THE PROGRESS OF PROHIBITION

People Are Learning Of The Havoc Wrought By The Liquor Traffic.

I presume that every one is in favor of prohibition. If not I give him Solomon's injunction, "Get Knowledge" of the awful havoc wrought by the liquor traffic.

How goes the battle? In the 12th chapter of the book of Josh is recited the victories of Josh. In conquering the land of Canaan, and possessing it; a proper report of the achievements of the temperance forces for the past year reminds one much of this chapter.

1. Beyond the bounds of our own nation:

A. Russia, by one stroke prohibits the manufacture and sale of liquor. The benefits were apparent very soon: The savings of the people of Russia during the month of Dec., 1913, was \$350,000, during the same month in 1914 it was \$14,500,000.

B. The French have abolished the use of absinthe during the war and the effects are visible.

C. England has faced the evil effects of alcohol more since the war began. The King has voluntarily banished intoxicants from his table. Lloyd George, one of her leading statesmen, says, "We are fighting Germany and Austria, but liquor is our greatest foe. The leaders of the temperance movement in England wish to borrow from America Rev. Billy Sunday, believing he is the only man that can meet their need."

D. Canada. Saskatchewan, six times as large as Kentucky, will be dry July 1. Alberta, same size, to vote on prohibition in July.

2. Some achievements in our own land during the war.

1. Those of a national character.

A. Order of Secretary Daniels prohibiting the wine menses in the navy, and the use of liquor on board the war vessels.

B. Representatives in Congress of sixteen states voted solidly for the Hobson Amendment Bill, which, though defeated, was a great accomplishment for the first attempt. More than a majority voted for submitting the constitutional amendment.

C. Jesse Willard, a farmer from dry Kansas, knocks out Jack Johnson, the patron of booze and other vices.

D. Dan Morgan Smith, former attorney for the Model License League, becomes disgusted because the saloons do not obey the law, and espouses the cause of prohibition.

E. The National Intercollegiate Prohibition Association, which represents more than 200 colleges and universities, held its oratorical contest in Topeka, (dry Kansas) during this year. For next year the Universities of California, Wis., Mo., Iowa, Neb., Ohio, Harvard and Cornell will become members of this Association, with the support of many members of the Faculty in these institutions.

2. Those of a state character:

A. Illinois:—25 counties added to the dry list; 55 of the 102 counties of the State now dry.

B. Michigan:—Of 16 counties voting, 14 go dry, including the capital of the state. All the northern part of this state was

made dry by a court decision, upholding the Indian's treaties of 1855.

C. Minnesota. Many towns vote dry; county option now assured.

D. Pennsylvania, the Gibraltar of saloonists, ten counties vote dry.

E. Alabama. A bill making it dry, passed over the Governor's veto by a vote of almost three to one. Also a law passed to prohibit liquor advertisements in any newspapers of the state, or the circulating in the state, papers from other states with such advertisements in them. This law has already been tested in the courts and pronounced constitutional.

F. Iowa, dry Jan 1st, 1916 by the repeal of the Mule Law, but will vote also on the statewide question later.

G. Idaho will be dry by law Jan. 1, 1916.

H. Arkansas will be dry, June 1, 1915, by law, but the benefits are already apparent. Fort Smith jails are empty. Police scouring all the city to find enough to do to hold their jobs. Business in the police court very dull.

I. West Virginia voted dry effective July 1, 1915. A \$1,000,000 brewery, 50 years old, located at Wheeling, will soon be converted into a packing plant.

J. Virginia voted dry by 35,000 majority, effective November 1916.

K. The following states voted dry in the November election: Oregon, Washington, Colorado and Arizona. The Governor of Colorado says that Billy Sunday caused their state to go dry. Prohibition will be in effect in all these states within two years.

L. Kentucky. Of 16 counties voting in the fall, ten voted dry, as follows: Carroll, Montgomery, Bell, Mason, Boone, Clark, Jessamine, Shelby, Bourbon, Scott. All but 14 counties in the state are now dry. According to the Wall Street Journal Kentucky is making much less liquor than it did one year ago. It manufactured in Jan. 1914 6,102,000 gallons. In Jan. 1915 it manufactured 1,980,000 gallons.

M. Several large distilleries and breweries have had to suspend business because of shortage of sales.

N. The Kentucky Distributing Company, of Kansas City, Mo., made an offer to the Keeley Institute, of Dwight, Ill., to sell to that institution the names of its customers, and in the letter was this sentence, "Our customers are your future patients." This shows how hard pressed for money some of the liquor concerns are.

O. Charles county, the wettest county of Maryland votes dry.

3. I now mention some movements which make the future of temperance look very bright and hopeful.

Those of national concern.

A. Mr. Bryan strongly urges that members of all Democratic State Committees must be men who are openly opposed to the liquor traffic.

