E. Belt to keeping and dieting prisoners, \$6.20. J. H. Orme, to account for books furnished city, \$1.05. Total, \$29.63.

The complaint of Mrs. Worley for additional light on Fords Ferry street, was referred to the street commissioners, for investigation.

The bond of Robert G. Fowler as City Treasurer, with William Fowler as surety, was read and approved by the Council.

A vacancy having occurred in the office of City Marshal and Tax Collector by the resignation of Jno. D. Summers, it therefore being necessary to fill said vacancy, thereupon a motion was made by W. O. Tucker, seconded by Geo. Yates, that Geo. E. Boston be elected to serve the unexpired term of the above named Jno. D. Summers, the motion being there and then put to a vote, Geo. E. Boston was unanimously elected to the office of City Marshal and Tax Collector.

On motion by Boston, seconded by Perry, that the tax levy for the year 1916 be 60c on each \$100.00 worth of property and a poll tax of \$1.50 on each male citizen over 21 years of age.

On motion by Boston, seconded by Yates, the bid of R. L. Bibb, of \$10.00, for making out the tax books for the city, was accepted by the Council.

On motion by Tucker, seconded by Perry, that the arc light over the crossing of Salem and Court streets be moved west on Salem St., in front of the Presbyterian church.

The street commissioners were

granted further time to investigate the complaints for lights on Cherry and Fords Ferry streets.

On motion by Perry, seconded by Boston, that the tax list of B. F. Alvey for property listed in the city of Marion, Ky., for 1916, be reduced from \$7,000 to \$5,000.

On motion by Tucker, seconded by Perry, that the City Council require A. S. Cannan, former City Tax Collector, to proceed at once to collect all unpaid taxes now on his books, the same to be done within 60 days from this date, and he is hereby required to make a report to the City Council of the amount of taxes collected and to submit a list of the delinquents at the regular meeting of the City Council, subsequent to the expiration of the 60 days.

The complaint of W. T. Black for the repairing of Fords Ferry street was referred to the street commissioners.

On motion by Boston, seconded by Yates, the following ordinance was passed and approved:

ORDINANCE.

The City Council of the City of Marion, Ky., do ordain as follows:

The tax or license to keep a pool room in said City in which billiards, pigeon hole, or pool tables are kept, for which a price is charged, shall be two hundred and fifty dollars for the first table and one hundred dollars for each additional table, per year, and all ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

Passed and approved at the regular meeting of the City Council, Feb. 14th, 1916.

Geo. W. Stone, Mayor.

E. L. Harpending, Clerk.

On motion the Council adjourned to meet Tuesday morning, Feb. 15th, 1916, at 9 o'clock.

Geo. W. Stone, Mayor.

Elizabethtown, Ky., Feb. 11.—Mrs. Daisy Hamlett filed suit yesterday afternoon in Hardin circuit court seeking divorce from Barksdale Hamlett, formerly state superintendent of public instruction. The petition charges cruel and inhuman treatment, which she alleges has continued for a year. Mrs. Hamlett asks the custody of their three children and for \$10,000 alimony. Mrs. Hamlett is now with her parents in Elizabethtown.

Killed by Lightning Saturday.

Lightning killed four head of cattle and a fine mule on Seldon Ainsworth's farm near Ford's Ferry Saturday morning at 11:30. There was a down pour of rain here, but no one thought of electrical storm at this season which is quite unusual. Some of the cattle were at one end, and some at the other end of the barn and on opposite sides. The mule was in the hallway, which shows the stroke scattered and went in all directions after striking on the ridge of the barn. The house was not injured. Mr. Ainsworth's friends sympathize with him in this loss.

IMPORTANT TAX NOTICE.

Parties owing 1915 city tax and for years prior, will save costs by paying same at once. I will begin to levy for this tax within ten days from date of this notice. So please save yourselves costs, and me trouble and an unpleasant duty, by calling at my place of business and settling same.

City Tax Collector.

corporate limits of said City, be and the same is hereby released from paying City tax on said Chair factory for a period of five years.

The Mayor administered the oath of office to Geo. E. Boston for the faithful performance of his duties as City Marshal and tax collector. There being no further business to come before the Council the same adjourned.

WANTS LONGER SCHOOL TERM

Supt. Travis Appeals to County School Districts to Extend Length of Term

There was a time when people thought that three months in a year were sufficient length for a school term. Gradually it has grown to seven months for rural schools, and nine and ten for the city and towns. May I pause right here and ask, "Is the town boy or the town girl entitled to more time, or better facilities for securing an education than is the country boy or girl?" No, but if you will ask the tax-payer in the town you will see where the town child gets the advantage.

Nearly all the rural schools that did not end last week will end this week. The children will have little or no chance to continue their school work. Of course the time will not be wasted but likely it will not be spent in the most profitable manner. Hundreds of children in the county will have nothing to do but "romp" and play until the schools start again next August. Why not the patrons of each district get together and employ some competent teacher to teach, at least, two more months? It can be done with very little individual or per capita cost, not more than \$1.50 per month. Should there not be enough pupils in one district to pay a teacher to work, two districts or maybe three join in securing a teacher and let her work in the house most convenient. I will take the responsibility to say that the County Board will cheerfully pay the necessary incidental expense while such a school is being had.

There are not many things that come by chance, or "happen so." Personally, I know of none. Everything that has come to me has been either by my own actions or inactivity. If we want our children educated we must do our part. There are some people who never see anything but the dollar mark in a business proposition. There are others who look upon the larger children, especially the boys, as an asset, in the same class with his mules, his horses and other live stock; especially valuable to him because he is a money earner, and the first duty of that boy is to do his part of all the farm work, even to building the plant-beds ready to be burned early

next spring. After all this he is ready to start to school. Of course there is not much more of the school to come and the boy looks upon it as a sort of recreation or holiday, consequently, before the teacher can engage his best interests in the work of the school the school ends. This same parent will sometimes complain that his children have not learned a thing and the teacher is no good.

