Vol. XXXVIII

This Interests Every Man Who Wants "Better Clothes"

--By special arrangement we are able to offer you made-to-measure clothes that are designed, cut and finished by the most expert Metropolitan tailors.

Men's Suits to Order
\$10.00 to \$37.00

Boy's Suits to Order
\$7.00 to \$25.00

Your spring suit should be made-to-measure for that is the best way to secure a perfect fit, distinctive style and a lasting service.

A suit made to measure lasts longer than the ordinary kind. It is made for You, not for the "average" man.

We are now showing hundreds of samples of new spring fabrics. You can select the pattern you wish and the style you wish. It's the one way to get real clothes satisfaction. Let us take your measure now and we'll make you the finest suit you have ever worn.

MARION HIGH SCHOOL NEWS

Everything Running Nicely.—New Additions Are Being Made on Auditorium Stage

The entertainment last Friday night was a great success. The school made about \$35.00 for the improvement fund. We thank the people for their hearty support.

Miss Mary Finley visited the girls' Library Society last Friday. The subject of the program was the "Panama Exposition." Miss Finley read a splendid paper on this subject, and told us some very interesting things. We enjoyed having her with us and invite her to come again soon.

The stage in the Auditorium is being enlarged. The carpenters are at work on it now and hope to have it completed by next Friday. Drop curtains and dressing rooms are to be installed.

ed. After it is finished we will have a first-class stage on which to give our plays and entertainments. The Junior class is to give a play on Friday evening, Feb. 18th. We ask the support of the townspeople on this occasion as the proceeds of this entertainment are to be appropriated to the payment of the debt incurred by this work.

While the carpenters are at work in the chapel, and we cannot have our regular chapel exercises, the different classes have exercises in their own rooms.

The boys' Literary Society is to have a debate on the following subject: "Resolved that the United States should within the next fifteen years, grant the Philippines their independence, and aid them in establishing a free and independent government."

The Scimitar Society of M. H. S., is to give a "Celebrity" program. The lives of Caruso, Julia Marlowe, Geraldine Farrar, Maude Adams and several others are to be discussed. This program is sure to be very interesting and instructive.

Corn and Pig Club Meets At Oak Hall.

Friday night, Feb. 11th, the Corn and Pig Clubs will have a meeting for the purpose of discussing plans for the coming year, also to elect a new president. New members may join that night but that will be the last chance as far as the President is informed.

Others than members are invited to attend. If you haven't extra good pigs or land to use; it will be of interest to you to learn that by using a little of your spare time in reading the bulletins on soil building and hog breeding and feeding, that at a small expense you can make the land more fertile and the hogs more profitable. When you see these things you will become interested.

May I ask that the following program be discussed by the ones to whom they are assigned: "The Value of Pure Bred Hogs" T. A. Enoch; "Profits of Pure Bred Corn," J. M. Dean—W. T. Terry; "Education Gained by a Free Trip to Louisville," Lafayette Cleghorn; "How Pigs May Be Fed For A Profit," W. Johnson Postlethweight—Tilman King. D. H. Postlethweight.

Dan P. Campbell Dead.

Dan P. Campbell died at his home near Mexico Thursday night at 9 o'clock of tuberculosis and diseases incident to old age, being eighty-three years old. He had been a mason for near a half century and was buried with masonic honors Saturday at 10 o'clock at the Campbell graveyard on his home place.

He is survived by two sons, James and Elijah, and by four daughters, Mesdames Alice Rushing, Lucy Dobbins, Hattie Yandell and Mary Humphreys, all of the Mexico vicinity excepting James, who lives near Crider.

Marion Man Winner In The Mountains.

The Carnegie Library to be held at Corbin, Ky., will be superintended by Contractor F. B. Heath, of this city, who was awarded the contract last week. We have not seen the plan or the specifications, but understand it is on a scale of magnificence which is usually displayed by Mr. Carnegie in all such enterprises. We congratulate the people of Corbin in securing the services of Mr. Heath which will insure them a first-class and an artistic job in every particular.

Brown's in Town.

We are glad to know that the greatest bargain king of the south is seen on streets.

We are informed that he will again conduct a big bargain sale like he did four years ago for Carnahan Bros. & Dodge. It will be remembered that the sale he conducted here before was the largest ever seen in this county. He will take over and have charge of Carnahan Bros. & Dodge's store for seven days starting Saturday Feb. 12th and will come to a close Saturday Feb. 19., during this time the entire stock will be marked at cost and below.

Big preparations will be made and thousands are expected.

Easter Comes Late.

Easter comes later this year than it has since 1905. April 23rd is the date of the end of Lent. Easter Sunday was the same date in 1905. Easter will not come as late as April 23rd again until 1943, when it will be two days later, April 25. In 1886 Easter Sunday fell on April 25th, the latest date for Easter from 1811 until 2000. In the year 2000 Easter Sunday will be on on April 23rd. With the exception of 1943 there will be no Easter Sunday as late as April 23rd until 2000. Coming on Apr 23rd, Easter Sunday will be nine teen days later than last year. Next year it will be fifteen days earlier.—Exchange.

Salem Graded And High School Items.

School is progressing nicely at present. Good attendance and very good interest.

The common school diploma examination was held here Jan.

