EDITOR JOHN L. SMITH SAYS:

Lemon's Reasons Sectional When Ability is Demand of the Hour.

(Livingston Enterprise.)

We clip the following from The Dayfield Messenger of May 25th. Judge T. J. Nunn, father of Judge Clem Nunn who is candidate for appellate judge in this district was in the city Tuesday in the interest of his son.

"The judge is of course very enthusiastic for the nomination of his son and he was here in his automobile seeing if he could find any opposition to our local candidate, Mr. Gus Thomas.

"He was very anxious to know what would be the probable vote in this county and the strength of each candidate.

"Of course, he found very few people here, if any, who were for Judge Nunn for the nomination. But as a matter of fact he did not expect to find much here because this is a big democratic county and the democrats down this way have come to the conclusion that Crittenden county is not entitled to any more fat offices. They have also come to the conclusion that it is not fair and proper that other counties in the district should furnish the democratic votes in order to keep men in office who live in a republican county.

"We are inclined to believe that the judge is on a cold trail and so far has not found much encouragement for his son 'down in this neck of the woods.'

It is evident that The Messenger intended to do Judge Thomas a favor by the above thrust at the distinguished ex-Justice of the Supreme Court, but failing to offer any argument in behalf of Mr. Thomas the effort falls flat. Throwing mud at others does not constitute argument but rather lowers the standard of political warfare. It matters not from what locality the candidate may come, the important thing to know, does the candidate measure up to the standard of efficiency?

If Clem Nunn or Flem Gordon does not measure up to the standard, or if Judge Thomas measures up to a higher standard of efficiency, then let The Messenger set forth those traits before its readers and not rely on mud-slinging at the father of Clem Nunn or the location of the home of any candidate.

Incidentally, the above makes a fling at Senator James, because he happened to live in a republican county, disregarding all of his acknowledged ability and popularity and public service. The freedom voters enjoy in Kentucky is, that they may select their best and most capable men for office without regard to the location of their home or birthplace. Our present congressman was once a citizen of Graves county, but that alone did not elect him to congress. Judge Barkley won his fight on merit, just as Ollie James won his races and just as Judge Thomas will have to win a seat on the Supreme bench, if he ever occupies that high position.

When a newspaper resorts to such subterfuge as trying to errand one section of the country against another, it does its favorite candidate an injustice and tries to lead its followers into the quagmire of sectional prejudice instead of leading them into the intelligent light

COME FROM REMOTE SECTIONS OF GLOBE

Tanlac Draws Medical Properties From Many Points Far Away.

The ingredients, or medical elements, which compose Tanlac come from many remote sections of the earth, the Alps, Apennines, Pyrenees, Russian Asia, Europe, Jamaica, Brazil, West Indies, Mountain States, near the Rocky mountains, Asia Minor, Persia, India, Russia, England, France, Germany, Mexico, Colombia, and Peru are among the points from which the principal properties of this remarkable preparation are obtained.

In the principal laboratory of the Cooper Medicine Company, Inc., under the efficient direction of Herr Joseph Trimbach, a native German chemist, these medicinal herbs, barks and flowers are assembled in the rough and pains-takingly developed so as to obtain of that high standard of efficiency shown by the uniform preparation Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned. The preparation is inspected again and then crated for shipment to points over the world where the demand requires.

Tanlac, the premier preparation, is now obtainable in Marion at the drug store of J. H. Orme, and A. T. Brown, at Blackford.

STANLEY CONFIDENT OF SWEEPING SUCCESS

COVINGTON ORATION GIVEN HIM SHOW KENTON AND CAMPBELL FOR HIM

Thos. B. Cromwell Interviews Stanley For The Cincinnati Enquirer.

(Thos. B. Cromwell in Cincinnati Enquirer.)

"When former Congressman A. O. Stanley went through Lexington last night for Jackson, where he had an engagement to speak today, he was apparently in the seventh heaven of delight.

"That meeting at Covington Wednesday night convinced me that there is no uncertainty about how I stand in the cities of Covington and Newport and the counties of Kenton and Campbell," said he. "I will carry both by big majorities. It was as fine a meeting as a candidate could wish for. The enthusiasm displayed was remarkable. Among the men who attended the meeting and greeted me afterward were representatives of all the factions which in the past have fought many bitter battles on that political ground. Those factions are united in their support of me and I was told that the meeting had harmonized all of the elements.

