GREAT MICA MINE DISCOVERED

Near Birmingham, Ala., Sold For
a Price Around One hundred
Thousand Dollars.

"Florida capitalists, associated with Birmingham capitalists, have just completed the purchase of the mica mines of W. L. Shumate and N. L. Baxter, of Dadeville, at a cost of \$100,000. J. J. Heard, of Jacksonville, and E. T. Childers, of Arcadia, were the purchasers, associated with local people.

The Dadeville mines are considered among the richest in the state and have been in operation two years. The production has been of a high grade, and the new owners state they intend to develop the properties as much as possible."

The above clipping is from the "Birmingham News" of Sunday, July 11th, 1915, and is only a forerunner of a much bigger sale probably reaching up into millions which J. M. Persons and Harry Watkins may make soon. They now own a mica mine with a vein six feet thick and long enough to be estimated to be worth several million dollars. Samples on display in the window at the Press building are much admired. Several Marion capitalists have bought stock in the new mine.

Given Warm Reception.

"Delighted hardly expressed it," was the remark of the Hon. Claude B. Terrell last evening when asked on his return from Glasgow how he found his prospects for success for State Treasurer. "I was given a warm reception by the citizens and at Glasgow, as elsewhere, I was overwhelmed with pledges of support in my race. The people have been more than kind and I shall redouble my efforts to work in their behalf. This was one of the first things that occurred to me when the Good Roads movement came to the front. What a wonderful thing it would be for the people of my State, especially those who were cut off from direct communication with the world by lack of intercommunicating highways! Trade was at a standstill with them, no social life, no business, no educational advantages for the young, few opportunities to attend church services, in a word many of our best people were thus isolated because the State had no perfect system of highways. I have always been a warm advocate of good roads since that time and believe that every true citizen of Kentucky should do all he can to remedy the evils brought about by lack of them."

Mr. Terrell has certainly done more than his share in this noble work, and has preached the gospel of intercommunicating highways from town to town until he is gratefully regarded as the sponsor of the movement.

This patriotic action on his part together with his magnificent record as a Democrat and party worker, citizen and man, combine to make him invincible in his race and there can be no doubt but what he will receive the nomination from the grateful people of the Commonwealth. —Adv.—The Journal of Labor.

Have your cleaning, pressing and repairing done with Yates. All work called for and delivered.

CLIPPING FROM EDWARD D. STONE'S SPEECH.

The thing that is confronting the Kentucky people today is the spirit of unrest and dissatisfaction in the management of the affairs of the State government. The demand is that opportunity shall be equalized for all men.

It is decidedly interesting to observe the swing of the pendulum in the last twenty years in this State. Great combinations of wealth under the system that now prevails, have acquired too much power in the affairs of this Commonwealth. Moreover they have used that power to enrich themselves and operate their political machines at the expense of the public. Unless a change is made (and that is due in November) the rising tide of unrest and dissatisfaction that prevails throughout this State today will rapidly increase.

DEMAND FOR CURE OF CERTAIN EVILS.

I am convinced that the desire of the people is for a change in the administration of the State affairs—one with less politics and more honest work. The mass of the people are looking forward to the party that will deal fairly with all, waving high the banner of Justice. We need a better tax system which will equalize the burden of taxation upon the capitalist, upon the farmer, and upon visible and invisible wealth, thereby, bringing every character of property to a fair assessment. The Republican party is, as it has always been, a party of advancement and constructive statesmanship. It is prepared to go forward with those problems and principles that will be to the best interests of the people and the State.

VOTERS RESPONSIBLE.

Members of our State Legislature are agents and direct representatives of the people, and if it be true as a whole, that they are incompetent, unworthy and corrupt, it would necessarily follow that the masses of the people from whom they came and from whom they were selected, were careless and indifferent concerning their own interests. Would it be wise to think that they would possess the same characteristics as the people from whom they had come? The people are responsible for failure or success in securing an honest and faithful man to represent them. No man should be a Representative or any other officer who has won his election through fraudulent practices. "He who buys his way into office may be expected to steal his way out."

GOOD ROADS AND SCHOOLS.

I believe in good roads and schools, both of which can be brought about by wise legislation. If the Legislature would legislate on an economical basis, these could be had without a burden of taxation. If our unnecessary, free pass riding State officials were dismissed we would have money with which to build some roads and better equip our schools. Good roads and schools bring the people of the rural districts and the people of the cities into closer contact and a better understanding of each other's needs.

OUR INDUSTRIES.

I believe in the great industries and institutions of our State. I am opposed to any movement that would tend to destroy them, or to cease their operation, but their regulation is

WHAT REP. J. BOITNOTT, OF CALDWELL COUNTY, SAYS OF EDWARD D. STONE.

Mr. Stone was considered by both parties as one of the honest and cleanest members of the last session of the legislature, and probably the only member that remained every day of that session in the city of Frankfort at his post of duty, laboring and voting for the interest of the people. Mr. Boitnott said that his re-election would mean much to the people of his district.

Mrs. J. E. Dean in The West.

Mrs. J. E. Dean has gone to California to visit her sister in the southern part of the state and to attend the Panama Pacific exposition at San Francisco. She will remain in the west six or eight weeks, and does not expect to return home until cool weather. During her absence her daughter, Miss Annie Louise Dean, will keep house and attend to all the duties which usually fall to her mother, and what is better than all, the daughter is giving her mother this trip and two months' rest and is paying all the expenses—her mother not being out a penny. This is what we call a great girl, worth her weight in gold.

HARRY M'CHESNEY HAS SENT A PERSONAL LETTER

To A Few Close Friends, Reading As Follows.