28th and 29th, by our principal, T. E. Sullenger, who was appointed special examiner by the county superintendent of schools. We were glad to learn that all the applicants passed, they were: Orban Foster, Corine Graves, Lucy Mitchell, Marion Pace, Mildred McDaniel, and William Padon. We are expecting many more for the May examination. The Literary Society is preparing a splendid play to be staged in about one month from date.

Two prominent members of our Board visited us a few days ago. We are always glad to have the patrons call on us pupils as well as teachers.

Miss Newton Riley, who has been absent from school for some time on account of illness, is able to be with us again.

There has been a great deal of sickness in our district since Xmas, but we are glad to note that many have recovered.

Our principal has prepared an educational survey of our district. You may secure a copy by calling or writing him.

DR. CHARLES EVANS TO HEAD KENDALL

Central State Normal President Will Go To Presbyterian Institution.

Tulsa, Okla., Jan. 31.—(Special.)—Trustees of Henry Kendall college Monday elected Dr. Charles Evans, president of the Central State Normal school at Edmond, as the new president of Kendall college. The election was held at 3:30 o'clock Monday afternoon. The local members of the board of trustees with the business men of Tulsa entertained President Evans and his wife at a banquet and reception.

The election of Doctor Evans as head of Kendall college has been rumored for several days and the announcement Monday that he was the choice of the trustees did not come as a surprise.

LOYD'S BRAIN LEAKS.

By F. S. LOYD:

Dr. Moore says, A dainty dash of color improves a girl's looks and there is no harm in it, but the trouble is that the drugstore sells the color by the box, and a girl imagines she has to use the entire box at one application.

Carlous Oakley said: "Pa, is a bigamist a man who has one wife too many?"

"Not necessarily, my son, lots of men who have one wife too many are not bigamists." Replied his father.

Mrs. Oakley said: "Carlous if you don't quit asking your father questions you will be as big a fool as he is."

Oscar Hibbs says, It is easy enough to be popular when you have the coin but always remember that when you are broke you are almost as popular as the smallpox.

Uncle Dock Green started out to quote some poetry. It ran like this: "The man who fights and runs away, May live to fight some other day, If he can outrun the fellow who is after him."

Mrs. Albert Elder says, I always hate to hear my husband snoring. I know it keeps him from talking in his sleep.

Ed Baker says, A man wants a hat like other men are wearing; but a woman gets mad if she sees another woman wearing a hat that is like her's.

Uncle Billy Loyd imagines that he is the main squeeze in his home, but just the same his wife always saves out the best towels, the china and the

best linen for company.

Newt Dollar says, It is a mighty lucky thing for some of our girls that their faces do not look anything like their elbows.

Darby Wyatt says, Forgetting to mail the letter your wife gave you, isn't the most serious mistake in life. Forgetting to burn the letter some other woman sent you, is the most serious mistake.

J. B. Ray says, A man likes to give a party because he can invite his friends and make them happy. A woman likes to give a party so she can make her enemies unhappy by not inviting them.

A child who has intestinal worms is handicapped in its growth. A few doses of WHITE'S CREAM VERMIFUGE destroys and expels worms; the child immediately improves and thrives wonderfully. Price 25 cents per bottle. Sold by James H. Orme, Marion, Ky.

GLENDALE

(delayed from last week.)

Homer Davidson has three more weeks of school after this week.

An infant of Mr. and Mrs. J. C. Lindsey was buried at the Love graveyard since our last report.

Johnnie Moore had the misfortune to get his meat stolen since he killed hogs.

Elbert Thomas and Miss Mae Hughes left Sunday for Bowling Green to attend school.

Mrs. Lacy Moore is the guest of her daughter, Mrs. Walter Griffith, at Marion, Ill.

Frank Belt entertained a number of his friends at supper Jan. 25th, it being his twenty-first birthday.

Misses Grace and Mattie Lindsey expect to attend school at Bowling Green when this school is out.

Miss Addie Franks received word last week that her nephews, John, Reed and Haschol Franks, of Greely, Col., were returning to Kentucky, John being quite ill. They are sons of the late Rev. J. J. Franks, and went to Colorado last fall hoping to recuperate their health.

STALION MOORE.

Horse Station and Miss Rose Moore were united in marriage at Tolu, Ky., Jan. 28th, by their pastor Rev. A. Royster. They were accompanied by Will Todd and Miss Stella Phillips. Immediately after the ceremony they returned to the home of the bride's parents Mr. and Mrs. P. C. Moore, of the Glendale neighborhood, where the following named enjoyed a splendid supper:—Mr. and Mrs. P. C. Moore, Mr. and Mrs. W. C. Moore and son, Misses Cora Moore, Stella Phillips, Mae and Nannie Hughes, Eula Jacobs, Mattie Lucas, Allie Thomas and Marie Moore. Messrs. Elbert and Ray Thomas and Will Todd.

The bride is the youngest daughter of Mr. and Mrs. P. C. Moore, and is a lovely Christian girl, and a talented musician. The groom is the youngest son of the late Alex Stalion, and is an industrious farmer. Both number their friends by the score who wish them the best there is in life.

They will soon go to house-keeping on his farm in the Glendale neighborhood.

Valuable Load of Tobacco

Stuck Fast in Mud Hole.