"I have been confident for some time of victory at the polls on August 7th, but after the Covington meeting I haven't a doubt but what my plurality will exceed by far the expectations of many of my closest friends and most zealous advocates.

"I am certain that had these same friends been able to realize that I was as close to the nomi-

AGAINST McCHESNEY MRS. BEAUCHAMP SAYS

People Do Not Like His Associates And Many Drys Will Go To Stanley.

Mr. Griffin Cochran, the "Politigraph" man of the Lexington Leader, has this to say in the Sunday issue of that paper:

One of the surprising statements made thus far in the campaign was that of Mrs. Frances E. Beauchamp, president of the State W. C. T. U. In an interview a few days ago, Mrs. Beauchamp stated that her observation had been that there was a strong prejudice developing among the drys in the Democratic party against Mr. McChesney. Mrs. Beauchamp has been a very close observer, as well as a hardworker, in the interest of State-wide prohibition, and it is somewhat surprising to note the frankness with which she has expressed her opinions of what is the most vigorous State-wide prohibition campaign ever undertaken in this State.

"The prejudice against Mr. McChesney's candidacy," said Mrs. Beauchamp, "comes entirely because of his association with Percy Haly. There was at the beginning of the campaign hundreds of voters who were for McChesney until it became known that he was the Haly candidate and the candidate of the Haly machine. Since that became generally known, there has been a revulsion of feeling and a surprisingly large number of dry votes will go to Stanley as a protest against the prohibition fight being fought with such instruments as the Haly machine provides. I believe that Mr. Stanley will be nominated and that the protesting prohibition voters will be the number of his majority."

Mrs. Beauchamp did not express any opinion in regard to the candidacy of Mr. Newman, although the W. C. T. U., expressed its approval of his State-wide platform on which he announced his candidacy.—The Frankfort Courier.

WOMEN OF KENTUCKY.

Newport, Ky.—"I have had a very good experience with 'Favorite Prescription'." I was dragged out and so severely sick with female trouble that I was down in bed and had to give up all work. I did not get any strength from anything. Then I read of what Dr. Pierce's Favorite Prescription was doing for others and my husband procured two bottles of 'Prescription' at the drug store. I got stronger at once and the use of two bottles brought me up from my sick bed and put me on my feet. I have had no return of the trouble since. This was some ten years ago."—Mrs. NANCY SANDERS, 338 Central Ave.

Thousands of women right here in Kentucky who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Marion People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. PEORIA WOMAN

PRAISES REMEDY

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of May's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. But as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

KENTUCKY TAXPAYERS, WHICH DO YOU WANT?

WEST VIRGINIA

State Wide Prohibition Paralyzes the State.

Higher Taxes—Worse Conditions.

The West Virginia Legislature convened in May, the second time this year, to consider tax questions made necessary by a shortage of revenues to pay the current expenses of the State.

The inauguration of State-wide prohibition, last July, cut off \$650,000.00 of revenues heretofore available.

At the close of the fiscal year, September 30, 1912, the State had a surplus in the treasury of \$592,475.39.

The Governor estimated that on July 1, 1915, there would be a deficit of \$224,000.00, not counting \$850,000.00 of old appropriations not expended.

The Legislature, at the May special session, increased the tax rate in the State 40 per cent to make up the deficit in revenues caused by the State-wide prohibition system.

For lack of funds, Governor Hatfield vetoed appropriation bills amounting to \$558,608.09. Among the vetoed appropriations are the following:

Transportation of prisoners and extradition of criminals, \$5,000.00 a year;

Girls' dormitories and agricultural buildings, State University, \$100,000.00 a year;

State Industrial Home for Girls (buildings and lands), \$10,000.00 for next year;

Normal Schools (buildings and land), \$80,000.00 a year;

State Tuberculosis Sanatorium (buildings and land), \$15,000.00 a year;

State hospitals (buildings and land), \$35,000.00 a year;

Public Service Commission, \$60,000.00 a year;

Mining extension work, State University, \$10,000.00 a year;

Civil contingent fund, \$20,000.00 for current year;

Rewriting and rebinding Auditor's records, \$5,000.00 a year;

Protection of forests and propagation of fish and game, \$10,000.00 a year;

Prevention foot and mouth disease, \$5,000.00;

State militia fund, \$65,000.00 a year;

Repairs and improvements, State institutions, \$5,000.00;

Hotel Inspector, \$1,562.50;

State Colored Orphans Home (buildings and land), \$3,000.00 a year;

State Librarian, \$500.00 a year;

Point Pleasant monument, \$2,500.00 a year;

King's Daughters and city hospitals, \$10,000.00 a year;

Factory inspectors, \$4,000.00 a year.