B. Mr. Kitchen, of North Carolina, a strong advocate of prohibition, becomes floor leader of the House in place of Mr. Underwood, who opposed all temperance legislation.

C. Another bill, similar to the Hobson Bill, will be introduced into the Congress early in the next session.

D. The great Prohibition

STANLEY WILL POLL SOLID VOTE.

Say Democratic Leaders In Henderson—Not 300 Votes Against Him.

Supporters of A. O. Stanley in this county say that the Henderson county man will carry his home county almost solidly in his race for the Democratic nomination for Governor. Last year Mr. Stanley lost 700 votes in this county. He received 2,489. His friends say that a large number of those who voted against him last year did so for no other reason than they thought Mr. Beckham was badly treated when four Democratic members of the Legislature in 1908 bolted and voted for the late Senator Bradley. It is not believed that 300 votes will be polled against Mr. Stanley at the August primary. The county polls from 3,500 to 4,000 Democratic votes.—Louisville Times, Henderson Telegram—Adv.

CHIEF DEPUTY JAILER AIDED

Pat Donahue, of Jefferson County, is Greatly Benefited by Tanlac.

Louisville, June 2.—Pat Donahue, Chief Deputy Jailer of this, Jefferson county, a man of unquestioned honesty and integrity, is among well known Louisville people who endorse Tanlac, the new medicine that is accomplishing such remarkable results in this city. Mr. Donahue's statement is as follows:

"It gives me great pleasure to recommend Tanlac, as I have found it quite beneficial in my case. I have used the medicine for a general run-down condition of the system."

The demand for Tanlac, the preparation referred to by Mr. Donahue, is now very great in Louisville, and is steadily increasing. In this connection, L. T. Cooper, who is personally directing the introduction of the famous medicine, said:

"I am, indeed, gratified to see such marked enthusiasm, as I now feel justified in my prediction that Tanlac would prove just as successful in Louisville as it has in the larger cities. The system, besides being purified by Tanlac, is toned up and invigorated, as the preparation, aside from assisting the blood, reinvigorates the constitution, overcoming, as it seems to quickly do, nervousness, indigestion, nonassimilation of food, headache, dizziness, kidney complaints, general rundown condition of the system, and many other complaints that are so common to thousands in this section."

Tanlac is especially valuable in catarrhal affection of the mucous membranes, which I consider the foundation of most ailments and diseases. People who are affected with catarrh of the head, throat and stomach are generally moody and depressed, with an occasional dull headache, accumulations in the nose and throat, affected memory, and a depreciated sense of smell and taste, which finally results in an affected hearing."

Tanlac can now be bought in Marion at Jas. H. Orme's drug store; and at A. T. Brown's, in Blackford, Ky.—Advertisement.

Former Marion Girl Wins Prize at State Exhibit.

The State Art committee awarded Miss Miriam Blackburn, of Paducah, first prize for the best drawing done by pupils of the public school which were shown at the state-wide art exhibit last week in Lexington, during the annual meeting of the State Federation of Woman's Clubs. Miss Blackburn is the talented young daughter of Mr. and Mrs. W. A. Blackburn, 1502 Broadway, and is a pupil of the A eighth grade at the Washington school.

Honors might almost be said to be equally divided between three portraits in the exhibit at the library duhng the Federation if one considers the beauty of the subject aside from the workmanship. They are "Leonara," the winner of the \$100 prize by Mr. J. B. Alberts, of Louisville, another, "Girl With Beads," by the same artist, and "The Yellow Scarf," from the masterly brush of Mr. Charles Snell Williams also of the Falls City. Between these three it would have been most difficult to decide had beauty been the main point, but the decision of the judges seems to have met with general approbation.—Paducah News-Democrat.

Rural Carrier Examination.

The United States Civil Service Commission has announced an examination for the County of Crittenden, Ky., to be held at Marion or June 26th, 1915, to fill the position of rural carrier at Sheridan and vacancies that may later occur on rural routes from other post offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practical date.

Decoration Service. A Success.

Monday afternoon, at 2 p. m. the annual Decoration Services and election of Directors of Marion Cemetery Association was held at the New Cemetery.

A good crowd gathered, notwithstanding the threatening weather. Prayer was offered by Rev. J. A. Chandler and appropriate remarks made by Rev. Trotter, J. F. Dodge and J. B. Kevil. The Cemetery was never in better shape. The Sexton, J. R. Marvel, has taken a great deal of pains with the work, and every one who has contributed to this fund is pleased with the results.

It is due the Committee that every lot owner contribute to the care of the cemetery. It is nothing but right that each one pay his part. The uncared for lots give a ragged look to the whole place. Pride, if nothing else, should prompt owners to do their part.

The election of Directors was held and the following were elected: H. V. Stone, J. W. Blue, L. E. Crider and J. C. Bourland.

