## SUCCESSFUL MEETING CLOSING

Grand Revival at Main St. Presbyterian Church Ends After Twenty Days

The Revival Meetings at the Main Street Presbyterian church closed Sunday night. The Church Auditorium which is the largest in the city was crowded to capacity and there were four conversions the last night. These meetings continued for twenty days, and in many respects it was the greatest series of meetings ever held in Marion. The meeting was conducted and managed exclusively by Evangelist Hay Bell of Carbondale, Ill., who did all the preaching and led all the after meetings. He was very ably and materially supported by the excellent singing, conducted by Prof. Joe Lauderdale and our fellow-townsmen, Prof. W. B. Yates, who is a gospel singer of national reputation. There were thirty-two conversions and many reclamations; and the Christians of the town are wonderfully revived. Bro. Bell is an exceedingly strong gospel preacher; his slogan is, "you must be born again," and he preaches it with such earnestness, and in such a convincing manner that the truth sinks deep into the hearts of the audience. He never leaves the whosoever will, doctrine, and his strong Gospel preaching, which seems to touch the heart of saint and sinner, is the topic of conversation. His open air services on the public square were wonderful in their influence over the people. Men who never attend church stood for an hour at a time, with marked attention to the preaching of the Word, and were visibly affected. His three o'clock meeting, the first Sunday afternoon, for men only, was the greatest ever held in this town. The large Church auditorium was full of men, and the Holy Spirit was manifest all over the room, and there were seven conversions; and many old men shouted that had not done so for thirty years. His three o'clock meeting for Christians only, on the last Sunday afternoon, was a most glorious meeting. The church was full of Christians, and after a sweet Gospel sermon the meeting developed into hand shaking and singing; and such shouting and praising God has not been heard in this county since the days of the old time camp meetings.

Reverend Bell is a Presbyterian minister. He was once a pastor, but has been exclusively in the evangelistic work for fifteen years. Everybody here tried to love him, and many say he is the strongest and most convincing gospel preacher they ever heard. Others say he is a wonderful preacher, full of the Holy Spirit. He made more staunch friends here, and a plan has already been started to get him back here next summer or fall to hold a Union Meeting for us. Brother Bell left here Monday for Galatia, Illinois, to begin a meeting and the prayers of the good people of Marion follow him. May the Lord give him strength to continue the good work.

J. B. Wiggins, who was in Paducah Tuesday, returned home today.

## GOOD CROWDS AT SPEAKING

Prominent Democrats Here County Court Day and Are Greeted by Enthusiastic Supporters.

The speaking Monday at the Courthouse began promptly at 1 o'clock, Congressman Barkley being first on the bill. He, and all the speakers who followed were "introduced" by County Attorney, Trice Bennett in a few appropriate, well-chosen words. The Court room was crowded to standing room and Mr. Barkley, always a favorite here, was given an enthusiastic reception. His speech was full of clinching arguments and had a good effect on the vast assemblage. He was followed by Elliot Baker, of Princeton, who won his hearers to a man. Mr. Baker will poll the solid vote of this county.

He was followed by Lee Gibson, of Madisonville, whose geniality has already endeared him to friends and strangers alike, all over the fourth Judicial district, making him one of the most popular men that ever offered for office in this county. He will poll the Democratic vote to a man and all reports to the contrary are erroneous and misleading.

Congressman Barkley left on the afternoon train for his home in Paducah. Hon. Elliot Baker on same train to Dawson where he addressed a W. O. W. celebration Tuesday. Hon. Lee Gibson, accompanied by G. N. McGrew, democratic candidate for Representative, spoke at Tolu Monday night, Hebron, Tuesday and Weston last night. To-night they go to Rutherford School House. They are having good crowds and being given a rousing welcome everywhere they speak.

### Princeton Presbytery.

Princeton Presbytery, of the Cumberland Presbyterian church met with the Sharon church at Bennetts town, Ky., Oct. 5, 1915. Rev. C. T. Boucher, the retiring moderator, preached the opening sermon.

R. v. W. T. Oakley was elected moderator. Rev. W. Hugh Watson preached the sacramental sermon. Rev. J. B. Eshman preached a sermon on a call to the ministry on Wednesday at 11 o'clock. One young man, G. F. Carter, from Liberty church was received under the care of the Presbytery.

Thursday was taken up in hearing the reports of the various committees and in discussion of the same. On Thursday evening, at seven-thirty, Rev. T. C. Newman preached a strong sermon on Christian Baptism. W. H. Wallace was licensed to preach.

Although we had a small representation we had one of the best Presbyteries we have ever had. The good people of Bennetts town opened their doors to us in a way that made us feel that we would like to go back.