Since the adoption of prohibition, violations of the liquor laws have increased enormously. Bootleggers are busy all over the State. On the first day of May, 1914, before prohibition went into effect, there were 39 prisoners in the county jail at Charleston, the capital of the State. On the first day of May, 1915, there were 92 prisoners in the same jail.

Kentucky Facts and Figures.

WHO PAYS THE TAXES?

All live stock of all kinds in Kentucky—horses, mules, cattle, hogs, sheep, etc., are assessed at

\$52,148,637.00

All mines and mineral products are assessed at

1,473,653.00

All stocks, merchandise, etc., are assessed at

81,148,282.00

All manufactured articles are assessed at

3,364,419.00

All agricultural products and farming implements (tools) are assessed at

2,514,349.00

All diamonds, watches, clocks, jewelry, gold and silverware, paintings, musical instruments, and libraries are assessed at

2,902,135.00

\$31,387,000.00 is the capitalization of Kentucky distilleries and breweries, according to the last Federal Census.

\$42,493,560.00 is the assessed value of Whisky in U. S. Bonded Warehouses, in Kentucky, on which State and county taxes are paid.

\$19,250,000.00 is the assessed value (approximately) of properties used in the distilling and brewing industries and liquor trade in Kentucky, not including any part of items given above.

\$6,500,000.00 is the amount paid out annually in Kentucky by distilleries for grain.

\$2,290,000.00 is paid annually for wages and salaries by Kentucky distilleries and breweries.

\$2,405,000.00 is paid annually for coal and barrels by Kentucky distilleries and breweries.

\$600,000.00 annually is paid to Kentucky Banks in interest by Kentucky distilleries and breweries.

\$60,000,000.00 annually is brought into Kentucky in bank clearances by the distilling and brewing industries.

\$921,254.15 is the amount paid in taxes in Kentucky by the distilling and brewing industries in 1913, as given by statements from the State Auditor's office.

This sum is more than the combined taxes paid on all the merchandise, coal mines, oil wells, live stock, agricultural products, and manufactured products in the State.

State-wide prohibition will destroy entirely, for taxation purposes, these sources of revenue. Other property must then be taxed heavier to make up that loss.

If Farm Lands are compelled to pay it, the tax on farms must be 50 per cent more than at present.

If Live Stock is made to pay it, that class of property must be taxed three times what it is at present.

If Railroads are to pay it, their assessment must be doubled.

If Mining Property is required to pay it, their assessment must be increased to more than 100 times what it is now.

WHO IS WILLING TO PAY THESE EXTRA TAXES?

And what will we get? Conditions similar to those in Tennessee and West Virginia, and we will drive out of the State our largest taxpaying industries.

Nothing will be gained for temperance. Counties can vote themselves as "dry" under the present law as State-wide prohibition could make them.

TENNESSEE

Six Years of State Wide Prohibition Bankrupts State.

More Crime Than Ever Before.

Tennessee has had State-wide prohibition for six years.

Before the prohibition law went into effect, 10 per cent of the revenues of the State were applied to paying off the State debt, as provided by law, thereby rapidly discharging it. Since prohibition deprived the State of large revenues from taxes on the manufacturers of liquors and beer, the sinking fund law was suspended, and payments on the State debts stopped.

The present Legislature found that there was a deficit in State revenues of \$1,022,000.00. Short-time notes have been given to cover that deficit, the same to be converted into 30-year bonds next July. This will increase the bonded indebtedness of the State to a total of \$12,500,000.00.

Taxes have been largely increased. The State Manufacturers' Association, in 1914, stated in its report on Taxation:

"There is a tendency throughout the State to increase taxes on an already overburdened people, both by constant increase of the assessment as well as the rate."

