## SMITHLAND BAR MEETS TO HONOR RETIRING MEN

Judge J. F. Gordon and John Gray  
ot, Whose Terms Expire, Were  
Guests at the Banquet.

## MANY GOOD SPEECHES MADE.

Smithland, Ky., Dec. 20.—Judge J. F. Gordon, circuit jurist, and Attorney John L. Grayot, commonwealth's attorney, were the honor guests at a banquet given here tonight at the Hotel Clark by the Smithland Bar association. The terms of both judge and attorney will expire at the end of the present year, and tonight's banquet was a farewell one to these two most able officials. Over fifty residents of Smithland and Livingston county were present at the banquet. Charleston H. Wilson presided as toastmaster.

Speeches were delivered by Attorney Charles C. Grassham, of Paducah, and Judge W. I. Clark, Charles Ferguson, of Smithland. Both Judge Gordon and Attorney Grayot made good speeches in response, in which they gave hearty thanks for the big spread, and for their pleasure in working with the people of Livingston county. A letter from Judge W. A. Berry, of Paducah, who was on the speaker's program, but who was unable to attend, was read by Judge Grassham.

## M. AND F. ACADEMY

Providence, Kentucky.

The Academy offers to Seventh and Eighth grade students and prospective young teachers great advantages than ever before.

Our present class is a most energetic and enthusiastic one, and we have arranged to meet the needs of every student after the Christmas holidays in the way of classes. These facts ought to be great inducements.

The best time to enter is the first Monday in January.

Shall we expect our old students back and some new ones?

Please tell some worthy student about our school.

Very respectfully,

J. Y. Brown,

## ONE OF MARION'S POPULAR GIRLS

Captures Canadian Business-Man,  
Now Stationed at Dallas, Tex.  
—Honeymoon in Ontario.

On Wednesday evening, Dec. 15th at 7:30 o'clock the marriage of Miss Willie Melba Cannan, only daughter of Mr. and Mrs. W. T. Cannan, of this city, and Mr. Stanley M. Shaver, of Dallas, Texas, was solemnized at the First Baptist church, Rev. G. L. Woodruff, of Princeton officiating. It was one of the prettiest weddings ever seen in Marion. The church was decorated with evergreens, the altar being banked with palms. The miriads of lights were shaded in harmony with the color scheme of the wedding, which was cream and pink. The main auditorium of the church was filled long before time for the ceremony and many who came later found seats in the gallery and on the choir loft. While the invited guests and friends of the popular bride were assembling to witness this, the most momentous event of her life, Miss Lucile Pope rendered Tanhauser's "Evening Star" in soft sweet strains on the piano, accompanied by Mr. Medley Cannan on the cello. Promptly at the appointed hour the bridal party arrived at the vestibule and as the Mendelsohn wedding march was rendered they proceeded to the chancel in the following order: Mr. William Owen Moore and Miss Vera Conyer approaching from opposite aisles meeting and crossing in front of the altar, next, in same order of march, came Mr. Bassett Newcom and Miss Iva Asher followed by Mr. Clifton Crawford and Miss Zula Cannan.

The groom and his best man, Mr. Medley Hilton Cannan, marched down the right aisle, while the bride and her maid of honor, Miss Dovie Winfrey, of Hopkinsville, came down the left aisle, meeting in front of the altar where the minister who was awaiting them united them in the holy bonds of wedlock in an appropriate ceremony. The bride and her attendants were a vision of loveliness in the soft glimmer of the tinted globes, the bridal robe being of white crepe-de-chine, and she holding an im-

### Novelty Entertainment Well Attended Friday Evening.

In spite of the weather a good crowd came out to enjoy the Novelty program, given by the Marion High School Orchestra and other members of the High School, on the evening of Dec. 17th.

The program opened with several selections by the Orchestra. Then came the one act comedy given by five members of the Orchestra. We shall never forget Miss Miriam Pierce in her inimitable representation of Matilda Jane, the maidservant, who was thoroughly captivated by "them whiskers" of Lawrence Lavender the same as Medley Cannan, who played the role of yalet as none other could have done. Billy O. Moore as the model young bachelor, Simonides Swanhopper, who was continually "getting red in the face," was a complete success. Mr. Bloomfield Brambleton: Dumps Moore greatly amused the audience by his forgetfulness and absent-mindedness. Cicely, the daughter of Mr. Brambleton, impressed the audience with her naive simplicity and sweet modesty.

It is hardly necessary to mention the quality of Miss Holtzclaw's readings, as her fame has already spread over Western Kentucky.

Last, but by no means least, came Col. Zoo Zoo and his Zo Bo Band. Dressed in the costumes of long ago, they entered one by one, tuned their instruments and awaited the arrival of their di-

### Business Men's Ban- quet Great Success.

The Business Men's Banquet, held in the basement of the M. E. Church, Monday, Dec. 20th, 1915, 7 p. m., for the betterment of Crittenden county, was a highly enjoyable affair and profitable as well to all who attended.

Aside from the tempting menu there was an irresistible flow of wit and wisdom seldom equalled here or elsewhere.

The following delectable menu for the appetite was served:

Grape Fruit Oyster Cocktail  
Pickles and Celery  
Turkey Cranberry Sauce  
Creamed Potatoes  
Peas  
Salad  
Ice Cream Whipped Cream  
Cake Coffee

The menu for the appetite was enjoyed the more by being interspersed with a rare and racy Menu for the Mind which follows:

"What Can We Do for Publicity?" Alvis Stephens  
"What Can We Do for Our Schools?" Prof. Hollis Franklin  
"What Can We Do for the Farmers?" J. Robert Bird  
"What Can We Do to Better Develop and Entertain Our Boys?" John A. Moore

"Our Needs Are Apparent; What Can We Do to Supply Them?" Judge C. S. Nunn

Only one speaker on the program—Judge Henderson was absent—he being away from the city. The speakers each did full justice to their subjects and all were complimented on their efforts and were given assurances

## STATE AID DUES TOTAL \$747,519

Commonwealth Owes Counties That  
For 1916 Work For  
Good Roads.

Frankfort, Ky., Dec. 20.—The Statewide road proposition the first year of its experiment has proven an immense enterprise, involving the expenditure already under contract of approximately \$747,519 for the State's part of the road construction, to which the counties put up an equal amount.

Besides the amount furnished by the 5-cent State tax, estimated at \$537,293.42 and \$210,215.58 in the motor license fund July 1, and an equal amount raised by the counties by direct taxation, fourteen counties have issued \$2,215,000 in road bonds. The State will expend an equal amount with these bonded counties in road construction; but the amount apportioned to them in any one year will be within the 2 per cent. limit, the appointment continuing until the State has paid its half.

## MORE MARION SCHOOL NEWS.

The Orchestra and the school were glad to have Ted Boston, who is attending school at State University, back with them on last Monday.

Rev. W. B. Yates attended chapel exercises Monday and sang for us. We appreciate his visit and invite any others who are interested in us to come at any convenient time.

The entertainment last Friday night was a great success. We had great confidence in the ability of these young people, but they even surprised the ones who know them best. The success of the affair may be partly judged by the door receipts, which were \$56.00.

Miss Sadie Minor will return to her home at Lebanon to spend the holidays.

Miss Hattie Wheeler will spend the Xmas holidays with her parents in Mayfield.

Miss Ruby Vaughn will spend the holidays at her home at Mattoon.

Dennis Clark, a former student here, passed through the city last week enroute home from Bowling Green, where he is attending the Bowling Green Business University.

## METHODIST REVIVAL CAME TO A CLOSE SUNDAY EVENING

One of the Most Successful Revival  
Meetings Held in Madisonville  
For Number of Years.

## SERVICES ARE WELL ATTENDED

The Methodist revival which had been in progress at the church in this city, one of the most successful held here in years, came to a close with the Sunday evening service which was attended by the largest audience of the entire series of services.

The conversions and those reclaimed during the three weeks numbered sixty-eight, of which fifty six have already united with the Methodist church and six others have given their names for membership, while many others will go to the other churches of the city.