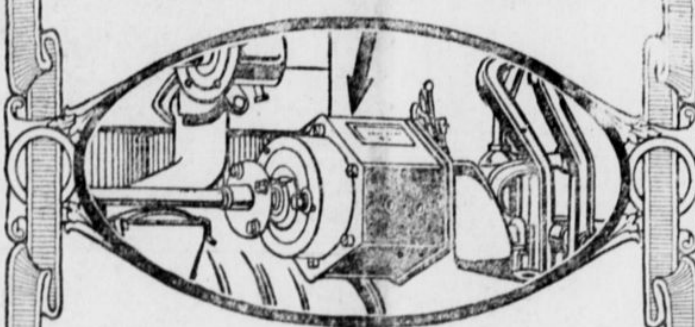

Presbytery meets at Fredonia next spring.

H. N. Lamb, Clerk.

### Weekly Weather Forecast.

For Ohio Valley and Tennessee: Local rains Wednesday, will be followed by generally fair weather during the remainder of the week without decided temperature changes.

## Maxwell The "Wonder Car"

### Electric Starting and Lighting

The new Maxwell is equipped with the Simms-Huff Electric Starting and Lighting System.

This system is a single unit type, combining in one instrument the generator and motor.

It is the simplest, "sure-fire" powerful self-starter made and has about one-half the wire of ordinary starters.

We are waiting to take you for a test ride in the car that has broken all low "First-Cost" records, and is breaking all low "After-Cost" records.

## GARAGE NEARS COMPLETION

T. H. Cochran & Co.'s New Warehouse and Garage Will Soon Be Occupied by Them

Marion can now boast of a Garage and Implement warehouse as large as any city has in this section. Contractor F. B. Heath is just now putting in the front and will add a few finishing touches and then turn over the completed house to the firm who have made Marion famous as a hardware center and who have drawn patronage to our city from a half-dozen counties. The concrete work was done by W. B. Milne, of Eddyville, who has monuments to his ability as a concrete builder scattered over several states, where he has put in walks, abutments, bridges, piers, copings, crossings and all manner of concrete work. He says the Cochran & Co.'s warehouse floor, which is 75 x 100 feet, is the biggest one he has ever put down. The floor including the filling, cinders, rolling and tamping cost considerably over one thousand dollars. The building is a massive brick, fronting 76 feet on Main street and extending back 100 feet to an area which borders on an alley the entire length. It is a credit to Marion and will add great facilities for handling a big volume of business quickly, to Cochran & Co.'s already large quarters.

basket ball court and have hopes of a tennis court soon.

Misses Tryphena Parker and Katy Mitchell were out of school yesterday.

Hurrah for Salem's School Orchestra, 'tis something grand. Come! You have a free ticket for every morning.

Miss La Rue will you please inform us whom our visitor was Tuesday eve, last?

Prof. Farris visits our school real often. What's the attraction Frank?

Attendance of little folks is dropping off, due to the diphtheria scare.

The "Delta Sigma" meets Tuesdays and Thursdays after school.

Our day scholars to date are Messrs Earl Hodge, Robt. Curnell and Gracey Waddell.

Tuesday and Thursday mornings are very dull, for we "miss you Val."

Prof's class in Agriculture is making some progress, but just come down below Mr. Sullenger and you will see what the "Delta Sigma's" are doing.

We have the best Literary Society in the county, the best members, best officers and best work. It meets every Friday afternoon. —OMEGA.

## HIGH SCHOOL IS ON BOOM

The School Spirit Is In the Air and The Year of 1915-16 Promises To Be the Best One.

The liveliest thing in Marion is her school, and about the liveliest things in the school are her Literary Societies. You should have heard the splendid program on "Burns" given by the Girl's Society last Friday. Every member is enthusiastic and tries to do her level best to make the work a success. The program was excellent, both in arrangement and in the way it was given. The whole school is on an upward movement. The marching is much improved. The very newest improvement is the Marion and High School Band. Have you heard it? It means better marching. Everybody get in line—square shoulders. Get in step and march onward with us to bigger and better things for Marion. —R. T. '17.

A Comedy--Drama, will be presented at the Marion Opera House, Friday night, Oct. 15th, 1915 by the Senior Class of the Marion High School under the direction of Miss Lena Holmclaw. The cast is made up entirely of home talent and the play is being given for the benefit of the school fund, and it is hoped that the patrons will show their loyalty by attending and thus encouraging these youthful stars.

## DYNAMITING AROUSES JUDGE GORDON

Grand Jury At Madisonville Given Instructions to Ferret Out Slayers of Negro.

Madisonville, Ky., Oct. 12.—"There are not enough 'possum hunters' or 'night riders' this side of hell to prevent justice being meted out to the perpetrators of this outrage if the guilty parties are indicated and brought before this court," declared Judge J. F. Gordon in delivering special instructions to the grand jury here this morning, following the dynamiting of a negro cabin at Nortonville, in which one was killed and three others injured.

