REV. NEWMAN VISITS MICA MINES

A Tour of Inspection and Examination

By Mark E.翰

The mines of the Southern Mine Company are situated on a hundred miles of land near Fort Thomas, Ky. The Company, known as the Southern Mine Company, is a company formed in 1895 to explore and develop the mineral resources of the area.

The mines are located on a plateau of land that was once a great forest, and the Company has spent millions of dollars in exploration and development. The plateau is now divided into two parts: the north part, which contains the main mining area, and the south part, which contains the processing plant.

The Company has already produced a large amount of coal, and the prospects for future production are excellent. The Company is now working on a new project, which will involve the construction of a new mine and a new processing plant.

The Company's management is confident that the new project will be successful, and the Company is making plans to expand its operations in the future.

GOVERNMENT SPENDS HUGE SUM FOR 'DOCTORS TO TREAT RUNDOWN FARMS'

There are new plans to create a government program that will provide medical care for farmers in need. It is designed to improve the health and well-being of farmers who have been working long hours in demanding fieldwork. The program aims to provide access to healthcare and medical professionals to help farmers deal with the stress and physical demands of their work.

The initiative is part of a larger effort to support farmers, who are often considered the backbone of our food system. By addressing the health needs of farmers, the government hopes to ensure a more sustainable and resilient agricultural sector.

Wool Canton Supreme

To Electric Light Wire

The oil stick just Friday whip ped the electric light wire around until a street light was hit, which had gone across a main (110 volt) wire and nick ed the insulation off of it, soon burned in two and dropped to the street in the front of the S. H. Sturgeon residence on East Frank street.

The brush, which had to be removed at once for the safety of the public, was welded and soldered and the current which was shock the hand of an in the brush being fixed the telephone wire was repaired and the telephone was then in order.

DEAN

DEAN

The great news of the week was our wide, new siding.

Mr. A. S. Lamb, John Green, S. R. Thomas and Miss Lilian Wheeler are all with us this week.

Mr. and Mrs. R. N. Lamb and M. F. Grogan are all here.

Dad and Dollie were a few holidays last week and spent the week with relatives.

Walter and Don were all through here looking for tobacco, we understand.

J. B. Dunn, of Marion, was here for the last part of the week and was out fishing. He says he won’t come back till next week.

Mr. I. S. Dunn of Marion was here for the last few days and was here to see the market for tobacco.

Mr. J. B. Dunn, of Marion, was here for the last few days and was here to see the market for tobacco.

Mr. J. B. Dunn was here for the last few days and was here to see the market for tobacco.