This sounds a little like talk, at least, twenty years old, yet some of these notions and practices still exist in Crittenden county. The results are that a census taken last spring shows four hundred and ninety-five persons over twenty years old are unable to read and write. Others think that if their children can complete the common branches by the time they reach their majority that it is time enough and all they need. Others think that half of this is enough. Others don't think at all. The most phenomenal thing that has come to me in my six years' experience as County Superintendent occurred last fall when the father of four children of the school age sat a whole afternoon and discussed with me how he might evade the compulsory law and keep his children out of school. He went so far as to say that if he were fined he would lay it out in the county jail, then after he got out it would be the same thing over. He had no objection to the teacher either.

To my mind this is no less a crime than robbery. We have heard it said many times that a child never pays for its raising. While I think this is the man who never sees anything but the dollar mark in the transaction, yet this same man can repay this debt and follow the Golden Rule by raising another child and permitting him to avail himself of the privileges and advantages of the day in which he lives. If he willfully prevents him there is no other that will fit the case so well as "robbery." While there is still some missionary work to be done along this line in Crittenden county we are delighted to note that this class of citizen is fast leaving the county. They are now but a few. A little money added to the public fund, a few months added to the regular term of school, a little more time and energy given to public community interests in a few years will succeed in exterminating him. Let's have a spring school.

Yours very truly,

E. JEFFREY TRAVIS,

Superintendent.

"ENGAGED BY WEDNESDAY"

Clever Play to be Presented by The Junior Class in School Auditorium Friday Evening

Miss Abigail Persons announces the marriage of her niece Lucile to Mr. Arthur Watson on Friday Sept. 1, 1916 at the Persons residence.

Of course you want to learn more about this wedding; so come to the school auditorium Friday evening, Feb. 18, for on that date the Junior class of the M. H. S. will present "Engaged By Wednesday." This is a very clever little play filled with surprises from the first to the last.

The plot is unusually interesting, full of love and spiced with lover's quarrels. Martin Henry, the laziest man in the state is slower than "Joe Slocum" ever could be. Miss Abigail Persons, the old maid is certainly a woman with ideas who always manages to have them materialize. Harold Bell Wright never wrote about truer lovers than Arthur Watson and Lucile Persons. In fact the entire cast is well suited to the parts assigned them. Since the Juniors are noted for "doing things" we feel safe in saying that this will be one of the most pleasing entertainments ever given by home talent.

The proceeds will be used for the enlargement of the stage, which is nearing completion and will be in good order for the entertainment. The patrons and pupils owe much to Supt. Christian for his untiring efforts and for his ability in bringing things to pass. Remember the day and date and come out and support your school and help to make it better.

Eight Dead, \$10,000,000 Damage In Arkansas Flood.

Helena, Ark., Feb. 15.—Ten million dollars' damage to property and loss of eight lives was the estimate yesterday of the toll in the flood sweeping through Arkansas, covering Desha, Lincoln, Ashley, Chicot and 11 parishes in Northern Louisiana, from 15 to 16 feet.

A report from Lake Village said part of the levees broke, flooding the main streets.

Arkansas City is partly under water. The levee broke at Verner and the town is flooded. Newport, Ark., reports a flood loss of \$50,000. Three hundred men are working at Laconia Circle, but the levee is sloughing and threatening to break.

Hickman, Ky., has 2 feet of water in the business streets. New Madrid, Mo., is under water and a levee break is threatened at Caruthersville, Mo.

Freezing weather caused suffering among the homeless.

William Stapleton, Ohio river captain, was drowned near Memphis while attempting rescue work in a gasoline launch.

Cumberland Tops Market.

Cumberland county tobacco, true to its history for the last 100 years topped the markets for the whole State when last week some tobacco raised by C. E. Garmon and Henry Allen, of Marrowbone, that county, sold on loose leaf markets at Glasgow for \$80 per hundred. At the same time the crop of C. T. Garmon, also of that county, brought an average price of \$24 for the whole crop, and one basket was sold for \$75 per hundred.—Pembroke Journal.

For Children's Cough

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All Druggists. 3

BELLMONT

(delayed from last week.)

Roads are bad in this community; almost impassable in some places.

Jim Lewis Hunt and family spent the week-end at John Campbell's near Piney Creek.

Rev. C. T. Boucher made his regular trip to New Salem Saturday regardless of the bad roads.

James Wigginton was the guest of Al Blackburn one day last week.

Mrs. Beulah Alexander, whose husband died a few days ago, has moved

to her father's, Henry McMeican, of Enon.

Virgil Alexander, who has been very low with pneumonia, is on the road to recovery.

Lonnie Riley has pneumonia fever.

Jack James' family are on the sick list this week.

Mrs. Henry Wigginton has been the guest of Vernon Hodges and family, of Sugar Grove, the past week.

Johnnie Paris and family, who have been in Mississippi the past two years, have returned home and moved to his brother Harve's place near Piney Fork.

Emerson Ethridge and wife have returned from Kansas. He can be heard singing "Home, Sweet Home." He says there's no place like home with the old folks. We guess he's like other fellows, wants "daddy to build him a house on his place."

Uncle Dock McCormick is still confined to his room with la grippe.

Dow Sutton and family have returned from Missouri and have moved to the Ed Crayne place near Piney Fork.

Well, "Groundhog day" was cold and cloudy, and if the 2nd of February is correct, winter is almost gone. Some say wait until the 14th, then if cloudy and he don't see his shadow, spring has come.—Little Rose.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

BUTCHERY OF WAR

German Losses Alone Now Total More Than 4,000,000.