According to information here regarding the latest outrage in Hopkins county, which occurred at Nortonville this morning at 2 o'clock, "regulators" about ten days ago had sent a stick of dynamite, some cartridges and matches to Charlie Day warning him to leave the country. It was claimed the negro had been operating a disorderly house and boot-legging joint. Day moved out of the house late Monday afternoon and a negro family by the name of Cathron moved in Tuesday afternoon. The place was dynamited this morning. Will Cathron, aged about 20, being killed and Will Purdue being badly injured. One room of the residence was destroyed.

Sheriff Logan was sent for and securing bloodhounds, attempted to trail the parties, the dogs following the trail to where the

parties mounted horses, it being evident that several were in the crowd. The Hopkins County Court has authorized a reward of \$200 for the arrest of the parties and the Governor also will be asked to offer a similar amount.

Circuit Court has been in session for ten days. As soon as the court convened this morning Judge Gordon called in the grand jury and delivered special instructions to them regarding the crime. He insisted that everything be dropped and that a thorough investigation of the tragedy be made, assuring the jury that if it was necessary to call a special term he would gladly do so, and that steps must be made to put down this lawlessness.

"Exhaust every effort through the law and, if we can't reach them then, there's the militia, and, if the militia fails, I am ready to lead a righteous mob to suppress this lawlessness," he declared. The negro killed was employed at a coal mine at Nortonville. The negro the "regulators" were after has left the county, it is announced.

### Coughs That Are Stopped!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves the grippe tendencies. Money back if it fails. Fifty cents and one dollar.

### Mayfield May Have Municipal Plant.

Mayfield, Ky., Oct. 11.—The City Council unanimously passed an ordinance calling an election on November 2nd, at which the voters of Mayfield may decide whether they wish the City Council to issue the necessary bonds to buy the Mayfield water and light plant at its present cash value. The American Appraisal Company a few weeks ago fixed the value at \$161,000.

### Australians May Fight With American Guns.

Melbourne, Australia, Oct. 11.—A large number of American-made machine guns, which the Australian Government bought in the United States eight years ago, may be supplied to the next contingents of the Australian expeditionary forces. The American guns have certain mechanical disadvantages which led the Australian military authorities to discard them after they were first tried, and for the past eight years they have been in storage. The urgent demand for more quick firers, however, has made it desirable to use them, and the guns are now being given new tests at the Port Melbourne range.

### Huge Submarines Will Be Built For U. S. Navy.

Washington, Oct. 12.—Bids for the two big sea-going submarines authorized by the last Congress will be called for next month by the Navy Department. The specifications provide for steam turbines to develop a surface speed of 25 knots an hour, but if any bidder submits figures on the basis of an oil engine fully guaranteed to produce power enough they will be given consideration. The new vessels will be several hundred tons larger than the Schley, now building, which will register 1,000 tons displacement submerged, or twice the tonnage of any submarine now in commission.

The Schley will have oil engines to drive her at the rate of 20 knots an hour.

The act of Congress provided for two boats "to have a surface speed of 25 knots or more, if possible, but not less than 20 knots; to cost exclusive of armor and armament not exceeding \$1,500,000 each."

The sea-going submarines will be a part of the fleet and accompany the battle ships on all cruises. They will have a fuel capacity of 10,000 miles or more.

When Owsley Stanley takes his seat as governor of Kentucky the state legislature had better wake up and take notice, for there will be one governor of this grand old Commonwealth who will not allow any deception or perplexing entanglements escape his watchful eyes. All environments around the executive mansion, will be compelled to come clear or he, Mr. Stanley, will know the reason why. As a man, as a lawyer and as a magnificent judge of human nature he will call a spade a spade, and none of the solons will ever be able to insert jokers in any legislative act without his detecting the smart alex's intentions. So Messrs. Solons toty to the constitution or get off the perch.

The head of the democratic ticket seems to be sweeping the state like a whirlwind. Nevertheless the duties developing upon every true democrat does not stop with him. Every man's election on the ticket deserves the same support and fidelity that Mr. Stanley seems sure to get. No man nominated in years, whether he be in politics or business, can out distance honest Bob Green's popularity. No man no matter where he lives or what he does is any more thought of for his honesty and devotion to the principles of caring for the interest of every constituent, under whose care he has been placed to perform his official duties, than is honest Bob Greene.

Every farmer knows or should know, that Owsley Stanley has always advocated laws in their behalf. We don't know when any political party ever before nominated a man in Kentucky, at least, who has kept his eagle eye so closely riveted upon the farmer's interest as Mr. Stanley has.