Those candidates for membership who have heretofore taken the ritualistic vows of the church but expressed a preference for baptism by immersion will be baptised at the Christian church baptistry Wednesday evening following prayer meeting services.

The Rev. G. P. Dillion, pastor of the church, did the preaching throughout the series of meetings and his work was very effective.

Prof. W. B. Yates, a master choir leader, a man of God whose reputation as a song evangelist extends to many states, and who is very popular in Madisonville with all denominations, conducted the singing and also did effective work as an exhorter.

Prof. Yates left yesterday morning for his home at Marion, Ky., where he will be with his family through the holidays and on December 27th, he leaves for Western Kansas where he has many weeks' work ahead of him. He has been in this work twenty one years and has assisted in meetings in a dozen states this year.—Madisonville Hustler of Dec. 14th.

Miss Beulah Conyer, of Memphis, Tenn., is the guest of her mother, Mrs. Ida Conyer, at the Conyer Hotel and will remain until after Christmas.

## England Fifty-Two Times

### As Big As Germany.

In the January Woman's Home Companion Laura Spencer Porter has a remarkably interesting article on the traditions of England in which she says:

"This is the most dominant and conquering nation of the world today, governing an empire which possesses something over one fifth of the known surface of the globe, and more than one fifth of all its inhabitants, a people whose 'far-flung battle line' protects, we are told, a country 'fifty-three times the size of France, fifty-two times the size of Germany, three and one-half times our own size, and three times the size of Europe entire; with three times the vast population of all the Russians, embracing four continents and ten thousand islands'—this, the most dominant nation, this little home island, possessed now of this overwhelmingly vast empire, was, with its people in their childhood, more conquered, seemingly, than any other people; conquered by the Romans, the Britons, the Saxons, the Danes, the Angles, the Jutes, and, finally, the Normans. Conquest after conquest. A strange and one might even think a humiliating childhood. Yet the very contrary, when one looks closer, is true."

## PEORIA WOMAN

### TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and belching pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy." Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your Druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## New York's Retail Center Moving

### Uptown Almost an Inch an Hour.

In the January American Magazine is an article called "Making Money Out of Footsteps" which teaches the curious but exact art of putting the store in the path of the customer. In it we learn that the retail center of New York City is moving uptown at the rate of almost an inch an hour.

## Auto Bandits Rob St. Paul

### Bank of \$5,000 And Escape.

St. Paul, Minn., Dec. 20.—Auto bandits late Thursday afternoon entered the Western State Bank at Dale street and University avenue, held up three bank employees and escaped with about \$5,000 in currency. Two bandits entered the bank and two confederates awaited them in an automobile.

Two policemen in a commandeered automobile pursued the bandits through the Summit avenue residence district, firing their revolvers. The bandits, however, outdrove the police in the race for the river road and escaped in the direction of Minneapolis.

## For Children's Cough

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All Druggists. 8

## Two Years War Toll

### Placed At 20,000,000 Lives.

London, Dec. 20.—"The total destruction of life during two years of war will reach 20,000,000 persons," declared Prof. Louis G. Parkes, of the Government Health Service, at the annual meeting of the Royal Institute of Sanitarians just concluded here.

The speaker expressed the hope, however, that this loss of life might somehow prove a blessing in disguise, resulting eventually in a distinct improvement in European civilization.

"In the past ages," said Prof. Parkes, "evolution of higher types in animal and vegetable life has generally resulted from cataclysmic changes, and great destruction by plague, pestilence and famine has led to an advance in civilization. So it is possible that this Armageddon may be of ultimate benefit to humanity."

Touching on the lowering birth rate in Great Britain, the speaker declared that every country in Europe has shown a decreasing birth rate during the past decade, with the exception of Bulgaria, Rumania and Ireland.

## Piles Cured In 6 to 14 Days

Your druggist will refund money if PAGO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

## Boy Suspected of Setting

### Fire to British Steamer.

Baltimore, Md. Dec. 20.—Suspected of setting fire to the British steamer Claveresk, plying between Baltimore and Cuba, Edward Humphreys, 18 years old, of London, England, a member of the crew, was arrested here tonight.

Capt. Thomas A. Triggs, of the Claveresk, told the local police that three fires, which he believed were of incendiary origin, had occurred on his ship during the past two months. He said an investigation after the third fire implicated young Humphreys. The youth is alleged to have made threats because part of his wages were withheld for his family, according to British custom.

All of the fires were put out before they made any headway.

## Sciatica's Piercing Pain

To kill the nerve pains of Sciatica you can always depend on Sloan's Liniment. It penetrates to the seat of pain and brings ease as soon as it is applied. A great comfort too with Sloan's is that no rubbing is required. Sloan's Liniment is invaluable for stopping muscular or nerve pain of any kind. Try it at once if you suffer with Rheumatism, Lumbago, Sore Throat, Pain in Chest, Sprains, Bruises, etc. It is excellent for Neuralgia and Headache. 25c at all Druggists. 3

## Operated Upon 135 Times

St. Louis, Dec. 20.—Harry A. Smythe, 48 years old, 3556 Laclede avenue, has just undergone at the City Hospital, his one hundred and thirty-first surgical operation, and yet lives and walks and works.

Smythe has been cut and carved on since he was a child, and has been under the influence of chloroform 125 times and ether six times. He is afflicted with tuberculosis of the bone, and every operation to which he has submitted has been to enable surgeons to remove sections of decayed bone. In every instance only small pieces have been taken from his body.

Smythe formerly was a specialty salesman, but when he became a habitual dweller in hospitals he learned to knit and crochet and do embroidery to while away the time. He also has become proficient in making small surgical appliances.

Children take BALLARD'S HORE-HOUND SYRUP willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, hoarseness and bronchitis. It's a good medicine and easy to take. Price 25c, 50c and \$1.00 per bottle. Sold by J. H. Orme.

## Assist Your Stomach

To Get Rid of the Poisonous Gases and Fermenting Food.

A good long fast will do this sometimes. A trip to the mountains. Tramping. Roughing it. Yes, very good remedies. But are you going to avail yourself of either one of these remedies. No? Then the next best thing is to try a bottle of Peruna. Take it according to directions. You will have a natural appetite. All gas and fermentation in the stomach will disappear.

Read what Mrs. Emma Bell, Box 204, Fort Pierce, Florida, says: "I was taken suddenly with swelling of the stomach and bowels, and great distress. Very painful. Three doctors gave me no relief. Could not eat anything. Everything soured. I was starving to death. I began taking Peruna and was soon strong enough to do work. After taking five bottles I can truthfully say I am well. I gained twenty pounds."

## Guard Western Railroad

### After Dynamite Discovery.

Oakland, Cal., Dec. 20.—A pack age containing six sticks of dynamite, equipped with caps and fuses, was found today under a Southern Pacific railroad bridge over Alhambra Creek, a short distance west from Martinez. Over this bridge pass trains carrying the output of the Hercules Powder company and the Standard Oil company to the East.

Special Agent, James Prindeville, of Southern Pacific Company, said tonight that the entire western division of the railroad which extends from Oakland to Ogden, Utah, would be placed under a special guard.

Both Prindeville and Sheriff R. R. Veale, of Contra Costa county expressed the opinion that the dynamite was placed under the bridge by some person desirous of impeding the passage of war munitions.

## WEDDING OF PRESIDENT WILSON AND MRS. GALT WILL BE FAMILY AFFAIR

Only Immediate Relatives of the Couple to Be Present at the Ceremony—Honeymoon Trip to the South Is Planned—Galt Home Where Wedding Will Be Performed to Be Veritable Conservatory—Marriages of Other Presidents Recalled.

By GEORGE CLINTON.

(Copyright, 1915, Western Newspaper Union.) Washington.—In a small, unpretentious house, 1308 Twentieth street, in this city, Mrs. Edith Bolling Galt, widow, will be married Saturday, December 18, to Woodrow Wilson, widower and president of the United States.