A load of tobacco estimated to be worth \$250, is stuck in a mud hole on a road near Cairo, with the water standing almost to the top of the wagon bed.

The tobacco belongs to a Mr. Coley, of near Tilden. He started to the city Friday with the weed. When near Cairo his team stalled and could not budge the load from the mud in which it seemingly was firmly stuck, and eight good mules failed to move the wagon.

The rain Friday night started the water rising in the road and it is said Saturday morning the water was almost over the top of the wagon.

Mr. Coley was in the city Friday night and is quoted as saying the load of tobacco was worth \$250. —Henderson Gleaner.

TEN KILLED IN ZEPPELIN RAID OVER PARIS

Huge Aircraft Drops Thirty Bombs In the City—Thirty Citizens Wounded.

Paris, Feb. 8.—A German Zeppelin appeared over Paris at 9:20 o'clock tonight. It dropped a dozen bombs killing ten people and wounding thirty.

At 8:30 o'clock Paris was completely darkened in anticipation of the Zeppelin raid. Fire engines and trumpeters went thru the streets sounding the alarm.

Searchlights were put in operation and noise of aeroplanes was heard in the air. At that time but two shots had been heard but it is unknown whether they were from approaching Zeppelins or from anti-aircraft guns.

PROMINENT RAILROAD MAN CURED OF STOMACH TROUBLE

Mr. T. R. Wit, city passenger agent of the Pennsylvania Lines, has his office in the Insurance Exchange Building, Chicago.

He was for some time a great sufferer from stomach trouble. After trying various medicines and prescriptions without results, he resolved to see what Mayr's Wonderful Remedy would do for him. This is what he wrote to Mr. Mayr after taking several bottles:

"I wish to let you know of the good I derived from your Wonderful Remedy, and would have done so ere this but was waiting to see if there would be any return of the evil I suffered before using your remedy, but up to the present time I am feeling better than I have for a great many years."

"I can fully recommend this remedy and will always do so, and will personally explain to any one who will apply to me my condition before taking your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get ONE bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Ballard Bonds Going to Float.

Brooks Says No Difficulty.

Ballard county will have no trouble in floating its \$300,000 worth of bonds, according to W. F. Brooks, U. S. senior highway engineer, who returned Thursday evening from Wickliffe. Agents of several companies are in Wickliffe now arranging for the purchase of the bonds.

Surveyors have already started work on a road which Ballard

county proposes to build from Wickliffe to the Carlisle county line, near Bardwell, the county seat, and it is expected that they will complete their labors within the next two or three weeks.

Another road which has been mentioned, but upon which the Ballard fiscal court has not yet taken action, is one which would extend from Blandville, in the east section of the county, to Wickliffe on the Mississippi river. —Paducah Sun.

MISSION OF THE RURAL CHURCH

SHOULD BE UNIVERSITY OF RELIGIOUS LEARNING.

Duty of Christianity to Evangelize the World.

By Rev. Jno. A. Rice, D. D.
Pastor St. John M. E. Church, South,
St. Louis, Mo.

Some years ago, the question was asked: What is a college? The attempt to answer it shook the educational world in America from center to circumference. Another question is now beginning to be asked: What is a church? Without undertaking to give a definition of it, let me ask, in this initial paper, what the church is for? The New Testament reveals three distinct tasks to which it is committed.

First, that of evangelization. The church is divinely commissioned to reach for the lowest and the least man in the least land and offer him sonship to the Eternal God; offer him a divine power, which lifts him out of the bog and places him upon the highest levels of human life, where God and the soul are in fellowship. This alone was an immense privilege.

Teaching the Art of Living.

The church is commissioned also to teach and train those who are rich with its evangelistic message. The term, Religious Education, has come to mean a specific thing in our country, namely, the training of the people in the local church in those deep matters which pertain to the art of living. I am not now speaking of the work of education in schools, colleges and universities, but the work of education at our doors, in the congregation. Every agency in reach should be employed to the utmost in this important mission. Indeed, the local church could be made a sort of university for all the people, in which the simple, practical arts and virtues of everyday life should be taught and enforced. Only recently has this special phase of the church's work received anything like adequate attention. The New Testament word for it is Edification.

School of Religion Needed.

Of course, the Sunday School is the center for all this work, although the activities of the church should extend through the entire week and the Sunday School should cease to be so named. It should be called the School of Religion or the Church School or something else that indicates it to be an all-the-week activity. During this time various and sundry clubs, classes, musical organizations, culture courses, as well as distinctly religious meetings, should be held. Thickly settled neighborhoods, as we shall see, offer fine opportunities for the development of things spiritual.

The third task to which the church is committed is that of Christianizing the social order; that of infusing the spirit of Jesus into every nook and corner of our life. Nothing is foreign to the interest of the church.

Neighborly Love Essential.

If religion pervades and colors the whole life then ours is serious business, for it will let no corner of the world escape its influence. The sooner we learn that Christianity is not a thing to be practiced in a corner the better for the world. The question of the eighteenth century, touching Christianity, was, Can it be made to square with the human reason? Of the nineteenth, Can it be made to square with the results of scientific research? Of the twentieth, What can it do? We must learn to enforce not only love of God, whom we cannot see, but love to our neighbors, with whom we are living in constant contact. Neither without the other is Christianity whatever else it may be. Everything that interests his neighbors must interest him, if he is a genuine follower of the Christ.

