## MISS DAISY COPHER CAPTURED

Popular Marion Girl, Surrenders To Harrisburg' Capitalist.

Miss Daisy Copher, one of Marion's finest girls, was married Monday, Sept. 15th, 1915 on her twenty-ninth birthday to Mr. Rufus Raily, of Harrisburg, Ill., a wealthy grocer and real estate owner of that city. The ceremony was performed in Evansville by the pastor of the M. E. church and was witnessed by Mrs. Atta Ferrell, the bride's sister and a few other friends.

Miss Daisy quietly left Marion last Monday morning on the 8:00 o'clock train for Evansville ostensibly to do some shopping. Mr. Raily met her there and they at once proceeded to the minister's residence and were united in marriage after which they went to the groom's home in Harrisburg, which is being refitted and refurbished for his bride.

The groom has been a devoted admirer of Miss Copher for two years past and has made several trips here to see her. He is a widower with 2 children and is prosperous and popular in his home town. He is to be congratulated on winning the heart and hand of so fine a young woman. Miss Daisy has friends here by the score and has been a great help to her father in his business and will be greatly missed here.

The Crittenden Record-Press extends heartiest congratulations to the happy pair.

### Kissing in Public Places.

Dr. Anna A. Quensel, a noted zoologist, of the Swedish University of Upsala, does not believe in kissing. She lectures upon the subject and hopes her talks will have a beneficial effect upon the younger generation. She says:

"My husband has never kissed me and I have never kissed him. Neither of us has ever kissed anyone. We are both very active members of the Continental Anti-Kissing League. We believe kissing is insanitary and a menace to good health. In Europe agents of the league are assigned to public parks, railroad stations and steamboat piers. It is their duty to separate persons who are about to kiss and deliver a lecture on the perils of occlusion. Every kiss leaves thousands of bacilli."

They may work that kind of dodge in Europe, but Dr. Quensel is going to have rather a thin time trying to make American young people adopt it. Nearly every town in the United States furnishes enough kisses in shape of joy riders to keep the entire European league busy. American young folks have been kissing one another for several generations and we are still a rather study race. Kissing may be unsanitary, but there is a lot of romance in it, and the average American is strong for anything that savors of romance.

The American people have stood for sanitary drinking cups, sanitary towels, telephone screens and about a thousand kinds of microbe catchers, but they will insist upon kissing once in a while, just to keep the dol-drum away.—E. S. in Lexington Leader.

## Miss Mable Minner Entertains Her Sunday School Class.

Miss Mable Minner entertained her Sunday School class with a chicken fry, on Wed. evening, Sept. 8th, at Orme's park.

Each member of the class invited a friend and the merry crowd met at Miss Elvah Pickens' and at 6:30 they were bound over the road in cars to the park. Soon the jolly crowd were busily engaged in frying the chickens and preparing the sumptuous supper which was composed of several different kinds of sandwiches, chickens, pickles, olives, potato chips, lemon tarts, candy, ice water and coffee.

Miss Minner's hospitality did not end here, she had a surprise in store for them at her home, where she had planned an evening's entertainment of games and music. After which she served cream and cake on the lawn.

Those present were: Miss Ethel Hard and Miss Lena Holtzclaw, Miss Mildred Moore and Mr. Weems Croft, Miss Ruth Haynes and Mr. Earl Clement, Miss Alma Asher and Mr. Marion McConnell, Miss Daisy Copher and Mr. John Heinz, Miss Mary Clay Gilliland and Mr. Raymond Minner, Miss Elvah Pickens and Mr. Virgil Threlkeld, Miss Zula Cannan and Mr. Frank James and Mr. Ira Pierce.

### A Letter And The Answer.

Marion, Ky., Sept. 9th, 1915

Mr. Charles Stinson, Evansville, Ind.,

Dear Sir:

The old Cemetery here needs fencing.

We are raising a fund to be known as "The Old Cemetery Fund," to not only fence it, but to be added to each year to keep it clean and looked after generally.

I have no one buried there, still I gave a day's work of two men to dig holes and set posts.

I know you well enough to know that you will be glad to contribute to this fund.

Yours truly,  
S. M. Jenkins.

Mr. S. M. Jenkins,

Dear Sir:

I am very glad to know you are looking after the old Cemetery, and am glad to contribute to that fund. I enclose \$10.00.

Yours,  
Charles Stinson.

## Germany Expects Rumania to Take Plunge Into Conflict.

London, AA Copenhagen dispatch to the Exchange Telegraph Company says German newspapers were permitted yesterday to publish sensational telegrams intimating that Rumania's participation in the war may be expected at any minute.

The massing of German and Austrian troops on the Rumanian frontier has resulted in the Balkan nation making preparations for eventualities. A large part of her army already has been mobilized and reservists in other countries have been ordered home.

A steadfast refusal of Rumania to permit the transportation through her territory by Germany of military supplies for Turkey is supposed to have aroused the animosity of the Central Empire.

Recent advices from Rome were to the effect that negotiations were under way for the formation of a new Balkan League, to be composed of Rumania, Serbia and Greece; Bulgaria, it was said, was not included in the the negotiations, because of her agreement with Turkey by which she will obtain possession of territory along the Dedeaghat railway. Montenegro probably would act in accord with the other three powers, as she already is arrayed on the side of the Allies in the war.

### Important News From Outside.

Here is positive proof of good times and the success possible for an article of honest value, when backed by good advertising in the right newspapers. If there has ever been any question in the minds of our readers regarding the productiveness of the Press as a business building medium, that question is settled definitely now.

We have just received a big contract for advertising space from the Calumet Baking Powder Co., manufacturers of the famous Calumet Baking Powder.

Year after year at this season, they make their contracts with the leading publications. They advertise in thousands and thousands of newspapers throughout the country and are in a position to know the value of newspaper publicity.

The absolute purity, the unquestioned wholesomeness and wonderful economy of Calumet Baking Powder, all backed by honest advertising in the right mediums has succeeded in building for them a tremendous business and enviable reputation. This year Calumet advertising will be very much different than any of the previous years. One of the country's best character artists has created for Calumet a cute little character which will amuse the youngsters and tell the housewives in his own individual way, how to secure the best results in baking.

Mrs. Mary Long, a much loved and highly respected citizen of this city who is approaching her 90th year has been quite feeble for several days and was not conscious part of the time. She is with her daughter Mrs. R. Dorr who never leaves her and who looks after her every comfort and wish. Mrs. Long is one of Marion's oldest residents and has been a life long member of the Presbyterian church for which she has a great love.