Not since the marriage of President John Tyler to Miss Julia Gardiner has there been a wedding of a president marked by such extreme quiet and seclusion as is to be the case at this wedding which will join the Wilson and the Galt families. President Tyler went to New York to be married to Miss Gardiner and there at the Church of the Ascension in the presence of only a handful of persons he took unto himself his second wife. At the coming wedding of another president of the United States there will be present no persons except those of the immediate families of the two contracting parties.

Only one cabinet officer, Mr. McAdoo, will witness the ceremony, and he not by right of his official position, but because he is the son-in-law of the president, having married Mr. Wilson's youngest daughter. When Grover Cleveland was married in the White House to Miss Folsom, the wedding party was a small one, but included in it were members of the president's cabinet and several other high officers of government. President Wilson and Mrs. Galt have decreed that their union shall be wholly a family affair.

Relatives Only to Be Present. Mrs. Galt will be attended by her sister, Miss Bertha Bolling of this city. Even with the guests limited to the members of the families of the president and his bride-to-be the capacity of the parlors in the modest Galt home will be taxed, for both the principals have many close relatives.

To witness the ceremony and to give congratulations to the newly married ones these persons, among other kinfolk, will be present: Miss Mar-

garet Wilson, the president's eldest daughter; Mrs. Francis Howes Sayre of Williamstown, Mass., the president's second daughter; Mrs. William G. McAdoo, the president's third daughter; Mrs. Anne Howe of Philadelphia, the president's sister; Joseph R. Wilson of Baltimore, the president's brother; Miss Helen Woodrow Bones, the president's cousin, and several other close relatives of the president's family.

Mrs. Galt, who, before her first marriage was Miss Edith Bolling of Virginia, has several brothers and sisters, all of whom will attend the wedding. Mrs. Galt's mother, Mrs. William H. Bolling, is living and makes her home with her daughter. Mrs. Galt's sisters who will be in attendance are Miss Bertha Bolling of Washington and Mrs. H. H. Maury of Anniston, Ala. Her brothers, all of whom will attend, are John Randolph Bolling, Richard W. Bolling, Julian B. Bolling, all of Washington; R. E. Bolling of Panama and Dr. W. A. Bolling of Louisville, Ky.

To Avoid Big Crowd. Up to the very last moment it is probable that the exact hour of the wedding ceremony will be kept a secret. The desire is to prevent the gathering of a huge crowd about the Galt residence. As soon as the ceremony is over and the members of the family have congratulated the bride and groom, the newly married ones will leave for the South on a honeymoon trip which probably will last until the first week in January. The president and his bride must be back in Washington before January 7 in order to act as host and hostess at a grand reception to be given in the White House to the Pan-American representatives in the capital, and, moreover, because congress by that time will have reconvened after the Christmas holidays and Mr. Wilson must be back at his desk.

The White House conservatories and several of the private conservatories of the city of Washington will

have their stocks of flowers nearly depleted in order to make beautiful with blossoms the scene of this wedding of a president. The Galt residence virtually will become a conservatory itself on the night of the ceremony. There will be music furnished by a small orchestra assigned from the membership of the Marine band, but the actual wedding march is likely to be played upon a piano by Miss Bertha Bolling, one of Mrs. Galt's sisters.

Orchids Mrs. Galt's Favorite. An altar, which virtually will be a bank of flowers, is to be erected at the west end of the parlors of the residence. The bride-to-be will meet the president at the foot of the stairway in a hall without the wedding room, and will walk with him from there to the altar front. Mrs. Galt will carry a bouquet of orchids, which Mr. Wilson found out long ago to be her favorite flowers. She will be attired in a traveling gown. The ring will be a plain gold circlet inscribed with the initials of bride and groom.

Mrs. Edith Bolling Galt has been known for a good many years as one of the most perfectly gowned women in Washington. She is a handsome woman and always dresses in exquisite taste. Her gowns always have been chosen with rare care and almost perfect judgment. For some time Mrs. Galt has been busy in selecting her trousseau, being aided in this most important work by her mother, Mrs. Bolling, a woman of excellent discernment. Mrs. Galt's trousseau already has arrived in Washington. Its selection was a matter of months and some controversies arose as to what might be called its origin. There were stories to the effect that French supply houses resented supplying anything through German American middle men. Most of the stories were baseless, and it can be said that almost wholly Mrs. Galt's wedding outfit is of American origin.

Resume White House Functions. Dark green and orchid are the predominating hues in the gowns of the bride-to-be, for, as has been said, orchids are Mrs. Galt's favorite flowers. There are traveling gowns, street gowns, and evening gowns, the latter of which will be seen throughout the coming winter when the White House is to be reopened for a series of old-time entertainments. The four great official receptions, which were omitted last winter, will be resumed, and there will be afternoon teas and many musicals.

President Wilson is the sixth president of the United States to marry a widow. Washington, Jefferson, Madison, Fillmore and Benjamin Harrison married widows, in one or two cases the widow being the second wife of the president. John Tyler and Theodore Roosevelt each married the second time, but their wives had not before been wedded.

It is not necessary to speak of George Washington's marriage. The world knows of his courtship, engagement and wedding. His love was "the widow Curtis." Thomas Jefferson, at the home of a friend, John Wayles, met Martha Skelton, Wayles' widowed daughter. She was a beautiful woman and much sought after, but Jefferson finally won her heart.

Beautiful Dolly Madison. It is possible that Dolly Madison, the wife of President James Madison, is, in a way, better known to Americans than any other wife of a president except, of course, Martha Washington.

John Tyler was married twice, the second time while he was president. His first wife was Letitia Christian, who belonged to one of the old families of Virginia. Mrs. Tyler bore the president nine children. Just before her husband was elected vice president of the United States Mrs. Tyler had a stroke of paralysis, and a short time after he succeeded William Henry Harrison as president she died, the death occurring in the White House. The second winter after the death of Mrs. Tyler the president met Julia, the daughter of a Gardiner who lived on an island in Long Island sound. The president fell desperately in love with the young woman and soon they became engaged and were married quietly at the Church of the Ascension in New York city.

The Cleveland Marriage. Grover Cleveland did not marry until fairly late in life. He married Frances Folsom, the daughter of his law partner, whom he had known when she was a little girl at an age when she had called him "Uncle Cleve." Mr. Cleveland and Miss Folsom were married in the Blue room at the White House.

For a long time it was thought that President Wilson would be married in the White House. For some reason or other people took it for granted that Mrs. Galt would prefer a ceremony in the executive mansion. From the point of view of womanhood it is a compelling thing to be able to speak of a White House wedding as one of the participants. Mrs. Galt, however, held to the thought that a woman should be married in her own home rather than in that of her husband. She did not believe in breaking the American home precedent in such matters, a world's precedent in fact. Washington generally concedes that she showed good taste in her quick determination that her own home should be the scene of the wedding.

The wedding of the president of the United States to Mrs. Galt will be in detail and surroundings a most simple affair. It will be in keeping with traditional American simplicity in cases—does one dare say it?—where the bride and the groom have passed beyond the stage of youth.

## FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonsful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonsful, because 50c worth makes a whole pint (128 teaspoonsful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back," if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by JAS. H. CRME Marion, Ky.

### Danube Thick With Hungarian Bodies

New York, Dec. 20.—Further details of the bombardment of Belgrade and the abandonment of the city by the Serbians, were related here today by Dr. E. B. Downer, of New York, an American Red Cross surgeon, who arrived on the steamship Espagne from Bordeaux.

"The battle for the possession of Belgrade was a three day bombardment, followed by a hand-to-hand encounter," said the doctor. "Where the Austro-German forces crossed the Danube the loss of life was greatest. Personally I saw entire battalions of Hungarians swept from boats and rafts by machine gun fire. For a time the river was so thick with bodies that it resembled a stream filled with logs from a broken mill dam."

"Sheer weight of numbers effected a crossing for the Austrians and Germans. Then the fight for the possession of Serbian trenches became a hand-to-hand conflict."

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

### Tons of Gold Melted Down

New York, Dec. 20.—Two hundred tons of gold worth \$102,000,000, and occupying the space of three cords of wood, are stored in the United States assay office here. The gold is in 16,345 bars. It represents the accumulation of British sovereigns and other foreign coins, brought to the United States within about six weeks in an effort to maintain the financial balance between European nations and the United States.