The record shows, that while in and out of Congress, he has never let an occasion escape him to befriend the cause of the farmer—the one man who does more to provide provision for the want of mankind than any other. When Stanley takes his seat in the Executive Chair the farmer's interest will be in the hands of its truest advocate known in the annals of Kentucky's political history.

### Adams Shop Destroyed.

Fire destroyed the old Adams shop on north College street, Monday night at 7 o'clock. It was owned by Oscar Eskew, who had no insurance. Al Easley used it as a stable for his stock during the day, but usually took the stock home with him at night, and this he did Monday night, no stock being in the shop when the fire broke out. Mr. Easley had some feed and straw also some lumber in the building which was all burned, and on which, we understand, he had a small insurance.

### Resolutions of Respect,

From First Baptist Church of Marion, Ky., of which the subject of this sketch, was a faithful member. In memory of Sister Cora Pierce Crider whom God called from us Aug. 31st, 1915. The church, Ladies' Aid and Sunday School have lost a true and faithful worker.

Be It Resolved:

1st. That in her going we

sustain an irreparable loss; she was always ready for every good word and work; her deeds of charity and love are missed by all as is her presence. She leaves a vacancy that cannot be filled. We deeply sympathize with her aged and feeble father, brothers, sisters and bereft husband.

May our Heavenly Father's unfading neverfailing good grace comfort everyone of them.

2nd. That our loss is her eternal gain. We bow in humble submission to the will of Him that doeth all things well.

3rd. That a copy of this be sent to the Western Recorder and Crittenden Record-Press for publication, also a copy be spread upon the church record.

MRS. J. B. HUBBARD,

### White Plains.

The pastor of the Baptist church, Elder R. Robertson, assisted in song service by Miss Stella, his daughter, closed a very successful meeting on Sept. 7th. The Lord wonderfully used Bro. Robertson in the preaching

of his word. The church and town feel greatly revived by the earnest and interesting discourses. There were fourteen additions to the church, eleven by baptism. Large crowds, good order and brotherly love prevailed throughout the ten days' meeting.

## A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol. Scott & Bowne, Bloomfield, N. J.

## CANTON BUSINESS MAN SUFFERED 20 YEARS

M. Gibson Swiftly Restored and Feels Like Young Man Again.

M. Gibson, a business man of Canton, Ill., for 20 years was a sufferer from stomach disorders. He took many treatments and spent large sums seeking relief.

One day he tried a dose of Mayr's Wonderful Remedy. The results he sought came at once. He found quick relief. Telling of his experience, he wrote:

"Your medicine is the best on earth. I have spent hundreds of dollars on medicine, doctor bills and hospital expenses. I have been sick for 20 years. Since I took your medicine I feel like a young man again."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied factory money will be returned.

## Greece Casts Her Lot Against Teuton Allies

Athens, Greece, Oct. 12. (via Paris).—All doubt as to the entrance of Greece in the war on the side of Entente Allies has now been disposed of. The official organ of the government says that the landing of French troops at Saloniki is for the purpose of assisting Greece.

In regard to the landing of the French troops the governmental organ says that if for the present the Government considers the assistance of the Allies as premature, it is none the less to aid and support Greece that the Allies are at Saloniki. France and England enter the Balkans as traditional friends of Greece, and not otherwise.

The Greek Government has seized the Macedonia railroads, of which two are Austrian and one French.

## THE RICHES OWNED BY KENTUCKY FARMERS

The farmer to-day represents a new generation of intelligent, independent, thrifty people with money and inclination to be progressive. The farm products of this year bring to the farmers and planters probably five billion dollars, which would prove that they could corner the money market of this country if they got together and used it as one man. Strength, strenuousness and the future health of the American people depend upon our country folk. As a rule, country folk are healthier than those who live in our crowded cities. Consumption is a disease of civilization. Life in the open air and sunshine gives vitality and health. Nature is the great teacher and developer of mankind. People have more faith in a remedy which is taken from nature, from the vegetable kingdom, than from any other source. A remedy which has enjoyed a grand reputation for nearly half a century is Dr. Pierce's Golden Medical Discovery, an alternative extract taken from barks, roots with pure glycerine, without the use of a particle of alcohol or narcotics. This medicine goes to the root of disease by instilling nature's methods of replacing wasted tissue, enriching impoverished blood and increasing nerve force. This "Medical Discovery" of Dr. Pierce cures the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutrient the blood requires.

The prompt and certain action of Dr. Pierce's Golden Medical Discovery in driving all harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased members whose strength flourishes undiminished or where the thin covering of the bad blood beneath by evening pimples and boils, also the skin cleans up and becomes wholesome and healthy.

Dr. Pierce's Common Sense Medical Advice, cloth-bound, sent free to you on receipt of three dimes. Address Dr. Pierce, Invalids' Hotel, Buffalo.