At 7 o'clock Monday evening, at the residence of Mrs. Cora P. Crider, the first meeting of Directors was held. The first business was the election of officers, and the following were elected: Mr. J. R. Summerville, President, J. F. Dodge, Vice President, Nelle Walker, Secretary, Mrs. Cora P. Crider, Treasurer, Mrs. Edna Adams was appointed Collector. Mr. John Marvel was re-elected Sexton. The matter of selling one-half of a lot was discussed. After discussion it was voted that no lot be divided and sold in this way. Other matters of improvement were brought up and discussed.

The Cemetery Association hopes to be able to make several more needed improvements. It depends upon the contributions of the lot owners. The Committee appeals to all lot owners to place the care of their lot in its hands. The prices for care of lots are as follows: Occupied lot \$3.00, two occupied lots in one family, \$5.00, vacant lots \$1.00.

Republican Convention.

The Republicans of Crittenden county are called to meet in Mass Convention at the Court House, in Marion, Ky., on the twelfth day of June, 1915 at 1 o'clock, p. m., to elect delegates to the State convention which meets at Lexington, Ky., June 15th, 1915.

Stanley Talks,

Hon. A. O. Stanley, accompanied by Kenneth and Edwin Taylor, sons of the big Frankfort distiller, arrived in Winchester

Saturday morning and spoke in the afternoon to a crowd which comfortably filled the Circuit Court room. Mr. Stanley spoke in the interest of his campaign for the Democratic nomination for Governor. Considerable of his speech was devoted to abuse of his main opponent, Hon Harry V. McChesney. He also gave a great deal of attention to national issues and seemed to be attempting to confuse his own record with that of President Wilson. About a third of his audience left before the speech was half over. Mr. Stanley ridiculed McChesney and his supporters, but paid a nice compliment to the Republican candidate, Judge Morrow. Mr. Stanley was introduced by Hon. Abram Renick. — Winchester Democrat, May 25th. Advertisement

Extract From The Winchester County News.

We have failed to find yet a single instance where any candidate for Governor who is trying to hide behind the Presidents local option letter bearing upon the situation in New Jersey has had even the courtesy to mention his letter upon state-wide prohibition bearing upon the situation in the great state of Texas. If they are only aware of one of his letters and not of the other, we excuse their ignorance; but if they are not, we call upon them to give the President a fair representation and not try to deceive the people in reference to his standing upon temperance issues as he sees them in different localities. Falsehoods, Circulated By Liquor Interests Exposed.

The Winchester Democrat says Without a dissenting voice the Senate of Kansas adopted a resolution declaring that prohibition in that State is a complete success, and denouncing widely circulated statements to the contrary by the liquor interests. The resolution reads:

State Of Kansas
Office Of Secretary Of State
Topeka
March 11, 1915.

As an evidence that the people of Kansas are satisfied with prohibition, I desire to call your attention to the election returns of Nov. 3, 1914. In that election, prohibition was one of the issues. Hon. J. B. Billiard, former Mayor of this city was a candidate for Governor on a platform demanding a re-submission of the prohibitory amendment to a vote of the people and declaring against the principle of prohibition. Notwithstanding the fact that Mr. Billiard is one

of the substantial business men of the State, and a man of unquestioned integrity and clean personal habits, he could only muster 47,201 votes, out of a total of 528,006 votes cast.

Uric Acid Poison Undermines Health

Rheumatism Drives It From the System and Eliminates Rheumatism

Ever since Rheuma has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This due to the fact that Rheuma is a guaranteed to eliminate rheumatism or money back.

It is a quick acting remedy, too. You do not have to wait a long time for results. Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous uric acid, the chief cause of rheumatism, has begun to pass out of the body through the regular channels. It is also good for gout and neuralgia.

One 50-cent bottle will prove to any rheumatic sufferer that Rheuma surely will cure rheumatism. Sold by James H. Orme, and all druggists.

Season Tickets For Our Forthcoming Redpath Chautauqua

alcohol is distinctly and undeniably harmful: it impairs the strength of the body, even when taken in small quantities; it injuriously affects the mind and it undermines the morals. If, by consent, we try to protect the young man from the use of alcohol until he is twenty-one, is not the presumption strongly against the use of alcohol after one reaches maturity?

"Drink leads to idleness. No employer cares to put business in the hands of a tippler; the man who drinks cannot safely be trusted with the care of life or property. Read the advertisements in the want columns. Did you ever see one like this: 'Wanted, a good moderate drinker for a responsible position?' No saloon keeper would stand sponsor for such an advertisement, for total abstinence is a virtue even behind the bar.

"There has been a growing disposition in this country and throughout the world, to emphasize the evils of strong drink, but even the most enthusiastic advocates of temperance have been surprised at the ghastly light the war in Europe has thrown upon the subject.