### Obituary

Albert P. Jacobs died Saturday, 9:30 a. m., Sept. 11th, 1915, at his father's, H. P. Jacobs, Toppenish, Wash. He was born in Crittenden county, Ky., Nov. 15th, 1881. Early in life he professed faith in Christ and united with the C. P. church at Crayne, Ky. In March 1904 he came to Yakima county, Wash. In 1912 he went to Long Beach, Calif., and engaged in the transfer business. While thus engaged he received an injury to his right knee, which became so painful that he came home to his parents.

In April, 1915, he had an operation performed. In the meantime tuberculosis had developed in his system, and the operation was not successful. He continued to suffer intense pain, and grew weaker until the end. Yet he was not entirely helpless, and was conscious to the last. He bore his afflictions with patience, and manly fortitude. He expressed a willingness to die, and asked his mother not to weep, when administering to his wants.

The funeral was held Sunday at 2 p. m. from the residence, by Rev. J. O. Johnson, pastor M. E. church, song service by the choir Presbyterian church. The floral offerings were in profusion. A large concourse of sympathizing friends. The remains were laid to rest beside his sister in the cemetery at Zillah, Washington.

A friend.

### Obituary

Albert P. Jacobs died Saturday, 9:30 a. m., Sept. 11th, 1915, at his father's, H. P. Jacobs, Toppenish, Wash. He was born in Crittenden county, Ky., Nov. 15th, 1881. Early in life he professed faith in Christ and united with the C. P. church at Crayne, Ky. In March 1904 he came to Yakima county, Wash. In 1912 he went to Long Beach, Calif., and engaged in the transfer business. While thus engaged he received an injury to his right knee, which became so painful that he came home to his parents.

In April, 1915, he had an operation performed. In the meantime tuberculosis had developed in his system, and the operation was not successful. He continued to suffer intense pain, and grew weaker until the end. Yet he was not entirely helpless, and was conscious to the last. He bore his afflictions with patience, and manly fortitude. He expressed a willingness to die, and asked his mother not to weep, when administering to his wants.

The funeral was held Sunday at 2 p. m. from the residence, by Rev. J. O. Johnson, pastor M. E. church, song service by the choir Presbyterian church.

The floral offerings were in profusion. A large concourse of sympathizing friends. The remains were laid to rest beside his sister in the cemetery at Zillah, Washington.

A. J. JONES.

#### Business of the Krupps.

Five separate groups of works are comprised in the Krupp organization. The first of these is the Essen steel works—with the training ground at Meppen, Tanager-Hutte and Essen—consisting of some sixty departments and covering an area of about 500 acres. Here are housed 7,200 machine tools, 17 roll trains, 187 hammers, 81 hydraulic presses, 397 steam boilers, 569 steam engines, over 2,200 electric motors, and 900 cranes. The total coal consumed in this entire establish-

ment last year alone was 3,000,000 tons. In this group is included also the Milhotener-Hutte, with its four blast furnaces; the Hermann-Hutte, with three blast furnaces, and the Sayner-Hutte, with coal and iron mines.

The second group consists of the Friedrich-Alfred Iron Works at Remhausen, with six blast furnaces, fifteen blowing engines, and Siemens-Marth steel works.

The third group is the Annen steel works, producing principally steel castings up to twenty-five tons.

The fourth group is the Gruson

Machine Works at Magdenburg-Buckau, made up of more than fifty different shops. These cover an area of seventy-five acres, and house 1,850 machine tools and nearly 500 cranes.

The fifth group is the naval section of the Krupp works, the Germania shipyards at Kiel. These works cover sixty acres, containing eight building slips (four of them roofed), the two largest of which can accommodate vessels up to 725 feet long and 130 feet wide. Two acres are devoted to forge shops. The main bay of the fitting shop is 475x78 feet and the boiler shop is 400x212 feet—American Review of Reviews.

#### BLACKFORD

Quite a number are on the sick list at this place but non serious at this writing.

W. M. DeHaven, S. F. Woison, T. J. Tabor and Oscar Leet left here on last Monday for Louisville to attend the State fair.

J. A. Crowell, W. M. Babb, A. T. Brown and J. L. Reynolds went to Marion, the seat of Crittenden to hear the gifted orator, Edwin P. Morrow deliver a speech.

J. E. White is now having a very nice and commodious cottage built on his lot where the hotel recently burned.

J. A. Oarley, who bought the Farmers Union store, has had an addition built to the former building and the entire structure painted.

The boiling of sorghum juice has begun in the surrounding country and we presume that a sweeter time may be expected.

Blackford Graded School began on the 6th inst. with Prof. J. B. Case of Lexington, Ky. assisted by Misses Matilda Brantly, of Crittenden county, Effie Naughton and Ruby Horning, of Webster county. From the interest already manifested, the prospects are favorable that we may have a good school. Patrons take care of your children first; they are more important than calves, pigs, and chickens, therefore visit the school before you condemn the teacher. Picayune.

#### REMEMBER Pe-ru-na

When You Call At Our Drug Store

Mr. Robert H. Norris, No. 1333 Henry St., North Berkeley, Cal., writes: "We have never had any other medicine but Peruna in our home since we have been married. I suffered with kidney and bladder trouble, but two months treatment with Peruna made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong."

#### NOW IS THE TIME TO FILL YOUR COAL HOUSE

Easley's Coal Yard, Sole Agency in Marion For The Famous Providence Coal.

Mrs. J. B. Easley and son will operate the Easley coal yard at the Rail Road crossing between the Marion Mill and the Midget Mill, and will handle as formerly done at this stand only the Providence Coal Company's coal, and this announcement will be sufficient to bring all old patrons to this yard for their winter fuel.

This coal has no equal and all we ask is a trial and a fair divide. Prices the lowest consistent with quality. Phone No. 3. Mrs. J. B. Easley & Son.

When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Price 50c. Sold by J. H. Orme, Marion, Ky.

#### Barges Carry Welsh Coal To France And To Spain.

Cardiff, Wales, Sept. 20.—Considerable interest is being taken in shipping circles in the inauguration of a system of barging Welsh coal to France and Spain. Barge plan has been adopted because of great delays in handling coal at Continental ports. As some 7 1/2 million tons of coal were exported to France in 1913 the method assumes considerable importance to the Welsh coal trade.

Two sailing vessels of 2,800 tons' dead weight, each have been purchased and turned into sea-going barges; these will be towed to their destinations and dropped at the entrance to the port to await berthing facilities or act as coal hulks. Liners can also get coal from the barges or the latter can utilize river and canal communications.

