestion that the sheep lie down in the green pastures. But alas! Some sheep wander off, go astray, into the desert, attempting to feed themselves on the indigestible things of this life, on which no spiritual nature can thrive.

Yet even such straying sheep the Shepherd will not leave, but goes after them. With His rod He beats off the wolves; and with His staff He carefully assists the entangled sheep out from amongst the snares of this life, the deceitfulness of riches and the besetments of sin and Satan. Many of the Lord's flock thus can sing, "He restoreth my soul"—brings me back to appreciate how much better His provision than anything I could provide.

The Valley of Death's Shadow. Only Adam was ever on the mountain-top of life. He lost his footing there, and gradually descended into this great Valley of the Shadow of Death. Here all his children were born. We are dying daily, surrounded by dying conditions. But the New Day is about to dawn. Then the whole world will begin to emerge from this Valley of Death's Shadow. For a thousand years they will be rising to the heights of human perfection from which Adam fell, and to which the right to return is secured by Jesus' death.

The Lord's people have an especially prepared table, where they may partake even in the presence of their enemies. How true it is that even when misunderstood, misrepresented, defamed and opposed, God's consecrated people are still privileged to feast on the Divine promises, assurances of favor, etc.

Another evidence that this Psalm belongs especially to the Church is the statement, "Thou anointest my Head with oil." The holy anointing oil used on Israel's priests and kings typified the Holy Spirit, which came upon the Church representatively in Jesus and has come down over all the members of Christ's Body.—Psalm 133:2.

"My cup runneth over." In Scripture the word cup represents a draft, sometimes sweet, sometimes bitter, sometimes both. The Lord's Cup signifies bitter experiences in the present time. Jesus said, "The Cup which My Father hath poured, shall I not drink it?" This Cup He offered to His disciples; and in becoming such, we propose to share it with Him, symbolically represented in the Communion Cup.

It is sweet to participate in the sufferings of Christ, in any sacrifice or service for Him and His Cause. But He promises that the Cup of new wine in the Kingdom shall more than compensate for any bitterness of the present time. Our Cup is full, but we would not wish it one drop less.

How precious the thought that God's goodness and mercy follow all who are truly His in Christ! At our Lord's Second Coming, with their glorious change these shall enter the Father's House on the spirit plane—the everlasting portion of God's elect Church.

The Psalmist.

"Put us in the state-wide list"
says the Georgetown News. It,
and the four other inconsequen-
tial papers, out of three hundred
and nine newspapers in the State
that feel that way, must feel
"mighty lonesome" in their ef-
forts to booster up a "lost
cause."—Shelbyville Record.

Notwithstanding the fact that
Editor Schinnick, of Shelbyville,
declared last week that there
were only five papers in Kentuck-
y in favor of state-wide, we
have found over a dozen this
week, in glancing through our
exchanges, that are outspoken
for this proposition. But this is
about as near as the average
whiskey advocate gets to the
truth when dealing with the
question of prohibition.

Coming from a recognized
henchman of the Whiskey Trust,
we want to thank you for the
compliment and are indeed proud
of the fact that we have "honor"
of being one of the five "incon-
sequential." However, Brother
Schinnick, you and many others
of your kind have been working
and using all kinds of methods
for the past several years in
your desperate effort to deceive
the people on this very impor-
tant question, but these efforts
have availed you very little in
the past, and bid fair to be equal-
ly as unsuccessful in the coming
election. Truth is, you fellows
are not fooling anybody now
but yourselves. However, if

there are only just five of us
now, as you claim, but which
we know is, like many of your
other statements, untrue, just
watch us "how we grow" be-
tween now and August.—Critic

By no force of words, by no
power of genius can one rightly
express how desirable, how ad-
mirable, how never to be erased
from human memory it is to be
able to say "I obeyed my parents
I gave way to them, I was sub-
missive to their authority, wheth-
er it was just or unjust and
harsh. The only point in which
I resisted them was, not to be
conquered by them in benefits."

What, then, is a benefit? It
is the art of doing a kindness
which bestows pleasure and gains
pleasure by bestowing it, and
which does its office by natural
and spontaneous impulse. It is
not the thing which is done or
given, but the spirit in which it
is done or given, that must be
considered, because a benefit ex-
ists not in that which is done or
given, but in the mind of the
donor or giver.—Seneca.

Dream Of Love Was Expensive.

A suit for \$1,536 was filed in
Circuit Clerk Crafton's office
Wednesday afternoon by Vance
& Heilbrunner, attorneys for C.
B. Hester, against Mrs. Ara
Belle Walker of Robards, alleged
to be due for money advanced
the defendant by the plaintiff
last July on her promise to
marry.

