STATE UNIVERSITY STUDENT KILLED

Account Below Written By One of
Our Boys Who Probably
Saw Tragedy

Lexington, Ky., Oct. 16.—Elbridge Griffith, of Benton, Ky., a freshman in the Arts and Science department of State University, died at 8:15 o'clock last night. His death was due to a fractured skull and broken neck, caused by being thrown to the pavement when a street car struck the wire cable to which he was holding.

On Friday afternoon the annual tug of war, between the Freshmen and Sophomores, was held over the CH. H. Height pond. A wire cable, one in diameter and 800 feet long, was stretched across one end of the pond. The Freshmen on one side pulled against the Sophomores on the other. The losing side must follow the rope through the pond. The winning side is admitted to be the victors. The faculty had found in this a happy substitute for hazing and other rough forms of play among the classes. This is a harmless way of determining class supremacy, as the banks are smooth and the water shallow. There is no danger or damage involved in this and it effectively settles unavoidable class questions.

In the contest this year no tricks or foul play of any kind was resorted to. Everybody conceded it to be the best, the fairest and the closest contest ever held. The freshmen won the contest and everybody went away happy except the Sophomores, who admitted that they had been fairly beaten.

The freshmen took the rope which they had so hardly won and carried it in triumph through the business district and up N. Broadway to Hamilton college, where, when the consent of the authorities had been obtained, they gave their snake dances and class yells on the front lawn. From there they started back down N. Broadway to Sayre college. They maintained good order in all of their celebrations. In accordance with the traffic laws of the city, they were on the right side of the car track, and when they turned left on Third street the whole length of the rope had to cross the car track. When about one half of the rope had crossed, a south-bound car approached, but instead of stopping as was expected, it rushed at full speed into the rope, which tightened and threw 12 or 15 of the boys violently to the pavement and across the street. Griffith, because of his short height was thrown on his head and sustained a fractured skull and broken neck, from which he died four hours later.

Whether the motorman ran in to the rope in a spirit of good-natured fun, with the intention of beating the boys at their game or whether, impatient at delay, he rashly ran into it at full speed hoping to get by at any hazard, has not yet been determined, though the latter is the almost unanimous verdict.

Feeling ran high among the students. They were highly indignant at such treatment. Never

before did so gloomy a shadow hover over the University. The students assembled in a mass meeting to offer resolutions. Voluntary committees from the classes raised \$200, to buy flowers as tokens of respect. 500 students with bands of black ribbon about their arms, marched in solemn procession with the body from the Undertakers establishment to the train. Every effort was made to lighten the grief of the stricken parents.

HOME TALENT

"Diamonds and Hearts" Given By
Marion High School Seniors

"Diamonds and Hearts" was presented by members of the Marion High School at the Opera House Friday evening, Oct. 15th for the School Benefit fund with the following cast of characters: Bernice Halstead, a young lady with an affection of the heart, Miss Mary Dollar; Amy Halstead her sister, Miss Elizabeth Rochester; Inez Gray, a young lady visitor, Miss Iva Asher; Mrs. Halstead, a widow, and step-mother to the Halstead girls, Miss Juliett Pope; Hannah, Sis Barnes, Miss Ruth Moore; Dwight Bradley, Mrs. Halstead's son by a former marriage, Mr. Rupert Belt; Dr. Burton, a young physician, Mr. Owen Moore; Sammy, the ducky bell boy, in the Halstead home, Mr. Neville Moore; Abraham Barnes or "Bub," a diamond in the rough, Mr. Willie Clark; an Attorney, Mr. Hebert Moore; the Sheriff, Mr. Clifton Crawford. The play was put on in three acts and four scenes as follows: Act 1—Parlor in the Halstead home. Act 2—Scene 1—Kitchen in the Barnes farm house. Scene 2—Same as Scene 1 but two weeks later. Act 3—Same scene as Act 1. Popular prices prevailed, general admission being 25c, reserved seats 35c children 15c.

The music by the High School Orchestra was as usual a most interesting feature, but what impressed the editor the most was that Marion now has a new "all star company" ready for the stage. We do not propose to indulge in any fulsome praise of these young folks, but to give them their just due only. Miss Mary Dollar in the leading lady's role was exceptionally good, playing her part so well as to lend confidence and enthusiasm to her whole company. Misses Rochester and Asher were vivacious and charming assistants in her little game of love, so natural and girl like. Miss Pope, like all mothers believed in her son, if no one else did. She was dignified and matronly and her interpretation of the character assigned her was most excellent. Miss Moore was not a bit slow with her part, for as "sis Barnes," the old maid, who took the pretty school marm to board she "brought down the house," proving herself not only a singer of note, but a good cook, (according to Bub) who seemed to enjoy her cooking. Of the male members of the repertoire, Messrs Willie Clark, Clifton Crawford, Rupert Belt, Owen, Hebert and Neville Moore, none made a bobble, the audience never for a moment suspecting them of being amateurs, so well did each one fill his place. But we must not in our pride over the attainments of our boys and girls overlook the fact that no latent talent would be developed without proper training, and thereby hangs a tale—a little Marion lady, as winsome and bright as ever Billy Burke dared to be, is to thank for all this pleasure which Marion enjoys periodically. Miss Lena Holtzclaw trains all these stars of the future, and infuses her own magnetism and talent into each one.

PROGRESSIVE TELEPHONE COMPANY

The Local Telephone Exchange is
Now up to The Highest Standard of Efficiency.

The Marion Home Telephone Exchange which is a part of the Central Home Telephone & Telegraph Company, of Louisville, has recently provided the citizens of Marion and Crittenden county with new telephone equipment that is of the latest design and manufacture; and, although the old equipment still had several years of good life in it, the Telephone Company, in keeping with modern business policies, decided to move into more spacious quarters, and in addition, spend a considerable sum of money for a new magneto transfer switchboard manufactured by the Stromberg-Carlson Telephone Manufacturing Company, Rochester, N. Y. The Central Home Telephone & Telegraph Company has spared no expense to give the citizens of this community a telephone system that in every particular is modern and up-to-date, and the citizens of this community, should give a vote of thanks to the company which has been so progressive and so quick to recognize the needs of the people.