It is the mission of the church—the rural as well as the city—to evangelize the whole world, to train to the highest degree of efficiency those whom it evangelizes and to seek to make the spirit of Jesus the absolute rule in all human relations.

It is an admitted economic fact that there can be no permanent prosperity without a permanent agriculture.

THE NATION'S DINNER TABLE

When the dinner bell of this nation rings there have been slaughtered for the repast 13,000 hogs, 21,000 hogs, 4,600 sheep, 2,000 hundredweight of poultry and other meats, and there have been 700,000 bushels of cereals and 540,000,000 pounds of vegetables prepared for the feast. Multiply these quantities by one thousand, representing approximately the number of meals per annum, and we have the annual contents of the nation's larder. But with all our immense quantity, superb quality and wide range of products, the American housewife, like the wife of King Nebuchadnezzar, longs for variety and she goes marketing in foreign lands. She buys abroad \$200,000,000 per annum of farm products that can and should be produced in the United States.

FOR KENTUCKY WOMEN WHO ARE TIRED OUT, NERVOUS, SLEEPLESS, OR RACKED WITH PAIN.

Louisville, Ky.—"When I was in need of a woman's medicine I saw Dr. Pierce's Favorite Prescription advertised. I was nervous, tired out, and it seemed as if I was unable to meet my work. After I began using the 'Prescription' I became better and so much stronger. I used five bottles of this remedy and was entirely cured. I have never been bothered since. I am glad to recommend it because I desire to help others similarly placed."—Mrs. MARY SCHMIDT, 2221 Bank St.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion women should never fail to take this tried and true woman's medicine.

For girls about to enter womanhood, women about to become mothers and for the changing days of middle age, Dr. Pierce's Favorite Prescription should always be on hand.

It is a temperance remedy that is extracted from roots with pure glycerine and its ingredients are published on wrapper.

Any medicine dealer can supply it in either liquid or tablet form. The cost is modest, the restorative benefits truly remarkable. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 136-page book on woman's diseases. Every woman should have one. You can also have confidential medical advice without cost.

When you feel Lazy, Stretched, Half Sick, Blue and Out of Sorts, look to the Liver; it is Torpid.

HERBINE

Is the Remedy You Need.

It is an invigorating tonic for a torpid liver. The first dose brings improvement, a few days use puts the liver in fine vigorous condition. Herbine also extends its restorative influence to the stomach and bowels. It helps digestion and food assimilation, purifies the bowels and brings back the habit of regular daily bowel movements. When the stomach, liver and bowels are active, bilious impurities no longer obstruct functional processes, the result of which is renewed energy, mental activity and cheerful spirits.

Scientists of Java Have Exp. With the Deadliest Kind of Particularly Loathsome Creature

Dr. Andries Verhagen of B. Java, was directed by the governor of the Netherlands to go to the end of Sumatra to study a terrible endemic of beri-beri which had been out there. The ship in which he was wrecked, and he and a young assistant offered to go into the forest to seek assistance.

For about ten minutes they gazed through a dense and swampy gle. Suddenly the younger man out with pain. Going to his aid, Dr. Verhagen noticed three leeches attached to his arm. They were venomous variety that cling to lower branches of the bushes and their prey and, not content with ing themselves on blood, inject the wound a poison that causes a pain.

While Doctor Verhagen was held his assistant innumerable leeches tacked themselves to his face, neck. To free him from them young man had to scrape his skin a sharp stone. Exhausted by loss blood, the doctor managed to crawl back to the wreck of the ship, where he fainted. He was taken to a hospital the following day and it was several weeks before he recovered. One of his eyeballs was totally destroyed by the terrible leeches, its socket left empty.

Electric Poultices for Colds.

Doctors are recommending to patients suffering from stiff necks, bruises, and similar ailments the electric poultice, a new and ingenious invention calculated to take the place of bread and linseed variety.

It consists of flexible electric wire covered with asbestos and wrapped in a pad or cushion. The poultice, connected by wire to an ordinary electric light switch, and it retains the correct temperature all night. There are three grades of temperature, regulated by a switch, the highest grade being 160 degrees Fahrenheit.

The initial cost of the poultice is 30c., and it lasts for life. Its running cost is roughly 1/4d. an hour, varying according to the charges of the electric light company. The poultices may be obtained in any size or shape. Daily Mail.

Finger Torn Off By

Street Car Gates.

Street-car gates and a heavy band ring combined to tear off the second finger on the hand of Mrs. George Swimmer, of Jacksonville, Fla., a visitor at the home of her daughter, Mrs. John B. Redman, 903 East Walnut St., at 4 o'clock yesterday afternoon at Campbell and Walnut streets. The accident occurred as Mrs. Swimmer was stepping from the car and resulted, it was claimed, as the conductor slammed shut the gates on the rear platform.

The injured woman was carried into a corner drug store and later assisted to the office of Dr. L. T. Cheatham. The latter, with Dr. Ewing Marshall, amputated the lacerated finger. The patient was said to be resting well late last night. The gold ring which Mrs. Swimmer wore hung in the wire gate, it was said.—Courier Journal.