"It has been found that patriotism—patriotism, that compelling force which throughout the ages has led men to offer their lives for their countries—is no match for the appetite which alcohol cultivates in its victim. Loyalty to Bacchus, Gambrinus and Barleycorn is greater than loyalty to King or Kaiser or Czar.

"The use of drink has been found to be so destructive of efficiency that the belligerent Governments, not on moral but purely on economic grounds, have been compelled to resort to restrictive measures.

"The aeroplane that drops its bomb from above, the submarine which shoots its torpedo from below are less to be feared than the schooner that crosses the bar." Adv.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Mr. Bryan On Total Abstinence.

Mr. W. J. Bryan spoke on temperance at Carnegie Hall, in New York City, last Friday night. The New York World prints the following concerning the meeting:

Mr. Bryan, touching on the personal side of the drink question, said:

"Why should the individual abstain entirely from the use of intoxicating liquor as a beverage?"

"First, because both experience and investigation show that no advantage of any kind, physical, mental or moral, is to be gained from the moderate, or even the occasional, use of intoxicating liquor. This ought in itself to be sufficient.

"But the case against alcohol does not, however, rest upon negative arguments. The use of

Undaunted, The Adriatic Sails.

New York, May 27.—The White Star liner Adriatic left New York today for Liverpool with 296 passengers and 18,000 tons of general cargo and munitions, an unusually large manifest. Only three of the passengers, P. L. Foster, of New York; Miss D. Wells, of Philadelphia, and R. A. Boffey, of Maywood, N. J. were Americans. Another passenger was S. R. Thomas Shaughnessy, who was born in America, but is British by naturalization, the president of the Canadian Pacific Railway Company.

MR. GUS THOMAS NOT CANDID WITH THE PEOPLE.

If Mr. Gus Thomas wishes to interest the voters in his candidacy for the Court of Appeals, it behooves him to deal frankly with the people.

Mr. Thomas has circulated that part of the district west of the Tennessee River with a statement that during the 123 years of Kentucky's statehood the Appellate Judgeship has been west of the Tennessee River only 14 years. When, in fact, it has been there 22 years and 3 months. Mr. Thomas evidently includes the 6-year term of Judge White from Carlisle, but he leaves out of his calculation either the 8-year term of Judge Lindsey, of Hickman, or the 8-year term of Judge William, from Graves, and Judge Quigley, an appointee from Paducah, who held the office three months. One would infer from Mr. Thomas' statement that the Judgeship had been in the counties of the present district east of the Tennessee River 109 years. Neither is this true. The following are the Judges from that part of the district: Judge Grace, from Trigg, one year and a few months; Judge Landes, from Christian, a Republican appointee, less than a year; Judge T. J. Nunn, from Hopkins, 11 years; Judge C. S. Nunn, from Crittenden, one year, making in all 14 years. Judge Bennett was elected from Livingston County, between the Cumberland and Tennessee Rivers. Either side ought to be proud to claim him. He held the office 7 years and 8 months. If Mr. Thomas rejects him, then charge his tenure to the eastern part, and it makes 21 years and 9 months against 22 years and 3 months for the western part.

The error of Mr. Thomas doubtless comes from overlooking several things which a lawyer should know: Until the third Constitution was adopted in 1850, all Judges were appointed by the Governor, and none of them were from any county of present district. From that time until the adoption of the present Constitution, in 1891, the court was composed of four Judges, and the districts were, of course, much larger than any of the seven into which the state is now divided. We have already named the only Judges from the district, as now constituted.

Geography is not a very commendable issue, anyhow, and Mr. Thomas should suggest some other qualification.—News-Democrat, Sturgis.

Resolutions Of The Crittenden County Equal Suffrage League.

To the President and members of the Crittenden County Equal Suffrage League.

This paper is submitted in response to your requests for reports from officers.

At the annual meeting of the State Federation of Women's Clubs in session at Lexington, during the third week in May the convention adopted the following resolution:

"Resolved, that it is the sense of this convention that full suffrage for women is to-day one of the leading issues for decision by American voters, and that it should be settled in Kentucky by the submission of a constitutional amendment at the 1917 general election; that political parties in Kentucky earnestly be requested to adopt in their platform a plank pledging their members in the General Assembly to vote for the submission of a constitutional amendment granting full suffrage to women.

The amount of space magazines, and especially the great national weeklies are devoting to the question of equal suffrage, is something entirely new, as is the fact that most of them are warmly supporting the movement. Among those that have given entire issues to the support of equal suffrage are noted such varying publications as the staid and conservative Harper's Weekly and the ultra-frivolous Puck. The Woman's Journal, a weekly newspaper, devoted to winning equal rights and especially to winning equal suffrage for women, is making the very attractive offer of four months on trial for twenty-five cents. Orders may be placed through any officer of this League or sent direct to the Woman's Journal, 585 Boylston street, Boston, Mass. The paper is attractively printed in good sized type, and is one of the oldest devoted to equal suffrage.