Pig and Corn Clubs

Every one realizes that if the average farmer keeps in pace with the other professions he must be educated according to his profession. And under the present system of things there is no better way to educate the coming farmers than to organize corn and pig clubs in every hamlet in Crittenden Co.

The Best and only way that will reach the heart of every boy and girl of this county, is to organize local clubs in every school district.

Belonging to the clubs does not consist just in trying to win a prize or a little high honor. Those little things are nice in their place and are prized very highly, but the main object in the club is the education that we get which is valued more highly than all the prizes that we might gain.

It is the duty of every person to work for the interest of the boys and girls in his own school district if not in all the county.

Every boy and girl member should strive to raise registered pigs and thoroughbred grain. It will be to the interest of every member to do their best in trying to raise a uniform type of stock and grain, in order to work to this end. We, the members of the Pig and Corn Club of Crittenden Co., (local club Oak Hall.) Do invite the boys and girls of the following Districts to meet with the Oak Hall club members: Heath, Hebron, Forest Grove, Freedom, Brown and Seminary, on the night of Nov. 8th at 7 p. m. This meeting is for the purpose of getting new members and selecting one type of hogs and one kind of corn, so the boys and girls of Crittenden county can be uniform farmers. Come one, come all to Oak Hall and join the educational band. D. H. Postlethwait, Pres. Miss Mayme Claphorn, Sec.

Neglect of the Boy.

Any father would be surprised at the suggestion that he is ruining his boy by neglect, that his absorption in business will result in the undoing of his own son.

But it is the easiest thing in the world to forfeit a boy's confidence. It will take only a little snubbing, a little scolding, a little indifference, a little unkind criticism, a little nagging and unreasonableness on the father's part to shut off forever any intimacy and real understanding between him and his boy.

One of the bitterest things in many a man's life has been the discovery, after he had made his money, that he had lost his hold upon his boy; and he would give a large part of his fortune to recover this loss, if he could.

It is an unfortunate thing for a boy to be looked upon as a task maker instead of companion, and to dread to meet him because he always expects criticism or scolding.

Some fathers constantly nag and find fault with their sons, never praising them or showing appreciation of their work, even when it is well done. Yet there is nothing so encouraging to a boy, especially if he finds it hard to do what is right, as appreciation of effort. This is a tonic to youth. Boys thrive on praise. That is why most of them think more of their mothers than they do of their fathers. The mothers are more considerate, more sympathetic, more affectionate, and do not hesitate to praise, well-doing.—Owensboro Inquirer.

Rheumatism And Allied Pains—They Must Go.

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood flowing freely. The body's warmth is renewed; the pain is gone. The man or woman who has rheumatism, neuralgia or other pain and also fail to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer. Just This.

Is life worth living? It depends upon the life. Is education worth getting? It depends on the education. We are told on the highest authority (the Department of Education of the

United States) that 85 per cent of the boys and girls of the country get no schooling after they are 16, that only 10 per cent. of the boys and girls ever reach the closing year of high school. Evidently the boys and girls (and their parents as well) do not think that education is worth getting, or that the education they would get is not worth getting. And it is an unspeakable calamity that nearly two and a half million of these youths are not in school nor working at any handicraft—growing every day as loafers, contributing to the nation's life nothing but laziness degradation and depravity. This is a national matter, and every school room, business office and every pulpit should ring out the astonishing facts. Is education worth getting?—Ex.

SAFETY PIN DODGES KNIFE

Disappears From Baby's Stomach After Operation by Surgeon.

Warren, Pa., Oct. 19.—Altho he swallowed an open safety pin and has undergone a futile serious operation for its removal, the 10-months-old son of R. A. Newhall, of Warren, is expected to live. He is at the Emergency Hospital here. An X-ray examination was made and a photograph taken, which showed the pin in the child's stomach with the point and catch holding it at the opening to the intestines; so an operation was decided upon. When the baby passed under the influence of the anesthetic it vomited, and the pin disappeared into the intestines. The wall of the stomach was sewn up after the futile surgery.

The attending physicians are confident that the child will recover.

BABY TOSSED INTO TREE

Anto Smashes Little Carriage, But Lands Youngster Unhurt.

Greenwich, Conn., Oct. 19.—Lillian Kalzing 6 months old was sleeping peacefully in her carriage on the lawn in front of the Kalzing home when a large automobile left the Boston post road, plowed through the stone fence and across the lawn. It struck the baby carriage and ground its wheels to bits, but it tossed the body of the baby carriage and the sleeping baby twenty feet through the air and into the crotch of an old apple tree. Mrs. Henry Kalzing, the mother, ran from the house and was searching for her infant, when she heard a merry cooing and looked up. There was the baby gurgling happily to her mother.

JUST TRY RHEUMA NO CURE, NO PAY

That is The Basis on Which Druggists Offer This Great Remedy for Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatica, or gout, for it is sold by James H. Orme, and other druggists at only 50 cents. It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to miser, racked bodies.

"I had rheumatism for a long while, and was not cured until I used Rheuma. My advice to those suffering from rheumatism is to use this great remedy, as I believe it will effect a cure in any case."—C. B. Latham, States, W. Va.

Hurled High Into Air But Didn't Spill Milk

Struck from the rear by an automobile while riding a bicycle and carrying a bucket of milk, Joseph Weishart, of New Albany, was hurled into the air, alighting on the hood of the machine. Through the thrilling experience he clung to the pail of milk and did not spill a drop. Miraculously, Weishart escaped injury. Weishart was riding on State

street, between Spring and Market streets, today when an automobile driven by a stranger emerged from behind a wagon and struck his wheel. Admitting that he was in the wrong, the stranger effected a satisfactory settlement with Weishart and drove away. His name was not learned.—New Albany Telegram.

PROMINENT KENTUCKY WOMAN SPEAKS

Slaughterville, Ky.—"I wish to tell you of the benefit Dr. Pierce's medicines have been to us. Several members of my family have taken either 'Golden Medical Discovery' or 'Favorite Prescription' and always with the very best of results. Three years ago my husband had a very severe skin trouble. He took six bottles of 'Golden Medical Discovery' which he procured from a local druggist, and was entirely cured.