Don't be afraid of killing your

self with overwork. It is beyond

your power to do that on the

sunny side of thirty. They die

sometimes, but it is because they

leave work at 6 p. m. and don't

get home 'till midnight. It is

the intervals that kills, my son.

The work gives you an appetite

for your meals; it lends solidity

to your slumbers; it gives a per-

fect and grateful appreciation of

a holiday.

There are young men who do

not work, but the world is not

proud of them. It does not even

know their names; it simply

speaks of them as "old so-and-

so's boys." Nobody likes them.

The great, busy world does not

know that they are there. So

find out what you want to be and

do, and take off your coat and do

it. The busier you are the less

harm you will be apt to get into,

the sweeter will be your sleep,

the brighter and happier your

holidays, and the better satisfied

will all the world be with you.

Dr. Evans to Head Kendall

(Continued from first page.)

In the selection of Doctor Evans as the president of Henry Kendall college it is assured that the most capable man for the position has been chosen. Doctor Evans was born at Salem, Ky., Aug. 16, 1870. In the schools of that section he obtained the rudiments of the education and knowledge which has made him a prominent factor in the educational world.

Acquiring all the knowledge which the small schools of Salem had to offer, Doctor Evans continued his work until he was enabled to enter the state university of Kentucky where he graduated. He then entered the National Normal university at Lebanon, Ohio. At this institution he was regarded as one of the most brilliant members of the student body.

In an address at the banquet Monday evening Doctor Evans formally accepted the position of president of the college and briefly stated that he hopes for success at the Presbyterian institution which will exceed any other attempt in his life.

Henry Kendall college was founded in the pioneer days of the Indian territory. When the Indians moved into the western country from the east there came with them men and women of great faith and sacrifice to teach and to preach.

Soon great institutions like Spaulding, Armstrong, Haskell institute and others sprung up. As early as 1866 Henry Kendall college was founded at Muskogee. It became a flourishing school under the direction of the Presbyterian church. It was changed to Tulsa from Muskogee about ten years ago because a heavy endowment was offered. It has been an institution to reckon with throughout its course.

Today the school has all the pupils it can well handle. It possesses property consisting of four buildings worth more than \$25,000, a faculty of more than twenty-five specialists, an endowment which is rapidly increasing, the complete support of the Presbyterian church of America, and a territory of all Oklahoma, southern Kansas,

northern Texas and all of Arkansas.

NO TROUBLE AT CENTRAL.

\$5,000 Salary and Free Hand Attracts Normal School President.

Edmond, Okla., Jan. 31. (Special.)—A new chapter in church-school life opens next fall when the present president of Central State Normal school Oklahoma's oldest and largest state normal school, becomes president of Henry Kendall college at Tulsa. Dr. Charles Evans, who has been building up the third largest state normal of America at Edmond, will hand in his resignation to the state board of education to take effect at the end of this school year. While the Kendall college board wishes Dr. Evans' services now, he has given the board to understand that he promised the state of Oklahoma his services through this year and he wishes to remain to finish up its important business.

There is no clash whatever between Dr. Evans and the state board of education. Under his administration the school has never had a single school row or investigation. Dr. Evans has now the united support of board, faculty and student body and his going in July will be attended with regret by all.

The growth of Central State Normal school has been remarkable during the time Dr. Evans has been president of that institution. In 1911 the school's enrollment was 1,154, in 1915 the enrollment had increased to 2,981. In 1911 there were eighteen students graduated from the school, and in 1915 there were 141 graduates. 1911 there were no graduates who received the two-year state certificate for school teachers; in 1915 there were 105 graduates who received certificates. In 1911 the appropriation for the support of the school amounted to \$52,500 annually, in 1915 the appropriation was \$85,000. In 1911 there was one building at the school, while at the close of 1915 the school had two excellent buildings and a third one nearly completed. In 1911 the faculty consisted of twenty-seven members and in 1915, thirty-eight members.

As president of Kendall college, Dr. Evans will receive

County Superintendent Travis Writes Letter To All County Teachers

As this week ends another year's work with its successes and failures, its joys and sorrows, and above all, its blessings I cannot refrain from sending you this last greeting of the year. Let us hope that the seeds for good that have been sown may grow abundantly while the mistakes that have crept in may soon be eradicated and forgotten. The schools of the county have suffered some this year from contagion, bad roads, high water, inclement weather &c., but we feel that much has been accomplished for the happiness and betterment of the children and citizens of our county through your endeavors. I want to thank you for the hearty co-operation you have given me in carrying out the work as planned. I am pledging you my best efforts for better conditions in the county for next year if they can be had. At least, you will have my sympathetic co-operation in the work as it may come. Spend your vacation profitably. The best place I know of for doing this is at the State Normal. At least, do something that will make you a better teacher next year than you were this.

Enclosed you will find a blank form of questions and answers. I will be much obliged, and you will be helping the County Board a great deal if you will take the time to answer all these questions and return to me with your term and other reports. Send for your trustee and have him help you.

In your "last day" speech do not forget to insist on your graduates beginning the High School work next year. Our County High School pupils are doing well. Someone has said that the County High School is the farmer's college. The school here is already well equipped and doing good work, but if needs be it will be made better. Show to your children the advantage they are missing by not availing themselves of this privilege.