## The Modern Farm.

## Death of Deacon

Peter Hice O'Neal

Aug. 12th, 1915, closed the useful life of Deacon Peter Hice O'Neal, who lived a consistent christian life since his boyhood. He was married to Josie Asher, Nov. 23rd, 1871. To them was born nine children, five boys and four girls.

Bro. O'Neal was a member and deacon of Baker Baptist church, entering that body about a year after its organization, and remaining there until his death. While we mourn the loss of this faithful member we mourn not as those who have no hope.

Therefore Resolved: 1st. That we, as a church, bow to the eternal sovereign will of God, who doeth all things well, and live in the assurance that we shall meet and shake hands with him on the shores of sweet deliverance.

Resolved 2nd. That this church extend to the bereaved family, her heartfelt sympathy and also that a copy of these resolutions be spread upon our church record; a copy be sent to the family and to the county paper for publication.

Done by order of the church in her regular session on Saturday, Sept. 15th, 1915.

## 800,000 Army Boots Ordered for Russians.

Seoul, Korea, Oct. 12.—Russia has placed an order for 800,000 pairs of army boots with the Chosen Tanning Company, which is operating day and night.

Advices here indicate that Russian army officers are purchasing all available cattle and sheep in Mongolia. The figures are estimated at millions of heads. The livestock will be for the most

part butchered in Mongolia in special abattoirs and then forwarded to the Russian armies.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and put the little one on the road to health and cheerfulness. Price 25 cents per bottle. Sold by James H. Orme.

## Release of Licorice Held In Asia Minor Promised.

Washington, Oct. 11.—Assurance was given tobacco manufacturers by the State Department today that within a short time the cargo of licorice consigned to this country that is being held up at a port in Asia Minor will be released. For several weeks these tobacco manufacturers, whose supply of licorice paste is nearly used up, have appealed to the Government authorities through Representative, C. H. Stedman, of North Carolina, and other members of Congress in an effort

to obtain the delivery of the licorice that is regarded as a necessary ingredient of certain kinds of manufactured tobacco. The cargo has been detained for months by the Allies.

## GOING SPRINGS

(delayed from last week.)

After an absence of several weeks we will try to enlist some more gossip.

Mrs. David Ralston and children, of St. Louis, Mo., are visiting friends and relatives at this place and adjoining neighborhoods.

Cas Cook and Lynn Farley went to Marion Saturday.

Edward Stone is still actively engaged in the political warfare.

Jim Cullen has purchased the W. H. Cullen farm on the Ford's Ferry road, and will move soon. We are sorry to give them up.

Mr. and Mrs. Frank Hughes, of Paducah, are the guests of Ira C. Hughes and family.

## GOOD NEWS

MANY MARION READERS HAVE HEARD IT AND PROFITED THEREBY.

"Good news travels fast," and the many bad back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. J. E. O'Daniel, 603 O'Neal St., Hopkinsville, Ky., says: "I suffered for some time from pains in my back and sides and other troubles arising from weak kidneys, seeing Doan's Kidney Pills highly recommended in the papers, I got a box. They quickly cured me and I know that they are the best kidney medicine to be had. I always advise friends and acquaintances to give them a trial."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. O'Daniel had. Foster-McLburn Co., Props., Buffalo, N. Y. 10714

## NEW SALEM

(delayed from last week.)

W. S. Belt has sold his farm to Mrs. Ira Clark, of Rosiclar, Ill. She will move here soon.

W. W. Watson and wife, of Fairview, were visiting Mrs. Harpending last Saturday.

Mrs. J. R. LaRue, who has been on the sick list for the last two weeks, is improving.

Lan Waddell and Al Kirk drove a fine bunch of stock from here last week. The boys seem to be paying such prices that they are doing lots of driving.

Our old pastor, Rev. J. B. Lowey, preached at New Salem last Saturday and Sunday. Bro. Lowey was pastor of the New Salem church for eleven years straight, and is well liked by all the people.

J. C. Moran represented New Salem at Presbytery this week.

Bill Belt and Lester Clark were in Rosiclar, Ill., on business part of last week.

Protracted meeting will begin at New Salem the night of Oct. 11th.

Born to the wife of E. Champion, Sept. 24th, a fine boy.

## WESTON

(delayed from last week.)

Mr. and Mrs. Beckner, of Princeton, Ky., were in Weston Saturday and attended church here.

Master Boyce Alvin Crisp spent the past week with his grandparents, Mr. and Mrs. J. W. Bennett.

Mrs. Annie Winters and children spent the past week the guests of Mrs. Elizabeth Lamb.

Ed White and son, Leamon, spent Saturday and Sunday with Dave Utley and family of near Bell's Mines.