The Crittenden Record-Press has opened its columns to our League and all who are interested in keeping in touch with what women are doing, and why, are urged to not only subscribe for themselves but to subscribe for friends at other places.

Respectfully submitted,
Zylla Moore Cardin,
Corresponding Secretary.

Colored C. P. Church Had Yearly Rally Sunday.

The Pastor and members of the C. P. Church, (colored) had their yearly church rally Sunday. The members were divided into two clubs, Nos. 1 and 2. Each club worked faithfully for about two months, raising money. The amount raised by each club: No. 1, \$129.78, No. 2, \$121.40. Total \$251.18. The Pastor, Rev. Wm. Fowlkes, of Union City, Tenn., gave much help by advising and encouraging the clubs. The Church extends sincere christian thanks for the assistance given by the members and friends of the other churches.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

William Owen Heads Company of Artists Producing William Rann Kennedy's Great Play

THE introduction by the Redpath Chautauqua for this season of a modern play will set a new precedent throughout the Chautauqua world. Heretofore all such productions under Redpath management have been limited to the literature of Shakespeare and Goldsmith.

The play to be produced, "The Servant in the House," written by Charles Rann Kennedy. William Owen will head the company of artists, and the author, Mr. Kennedy, will assist Mr. Owen in the coaching of the cast prior to its tour upon the Chautauqua

circuit. The Redpath by paying a large royalty holds exclusive right for the Chautauqua production of this play in both the United States and Canada. "The Servant in the House" contains a story that goes to the fundamentals and so touches the common heart. It depicts the love of a father for his child, carrying that love through his poverty, degradation and bitterness. The child, when too young to realize her father's condition, has been placed in comfortable circumstances, but her heart still cries for her father as her father's cries for

her. How that love like a magnet draws them together is beautifully told in the play. Like a song of praise through the play moves the figure of Manson, the embodiment of the ideal, the vision of love and truth toward which the world, in spite of wars, sorrow and poverty, is slowly moving. William Owen, who heads the company of artists who are to present "The Servant in the House" on the Lyceum platform the coming season under Redpath management, was for twelve years at the head of his own company. He has selected the players

for this cast from among actors of experience whom he has known for years. Mr. Owen is also known in educational circles. He has addressed a very large per cent of all the colleges, high schools and women's clubs in the middle west. Beginning his career at the early age of eighteen years, at twenty-three he was playing Mephistopheles for Lewis Morrison in "Faust." He took Mr. Lyceum platform the coming season under Redpath management, was for twelve years at the head of his own company. He has selected the players

he has appeared as Hamlet, Romeo, Shylock, Benedick, Iago and Orlando, in "The Three Musketeers" as D'Artagnan and in the famous dramas of Bulwer Lytton as Richelieu and Claude Melnotte. He has played the part of Ingomar in "Ingomar." For two weeks he played a leading role with Julia Marlowe in McVicker's Theater, Chicago, and in the original run of "Josephine, Empress of the French," he appeared with Rhea, the great French actress, in the Broadway Theater, New York. With Donald Robertson he ap-

peared in the Art Institute, Chicago, in the plays of Ibsen, Browning, Milton, Goethe and others, and it was while here in October, 1908, that James O'Donnell Bennett, the noted dramatic critic of Chicago, wrote in the Herald: "His ideals are high, his nature unselfish and his equipment solid. He is a tower of strength to any organization because he has the craftsmanship of his calling at his fingers' ends." His method is simple and vigorous, and he has authority both in speech and demeanor.

CHAUTAUQUA WEEK, JUNE 16th, to 23rd.

THE UNITED STATES OF EUROPE.

(By Victor Hugo)

A day will come when you, France—you, Russia—you, England—you, Germany—all you nations of the continent, shall, without losing your distinctive qualities, your glorious individuality, bend in a higher unity and form a European fraternity, even as Normandy, Brittany, Burgundy, Lorraine, Alsace, all the French provinces blended into France. A day will come when war shall seem as impossible between Paris and London, between Petersburg and Berlin, as between Rouen and Amiens, between Boston and Philadelphia.

A day will come when bullets and bombs shall be replaced by ballots, by the universal suffrages of the people, by the sacred arbitrament of a great sovereign senate, which shall be to Europe what the parliament is to England, what the Diet is to Germany and what the legislative assembly is to France. A day will come when a cannon shall be exhibited in our museums as an instrument of torture is now, and men shall marvel that such things could be.

A day will come when we shall see those two immense groups, the United States of America and the United States of Europe, in face of each other, extending hand to hand over the ocean, exchanging their products, their commerce, their industry, their art; their genius, clearing the earth, colonizing deserts and ameliorating creation under the eye of the Creator.