#### Everybody Has Two Countries —His Own and France.

In the October Woman's Home Companion Laura Spencer Porter begins a series of interpretations of various countries. Her first article is entitled, "The Heart of France." Following is an extract from what she writes:

"France stands among modern nations much as Greece stood among the nations of the ancient world, the darling of all the rest. Naturally more gifted, a favorite child, there is something particular and essential which marks her from early days—a grace, a gift, a dower, be it of taste, of sympathy, of beauty; something which sets her apart from the rest."

"And whichever of her traits we study we shall find to be

touched with this particularity: some fine flower of enthusiasm blooms in all she does."

"Again and again we see this enthusiasm. We see it in her history, in her patriotism, in her literature, in her art—she loves intensely, and delights in what is hers."

THE Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from this and other States. Dr. E. W. Hall, 208 Olive Street, St. Louis, Mo. Sold by druggists.—Adv.

**War Will Cost France \$13,000,000 Every Day.**

Paris, Sept. 22.—During the last quarter of the year the expenditures of the French Government probably will run in excess of \$13,000,000 a day. The minister of Finance, Alexandre Ribot, will introduce in Parliament Thursday a bill providing for appropriations of 6,100,000,-

000 francs (\$1,220,000,000) or slightly more than 2,000,000,000 a month. When this bill is adopted the total of appropriations since August 1, 1914, will be 28,194,000,000 francs (\$5,638,800,000.)

**Double Punishment.**

Punishment for giving short weight is far from new, and the Turks long ago took drastic measures to check this tendency on the part of tradesmen. The Sultan Achmet II., walking through the street of Stamboul, saw at the door of a baker's shop the owner, his hands tied behind him, with one ear nailed to a post. Upon inquiry he was told the cause of the poor fellow's predicament. "Who is he?" asked the sultan. "May it please your highness," was the reply, "he supplies the bread for the imperial seraglio." "Ah, my baker? Then set up another post and nail his other ear to it. The sultan's baker should have a double reason for honesty?"

**Break At Light Plant Leaves City Dark.**

Somerset, Ky., Sept. 20.—Five days ago a break occurred at the lighting plant of the Kentucky Utilities Company here, with the result that not a street light nor an incandescent in home, church or picture show has since been available. More than a dozen burglaries have been reported during that time the police believing that all have been the work of Somerset talent. Every family in the city is depending upon candles and kerosene lamps for lights, while laundries, bakeries, printing plants and others depending upon electricity for motive power are unable to turn a wheel.

**Colds**  
should be "pipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

**HAVE YOU WEAK LUNGS?**

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, Bloomfield, N. J.

**Kentucky Girl Raises Fine Peaches In Oklahoma.**

Dr. Lee Dorroh of this place brought to this office Friday three of the largest and finest

peaches it has been our privilege to see. They were of the Elberta variety, the peach that has helped to make Oklahoma famous. The three weighed even one pound, only a few of such peaches would be necessary to fill a quart can and they would have to be cut up to go in.

The Doctor was very fortunate to get a wife who can grow fine fruit and garden stuff and by this means keeps him pretty well fed.—Hammon, Okla. Exchange.

**PEORIA WOMAN PRAISES REMEDY**

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of Mayr's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman." Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

**What Housekeepers Should Do in October.**

According to the October Woman's Home Companion, October is the month for housekeepers:

"To arrange and clean storage places in the cellar and attic.  
"To see that the summer clothes are done up carefully without starch and put away.  
"To go over the furniture, mending, repairing and polishing.  
"To take down the screens, put up storm windows and doors.  
"To finish the Christmas shopping."

**Man Sickened by Talks of Scandal, Gives Definitions Of This Despicable Creature**

Not many moons ago a man of this town happened to be one in a gathering where several cases of note, recently threshed out in the courts, were discussed, pro and con. The remark "gossip says this" or "gossip says that," occurred so often during the discussion that the man left the party with an all-over sick feeling, realizing almost for the first time the enormous harm done by ill advised remarks laid at the door of "Dame Gossip."

After several weeks of hard thinking, and questioning among his associates he compiled the following list of definitions and remarks, given in answer to his question, "What is a gossip?" Webster says a gossip is "a person who runs about hearing and telling news."

Webster was a chivalrous gentleman and his definition of a gossip is weak and lacking in descriptive force, compared to some

of the following:

The gossip is a breeder of scandal, the wrecker of reputations and the blighter of hopes.

The gossip is the buzzard of society, the bane of humanity and the advance agent of the devil.

The gossip has but one creed, and that is the crucifixion of innocence and the perpetuation of infamy.

The tongue of the gossip is so forked it would bring the blush of shame to the face of that other reptile of the split tongue species—the snake.

The gossip lives but to revel in the slime of innuendoes and calumnies.

Scandal is the bread of life to the gossip, and the greatest desire and most intense longing of the professional is for "more gossip."

The stock in trade of the gossip is like the rainbow—it has no end. It just keeps on going, and enlarging, and crucifying until it blights everything it encounters.

It is the breath of hades upon the fair cheek of an angel.—Exchange.

The people will finally wake up  
to the extreme cost of govern-  
ment, and there will be a reaction.  
They already begin to see the  
insincerity of trust busting and  
the railroad smashing demands  
of the demagogues. The taxpay-  
ers and business men of the  
country never asked for anything  
but a square deal, but they  
haven't been getting it since the  
blame of faddists, labor agit-  
ators and demagogues began a  
few years since.—Agitator

## The Whitehouse School.

The Whitehouse School district  
was formerly one of the largest  
in Crittenden County but by be-  
ing reduced in size and many  
moving away it now has only 25  
pupils in the district, 6 having  
moving out since the last school  
census of 31 was taken. When  
Mrs. N. E. Gribbon tonight there  
40 years ago it was a very large  
school.

Miss Jennie Clement is now  
teaching there and is one of the  
County's most efficient teachers.  
The attendance has been as  
high as 24 part of the time in-  
stead of 4 as reported in the  
View items.

## Marriage Announcement.

Cards reading as follows have  
been received by friends of the  
high contracting parties:

"Judge and Mrs. Aaron Tow-  
ery request the honor of your  
presence at the marriage of their  
daughter, Louise Jane, to Mr.  
Duffie Daniel Brantley, of Gary,  
West Virginia, at two o'clock on  
the afternoon of Wednesday, the  
twenty-ninth of September, one  
thousand nine hundred and fif-  
teen. Towery Home, Piney, Ky.  
At home after October the  
first Flat Rock, Virginia."

The bride was reared here and  
in the county and is one of a  
family of lovely girls, who have  
been claimed as brides by promi-  
nent men in various sections of  
the United States.

The groom, formerly a banker,  
has been connected with a big  
coal corporation at Gary, West  
Virginia, but soon after his mar-  
riage he will go with his bride to  
Flat Rock, Va., where he has  
been promoted to cashier and  
paymaster. He was born in this  
county and his bride-to-be was  
his boyhood sweetheart. They  
start on their life of married  
bliss with bright prospects and  
they have no friend who wishes  
them more happiness and pros-  
perity than this editor.