Several from here attended the School Fair at Seminary Saturday. Among them were our teacher, Miss Bertha Rankin, and pupils who won several blue ribbons. Miss Ruby Surgeon won in the race but did not receive her blue ribbon. Hurray for Weston, it is a small school but is worth something after all.

Charley Cain, of Rosiclar, Ill., is visiting friends at this place.

Rev. F. L. McDowell filled his regular appointment here Saturday and Sunday.

Prayer meeting here every Saturday night. Come and help us.

Several from Ford's Ferry attended prayer meeting here Saturday night. Come again girls and boys, your presence was appreciated.—Little Paray.

## REGARD FOR THE LAW.

Ignorance of the Law is no excuse and disregard of the Law is a crime. When Laws are so obnoxious as to afford excuses for non-compliance they should be changed, and the people have this right. "If your right hand offend you, cut it off," was no idle injunction, but means the offense should be removed rather than the mutilation of the member.

Our Tax Laws are distasteful and detrimental, but the remedy should be to amend them instead of allowing them to undermine the morals of the people by openly disregarding them.

The successful evasion of one Law may encourage the violation of others and in time breed a contempt for all Laws.

While every citizen owes obedience to the Laws, the Laws should be made fair and equal to every citizen.

The Tax Laws are neither fair nor equal and are productive of deceit and dishonor and if for no other reason than this should be changed.

## UNIFORM TAXATION.

Property differs so greatly in character and earning power it has always been impossible to tax the various kinds uniformly. Every attempt to tax movable property the same as immovable property has failed and will always fail. "Two wrongs do not make a right," and when assessors find it impossible to discover the ownership of movable property and undertake to square things by lowering the assessment of immovable property, there is no right or justice in it and everybody suffers in mind and matter. The more stringent the Law to uncover movable property the faster it moves and hides, and this fact is so well established the assessors in most counties let movable property go by default. So-called Uniform taxation is a delusion and a snare. It may suffice to fool the ignorant, but the knowing ones just laugh at it. This is rough on the poor man whose all is in sight and immovable, and is also tough on the rich man who defies the law and hides his wealth from the assessor, for he knows he is doubly guilty in saving himself at the expense of his less fortunate neighbor.

## EQUITABLE TAXATION.

The differences in property call for differences in taxation just as "one star differs from another," and yet all the stars and all the property serve their purposes. The man who puts his money in Securities issued on property already taxed and paying more taxes because of the improvements justified by the man's money is just as useful a citizen as the man who puts his money in lands and houses; but when the first man objects to giving up the greater part of the earnings on his securities, issued on property already taxed, he is looked upon as a tax dodger, and the man, with the houses and lands who cannot readily escape denounces a tax assessor, which seems so unfair. Ask this man to render a half to three-fourths of the income from his houses and lands and there would be another tale. The revenue of the first man is limited, while that of the other is unlimited, and yet there are people who cannot see the distinction. Equitable taxation is based on the earning power of all property, in just proportion, and if any partiality is shown it should be in favor of the man who risks his money to improve houses and lands owned by others, which may depreciate, but cannot fly away.

## TAX AMENDMENT.

The Tax Amendment was carried by thirty thousand majority two years ago, but because the Secretary of State failed to advertise it ninety instead of sixty days before the election, as the Constitution requires, it must be voted on again at the November Election. The welfare of the State demands the re-adoption of this important measure and every fair minded citizen should vote for it.

## KENTUCKY NEEDS

A good many things to place the State in the rank she deserves in the march of prosperity, but when sifted down the greatest need of all is a new Tax System that will attract instead of repel Capital, which guarantees cheap money for the improvement of farms and development of local industries. Although one of the oldest States, centrally located and with marvelous natural advantages, other and less favored States have outstripped us, and as someone has aptly said, "Kentucky is an island of comparative poverty surrounded by a Sea of industrial prosperity." And why? The answer is because of our repellent Tax System. Equitable taxation means cheap money. Easy money means improvement and development. Industrial enterprise keeps the people at home and increases the population. More people means more consumers of our home products. Close markets means good prices, and all of this has been retarded because some wise acres borrowed a so-called Uniform Tax Law from another State which had been striving to get rid of it for forty years and which shows that an intolerant politician may not always be a tolerable patriot, or Kentucky would not have been throttled in the way she has been.

## CONTENTMENT.

I wonder often, is contentment found By any rule of thumb or choice location? Or is it merely chance that twirls us round Till happiness discovers our vocation?

The country maiden, by the meadow gate, Looks on herself with inward eyes of pity; Dislikes her work, and grumbles oft at fate Because, perchance, she lives not in the city.

Yet in the noisy rush of city squares Full many maids the crowded ways are thronging.

With weary heart, each, as she homeward goes, Dreams of the countryside with earnest longing.