To you I appeal, French, English, Germans, Russians, Slavs, Europeans, Americans, what have we to do to hasten the coming of the great day?

Love one another.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1508 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.

WESTERN KENTUCKY SCHOOL OF METHODS

A Western Kentucky School of Methods for ministers and bible-school workers will be held at Earlington, Ky., June 21-25, 1915, under the auspices of the Kentucky Christian Bible-school Association. An able faculty, composed of the state superintendent, Mr. Walter E. Frazee, Prof. W. C. Bower of the College of the Bible, Lexington; Miss Hazel A. Lewis, National Elementary Superintendent, Miss Cynthia Pearl Maus, National Secondary Superintendent and President R. H. Crossfield of Transylvania University, who will give the commencement address, will conduct the school.

Our aim is, "One or more representatives from every Christian Bible-school in Western Kentucky." This ought to be realized because the expenses are low.

A registration fee of \$1 will be paid by all who matriculate. Lodging and breakfast will be furnished free to all who send their names in advance to Mrs. John L. Long, Earlington, Ky. Dinner will be served each day at 35 cents and supper at 25 cents. Total expenses for the entire period, including matriculation fee, lodging and meals, \$4.00 plus railroad fare. Vote next Sunday to send a representative from your school. Encourage others, who can, to go on their own accord. Your attention is called to the recreational features. While the school of methods is a school where hard work will be done, yet it won't be a grind, because to do the best work there must be a time for rest, study and recreation. Each afternoon will be devoted to recreation. Such special features as an automobile trip a "bacon fry,"

boating and fishing on Loch Mary, a personally conducted trip to the mines, have been planned for the recreation periods. Could you think of a more pleasant or more helpful way to spend your summer vacation?

In June 1913 a school of methods was held at Hopkinsville for Western Kentucky and last December a very successful school was conducted at Murray for the Purchase District. It is earnestly desired that the Earlington school will surpass all our previous efforts in this section of the state. This is a great opportunity to train our Western Kentucky leaders. Make your plans now to be there. For further information address Walter E. Frazee, 700 Realty Building, Louisville, Ky. ROY K. ROADRUCK, Western Kentucky Field Worker

LIV-VER-LAX

All the Effectiveness, Not the Effect of Calomel.

Liv-Ver-Lax is one of the most important medical discoveries of recent years. For a long time medical experts realizing the harmful effects of calomel, have been striving to find a purgative that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his Liv-Ver-Lax.

Liv-Ver-Lax is a harmless vegetable compound, designed solely for the treatment of liver complaints. It immediately favors it has met with thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated, and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with Liv-Ver-Lax. It acts on the genuine, bringing the signature and likeness of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Haynes & Taylor, Marion, Ky.

Vernon Oakley says you can have twenty virtues and no body will pay any attention to them, but if you have one vice you will hear about it every five minutes.

You'll Like the DE LAVAL Cream Separator because its construction is so simple.

THERE IS NOTHING ABOUT THE OPERATION, CLEANING, adjustment or repair of a modern De Laval which requires expert knowledge or special tools.

NOR ARE THERE ANY PARTS WHICH REQUIRE frequent adjustment in order to maintain good running or to conform to varying conditions in the every day use of a cream separator.

Only tool required

THERE IS NOTHING ABOUT THE MACHINE THAT cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed in the use or the operation of a De Laval Cream Separator is the combination wrench and screw driver illustrated above, which is furnished free with every machine.

YOU AND YOUR COUNTY PAPER.

The local paper is always hustling for you and yours.

But what are you doing for it? The paper is always scheming, and planning, and laboring for a better community.

Do you ever exert yourself to give the paper a boost?

The paper is always pushing you and your people to the front, giving you a good word before your neighbors and the public, assisting you to build up a reputation which will be of inestimable value to you throughout the years of your life.

But what are you doing? Are you reciprocating in any way? Do you ever suggest to your neighbors or your friends that it is a good paper, a loyal paper, and that it should receive their support?

The paper devotes many hours and many pages in free advertising of the natural advantages of the community—of your community—and in seeking to enhance the welfare of your com-

munity and of yourself.

But what of you? Do you ever seek to drive this paper, or to swell its subscription list, or to increase its general usefulness to the community?

The paper is working six days of the week for the community, and for you, and for yours.

But do you ever devote a minute of your time to its material welfare? Have you ever done

The duty of the paper is to supply you with the legitimate news of the town and community. But the paper goes much farther. Its labors in behalf of the community are endless, and it will continue to advocate the community of progress as long as it is a paper.

You are an important part of the community, therefore its labors are in your behalf.

But are you doing one single thing to requite the paper for all of its toil and expense in your behalf?

You take the paper, you say. True, and you get more than

THE MORNING HOUR LECTURES

Chautauqua Week

Don't make the mistake because these lectures are in the morning that they are dry or unimportant. The men selected for this work by the Redpath Educational Department are experts and authorities on their respective subjects.

