A Fine White Oak Tree.

While working the coal seam near

Princeton this county, the rude hands said that he had found a white oak tree on Riley Branch last week, and it weighed 750 pounds. The tree was 10 feet in diameter, and 5 inches of roots, 6 feet of axis, and 8 inches in the crown, at the 10-inch measurement. Mr. Brown has his work cut out for him, as the largest white oak tree in Jefferson county is 5 inches of root, 6 feet of trunk, and 12 inches in the crown, at a measurement of 10 inches, and it is 2 feet in diameter and 8 inches in the trunk. The white oak tree is hard to find, and you are advised to set out a tree like this, as it will be a source of pride and honor. The oak has a large trunk and a strong root, and it can be grown in an orchard. The white oak tree is the symbol of strength and endurance, and it is a symbol of the American spirit. The white oak tree is a symbol of the American heritage and it is a symbol of the American dream.

Will Democrats Endorse Submission of Woman Suffrage?

Mrs. Murray Hubbard, of St. Thomas, Ky., and Mrs. Little, St. Louis, Mo., have announced that the Democratic National Convention will endorse a submission of the Woman Suffrage question.

Mrs. Hubbard is chairman of the committee of the Kentucky Federation of Women's Clubs, which has been endorsing Woman Suffrage for several years. The committee has been working hard to secure the endorsement of the Convention, and it is hoped that the Convention will now give its support to the cause.

The National Federation of Women's Clubs, comprising 11,000 clubs and 1,000,000 members, has been working for Woman Suffrage for many years. The Convention will be held in June, and it is expected that the endorsement of Woman Suffrage will be a major issue.

The endorsement of Woman Suffrage by the Democratic National Convention will be a significant step forward for the cause. It is hoped that the Convention will now give its full support to the movement, and that the endorsement will be a catalyst for further action.