Frankfort, Ky., July 1, 1915.

Dear Sir and Friend:

I believe you will agree with me when I say that the main issue in the Governor's race in the Democratic primary on August 7 has become so plain that every intelligent citizen in the State now understands it, and that it has come to a question as to whether the people of Kentucky or the whiskey and beer trusts are to control the political affairs and government of our State. It has been evident for some years that we cannot hold an election of any kind in this State without the active and pernicious interference of these interests in politics.

They undertake to control every branch of the public service, in order that they may extend the market for the sale of their products, and to establish saloons in as many places in the State as possible. The County Unit Law has done much good, but the liquor interests continue to combat and defy that law, and if they should get in power in Kentucky, they would undoubtedly undertake to repeal it just as they did with a similar law in Indiana a few years ago.

Mr. Stanley is recognized as the first choice of the liquor interests of the State in the Governor's race. No man in Kentucky ever followed more obediently the orders of those interests than he has done. He has by every vote that he ever cast, by his work and his energies, at

all times, assisted the whiskey and beer interests, and fought every temperance measure. You will find if you have not already done so, that those interests are today backing him just as they did in the Senatorial race last year, and that every vote they control will be given to him.

I do not believe that these corrupt influences have enough money and power to debauch the voters of this State and control our Democratic primary in August. I confidently expect to win that nomination, if the people who believe in those things for which I stand will only do their duty and go to the polls and vote. Let me again, therefore, urge you to what you can for me, and I shall appreciate it if you will write me your views about the situation in your community and

county.

Very sincerely yours,
H. V. McCHESNEY.

HIGH GRADE SILOS

Made of Long Leaf Pine and Oregon Fir

A Few Reasons Why You Should Buy a "Louisville" Silo

- 1 Because it is easy to erect.
- 2 Because we guarantee every part of it.
- 3 Because our silo is second to none on the market.
- 4 Because it is a silo on which each and every feature has been tested and is not an experiment.
- 5 Because all our doors are made of California red-wood, which shrinks and swells less than any wood on the market.
- 6 Because our doors are easy to remove and replace, and cannot stick or bind.
- 7 Because we own our own patents, and do not have to pay any royalty, thus saving the farmer from \$15.00 to \$25.00 on his silo.
- 8 Because the hoops can be adjusted from the ladder front door frame without the necessity of climbing all around the silo on a ladder.
- 9 Because we are not in the silo trust.
- 10 Because it is HOME INDUSTRY.

BRAIN LEAKS.

It doesn't take much to start a battle in our home, said a sweet little girl. When mother is reading the paper she will exclaim "Well, of all things what do you know about that?"

And father will say, "Know about what?"

And mother will answer, "That Mrs. Irene Smith's brother's wife's niece is married."

And father will want to know "what in the sam hill he cares if Tom, Dick and Harry's grandmother got married." And mother will get mad and tell father, that if it was one of his onery, no-count porch-climbing relatives he would be shooting the news all over town.

And then father will get mad, go out slam the door and kick the cat off the front porch.

Some one asked uncle Dock Green what was "hope." He said "counting your chickens before they are hatched."

It's about time, I presume, to send you my subscription. Don't fail to send me the PRESS, though I may be a little slow in re-attending.

Mr. Jenkins with your permission, I will tell my friends of a few changes taken place in southeast Missouri in the last ten years. You remember I spoke about the drainage system at time, and will say where the water stood practically ten months out of the year, is now fine wheat and corn fields. Wheat is yielding from 22 to 40 bushels per acre. We have the finest crop of all kinds I have ever seen in Missouri, also good crop of fruit and berries.

This place ten years ago had 300 population, we now have 1200 to 1500. I have the honor of being elected the third time as mayor.

We are going to build at once a \$15,000 school house, the bonds have been voted and sold. We have splendid new churches.

The mills I told you about, ten years ago, are still running and have timber enough to last eight or ten years longer. Altogether we have a great and prosperous outlook in southeast Missouri.

Come down, Bro. Jenkins, about watermelon time and we will look around. Fraternally Yours,
J. N. JOHNSON.

Dear Sir:

The following is the analysis of the sand you sent in from Marion:

Analysis

Ferric oxide .07 per cent.
Silica 98.36
Calcium Trace

This seems to be a very pure sand and should be entirely suitable for a glass sand. You can give this analysis to the paper in Marion for publication if they care to have it.

I will ask you to secure about 500 pounds of this sandstone (getting it free from any dirt, and as far from the outcrop as possible), and have it sent by freight to Dr. A. M. Peter, Kentucky Agricultural Experiment Station, Lexington, Ky. I presume the best way to send this would be in a good strong barrel. They will pay the freight charges at that end of the line.

Yours truly,

GET RID OF THE FLY.

Flies are going to get in and you can't keep them from it: your delivery boy, transfer man, mill man and your customers

DE LAVAL CREAM SEPARATORS

are not only the best but the cheapest.

Let us prove it for you on your own place.

BUYING A CREAM SEPARATOR is a good deal like hiring a man to work on your farm. A hired man that does poor work and is lazy is an expensive proposition, no matter how little you pay him.

A cream separator that is hard to turn, hard to keep clean and doesn't skim clean would be expensive even if you got it as a gift.

IT IS A WELL KNOWN fact that creamsemen and big dairymen all over the world all recognize the superiority of the De Laval.

PROBABLY THE ONLY reason why any one ever buys

any other cream separator is because they can get it a little cheaper.