### CORN ADVANCED.

We are now in the market for sound, dry, white, shucked corn. Until further notice will pay .55c per bushel.

Now is a good time to lay in your winter supply of flour. If you want a high grade flour buy the "Elk." You can't buy a better flour. Our guarantee behind every sack. Marion Milling Co. Incorporated.

### Damage Suit

Suit for \$25,000 damages has been filed in the Fayette county circuit court by J. L. Griffith, of Benton, Ky., father of E. S. Griffith, state university freshman was killed October 15 when a street car collided with a long rope which the freshmen were dragging through the streets, against the Kentucky Traction and Terminal company. Griffith alleges criminal neglect and carelessness on the part of the defendant's employees.

## OWED 25 CENTS FOURTEEN YEARS

Told to Pay it Back When He Got in Congress.

Washington, Dec. 21.—Representative C. C. Dill, of Washington, came to Washington in debt 25 cents. His creditor, Mrs. Fanny Berry Bell, holds his note for that amount plus compound interest covering 14 years.

When the transaction occurred Dill lived on a rented farm near Fredericktown, O., in 1901 A box of cal had been arranged and Mrs. Bell, wife of the owner of the farm, asked Dill to go. He explained that he was shy the necessary quarter.

"I'll lend it to you," said Mrs. Bell.

"Don't know when I can pay it back."

"Oh pay it back when you make your first speech in congress." Dill is now ready to pay.

### DOUBLY PROVEN

MARION CAN NO LONGER DOUBT THE EVIDENCE.

This Marion citizen testified long ago. Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. J. E. Glass, farmer, Marion, Ky., says: "I was subject to backache of the worst kind for years, in fact, the pain caused many sleepless nights. I took a number of medicines, including the doctors; without the slightest benefit. I finally got a box of Doan's Kidney Pills at Haynes & Taylor's drug store, and they gave me instant relief. In less than a week the pains in my back had vanished."

OVER FOUR YEARS LATER Mr. Glass said: "I can still recommend Doan's Kidney Pills to kidney sufferers. The relief they gave me has been permanent." Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Glass had. Foster-McIlburn Co. Props., Buffalo, N.Y.

### Bad Cooking a prominent Cause of Divorce.

In the current issue of Farm and Fireside is an article to prove that love and a well filled stomach go well together, but that hatred and treachery are born in an underdone steak. "Bad cooking is directly responsible for a large percentage of the divorce evil and much of the crime committed—in fact, it might well be classed as crime in itself."

"A good cook is the greatest statesman in the country in the sense of the term."

"Bank-examining is all well enough for its purposes, but the examination of cooks and kitchens is far more important. Of what avail are our pure-food laws if all food may be ruined in the kitchen?"

No one should be permitted to cook in any public eating house who has not been examined, found competent, and licensed; and bad cooking—such as now exists in many public places—should be a misdemeanor punishable by law."

DEATHS

A. A. Hill, generally called John Hill, died in the Crayne section last week, leaving a widow and three children.

His wife was Miss Emma Burgett, of this city, and daughter of Charles Burgett.

Charles H. Cassidy, son-in-law of Charley Padon, of Salem, and son of the late S. H. Cassidy, of Dycusburg, died at Cumberland City, Tenn., Friday of typhoid fever. His remains were brought to his wife's old home for interment Tuesday, at Pinckneyville, Rev. R. A. LaRue officiating.

Gordon Gray died Monday night at the home of his father, C. M. Gray, of near Salem. He was twenty-three years of age, and was a grandson of the late Fraude Champion. He has one own sister, Mrs. Edna Foster, of Arkansas, who was at his bedside when death came. The burial was at Salem Thursday. He was afflicted with tuberculosis of the brain and was blind, deaf and dumb in his last days.

Mrs. Nellie Deboe Guess, wife of Ed Guess, of Salem, died at her home last Saturday of complication resulting from child birth. She is survived by her husband, who is a son of T. C. Guess of this city, and by six small children. Her aged mother, Mrs. Sallie Deboe, of this city, survives, also two sisters, Mrs. Bell Kirby, of Michigan; and Mrs. Carrie Ordway, wife of Thos. Y. Ordway, of Fredonia; and three brothers, M. Phillip, Thos. A., of Pinckneyville; and Robert, of Paducah. Her remains were laid to rest Sunday at two o'clock in Pinckneyville cemetery, Rev. R. A. LaRue officiating.

Deep-seated coughs that resist ordinary remedies require both external and internal treatment. If you buy a dollar bottle of BALLARD'S HORE HOUND SYRUP you get the two remedies you need for the price of one. There is a HERRICK'S RED PEPPER POROUS PLASTER for the chest, free with each bottle. Sold by James H. Orme.

GLENDAL

Cecil Jennings was called to the bedside of one of his brothers in the Midway neighborhood, who was quite ill Sunday.

Misses Addie Franks and Mary Hurley went to Marion Saturday on a shopping tour.

Mrs. John Armstrong and little son, Robert, went to Marion one day this week.

Bro. Royster expects to preach here next Sunday afternoon after Sunday school.

Mrs. Alvin Walker has been suffering from a boil on her hand.

ville is situated about eighteen miles from the Atlantic ocean. Jacksonville has a population of 70,173. We believe the St. Johns river is the only river running north in the United States. If the school children think not, please correct the writer. The St. Johns drains a great part of north Florida, and its dark waters slowly moving toward the Atlantic ocean. Boats from up St. Johns river come in port, heavily loaded with marketing, such as oranges, grape fruit, sugar cane, fish, oysters and a great many vegetables of different varieties that the State of Florida with her warm climate and loam soil can produce, such as but few states can, that have not this sunny south's equal in soil and sunshine; making this a real garden of oranges, grape fruit and early vegetables for the world. From here this fruit and vegetables are loaded into large vessels and fast freights and goes to all the markets. Many fruit exchanges, commission houses and brokers are located here, handling these varieties of fruit and vegetables.

One other thing of interest is the Florida ostrich and alligator farms. The alligator farm contains the largest collection of live alligators in the world. In this farm we can see "Old Oklahoma" the largest alligator now in captivity, measuring fourteen feet and six inches and is estimated to be nearly 300 years old.

The big store—Cohen Bros.—is the largest department store in the state. It covers one entire block.

These are some of the hotels:—Hotel Seminole, Hotel Mason, Hotel Aragon, Hotel Burbridge, Hotel Windsor, Hotel Windle and Hotel Jackson.

After viewing the postoffice, courthouse, the St. James building, Riverside park, Confederate park, Springfield park. My friend Arno and I returned to the business part of the city and after we ate supper, we took in the movies, for the city has quite a few of them. Then comes time to rest we find that two spreads are all that is necessary, with our windows open we sleep very comfortable.

Our second day's sight-seeing in next letter.—Bartley Jacobs.

Philippine Typhoon Causes \$2,500,000 Loss.

Manila, Dec. 20.—The typhoon which was reported by cable during the latter part of October and the first of November caused still heavier loss than was indicated by the first report before communication was re-established with Southern Luzon where the worst of the storm's effect was felt. The actual loss of life was about 170 killed by drowning, falling trees and the collapse of buildings, and the injured numbered several hundred, as reported, but the property loss is now conservatively estimated at not less than 5,000,000 pesos or approximately \$2,500,000. The hemp and copra plantations were levelled to the ground for miles and immense rice fields were stripped of crops by the flood.

The storm really included three typhoons within a fortnight, and the havoc which these worked with telegraph, telephone and railway lines made communication with Manila impossible for some time.

An expedition of three coast

guard steamers laden with food, medicine and other supplies under command of General Hall of the Constabulary, set out from here for the stricken districts and rendered all aid possible.

Coming Eclipses for 1915

During the coming year there will be three eclipses of the sun and two of the moon. A partial eclipse of the moon January 20th will be visible to North America. The moon enters the shadow at 2:55 a. m. and leaves at 4:20 a. m. eastern standard time. February 3rd a total eclipse of the sun will be visible to this continent. July 14th there will be a partial eclipse of the moon, beginning at 10:19 p. m. An eclipse of the sun July 30th, will not be visible in this country. December 24th, 1916, there will be another eclipse of the sun which will not be visible to Americans.