Another idea has come into my head. I am enthusiastic about the K. E. A. We made ourselves a reputation last year that we had never had before. That of winning the attendance prize. I should like for this banner to hang in this office for at least one more year. This is what I am asking for your convenience and mine in the matter of enrolling. Say, on a postal card, in a letter, or on your last report for me to hold \$1.00 from your last month's salary and enroll you as a member of the K. E. A. I will secure the enrolling blanks and send you yours as a receipt. This will enable me to keep a record of all who enroll. Then when we go to the meeting we will not have the trouble of enrolling. If you cannot attend the meeting you will receive the report anyway which is well worth the dollar.

Again thanking you for your faithful efforts and hearty co-operation and pledging to you, that in the future as in the past, you will find me a true friend to the teacher and to the childhood of Crittenden county, I beg to remain,

Yours very truly,

E. JEFFREY TRAVIS,
COUNTY SUPERINTENDENT.

\$5,000 annually and will be given a free hand in the administration of school affairs.—The Daily Oklahoman, Tuesday, Feb. 1, 1916.

AFTER FOUR YEARS

Princeton Testimony Remains Unshaken.

Time is the best test of truth. Here is a Princeton story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Thomson, plumber, Princeton, Ky., says: "I was troubled for five years with backache and other annoying symptoms of kidney complaint. During the early part of the winter when the cold weather set in, I was sure to have an attack of lame back that would make it impossible for me to work for days at a time. I tried many medicines but got no relief. I finally got Doan's Kidney Pills and in two days was back to work, feeling better in every way. I do not have backache now and my health has been greatly improved."

OVER FOUR YEARS LATER Mr. Thompson, said: "I am glad to confirm my former endorsement of Doan's Kidney Pills. Whenever I have had occasion to use this excellent medicine I have been greatly benefitted."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Thompson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Uncle Linzy Travis Has

Passed The 95th Milestone.

January 20th, 1916, was the 95th birthday of uncle Linzy Travis. This puts him among the oldest people now living in our county. On that day his nephew, Albert Travis, visited

him. Albert's wife had cooked a nice fat hen, a nice cake and many other good things for a Birthday Dinner for the old man. James F. Price sent him a sack of fruits. Albert took Mr. Jenkins, the violinist, one of the best old-fashioned fiddlers in the county with him. Mr. Jenkins played the violin, greatly to the delight of the old man. They spent a few hours with him and brought sunshine and joy to his life during these shut-in days.

Uncle Linzy's health is fairly good for one of his age. Of course he has not the use of his lower limbs to get about very much and his eye-sight has well nigh failed, but his appetite is good and he yet has a considerable vitality. One of the nicest things in the world is to remember the old in kindly visitation and tokens of love.

Livingston County Farmer

Shoots Self With Gun.

Smithland, Ky., Feb. 7. — Hawk Chittenden, aged 58, one of Livingston county's best known farmers, residing three miles from Hampton, committed suicide this afternoon at 5:35 o'clock by shooting himself in the head with a shotgun. Despondency over family troubles, and his separation from his wife, are believed to be the causes for his act. A coroner's inquest was held yesterday morning. Mr. Chittenden was well known

throughout the county, and his death is the source of much regret. He leaves his wife and six children. He was a member of the Christian church.

She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits. That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William Hohmann; 2744 Lincoln Ave., Chicago, Ill. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now, Peruna has cured me."

There are others, and there is a reason.

Resolutions of Respect.

On the evening of Jan. 10th, 1916, when it was heard over the telephone that Sister Guthrie had suddenly passed away it brought a great sadness to our hearts.

She was a sweet Christian character. This same spirit actuated her to many noble deeds of kindness. She was quick to discern human needs and swift to administer to them in her quiet way. She was a dear lover of flowers and generous to a fault with them.

She has gone from us yet her influence still lives.

Therefore be it resolved: First:—That we, as a Missionary society, has lost one of the oldest and most valued members. Her very presence was a benediction to us.

Second:—That these resolutions be copied in the records of our society, and a copy be sent to the brother of the deceased and that a copy be given to the Record-Press for publication.

DEATH OF VEILED WOMAN IN CINCINNATI UNSOLVED

"Sallie Rochester, of Salem, Found In Room At Princeton Hotel.

Cincinnati, Feb. 5.—A woman who registered at the Princeton Hotel late Friday as Sallie Rochester, of Salem, Ky., was found dying in her room this morning. She expired before a physician reached her. Coroner Meyer is attempting to find out concerning her and the manner of her death.

The woman was dressed in black, including a heavy veil, as though in mourning. Her clothing was of good quality.

The woman was about 35 years old and weighed about 120 pounds. On a slip of paper in her pocketbook were two addresses. One was the Princeton Hotel. The other was Burns street. She had \$1.00 in her pocketbook and a pair of nose glasses. There was nothing to identify her.

Editor's Note: A telegram was received here Saturday morning of the above.

No one here, or at Salem, far as we have been able to learn, knows any thing of a party named. It is evident, therefore, that she registered under an assumed name or gave the wrong address, to mislead the public.

FOR BRONCHITIS, WHOOPING COUGH; CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador or "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by JAS. H. ORME, Marion, Ky.