THEN IT TAKES THEM A year or two to find out they have lost ten times as much from separator inconvenience, poor skimming and a machine that quickly wears out, as they saved in the beginning.

REMEMBER that a De Laval will soon pay for itself and if you have no separator now, or an inferior one, we can sell you a De Laval on such terms that it will pay for itself while you are using it.

MARIAN,

KENTUCKY

cannot come in or go out without opening a door, and every time they open that door there is going to be one or more flies come in. Now that they are in what shall you do with them?

There is only about four ways of disposing of the fly after he gets into the store, viz:

Chase them out of the House, Use Daisy Fly Killers Swat them,

or, Catch them on fly paper.

To chase them out of the house they simply go renew their stock of germs and return ready to enter again as soon as the door is opened.

To use Daisy Fly Killers they fall all over the house and are likely to drop into anything that happens to be left open.

To swat them is to knock them to the floor or to mash them on the furniture, window panes or screens, and if the fly is as poison as some of our lecturers would have us believe they are, (and I believe flies are just that poison) I would rather have strychnine or arsenic scattered about over the room and rubbed into the furniture than have the fly swatted.

To use sticky fly paper is absolutely the only sanitary way of disposing of the fly after he gets into the house the flies light upon this paper, you carry them out and burn them and you have destroyed both flies and germs.

All up-to-date grocers in Marion have their stores screened in order to try to keep the flies out and when they do get in they try to get rid of them, so please do not censure the groceryman if you see Sticky Fly Paper in his store or windows, for he is using the only sanitary way.

"What's your hurry?"
"My fire insurance expires at noon!"
"What company are you in?"
"I don't bother about details."
"Ever take notes from your customers?"
"Sometimes."
"Ever take a note without knowing the name of the man who made it?"
"Well, I guess not!"
"What is a note, anyway?"
"A promise to pay."
"What's a fire insurance policy?"
"I get you! A promise to pay if you have a fire."
"Exactly. You're paying good money for a promise to pay without knowing the name of the company that promises!"
"Say, what company are you in?"
"The panic-proof Hartford Fire Insurance Company. A company that has promptly settled every honest loss for 105 years."

May you show YOU a Hartford policy? Costs no more than others.

THE FAITH OF ONE PERSECUTED

I Samuel 13.
Saul's Jealousy of David—Attempts to Injure Him—Frequent Deliverances Superhuman—Satan, Our Great Enemy, Seeks Our Injury—Devotion to God and Righteousness Secures Us Deliverance—Why Such Experiences Are Permitted of God.

"Who so putteth his trust in the Lord shall be safe."—Proverbs 18:25.

WEARS with the Philistines continuing, David was made a regular soldier, with command over a regiment and closely in touch with King Saul. Victory came wherever David was engaged, and King Saul saw the people's admiration turned from himself to David. The sentiment reached a climax when, on the return from a victory, the women came forth singing, "Saul hath slain his thousands, But David his tens of thousands!"

Jealousy took full possession of the king, and thenceforth his one purpose seems to have been to destroy David. It was a secret withheld from him that David was already anointed to be his successor. He merely knew that Samuel the Prophet had told him that in consequence of his failure to carry out the Divine instructions regarding the Amalekites, the kingdom would be taken from him and his family and given to another.

Jealousy is the bitter fruit of selfishness. It unbalances reason, extinguishes happiness, and subjects its possessor to horrible Saul Throwing Javelins. It is the most terrible, and the most foolish, manifestation of selfishness. Every one recognizing it in himself should seek victory through vigilance and prayer.

Saul's Jealousy Was Crafty. When under control of jealousy, King Saul is described as having an evil spirit from the Lord—more properly, an evil spirit opposite from the Lord's Spirit of kindness, justice, love. Sometimes David could soothe him by skilful playing on a harp; yet he knew the king's treacherous mood, and on two occasions hindered Saul from throwing at him a javelin.

Intent upon drawing him into a quarrel, the king promised David his elder daughter to wife, and then gave her to another. David, however, discreetly commented that he was neither of a sufficiently noble family nor financially able to expect such honors. Another trap was to betroth to him the king's younger daughter, Michal. David again told of his unworthiness and his lack of wealth, whereupon Saul stipulated that her dowry should be the evidence of the killing of a hundred Philistines. No doubt he hoped that David would lose his life; but instead, David killed twice the number and received Saul's daughter.

Finally the king told Jonathan and his courtiers that David must die. Jonathan's sentiment was as loving and brotherly as his father's was cruel, jealous, selfish. It was Jonathan who would lose by David's attainment of the throne. Hence the love of Jonathan has become a proverb. Jonathan interceded with his father for David. The plea was successful. David again became a member of the royal household, but only for a time. The king was not without noble sentiments, but they were not deep enough to control his life. He was under control of a selfish spirit, which is opposite from the Spirit of God.

Ere long, in a jealous fit the king threw his javelin with deadly aim; but David quickly dodged it. David went to his room; but a guard had been stationed there, instructed that upon coming forth he was to be killed. His wife assisted him to escape by letting him down out of a window.

Two Hundred Lives For a Wife. Let us now inquire how David's course in killing two hundred human beings for a wife squares with the principles of justice, which the Bible everywhere maintains. First, we must have in mind the difference between being a Jew under the Law Covenant and being a Christian under the headship of Christ. Second, we must remember that the Bible teaches that the penalty of sin is death—not torment after death; that this penalty was justly inflicted upon Father Adam because of his wilful sin; and that his family die because the seeds of death are in us from our birth.