Three New Deacons.

TWO MILLIONS ON DIXIE HIGHWAY

Bids Fair To Be the Most Expensive of Roads.

Chattanooga, Tenn., Dec. 20.—Over \$1,765,200 expended in six months on the Dixie highway alone in fifty counties is the wonderful story of progress gleaned from the reports made to headquarters here to date. This is only a foretaste of what will be accomplished as these counties are preparing to spend \$6,931,000 within the next twelve months.

As the counties have not been selected for special progress, but are from all the states as they have reported, it is a reasonable assumption that they are typical of the average. They represent less than a third of the total number of counties. Using a multiple of three, you have an estimate of over \$5,300,000 spent on the Dixie Highway to date, and over \$20,793,000 to be expended.

To be ultra conservative, deduct a third of the total and see what a staggering sum remains.

## RODNEY

On Friday evening Dec. 17th, 1915, at 8:30 o'clock, the death angel came and visited the home of Mr. and Mrs. J. P. Samuels and took from them their precious little son, Albert Witzell, aged four years, six months and twenty days. He was sick only a few days with membranous croup. Little Albert was a bright little jewel and will be greatly missed by mother, father and four brothers, but we say to the dear bereaved ones to not weep for we know that little Albert is with the angels in Heaven and happily awaits your coming. His little body was laid to rest in the Duncan graveyard.

Mrs. Clark who has visited here frequently was a Henderson girl before marriage and is a matron of charming personality who numbers her friends here by her acquaintances and all will sympathize with her greatly in the loss of her only child, who was such a manly and handsome little fellow.

Miss Winnie Nesbit will sell you a nice Xmas necktie at our store. M. E. Fohs.

## To the Presidents, Secretaries, And Members of the Farmer's Clubs.

The subscriptions, to make up the deficit in the 1916 salary for J. R. Bird, our county agent, are not all in. Some clubs have failed to respond. This is important and should be attended to before the end of the year 1915. Let everyone do his part. L. E. Crider, Sec'y.

## A Correction.

A few weeks ago the Record-Press made a statement about my having been employed by Mr. Gugenheim to run the Eskew farm. This statement has caused

ed some comments, which are entirely erroneous. Mr. Gugenheim bought the place, not for the money he could make out of it, but for the purpose of helping the farmers of this county. I will supervise all the work. The place will be run as a Demonstration Farm. We will try to build up the farm and make it pay its own way. The work will be done according to instructions from the Experiment Station at Lexington.

We expect to have different varieties of farm crops growing under the same conditions, so on farm meeting days held during the growing season, farmers will be able to select the variety he likes best. Numbers of people have asked me to get an experiment farm down here in Crittenden county, but to do this the county, or somebody must furnish the land. This is not to be an Experiment Station but a soil building test, right here where everybody can visit it and profit by our work.

I will attend to my work as County Agent just as I did this year, I want to take the space here to give each man, woman and child an invitation to join the farmers club nearest your home and help in this work. What will you do this year to make your farm better, your home better, your community better, your roads better? Do not wait for somebody else to do this improving, join in, one and all, we can all help a little, in our own little way.

I wish you one and all a merry Xmas and a happy New Year. Your County Agent, J. ROBERT BIRD, Marion, Kentucky.

## Now Well

"Theodore's Black-Draught is the best all-round medicine ever used," writes J. A. Stephens, of Pittsburg, Texas. "I suffered terribly with liver troubles, and could get no relief. The doctors said I had consumption. I could not work at all. Finally I tried

THEODOR'S  
BLACK-  
DRAUGHT

and to my surprise, I got better, and am to-day as well as any man." Theodore's Black-Draught is a general, cathartic, vegetable liver medicine, that has been regulating irregularities of the liver, stomach and bowels, for over 70 years. Get a package today. Insist on the genuine—Theodore's. E-70

## Incorporating the Farm

## As a Family Concern.

In Minnesota, says Farm and Fireside, is a Scotch farmer named McCallum who thought out a new way to increase the efficiency of his property and keep his children on the farm.

The result of his scheme is that eight of his nine children are farmers and glad to remain so.

Mr. McCallum had his farm incorporated as a business. Reserving a third of the stock for himself, he divided the remainder among his children. At a directors' meeting—the directors were all his sons and daughters—he was elected president, while his sons became the different officers of the company. The advantages of the scheme, says Mr. McCallum, are that now each of his children has a direct personal interest in the family property and the different farm departments, such as hogs and poultry, have become business departments with the manager responsible to the corporation for the departmental stock and management.

## Whenever You Need a General Tonic

Take Grove's. The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents

## Notice To Fun Makers.

Christmas holidays are almost here. Now we want every child and grown person to enjoy themselves, but we can not have anyone shooting fireworks on the streets. It is very dangerous to people on the streets and also to people coming in from the country with teams. The streets are for the people to travel without being disturbed. We want our neighbors and friends from the country to come to town and feel free. I don't believe anyone in Marion would intentionally scare a team, but perhaps would do so thoughtlessly. So please keep off of the streets with your fireworks. Go to your homes and have your fun. Any drunkenness or misbehavior is a violation of law and the law will be enforced. So with best wishes to everybody and a merry Christmas and happy New Year, I remain,

## Chopin's Heart in Moscow.

Before the Russians left Warsaw they sent away from that city its most precious relic, the heart of Chopin, which had been kept in a casket in the Church of the Holy Cross there since 1849. It is now in a place of safety at Moscow. Shelley's heart was also preserved in a casket. When the poet was drowned off Leghorn in 1822, his body was cremated by Byron, Leigh Hunt and Trelawney, and his heart was rescued from the flames by the last named. When King Robert Bruce of Scotland died in 1329, his heart, too, was preserved in a casket. It was given to a friend, Sir James Douglas, to be buried in Jerusalem. On his way out to Palestine Sir James Douglas fell, fighting against the Moors in Spain, and as he fell he threw the precious relic before him in battlefield, crying out, "Now pass onward as thou art wont, and Douglas will follow thee or die." The heart was found next day by Sir Simon Leigh, who brought it back to Scotland, where it was buried in the monastery of Melrose. —London Chronicle.

## Three Brothers Earn

## \$600,000 In One Year.

Madison, Wis., Dec. 22.—Three young men after one year's work have earned \$600,000. They received their pay in one check.

Back of this story is the working out of a valuable invention as a harvester appliance, which will mean an immense saving of labor to farmers of the nation.

The men who will receive the check are Andrew Kurth, of Madison, and his brothers, Wm. and Mathew of Waunakee, Wis., who closed the deal for the sale of their invention last week to the International Harvester Company.

The machine which the Kurth brothers invented is a grain binder combined with a shocker and combined with a corn binder. A test in the fields of Wisconsin has demonstrated the practicality of the device.

## To Whom It May Concern.

I went to Dr. J. R. Gilchrist July 24th for a pair of glasses, and he proposed to relieve me of my granulated sore eyes for a specified sum of money, if I'd follow instructions and make a statement of the facts afterward. The facts are as follows: I suffered from granulated sore eyes for twenty eight years. I was nervous and in poor health. I had been to specialists in Louisville, Evansville, Henderson and other places with no relief. After following his treatment I am free from granulation; my nerves and general health are greatly improved and the eye the others told me I would never use again, is as good as any other one.

I can heartily recommend his treatment to like sufferers and will never be able to express my appreciation for what he has done for me.

## St. Louis Gets Big Convention.

Washington, Dec. 22.—The Democratic National Convention of 1916 will be held at St. Louis, beginning Wednesday June 14, at noon. The Democratic National Committee tonight named the convention city and adopted resolution calling for the renomination and re-election of Woodrow Wilson as "the trusted leader of national Democracy."

Chicago and Dallas contested with St. Louis for the honor of the convention, but St. Louis easily led from the start and won on the second ballot. When the trend of the voting was seen Texas moved that the choice of St. Louis be made unanimous. Dallas held second place on the first ballot, but was displaced by Chicago on the second roll call.