## DEATHS

On the night of Sept. 13th,  
1915, about ten o'clock, William  
Irwin Stewart passed from this  
earthly home to his eternal home  
on high. His death was very  
sudden and entirely unexpected.  
He leaves one son, John T. Stew-  
art, several grand children and  
his faithful wife, also Miss Fan-  
nie Snider, whom they had taken  
and reared from childhood.

These friends have the sympa-  
thy of many friends and neigh-  
bors and of the church to which  
they belong.

Bro. Stewart was born Nov.  
25th, 1838. Was married to Sa-

rahfine Walker March 4th, 1859.  
He professed religion and joined  
the Cumberland Presbyterian  
church at Sugar Grove Sept. 25th  
1881.

Rev. W. T. Oakley preached  
the funeral and his remains were  
laid to rest in the cemetery at  
Sugar Grove.

He will be missed by his neigh-  
bors and friends and his family  
will perhaps many times find  
themselves listening for the step  
of "Uncle Bill" only to realize  
that it will not be heard anymore  
in this world.

H. N. Lamb, Clerk.

The remains of Mrs. Mack  
Hornung, who died at Harris-  
burg, Illinois, Wednesday, were  
brought to her old home at Shady  
Grove for burial. The family  
moved from this place to Harris-  
burg about three years ago. The  
deceased was the mother of  
Brent Hornung and a sister of  
Mr. H. H. Mayes, of Shady  
Grove. She was about sixty  
years old.—Providence Enter-  
prise.

## Golden Jubilee Convention

The Golden Jubilee convention  
of the Kentucky Sunday School  
Association will be held in Louis-  
ville, October 7th, to 10th. Re-  
duced rates have been granted  
on all railroads in Kentucky for  
the occasion and an attendance  
of several thousand is expected,  
including many delegates from  
this county.

## A Good One On Ollie

In the course of his long and  
active public career Senator Ollie  
James, of Kentucky, has often  
been attacked by his political en-  
emies and has occasionally been  
made the object of personal  
abuse. It remained, however,  
for a waiter in a Chicago hotel  
to charge him with illiteracy.  
Being in no mood to select his  
dinner, James had tossed aside,  
after a glance, the menu present-  
ed to him by his waiter, saying,  
"Bring me a good dinner." In-  
cidentally Ollie slipped the man a  
good sized tip in advance. This  
repartee proving satisfactory, the  
statesman pursued the same plan  
during the remainder of his stay  
in Chicago. As he was leaving  
the servitor remarked earnestly,  
as he helped him on with his  
coat: "I beg your pardon, sir,  
but when you or any of your  
friends that can't read come to  
Chicago, just ask for Harry."—

## German Ships Taken Over

## By Admiralty Are Re-Named

London.—The British admir-  
alty has directed that all ex-Ger-  
man merchant ships taken over  
for admiralty use as colliers or  
supply ships, shall be re-named  
with a title having the prefix  
"Hun," to associate their names  
with the original owners. Seven  
captured steamers have already  
been so named, as follows:

Hungerford, 5,800 tons, former-  
ly the Lautenfels.  
Hunstanton, 4,500 tons, former-  
ly the Werdenfels.  
Huntley, 1,200 tons, formerly  
the Ophelia.  
Hunsdon, 2,900 tons, formerly  
the Arnfried.  
Huntress, 5,000 tons, formerly  
the Frisia.  
Hunsigate, 3,200 tons, former-  
ly the Altair.  
Huntsend, 8,800 tons, former-  
ly the Lutzow.

## He Shrunk Up.

A man was walking along the  
road, and a storm came up; he  
crawled into a hollow log. The  
rain poured down in torrents and  
the log swelled until the poor  
fellow could not move. All his  
past life loomed up and when he  
remembered that he had not paid  
his newspaper subscription it  
made him feel so small that he  
crawled out.—Ballard Yeoman.

## Obituary.

Brother James Henry Clement was  
born at Crayne, Crittenden County  
Kentucky, Nov. 1, 1891.

But was reared at the home where  
his mother now resides, near Chapel  
Hill Church.

He was a member of the Sabbath  
School there from childhood, and when  
13 years old professed religion and  
united with that church.

He was a hands me, b. y. q. l. t. s. and  
gentle in his manners, courteous in his

bearing with every one.  
And was a consistent Christian and  
faithful member of the Church until his  
death.

When only 17 years old his father  
died leaving Jamie the man's support  
of his widowed mother.

He was faithful to the trust, good to  
his mother and the younger children,  
industrious and managing the affairs  
of the farm with skill and wisdom be-  
yond his years.

On Feb. 4, 1911, he was united in  
marriage to Miss Grace Hill, daughter  
of H. O. and Mallie Hillan exceedingly  
sweet and lovely girl.

After a little less than one year of  
happiness in their new home, Grace  
died leaving an infant whose birth was  
the death of the mother.

On June 10, 1914 Jamie was married  
to Miss Iva Scott, and of Crittenden  
County's very best and sweetest girls.

But alas, again the home is broken  
up.

After a little over one year of hap-  
piness the death Angel came for Jamie.  
He died at Sturgis, Ky., Sept. 8, 1915  
after an illness of several weeks with  
typhoid fever.

His remains were brought to Chapel  
Hill for burial, a crowd that filled the  
church attended the funeral service.

The services were conducted by the  
pastor assisted by Brother Morse and  
Oakley. After the service in the  
church, his remains were laid to rest  
by the side of Grace, his first wife, in  
Chapel Hill Cemetery.

There were many beautiful flowers,  
most of them sent by the boys who  
worked in the mines with him, and who  
bore loving testimony to his consistent  
christian character while worked with  
them while we mourn Jamie's death,  
and will sadly miss him we know he is  
safe home with his Savior, and we are  
comforted with the assurance that we  
shall see him again on the Happy  
Golden shore.

The sympathy and prayers of all the  
friends go out to the death wife, the  
little boy Kevin, and to his mother,  
sister and brother.

God says to all of us, My grace shall  
be sufficient for thee, and that in that  
day, 'God will wipe away all tears  
from our eyes.'

May God bless and comfort all his  
loved ones is the prayer of their pastor.  
A. J. Thompson.

## She Couldn't Very Well Help It.

Birmingham, Ala.,  
Sept. 20th, 1915.

Mr. S. M. Jenkins,  
Marion, Ky.,  
Esteemed Friend:

On account of the pleasure  
your paper brings with it to our  
home, I am taking the liberty to  
write and tell you I don't know  
whether my husband would feel  
more proud to see you visit us  
than he does the Press.