WOMEN SHRINK FROM MODESTY

Grievous Ailments Rather Than Make Condition Known.

The subjects of complaints peculiar to women is a delicate one, yet it is a plain duty to let these sufferers know that most of the derangements from which they suffer are due primarily to nervous debility.

Many a suffering woman, influenced by shrinking modesty, has borne this grievous condition without complaint rather than make a personal appeal. When women say, "I am all run-down, so nervous and weak," that means they are victims of the modern malady.

Such women, and they are a legion in every community, suffer from headaches, backaches, loss of appetite and sleeplessness.

Their spirits are always depressed and their lives are not the normally happy ones of their more fortunate sisters. Often, too, there are spells of nausea, weakness or even fainting, that make them feel insecure and to wonder when they will be embarrassed, or even in danger, because of their condition.

For such suffering women Tanlac, the tonic, tissue builder, appetizer and invigorant is ideal. Tanlac builds up the system, promotes digestion and proper assimilation of food, vitalizes the blood and brings back healthy color to the cheeks and real sparkle to the eyes.

Tanlac may now be obtained in Marion at Jas. H. Orme's drug-store, and in Blackford at A. T. Brown's drug-store, where its merits are fully explained. Adv.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Enjoined From Disposing of \$75,000 Water Bonds.

An order prohibiting the Providence Water & Utilities Co., of Providence, Ky., and its stockholders from disposing of bonds valued at \$75,000 until the court can impound the securities and

determine their ownership was granted by Judge Walter Evans in the United States District Court yesterday.

The action was the result of a suit filed by the United States Cast Iron & Foundry Company, of Louisville, of which George J. Long is president, against the Providence corporation. The hearing of the case was set for next Saturday by Judge Evans.

Judge J. F. Gordon and William A. Cox, both of Madisonville Ky., represented the plaintiff. It is alleged that the United States Cast Iron & Foundry Company has a claim of \$14,000 against the defendant. Louisville Courier Journal.

Court Orders Attorneys to Show Whether Litigants Are White Or Black In Petitions.

Through an order made by Judge Samuel B. Kirby yesterday divorce attorneys must incorporate in the caption of the petition whether the parties to the cases are white or colored and unless such information is placed in a prominent position at the head of the petitions the clerk in charge of the suit desk in the office of the Circuit Court will refuse to issue processes in the case.

This ruling was brought about through a deputy from the Sheriff's office recently serving a summons in a divorce case on a white woman when it should have been served on a negro woman of the same name.

After being served with the notice the woman, whose husband was then and had been out of town on business for several days, visited the office of the local attorney and tearfully told the attorney of the notice that had been served on her.

She said that there had never been any trouble between her and her husband and she was unable to account for his action, if he really had brought suit for divorce, and it was not until his return home a few days later that the situation was cleared up to the satisfaction of the wife.

Judge Kirby said several similar instances had been called to his attention, and it was his purpose, if possible, to prevent such mistakes in the future. Courier Journal.

JUST TRY RHEUMA

NO CURE NO PAY

That is The Basis on Which Druggists Offer This Great Remedy For Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatica, or gout, for it is sold by James H. Orme, and other druggists at only 50 cents.

It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to misery-racked

bodies. "I was so crippled with sciatic rheumatism I could not walk. Doctors could do nothing for me. After taking three bottles of Rheuma, the rheumatism had entirely left me."—Guy Torley, 129 Summit Ave., St. Paul, Minn. Get the genuine in the trade-marked package—in liquid form—guaranteed.

NABBED BY WIRELESS WHILE IN MID-OCEAN

Edwin Lynn Thacker Is Accused of Forgery, Said to Be a Native of Louisville, Kentucky.

Edwin Lynn Thacker, said to be a native of Louisville, and who is wanted for alleged forgery in Chicago, was located by wireless telegraphy on board the steamer Grafton Hall, bound out of New York for Buenos Ayres, yesterday, according to a report from Chicago.

Thacker, who was strolling on the deck with his wife at the time the message was received by the wireless operator on the ship, will be arrested when the ship puts in at the Barbadoes Islands.

He is accused by the Cosden Oil Company, of Chicago, with forgeries and passing worthless checks to the extent of at least \$20,000. Thacker was sentenced in 1911 to a term of from one to twenty years in Joliet penitentiary for forging checks amounting to \$4,000. Louisville Post.

Fourteen Buggies Mired In Mud Hole Near Zion.

Fourteen buggies were lined up in one mud hole on the Henderson and Owensboro road Friday, near the Mat Stone place, four miles beyond Zion, according to the statement of E. J. Griffin, of near Hebbardsville. Mr. Griffin said his wife was compelled to get out and walk across the field to her home, as it was impossible to drive the buggy by this one place the mud is over two feet deep. Gleaner.

\$5 Fine for Short Skirt Provided in Toledo Ordinance.

Toledo, O., Feb. 8.—Councilman Stanley Kryzaniak introduced an ordinance in the council providing a \$5 fine for any woman convicted of appearing in public wearing an outer skirt higher than her shoe tops. It isn't specific how high the shoe tops shall be.

"Of course I shall fix an age limit. I do not intend my ordinance to include children. I want it to apply to women," said Kryzaniak.

