Successful Meet- ing Closes
Good Crowds At Speaking

The closing meeting of the Tuesday evening session of the Convention at the Grand Hotel, was held last night. The meeting was well attended and the discussion was of a high order. The closing address was given by Dr. J. B. Royal, who gave a summary of the work of the Convention and expressed the hope that the seed sown would bear fruit in the future. The meeting closed with the singing of the national anthem.

High School Is On Boom

The new high school building is rapidly taking shape and is expected to be ready for occupancy next fall. The building is of a new type and is designed to accommodate about 1000 students. The work is progressing smoothly and it is expected that the building will be completed by the fall term. The building will be equipped with all modern facilities and will provide a comfortable and attractive setting for the students.

Garage Near Completion

The garage nears completion and is expected to be ready for use shortly. The building is of a modern type and is designed to accommodate several cars. The garage will provide ample space for the storage and maintenance of the cars.

The Cosmic Ray Station

The Cosmic Ray Station is now in operation and is expected to provide valuable information about the nature of cosmic rays. The station is equipped with the latest in equipment and is staffed by a team of experienced scientists. The work is progressing well and it is expected that the station will provide valuable data in the near future.

DE LAVAL CREAM SEPARATORS

have a perfect oiling system.

THE DE LAVAL SYSTEM of automatic oiling is provided for a convenient and efficient means of oiling the working surfaces of the parts of the separator and the only system that does.

You cannot be afraid that the kind of oil or oil substitute is not the best for your machine as the oiler is set up to do the work for you automatically. Your separator will always receive the proper amount of oil and the oil will be of the best grade. It will be applied at the right time and in the right amount, so your separators will always remain automatically and constantly oiled.

There is no danger that the separator will not be properly oiled at any time. The separator is operated in such a way that it will never be left without oil. As the oil applied is properly proportioned, the separator is always properly oiled.

WE WILL OIL DE LAVAL SEPARATORS.

NO OTHER OILS NO GOOD.

The head of the democratic state is not as white as your state is a whitehead. Never—When the statues develop up on every true democrat does not step with them. Every man's action on the street does, I believe, their statue and fidelity will be questioned as to his loyalty, and they may never go to any man. No man appointed in years, whether he be in politics or business, can cut distance honest Republican. No man may have to order a man's war or his war or his leader in the era. For his honest and devoted to the principles of the state and their interest of every constituent, under whose care he has been placed to perform his affairs out of state, and I trust Bob Greene.

Every farmer knows or should know, that Osceola Stanley has always admired horses in their behalf. We don't know when any political party ever before nominated a man in Kentucky, at least, who has kept his parents and as truly elected upon the farmer's interest as Mr. Stanley has.

The second reason, that is, not at Court, Mr. Stanley never let an occasion seem to him to be the time for the rise of the man who does not rise above the man who is not provided with the worst of his own. When Stanley saw in the Executive Chair the present interest of collateral's hand of his trusted adviser known in the minds of Kentucky's political history.

Adam Shay Destroyed.

The deceased was the oldest ship on North College street. Monday night at 7 o'clock. It was owned by Oscar Eaker, who had no insurance. As Friday evening it was so stable for his store door, he could not let the stack house with a woman, and the old stack Monday, no stack being in the shop at the time. Last week, Mr. Shay had some food and a store for the house and a fire, which was all burned, and which, we understand, he had in his own.

Birthday Dinner

Mr. and Mrs. J. W. Alcorn of the Sunflower neighborhood surprised their two daughters, Mrs. Anna Price, of near Vick in Hardin County, and Mrs. Emma Love, of the neighborhood, and their Grandson, Leo Johnson Alcorn, of Biggers, to giving a birthday dinner for their parents on the seventh of Oct. Their birthdays being so close together, one on the fourth, on the record and Love's on the seventh. We all had quite an enjoyable time together. The meal was pleasantly eaten in conversation. After which we were invited to the dining room to help unload the table of its many good things, such as hamburgers, chicken, bread, toast, cake and the other good things usually found in a good old fashioned country table. Thus we all amused ourselves to it.

In the afternoon we all had our pictures made by Miss Edna Moore, with her Minnie Camera, which afforded us lots of fun. After which we made many happy returns of the day and thanking the host and hostess for our kind hospitality, we without any further ado, left.