He prizes it, by far, more than  
I do my very best magazines.  
At first I did not notice it more  
than it was a paper, and would  
scarcely read it, not through any  
disrespect to you or the Press,  
but simply because all were  
strangers to me, while the names  
were familiar enough.

Being associated every day  
with friends and people of same  
names, but after being told of  
the different families, I feel like  
I want to get acquainted. As I  
have married in one of the old  
families of Crittenden county.  
So I am taking this method of  
forming a friendship. I am com-  
ing again real soon with another  
message. Respectfully,  
Carrie M. Riley Allison.

## It Paid to Advertise.

There was an old geezer and he had a lot of sense.

He started up a business on a dollar and eighty cents.

The dollar for stock and the eighty for an ad.

Brought him three lovely dollars, in a day, by dad.

Well he bought more goods and a little more space.

And he played that system with a smile on his face.

The customers flocked to his two-by-four.

Up on the square where the people pass.

He gobbled up a corner that was all plated glass.

He fixed up his windows with the best he had.

He told them all about it in a half page ad.

He soon had 'em coming and he never never quit.

And he wouldn't cut down on his "ad" one jot.

Well, he's kept things humming in his town ever since.

And everybody calls him the Merchant Prince.

Some say it's luck, but that's all bunk.

Why he was doing business when times were punk.

People have to purchase and the geezer was wise.

For he knew the way to get 'em was to "ADVERTISE."

## What Causes Tuberculosis?

THERE can be no tuberculosis without the germ, the tubercle bacillus. Whether the disease appears in the lungs, in the hand, in the hips, or in the eye, it is the same germ that always causes it.

Looking at it from another way, however, the germ of tuberculosis can never cause the disease unless the soil has been prepared for it. It is as if the germ were the seed and the body were the soil. You cannot raise wheat on a hard, cobblestone pavement nor can you grow corn on a boardwalk. Neither can you grow tuberculosis from the tiny plant-like germ which causes the disease, on a soil which is hard and resistant. The tissues of the body in which the disease is to develop must first be weakened and made flabby and prepared for the growth of the disease somewhat as the farmer prepares his soil before sowing his seed.

What are the causes that prepare the soil for the growth of tuberculous germs in the body? There are first of all, a group of causes which lie within the individual himself, which we may call personal causes. Some of them may be controlled by the individual and some of them are beyond his control. Take such causes, for example, as intemperance, lack of proper food, a weakened physical condition caused by grippé, colds, pneumonia, measles, typhoid fever, etc.,—these are some of the personal causes which prepare the soil for the tuberculous seed. Then there is also another group of causes which are entirely outside of the individual and which we may designate as environmental or social causes. Some of these are, for example, bad living and working conditions, lack of play and recreation facilities, unclean streets, etc.

These two groups of causes may either separately or altogether, act upon one so that his normal strength and vitality, which we call resistance, is lowered and he readily becomes a prey to the disease germs which are constantly lurking about and which he may be harboring in his body without knowing it. Let us consider some of these causes a little more in detail.

Of the personal causes that lead to tuberculosis, probably intemperance may be reckoned as one of the most important. By intemperance is meant everything in the way of self indulgence that injures the body. One may be intemperate in eating and by partaking of too much food may produce permanent digestive disturbance which weakens the bodily resistance. One may be intemperate in the use of drugs or in other ways, thereby weakening the bodily resistance. The most frequent form of intemperance, however, is the use of intoxicating liquors. Any man who drinks beer, wine or whiskey to excess is preparing the soil of his lungs for the seed of tuberculosis. This is the reason why the mortality from tuberculosis among men and women who are accustomed to drink is so high, much higher according to reliable statistics than among people who do not use intoxicating liquors.

Many children from the time they are born into the world are doomed to starvation. Other people because they like candy, pie, and cake better than meat, bread, and vegetables, are starving themselves willfully. This underfeeding or lack of proper food will as surely prepare the soil for tuberculosis as if one deliberately set out to do so.

Many people have a notion that if they have apparently recovered from a bad cold or an attack of grippé or pneumonia, there is no further danger and they are perfectly safe. Oftentimes the most dangerous period in an acute disease is during the few weeks immediately after the patient is able to be up and about. It is during this time of convalescence that the seeds of disease will find a sure root if special care is not taken. Fresh air, good food, rest, and right living are the best safeguards against tuberculosis during a time such as this. The after-effects of many diseases can be avoided if the patient will continue to persist in taking care of himself just the same as he did when he was in the bed and under the doctor's orders.

Then there are those causes of tuberculosis which are entirely outside of the individual such as bad housing conditions. Dark rooms where the sun never shines are among the best breeding places possible for the germs of tuberculosis. Here they thrive in great quantities and it is almost impossible to dislodge them. Dark, filthy hallways, unclean sinks, and dirty backyards and toilets are also menaces to the health of those who live near them. Many a man can improve these conditions with a little effort if he will take the time to do so. More often, however, it is the landlord's fault that the housing conditions are not better.

Low wages, long hours of work, dark unventilated factory rooms, excessive heat, and dusty occupations are only a few of the conditions which make it easy for the seed of tuberculosis to attack the working man. The lack of proper places for play and recreation, which makes a man go to the saloon at night instead of into the park or playground, is a social cause leading to tuberculosis. These social causes can be fought only by the united effort of the men and women of the community. Individuals can help but it takes all shoulders at the wheel to produce effective results.

In conclusion, remember that the soil must be right before the seed of tuberculosis can grow, and that you can contribute much towards keeping the soil of your body in such condition that no germs will find a root there.

### IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREAU, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVINA MYERS, Box 74, Massena, N. Y.

Young Girls, Heed This Advice. Girls who are troubled with painful irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

### September Vegetables.

Following is a recipe given for vegetable chowder:

Cut fat salt pork in pieces, fry out and strain. There should be one-third cupful. Add four slices of onion finely chopped and cook five minutes. Strain and add two cupfuls of one-half-inch potato cubes and one and one fourth cupfuls of one-third inch cubes of parsnips. Sprinkle with salt and pepper, add two cupfuls of boiling water, bring to the boiling point and let boil until vegetables are soft; then add one quart of milk, four tablespoonfuls of butter, bit by bit, one half cupful of fine cracker crumbs and two teaspoonfuls of finely chopped parsley.—(Woman's Home Companion).

### TAGS PINNED ON ALL PASSENGERS

Everybody On Licer Espagne Labeled Before Voyage From Bordeaux Started.