From this viewpoint, ours is a world of convicts under death-sentence. This accounts for God's permitting various death-dealing circumstances to control—famine, pestilences, cyclones, etc. When we come to see that the same God who justly condemned all through one man's disobedience has made provision for the justification of all through Christ's obedience unto death, we see things in a new light.

David must be judged by the Law under which his nation was placed at Mount Sinai. The Israelites were informed that the Canaanites had allowed their cup of iniquity to come to the full, and that Israel was given that entire land. David, therefore, was carrying out the Divine instruction.

TANLAC PLANT MADE LARGER

Unprecedented Demand For Remedy Necessitates Increased Capacity.

Tanlac, the premier preparation, sold in Marion, Ky., by J. H. Orme; and in Blackford, Ky., by A. T. Brown, and which is being so widely discussed in this State, is being used today by more than 150,000 Kentuckians, thousands of whom have testified to the benefits they have gained by its use.

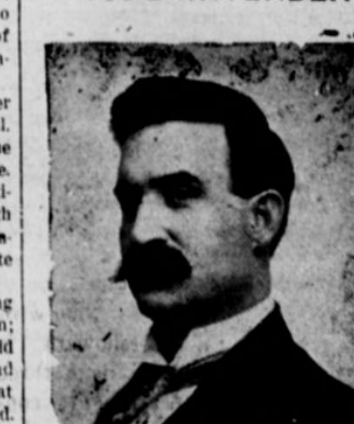

Every walk in life is represented in the small army of Kentuckians who have been benefited by Tanlac and who have testified to its merits as a medicine of rare value.

The Taylor-Isaacs Drug Company, Louisville, has sold more than 30,000 bottles of Tanlac in 90 days. The success of Tanlac in Louisville is typical of the cordial reception the preparation is receiving in large cities and rural districts where it has been introduced. In the last six months the business has grown to enormous proportions—so large, in fact, that it recently became necessary to increase the capacity of the Tanlac plant in Dayton, Ohio, which had been producing from 8,000 to 10,000 bottles of the preparation daily.

The unusual, and heretofore, unused formula composing Tanlac is, in a large measure, responsible for the medicine's popularity and success. The ingredients, which are gathered from many sections of the earth, are of known curative value.

One ingredient never before has been used in a proprietary medicine. This probably contributes more to the success of Tanlac than any other one thing. Its curative power is conceded to be most effective and rapid. This ingredient was discovered on an island in the Pacific, west of Mexico.—Advertisement.

FOR STATE SUPERINTENDENT

R. S. EUBANK.

His official office has been, for ten years, the clearing house for educational ideas, and the factory and repair shop for school laws. Mr. Eubank has been in school work in one form or another, since he was fifteen years of age. He is said to know more people than any other one man in the State, and to know school conditions better than any other man has an opportunity to know them. He is Editor and Publisher of the Southern School Journal, and in this capacity has been in close touch with the County Superintendents and the teachers of the State, and personally has visited all Kentucky counties except four. The school people are supporting his candidacy for the office of Superintendent of Public Instruction, because he has proved, as a private citizen, that his activities will always be for the best interests of the public schools. PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Rev Robinson Called.

Rev. R. Robinson filled his regular appointment at Unity church near Greenville, Saturday and Sunday. He has also accepted the pastoral care of the White Plains church. He preaches at Unity Saturday evening and Sunday at 11 o'clock, goes back to White Plains and preaches at 3 and 8 o'clock. White Plains is a beautiful village, on the Illinois Central Railroad, of about 400 people. The Baptists bought the Universalist's church there, several years ago. It is a church of some 80 members, and we congratulate them on procuring Rev. Robinson's service as pastor.

WHAT MANY KENTUCKY FOLKS SAY.

Louisville, Ky.—"When I lived at Hardyville, Ky., I had rheumatism, constipation, took cold easily and blood was thin. I was 'down and out' so I could not do any work. I bought one bottle of 'Golden Medical Discovery' and was pleased that it overcame my rheumatism, gave me an appetite, acted as a laxative, and made me a new man. I give all the credit to Dr. Pierce's Golden Medical Discovery as I took no other medicine at the time."—Mr. W. A. HARTZ, 2025 4th Ave.

A HUMAN MATCH FACTORY.

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them. But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—rheumatism—gout—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by Dr. Pierce's Golden Medical Discovery, which has been so favorably known for nearly 50 years. It is now put up in tablet form, as well as liquid, and can be obtained of medicine dealers everywhere or by mail by sending 50 cents in 10 stamps for trial box—address Dr. Pierce, Invalids' Hotel, Buffalo, N. KENTUCKY POLITICAL NEWS

Leading Facts of the Past Week

MCDERMOTT'S SPEAKINGS.

Faduach, Ky., June 26, 1915.—(Special Correspondence.)—Lieutenant Governor E. J. McDermott spoke here Thursday afternoon to about 250 people. There were present a number of Prohibitionists and Republicans, and several Stanley supporters, all of whom, regardless of their choice for Governor, honor and respect Mr. McDermott.

The address was characteristic of the speaker—eloquent and outspoken on the issues he deems paramount in Kentucky today.

As in his previous speeches, Mr. McDermott gave his reasons for opposing state-wide prohibition. He served in the Constitutional Convention and helped place in the constitution the provision that enables each county to be a self-governing unit, without interference from outside counties. In the last session of the legislature, when the present County Unit Law was passed making the constitutional provision fully effective, Mr. McDermott stood for the Jeffersonian fundamental democratic doctrine that people can govern themselves on such matters better than outsiders can govern them.