The casualty lists published in Berlin contain 2,535,768 names. Of these 588,896 are reported as killed—doubtless this includes all known to have died of wounds—1,366,549 as wounded and missing, 356,153 are prisoners, and 24,030 are dead from various causes, probably exposure and disease. Only Prussian casualties and those of the imperial navy are published in Berlin. Bavarian, Saxon and Wurtemberg losses are set down in lists published in the capitals of those kingdoms. Prussia contains 40,000,000 of the 65,000,000 population of Germany. Assuming that losses have been in proportion to population, German casualties reach the hideous total of 4,123,125. The human mind cannot imagine the misery represented by such figures. It can

scarcely grasp the mere physical depletion of man power which they set forth. Yet, this is the blood drain of a single combatant. To reach the total cost to humanity, add to these figures the French, Austrian, British, Russian, Italian, Belgian, Serbian, Montenegro, Bulgarian and Turkish losses.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. The sensible course is to take frequent doses of BALLARD'S HOREHOUND SYRUP. It checks the progress of the disorder and assists nature to restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by James H. Orme, Marion, Ky.

HEBRON

(delayed from last week.)

The high water is coming again.

"Under Blue Skies" was quite a success at Hebron last Tuesday night.

The Misses Edna, Reeta and Glens Rankin returned to their home in Cottage Grove, Friday, accompanied by Miss Ruth Cook, who returned to her home Monday.

Miss Ena Clark spent Thursday night with the Ainsworth girls.

Miss Edna Rankin gave a "hop" Friday and Saturday night in honor of Miss Ruth Cook, of Hebron.

Herschel Franklin happened to quite a serious accident Wednesday morning. He fell and fractured his left arm.

This is the last week of the Hebron school. We all are very sorry to bid Mr. Condit farewell.

Misses Carrie and Mary Ainsworth joined the party at Ford's Ferry and attended the party at Mr. Gahagen's at Weston Saturday night.

Literary wasn't much of a success Friday night. The attendance was small, but come next Friday night week, as Dennis Clark is on for jokes.

Turkish Sultan Put In

Jail By the Germans.

Rome, Feb. 15.—The Sultan of Turkey is in prison. His palace is surrounded by German troops, following the assassination of Prince Yussify Issedin.

The Prince, who was heir apparent to the Turkish throne, was assassinated it was said, because, with the complicity of the Sultan, he fathered a well-organized plot by which it was intended to open the Dardanelles to the allied fleets, so that a separate peace between Turkey and the entente might be negotiated. Reports first sent out were that the Prince committed suicide.

The Germans, under the pretext that re-enforcements were urgently needed in Armenia and Mesopotamia withdrew the Turkish troops from the Dardanelles. These were then replaced by 20,000 Germans, destined for the expedition against the Suez Canal. Simultaneously, at the instigation of Enver Pasha, the heir apparent was put out of the way and the Sultan imprisoned.

The yield of corn in some of the worst sections of the state has been increased ten fold under the direction of the State Experiment Station, Lexington. Their activities are not confined to Lexington and Central Kentucky, but extends to all parts of the state. The biennial report by Dr. Joseph H. Kastle, Director, for 1913-14 has been issued and shows some remarkable experiments. One of the great activities has been the production and distribution of anti-cholera. A total of 149,000 hogs have been inoculated against hog cholera in 94 counties. The usefulness of the Experiment Station has been demonstrated in these and many other directions.

Louis Brandies has the temperament of the crusader rather than of the judge and this has led to considerable speculation as to whether he can steady the temperance of his speech and conduct in keeping with the exalted position of the Supreme Bench to which he has been appointed by President Wilson.

We are not worried over that. A little adaptability is only a side line with a man of Louis Brandies' brilliant mentality and boundless capacity.

He may illuminate and startle the world from the Bench, but there will be nothing incendiary or anarchistic.

The angle from which we view the appointment of Louis Brandies to the Supreme Bench of the United States is the fact that he is a Jew.

It is the first time that a Jew has been offered a position of such honor and responsibility.

To the nations that in the past have persecuted the Jews, such a thing would have been unbelievable.

They could see no limitations to the curse and the persecutions that were put upon the Jews when they were banished from the Holy Land.

They were persecuted as no race has ever been persecuted. But, there was a rainbow to the dark cloud that hung over the Jewish people.

In the fullness of time they were to be returned to the promised land and their enemies punished.

All things have been pointing to the fulfillment of prophecy.

Driven from England, they return as bankers of England and almost of the world.

Disraeli, hooted in Parliament rises to be premier of England. "The day will come when you will hear me," he hurled at them in a lull in the storm. And they did.

The appointment of Brandies

to the exalted position of Supreme Judge is but another indication of the fulfillment of prophecy.

The appointment may be one of the most significant signs in the destinies of the world.

Especially since the great honor comes at the very time that Crandies is carrying out plans for the return of the Jews to the Holy Land—a further fulfillment of Revelations.

The whole subject is one of intense interest to the student of history, sacred and profane.—Exchange.

There is no man in the United States who could do more to strengthen the Supreme Court than Mr. Brandeis. What the court most needs, with the immense powers it has, is powerful lawyers who are also informed about modern conditions. You cannot properly apply the law to the facts unless you know both the law and the facts. When Mr. Brandeis won before the Supreme Court the Oregon case limiting the hours of labor for women, his argument about the extent of the police power would not have been sufficient alone. It was necessary also to present an overwhelming proof that fatigue in women actually does injure the race.