New York, Sept. 20.—Passengers arriving here to-day aboard the Espagne from Bordeaux wore identification tags, issued to them before sailing, so that they might be identified in case German submarines should send their ship to the bottom while they were passing through the war zone. It was the first time that such tags had been worn by passengers aboard a liner reaching here from Europe since the war begun.

To escape submarines the Espagne sailed at 2 o'clock in the morning of August 21, shortly after the sinking of the Arabic had become known. Her officers and passengers were apprehensive of their own fate and to make identification possible in case of disaster, the company listed their names and gave each person a tag to be worn on the way across. The trip, however, was without special incident.

Among the passengers was Dr. C. Burns Craig, of the New York Neurological Institute, who had been ten months in Paris studying the effect of constant firing on the nerves of soldiers. Dr. Craig said that the whine of rifle bullets was apparently not harmful to the nervous system of the men in the trenches, as they soon became accustomed to it, but that the crashing of big guns had a very serious effect, as the sound shattered the nerve and made some men insane.

Every Household In Marion Should Know How To Resist It.

If your back aches because the kidneys are blocked, You should help the kidneys with their work.

Doan's Kidney Pills are especially for weak kidneys. Recommended by thousands—here's testimony from this vicinity.

Luther Hays, Cobb, Ky., says: I became afflicted with kidney trouble, the first symptom being a tenderness through my sides and loins. A short time after I noticed acute pains in my

back and through the muscles of my limbs. I attributed the trouble to a cold or strain, but as it did not wear off, I came to the conclusion that my kidneys were affected. A friend who had suffered in a similar way advised me to try Doan's Kidney pills and I did so. They relieved me promptly. Price 50c, at all dealers. ### Robert Marriage In Gainesville Has Been Announced.

The following engagement was announced in quite a unique way Wednesday afternoon at a party given by Mrs. Maude Blackwell. The announcement was in the form of a telegram received as follows:

"Mrs. Martha Ellen Bigham announces the engagement of her daughter, Miss Carrie Donnette, to Mr. James Robert Vidal, the wedding to occur October the seventh."

After the guests arrived a Western Union boy bearing this telegram called for Mrs. Blackwell, who had been previously posted and who noted her part so well the guests all thought she looked pale and faint from the excitement that a telegram usually produces. Everyone was in excited hope that the message contained no bad news, waiting breathlessly to hear the contents. After reading it hurriedly she told the guests that it was such an unusual one and contained such good news that she would read it to the crowd.

This was a surprise to the bride-elect. Although she expected the engagement to be publicly announced in a few days, she did not know that it would be done in this way. While all of her friends were laughing and showering her with congratulations and good wishes she was a picture of loveliness in her confusion, her face wreathed in blushes and smiles.

The house was simply but tastefully decorated with cut flowers and pot plants, the color motif, yellow and white, being carried out. The porch was a wilderness of beauty, banded with ferns and various kinds of plants.

A delicious salad course was served consisting of fruit salad, sandwiches, olives and ice tea. Here the color scheme again predominated. The sandwiches were cut in heart shapes, tied with white ribbon, to which were attached dainty little cups bearing the initials of the bride and groom.

Those invited to enjoy this delightful affair were Mesdames J. C. Bishop, W. S. Lang, Jr., J. M. Carlisle, R. B. Bush, G. H. Kelley, Grover Allison, C. H. Coles, J. R. Emerson, A. B. Hayfield; Misses Carrie Bigham, Ruth White, Annie Burke Landrum, Mozelle Durst, Bertha Andrews, Flossie Banks, Nellie Albright, Curtis Pitts, Mabel Voyle, Frances McDowell, Mary Crawford, Mamie Roux, D. Wolf and Marjorie White.

The out of town guest were Mesdames Glen B. Skipper of Bartow, W. Barker of Jacksonville, both sisters of the bride-elect and Mrs. W. M. Wilson of Jacksonville.

This announcement will be of State-wide interest as the bride-elect is the youngest daughter of the late Rev. J. W. Bigham, who was known and loved throughout the State, having been presiding elder and pastor of some of the most prominent appointments in the Methodist conference.

Miss Bigham is a very beautiful and accomplished young lady and though she has lived in Gainesville only a short time her charming personality has won her many friends.

The groom-elect was born and reared in Gainesville and is a well known young business man, hustling and energetic. He has scores of friends who will extend congratulations and best wishes.

Nine-tenths of women's sickness comes from disorder of these special organs. The symptoms are various—the cause the same. Dr. Pierce's Favorite Prescription is the remedy for the headache, backache, nervousness, wakefulness, neuralgia and fifty other troubles of women which can always be traced directly to feminine weakness or disease. Thousands of women right here in Kentucky, after years of discouragement, have written to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and now thank him for their renewed health and happiness.

It is a medicine devised to cure one certain kind of disease—female disease. It brings ease and comfort and sleep. It restores perfect health. It fills out cheeks, hollows, brightens the eyes, puts vim and snap into the whole body.

### TO KNOW THE TRUE GOD IS TO LOVE HIM

"The God of All Grace, God of All Comfort."

Glories of the Divine Character Unknown to the World—Paint Glimpses Given to the Israelites—A Clearer Vision Given to the Church of Christ. Gross Darkness Covers the World. Knowledge of God's Glory to Fill the Earth During Messiah's Reign.

Columbus, Ohio, 22.—Pastor Russell is in our city. We report his discourse on the text, "The glory of the Lord shall be revealed, and all flesh shall see it together."—Isaiah 40:5.

The speaker first demonstrated that as yet the Divine glory has not been revealed to humanity. True, God gave Abraham some little intimation of His Purpose; but this was not a revelation of His glory; for only Abraham believed. While faith gave Abraham, Isaac and Jacob a glimpse of God's character, they but faintly saw that sometime and somehow the curse of sin and death would be rolled away and the true knowledge of God would reach all mankind.

This hope, though vague, continued with Jacob's descendants, the Israelites. At Mount Sinai God made a Covenant with them that, if they would keep His Law, they might become the promised Seed of Abraham, to bless the world. (Genesis 12:3.) But neither they nor any others of the fallen race of Adam could keep the Law. (Romans 3:20.) As the hope of becoming this special Seed of Abraham faded from the Jewish mind, God encouraged them by declaring His Purpose to make with them some day a still greater Covenant.—Jeremiah 31:31-34.

Jesus the Promised Seed of Abraham.

Next the Pastor showed how Jesus and His Church constitute the Spiritual Seed of Abraham. (Galatians 3:8, 10, 29.) God sent His Son, "born under the Law" for the very purpose of demonstrating that a perfect man could keep the Divine Law, and redeem the fallen Adamic race. Jesus kept the Law. This did not constitute Him that Seed, however, but merely demonstrated His qualifications. Even though perfect, He could not have given life to the dying race of mankind. To do this, He must first lay down His own life as an equivalent price for Adam, in whom the race fell. On the third day God raised our Lord from the dead, fully qualified to bless mankind as Abraham's Spiritual Seed. He was no longer a man, but a spirit Being, privileged to make application of His own human life-rights as a redemption price for Adam and all his posterity.—1 Corinthians 15:21-23.