## GOOD NEWS

MANY MARION READERS HAVE HEARD IT AND PROFITED THEREBY.

"Good news travels fast," and the many bad back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. J. E. O'Daniel, 603 O'Neal St., Hopkinsville, Ky., says: "I suffered for some time from pains in my back and sides and other troubles arising from weak kidneys, seeing Doan's Kidney Pills highly recommended in the papers, I got a box. They quickly cured me and I know that they are the best kidney medicine to be had. I always advise friends and acquaintances to give them a trial."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. O'Daniel had. Foster-Milburn Co., Props., Buffalo, N. Y.

## SIX TIMES NINE.

I studied my tables over and over, backward and forward, too; But I couldn't remember six times nine — and I didn't know what to do. So sister told me to play with my doll and not to bother my head, "If you call her fifty-four for a while, you'll learn it by heart," she said. So I took my favorite, Mary Ann; I thought I thought it a dreadful shame To give such a perfectly lovely doll such a perfectly horrible name. And I called her my dear little fifty-four a hundred times, till I knew The answer of six time nine as well as the answer of two times two.

Next day, Elizabeth Wigalworth, who always acts so proud, Said six times nine is fifty-two, and I nearly laughed out loud; But I wished I hadn't, when teacher said, "Now, Dorothy, tell if you can" I thought of my doll, and, sakes alive! I answered "Mary Ann!"

FEELS NO NEED  
OF DIETING NOW

J. W. Dougherty Says He Eats All He Wants Since He Began Taking Tanlac.

Louisville, Ky., Dec. 22nd.—Among those who have tested the value of Tanlac, the premier preparation, and who are loud in its praise, is J. W. Dougherty, of 2111 West Market street, this city. He is widely known in Louisville. Recently he said: "For a long time I had been a sufferer from catarrh and stomach trouble. I had no appetite to speak of. Every morning I got up, it seemed to me, feeling worse than I had the day before. I was all choked up, and what sleep I got seemed to do me no good. I tried dieting, but that did not help. My condition got worse instead of better.

"Friends urged me to give Tanlac a trial, and finally I did. It was remarkable how quickly it helped me. My appetite improved. It wasn't a question of dieting any longer—I ate all I wanted and I wanted a lot. I began sleeping soundly. I have gained strength and weight."

Many others suffering from catarrh have found relief in Tanlac, just as Mr. Dougherty did. They have made public statements like his in praise of this peerless remedy.

Tanlac is now being sold in Marion at Jas. H. Orme's drug store; and in Blackford by A. T. Brown. Advertisement.

## Flying Across Atlantic Now Easy.

In the January American Magazine Merle Crowell quotes Henry Woodhouse as saying that a transatlantic flight in an aeroplane is now an easy matter. Mr. Woodhouse is governor of the Aero Club of America and member of the Conference Committee on National Preparedness.

"The \$100,000,000 spent, and the \$200,000,000 appropriated for military aircraft in the last three years by the nations of the world will be one of the best investments for peace (said Mr. Woodhouse.) As an indication of the stimulus that flying has received, I may mention the fact that any of the "super Americans" Mr. Curtiss is building could easily fly across the Atlantic Ocean."

## Shark Pulls Man's Tooth

The shark commonly known as the "hog shark" in native waters is now fully qualified as a dentist; or, in other words, the big fish recently pulled a molar in real approved style. A local bank official was the man who underwent the experience of having his tooth whisked out of his face. Here's the way it happened:

He is P. F. Gleason, of the Germania bank force. He was in a launch in Warsaw Sound. While fishing he placed the line in his mouth, holding it between his teeth. There was a sudden terrific tug as a shark grasped the bait, and the tooth, exactly in the front upper gum, was torn out. —New York World.

## City Falls Before Rabbits.

Dublin, Tex.—Yesterday the population of Dublin was 2,551. Today it is approximately 1,002,551.

Jackrabbit and all his relations for miles around suddenly tired of rural life. So they moved into the city. They occupied back yards, gardens, the public square and held overflow meetings in the streets.

The citizens are powerless. There is not enough ammunition in the city to make even an impression on the horde. The rabbits have made friends with all the cats and the dogs are cowed through sheer weight of numbers.

If other methods fail, it is planned to use the Dublin silver cornet band in a sort of reverse Pied Piper effect. The band has been known to drive humans out of town, and it might have the same effect on the rabbits.

### TO BUY MILLION BALES OF COTTON

Offer from Warring Nation Received by Farmers' Union.

New Orleans, Dec. 21.—Announcement was made at yesterday's session here of the Association of State Presidents of the Farmers' Union that the association has in its possession a bona fide offer from one of the chief warring nations of Europe to buy one million bales of middling grade cotton at twenty cents per pound.

The order is from private parties, it was said, and in no way is it related to an order from Germany for 1,000,000 bales at fifteen cents, announced on September 8th, by Senator Smith, of Georgia.

The committee composed of H. N. Pope, D. E. Lyday and Peter Radford, all of Texas, was appointed to confer with government officials in Washington in an effort to obtain protection for shipment. It was said the cotton would be sold and forwarded under the supervision of the Farmers' Co-operative and Educational Union of America and that each cotton state would furnish a portion of the shipment. The offer, it was stated, specified that the cotton was to be used for domestic purposes only, and it was declared the shipment would be assembled in New Orleans for early delivery.

Aside from safeguarding the financial part of the transaction it was said the belligerent government agreed to the appointment by the United States government of a committee to accompany the shipment and see that the cotton is not used in the manufacture of ammunition.

Officials withheld the identity of the prospective purchaser.

### WOMEN OF KENTUCKY.

Newport, Ky.—"I have had a very good experience with 'Favorite Prescription.' I was dragged out and so severely sick with female trouble that I was down in bed and had to give up all work. I did not get any strength from anything. Then I read of what Dr. Pierce's Favorite Prescription was doing for others and my husband procured two bottles of 'Prescription' at the drug store. I got stronger at once and the use of two bottles brought me up from my sick bed and put me on my feet. I have had no return of the trouble since. This was some ten years ago."—MRS. NANCY SANDERS, 338 Central Ave.

Thousands of women right here in Kentucky who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trilling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Sick headache, biliousness, costiveness, and all derangements of the liver, stomach and bowels are relieved, prevented, by Dr. Pierce's Pleasant Pellets.

### Irrigating A Continent.

The rainfall in Australia is very unequal. Although there are frequent and heavy rains on the eastern highlands, the climate of the plains to the west is exceedingly dry, and the government of New South Wales is planning a system of irrigation so that the soil, which is naturally rich, can be cultivated. There will be an immense reservoir with a dam 240 feet high to collect the winter floods of the Murrumbidgee River for use in the summer. The reservoir will be one of the largest in the world; it will hold thirty-three billion cubic feet of water—a quantity greater than that in Sydney harbor. Some of the irrigation canals will probably be at least a thousand miles long. The government is already advertising for applications for the land that will become available for cultivation, and has issued a pamphlet describing the progress of the work.—Youth's Companion.

### WAR BETWEEN AMERICA AND GERMANY PREDICTED

Recorded in Great Book of Destiny Is Declaration of French Political Writer.

Paris, Dec. 20.—Under the caption, "Gulliver Wakes Up," Joseph Reinach, the political writer, in an article in the Figaro, comments at length on President Wilson's message to Congress. He declares that the message was animated by righteous anger although not altogether free from metaphysics. It is evident says M. Reinach, that the President was moved to the deepest indignation by the revelations in the trial of the director and several employees of the Hamburg-American steamship line on a charge of conspiring to defraud the government.

"The more one reflects," says M. Reinach, "the more one is convinced that the economic and political absorption of America is one of the great secret designs of the Germanic empire, and that consequently, nothing is more inevitable than an eventual

conflict between Germany and the United States. Such a war is written in the great book of destiny. None can efface the writing. Human nature is not absolute. It is limited by nature and the logic of things. It is for America to decide whether to let Germany choose the hour or choose it herself."

