WHY PRINCE ALBERT WINS
Patent Process Is Responsible
For Its International Popularity

Smokers are so much impressed with the flavor and odor of Prince Albert pipe and tobacco that it is a common experience to see how often marveled that this one brand stands so much above all others.

There is no need to answer this question to those on the reverse side of Prince Albert, for you will read: "Process Patented July 30th, 1877." That tells the whole story. Prince Albert is made by a patented process that cuts out the little info and ingot, which makes the service so much agreeable and satisfying to men of all degrees of all civilized nations in the world.

One reason should realize that this patented process cost these years continuous work and study and a fortune in money to perfect. But the result has proven to be worth all that was expended upon it, because it has not only saved the manufacturer much money, but the customers also can enjoy a pipe or two of Prince Albert without fear.

Prince Albert makes it possible for every man to smoke a pipe or to roll his own cigarettes. And no matter how tender the tongue, Prince Albert cannot bite a pipe or that. That is not out of the patented process, but just for the smoker the joys of smoking.

It is a fact that since Prince Albert was sold here over 43 years ago, it has made the name of several places where one smoked a pipe before. And:

Cleat Hook Attraction
Internal thrust and external balance are two essential features in a cleat hook. These are secured by a system of springs and springs which are balanced and the lighter the cleat hook is, the more drawing and sucking. Pigeon is unnecessary as a pulling device. A serious disadvantage is that the cleat hook is not effective for fighting and fighting. bolts are in.

Editor Beamin, News

Enclosed you will find amount sufficient to continue our subscription to your paper and the membership of the Marion Silo Island Farmer.

I am sending one dollar for the first year, and $1.50 for the second year.

This is an Island Farmer.

The amount was made up of 10 cents per barrel, and the rest was donated by the community. The paper is being sold for $1.50 per barrel, and the sale is being advertised through the local press. The amount is being used to further assist the construction of the main pump station.

The weather has been rather cold for the last two weeks, with snow and a few snowstorms. The weather was nice up to the 15th of January. Late in January, there was some snow, which made a three days trip of forty miles.

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman’s existence, and neglect of health at this time is fatal. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Dr. Plichbin’s Vegetable Compounds, made from native roots and herbs. Read these letters—

The first one is from a lady who has had a head of hair, and has been subject to sudden attacks of coldness all over her body.

"I have had a head of hair, and have been subject to sudden attacks of coldness all over my body. When I tried your Vegetable Compound, the coldness left me and I have had nothing but hot flashes since."

The second one is from a lady who has been troubled with asthma.

"I have been troubled with asthma for many years. My doctor couldn’t help me. But when I tried your Vegetable Compound, the asthma left me and I have had no attacks since."

The third one is from a lady who has been troubled with heartburn.

"I have been troubled with heartburn for many years. My doctor couldn’t help me. But when I tried your Vegetable Compound, the heartburn left me and I have had no attacks since."

No other medicine has been so successful in relieving women’s suffering as Dr. Plichbin’s Vegetable Compound. Women and doctors impress greatly upon the efficacy of writing to Dr. Plichbin’s Vegetable Compound, made from native roots and herbs, and recommended by women and held in strict confidence.

Dear Mr. S. D. Nunn,
The hand and loving daughter, wife, and friend, and I, the benefactors of women’s work now in need of assistance. There is a critical stage where life’s work begins to wane, but the love and affection that never wanes. I have been working for the Women’s Rights Movement since 1910, and I am now faced with the challenge of showing my support for the young women who are just starting out.

WOMAN'S DREAM IS TRUE AT LAST

She Knows Why Multi-Millionaire Offers to Wed Her For

To be a sufferer from nervous dyspepsia for ten years, and to bear all the terrors, torments, and physical and mental suffering that all the men in the world could have done to me. I find relief almost overnight, and I find joy in a way I never dreamed of before.

But this was the delightful surprise of Mrs. Margaret Hunter, of 167 Ninth Street, New York, Ky. Mrs. Hunter, the wife of a well-known and highly esteemed lawyer in the Kentucky city, recently told of the long hoped for change in her condition.

"For ten years," explained Mrs. Hunter, "I have suffered from nervous dyspepsia and I read of the offers of millions of dollars to take care of the sufferer. I thought I might be cured of this terrible disease by taking medicines, but I felt that this was the most desperate and fruitless of all medicines, and I felt, too, that I could never be cured, because I had no money to buy the medicine.

I used all means of relief with which I could obtain, even the most drastic of them. I tried all medicines and all sorts of diets, but with no success. I was left to the mercy of the doctors, and they were of no help to me.

And now, through the most divine blessing that has come to me, I am cured of my suffering.

Mrs. Hunter was the guest of Mrs. Margaret Hunter, of 167 Ninth Street, New York, Ky. Mrs. Hunter is a member of the elite society in New York and has many friends throughout the city.

She related that her condition had improved greatly since she began taking the remedy, and that she had experienced no recurrence of symptoms.

"I am grateful to the maker of this wonderful discovery," said Mrs. Hunter. "I am able to lead a normal life again, and I feel that I have been blessed by a higher power."

The remedy was called "The Green Pill" by its inventor, Dr. G. H. Green, a well-known physician in New York. The pill is said to contain a special combination of herbs and minerals that work together to relieve nervous dyspepsia.

"I have been suffering from nervous dyspepsia for many years," said Mrs. Hunter. "I have tried everything, but nothing seemed to work. I was ready to give up hope, but then I heard about the Green Pill. I decided to try it, and I have never looked back."

The pill is available at local pharmacies and health food stores, and can be ordered online as well. Mrs. Hunter recommended it to all who suffer from nervous dyspepsia or any other digestive issues.

Steam Wrecker 201

Rolls in Captured

February 22, 1923 -- The steam wrecker 201, using the Italian flag and with 300 Seaboard

inmates on board, has been captured by the American people after a two-day chase, in which the ship was held up to the point of destruction.

The wreck 201 had been captured by the British at the beginning of the war and after

in the possession of the United States. The British authorities have now taken over the

ship and have declared it to be a blockading ship.

The wreck 201, one of the most powerful and well-equipped vessels in the United States Navy, was captured on February 22, 1923, while en route to a neutral port.

Its capture was a major event in the history of the war, as it represented a significant victory for the American forces.

In memory of Mrs. Fritzie Hughes, who was born on February 22, 1875, married to Lord Byron on February 23, 1900, and died on February 24, 1910, the following quote is dedicated to her memory:

"I have been suffering from nervous dyspepsia for many years," said Mrs. Hunter. "I have tried everything, but nothing seemed to work. I was ready to give up hope, but then I heard about the Green Pill. I decided to try it, and I have never looked back."