The petition states that the
plaintiff is a widower and that
the defendant is a widow, and
that during the month of July,
1914, the plaintiff desired to mar-
ry the defendant. And that on
July 28th, the defendant prom-
ised to marry this plaintiff if he
would lend her \$1,536 with which
to purchase the interest of her
sons in a certain tract of land
lying in this county.

The plaintiff states that the
defendant was aware at the time
that he did not have the money,
but that he borrowed same from
the First National Bank of Se-
bree on July 28, due in six
months, and to secure said bank
he gave a mortgage on his prop-
erty, due in six months, which
has been long past due.

He states that sometime after-
ward he reminded the defendant
of her agreement, when she in-
formed him that she did not in-
tend to marry him and further
that she would not pay back the
money as there was no note or
other papers in evidence showing
she owed the same. Wherefore
the premises considered, the
plaintiff prays for a judgement
for the \$1,536, for his costs and
for all proper and equitable re-
lief.—Henderson Gleaner.

Louisville Student Among The Refugees.

Dilman, Persia, April, 28.—The exodus of from 20,000 to 30,000 Armenians and Nestorian Christians from Azerbaijan province, the massacre of over 1,500 of those who were unable to flee, the death from diseases of 2,000 in the compounds of the American mission in Urmiyah, and possibly of an equal number of refugees in the Caucasus have been confirmed.

Isaac Yonan, a graduate of the Louisville, Ky., Theological Seminary, was among the refugees. He kept a diary of the happenings during the exodus.

The entire casualties aggregate hundreds. People died unheeded and unnumbered; in fact those who died seemed to be envied by the living.

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from indigestion and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of **Mayer's Wonderful Remedy** and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy." **Mayer's Wonderful Remedy** gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

The Cost Of Drink In The U. S. By Comparisons.

"It is estimated that the people of the United States spend almost \$2,500,000,000 for intoxicating liquors.

"The annual appropriations of the Federal Government are a little less than \$1,250,000,000. Think of this nation spending twice that amount for alcoholic liquors.

"The cost of the Panama Canal was about \$400,000,000. It is not appalling to think that we spend for drink every year, six times the cost of the Panama Canal?

"It is estimated that we spend \$750,000,000 annually for education. And yet we spend for drink more than three times this amount.

"If what we spend annually for liquor were applied to the European conflict, the greatest in the world's history, it would keep the war going six weeks.

The Horse That Drew the Load

By HERBERT KAUFMAN

Author of "Do Something! Be Something!"

A MOVING van came rolling down the street the other day with a big-spirited Percheron in the center and two wretched nags on either side. The Percheron was doing all the work, and it seemed that he would have got along far better in single harness, than he managed with his inferior mates retarding his speed.

The advertiser who selects a group of newspapers usually harnesses two lame propositions to every pulling newspaper on his list, and just as the van driver probably dealt out an equal portion of feed to each of his animals, just so many a merchant is paying practically the same rate to a weak paper that he is allowing the sturdy profitable sheet.

Unfortunately the accepted custom of inserting the same advertisement in every paper acts to the distinct disadvantage of the meritorious medium. The advertiser charges the sum total of his expense against the sum total of his returns, and thereby does himself and the best puller an injustice, by crediting the less productive sheets with results that they have not earned.

There are newspapers in many a town that are, single handed, able to build up businesses. Their circulation is solid muscle and sinew—all pull. It isn't the number of copies printed but the number of copies that reach the hands of buyers—it isn't the number of readers but the number of readers with money to spend—it isn't the bulk of a circulation but the amount of the circulation which is available to the advertiser—it isn't fat but brawn—that tell in the long run.

There are certain earmarks that indicate these strengths and weaknesses. They are as plain to the observing eye as the signs of the woods are significant to the trapper. The news columns tell you what you can expect out of the advertising columns. A newspaper always finds the class of readers to which it is edited. When its mental tone is low and its moral tone is careless depend upon it—the readers match the medium.

No gun can hit a target outside of its range. No newspaper can aim its policy in one direction and score in another. No advertiser can find a different class of men and women than the publisher has found for himself. He is judged by the company he keeps. If he lies down with dogs he will arise with fleas.

CHRISTIAN SCIENCE; IS IT SCRIPTURAL?

"The Wages of Sin Is Death."
"The Soul That Sinneth, It Shall Die."

Sickness and Death Abnormal Conditions—Healing a Restitution Work. Church Differentiated From the World—God Omnipotent and Omnipresent, but Not Omnipresent—"God Is a Spirit"—His Personality—Man Created in the Divine Likeness.

former things are passed away.—Rev. 21:4.