Most of the other newspapers refer to the message with approval.

The Matin says that much greater weight is lent to the message by the fact that it is delivered within a few months of the Presidential campaign. Roosevelt himself could hardly have spoken more vigorously, the paper says, and adds:

"Thus the Progressives, the Republicans and the majority then draw together before the danger of the German-American terrorists. Has Germany spent her \$50,000,000 in vain?"

Wheezing in the lungs indicates that phlegm is obstructing the air passages. BALLARD'S HOREHOUND SYRUP loosens the phlegm so that it can be coughed up and ejected. Price 25c, 50c and \$1.00 per bottle. Sold by James H. Orme.

### Danger Signals

NATURE has planned some signals to show danger to a person's health. The signals which may indicate tuberculosis are given below:  
First.—A cough that hangs on for more than a month.  
Second.—A gradual, steady loss of weight, and often of appetite.  
Third.—A slight feverish condition, lasting a little while every afternoon.  
Fourth.—A loss of strength or energy.  
Fifth.—Streaks of red in the sputum.  
Sixth.—Sweats at night.  
Any one of these things may indicate tuberculosis, and they may indicate something else. If any one of them persists more than a month without any sign of recovery, go to a doctor and ask for a careful examination. It may not be tuberculosis, but it is best to know exactly.  
Do not trust in any patent medicine to relieve you of any of these symptoms. Most patent medicines do more harm than good.  
This information, given by the Kentucky Tuberculosis Commission, is accurate, and a knowledge of these things applied to your own condition, if you have tuberculosis, may lead you to the physician in time to be saved.

### WEDS WITH HANDS CLASPED OVER MOTHER'S COFFIN

Parent's Opposition Had Delayed Marriage More Than 20 Years.

Martinsville, Ind., Dec. 21.—The friends and relatives had assembled to attend the funeral services for Mrs. Mary Mitchell, who died on Sunday. Softly the musicians sang "Abide With Me," and the minister, the Rev. L. H. Harriman, was about to proceed with the funeral ceremony, when he came to an abrupt halt.

Miss Nettie Mitchell, daughter of the dead woman, and P. F. W. Fewman descended the stairs walked to the open coffin, with hands clasped over the dead woman's body asked that they might be married. The ceremony proceeded amid the most intense silence. It was a surprise to everybody.

The minister then proceeded with the funeral exercises, after which the newly married couple received the congratulations of their friends, and then accompanied the funeral party to the cemetery.

The marriage was the result of a romance that had lasted for more than twenty years, the marriage being delayed, it is said, on account of the opposition of the mother to her daughter leaving her. Mr. and Mrs. Newman will live in Martinsville.

## WAR BRINGS OUT FIGHTING SPIRIT OF THE SCOTCH

Men From Lowlands and Highlands Swarm to Big Centers to Enlist.

### EXILES COME FROM OVERSEAS

Scottish Regiments Win Proud Record on Fields in France—Make Unequaled Rally to Rumble of Empire's Drum—Edinburgh Is Hard Hit.

By D. M. MATHIESON.

Edinburgh.—The Scot in American exile, who daily ponders over the diversified war news and whose face turns always to the homeland and particularly the northern part thereof, where the mountains rise till they are lost in the gossamer shreds of mist and the sea rolls in amid the thousand inlets of the western Hebrides, may well wonder how the upheaval of the eastern hemisphere is affecting the lives of the folks he has left behind.

Let me say at once that over the length and breadth of Scotland the war spirit reverberated in a wave of patriotism unparalleled in all the imperishable fighting history of Old Gaul. Figures available on the eve of the last voluntary call to arms by King George show that Scotsmen have made an unequalled rally to the rumble of the empire's drum.

To give a concrete illustration—from the island of Lewis 90 per cent of the male population today wear the king's uniform, mostly in the navy; the cities of Edinburgh, Dundee, Perth, Inverness and Aberdeen responded, till now it is believed not a conscript, if conscription comes, could be secured.

Scotland for months has been a vast armed camp. On the border there is a great camp occupied by the men from the Lowlands. When I saw them they had been in camp for nine months, sturdy, well knit fellows, with the keen, small eyes peculiar to the natives of the southern part of Scotland. Away in the west in the farming country of Ayr there are camps where you meet the long-limbed, lean, deep-chested men with the quick gray eyes typical of the people of the western seaboard.

#### Fighting at Dardanelles.

On the Scottish regiments fell the bulk of the fighting in the Dardanelles. It was on the regiments who went out from the capital of the country that the losses were heaviest, and today in the city of Edinburgh there is scarcely a family but mourns the loss of a relative or a friend. The landing at the Dardanelles has been written of as one of the wonder pages in the military history of the world.

Scotsmen are happy, ghastly though the sacrifices were, that to their sons was apportioned the first effort to get a footing on the peninsula. From Flanders again are endless stories of deeds which cover anew the names of Scottish regiments with luster. Of the famous Black Watch it is said they carried their trenches at Loos half an hour ahead of any other part of the British army. This may or may not be true, but at all events in the English papers long accounts have appeared of the thrilling onrush of the kilts.

The Royal Scots, the Lowland regiment with which Lord Rosebery's name is associated, have won undying fame at the Dardanelles. The Cameronians, the regiment largely recruited from the professional classes of Glasgow, the King's Own Scottish Borderers, the Fife and Forfar Yeomen, the Argyll, the Seaforth and the Gordon Highlanders have all thus early embellished their old fighting records.

#### Hunger for a Fight.

There are men in these camps who have been training for 14 months. They are hungry to be sent out. They represent the best blood in the nation. They are drawn from the middle classes and the Shire families.

At a recruiting rally I have seen nothing more wonderful than the voluntary assemblage of Scotsmen when the flag was unfurled. Instances are known where Scotsmen voyaged hundreds of miles on the rivers from the backwoods of Canada. Scotsmen came from the sheep farms of Australia, from the rubber plantations in the East, from the torrid plains of India, from the golden Rand.

The old Scotsman watched—and there was a tug at his heart strings—the human river roll endlessly to the land of home. He heard of his lads who had crossed the Andes from regions almost unknown and sailed round Cape Horn, 10,000 miles, all at their own expense, to join the line of battle for their race.

"How is life at home in these times?" may be asked. Financially the people have not felt the pinch. There is less poverty, I should say, than in pre-war times. One reason for this is that the dotsam and jetsam have been as patriotic as the better classes, and with the liberal separation allowances made by the government for the families of men who have en-

listed there is plenty of money among those ordinarily very poor.

#### Hive of Industry.

In Glasgow prosperity is abounding. This is accounted for by the enormous demand in the shipyards and in the great engineering shops. From Greenock to the Broomielaw every shipyard on the Clyde is choked with work. The banks of the river are a hive of industry in shipbuilding and ship repairing.

In the great steel works the same story is told. The guns that are being forged, the munitions that are being made, are beyond reckoning in quantity and Glasgow has money far in excess of the days before the war. At a football match played in Glasgow on the third Saturday of October between the Celtics and the Rangers about 70,000 spectators were present. The total of the gate money was not published, but I know that the sum taken was between \$7,500 and \$10,000.

Of course Glasgow is different from other cities, for there a very great part of the male population has been compelled, much against its inclination, to stay at home for the purposes of national industry. Indeed when the nation began the organization of its industry for war purposes great numbers of mechanics were brought back unwillingly from field service to take their places in the workshops.

#### Edinburgh Hard Hit.

In Edinburgh, where the law courts, the university and the rich insurance and investment companies give so much employment to highly educated men, the collapse of investments, the almost deserted courts and the drop in the number of students, who prefer the battle field to the professors' lectures, have all had an adverse effect. Life, however, goes on almost as usual. The theaters and other places of amusement are crowded, the restaurants and the tea rooms are always gay and the streets are filled with military men. Prince street is thronged by the same fashionable crowd.

There are great battle squadrons keeping their ceaseless vigil off the coasts, and the naval man finds Edinburgh his most convenient city for relaxation. Admirals who have already won renown can be met with here of an afternoon. Admiral Sir David Beatty and his American wife are often in the city. Lady Beatty is taking a large part in Edinburgh affairs. Their home is Aberdour castle, a lovely place on the Firth of Forth about an hour's run from the city.