How far we trudge Life's road before we learn That often, when our hearts are filled with yearning, These whom we envy, envy us in turn— Contentment only comes with true discerning.

## MRS. ALICE THRASHER

Of Jacksonport, Ark., Formerly Mrs. Cain of This City, in a Great Flood

Jacksonport, Ark., Oct. 2, 1915.

Mr. S. M. Jenkins, Kind Editor:—

Please excuse the long delay, as we have been in one of the worst floods I ever saw in life. The levy broke Sunday evening at 6 o'clock on the 22nd of Au-

gust and at 11 o'clock all of Jacksonport was under water, it was four feet in my home. We scaffolded up our goods as best we could and all fled in boats to the old court house which is now used for the county hospital. Nearly 200 persons stayed there for five days besides all the lodge halls were filled. Everybody lost all they had growing, also quite a good deal of stock. Mr. Thrasher saved all his stock but we had to take them to the Sand Hills. We had four miles of water all around us for over ten days. My husband's work is considerably damaged, as we have to look to the farmer for our money.

All will be well, I hope. Yours with respect, Alice Thrasher.

Ben Wigginton says when a young man is sowing his wild oats he never stops to think that his old daddy will have to pay for the harvesting.

Uncle George Read says some men spend half of their lives trying to get a woman and the other half trying to get away from her.

Ed Baker says the reason why a woman wears her hat too big is because she wears her shoes too small.

Oskar Hibbs says a woman can fool a man but a bedbug can give her the merry haw haw.

## CLASSIFIED TAXES.

Whenever there is any talk about a lower rate of taxes on intangible personal property a great howl goes up from the owners of tangible property, who affect to believe it a gross injustice. Intangible personal property consists mostly of Stocks, Bonds, Notes, Cash, Accounts, Mortgages, and other such evidences of enterprise, all of which are limited by law or custom to a certain percent of earnings. No other kind of property has the limits of its profits fixed by Law. A man may lawfully earn all he can in his store, his shop or on his farm. He may charge what he pleases for his professional services, for his manufactured wares, for his cattle, his hogs and his corn, wheat and tobacco, but when he comes to lending money, which the investment in Securities includes, he is strictly limited to a gross income never exceeding six per cent, and is it fair to exact half or more of his income for taxes when others get off with perhaps one-tenth of their earnings from other kinds of invested property, farming, professions and business? The argument is all in favor of the money lender, as his capital is essential to all industrial improvement and cheap money greases the wheels of progress and prosperity.

## TAX AMENDMENT

TO BE VOTED ON AT THE NOVEMBER ELECTION.

The Tax Amendment to be again voted on at the November Election will, if adopted, authorize the Legislature to enact a new Tax Law that will subject the enormous amount of personal property in the shape of Stocks, Bonds, Notes and accounts now escaping taxation to a fair share of the burden and reduce the taxes on land and improvements. Every taxpayer should vote for it, as any Law enacted under its provisions must be ratified by the people before it can be enforced and this guarantees a fair Law.

## The Amendment.

"The General Assembly shall provide by law an annual tax, which, with other resources, shall be sufficient to defray the estimated expenses of the Commonwealth for each fiscal year. Taxes shall be levied and collected for public purposes only and shall be uniform upon all property of the same class subject to taxation within the territorial limits of the authority levying the tax; and all taxes shall be levied and collected by general laws."

"The General Assembly shall have power to divide property into classes and to determine what class or classes of property shall be subject to local taxation. Bonds of the State and of Counties, municipalities, taxing and school districts shall not be subject to taxation."

"Any law passed or enacted by the General Assembly pursuant to the provisions of or under this amendment or amended section of the constitution, classifying property and providing a lower rate of taxation on personal property, tangible or intangible, than that upon real estate, shall be subject to the referendum power of the people."

This amendment was ratified by an enormous majority at the election in 1912, but was pronounced invalid by the Court of Appeals because it had been advertised only sixty, instead of ninety, days as the Constitution provides.

It has been advertised in legal form and in time for this year's election and should receive a larger majority than before as Tax paying voters have had time to study the question and discover the faults in the present Tax Law.

## REPORT OF WISCONSIN TAX COMMISSION.

"Justice in taxation can only be attained by strict compliance with the law. This is proven by universal experience. There is no other way. With rare exceptions, when an assessor violates the law and sets up a standard of his own he either inflicts an injury upon some individual taxpayer or else he does injustice to every other taxpayer in the State. As a general rule every step he takes outside the straight and narrow path provided by law leads to greater and more glaring inequalities, and in many cases degenerates into a mere travesty on justice."

## FROM REPORT OF KENTUCKY TAX COMMISSION, 1909.

"There are two reasons why the general property tax has failed in operation. First, because under modern conditions it cannot be enforced effectively. Secondly, because of more or less conscious recognition of the fact that strict enforcement would result in a still greater injustice than now prevails."