If you miss the morning hour lectures you will miss one of the best features of the Chautauqua.

PHYSICAL ADVISER OF PRESIDENT TAFT TO LECTURE AT OUR CHAUTAUQUA ON "HOW TO LIVE 100 YEARS"

Important Health Exercises Will Be Demonstrated by Dr. Barker During His Afternoon Lecture—Exercises Which Any One Can Do at Home

EVERY one is, of course, interested in learning how to live 100 years. The fact that a lecture on this subject by so prominent an authority as Dr. Charles E. Barker, who was physical adviser to President Taft during his administration, is to be given Chautauqua week is at once of great importance.

At the morning session on the third day Dr. Barker will give his lecture entitled "Health and Happiness," and in the afternoon his subject will be, as stated above, "How to Live 100 Years." At this afternoon lecture Dr. Barker will give demonstrations of physical exercises which every one can practice at home. He will also outline a plan

of diet which should be followed by business men in offices and others who are not performing hard manual labor. It was Dr. Barker who, by his system of physical exercises and plan of diet, reduced President Taft's weight some eighty-five pounds. The exercises which Dr. Barker will demonstrate,

however, are not necessarily to reduce flesh, but are just as essential to the man or woman of average weight. Aside from President Taft, many other prominent men in national life have followed Dr. Barker's plan for health. He stands in the forefront of teachers, orators and exemplars of the gospel of health and happiness. He has lectured widely under the auspices of the physical training department of the national committee of the Y. M. C. A., and his work has been widely commented upon both in the editorial and news columns of our largest city newspapers. One of the Springfield (Mass.) papers during his recent week's lecture engagements in that city published

daily articles on health from Dr. Barker's pen. Dr. Barker will be glad to answer all questions along the lines in which he is specializing. It is safe to prophesy that "health day" at the Chautauqua will leave excellent results in every one of the 120 cities in which Dr. Barker is to appear.

Chautauqua Week Here, June 16, to June 23rd.

"Cured"

Mrs. Jay McCoe, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women—why not you? Try Cardui. E-71

H. V. MCCHESNEY.

Speaks To Big Crowd At Millersburg In Afternoon And At Paris At Night.

Hon. H. V. McChesney opened his campaign in Bourbon for the Democratic nomination for Governor of Kentucky, at Millersburg yesterday afternoon at two o'clock.

Long before the speaker and his party arrived the house was comfortably filled, a large number of ladies being present.

Prof. C. C. Fisher, President of the Millersburg Female college, presided at the meeting. Rev. C. A. Cossaboom delivered the invocation. The speaker was introduced to the audience by Rev. J. D. Redd. In a splendid speech of about an hour and twenty-five minutes duration Mr. McChesney stated his position on the State-wide prohibition platform, and in a convincing array of facts and figures refuted the arguments put forth

by the liquor people as to their interests paying the largest proportion of the State's revenues. He laid his claims for the support of Bourbon county voters before his audience in a most convincing argument, and made a splendid impression.

The speech was heard with great interest by about forty Paris people, who went to Millersburg in autos by train and other modes of conveyance.

After the speaking Mr. McChesney, who was accompanied by his wife, returned to Paris, where they were guests at the Windsor Hotel.

The court house in Paris was filled with a large crowd at 7:30 last night, when Mr. McChesney was given an ovation when he arose to present his candidacy to the voters of Paris and the adjacent territory.

In a speech sparkling with facts and figures, Mr. McChesney stated his claims for the consideration of the voters, and while it was, in some respects very much the same line of argument as presented in his Millersburg speech, it referred more to local conditions, and was well received by the large crowd. The ladies were out in large numbers, and seemed as much interested in the speaker's arguments as the male members of the audience were. Mr. McChesney's speech occupied about two hours, and was liberally applauded. He is an eloquent and convincing speaker, and drove home arguments clinched with facts and bristling with figures that left no room for doubt.

Mr. and Mrs. McChesney will be guests at the Windsor until 3:30 this afternoon when he will go to Berry to speak, and will speak at Cynthiana tomorrow afternoon. —Bourbon News, May 21st.

HOUSE CLEANING

Sing a song of house cleaning!
Pocket full of nails.
Four and twenty dust pans,
Scrubbing brooms and pails!
When the door is open,
Wife begins to sing—
"Just help me move this bureau here,
And hang this picture, won't you dear?
And tack that carpet by the door,
And stretch this one a little more.
And drive this nail and screw this screw,
And here's a job I have for you—
This closet door will never catch,
I think you'll have to fix the latch;
And, so, while you're about it,
John,
I wish you'd put the cornice on,
And hang this curtain when you're done
I'll hand you up the other one;
This box has got to have a hinge
Before I can put on the fringe;
And won't you mend this broken chair;
I'd like a hook put right on there.
The bureau drawer must have a knob;
And here's another little job—
I really hate to ask you, dear—

But could you fix a bracket here?
here?"