Since that report was made, the Legislature has passed a new Revenue and Assessment Act, increasing many kinds of taxes from 40 to 100 per cent, the entire tax burden being nearly twice what it was before prohibition went into effect.

In 1908, the year before State-wide prohibition was adopted, the cost of criminal prosecutions in Tennessee was \$158,000.00. According to official figures submitted to the Legislature that has just adjourned, \$342,000.00 was expended for criminal prosecutions last year. This shows an increase of nearly 100 per cent in crime in six years under prohibition.

The city of Nashville recently issued bonds for \$987,000.00 to cover a deficit caused largely by the operation of the prohibition law. The other large cities of the State are in a similar financial condition, due to the same causes.

In Tennessee, prohibition has not helped the taxpayer, nor has it improved moral conditions. Exactly the reverse has been the result. Large numbers of extra officeholders, and greatly increased expenses for their support and for prosecuting violations of the law, are the main features of present conditions.

Blind tigers, bootleggers and moon-shining have taken the place of lawful, regulated liquor traffic; there has been a steady increase in all crimes; moral standards have been lowered; and TAXES HAVE DOUBLED.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. You don't need to be a mechanic to understand why the De Laval separator bowl is so easy to keep in balance

1st. AS WILL BE SEEN BY THE illustration at the left the heaviest part of the De Laval bowl is below the point of suspension and it is thus much easier to keep in balance than a bowl attached to a spindle as in the illustration on the right.

2nd. ALL DE LAVAL BOWLS, AS NOW made, are detached from the spindle, interlocking with the spindle only when placed in position, the bowl spindle always remaining in the machine. This avoids injury to the spindle in handling the bowl. The operator does not have an oily spindle to wash with the bowl, either.

3rd. NO BALL BEARINGS TO GET OUT OF order and make expensive repairs necessary. Perfectly made bearings, perfectly lubricated, give an easy running and a much longer wearing machine.

THE NEW STYLE DE LAVAL IS SO SIMPLE in construction that anyone can put it together or take it apart without any trouble. All parts are strongly made and substantial. Clean skimming and durability are the result of perfect De Laval construction.

Come in any time and look a De Laval over for yourself. It will be well worth your while if you like to look at a well made machine.

ARMY HORSES RUN AWAY
Frightened By Electrical Storm
Overrun Country.

Alton, Ill., June 18.—Five thou-
sand horses intended for the Brit-
ish and French armies broke from
a stockade at East Alton today
and overran the surrounding
country.
The horses became frightened
during an electrical storm and
broke down the stout timbers and
barbed wire of the enclosure.
They overran the towns of East
Alton, Benbow City and Wood
River and caused much damage.
They delayed two passenger
trains, one the Chicago-bound
train of the Chicago and Alton
and the other a Chicago and East-
ern Illinois train for St. Louis.
The headlight of the Alton
train showed the horses on the
right of way. Members of the
train crew opened fire with re-
volvers, killing two.
For the rest of the night the
horses galloped over the sur-
rounding country, trampling gar-
dens and lawns and knocking
down fences and young trees.
An automobile party of five
bound from East Alton to Wood
River was halted by a band of the
stampeded animals. A horse kick-
ed one of the party, Henry Wuen-
stendfeldt, and broke three of his
ribs.

IN MEMORIAM.

And the mother gave in tears and pain,
The flowers she most did love,
She knew she should find them all again,
In the field of light above.
Oh, not in cruelty, not in wrath,
The reaper came that day;
'Twas an angel visited the green earth,
And took the flowers away.

William Harry Hale, son of Mr. and Mrs. Sherdie Hale, was born Jan. 1914, died of spinal trouble, May 29th, 1915, being one year, three months and twenty-nine days old.

Little Harry was the pride and joy of their home, and the hour that added such a dear treasure that shining home above, robbed an early one of its sweetest sunshine.

It would seem fitting that nature should exempt little children from sickness and death, but, alas, impartial fate, is no respecter of age.

What a great hush fell on our ears, like the pall, and an untold sadness settles over the hearts when little Harry was sick. But such is the spell that baby has woven, knitted itself in the very meshes of parents' hearts in such a quiet, subduing manner that they scarcely knew how dear it was until the little form laid still and prostrate. Great is the influence of the little child, while living, it had also a sweet and sacred influence when its brief life is over and the solemn words have been said over the little mound in the church yard.