In the Ballinger controversy it was required not only to know all the laws relating to conservation, but all the practices and conditions also. In the famous railway cases he could never have made such an impression without a vast knowledge of the railway business. His great services to labor have been possible only through sympathy with both employer and employee and an intimate grasp of the needs of both sides. He could not possibly be in such urgent demand as a mediator if his mind were not of a broad and judicial cast.

Judicial, in this case, however, does not mean spineless and inert. Those who think the law should be alive regard him as the most judicial of men. Those who think the very essence of law is atrophy will not share this estimate. There was a time in the history of Palestine when it was not believed that any living man could think like the men of old. Hence every prophet wrote under the name of some other prophet who was safely dead. To their minds a lawyer who is not a corpse is a discredit to his profession.

The selection by the President was a shining example also for another reason. It was not only because of Mr. Brandeis's exceptional legal equipment and exceptional knowledge of labor and business, but also because of his

moral attitude, that the choice was so felicitous. There are not many lawyers of extremely large earning power who prefer to remain comparatively poor because they believe both in simplicity of life and in the obligation of the able to help the public. We know no man of Mr. Brandeis's ability who has sacrificed more peculiarly or socially, in order that his life might be not without its use to his fellow-men.—Harper's Weekly.

Contract For Corbin

Library Awarded.

Contractor F. B. Heath, of Marion, Ky., was awarded the contract for the building of the Carnegie Library in Corbin, by the Library Board, at a meeting Monday night. The contract price was not given out, but it is understood that the sum is not to exceed \$6,000.00. Mr. Heath is contractor of considerable note and the commission is to be congratulated upon securing him. The work on the building will begin at an early date and pushed as rapidly as possible to completion.

The Library Board met Monday evening to receive bids on the building.

After opening and thoroughly considering, and comparing all bids the Board accepted bids as follows: General construction, Mr. F. B. Heath, Marion, Ky.; plumbing heating, Mr. Andrew Jackson, Corbin, Ky.; electric light wiring, Corbin Light & Water Plant.—The Corbin Times.

Cream Separators and Cream.

He who is milking three or four good cows and has no cream separator is paying for one and has not one either. If you don't believe this let me put you in a De Laval and let it do its own talking. Less than two years ago I was the first one to get a separator and put it in use, but now there are fourteen within two miles of my home. There is in the county now, 21 separators in use, 18 De Laval, 1 American, 1 Blue Bell, 1 Butterfly. I put one Caldwell and one in Union county. And any of those users will gladly tell you what they think of a cream separator. I have sold machines by just getting them to let me put up one to try when I could not otherwise. Where they pay for themselves, is they get what you can't. Saves labor in taking care of so much milk, your skim milk makes the finest kind of hog feed and calf feed. The best plan is to sell your cream, stop churning and working with butter. I got 35c per lb. for two weeks, then I got 32 for three weeks and now I am getting 31.

I know some who have been selling their cream and buying butter, saving time and labor for the woman. There has been over \$1000. worth of cream shipped out of this county by just a few people since this business started.

You could take 25 lbs of butter to town and run your legs off to sell it and get your money little here and there.

As I have done with cream, you just put same in a can and the railroad will take a five gal. can to Evansville and return for 15c or to Fredonia for 12c. You get your money all in a pile which saves you trouble and makes you money.

Now, when you go to buy a cream separator, buy a De Laval the kind that 98 per cent of the world's creameries use. Buy the kind that has taken all the grand prizes at World's fairs. Buy the kind that nearly two million people use. Buy the kind that will last you a lifetime if taken care of.

Don't buy the kind that is a cream thief. Buy the kind that is a cream bank. Don't buy the kind that soon goes to the dump pile to be taken up by a De Laval agent, for this company takes up nearly forty thousand every year in exchange. Sooner or later you will buy a De Laval.

Rural Carrier Examination.

The United States Civil Service Commission has announced an examination for the County of Caldwell, Ky. to be held at Princeton on March 11, 1916 to fill the position of rural carrier at Fredonia and vacancies that may later occur on rural routes from other postoffices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at the earliest practicable date.

Another Marion Boy.

Another Marion boy was recognized and given a promotion last week when Judge Carl Henderson appointed Virgil Moore as Master Commissioner of the Hopkins Circuit Court. Virgil's friends here had anticipated as much and were not surprised, but were proud to see him thus complimented. The Hustler of last Thursday had this to say of the appointment: "J. E. Arnold, who has served as Master Commissioner of Hopkins county for the past six years, tendered his resignation to Judge Henderson Wednesday afternoon, which was accepted. Virgil Moore well known young attorney of the law firm of Gordon, Gordon & Moore was appointed as Mr. Arnold's successor, entering upon his new duties Thursday. Mr. Arnold's term did not expire until May, 1917. He has made a splendid official during the time he has served. Mr. Moore is well qualified for the duties he assumes and will make a worthy successor to Mr. Arnold."

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfied money will be returned.

For sale by HAYNES & TAYLOR, and all other reliable Druggists.

BE ENERGETIC NOT LAQUID

Medical Authority Tells What This Condition Really Means.

"When you are languid and listless, or lack ambition and feel so melancholy that life seems scarcely worth the living, it is absolutely necessary that you take treatment to correct these sub-normal conditions, because you are suffering from derangements of a vital organ," declares one of the greatest medical authorities.

That "tired feeling" means a good deal more than is generally realized. It is not laziness, it is a physical ailment that needs correction quickly before it becomes even more serious by taking a firm hold on you.

Throw off that nervous depression. It is your duty.

Tanlac, the tonic, appetizer and invigorant, that builds new tissues, vitalizes the blood and acts so favorably on ailments of the stomach, liver and kidneys and catarrhal affections of the mucous membranes, is designed especially to correct these conditions. The results of the Tanlac treatment are amazing. It tends to put you back in body and mind like those old-fashioned, but most sensible folks—the pioneers, and to make you sturdy and of real manhood and womanhood.