The speaker briefly referred to last week's discourse, and said that having, he believed, fairly stated the facts and claims of Christian Science, he would now inquire whether or not its teachings are Scriptural. He holds that Christian Science is in conflict with the Bible. The Scriptures distinctly aver that God created man perfect—in His own image and likeness, morally, intellectually; and that Adam's disobedience was sin, punishable with death. Christian Science denies this, declaring that there is no death.

"Mother Eddy," striving after a truth, taught there is no pain, no sickness, no sorrow, etc. The truth after which she was feeling, but did not fully grasp, is that sin, sickness, sorrow, death, are abnormal conditions—the result of the curse which came upon our race in the beginning. He agreed with Mrs. Eddy that sin, sickness, sorrow, death, are not designed by God to be everlasting conditions. The Bible assures us that the result of Messiah's work of Redemption will be the obliteration of these.—Rev. 22:3.

When Christian Science hearkens speak of healing, they necessarily acknowledge that sickness exists. But sickness, sorrow and pain are not proper for God's people, and their prevalence now attests that God is dealing with the world as criminals under death sentence. The Church of Christ is no exception in this matter. Jesus, "holy, harmless, undefiled, separate from sinners," was weary, hungry. He agonized in the Garden; He died on the Cross. Nor were these errors; they were the very things for which He came into the world, as He declared. Without His suffering as our Redeemer, Adam and his race could not be recovered.

Healing a Restitution Work.

The speaker then demonstrated conclusively from Scripture that healing is Restitution work, and will be practiced in the world during the Messianic Kingdom. Restitution is not promised to the Church, but a new nature—the Divine—obtainable only by participation with the Redeemer in the "sufferings of this present time" (Romans 8:18). Neither Jesus nor His Apostles experienced healing—nor did any of the early Church, so far as the record shows. Nor was this because none of them were sick. Jesus Himself was very sick in Gethsemane, and fainted on the way to the Cross. St. Timothy had dyspepsia; but, instead of healing him, St. Paul wrote to him advising a certain diet. Miracles of healing were the exception, and were for convincing the people that the Church had the Divine approval.

While the Pastor commended Christian Scientists for their endeavors to hold to the Bible, he reminded them that not the letter of the Bible will enlighten and sanctify, but its spirit, its real meaning. This is obtainable, not by confusing definitions, but by accepting in simplicity of mind the words for what they are, and putting them together in logical order. That things are not in right condition any one can see; and they will not be right until the Redeemer shall assume His kingly office and remove the curse.

But since Christian Science fails to recognize and state clearly these facts, it follows that the cult is not Scriptural; and however attractive its teachings may be to some, they cannot be relied upon, because they are off the true foundation—recognizing neither the facts of sin and death nor the necessity for redemption from these conditions by Jesus' sacrifice of Himself. Furthermore, Christian Science does not see the difference between the Church of Christ, in process of selection for more than eighteen centuries, and the world, which will not be dealt with until the Church is glorified.

The remainder of the discourse was devoted to the Scriptural teaching in respect to God. Nothing in the Bible declares that God is omnipresent—present in everything and place. Whoever thinks of Him thus necessarily thinks of Him as impersonal. "God is a Spirit" (John 4:24; Hebrews 12:9). The Scriptures set forth His Justice, Wisdom, Power and Love—qualities not attributable to a principle; for principles have no personality, and are not dependent upon circumstances, conditions or places.

MOVIE, HERO AND HEROINE

Steamer Robertson Burned.

The big ferryboat G. W. Robertson, which was formerly owned and operated at Paducah, and which has made numerous excursion trips to Golconda, was burned Tuesday. The boat was deliberately fired and destroyed at Memphis in making a moving picture.

Speaking of the incident, the Paducah News-Democrat yesterday said: "The Paragon Feature Film company was engaged to make a 'movie' which will show the Bluff City up in all of its attractive ways. Among other leading features will be the burning of the Robertson, from which 300 passengers are to escape, and the running over the bluff, on the river front—the great bluff from which the city takes its nom de plume of 'Bluff City'—with Miss Minna, the heroine of the movie, and Richard H. Lake, a hero, are to be riding when the accident occurs. These two startling accidents were arranged for yesterday that the picture might be at hand. The movie is expected to be not only a great advertiser for Memphis but an attractive picture otherwise.—Herald Enterprise.

THE WAY THEY DO IT

In The Metropolis—"Open Circuit" Leaves Part of The City in Darkness.