"Two years ago I had nervous trouble, heart affections and severe pains in my head. I took two bottles of 'Favorite Prescription' and was relieved. I have taken it several times in the last few years and always with perfect results. I can recommend it to anyone as being all it is represented to be."—Miss S. P. COLLINGS, L. Box 112.

THAT WEAK BACK

Accompanied by pain here and there—extreme nervousness—sleeplessness—may be faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescriber for just such cases by a physician of vast experience in the diseases of women.

Dr. Pierce's Favorite Prescription has successfully treated more cases in the past 50 years than any other known remedy. It can now be had in sugar-coated tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps.

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated, tiny granules.

Germans Lost Nearly 8,000

Dead After Fatigue Assault

Paris, Oct. 19.—The only news of the night, according to the French official announcement made public this afternoon, is that of fairly severe bombardments on the part of the Germans near La Scarpe, in the region of Souain. The French batteries everywhere replied effectively.

Later information confirmed previous reports that the German counter attacks of recent days in front of Loos have resulted only in a serious and costly check. The Germans left a number of dead in front of the allied lines which is estimated at between 7,000 and 8,000 men. The text

of the communication follows:

"There has been reported during the night nothing more than fairly severe bombardments on the part of the artillery of the enemy at a point north of La Scarpe and in the Champagne district against positions to the rear of our line, as well as in the region of Souain. Everywhere our batteries made efficient reply.

"Further information confirms previous reports that the violent counter attacks delivered by the Germans during the past few days against the British and French fronts in front of Loos and north of this point have resulted only in a grave and costly check. The principal assault was delivered by an effective force of between three and four divisions, which was completely repulsed and dispersed.

"The number of dead left by the enemy on the ground in front of the lines of the Allies is estimated at a total of between 7,000 and 8,000 men."

UNCERTAIN HEART ACTION ALARMING

Mrs. W. O. Howell Says Tanlac Relieved Her Of Palpitation.

Louisville, Ky., Oct. 20.—Mrs. W. O. Howell, wife of the agent for the Louisville Carriage Company at the Seelbach Hotel, who lives at 619 South Jackson street, this city, is one of the most ardent believers in Tanlac, the peerless preparation, as is shown by a recent statement she made of the benefits she derived from it.

"I was weak and nervous and dizzy," she said, "any sudden noise made my heart beat so fast it frightened me. I had nervous headaches. Whenever I walked upstairs it left me almost exhausted.

"My stomach was weak and my food did not agree with me. If I ate anything solid it made me miserable. I was told that I had catarrh of the stomach, but the medicines I took did me no good until friends suggested Tanlac to me. I'm glad now that I took their advice.

"It was almost no time until I felt better, and now I can eat whatever I please. I owe it all to Tanlac. My nerves are in good shape again, and I no longer have palpitation of the heart. Tanlac is the only medicine that ever helped me. I can't say too much in praise of it."

Tanlac is now being sold in Marion at James H. Orme's drug store, and in Blackford at A. T. Brown's drugstore. Adv.

Makes Rugs From Angora Goats.

In the current issue of Farm and Fireside a contrioutor tells as follows how she makes rugs from her angora goats:

"During late summer and early fall we killed some of our half-breed Angora goats. Their hides made lovely rugs. This is how I prepared them:

"Immediately after the hide is taken from the animal it is

carefully stretched and tacked to a board surface to dry. When it is dry I soak it in water until soft, then stretch, flesh side up, on a wide box and scrape all the flesh from it. Next rub with whites of eggs, then with powdered alum and saltpeter. Stretch and then tack up again for twenty-four hours.

"I suppose any suitable hide could be prepared for a rug in the same way."

Grape Juice.

Use clean, sound grapes, ripe, but not over-ripe. Crush and press in cider mill or by hand. Put the crushed grapes in a cloth or sack and twist the sack until the juice is extracted, one person holding each end of the sack. Heat the juice until it steams, and then take it from the fire before it is allowed to boil. It should then be poured into a glass or enameled vessel and allowed to settle for twenty-four hours, after which it can be drained from the sediment and run through some form of cloth filter. The strained juice is then put into clean bottles and sterilized once more in a water bath. An ordinary wash boiler with a thin board on the bottom for the filled bottles to rest on is a convenient home device for this purpose. After sterilization the

bottles should be corked immediately with new corks, the corks having been previously soaked for thirty minutes in hot water.—Exchange.

German Ship Carrying Iron Ore is Torpedoed.

Kalmar, Sweden, Oct. 19.—The German steamer Nicomedia, with a cargo of 6,800 tons of

iron ore from a Swedish port for Hamburg, was sunk in the Baltic Monday by the British submarine E 19.

The Nicomedia was sunk off the southern point of Oland, a Swedish island, which Kalmar Sound separates from the mainland.

The crew was given fifteen minutes to take to the boats. It is reported that they all landed safely.

The German steamer Nicomedia belonged to the Hamburg-American line. She was 4,391 tons gross, 384 feet in length and was built in 1901.

The British submarine E 19 is a new boat, the last submarine of the latter listed being No. 18.

Europe Already Holds 2,000,000 War Cripples.

New York, Oct. 19.—There are now 2,000,000 men in Europe who have suffered the loss of limbs, faculties or both as a result of injury in the war, according to Frank G. Gilbreth, of Providence, R. I., who has just returned from Germany, where he has been studying methods for giving employment to cripples. Mr. Gilbreth has been requested by Germany to instruct a corps of teachers how to enable cripple fighting men to become productive members of society after the war.

A paper by Mr. Gilbreth read last night before the Society of American Engineers said the problem of designing machines for cripples must be solved in the near future.

26 CASES OF BEER POURED INTO SEWER

Wares of Morganfield "Bootleggers" Are Destroyed on Judge Berry's Order.

Morganfield, Ky., Oct. 19.—With no one desiring to quench the thirst, twenty-four pints of "booze" and twenty-six cases of beer, and "near beer" were poured into the sewer by Sheriff Able, acting on orders given by County Judge Berry yesterday. Several parties had been arrested charged with "bootlegging" and the wet goods were found in their possession. They were tried before Judge

Berry who found them guilty. All were given a fine and some drew sentences in the county jail. Jailer Brooks would not consent to allow the "booze" in the jail and as a result the court ordered the bottles and cases emptied into the sewer. Several persons witnessed the emptying of the intoxicants but none dared to ask for a drink.