Men and women, from the highest to the lowest walks of life, everywhere are testifying to the relief Tanlac has brought them. No other remedy has ever won such great endorsements that can only come from superlative merits.

Tanlac can now be had in Marion, Ky., at the J. H. Orme drug store, where it is being fully explained to all questioners; and also by A. T. Brown at Blackford, Ky.

PAINS OFTEN MEAN URIC ACID POISON

Pay Attention to Pains—Rheumatism May Cripple You Permanently.

Ouch! Does it hurt to move your arms, legs, bend your back or stretch your muscles? Be careful and take heed in time. Rheumatism is stealing on you and may cripple you if you don't stop uric acid from settling in your veins and muscles.

Rheuma, a great specialist's prescription, chases this poison out of the system and gives relief from all forms of Rheumatism. It acts through the seat of the trouble, the kidneys, stores the formation of uric acid, then drives out through the bowels that which is in the blood.

Genuine Rheuma (see that you get the trade-marked package) is sold by James H. Orme and all druggists for 50 cents. Money back if not satisfied.

William Brooks and Thomas Hill, colored, of Harlan, who shot and killed Wesley Blair and John Henry Blair, at Benham, were sentenced to die in the electric chair at Eddyville penitentiary.

I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STOFEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

SALEM

(Delayed from last week.)

Some tobacco men, of Paducah, were here Tuesday looking at tobacco, with a view of putting up tobacco here if we have the type of tobacco they are looking for.

Aunt Po McLemurry is suffering from a fractured hip, result of a fall last week. On account of age, her recovery is doubtful. She is at Tom Loyd's.

Mrs. Dave Brown died Feb. 2nd, after a lingering illness of several months. She was buried at Tyner's Chapel.

Miss Emma Padon is in Nashville taking a course for a trained nurse.

Rudell Elder has returned from Greeley, Colo., in fine health. He attended church at Pinckneyville Sunday greeting his many friends.

The streets were dragged Saturday and the improved condition is very marked. The drag is undoubtedly the best solution to the dirt road working problem. If it wasn't so cheap, very likely it would have been adopted before now.

GERMANS READY FOR SORTIE BY OCEAN AND AIR

Activity of Zeppelins And Taubes At Kiel and Withdrawal of Leaves of Absence.

London, Feb. 15.—Rumors that the German fleet is preparing for its long expected dash into the North Sea reached here from Dutch sources and aroused high hopes in London that a great naval battle is imminent in the North Sea.

Dispatches from The Hague reported that German marines along the Belgian coast were being withdrawn and sent to Kiel. All leaves of absence of German naval officers have been cancelled the dispatches added.

From Copenhagen came reports of sudden activity at Kiel and of rumors reaching Danish frontier towns that the Germans were about to risk battle. Four Zeppelins and a flock of German taubes have re-enforced the air flotilla at the German navy. The supposition is that they are to accompany the fleet in its sortie from behind the protecting guns and mine fields of Helgoland.

Vague rumors that the German naval officers were about to attempt a startling coup poured in to London even before the exploits of the German commerce raider that captured the Appam

became known. Since the Appam reached Norfolk, several Berlin dispatches have carried similar hints.

A recent report was that the Germans had equipped several new dreadnaughts with 17-inch guns and had armed Zeppelins with devices for shooting torpedoes from the air, preparatory to challenging the British navy for supremacy in the North Sea.

Historic Canadian Parliament Building Destroyed by Fire.

Ottawa, Feb. 15.—The historic Canadian parliament building was destroyed last night by a fire unofficially declared to have been caused by the explosion of a gas bomb or infernal machine. Two women guests of Speaker Seigney perished. Numbers of firemen and policemen were buried when part of the building collapsed. The number of persons taken to hospitals is undetermined early this morning. Frederick F. Pardee, chief Liberal whip and William S. Loggie, member of parliament, from New Brunswick, are missing and it is feared they are dead. The loss cannot be estimated in money. The building was valued at five millions of dollars, but the contents were of inestimable value.

Minnesota is so Cold a Train is Frozen to Track.

Saint Hilaire, Minn., Feb. 15.—It's so cold in Minnesota today that railroad locomotives freeze to their tracks. The Crookston local passenger stopped here today to take water. Numbed by cold during the time necessary to thaw out the water tank, the fireman spilled considerable water when he tried to put it into the locomotive's tank. It froze instantly and the assistance of another engine to gently bump the passenger several times to loosen it, was necessary.

Cleveland, Feb. 15.—Three hundred Celestials here celebrated the Chinese new year yesterday by paying their debts, taking a bath and the shooting of firecrackers.

Failed to Get Relief For Hickman Flood Sufferers.

Washington, Feb. 15.—Senator Ollie James and Representative Barkley, of Kentucky, today appealed to the War Department to assist three thousand flood sufferers in the Mississippi valley. It was declared that they need immediately food, clothing and shelter. Acting Secretary Breckinridge said the disaster was not a national affair, hence the Government aid was impossible. Army engineers, however, in the vicinity might help.

Pennsylvania Subterranean Fire Eats Through Million Dollar Concrete Wall Toward New Mines.

Kansford, Pa., Feb. 15.—The famous mine fire which has been raging now for more than sixty years and which started at Summit hill, near the spot where Phillip Ginter discovered anthracite coal in 1791, has burned through the immense concrete wall which the Lehigh Coal & Navigation Co., sank in front of it several years ago at a cost of more than a million dollars. It now is threatening the mammoth vein in the Panther Creek valley the largest and richest vein of anthracite coal in the world.