The Bible declares that God also provided that a Church class should be gathered out of the world to be associated with our Lord in His future work. For about nineteen centuries all who have the hearing ear have been called to membership in Abraham's Spiritual Seed, of which Jesus is the Head. God first selected the worthy ones from amongst the Jews, and then from amongst the Gentiles. (Acts 13:46.) But whether Jews or Gentiles, all must walk in the footsteps of Jesus—New Creatures in Christ.—2 Corinthians 5:17.

During all this time the glory of God has not been revealed. While our Lord knew about the Father's glory, and the Apostles had it clearly before their minds, yet not many, even of the early Church, could see it fully. Certain truths are dispensational, and cannot be understood until the due time. See Daniel 12:8-13. In 1799 we entered the period called the Time of the End. Since then, those wise in Heavenly things have gradually understood the Scriptures. Bible students everywhere are witnesses to the fact that God has been opening His Word to their eyes of understanding. Great blessings have come to God's people during the last forty years.

God's Glory Soon to Be Revealed.

The remainder of the discourse was devoted to the Divine Purpose for the future. During the Millennial Age all flesh shall see the glory of God. Then Jehovah shall have everlasting praise. His long silence. His not defending Himself against His traducers, will ultimately redound to His greater honor. (Isaiah 35:5; 42:8-13.) When the world really perceives that God is Love, they will experience a strong revulsion of feeling. The wrong thoughts entertained in the past will cause them to appreciate all the more the riches of the Divine character.

Mankind do not know what God's feelings are. They think that He has been most unjust—that He has tormented them in the present life, and will torture them hereafter. Only those can see differently whose eyes of understanding have been opened to the depths of Divine Love and Mercy. By and by, when all mankind see and appreciate, "who shall not come and worship" before Him! To know our God is to love Him. The Scriptures declare that whoever will not come to reverence Him under the full light of the Millennial Day shall be cut off, as unfit for further Divine favors. From this Second Death there will be no resurrection.—Acts 10:23; 2 Peter 2:12.

### OLDEST RED MAN INDORSES TANLAC

Remedy Filled Him With New Energy And Vigor After Many Years.

Louisville, Ky., Sept. 21.—

Among those to endorse Tanlac recently is Fred Meinecke, a retired hardware dealer, of 2522 West Jefferson Street, this city, who found speedy relief from chronic stomach trouble by use of the premier preparation, Mr. Meinecke, who is sixty-eight years old and the oldest member of the Order of Red Men in Kentucky, said:

"I was suffering from stomach trouble for many years. Finally my condition became so serious that I was forced to retire from business. I was unable to retain even the slightest food on my stomach, and had the most severe pains imaginable in my abdominal regions after eating. I suffered from headaches, nervousness, and dizziness, and found it difficult to sleep.

"After being advised by friend to try Tanlac, and seeing it advertised in the newspaper, I decided to try it. I was astonished at the result. After taking a few doses my appetite returned and I found that I could eat anything I craved with relish. The nervousness and dizziness disappeared and my sleep became restful and peaceful. I no longer suffer from pains in the abdomen and head.

I can do as much work now as I ever could and feel as well as I did 20 years ago, before I became affected with stomach trouble."

Tanlac, the premier preparation, is sold in Marion, Ky. at J. H. Orme's Drug Store and at Blackford, at A. T. Brown's Drug Store.

## LOYD'S BRAIN LEAKS.

By F. S. LOYD:

Newt Dollar says: Even the woman who wants to shine in society is always powdering her nose.

"J. B. dear," said Mrs. Ray to her little 4-year-old son. "Your Uncle John will be here for dinner today. Be sure to wash your face and hands before coming to the table." "Yes, mother," hesitatingly, but—but suppose he doesn't come.

Charlie Byrd said to Albert Elder: "How do you get your wife to believe what you say when you come home late?" "I first listen to what she accuses me of doing and then I own up to it."

Frank Cliff says when a man hires a girl he wants to see her recommendation; but he isn't that particular when he goes to marry her.

Abe Deboe says: When a certain old man gets up at a meeting and announces that he is merely going to make a few brief remarks you can set down and prepare for a two hour's talk.

Jim Canada says: There are all sorts of people in the world including the man who would rather get married than work for a living.

Albert Elder says: My idea of a henpecked husband is one who has to eat a bad egg at the breakfast table because he is afraid to tell his wife it isn't good.

Albert Elder says: It often happens that a man has no peace of mind because his wife is always giving him a piece of hers.

Uncle Dock Green says: It's easy to get a reputation for being a wise man—just wear a tall hat and a frock coat and keep your mouth shut.

Uncle Billie Lloyd says: When a man starts to tell you how brainy you are and what a big man you are and that other people do not appreciate you, excuse yourself for a moment and hide your money in the sweat-band of your hat before he gets any further.

A subscriber to the Record Press wrote to the Editor and asked: What is the matter with my hens; every morning when I go to feed them I find some of them have keeled over to rise no more. To which the editor replied: They're dead.

Albert Elder says: Any married man can dodge a whole lot of battles at home if he has sense enough to tell his wife that she knows more than he does.

## TAINTED POLITICS

By Peter Radford.

This country is suffering more from tainted politics than from any other malady at the present time. There is scarcely a campaign speech made, a platform demand written or a measure enacted into law that does not carry the taint of personal gain of some politician or political faction thereof.

There is more "blue sky" in campaign promises of many politicians running for office than was ever contained in the prospectuses of the boldest promoters of chimerical business schemes. There are more secret combinations formed by politicians in the name of "My Country" than were ever formed under any and all other aliases. There are more political rebates hidden in the phrase "Be it enacted" than were ever concealed under any and all other disguises.

The northwesterly drift for political power and unrestrained passion for mastery has caused more distress in this nation than the greed for gold, and it ought to be regulated by law. No business combination ever pursued their competitors as relentlessly or visited more heartless cruelty upon their customers than a political party that seeks to make junk of an industry, or cripple a business for party success, through tariff measures, political supervision and oftentimes destructive legislation. Many political platforms are as alluring to the voter as the story of the rainbow with its pot of gold and their consummation about as far-fetched. Self-gain is the first law in politics. There are many men in office today who, if they could not shake plums off the tree of American liberty or cut a melon taken from Uncle Sam's commissary, would have less desire to serve the public.