This city is "dry" and the citizens here are attempting to put an end to the practice of "bootlegging" within the city limits.

A Pine Whooping Cough Remedy

Mothers, Dr. Bell's Pine Tar Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality, makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it 25c a bottle. 3

Marion Is Doing Some Heavy Shipping.

There was shipped from Marion during September the following mineral ores: Fluor spar, ground and unground 3,106,000 pounds; zinc ores, including carbonate and blende, 1,200,000 pounds; lead ores, 120,000 pounds. The values of these minerals were as follows: Fluor spar, \$15,780; zinc ores, \$39,000; lead ores, \$2,400; total values of all the minerals shipped during the month of September, \$57,180.

The shipment of black walnut logs from this place has also been very large, the English market taking these logs to manufacture gun stocks.

Including live stock, apples, peaches, etc., the value of the September shipments from Marion will reach \$75,000.

J. P. Morgan's Views On The Big Foreign Loan.

J. P. Morgan, speaking to nearly 700 bankers and bond salesmen in the \$500,000,000 Anglo-French loan syndicate, declared that the issue is neither pro-Ally nor Anti-German, but pro-American; that it will be impossible for the resources of Great Britain and France to be affected materially by the war and that within five years the conversion privilege of the bonds into long term 4 1-2s will be a premium. He said this country is ready for a foreign loan. "We have a large amount of cash in the banks, business is picking up and there are everywhere signs of greater activity. People should now be ready to add to the variety of their investments by mixing some foreign bonds with their corporation and municipal issues. These bonds run for five years. By that time, please God, this war will be over, and well over, and a 4 1-2 per cent. investment will sell at a premium.

To Drive Out Malaria And Build Up The System Take The Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

Yours Till Death.

Dixon, Ky., Oct. 11, 1915. Mr. S. M. Jenkins, Marion, Ky.

Kind Friend: Enclosed find \$2.50 which pays past dues. Please fix same on your books. This will pay in advance nearly another year. I thank you for your kindness in sending me your paper so long without any money, but you know I told you to send it to me the rest of my life, so I will notify you when I want it stopped—by dying, so you know I aim to do that as long as I help myself. Please send me Respt. Yours, Bert Walker.

WHY IS WOMAN RESTLESS?

DESTINY OF NATIONS DEPENDS UPON CONTENTED HOMES.

By W. D. Lewis.

President Texas Farmers' Union. Why is woman dissatisfied? Why does she grow restless under the crown of womanhood? Why is she weary of the God-given jewel of motherhood? Is it not a sufficient political achievement for woman that future rulers nurse at her breast, laugh in her arms and kneel at her feet? Can ambition leap to more glorious heights than to sing lullabies to the world's greatest geniuses, chant melodies to master minds and rock the cradle of human destiny?

God pity our country when the hand-shake of the politician is more gratifying to woman's heart than the patter of children's feet.

Woman Is Ruler Over All.

Why does woman chafe under restraint of sex? Why revile the hand of nature? Why discard the skirts that civilization has clung to since the beginning of time? Why lay aside this hallowed garment that has wiped the tears of sorrow from the face of childhood? In its sacred embrace every generation has hidden its face in shame; clinging to its motherly folds, tottering children have learned to play hide and seek and from it youth learned to reverence and respect womanhood. Can man think of his mother without this consecrated garment?

Why this inordinate thirst for power? Is not woman all powerful? Man cannot enter this world without her consent, he cannot remain in peace without her blessing and unless she sheds tears of regret over his departure, he has lived in vain. Why this longing for civic power when God has made her ruler over all? Why crave authority when man bows down and worships her? Man has given woman his heart, his name and his money. What more does she want?

Can man find it in his heart to look with pride upon the statement that his honorable mother-in-law was one of the most powerful political bosses in the country, that his distinguished grandmother was one of the ablest filibusters in the Senate or that his mother was a noted warrior and her name a terror to the enemy? Whither are we drifting and where will we land?

God Save Us From a Hen-Pecked Nation.

I follow the plow for a living and my views may have in them the smell of the soil; my hair is turning white under the frost of many winters and perhaps I am a little old-fashioned, but I believe there is more moral influence in the dress of woman than in all the statute books of the land. As an agency for morality, I wouldn't give my good old mother's home-made gowns for all the suffragette's constitutions and by-laws in the world. As a power for purifying society, I wouldn't give one prayer of my saintly mother for all the women's votes in Christendom. As an agency for good government, I wouldn't give the plea of a mother's heart for righteousness for all the oaths of office in the land. There is more power in the smile of woman than in an act of congress. There are greater possibilities for good government in her family of laughing children than in the cabinet of the president of the United States.

The destiny of this nation lies in the home and not in the legislative halls. The hearthstone and the family Bible will ever remain the source of our inspiration and the Acts of the Apostles will ever shine brighter than the acts of Congress. This country is law-mad. Why add to a statute book, already groaning under its own weight, the hysterical cry of woman? If we never had a chance to vote again in a lifetime and did not pass another law in twenty-five years, we could survive the ordeal, but without home civilization would wither and die.

God save these United States from becoming a hen-pecked nation; help us keep sissies out of Congress and forbid that women become step-fathers to government, the prayer of the farmers of this country.

A DIVINE COVENANT.

God Almighty gave Eve to Adam with the pledge that she would be his helpmeet and with this order of companionship, civilization has towered to its greatest heights. In this relationship, God has blessed woman and man has honored her and after four thousand years of progress, she now proposes to provoke God to decoy man by asking for suffrage, thereby by amending an agreement to which she was not a party.

Woman, remember that the Israelite scorned a divine covenant, and as a result wandered forty years in the wilderness without God. Likewise man should remember that it is a dangerous thing to debase woman by law. Rome tried lowering woman's standard and an outraged civilization tore the clothes off the backs of the human race and turned them out to roam in the world naked and unashamed.

