CIRCUIT COURT NOW IN SESSION

Convenes Monday Morning at Nine O'clock.—Judge Henderson Delivers Strong Charge.

The spring term of the Crittenden Circuit Court convened Monday with a large crowd in attendance, Judge Carl Henderson presiding and Chas. Ferguson prosecuting. Promptly at 9 o'clock the reading of the docket was taken up by Miss Georgia Pastuer, of Princeton, who is assistant to Circuit Clerk D. A. Lowery. Following, the sheriff, D. Gilliland and his two deputies, W. H. Ordway and V. O. Chandler were sworn to faithfully wait on the court and the grand jury. The reports of the County Clerk, Circuit Clerk, County Judge and other officers were then read in open court and approved, accepted and put to record.

The Judge then empaneled the juries for the term and proceeded to deliver a strong charge to the grand jury. The Judge touched heavily on "society gambling" as he was reported to have done at Madisonville and Princeton, and also on all other kinds of gambling, misdemeanors and violations of the election laws. He explained the different degrees of crime, murder, manslaughter and explained the different penalties.

The Court called attention to the conspiracies for the control of the price of tobacco and other farm products and advised the jury should they find any such condition in Crittenden county to call to their aid secret service men which he felt sure Governor Stanley would furnish if asked to do so. The fish in streams within the county must be protected, no seine, net or trap being permissible under the law.

Next to society gambling the Judge was harder on cigarette fiends that any other class of citizen, putting him down pretty low on the social ladder, also the dealer who would supply them or materials for making them to boys under 18 years of age.

The grand jury was especially charged not to be a respecter of persons but to hew to the line let the chips fall where they may. The Court called attention to boot-legging, confederating and banding together—mobs and all such matters, saying truthfully that there is no excuse for such things if the juries and officers will do their duty.

The grand jurors for the term are: J. B. Carter, Foreman, W. C. Tyner, T. W. Davenport, Galen Dixon, Will U. Hughes, Anthony Cooper, J. F. Cook, J. S. Ainsworth, J. R. Postleweight, J. B. Bradley, Jess McCaslin, J. H. Bettis.

Bandits Burn Frank Cossitt's Home Near Hermanas, N. M.

Dr. T. L. Dean sent the following clipping from El Paso, Tex., paper to a friend in Marion:

Mr. and Mrs. F. M. Cossitt and son arrived Friday from their ranch at Hermanas, west of Columbus, N. M., and are at the home of Mr. Cossitt's mother, Mrs. Mary Cossitt. Mrs. Cossitt and her little son were alone in their ranch house when the bandits raided Columbus. Mr. Cossitt had come to El Paso on business.

Hearing the shooting Mrs. Cossitt and her son fled from the

house to the section house at the little station between Hermanas and Columbus.

The bandits, as they were driven from Columbus, passed by the ranch and set fire to the house, burning it to the ground.

Mr. and Mrs. Cossitt had just completed the erection of the house and had not yet moved all of their furniture from Columbus to the new house. Their furniture was stored above the Miller Drug store in Columbus, and this building was also fired by the bandits, completely destroying all of the furniture.

Editors Note. We learn from Louis Clifton, whose wife is a sister of Frank Cossitt and who has just returned from a visit to her brothers and mother, that the above report is untrue.

Judge Presented With Bouquet.

A pretty incident of the court proceeding Monday morning was the presentation to Judge Carl Henderson of a large bouquet of exquisite roses, with a card reading "compliments of O. S. Denney, A. C. Moore, R. F. Haynes and C. C. Taylor. The mayor, George W. Stone made the speech and delivered the flowers, which the Judge graciously and gratefully accepted.

Rev. James F. Price Conducting Successful Meeting

Rev. James F. Price is having a good meeting at Morgantown. There were forty-one professions last Sunday night. People of the old time revivals said they had never seen such a meeting before. They have six services a day. Mr. Price holds evangelistic services at the school chapel at 8 a. m., and preaches at 3 and 7:30 p. m. The women have a prayer meeting at the church at two o'clock, the men have a prayer meeting at four o'clock, and the young ladies have a prayer meeting at the school chapel at four o'clock.

GETS LIFE SENTENCE

Jury Brings In Verdict Finding Tom Brantley Guilty Of Murder.

The jury that heard the case against Tom Brantley, charged with murder, reached a verdict yesterday morning soon after court convened, finding him guilty as charged and fixing his punishment at confinement in the penitentiary for life.

It was a hard fought case on both sides and the trial attracted unusually large crowds at each session—at times standing room only being available.—Morgantown Sun.

Loses Tooth On Cake Asks \$1,000 Damages.

Philadelphia, March 20.—Declaring restaurants that placed things "like mother used to make" are delusions, Nathan M. Solomon entered suit in the municipal court against the management of a local restaurant. He asks \$1,000 damages for a tooth lost in biting into a cake, which, he says, was proclaimed the kind "mother used to bake."