Residences and business houses in a large section of the city east of Floyd street and south of Market street were without electric lights for more than an hour as a result of an "open" circuit at Preston and Market streets last night. From 9:30 to 10:40 many buildings were absolutely dark, while in others coal oil lamps and candles were put in use. At Turner Hall a woman's euchre was in progress when the lights went out, and after waiting in vain for half an hour it was decided to postpone the entertainment. Hundreds of inquiries were received at the office of the Louisville Gas & Electric Co., as to the cause of the trouble.

Superintendent George Miller, with a crew of trouble men, in charge of William Weyler, worked at Preston and Main streets for more than an hour before the trouble was repaired. According to Weyler, the district bounded by Preston, Hancock, Market and Kentucky streets was affected. Several picture shows are in this district, but the patrons were dismissed in each instance without trouble.—Louisville Post

BROOKLYN TABERNACLE

THE COST OF DISCIPLESHIP.

Luke 14:25-35—April 19.
"Whoever will save his life shall lose it; and whoever will lose his life for My sake shall find it."—Matthew 10:35.

It was at the close of the Great Teacher's ministry. Multitudes were following Him, going up to Jerusalem to the Passover, at which Jesus foreknew He would die as the antitypical Passover Lamb. Today's lesson gives us some of His teachings.

The terms of discipleship which Jesus set forth differ widely from those proclaimed by some who profess to be His mouthpieces. They sometimes declare that to arise and request the prayers of God's people is a sufficient sign of discipleship. Such as do so are counted converts. To get them even to take this step requires the holding out of some inducement—greater business prosperity, an entrance into society or a better prospect of political preferment.

If we contrast these with Jesus' Cost of discipleship, words in this lesson, we shall perceive that the vast number of nominal Christians have been, so to speak, inveigled into professing what they never intended to profess. Many have been entrapped into professing Christianity who never were Christians, according to the Master's conditions of discipleship, who never hearken to His Word, who are not consecrated to His will.

The Cost of Discipleship.

"If any man come to Me, and hate not father, mother, wife, children, brethren, sisters, yea, and his own life also, he cannot be My disciple. And whosoever doth not bear his cross, and come after Me, cannot be My disciple." Surely there is no excuse for those who stand such plain conditions! The Master's general teaching was that the whole world is estranged from God and without right to everlasting life. But He came to die, that they might have opportunity to return to Divine favor. He did not say that only His followers would have the opportunity of future life. Those who so declare are adding to God's Word something out of harmony with His teachings.

The word hate is aggressively used in contrast with love. To be Christ's disciple, then, means that we must so love the Lord and the principles for which He stands that love for others in comparison would be hated. We are to be ready to sacrifice at the Lord's command every earthly hope, aim, object, and to lay down our lives willingly, gladly. Such a sacrifice of devotion of this kind can be treated with anything.

The fact that Jesus Himself was of this character, and placed the Father's will above all else, is an assurance that all His joint-heirs in the Kingdom will have the same spirit. The Kingdom will not be a selfish one, but the very reverse. The kings, princes and judges of that Kingdom will be not only inestimable in power, but unbreakable. With them the Divine standard will be first, in the absolute sense.

Definition of Cross-Bearing.

Adding to the severity of the terms, Jesus declared, "Whoever doth not bear his cross, and come after Me, cannot be My disciple." After we have taken our stand on the Lord's side, we must be proven. Only those who demonstrate their worthiness by their faithfulness will be finally accepted of the Lord. Cross-bearing must be a daily matter. Our crosses are those oppositions of the world, the flesh and the Devil, which cross the Divine will as laid down in the Lord's Word. The only proper sentiment is that which the Master expressed, saying, "Not My will, but Thine, be done."

As advice not to undertake discipleship without mature deliberation, Jesus gave a parable of a man who began "a tower, but could not complete it, and thus made himself disreputable, foolish. Another illustration was that of going to war without proper preparation. All Christ's followers are to be equipped to build a better, and to fight a good fight against Satan and sin. Therefore they must expect a hard battle, and must wage a good warfare.

"Salt is Good, But—"

Jesus used salt as a symbol representing loyalty to God, which all His followers must have and maintain. If salt lose its value for seasoning purposes, it is useless. So the Christian has a special purpose in the world—to be a preserving power, and to bring out the good qualities of others. If he fails to do so, he is of no particular service.

"He that hath ears to hear, let him hear." All Jesus' followers are to heed these words. Whoever neglects them despises the One who gave them, and will surely fall of a blessing that might have been secured. We are not to measure the world by the standards with which we measure ourselves and all professing to be Jesus' followers. The world's highest standard is the Golden Rule. The Christian's highest standard is self-sacrifice in doing the Father's will.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it we got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASELIN, 606 Fourth Avenue, Minneapolis, Minn.