Suits, Overcoats, Hats and Furnishings, all new, all stylish, they possess quality that makes friends at price that persuade trial

\$800. REWARD OFFER.

ED FOR DYNAMITERS

Governor McCreary Notifies Judge Gordon Of State's Reward In Outrage.

Judge Gordon was notified Tuesday by Governor McCreary that the State of Kentucky would pay a reward of \$400 for the apprehension and conviction of the party or parties who dynamited a negro residence at Nortonville last week, resulting in the death of Will Cathron and the injuring of two others. A reward of \$200 has been offered by Hopkins county and the Nortonville Coal Company also offers a \$200 reward, making a total of \$800.00. It is rumored arrests will be made shortly.

Rev. E. S. Moore Is Given Church In Smithland.

Rev. E. S. Moore and wife reached here Monday on the Big Ohio from Owensboro, Ky., where he served a church last year. The annual conference recently in session at Hartford, sent Bro. Moore for the year and from what we have already seen of him and his wife we believe they will fill the bill and do good work. A reception was given them at the church Monday evening and was enjoyed by all. Lunch was served and short talks were made. Bro. Moore will deliver his first sermon next Sunday morning at eleven o'clock. Everybody is invited to be present.—Smithland Enterprise.

A Word To The School People of Marion.

Next Friday evening at 7:30 in the School Auditorium, our Parent-Teacher's Association will have its first regular meeting. While this is a new feature of

school work in Marion, we feel sure that it will stand the test and will help us as teachers and parents to get in closer touch with each other in this great work of making honest, useful and Christian citizens of our boys and girls. We want to urge that every person in Marion, who is interested for better schools, and every parent who has children enrolled either in the Graded or High School meet with us Friday evening. We will have a good entertainment program, consisting of music, readings, recitations, songs, etc. After the preliminary and social part of the program is over, we will take up in open meeting discussions of some of the vital things which make school work successful. We shall expect to see you Friday evening.

V. L. Christian, Sup't City Schools

Andrew Woodall, one of the county's oldest men, died Oct. 17th of the diseases incident to old age. Had he lived until Tuesday, Oct. 19th he would have been 89 years of age. His wife, who was Miss Jennima Ann Hill, before marriage, preceded him to the grave 8 years ago, Oct. 13th 1907. He came from Virginia when six years old and has lived here since. Mr. Woodall was buried at the Hill graveyard, Rev. J. W. Vaughn officiating. He was a life long member of Piney Creek Baptist church. Surviving him are ten children: Six sons, Wm A. James Chris. and Dock, all of this section and Sherman and Mack of Washington State, four daughters Sue, wife of E. N. Crayne, of Princeton, Mary, wife of John Campbell, Margaret, wife of James N. Boone and Ellen, widow of John Duffy, the latter three all of this county. Mr. Woodall had been in poor health in mind and body for the past year but had given every care and attention from his children during his old days. Mr. Woodall was well known throughout Crittenden and surrounding counties, having been in the tobacco business for many years.

Mr. and Mrs. Charles Nichols, of Barstow, Texas, who had been the guests of relatives and friends here and in the county for several weeks, left Monday for home, going by boat from Fords Ferry to Evansville, and thence by rail via St. Louis and Kansas City, Mo. This was Mr. Nichols' first visit to Kentucky and he was much pleased with the State and her hospitable people.

Victim Of Airship

Fall A Kentuckian.

Frankfort, Ky., Oct. 12.—Lieut. Walter R. Taliaferro, who was killed at San Diego, Cal., is a nephew of the Rev. T. F. Taliaferro, of Frankfort, former chaplain of the State penitentiary. He was reared at Ft. Thomas, Ky., the son of Walter R. Taliaferro, of that place. He rose from the ranks in the army, as did his brother, Lieut. Lucien Helm Taliaferro, of the coast artillery.

Young Taliaferro, who was thirty-three years of age, spent some time here last summer, the guest of his uncle. He made quite a record in the aviation service.

She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits. That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William Hohmann, 2764 Lincoln Ave., Chicago, Ill. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now, Peruna has cured me."

There are others, and there is a reason.

Line of Steel Barges To Be Operated On Ohio River.

Owensboro, Ky., Oct. 11.—A line of steel barges for the transportation of freight to be operated by powerful gasoline and electrical machinery, and plying up and down the Ohio and Mississippi rivers on a regular schedule which will be possible under a system of wireless telegraph dispatching, is a brief summary of plans announced in Louisville by Roscoe Kent, head of the operating department of the Inland Navigation Company, of New York, a five million corporation. Mr. Kent is in Louisville with the launching of one of the company's big boats at the Howard shipyard in Jeffersonville this month.

The Inland Navigation Company, according to Mr. Kent, proposes to build thirty-five boats similar to the one now being finished at Howard's. Each of these boats will be 250 feet in length and forty-three feet beam. Each will be capable of making fifteen miles an hour up stream and twenty-two down stream. The speed of the boats will be a great guarantee, Mr. Kent said, of fast service.

Each of the vessels, Mr. Kent said will draw not more than four and a half feet of water, which means that they will be in operation all the year round, high and low tides.

The boat now being built at the Jeffersonville shipyards had her keel laid last May, and will be ready for launching on or about October 28. This vessel Mr. Kent said, will be more or less an experiment, as the company desires to try the gasoline and electrical machinery and other appliances before contracts are let for more barges. The purpose of operating the barges with this kind of machinery is to reduce to a minimum the danger of fire on board and possible damage to consignments of freight.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

Fine Sleeping Porches.

Claude Maley is building the handsomest set of solariums and sleeping porches that have yet been put up here, onto his home at second and Adams. The solarium is 20 feet square and will be built of stone, with tile floors, ornamental Italian columns, etc. The room will have glazed casements for use in winter, and screens for summer use. The room will be heated in winter and filled with plants for use as a conservatory. The sleeping porch above will be equipped with novel lighting features and every other convenience for a sleeping porch. This new addition is to be built at the side of the house, and the old front porch will come down to be replaced with a new portico in harmony with the rest of the addition.

The work is in charge of Architect Gilbert.