The shops are as brilliant and as crowded as in pre-war days.

#### Englishmen in Regiments.

There are more than Scotsmen in the Scottish regiments. The stirring strain of the pibroch and the swing of the kilt have brought in a number of Englishmen. A Manchester lad crossed into Scotland and enlisted in one of the Highland regiments. He was located for months in Inverness and, much to his disappointment, he did not get a kilt, but was served out with "trews." Weeks passed and no kilts came along.

Then word came that the regiment was to be shifted to the south of England preparatory to crossing to France. Three days leave was given. The young Englishman was mortified at the thought of returning to Manchester to bid farewell to his friends, not in the splendor of the kilt but in everyday trousers. He appealed to one of the sergeants of the regiment. After a great deal of argument the sergeant arranged to lend him a kilt for three days for a dollar. He left in the train in great glee and for a couple of days swaggered about Manchester in all the glory of his Highland uniform.

#### Nemesis, however, overtook him, for on the third day he had such a terrible cold that the doctor ordered him to bed. The young Englishman joined his regiment a week later in the garments his legs were most accustomed to.

### HUNTERS TREE BLACK CAT

They Thought They Had a Coon, and Waited All Night Under the Tree.

Saylorsville, Ky.—The other night J. S. Adams and his two sons, Carl and Bundy, went opossum hunting. They started about nine o'clock, and about twelve o'clock his wife began to get uneasy, and still they did not come home. Next morning she went out and got the neighbors to make a search for them, and while she was getting breakfast she looked up the hill and saw them coming.

When his wife asked him what had delayed him he said: "We were on the hill when the dog made a dive into the underbrush and then treed something. We went to the tree and thought it was a coon, and we laid down on the leaves and went to sleep. The next morning we saw that we had treed a big black cat instead of a coon."

### HAS A FREAK APPLE TREE

Virginia Man Has Tree That Blossoms Half and Half at Sweet Will.

Marion, Va.—This seems to be a season of freakish manifestations in garden and apple orchards of Southwest Virginia. One of the most peculiar of these manifestations occurred on a farm a short distance east of Marion. An apple tree which heretofore had borne its fruit in the natural and accepted manner, blossomed in the spring on one-half of the tree only, not a bloom appearing on the opposite half. Late in the summer, after the first crop of fruit had matured and been harvested, the tree blossomed on the second half, the fruit maturing in the usual manner.

## LIKE PART IN PLAY

Battle Charge So Seemed to London Theater Boy.

Goes Through With Role He Rehearsed, Has No Sense of Fear, Does His Share and Is Wounded.

London.—Although admittedly scared in the first charge, a British soldier tells in the London Times how his chum's death roused him to action and sent him rushing into the charge which resulted in his being wounded. The soldier before enlistment was a call boy in a London theater.

"It was all right once the curtain was up," says the soldier. "It was the first night's wait for the advance which I found most trying, with the incessant thunder of the guns and the shrieking of the shells over our heads. It was a most impressive overture to the great drama to come. This was my first appearance in a big battle."

"Although I knew the part I was to play well enough, after the many months of rehearsals in England, I must own that I was shaky, like an actor on the first night, I suppose. Looking back now, it seems strange how quickly the feeling passed away."

"My chum and I had agreed that we would stick together as long as we could, but our plans were soon upset. No sooner had we clambered out of our trench than he went down. This seemed to rouse me. I seemed to go mad with rage and hardly knew what I did. The most extraordinary thing was that I seemed then to have no fear of the hail of bullets which rained down upon us. They all seemed part of the play."

"I was carried along by an overwhelming impulse to get at the enemy and avenge my chum. I, like the rest of us, scrambled as fast as my legs would carry me, slipping and sliding in the mud, until at length I went sprawling in the slush which had been churned up by the rain and shells. I had just scrambled to my feet again when I heard the order to renew the charge."

"Leveling my bayonet, I rushed headlong forward, jumping over bodies and barbed wire as though I was electrified. My first experience at battle was short and sweet, for I was bowled over at the first trench. I remember plunging my bayonet into a huge German who confronted me with a leveled rifle. Then I was hit on the head by something or other which made me see more fire than I had seen during the whole time I had been out there. I hope to get a 'return engagement' and be in the last act of all, but I have at least avenged my chum."

### WOMAN POTS WHITE DEER

For the first time in twenty years a white deer has come down from the Adirondacks and the lucky shot which killed it was fired by Miss Marion Beatrice Fuller of Boston and she is mighty proud of her achievement. The picture shows Miss Fuller and one of her trophies of the chase.

### WOULD MARKET WHALE MEAT

Whalers Insist Flesh Is Equal to Any Eaten by Man—Season's Catch Big.

Seattle, Wash.—The manager of a large whaling station at Akutan, Alaska, who has just returned from his season's work, reports that his company took 39 males, yielding 15,400 tons of fresh meat, excellent in flavor and highly nutritious.

An effort is being made to place whale meat on the market as a table food, whalers insisting that this flesh is equal to any eaten by man, but not used ashore because of ignorance.

#### Gets Sixth Set of Teeth.

Huntington, W. Va.—Mrs. Annie Mahan, aged one hundred and two, of the wilds of Logan county, is cutting teeth for the sixth time, the sixth set appearing nine weeks after the preceding set had begun to grow.

Mrs. Gregory, aged one hundred and nine, neighbor of Mrs. Mahan, spends her spare time digging ginseng roots on the highest mountain sides.

mense bouquet of Bride's Roses to her bosom. The maid of honor was attired in pink crepe-de-chine and carried a large bouquet of pink and yellow roses. Two of the attendants wore pink and one wore yellow crepe-de-chine, and carried pink and white carnations. The ceremony over the bridal party left the church as the sweet strains of "Lohengrins bridal chorus" peeled forth from the vocalion where Miss Lucile Pope presided. Immediately after the ceremony a four course luncheon was served at the home of the bride's parents, Mr. and Mrs. W. T. Cannan, which consisted of the season's dainties.

Everyone seemed to enjoy this program as it was different from any ever given here before and intensely interesting from first to last. It is needless to say that no one claimed the five dollar bill.—Four M. H. S. Girls.

### SEVEN SPRINGS

Riley Brasher's nice new stock barn is nearing completion. The principal part of the work on the building was done by Mr. Elder, the carpenter from Marion, who is a fine workman, and he gives perfect satisfaction in every respect.

John Patton and son, Burnie, of Mexico, were guests of relatives in this vicinity Sunday.

Joe Bell and Oscar Patton spent several days last week in Princeton the guests of relatives.

Sam Shelby, the hustling merchant at Hedge cave, passed this section last week.

John Grimes, Ellis Dalton, Joe Bell and others whose names we failed to get, went to Paducah Sunday.

Riley and Percy Brasher and M. L. Patton were in Fredonia Monday.

Sam Guess and family, of Lyon Co., have moved into our vicinity.

Misses Stella Polk and Ina Stubblefield, two handsome young ladies of Emmaus, passed through here last week.

Percy Brasher and the carpenter are progressing nicely with the erection of Mr. Brasher's new dwelling house, which will be a handsome building when completed.

Rev. Willie Crouch, pastor of Seven Springs church, will lecture at that church on Saturday night before the second Sunday in January, 1916.

### Mrs. W. B. Yandell Entertains

In Honor of Mrs. Norval Pierce.

One of the most enjoyable entertainments of Nineteen hundred and fifteen was tendered Mrs. Norval Pierce, of Woodville, Miss., by her sister, Mrs. W. B. Yandell, to which the Chataqua members were invited.

Miss Miriam Pierce assisted by the Misses Pope gave several violin selections, including "A Perfect Day," "When Comes the Dawn," and "Somewhere a Voice is Calling," which were most beautiful and appreciated.

Sandwiches, salad, ice cream, cake, and coffee were daintily served to the above named guests, supplemented by several of the teachers. Mrs. Yandell does nothing by halves.