And so it goes on when these are thru
With this and that and those to do.
Ad infinitum, and more too.
All in a merry jingle—
And isn't it enough to make
A man wish he was single?
Almost.

STATE-WIDE PROHIBITION

There is a great hue and cry from various quarters of the danger of a split in the Democratic party if the question of state-wide prohibition is not hushed up. Who is the Democratic party in Kentucky, and what is the purpose of the Democratic party or any other political organization? The people compose the party, and if the people want state-wide prohibition, what does it matter to the party? It is supposed to represent the sentiment of the people composing it. If the people do not want state-wide prohibition, assuredly they will not have it. The purpose in agitating the question now is to give the people an opportunity to say by their votes whether they want it. If the question is, by constitutional

amendment, submitted to the people and a majority of them, by their votes, favor it, why should they not have it? And if a majority of them vote against it, then of course we will not have it.

There is a strong sentiment among Kentuckians to take another step forward concerning the liquor question, and the liquor interests are naturally trying to head it off. This same interest made a desperate effort four years ago to prevent the Democratic party putting a temperance plank in its platform; but the people were so insistent that the plank went in, and as a result the democratic party went into power by the largest majority of recent years. If the party is bulldozed into backtracking this time, it will be guilty of cowardice, and will deserve to be rebuked at the polls.—Pembroke Journal.

3. Of state concern.

A. A bill has already passed both Houses and been signed by the Governor to submit State-wide prohibition either this year or next year in the following States: Ohio, (again), California, (again), Nebraska, South Dakota, Idaho, South Carolina, Montana and Alaska.

B. A bill to submit to a vote state-wide prohibition is pending before the Legislatures of the following states: Michigan, New Mexico, Indiana and Pennsylvania, where the Governor and the Speaker of the House favor it. Just a few days ago 200,000 school children of Pennsylvania, sent a petition asking the Legislature to give them protection from the ravages of the liquor traffic by submitting to vote the question, reminding the Legislature that it had appropriated a half million dollars to protect the cattle of the State from the ravages of disease.

C. A bill passed the House in Vermont and is favored by the Governor.

D. The Utah Legislature passed a bill to submit State-wide prohibition to a vote, but the Governor vetoed it after the Legislature adjourned. Mormons and all parties are now up in arms against him.

E. In Missouri a bill passed the Legislature to submit the liquor question to a vote every four years.

Electric Light Company Improving.

The Marion Electric Light & Ice Co., received a car load of chesnut poles last week which are being used in repairing damages from April and May storms, in installing new street light at Walter Enoch's corner, and in making preparations for lighting the M. N. Boston and O. S. Denny bungalows, the latter of which requires running a new line and a re-arrangement of the company's circuits which have become overloaded in that section of the city, requiring new and heavier main lines, on account of the great number of new and large houses which have been erected in the last few years in the Maxwell addition. These and other improvements and extensions call for two miles of copper cables, weatherproofed and triple braided which in these war times means money.

A Chicken Thief.

About two weeks ago Miss Ruth Terry, of Forest Grove, had a fine brood of 140 incubator chickens to hatch out. The chicks were growing nicely and gave promise of making a fine flock of poultry. Miss Ruth kept them in a floored coop and she was confident no "varmint"

could possibly get to them. However when she went to feed the chickens last Sunday morning, on opening the door she saw there was not a chicken in the coop, and no signs where any had been eaten by "varmint." Mr. Terry was at once called; and said that no animal except a two legged one with a sack could make such a complete get-away with that number of chickens. He decided to have the blood-hounds from Marion to track the thief, and in order to give the hounds a good chance, he allowed no further search to be made for the chickens, nor the coop to be molested in any way.

A telephone call soon brought the dogs and their keepers on the scene, but try as they might they could find no trail. It was then decided to make a more thorough search of the coop and surroundings. First the coop was overturned but no chickens were in sight. Finally a small knot hole was discovered in the floor of the platform on which the coop was placed. The platform was raised and underneath was enough dead chickens to stock a good sized poultry yard. A fair count showed 103. Most of them had merely been bitten through the head and killed. A small animal run was found leading from underneath the platform to a fence; underneath the fence for a short distance to the smokehouse; under the smokehouse floor coming out at the far corner, and thence to a pile of wood nearby. The pile of wood was torn down and underneath it was found an old rat and a large nest of young ones, and around the nest was piled 36 more dead chickens, making a total of 139 chickens killed by a rat in one night.

Some of the Republican neighbors declare that the rat was expecting more Democrat hard times and was preparing for them. At any rate the old lady had an eye to business, and was making good use of the opportunity to replenish the family larder while the supply was good.

Now if any one knows of a bigger rat tale than this let's have it.