The above from one of our exchanges show to what extent sleeping porches are coming into general use as a necessary part of the house.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes where children are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Wrestling With Whirlwind.

One of the remarkable features of the climate and atmosphere of Syria is the prevalence of whirlwinds and waterspouts both on land and over the sea.

They are most prevalent in the deep trough of the Jordan valley and also in Coela-Syria, where the Lebanon and Anti-Lebanon form another trough for the winds. They sometimes do an immense amount of damage, and often at most unexpected seasons. As a touring missionary in Northern Syria, I often met the whirlwinds. They appear in the shape of a column of dust, perhaps two to five feet in diameter, rising straight in the air for several hundred feet, opening like a large funnel at the top. The lower end touches the ground and swings over the surface, picking up dust and pebbles in its path. The chaff and even grain on the threshing floors is sucked up and disappears. Small fish are sometimes drawn up when the swaying column passes over a stream or lake. Many years ago I tried the experiment of riding through the swaying column of a rather innocent looking whirlwind. My horse was terrified, and I had difficulty in keeping my seat in the saddle. It is impossible to say what exactly did happen. It took me some time to find my hat, and several days to get the dust from my eyes and ears and clothing, and I have never tried it again.—The Christian Herald.

THREE GUILTY IN HARTFORD TRIAL

Woman Draws Penitentiary Sentence With Two Men In Possum Hunters Trial.

Hartford, Ky., Oct. 19.—Eliza Allen, charged together with twenty-three other defendants with being in the Possum Hunter raid at Echols, in this county, pleaded guilty in circuit court today and was given one year in the penitentiary.

The others demanded separate trials.

Estill Fulkerson and Oscar Taylor also pleaded guilty to whipping Charles Hoops, in the Possum Hunter cases and were given one year in the penitentiary, each.

With the opening of the special term of court here for the trial of alleged Possum Hunters, it became known that Clayburne

Wilson, alleged to have killed Bob Maddox, a negro, in the encounter at Rockport in which the "Possum Hunters" figured, has been placed under arrest at McCook, Neb. S. O. McKeown sheriff, has gone to McCook to return Wilson to Hartford.

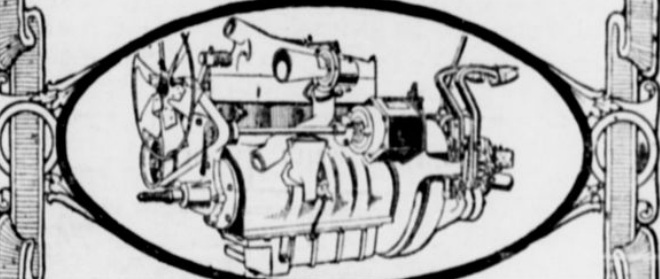

Wilson is said to have disappeared from Rockport as soon as the authorities began an investigation of the work of possum hunters there. A letter said to have been signed "Pearl" is claimed to have been responsible for Wilson's capture.

PROGRESSIVE TELEPHONE CO.

(Concluded from first page.)

The service rendered by the Telephone Company heretofore has been flawless, yet with a new switchboard, we have every reason to believe that there will be a marked improvement, although we hardly see where such a thing is possible.

On Saturday night, October 9th, the cut over was made, and during the wee hours of the morning the operators were moved from the old quarters in the James building to the new, well lighted, well ventilated quarters in the Babb building, and on Sunday morning when the subscribers of the exchange used their telephones most of them had not the slightest idea that they were talking over the new equipment.

The cut-over, which requires a great deal of labor was accomplished with much success, and the service of very few telephones was interrupted.

Not only has the company provided the community with the latest improved switchboard equipment, but only last summer did the company put up a large quantity of lead covered cable, thus removing several arms of unsightly open wire.

To make conditions more ideal for the Marion subscribers we learned through Mr. Moore, our city attorney, that his trip to Frankfort proved very successful. While at Frankfort a deal was consummated whereby the Bell toll lines would be placed on the Marion switchboard, giving service to the Marion subscribers to every point reached by both systems. This is one thing for which the citizens have long been fighting and the City Council is to be congratulated for its success in finally bringing to a close a deal that will give the Marion people connection with the Bell lines, thereby eliminating the necessity of leaving their telephones and going to a booth to answer Bell calls.

HUGE INCREASE
WILL BE ASKED
FOR ARMY-NAVY

Four Hundred Million Dollars For This Branch of National Defense.

Washington, Oct. 18. — Four million dollars, an increase of approximately a hundred and forty millions over last year, constitutes the amount President Wilson and his advisers at present estimate should be appropriated by the next congress for the army and navy.

As Friday, date for the completion of the annual estimates, approaches, the president is giving preliminary consideration to the national defense budget out of which it is hoped to lay down a stronger naval program than the United States ever has authorized and a similarly larger provision for military establishment than has been customary. The president has had before him the several weeks, outlines of a military policy continuing the character framed by Secretary of War Garrison after more than a year's study with officers of the general staff. The president regards it as a conservative, well balanced program, details not revealed, but a substantial increase in the army, probably from eighty-seven thousand to a hundred and twenty thousand men, and the creation of a reserve of perhaps four hundred thousand men through short term enlistment service of citizens interested in military training, are said to be part of the plan.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINE MENT. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by James H. Orme.

Descendant of Pocahontas.

Richmond, Va., Oct. 18 — Mrs. Edith Bolling Galt, President Wilson's fiancée, was "finished" in the famous Powell school for girls, now closed, in Richmond, and was a belle and beauty here as a girl, her family connections giving her entree to the best circles in Virginia. She is of that branch of the English royalist Bolling family which trace direct descent from the Indian princess, Pocahontas, who was married to John Rolfe. In the year of her debut she spent part of the social season here and was a great belle and beauty in the younger set. Relatives and schoolmates in Richmond declare 'Edith Bolling' will maintain her position in the White House to the complete satisfaction of the country.

PROMINENT RAILROAD MAN
CURED OF STOMACH TROUBLE

Mr. T. R. Wit, city passenger agent of the Pennsylvania Lines, has his office in the Insurance Exchange Building, Chicago.