How it swells the soul with joy when standing by the earth beds of lost ones, sorrowful because a sweet treasure has been taken away, joyful because that sweet jewel glitters in the diadem of the redeemer.

Father, mother, weep not, for your darling Harry is now resting, where there is no more sickness and pain, in the arms of that sweet and holy one who said: "Suffer little children to come unto me, and forbid them not;

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

LIV-VER-LAX

All the Effectiveness, Not the Effect of Calomel.

Liv-Ver-Lax is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his Liv-Ver-Lax.

Liv-Ver-Lax is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated, and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with Liv-Ver-Lax. Insist on the genuine, bearing the signature and likeness of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Haynes & Taylor, Marion, Ky.

Rat Tale on Pine Bluff.

Mr. Editor, we noticed in your paper where one old rat killed 140 chickens in one night's time, and the writer said "if any one knows of a bigger rat tale than this, to let you have it."

We can not treat the amount of chickens that old rat killed for Miss Terry, but we can tell you of a rat killing that took place Wednesday morning at an old stable of George Ford. About 8 o'clock in the morning James and Irma Tosh, Bob Ford, Will and Claud Jeffreys and myself, surrounded the stable and built a pen near the door, and two of us entered the crib and throw about 100 bushels of corn out, and by this time the rats were running, and Mrs. Florence Tosh, Belle Gabagen and Belle Ford came out to help in the fight. We tore up the floor and by 12 o'clock we had 146 rats and 37 mice in one hole under the floor. We caught 39 live rats and the rest of them were smothered to death they ran in the hole and the ones near the mouth of the hole were getting plenty of air, and held the others in. Now if there is anyone has killed more rats than that, let it be known by writing to the Record-Press.

DECLINES TO ENTER RACE

Characteristic Letter Giving Reason He Can Not Become A Candidate.

Madisonville, Ky., June 17, 1915.
To the Republican voters of Crittenden county:

Permit me to take this means of acknowledging receipt of the resolution passed by your recent mass convention in Marion, endorsing me as your candidate for Commonwealth's Attorney and asking that I make the race for that office in the coming November election. It is with genuine and heartfelt appreciation that I receive this manifestation of your confidence and friendship. To be followed into another county by such a whole souled and liberal expression of esteem is a reward, which, though I fear is unmerited, is none the less gratifying in the very highest possible degree, coming as it does from those old time neighbors and friends who have so many times demonstrated the kindness of their hearts by the cheerful tender of encouraging words and helping hands.

I regret, more than I can possibly make plain in a short statement of this character, my inability to comply with your request and offer myself as a candidate for this, or any office. However, I am unwilling to assent to your suggestion and file my petition for a place on the ticket, unless I could make the active, vigorous and forceful campaign which should be made at this time by your nominee. This I am wholly unable to do, due to the fact that my entire attention is being given to the practice of my profession which in justice to myself must come first with me. If I were able to make the sacrifice entailed by my acting on your generous suggestion, be assured nothing would afford me greater pleasure than to assist in the fight this fall, especially when I might enter it with the approval of as splendid a body of citizens as ever offered their support to any man—the Republicans of Crittenden county. But circumstances too numerous to be here set down make this wholly impossible, and with every feeling of sorrow and regret that I am unable to serve you in this capacity, I must decline.

I take this step, however, with the assurance that there will be a Republican candidate for this office in every way amply worthy of your confidence and support—and it gives me pleasure to pledge to him and to you all the support I am capable of giving to the entire ticket; let me add, too, that the success of that ticket seems no longer in doubt, but has become the certainty which the reunited party behind it deserves.

Again thanking you and assuring you of my deep and abiding appreciation of your goodness toward me, I beg to remain,
Most sincerely yours,
Virgil Y. Moore.

FEW MEN "GET-RICH-QUICK" AT ALL. FEWER MEN "GET-RICH-QUICK" AND KEEP THEIR MONEY. IT GOES LIKE IT CAME. CAN'T YOU SEE THAT IF THE SCHEME WAS SUCH A GOOD ONE, IT WOULDN'T BE PEDDLED TO YOU? THOSE SMOOTH STRANGERS ARE NOT INTERESTED IN YOU—IT IS YOUR MONEY THEY WANT. YOUR BANK IS INTERESTED IN YOU AND YOUR SUCCESS. BANK YOUR MONEY.