In this he agrees with his opponent Mr. A. O. Stanley, that state-wide prohibition is not an effective temperance measure, but, on the contrary, would take away, without the consent of the governed, that most sacred right of a free people to regulate for themselves, within their own county, moral and social affairs, such as the license or prohibition of saloons. He maintains that whenever the people of a county, whose elected officers must enforce the law, if it is to be effective, want to abolish saloons, they can do so under the County Unit Law; and that that prohibition thus obtained will be exactly what the people want. If state-wide prohibition is forced upon the unwilling people of any county, neither they nor the officers they elect will obey or enforce the objectionable law. Such contempt of law is hurtful to the character of the citizenship, and tends to cause disrespect for other laws.

From Paducah, Mr. McDermott went to Marion, Sturgis and Morganfield, where he addressed rather small audiences, owing to the fact that farmers are busy with their crops.

NEWMAN WITHDRAWS FROM GOVERNOR'S RACE.

Frankfort, Ky., June 25, 1915.—(Special Correspondence.)—The withdrawal of Commissioner of Agriculture J. W. Newman from the race for Governor was somewhat of a surprise to many, although it was conceded that Harry McChesney, backed as he is by the Anti-Saloon League and General Percy Haley, had much the larger following among the "extra dries," as Mr. Newman expresses it. Evidently Mr. Newman realized that he could not make much headway as a state-wide candidate against the candidate selected by Dr. Palmer, the Anti-Saloon League superintendent, and O. K. D. by Senator Leach and General Haley.

Although Mr. Newman was the first candidate to announce for Governor on a state-wide prohibition platform, and had the endorsement of the W. C. T. U., the pioneer temperance organization of the state, the powers that were to direct the campaign did not look with favor on his candidacy. Mr. McChesney was selected as the standard bearer of the prohibitionists. His headquarters are busy, with a large force of clerks, and ample funds to make an aggressive campaign.

In his card of withdrawal Mr. Newman says he has canvassed and spoken in more than forty counties, and has concluded that there are only two candidates for Governor who are seriously considered in the race. Though he did not mention names, it is conceded that he meant Stanley and McChesney. Furthermore, he says the Democratic party is facing a crisis that may endanger its success, unless harmony is restored and all unite for victory in November, which he pledges himself to aid in accomplishing. The harmony and unanimity of the Republican platform convention at Lexington this month, at which they reaffirmed the County Unit Law, and declined to take any state-wide "in their," with Judge O'Rear and Dr. Bruner pledging their support to the Republican ticket, was a distinct warning that the Republicans are to be in the running this fall, ready and anxious to take advantage of any Democratic mistakes. They believe that a state-wide prohibition Democracy will assure Republican victory this fall. For that reason Mr. McChesney is the prime favorite of Republicans, from Ed Morrow, the sure-thing nominee for Governor, down to the boys in the trenches who hope to get jobs under a Republican administration.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

Some say that Mr. Newman feels that President Wilson's opinion that local option, and not state-wide prohibition, is the proper method of controlling the liquor question, meets the approval of Kentucky Democrats, who

are enthusiastically behind the President in all his great policies.

Mr. Newman is a Democrat of the truest type, and as Commissioner of Agriculture has accomplished greater results for the development of the farming interests of the state than all his predecessors combined. He is a cheerful, fearless worker, and has done his worth while since he has been in office.

STANLEY SPEAKS TO RECORD-BREAKING CROWDS IN THE THIRD DISTRICT.

Franklin, Ky., June 26, 1915.—(Special Correspondence.)—Hon. A. O. Stanley finished the busiest week of his campaign to-day at this place, speaking to the largest crowd that has attended a political speaking in this county in years, estimated at 5,000 to 6,000. His enthusiasm was unbounded, and, to all appearance, Stanley was the only kind of Democrat in Simpson county.

Mr. Stanley began the week's campaign at Glasgow, where a record-breaking attendance greeted him. It was the largest crowd that has been in Glasgow since the Civil War. Practically everybody seemed to be for Stanley.

From Glasgow, Mr. Stanley went to Edmonton, Metcalfe county; Brownsville, Edmonson county, and Scottsville, Allen county. Everywhere the attendance was larger than that could be accommodated in the hall, and the crowds and standing room were occupied by eager Democrats, notwithstanding the fact that the farmers are behind with their work and in the middle of their harvests.

The masterly appeals Mr. Stanley is making to the people to stand by President Wilson in his splendid leadership of the party is received most enthusiastically. It is apparent everywhere that the people want a business administration, with such a revision of the tax laws as will enable the state to pay off the \$2,000,000 state debt, without laying any heavier tax burden upon the farms, live stock and other tangible property than now pays the expense of government. Millions upon millions of property that escapes assessment and pays no taxes must be put upon the tax duplicate and made to pay its share of the taxes necessary to pay off the state debt, build good roads throughout the state, and improve the school system by having longer terms in the country and better paid teachers.

The County Unit Law, passed by the last legislature, meets the approval of the people. They do not want to experiment with state-wide prohibition, when under the County Unit system every county can vote out the saloons any time a majority of the people want to do so. The taxpayers do not want to destroy the \$500,000,000 of taxable property in the state that is paying nearly a million dollars a year in taxes, and place upon the farms, factories, live stock and other property, already too heavily taxed, that additional burden, which would be necessary if state-wide prohibition were adopted.

The slogan, "Stand by the President and the Democratic platforms, state and national, upon which the party has won its greatest victories," meets the hearty approval of the people.

MORROW ADDRESSES A BIG CROWD AT SHELBYVILLE.