He was for some time a great sufferer from stomach trouble. After trying various medicines and prescriptions without results, he resolved to see what May's Wonderful Remedy would do for him. This is what he wrote to Mr. Hust after taking several bottles:

"I wish to let you know of the good I derived from your Wonderful Remedy, and would have done so ere this but was waiting to see if there would be any return of the evil I suffered before using your remedy, but up to the present time I am feeling better than I have for a great many years."

"I can fully recommend this remedy and will always do so, and will personally explain to anyone who will apply to me my condition before taking your remedy."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get ONE bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Mrs. J. A. Farris is attending Grand Chapter and visiting her son, Duke Farris, in Bowling Green this week.

Quite a number of capitalists were here last week looking after mineral investments. We have certainly got the goods. So come on and invest in our mineral and make your fortune.

When the chest feels on fire and the throat burns, you have indigestion, and you need HERBINE to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Price 50 cents. Sold by James H. Orme.

LEVIAS

(delayed from last week.)

Rev. T. C. Carter filled his regular appointment at Union church last Saturday and Sunday. Owing to the farmers being so busy, there was not as good attendance as might be or as there usually is here.

Mrs. Ada Watson and family visited Saturday night and Sunday with her mother, Mrs. Mary Franklin.

Making molasses is the order of the day in this vicinity.

The diphtheria scare is all over now, and school is in progress.

C. C. Bebout's residence was consumed by fire Friday, Oct. 1st. It was supposed to have originated from the kitchen flue. The neighbors gathered in and helped to save their feather beds, quilts, organ and a few other things. We understand he had \$600.00 insurance on house and contents. He intends to rebuild soon.

Mrs. Dona Snyder, of Tolu, was the guest Saturday night and Sunday of her mother, Mrs. Mary J. Franklin.

C. C. Morrison, of Elizabethtown, Ky., was the guest last Sunday of Miss Ethelene Price.

Several ladies of our town were in Marion shopping Saturday.

Misses Mary McKinney, Ruth Lynn and Mary Watson visited Saturday night and Sunday with Miss Lemah Franklin.

Our home girls are doing fine with their schools. They teach in adjoining districts, but they face the rain and cold winds, pressing bravely on to their work.

Miss Leecie LaRue is teaching us a fine school in her home district. Everyone is well pleased and we all wish for her a grand school and great success in the future.

PARENTS.

Your children's health, happiness and education depend on the condition of their eyes. Don't neglect them, you may regret it. You can find me in my office Fridays and Saturdays.

A Gruesome Job Making Legs for Europe.

St. Louis, Oct. 11. — One hundred and fifty artificial legs each week are being manufactured for the British and French governments by an American firm that has factories in St. Louis, Washington, Philadelphia, Pittsburgh, Baltimore and Atlanta. Twenty-five legs a week are shipped from the St. Louis factory.

The total contract is worth \$15,000,000. The British government is paying \$85 for an artificial leg, and the French government \$100.

Resolutions of Respect.

On the death of R. M. Franks, Sugar Grove Sunday School, Oct. 10th, 1915.

RESOLVED:—The end of life is to do God's will. To die, is to begin a new and beautiful life. To die is to float away into realms of eternal beauty. Death is Heaven.

There died in the home of his son-

in-law, Taylor Guess, at Tolu, Ky., on the 30th day of September, a loved one who was dear to us all, one whose whole life was given to good works; one who was born to live; one who taught us, it is better to give than to receive—that to bless is to be blessed; one who often said, "The service of God is wages. His ways are strewn with roses and paved with a joy that is unspeakable and full of glory—a peace that passeth understanding."

His name is in our hearts. Love has written it there. He once said, "The very darkest days through which I have passed, have been greatly alleviated by throwing myself with all my energy, into some work pertaining to others."

Brother Franks was a great lover of music and now sings a glad new song with the choir invisible of those immortal dead, who live again in minds made better by their presence—in thoughts sublime, that pierce the midnight darkness like stars.

Such spirits live on earth in thought and deed as surely as they live in Heaven. He is gone from us, he is no longer with us, he leaves with us nothing but a memory—just a dear beautiful memory. But we love that memory as we love our God and we know that he is immortal because love is immortal and the hope of immortality originated in love. For when our loved ones die, we hope to meet them and,

"Thy sweet to think hereafter
When the spirit leaves this sphere,
That love with deathless wings shall
Wait her
To those she long has mourned for here."

Hearts from which 'twas death to sever
Eyes this world can never restore
There as warm as light as ever,
Will meet us and be lost no more."

Yes, we know that we shall meet them, and greet them and clasp hands with them and that they will live again, for Jesus has said, "I am the resurrection and the life; he that believeth in me, though he were dead yet shall he live; and whosoever liveth and believeth in me shall never die."

Hence we are waiting and watching for them, we are longing for the time to come when we shall greet them. When waking, we count the hours till their coming; asleep their images glide through our dreams; by day they smile upon us in the landscape; by night they beam down upon us from the starry skies.

It is a consoling thought to bereaved friends and loved ones that Brother Franks walks in that soft, white light which angels tread with wreaths of blessings falling all around him like kisses of mercy in a world where all is love.

Oh, Man From Kentucky, Come Home.

The fields are green, the corn is ripe and the barley tobacco is now cutting in Old Kentucky. All nature smiles and Kentucky today is the land of milk and honey, of still waters and green pastures, of lowing kine and sleepy, plodding plowhorses; truly 'tis the day of peace and plenty in Kentucky. Never was such a wheat crop, while the barley tobacco is breaking all records heretofore made, and you can look out over the tobacco fields and see thousand dollar bills sticking up like watersnake heads in the creeks of early summer. Why should a native-born Kentuckian, with a Kentucky family of one wife and several children, immerse himself in another State when the call of Kentucky comes to him over the arid plains, the burning and sandy deserts to our Western and Southern States? Come home, man, come home! The latchstring is out for your return and has been since the day you left us. A hearty and cordial welcome awaits you and your family. Will be glad to have you and the fatted calf, the corn pone, the fried chicken and all good things that grow in Kentucky, including the hearty hand clasp of good-fellowship awaits you. Come home, oh, friend of ours and fellow Kentuckian. You'll find conditions better than when you left us. Better farming conditions, better social conditions, better moral conditions, fewer "roughnecks" and no liquor in Nicholas county. Then, the land looks good.