The wall, which was sunk into the ground one hundred feet, was fifteen feet thick, of solid concrete. Experts believed it would prevent the fire from spreading any further and eventually extinguish it. The fact that the flames have eaten their way through this huge barrier has caused grave fears among the Lehigh Coal & Navigation officials, who now are putting forth every possible effort to prevent the fire from getting into the

vast beds of anthracite in the vicinity.

A large force of men are at work drilling holes deep into the earth and into these openings water and slush is being poured directly on the subterranean fire in the hope of preventing a rapid spread and if possible to extinguish it.

Already the fire has destroyed millions of dollars worth of coal, while the sixty-year fight to extinguish it has cost enormous sums of money and labor.

Favorable Report on Saloon Bills.

Frankfort, Ky., Feb. 15.—The senate committee on regulating intoxicating liquors late yesterday ordered favorable reports on two of the Frost anti-saloon bills—senate bill 72, making saloons where liquors are sold on Sunday a common nuisance, and senate bill 126, removing screens or other obstructions to view from saloons during the time the law requires them to be closed, and requiring a \$500 bond to guarantee that a law-abiding place will be conducted.

KENTUCKY WOMAN "POPS" THE QUESTION

Californian Comes To Lexington As Result of Leap Year Proposal Through A Letter.

Lexington, Ky., Feb. 15.—A real Leap Year romance developed here today when Mrs. Anna Marcus, 40 years old, an attractive widow of Cincinnati, and Victor Schadd, a specialist and bachelor of Oakland, Calif., were married by County Judge F. A. Bullock, on a free marriage license. Mrs. Marcus admitted she popped the question to the Californian in a letter and that he promptly accepted, coming on to Cincinnati, where they met yesterday for the first time.

Whenever You Need a General Tonic Take Grove's

Speaking of the Weather

February and March bring weather conditions very trying to most people.

Colds, coughs, sore throat, tonsillitis, catarrh, bronchitis, pneumonia, are all prevalent.

These are all catarrhal conditions. All dependent upon the same cause, climatic changes. Sloppy weather underfoot. High winds, chilling blasts, changing from day to day. Thermometer dancing a jig. Barometer following suit.

All of the acute catarrhal conditions above referred to, call for

PE-RU-NA

They call loudly, too. If Peruna is neglected these catarrhal conditions are liable to become chronic. One bottle of Peruna used at the right time will save months, even years, of suffering and sickness.

THE BATTLE OF THE TIRES

[Agricultural and Commercial Press Service]
It is interesting to watch the forces of civilization battling for supremacy. The struggle now going on between the rubber and the iron tire promises to be the liveliest contest of the Twentieth Century.

The struggle is a silent one and there are no war correspondents to write vivid descriptions of the conflict but the results are more far-reaching to present and future generations than the war of Europe.

The rubber tire has been maneuvering for point of attack for several years and has captured a few important positions in traffic, but it has now pitched a decisive battle with its iron competitor by hurling a million "jitneys" at the street railways and the battle is raging from ocean to ocean. Upon the result of the struggle depends the future of the rubber tire. If it is compelled to retreat, its doom is sealed, but if it wins the battle it will revolutionize the transportation methods of this nation.

If the rubber tire conquers the street traffic its next struggle is with the railroads of the country, and then the greatest battle between economic forces ever fought out on the face of this earth is on, for iron is the undisputed master in transportation, and is fortified behind billions of dollars, and millions of men.

Stephenson applied the steel tire to an iron rail in 1814, but it was 1863 before the golden spike was driven at Promontory Point, which bound the country together with bands of steel. It took the iron tire fifty-five years to creep from ocean to ocean, but the rubber tire while warm from the creative mind of the inventive genius sped across the continent like an arrow shot from the bow of Ulysses. The roadbed was already prepared and therein lies the power of the rubber tire over that of iron, for government buies and maintains the public highway.

But iron is a stubborn metal and it has mastered every wheel that turns; has fought battles with every element above and beneath the earth and has never tasted the wormwood of defeat, and when rubber huris its full force against this monarch of the Mineral Kingdom, it may rebound to the factory stunned beyond recovery.

The rubber tire first made its appearance on the bicycle, but it proved a frivolous servant and was dismissed for incompetency. It has always been too much inclined to revel in luxury to be taken seriously as a utility machine and its reputation is not one to inspire confidence in heavy traffic performance.

But to those who care to waft into dreamland, it is enchanting to note that there will be a marvelous difference between a rubber and an iron age. The rubber tire will scatter the cities throughout the valleys for with transportation at every man's door, why a city? It will traverse the continent with a net work of Macadam highways as beautiful as the boulevard built by Napoleon. It will paralyze the law making bodies of this nation for how could the legislatures run without the railroads to operate on?

FEDERAL INDUSTRIAL COMMISSION

By Peter Radford.

The recent investigation of the United States Commission of Industrial Relations brought together the extremes of society and has given the public an opportunity to view the representatives of distinct classes, side by side, and to study their views in parallel columns.

Capital and labor have always been glaring at each other over gulfs of misunderstanding and if the Federal Industrial Commission attempts to bridge the chasm, it will render the public a distinct service.

The farmer has been sitting on the fence watching capital and labor fight for many years and incidentally furnishing the sinews of war and it is quite gratifying to find them talking with, instead of about, each other. When honest men smile and look into each other's souls, it always makes the world better and far more satisfactory to the farmer, who in the end, bears the burden of conflict, than resolutions, speeches or pamphlets containing charges and counter-charges.

The love for justice makes the whole world kin. Understanding is an arbiter far more powerful than the mandates of government, for there is no authority quite so commanding as an honest conscience; there is no decree quite so binding as that of the Supreme Court of Common Sense and no sheriff can keep the peace quite so perfect as Understanding.