"The attempt to tax all property at a uniform standard of valuation and at the same rate, regardless of its special characteristics, earning power or the benefits derived from the expenditures of government, violates the primary rules of just taxation and offends the natural sense of justice."

## HAS NEW LEASE ON LIFE DOYLE SAYS

Declares Tanlac Relieved Him of Indigestion and Sluggishness.

Louisville, Ky., Oct. 13.—M. J. Doyle, of 1127 West Jefferson street, this city, says that Tanlac taught him to relish his food after he supposed he had lost his appetite permanently. Mr. Doyle is a route man for the Adams Express Company.

"My digestion was all out of shape," he said recently. "It got to be so bad that I ate almost nothing, and didn't enjoy what I did eat. After a meal I felt worse than I had before. Warm weather made me feel listless and no account, but in cold weather, especially in very damp weather, I was subject to bad colds."

"I dragged along with my work in a half-hearted way. My nerves were in bad shape. I didn't sleep well."

"In the course of my business it was suggested to me several times that I try Tanlac, and I decided to do it. The first bottle did me a world of good, and now I feel as though I had a new lease on life. I am glad to tell others how much good this remarkable medicine has done me in the hope that others may derive as much benefit from it as I have."

Tanlac, the peerless preparation, can now be obtained in Marion at J. H. Orme's drugstore and in Blackford at A. T. Brown's drugstore.

## LOYD'S BRAIN LEAKS.

Ed Baker says: A woman will get mad if you say that she is two-faced, but she knows herself that she never wears the same face on the streets that she wears around the house.

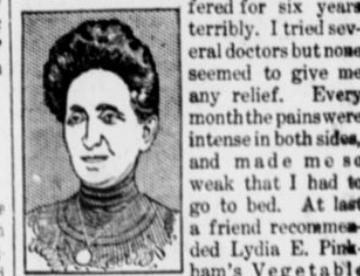

Mrs. Harden Miles says: After a girl has been married for about four months she is greatly surprised to learn that the words "Love and Obey" are contained in the marriage services.

Tom Young says: And there is such a thing as a man being too public spirited that he can't let other people's business alone long enough to attend to his own business.

## MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 349 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### Birthday Dinner.

Mr. and Mrs. J. W. Ainsworth of the Rose Dale neighborhood, surprised their two daughters, Mrs. Annie Privet, of near Tolu and Mrs. Emma Love, of the Silom neighborhood, and their little grandson Lon Johnson Ainsworth, of Blodgett, Mo., by giving them a birthday dinner together on the seventh of Oct. Their birthdays being so close together, one on the fourth, one on the second and Lon's on the seventh. We all had quite an enjoyable time together. The morning was pleasantly spent in conversation. After which we were invited to the dining room to help unload the table of its many good things, such as ham, chicken, light bread, pickles, pie, cake and all the other good things usually found on a good old fashioned country table. I think we all did ample justice to it.

In the afternoon we all had our pictures made by Miss Rilla Moore, with her Minute Camera, which afforded us lots of fun. After wishing the three many happy returns of the day and thanking the host and hostess for their kind hospitality, we withdrew to our several homes.

Those present were: Mrs. Helen Hardesty and little niece Ruth Davis, Mrs. Nina Hardesty, Mrs. Ida Madrid and little daughter Vera, Billie Privet and wife, Mrs. Emma Love, Miss Rilla

Moore, Master Lon Johnson Ainsworth, Miss Lon Trimble. One Present

### Marion High School Orchestra.

The Marion High School Orchestra led a most interesting parade through our streets one day this week. It was composed of the students and faculty of the Marion Graded and High schools, marching in twos and keeping step to the inspiring music made by our boys and girls, who compose the Marion High School Orchestra. We don't know what others may think of this innovation but we like it. It gives the 500 pupils of the Marion graded and high school a little exercise and trains them to march. They may have to do it some day, but even if they don't, they will attain a graceful carriage and an erect posture by these little fifteen minutes healthful jaunts around our city, which can not be hurtful. Better still, it enlivens and enthuses everybody and enables many of the older people, especially, to hear the High School Orchestra, who never have had that pleasure before. So we say let the good work go on. Take a different route each day and let everybody in Marion enjoy the music and cause strangers—within our gates—to ask, "what show is coming," and to say "that sure is a fine band."

### Heroic Women.

It is said that the women of Serbia are today taking up arms to assist the patriotic Serbs in the defense of their Nation, now being trampled under the iron hoof of Germany and Austria. Readers of ancient history will be reminded of the women of Carthage, who gave their braid—quite a nice business in that ed hair to make bow strings to help in the defence of their city.