The country is surfeiting with patriots, who will bare their breast to bullets in defense of their country, but there are few men in public life who will bare their breast to voters or run the gauntlet of party disfavor in defense of agriculture or industry. No representative of the people, who will permit personal prejudice to debase justice, party success to disfranchise reason or the rancor of a political campaign to influence judgment can render capable service.

The preservation of our prosperity depends upon wisdom, courage and honesty in government, and the American voter should seek these attributes as implicitly as the Wise Men followed the Star of Bethlehem and they will often be found to rest over the stable; the plow or the staff of the Shepherd. The surest cure for tainted politics and machine rule is fresh air and sunshine and these important elements are most abundant upon the farm, and when farmers, bankers and merchants are elected to membership in legislative bodies, much of the trouble in government will disappear.

## WATERED SECURITIES

By Peter Radford.

Much has been said and more written about the evils of watered stock in big business concerns and the farmers of this nation believe that every dollar written into the life of any business organization, should be able to say "I know that my Redeemer liveth," but farming is the biggest business on earth, and there is more water in its financial transaction than that of any other industry. There is as much water in a farmer's note drawing eight or ten per cent interest when other lines of industry secure money for four or five per cent annum, as there is in a business paying a reasonable compensation upon the face value of securities representing an investment of only fifty cents on the dollar. The only difference is, the water is in the interest rate in one instance and in the securities in the other.

The promoter oftentimes takes chances and his success is contingent upon the development of the property involved but the usurer, as a rule, takes no chances and his success cripples the property involved. There may be industries that cry louder but none that suffer more severely from financial immorality in both law and custom than that of agriculture.

The farmers of America today are paying \$250,000,000 per annum in usury on real estate and chattel loans, and this interest capitalized at five per cent, represents \$4,000,000,000 of fictitious values which the farmer is paying interest on. This sum of money is almost equal to the annual value of crops produced in the United States.

The taxing power of the farmer's note based upon his interest rate very nearly divides like the earth's surface—three-fourths water and one-fourth land. The largest body of water that floats upon the financial hemisphere now rests upon the farms and its waves are crashing and its billows are rolling against seven million homes threatening ruin and disaster to the prosperity of the nation. Will our public servants who understand how to drain the liquid of industrial prosperity turn the faucet and let the water off the farms?

It is an admitted economic fact that there can be no permanent prosperity without a permanent agriculture.

Agriculture is recognized as the greatest of all industries and a prosperous, progressive and enlightened agricultural population is the surest safeguard of civilization.

## A GREAT PRIESTHOOD DIVINELY APPOINTED

"Thou Art a Priest For the Age After the Order of Melchisedec."

God's New Order of Priesthood—Each Member Called and Chosen—The Great High Priest—His Sacrifice of Himself—The Under Priests of This Order—Membership Limited in Number—The Purpose For Which the Priesthood is Ordained of God.

PASTOR RUSSELL

Albany, N. Y., August 23.—Pastor Russell delivered a masterful discourse here today. His text was: "No man taketh this honor to himself but he that is called of God, as was Aaron."—Hebrews 5:4. The Epistle to the Hebrews, the Pastor pointed out, shows that God had ordained a higher priesthood than the Aaronic Order of the Mosaic arrangement; and that upon our Lord Jesus was conferred the great honor of being the Head of the New Order, the church being under priests. While on earth Christ could not be a priest; for Aaron's family constituted a Divinely ordained priesthood, in which none others could presume to take part without God's invitation. To this day the Jews respect the Aaronic priesthood; and since they cannot know who belongs to Aaron's family, they have no priest and no such service as a priest could render.

The thought of another priesthood astonished the Jews of St. Paul's day. They could not understand how any priesthood could be higher than the Aaronic Order. Nevertheless, through the Prophet David, God had long before declared our Lord's Priesthood: "Thou art a priest forever after the Order of Melchisedec." (Psalm 110:4) Elsewhere we read that Melchisedec was "the priest of the Most High God"—"a priest upon his throne." (Genesis 14:17-21; Hebrews 7:1-4) God has conferred a very great honor upon our Lord, has appointed Him to be the world's Redeemer, High Priest and King, through whom will come all blessings designed for humanity.

"Worthy to Loose the Seals."

The speaker then demonstrated that before our Lord could be thus highly exalted, He must be thoroughly tested and proved worthy to be the great Antitype of Melchisedec. Amongst other Scriptures examined was our Lord's own statement, as recorded in Revelation 5, where the Divine Plan for human deliverance from sin and death is pictured. God is shown as seated upon His Throne, holding in His hand a Scroll, written within and without, and sealed with seven seals. This represents the Plan which God had purposed before the foundation of the world, and which was known only to Himself. Throughout Heaven and earth the proclamation was made: "Who is worthy to loose the seals and to look therein?" Nobody came forward.

Finally an angel said, to St. John, "The Lion of the tribe of Judah hath prevailed." The Lion was the Strong One of Judah, of which tribe God had prophetically declared that Messiah should come—of David's lineage. The Strong One could do the work; but all mankind were imperfect, incompetent. Jesus was sent into the world perfect—in the image of God. Heretofore no one had proved worthy; for the conditions which God had attached were very stringent. He was looking for One competent to be a Prime Minister, as it were, to represent Him fully and to be associated with Him forever. For so high a position He had purposed that this One should be made partaker of the Divine nature—immortal. Our Lord must demonstrate His loyalty to the fullest degree before He could be counted worthy of this high exaltation.—1 Tim. 6:16; John 5:26, 27.

According to the Law of God, nothing in His Priestly Office until He was of age. When His thirtieth anniversary came, He presented Himself in consecration to the Father. At Jordan He began to carry out the Divine Plan presented in the Scroll, and mentioned by the Prophets of Israel. There the father opened the eyes of His understanding. There He became the slain Lamb. For three and a half years God proved the One who was to become the antitype of Melchisedec, the Priest upon His Throne, partaker of the Divine nature. Surely He was faithful even unto the death of the Cross. He is highly exalted, at the Father's right hand.—Phil. 2:8-11.

Further Contents of the Scroll. The Pastor showed that the Scroll outlined a plan for the world's Church of under priests, to share in the sufferings of Christ and the glory to follow. All the work of the Gospel Age has been with a view to perfecting this company, members of the great antitype of Priest and King. Whoever consecrates himself to God, is begotten of the Holy Spirit and walks faithfully, the narrow way of self-sacrifice will become a joint heir with Christ, a full-accepted member of the great Melchisedec Order of Priesthood. As soon as the last members are completed, the 144,000 will stand with the Lamb upon Mount Zion, ready for the Kingdom work.—Revelation 14:4.