We suppose the time will never come when capital and labor will not be occasionally blinded by the lightning flashes of avarice or frightened by the thunder peals of discontent. But Understanding is a Prince of Peace that ever holds out the olive branch to men who want to do right. A man's income is always a sacred thing for in it are the hope, ambition and opportunity of himself, and family, but there is nothing in a human heart quite so divine as Justice and Understanding is its handmaiden.

NEIGHBORHOOD NEW

DEANWOOD

The following have delivered a part of their tobacco—M. K. Givens, W. D. and Raymond Druggan, Willie Walker, Lee and Luther Morse.

J. M. Walker has been in Dixon and Blackford on business for several days.

Olive Branch school closed Saturday, and on account of the rain only five patrons were present. They were entertained by recitations and songs by the pupils. The best wishes of the people go with Mr. Ward.

Joe Chandler and wife visited T. M. Dean's Thursday. He also delivered a lot of chickens to B. F. Drennan.

Acy Walker has moved to the house on Virgil Drennan's farm.

Mrs. Murry, Jim Walker and wife have moved to George Kemp's.

Sylvia Dean and Rebecca Morse spent the week-end with their parents.

CHAPEL HILL

Mrs. J. N. Hill has the pure bred Barred Rocks, twenty-four in number. Mrs. Hill has also purchased two fine roosters, pure bred, and will be ready in the spring to furnish anyone with eggs at a very low price.

Some few have sold their tobacco for nothing and a half.

Will Conditt, of near Dean's school house, came up Friday and took his daughter, Miss Grace Conditt, home.

Herman Hill has a nice little pet in the shape of a large bull, which is giving him some trouble.

Quite a number from this place attended the closing of the Midway school. The day was very pretty and a large crowd was present, and the day was spent joyfully.

Miss Grace Conditt closed her school at Chapel Hill, Friday, with quite a large crowd present. Miss Conditt has taught us a fine school.

One of Obe Young's mules was badly crippled on a barbed wire recently.

Born to Mrs. John Long, Wednesday Feb. 9th, a pretty little Miss. Oh, how John will rock and sing.

SEVEN SPRINGS

Prof. Hillyard and wife visited relatives near Repton Saturday and Sunday.

Norvel McKinney has moved on Mr. Griffin's farm near Dyeusburg for this year.

Mrs. Elizabeth Travis has been confined to her room with la grippe.

Moat Duvall and Lee Cook shipped a fine lot of corn and some nice fat hogs from this place Monday.

Tom McKinney has moved near the Maple Sinks in the house vacated by Gus Bonzman, for the present year.

L. K. McClure was in Salem Tuesday.

John Grimes left Monday night on the steamer Nashville, for Clarksville, Tenn., taking his tobacco to market.

Miss Grace Yandell, a handsome young lady of the Frances section, was the guest of Mrs. Sennie Brasher Tuesday.

W. H. Campbell, of near Caldwell Springs, has moved to Tom Hall's farm in this vicinity.

Dr. Spickard, of Fredonia, was in this section Wednesday to see Mrs. Nora Hall, who is quite ill.

There was a pea hulling at Joe Bell's Saturday night. There were lots of peas hulled and a pleasant time was spent.

Newt McKinney was in Mexico Wednesday.

Fred Hillyard and wife closed their school at Boaz Friday, and we are informed that they contemplate entering college at Bowling Green Monday.

Percy Brasher made a business trip to Kuttawa Thursday.

GLENDAL

Howard Hurley attended the burial of his cousin, John W. Franks, at

Pineknobville, Feb. 8th.

H. E. Turley has moved from Horse Station's farm to S. J. Humphrey's farm near Sheridan.

M. F. Enoch is a frequent visitor of T. J. Wright, his brother-in-law, at Tolu, who has been quite sick.

Miss Mary Hurley closed her school at Caney Fork Tuesday.

Homer Davidson's school here will close Feb. 18th, instead of Feb. 25th.

Kelley LaRue, wife and son were guests of her parents, Mr. and Mrs. W. M. Hurley, Feb. 3rd and 4th.

So far as we know, all of the sick in this neighborhood, are on the road to recovery.

Mrs. Jack Stalion has been quite sick recently.

Miss Marie Moore, who had the misfortune to have an eye badly hurt not long since, resumed her school work last week.

Horse Station and wife were in Marion Feb. 7th, shopping. They went to house keeping on his farm near here last week.

We are glad to hear the sweet songs of the birds again.

Some people do not enjoy a beautiful day like last Thursday, was because they are afraid the next day will not be good.

Miss Celia Donakey is with her sister, Mrs. G. P. Griffith, who has been real sick with la grippe.

There is Sunday school here at 2:30 o'clock each Sunday, and prayer meeting every Wednesday night.

LEVIAS

Miss Leecie LaRue's school closed next Friday with a nice entertainment. Miss Leecie has taught us a first-class school.

Mrs. Murray Dodge and children visited relatives at Crayne last week.

Several from Levias attended the closing exercises of Cisco's Chapel school, Friday, and reported a nice time and an abundance of good things to eat.

Mrs. Mary Franklin is with her son, John, at Tolu, who is reported seriously ill.

Aunt Edna Davidson is still in a very serious condition. Her daughter, Mrs. Guy Dunning, is with her.

Brother Carter filled his appointment at Union Sunday. Had a good-sized audience notwithstanding the bad roads.

Our Farmers' Club met Friday night. Had an interesting meeting and several good talks from the members. Mr. Bird could not be with us on account of previous engagements.

Mrs. J. B. Carter has sold fifteen fine cockerels in the last few days.

W. L. Taylor and E. K. Summers have each built a modern poultry house, curtain-fronts, trap nests, etc.

Mrs. Martha Barnes sold sixty dozen eggs during January.