Come back to your home, your wife's home and the home of your children. You'll live but one life on earth, and why not live that life whose friendship flourishes, where kindred stand behind you, where home is home?—Carlisle Mercury.

Dudley Noggle Married

(Concluded from first page.)

Leading the bridal procession were the ushers, Messrs. Jordan Stanley, Wm. Miller, Noble Johnson and Pete Ramsey.

Miss Lorena Stocking, as bridesmaid, and Mr. Chester Schulz, as groomsman, entered simultaneously in the right and left aisle.

The groom with his best man, Harry Johnson, of Marion, Ky., came from the rear of the church to meet the bride before the palm adorned altar, the Lohengrin bridal music being played as a processional. Just before the entrance of the bridal party Miss Inez Spain sang "Oh Promise Me." "I Love You Truly" was played in an undertone during the ceremony, and at the close the Mendelssohn march was played as a recessional. The church was done entirely in green with palms, fern, etc.

The bride was very lovely, wearing a costume of ivory duchess satin which had been her mother's wedding gown, her tulle veil which fell in misty folds over a court train being held in place with orange blossoms. She carried a shower bouquet of bride's roses.

Pale green taffeta with white fur and touches of gold composed the costume worn by the maid of honor, the bridesmaid being gowned in pink taffeta veiled in chiffon, the gowns of the maids being made walking length and both carrying bouquets of pink roses.

After the ceremony the bridal party was entertained at the home of the bride's parents, Mr. and Mrs. J. D. Morehead in Madison avenue.

Pink and white was carried out in the decoration of the interior, the bridal table being centered with a French basket of pink roses and the bride's cake with the good luck emblems, the ring, thimble and dime, which was also a feature being cut by the bride at the close of the feast, an ice course being served.

Mr. and Mrs. Noggle will make a Southern bridal journey and after their return will reside at 107 Madison avenue.

The bride will travel in a coat suit of dark blue whipcord with fur with which was worn a black

The bride who is a gifted musician is the organist of the Jefferson avenue C. P. church in which her marriage took place. She is the only daughter of Mr. and J. D. Morehead and has been showered with many bridal courtesies during the ten days before the wedding.

The groom who is the son of Mr. and Mrs. C. P. Noggle, is popular in a pleasant circle of young people and is connected with the sales department of the Hercules company.

A handsome collection of wedding gifts was received by the couple.

Among the guests from out of town were Miss Kate Morehead, of Seebree, Ky.; Mr. and Mrs. Tom Johnson, of Princeton, Ky., and Mrs. Mollie Howerton, of Marion, Ky.

Mrs. Walter Johnson and Miss Elizabeth Rochester were hosts to a reception from 3 to 4 o'clock last Saturday, at the Johnson home in honor of Mrs. Dudley Noggle, a bride of this month. Delightful hot chocolate, pickles and sandwiches were served.

In honor of Miss Lucille Browning, of Falmouth, Ky., Miss Katharine Yandell entertained two tables of bridge.

Hot chocolate and delicious sandwiches were served to Misses: Katherine Yates, Nannie Rochester, Gwendoline Haynes, Ruth Flannery, Isabel Guess, Lucille Browning, Virginia Blue and Madeleine Jenkins.

Mesdames J. W. Blue and Jas. H. Orme entertained in honor of Mrs. J. A. Chandler and her charming visitor Mrs. Phil Scalum of Henderson. Those present besides the guest of honor were: Mesdames R. F. Haynes, O. M. James, G. P. Roberts, C. S. Nunn, S. M. Jenkins and Brooks of Uniontown and Misses Deil Barnes and Lizzie James. A salad luncheon was served and music was furnished by a Victrola throughout the afternoon.

In a most charming way Miss Ruth Flannery entertained at

auction bridge Friday afternoon.

Pink and white asters decorated the rooms. During the elaborate collation which was served at the close of the affair, little Miss Mary Elizabeth Bennett, daintily dressed in white, passed to each guest, from the large tulle trimmed basket she carried, be-ribboned hearts, announcing the engagement and approaching marriage of Miss Maude Flannery to Mr. Paul R. Adams, of Louisville, Ky., the wedding to take place on the 30th of November. Miss Maude Flannery was attractively gowned in pink crepe meteor with trimmings of cream lace, while the hostess wore a charmingly simple gown of white chambray. Mrs. Flannery, the mother of the bride-elect, wore pearl grey crepe de chine, touched in rose.

The guest list included: Mesdames Harold McDonald, of Chicago, J. W. Wilson, Katharyn Thomas, S. Gugenheim, J. I. Clement, C. B. Ellis, W. V. Hay-

nes, Jas. Henry, C. W. Haynes, J. P. Guess, C. S. Nunn, W. O. Tucker, George Roberts, M. N. Bustin and O. M. James, of Washington, D. C., the Misses Gwendolyn Haynes, Madeleine Jenkins, Katharyn Yates, Nannie Rochester, Katharyn Yandell, Evelyn Clement, Isabel Guess, Virginia Blue, Lucille Browning, of Falmouth, Ky., Marian Clement and Martha Henry.

LEAFFA WILBORN,
County Treasurer

All very rich men began by putting money in the bank. They were all careful men.

ANDREW CARNEGIE SAID: "THE MAN WHO DOES NOT AND CANNOT SAVE MONEY CANNOT AND WILL NOT DO ANYTHING ELSE WORTH WHILE. THE BEST WAY TO ACCUMULATE MONEY IS TO RESOLUTELY SAVE AND BANK A FIXED PORTION OF YOUR INCOME, NO MATTER HOW SMALL THE AMOUNT." The careful man knows the truth of this.

AS A POOR SCOTCH BOY, ANDREW CARNEGIE CAME TO AMERICA. WOULD HE HAVE BECOME ONE OF THE WORLD'S RICHEST MEN IF HE HAD SPENT HIS "FIRST" EARNINGS?

NO.

HE BANKED AND SAVED HIS MONEY AND BECAME RICH AND POWERFUL. THEN HE COULD AFFORD TO BE GENEROUS.