Shelbyville, Ky., June 25, 1915 (Special Correspondence.)—In the rock-ribbed Democratic stronghold of Shelby, the Hon. Edwin P. Morrow had a very large attendance to hear him speak last Tuesday evening. Democrats and Republicans, as well as many ladies, turned out to hear him. It was noted that, although Mr. Morrow spoke at night, he had a larger crowd than Mr. McChesney had a week before, on County Court day.

Ed Morrow, as he is familiarly called by everybody, is a most attractive speaker, and off the platform is the best handshaker, and wears the happiest smile of any man in Kentucky, and if the Democrats make any serious mistake in choosing their candidate for governor, many a Democrat will hear Morrow's eloquent voice and feel the magnetic persuasion of his cordial hand when they go into the booth on November election day.

After the speaking, a number of Democrats, and ardent temperance men, met Mr. Morrow, and told him that they agreed with him on the liquor question, believing that the County Unit law was all that is needed to banish the saloon from any county where a majority of the people are opposed to them. The recent wet and dry election in Shelby county proved to them that state-wide prohibition is not necessary, for they voted out saloons, and the county is now as dry as a powder horn. At the same time they do not want to destroy the vast distilling properties in the state that pay nearly a million dollars in taxes, for if they do, they will know that other property, already heavily taxed, will have to take up that burden in addition to what they now carry, and that without accomplishing anything for real temperance.

With a state treasury already over two million dollars in debt, the taxpayers do not fancy adding another million on account of state-wide prohibition, for they know they will have the whole thing to pay in the end, while the office seekers who are riding the prohibition issue can take it easy. The bankrupt neighboring states of West Virginia and Tennessee, each with a debt of twelve million dollars and state-wide prohibition, are warning danger signals to thoughtful people.

JAMES P. EDWARDS ANNOUNCES FOR LIEUTENANT GOVERNOR.

Louisville, Ky., June 28, 1915.—(Special Correspondence.)—Hon. James P. Edwards, of Jefferson County, one of the most prominent lawyers in the state, has announced his candidacy for the Democratic nomination for Lieutenant Governor. His platform is, briefly, better schools, improved public highways, economy in state affairs, abolishment of unnecessary expensive offices, revision of tax laws so as to relieve overtaxed properties and taxation of such property as now avoids taxation, favors the present County Unit Law for regulation of the liquor traffic as passed by the legislature in compliance with the Democratic platform of 1911, which is the fundamental law of the party, and opposes State-wide prohibition as unnecessary as a temperance measure, a menace to the over-taxed taxpayers, and contrary to both the National and State platforms of the party.

Mr. Edwards was a candidate for Lieutenant Governor in 1911, and was defeated by Mr. Edward J. McDermott, the present Lieutenant Governor, now a candidate for Governor, by a plurality of 1,562 votes in the State, though Mr. Edwards carried Jefferson County over Mr. McDermott by over 5,000.

Judge Edwards is a giant physically, being several inches over six feet tall, is a forceful public speaker, a man always with the courage of his convictions, and loyal to his sense of duty in both private and public life.

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

TO THE DEMOCRATIC VOTERS OF KENTUCKY

JAMES P. EDWARDS.

In submitting my candidacy for the Democratic nomination for the office of Lieutenant Governor of Kentucky, to be voted for in the primary to be held on August 7, 1915, I ask the support and influence of Democratic voters of our party. I believe the principles enunciated in the Democratic national platform of 1912 and in the Kentucky Democratic platform of 1911 to be the supreme law of the party, and as expressions of the will of the majority until changed by the party in convention assembled.

I believe that the only just government derives its policy from the consent of the governed. That public officials are servants, not masters, of the people. I believe in the greatest degree of individual liberty that is consistent with the welfare of society. I heartily indorse the revision of the tariff downwards—in fact, all the acts of the National Administration and especially the course of that greatest of living Democrats—the Hon. Woodrow Wilson—in dealing with the European situation and in his efforts to insure national peace at all costs save at the expense of our national honor, and believe it the duty of every good citizen to uphold his hand to the present crisis, regardless of party affiliation.

I heartily commend the present administration in Kentucky for its efforts to redeem and in redeeming the pledge made to the people in the Democratic platform of 1911, in the enactment of a direct primary law to insure fair elections in Kentucky and that any man might submit his claims for office to the voters. I am in favor of the extension and betterment of the schools of Kentucky so that the children of people in all walks of life may receive that degree of education that will put them on an equal footing with the children and youth of that State now affording the best educational advantages in the battle of life. I approve of the women of Kentucky, to whom I believe this subject is especially dear, voting in this election.

I favor laws to destroy all corrupt lobbying in Kentucky. I favor the prisoners of Kentucky from political and for humane laws governing prisoners, looking to their reform, and in accordance with the advance thought of the day on this subject.

I am for an economic administration of the government, the abolition of useless offices and that same degree of carelessness in the expenditure of the people's money as is exercised in private life; for the liquidation of the State debt and believe that a State, like an individual, should live within its income.

I favor the constitutional amendment for a change in the method of taxation in Kentucky to the end that all property shall bear its just proportion of taxation, and that capital may be invited to the State to help develop our wonderful natural resources and be assured of a square deal; that it may know that it is a square deal just what it may expect and that it will not have to get into politics to avoid being taxed to death; and also that it can not expect by political influence to avoid its just burden of the expenditure necessary to operate the government.

I favor the enactment of laws permitting co-operation among farmers and small business enterprises sufficient to procure fair markets for their products and to prevent the encroachment of monopolies on their rights.