We understand that G. B. Taylor is going to embark in the chicken business. Gid will keep Hondans and fancy Bantams.

W. S. Lowery is very enthusiastic over his zinc find on the LaRue property.

Mrs. Lucy Davidson, of Lola, visited friends and relatives here last week.

Manual Beard, we are glad to note, is recovering from a severe spell of pneumonia.

The high price of furs has given several of our boys the trapping fever. We think Elmo Watson and Cavit Carter have the worst cases.

Levias has a grist mill and a feed crusher. We need a good blacksmith, now. We have the shop but no "shopper."

Miss Ethel Price has a beau who doesn't come very often, but when he does come he stays from four to six days.

Herbert Carter is feeding fifty head of cattle this winter. Herbert has a silo, SEE?

BLACKFORD

We thought that we would not bore the mental faculties of the item reader, with the "hom-bast and loose gas" that are expelled from Blackford, more than once a month, but realizing that "procrastination is a thief of time," and being favorably inclined toward

optimism, we decided to send a few "squibs" for publication.

This is leap year and we learn that the custom which ordains that a woman may propose marriage to a man during the period of every bissextile year, is of scotch origin, and dates back seven or eight hundred years. If said custom is similar to corn juice, after it has been distilled into "snake-medicine," the validity of same is now much stronger than when first originated. Therefore the demure widowers and shy bachelors, who exist at this date, had better take timely warning and govern themselves accordingly.

Dr. J. N. Todd, of Evansville, was here on the 12th inst., enroute from Lsman, where he had been to see his aged father, Rev. J. H. Todd, who is seriously ill as a result of influenza and complications. The writer has known Dr. Todd for a number of years and a call from him is always appreciated.

Mrs. Pernecia Clark, wife of T. M. Clark, and one of the best women of Blackford, who has been troubled for a number of months with cancer of the breast, is comparatively no better.

Owing to the recent number of common school graduates, the aspiration of so many young people, the untiring energy of a number of teachers, and the earnest efforts put forth by the County Superintendent E. J. Travis, we have sufficient evidence to know that Crittenden county is not in the rear in educational matters. Consequently, with uncovered heads, we cheerfully say hurrah for old Crittenden.

A man is never so big a liar as when he is boasting about himself or is villifying others. A man's own tongue betrays him as frequently as he is betrayed by the tongues of others. Nine times out of ten the fellow who tells you what he would do if he were in your place, would not do any such thing. It is not what you say but what you do that counts. The bee that gets the honey does not loaf around the hive. The longer a man lives the more he finds out the less he knows.

"Lives of wornout men remind us We should struggle to be strong, And departing, leave a record That will help the cause along."

BUSINESS IS BASED ON CONFIDENCE

A Theory Put Into Practice by Well Known Business Man

J. C. BRADY

"A druggist has many opportunities to make lasting friends of his customers," said Mr. J. C. Brady, popular Rexall Pharmacist of Fall River, Mass. "The very nature of his business draws their confidence for little helpful suggestions on the matter of health. Many people have thanked me for recommending Rexall Orderlies as the best relief for constipation and its resultant ills. Put up in dainty candy tablet form, they are pleasant to the taste and make an ideal laxative for the home—for men, women and children alike."

We have the exclusive selling rights for this great laxative.

LOYD'S BRAIN LEAKS.

By F. S. LOYD:

Dr. Deboe says, Most men would be more polite to their wives only they know that if they were their wives would become suspicious.

Uncle John Parr has had his old buggy repainted to try to make it look

like a new one but it still rattles.

Calvin Elder says, Do what the doctor tells you, then if you die the blame will all be on him.

Dan Patton says, We like to have faith in human nature, but how many people do you know who wouldn't impose on you if they could.

Frank Clift says, Any man can go through life and not have enemies. All he has to do is to say nothing, be nothing and do nothing.

Judge Blue says, Anyway it is better to go down to defeat with a clear conscience than to climb to victory and not be able to sleep at night.

Billie Cox says, A man never likes to have a woman cuss, but what is a woman going to do when she discovers that the laundry has starched all of her gauze undershirts.

COMFORTING WORDS

MANY A MARION HOUSEHOLD WILL FIND THEM SO.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Marion readers.

Mrs. Mattie L. Morse, Princeton, Ky., says: "For fifteen years I had kidney trouble. I suffered from pains in the small of the back and whenever I stooped or lifted, sharp twinges darted through me. My back ached at night and was very lame when I arose in the morning. I became easily tired and was often nervous. The kidney secretions were unnatural and caused annoyance. I finally used Doan's Kidney Pills and they improved my health greatly."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Morse had. Foster-Milburn Co., Props., Buffalo, N. Y.

The big sale that opened last Saturday at Carnahan Bros. & Dodge's big store under the personal charge of Brown's in town has been a success in every respect. Throngs packed this store every day since as this entire stock is sold at wholesale and less. This big sale will come to a close Saturday at midnight.

ADDITIONAL LOCALS.

Oak Hall Corn and Pig club met Friday night and elected Thos. A. Enoch as president to take the place of D. H. Postleweight who is attending college in Lexington. There was good interest and an attendance of about 50. This is said to be one of the best clubs in the county.

Charles Daughtery, who has bought the cottage on east Depot street, from J. B. Kevil next door to the latter's home, has had it over-hauled considerably, adding some rooms and the whole has been wired for electric lights. This is one of the most desirable homes in the city and we think Mr. Daughtery got a bargain.

Bruce Babb, the pharmacist clerk at Orme's drug store for several years, left Friday for Macon, Ga., where he went to accept a similar position in the leading drug store of that city. Macon is a city of about 100,000 population and is prosperous and growing rapidly. We congratulate Mr. Babb on his success in securing the place.