He asserted short skirts are bad for morals.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Woman Killed in St. Louis As a Suspected Burglar.

St. Louis, Mo., Feb. 8.—Mrs. Jennie O. Thornburg, whose home had been robbed several times, laid in wait for the intruder last night. While watching, a window was opened and the supposed burglar leaped into the room. Mrs. Thornburg, who had a pistol, fired at the burglar and the intruder fell to the floor. Turning on a light the shootist was shocked to find she had killed her next door neighbor, Mrs. J. M. McWilliams, whose husband is a railway mail clerk. An investigation was on foot today.

Good Roads Bill Passed.

The Shackleford Good Roads bill was passed in the lower house of Congress this week by a vote of 181 to 81. All the Kentucky members voted for the bill, and most of them spoke in favor of it. Congressman Kincheloe was among the latter.

The bill provides for Federal aid for good roads in the sum of \$25,000,000 and in many respects follows the lines of the bill offered by Mr. Kincheloe. Under the terms of the Shackleford bill Kentucky would receive \$580,274

annually from the Federal Government for improvement of its rural post roads.—Exchange.

China's Market Opened to Us.

In the past two years, and especially in the last six months or so, there has been an immense increase in the imports of leaf tobacco from the United States into Hong Kong, coincident with the extraordinary development of a local cigarette factory, says Commerce Reports. No reliable returns as to the actual imports of American leaf are to be had except from commercial sources, but it is estimated that arrivals are at the rate of about 400 tierces and hogsheds per month, as compared with imports of about 300 such packages per month a year ago and a very small portion of that amount two years and more ago.—Courier Journal.

Flour Train Transferred at Paducah From Burlington.

Eleven carloads of flour were turned over to the Illinois Central railroad here yesterday for delivery to New Orleans, La., from which port it will be shipped to Dublin, Ireland. The flour was brought from the north west by the Chicago, Burlington and Quincy railroad, which has its northern terminal here. The N. C. & St. L. ordinarily takes the Burlington's southern shipments at this point but since the N. C. does not reach New Orleans, the cars were transferred to the Illinois Central.—Sun.

RUNNING EXPENSE THE BIG QUESTION

Unlike Moderate and Definite First Cost of Car, it Puzzles Buyers

SOME DEFINITE DATA

Maxwell Company Provides Information as Nearly Conclusive as Possible.

How much will it cost to run my automobile?

This is the question the average non-motorist of moderate means is asking himself these days. There can be no general answer, declares "Pay as You Ride" Alvis Stephens, of the Cochran Hardware Co., local Maxwell distributors.

Cars differ so widely and driving conditions are so diverse that none of the writers on automobile topics have dared to go on record with definite assertions.

The nearest authentic information of the kind is a summary recently prepared by the Maxwell Motor Co., Inc., of Detroit, in which are given the actual mileages and running expenses of 53 cars, each of which was run for 1,000 miles in a week in as many different cities in the country.

The data from these trips, made under impartial observation with different drivers and different conditions, was rendered still more accurate by the fact that each car put in its 1,000 miles in the actual service of prospective buyers, doing the work which each buyer would do with a car of his own. All the cars were new and selected at random from dealers' stocks.

None of these cars required replacement or repair of any sort. None suffered accident. In every case the expenses were limited to those required for gasoline and oil. Several punctured tires were repaired at current rates. At the end of the run each car was sold for what it would bring, the result definitely establishing the amount of depreciation incident to 1,000 miles of use—more in all probability, than the average motorist would give a car in three months.

These Maxwell cars averaged 22.3 miles per gallon of gasoline and ran the 1,000 miles on an average of three pints of oil. In dollars and cents, the cost of all this wide range of running figured exactly \$805.1 per mile—slightly over half a cent.

In every case the car was sold to one of the prospective buyers who had obtained as an observer over a certain part of the run and had himself certified to a part of the car's performance. The depreciation was so slight as to constitute a negligible quantity—this despite the fact that depreciation in sales value is supposed to be at its maximum for the first 1,000 miles.

Of course these figures were the result of a wide-spread series of tests in a light car. The Maxwell's lightness undoubtedly played an important part in the remarkable fuel efficiency results attained. This is also true of the light tire wear incident to these tests, after several of which tire experts pronounced the tires as good as new.

Tire wear, depreciation and all expense included, the results of the tabulation seem to plainly show that the average Maxwellite's motoring expense should be somewhere near one cent per mile, and is as likely to be under this figure as over it.

Jesus Christ

Across the chasm of 1800 years Jesus Christ makes a demand which is beyond all others difficult to satisfy. He asks that for which a philosopher may often seek in vain at the hands of his friends, or a father of his children, or a bride of her spouse, or a man of his brother. He demands it unconditionally; and forthwith His demand is granted. Wonderful! In defiance of time and space, the soul of man, with all its powers and faculties, becomes an annexation of the empire of Christ. All who sincerely believe in Him experience that remarkable supernatural love toward Him. This phenomenon is unaccountable; it is altogether beyond the scope of man's power. Time, the great destroyer, is powerless to extinguish this sacred flame. Time can neither exhaust its strength nor put a limit to its range. This it is which strikes me most. I have often thought of it. This it is which proves to me quite convincingly the divinity of Jesus Christ.—Napoleon Bonaparte.