I am in full accord with the spirit of good building and improvement that is abroad in our State. Roads are the arteries of commerce. Good roads bring markets to producers, assist in disposing of products, stimulate neighborhood intercourse, invite travel and are of the greatest aid in the development of our State.

I believe with Woodrow Wilson, and as stated in the 1911 Kentucky Democratic platform, that "temperance is essentially a moral, non-political and social question, and should not be made a partisan issue between political parties," and I approve the passage of the county prohibition law in compliance with the platform pledge of 1911.

I am unalterably opposed to State-wide prohibition as undemocratic, untasteful of our laws, and so much money invested in this business in Kentucky and which pays such a large proportion of the taxes of our State. I am not in favor of reducing our State to the pitiable condition of bankruptcy that exists in West Virginia and Tennessee—to-day by driving this large source of revenue from the State. I do not believe that any general demand for prohibition exists in Kentucky for State-wide prohibition, and that this question has been forced on the voters by a few politicians in direct defiance of the mandates of the 1911 platform, hoping thereby to ride into office of each locality governing their own State on this and every other question, and the fact that out of 120 judges in Kentucky are dry shows that the present law is ample and those counties opposed to the sale of liquor can stop its sale. There are laws against the illegal sale of liquor as there are laws against crimes of violence and those who violate these laws should be punished and control its bootlegging as it punishes its other criminals. I believe the people of Kentucky are tired of the liquor question, and if elected, so far as my power lies, they shall not hear of it for four years.

I believe we have had too much bitter politics, too much personal politics, too many useless laws, too much factionalism and too little real work for the upbuilding of Kentucky. Yet that I believe that laws can supplant individual effort, and that we can by legislation make a "promised land." Laws can not create wealth; but let us in Kentucky make an effort; truly equal before the law, and assure to each a fair chance that he may enjoy the reward of industry, and let us have equal and exact justice to all and exclusive privileges to none.

I was a candidate for this nomination in 1911, and defeated according to the official count by a plurality of 1,167 votes. I hope to win this time, and hope that the Democrats of Kentucky will receive kindly this second thrusting of myself upon the political stage. I have no axes to grind, no scores to heal, no malice toward any man or set of men, and no desire to pay except those of gratitude for the support I received before. I was born in Kentucky, my ancestry came through the Cumberland Gap from Virginia in 1775 and settled in Nelson county. We have lived upon Kentucky soil ever since. Every sentiment and tie of my ancestry and myself is in Nelson county. I love and honor her history. Every link for the future of my children is linked to Kentucky and its future. I was educated in the common schools and graduated at Centre College. I have practiced law in Jefferson county and for a while in Caldwell county since my marriage. I have served two terms in the Kentucky Legislature. What ability I have to fill this office, I leave to those who know me to say. That I will do my full duty as I see without fear or favor and with due regard to what I have here said, I affirm.

I appeal to you for your vote and help and influence. If you will favor me with this nomination I shall use my utmost endeavor to wage with your other nominees a successful fight in November. Whatever shall be your decision, I shall as I have always done in the past, support at the polls and on the stump the policies of our party. I believe in majority rule and shall abide by it.

The Democratic National Administration is entitled to a vote of confidence, a Democratic State. After we have secured our nominees we will get together and pile up an old-time Democratic majority in November.

Thanking you for your consideration of this announcement and respectfully soliciting your support, I am your obedient servant.
JAS. P. EDWARDS.

GLENDALE
(delayed from last week.)
Rev. Abe Rich, of Providence, preached a good sermon here Saturday night June 19th, from Exodus 4:2.

Miss Addie Franks went to Tolu Sunday to see her brother, R. M. Franks who is very ill.

Lots of rain; wheat cut; and some corn layed by.

Mr. and Mrs. T. E. Griffith, H. H. Haynes, G. P. Griffith and Lammie Clark attended the Chautauqua at Marion.

Harry Moore, of Marion, is visiting relatives in this neighborhood this week.

Rev. J. B. McNeely, of Marion, attended prayer meeting here Wednesday night of last week and made a fine talk.

Will Moore is getting along nicely, we are glad to report.

George Gass and family, of near the Colon were guests of R. H. Thomas and family Sunday.

Miss Moore from near Mount Zion was the guest of her cousin Miss Sadie Hughes Saturday night and Sunday.

Rev. Rich was the guest of Johnnie Moore while in this neighborhood.

Roy Thomas attended Chautauqua Saturday night and was the guest of his uncle, Edgar Moore.

Miss May Bebout, of Sheridan, and Carl Croft, of the Colon attended church here Sat. night.

STATE POLITICS.
The Hon. Claude B. Terrell.

The Honorable Claude B. Terrell, candidate for the Democratic nomination for State Treasurer, is a man who can be trusted for the important office of State Treasurer. He is a man who has made good in all his public trusts—a plain unassuming gentleman. A man you like better, the more you know of him. He is honest, he is sober, he is dependable. He is a man well equipped for the important office for which he is asking the people's support. Brekinridge county Democrats will make no mistake in voting for Claude B. Terrell.—The Brekinridge News. Advertisement.

LOYD'S BRAIN LEAKS.
By F. S. LOYD:

Mrs. Mollie Hibbs said: "Oscar, did you put out the cat?" "I did."

"I don't believe it."

"Well, if you think I am a liar get up and put it out yourself."

A man stepping into Henry & Henry's mable shop, wishing to have something original on his wife's headstone, and he wrote: (Lord she is thine.) He had his own ideas of the size of the letters and the space between words, and gave the instructions to the stonemason. The man carried them out alright except that he could not get the letter "E" in the word, thine.

