Old Friends Met at

Jolly Dance Party.

Mrs. J. D. Threlfall entertained at a Monday evening social last week in honor of her mother Mrs. E. E. Browning of Henderson who was her guest. Among those present were: W. H. Russell, Mrs. D. H. Brown, Harry Donakely and R. N. Foster. A pleasant dance was spent which was in the nature of a reunion of old friends, as Mrs. Donakely and Mrs. Browning were when school mates of Mrs. Hannah Woods and attended the "Old Friends Reunion" at Elkinsville which was in about the same period of time and was well attended by former neighbors of the old Pulaski county in the city.

Resolutions of Respect.

Whereas, God is our infinite wisdom and mercy and has taken care of us and our family for years and years, and one of those years, our youngest child, our only daughter, Mrs. P. J. Griffith. Therefore, be it resolved by the Women's Missionary Society of the Buffalo Methodist church that, in her death, we have suffered a great loss to the community and church a faithful christian worker, the husband a devoted wife, the children a loving mother.

Second: That we deeply sympathize with the family in their great sorrow and comfort them in the living ones of our Father, who doth all things well.

It is hard to give her up, but we know our loved is in her hands. Let us go on more happy and more for the work she was so interested in, let us be brave and true to God and follow the example that is before us in the beautiful life that she lived.

Respectfully submitted,

Mrs. A. J. Love,

Mrs. D. H. Brown,

Mrs. L. J. Flower,

Commissioner.

Liverpool, Eng.—The demand for steamships for Government purposes has forced the shipbuilders to shift their trade back on the long neglected sail vessels. Many of them, which were chartered when steamers were in great demand, are now serving at British ports. The Mersey river is full of tapering masts and rigging, not seen for about fifty years. The Asia, just arrived, was built fifty years ago, the Stadt is 29 years of age, the Britannia, under the Norwegian flag, is just in from Golf ports, making the journey in 16 days in 20 days old, while several others range from 20 to 38 years.

This section of the road law may be invoked against drivers who, instead of going to the other side of the road to allow the other driver to pass, slowly drive alongside the one he desires to pass.

Chambers, so far as had been realized, had not the sight of both eyes through pin holes at the front but disappeared after the episode that sunk the German that he had expected the sight of another.

Gorky had told Chalons that a civilian was necessary to reverse his sight and it did.