His health prevented him from rendering that service to which he believed the people were entitled, and being of honest heart, he surrendered the office and now, as a private citizen, takes a lively interest in helping his son to win the office for the unexpired term which was handed back to the people by him more than a year ago. Judge Clem Nunn is now holding the judgeship by appointment. His services as a member of the state's highest court has been up to the standard, and without a word of discredit to Messrs. Thomas and Gordon he goes before the democrats of the whole district asking to be nominated for the unexpired term, and it is praiseworthy in his father to go among the democrats of Graves county and solicit votes for his son. The Messenger says: "He is on a cold trail," down in that neck of the woods. Well, Lemon knows a "cold trail" when he crosses one, for he traveled a "cold trail" himself not long ago chasing a postoffice plum, and we wanted him to land it because we just naturally like "Lemon."

Thomas and how has he been traveling? In Pullman sleepers of the I. C. Railroad Company and in that company's employment, or not? And had he a pass? Is it best for the people to elevate men to the supreme bench who are under the influence of railroad corporations? The ten counties above the river do not think it is best, and doubtless there are thousands of voters below the river that think the same way from the manner in which they supported ex-Judge Nunn, the father of Judge Clem Nunn, only three years ago. Instead of riding in a Pullman and on a pass, Judge Nunn prefers to ride in an automobile at his own expense and mix with country people and town people alike and on the bench, treat rich and poor alike.

ANOTHER BRITISH BOAT USES AMERICAN FLAG

Boston, June 19.—The British steamer Colonian, of the Leyland Line, flew the American flag forty hours as a protection against German submarines while passing through the war zone, according to her commander, Capt. J. M. McDonald. The Colonian arrived today from Avonmouth, England.

FOR STATE SUPERINTENDENT

R. S. EUBANK.

Always a school man and for ten years Editor of the official educational organ of Kentucky, Mr. Eubank has done more than any other one man to shape public opinion in school affairs, and to remove the public schools from the realm of politics. The measures which he has proposed have proved incapable of use as "political machines," and have been designed always to secure

the greatest good to the greatest number of children in the Commonwealth. He knows more school people, and more about Kentucky's public schools, than it has been any other man's opportunity to know. His County Board law has proved a true remedial measure and has made it possible for the rural child to have the same advantage as that enjoyed by the city child. Mr. Eubank has brought higher education to the people, and they are standing behind him in his race for the Democratic nomination to the office of Superintendent of Public Instruction. — Adv

The Lightning Plays Havoc Sunday Night.
The rain, wind and electric

storm that passed over this section Sunday night about 1 o'clock did considerable damage to crops as well as to buildings and live stock.

Ed Wathen's barn was struck by lightning, set afire and burned. He lost two good mules, one horse and considerable feed and tools. Joe Lemon lost a barn. Fiddler Jenkins' barn was struck, and was consumed by fire. Rev. C. T. Boucher, of Starr, lost two cows which were struck by the glaring electricity and instantly killed.

Also Joel Picken's crop of oats and J. N. Boston's tenement house, in Western suburbs of the city, were among the losses in this vicinity by lightning Sunday night.

EDITOR JOHN L. SMITH SAYS.

of thoughtful investigation in support of a candidate whose ability may tower above his opponent's

and whose service on the bench would reflect credit upon his constituency.

Petty-foggery, sectional prejudice and demagoguery have lost their force in politics and those candidates and newspaper, whose dependence lie in the use of such methods will find the rabble their only following, and even this element in Kentucky politics continues to grow immensely less every year.

For all three of the aspirants for Judge T. J. Nunn's former seat on the bench of Kentucky's highest court, The Enterprise entertains good will, and it would not detract from either gentleman the good name and reputation made in the legal profession, and especially are we mindful of the good name of ex-Judge T. J. Nunn, who, in his misfortune surrendered an honor bestowed upon him, not only by the democrats of his home county, Crittenden, but of Graves and all the counties of the entire district, and whose democracy and public service has never been successfully assailed. He held the position one full term and was re-elected without opposition