Grant Lowery's little boy said to him the other day: "What was a patriot?" "The patriot isn't the fellow who is

IN MEMORIAM.

On the 22 d. d. y of June 1915, just as the day was breaking, what a high fell on our ears and a sadness over our hearts, when the death angel visited the home of S. A. Dillard and removed from among them another loved one.

Mrs. Ora Belle Watts was born July 22, 1851, being 34 years of age. She was married to Edd White Aug. 13, 1866; to this union was born one child, a son now seven years of age. Her illness had extended over a period of more than two years, but she was never heard to complain during all her suffering only of being tired. She was not a member of any church, but we have reason to believe that when her life here was ended, her spirit winged its way on high where there is peace and rest. She knew everything to the last, only at times, and told a friend that she was ready and willing to go at any moment; during the last few days she talked to her mother and brother who some years ago passed to their reward, she said she saw them and told them she would soon be with them. Ora was a good sweet woman and always had a smile of welcome for every one who entered her home, she was loved by all who knew her and there was nothing she would not do to help her friends and neighbors, she loved to mourn her loss her husband, one son Leamon, her father S. A. Dillard, one brother Clyde and two sisters Mrs. Annie Winders and Rosa Eskew, all of this place.

Weep not dear loved ones for dear Ora is at rest, I think I can see her loved ones reach out their angelic hands to clasp the hands of your dear one as she ascended the father bank of the dark river of death, and oh what rejoicing there was when God had delivered the dear one to mother, brother and sister, who had gone on before her, and now that dear Ora is gone the writer joins in with many other friends in offering consolation to the husband, son, father, brother and sisters, who are left to mourn her absence. Everything was done that could be done; the doctor did his best but his hands were too short to reach the disease. God said: "It is enough, come up higher."

Her remains were laid to rest in the Mt. Zion cemetery, F. L. McDowell officiating. A great concourse of friends and loved ones followed her to her last resting place, there we had to turn back. Now, dear loved ones she can not come back to you, but you can go to her. Prepare yourselves to meet her, oh, what a rejoicing there will be when you meet again.

The song services were conducted by Ruby Hughes.

Call not back the dear departed, Anchored safe where storms are o'er, On the border land you left her Soon to meet and part no more.

When you leave this world of changes; When you leave this world of care; You shall find your missing loved one In our Father's mansion fair.

That's what President Terry of the Hartford Fire Insurance Company did after the great New York fire of December 16, 1835, in order to make immediate payment of the Hartford losses.

In the same staunch spirit the Hartford promptly paid out \$1,900,000 after the Chicago fire, and \$10,000,000 after the San Francisco disaster.

Hartford protection costs you no more than other kinds—and you can depend upon prompt settlement in case of fire. May we tell you more about it?

MARION PROOF

Should Convince Every Marion Reader.

The frank statement of a neighbor, telling the merits of a remedy, Bids you pause and believe. The same endorsement By some stranger far away Commands no belief at all. Here's a Marion case. A Marion citizen testifies. Read and be convinced.

"The statement I made some year ago regarding an attack of kidney trouble that I had at that time and that was permanently cured by Doan's Kidney Pills, holds good," says J. E. Glass, farmer, of Marion. "They surely do all that is claimed for them. I have recommended Doan's Kidney Pills to many people who have also been cured of severe cases of kidney and bladder trouble."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Glass had. Foster-Milburn Co., Props., Buffalo, N. Y. 718

ADDITIONAL LOCALS.

John Sprinks, of the Glenn's Chapel section, of Lyon county, and his wife, who was Miss Sarah Flanary before her marriage, a relative of all the large family of that name in this county, who were guests of Luther Redd and family and Will T. Springs and family, left Friday for their home.

Mrs. Alice F. Wallace, three daughters and Mrs. Grace Guentzell, Mrs. Irene Jenkins and her son, Wallace, Mrs. Mattie Cruce and her daughter, Miss Virginia and son, Guy, and Thomas Wallace, all of Poplar Bluff, Mo., were guests of Mrs. H. A. Cameron last week. They were enroute to Sturgis to visit their relative, Wm. Wallace, thence to Dawson Springs to visit Oll Wallace, after which they will return to their home in Missouri.

Miss Nellie Stone who is visiting in Carversville this week, is being extensively entertained by her charming hostess, Miss Jennie Houston. Among other delightful diversions a trip to Evansville and return on one of the big Cincinnati and New Orleans packets is planned, the river being at a fine boating stage now.

Judge J. B. Kevil received three checks a few days ago, one from each of his sons, and an accompanying letter inviting him out to see them at their expense. The Judge very justly, is proud of his boys and will go to see them and take a rest during the heated term. The Judge has the right kind of boys.

Homer R. Paris and wife and Harry S. Pierce, of Evansville, who have been the guests of Joel A. C. Pickens and family for the past week, returned to Evansville Monday morning.

Mrs. Miles Flanary is chaperoning a jolly party of campers at "Tipperary camp." Misses Iva Asher, Virginia Flanary, Myrtle Glass, Vera Conyer, Jewell Rankin and Master Sandy Asher compose the party. The latter member is uniformed and carries the fire arms. Some of the deans of the town are already inquiring if it's a very "Long, Long Way to Tipperary." It doesn't matter though, they'll find the way, no matter the distance, for that bunch of campers are all "drawing cards."

Mrs. R. C. Walker and daughter Evelyn, of Grand Junction, Col., who have been the guests of friends and relatives here for the past month, left Wednesday for Elizabethtown, Ill., to visit Mrs. Mollie Ledbetter. They will start from there via St. Louis Mo., to their home next Tuesday.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