Solomon says the cake contained a "large piece of stone" and that his tooth broke upon coming in contact with it. He declares that his mother never resorted to the quarry or gravel pit in mixing her cakes.

CHRISTIAN VOTES \$400,000 BONDS

Issue For Good Roads Carries in Christian By a Majority of Over Three Thousand.

Hopkinsville, Ky., March 21.—Christian county today voted a \$400,000 bond issue for good roads by a majority of 3,127.

The vote was 4,607 for, to 1,480 against, the proposition.

Only four precincts of the thirty-two in the county went against the proposition.

The city of Hopkinsville gave a majority of 1,109 for the bond issue.

By agreement with the fiscal court a commission was to be appointed to have supervision of the expenditure of the money and the location of the roads to be improved and the act of the legislature giving fiscal courts the right to appoint such commission was earnestly championed by the member from Christian county, Mr. Cook.

Thus the fiscal court worked in harmony with the Good Roads association of Christian county and gave the public confidence that the proceeds of the bond issue would be wisely placed and expended.

With this money it is estimated that more than 200 miles of pike can be reconstructed and about fifty miles of new pike built, which will take in all the chief roads to the county line.

All the work will be done under the State-aid law, by which half the cost will be refunded out of the state road fund.

Mayor Stone Writes About Taxes and Special Privileges.

To the Editor of the Crittenden Record-Press:

Dear Sir:

I see one of the best articles I have ever read written by our County Superintendent of Schools. I have never seen a man take more interest in the welfare of the people than Jeffrey Travis. I am with our friend Mr. Travis for good schools and a building up of our county, and our schools are the foundation of the county. I am against graft in any form. I'm for taxes enough for honest purposes. You are not supposed to have any opinion of your own, but let some stranger tell you what to do and if you do get up courage enough to oppose their schemes you must be insulted and compared with night riders. Now there were two ladies in Marion who happened to hear this abuse to myself. Just why would we need a nurse at expense of tax-payers?

If a nurse wants to locate in Marion she is welcome to do so and no one would object, but they don't want to be forced to pay her to locate here. It is no trouble to get a nurse when you need one. Haven't we a health officer at a salary? He has the law all on his side, what is his duty? What is the meaning of sanitation?

School teachers teach sanitation and from the first to eighth grades inclusive, get the wonderful sum of from fifty to sixty dollars a month. They work hard every day and burn midnight oil to keep up with their work. When their work stops their pay stops also. Now if the town and county has a surplus thousand dollars why not give it

to the teachers who earn it and don't get it. I wish I had it in my power to give every teacher in our Marion school one hundred dollars a month. I have talked with quite a number of tax-payers and not all, but most of them

were men who helped to build up this town. They are opposed to paying people for doing nothing. I do not fall out with anyone because they don't agree with me, but want to be friendly just the same. Just to show you what lengths some will go to, they threatened to ruin my optical business, and I will say right here you can talk all you please. If I have to sacrifice my principles for business or friendship we will part company at once. I want all the business I can get in an honorable way but if I have to act a hypocrite to get it I don't want it. Besides I will not resent anything you may say about me or my business if that is your religion. All that I can truly say is may God help you. The Lord is my shepherd, I shall not want. He leadeth me beside the still waters, etc. Now what I have said is said with the kindest of feelings for everyone and I wish everyone prosperity and happiness in this life and a home in Heaven at the end of time. I want to be your friend if you will let me. If you don't agree to this I will like you anyway and you cannot help yourself.

With best wishes,
Geo. W. Stone.

Some Facts Worth Thinking Over.

The following statistics, according to the U. S. census of 1910, may be interesting to those who oppose the Woman Suffrage Amendment on the grounds that it would increase the negro vote.

KENTUCKY CENSUS 1910

Total Population 2,027,951

White males, 21 & over 527,661

White females, 21 & over 511,831

Colored males, 21 & over 75,494

Colored females, 21 & over 74,789

Illiterate white males 78,314

Illiterate white females 68,383

Illiterate colored males 44,417

Illiterate colored females 42,720

It will be readily seen that white females exceed number of colored males and females by 361,598, and that the illiterate white males exceed illiterate white females by 10,031, and the illiterate colored males exceed illiterate colored females by 697.

The colored population has been steadily decreasing since 1900.

FIVE DEATHS OF THE WEEK

Are Joe Thurmond, Rev. Felix A. Crow, Thos. C. Cook, Mrs. E. Asbridge and C. C. Perry

Joe Thurmond, a 15-year-old boy of the Repton vicinity, died in convulsions Thursday morning, March 17th, and was buried at Repton in the Thurmond grave yard Friday.

His mother's maiden name was Fritts, and Joe was a twin, having a twin sister.

He was affected very peculiarly it is said, and had several hard convulsions. His sister was taken similarly but prompt medical aid relieved her, and she is now better.

Rev. Felix A. Crow, of Hopkinsville, son of W. H. Crow, of this city, died March 17th of cerebral hemorrhage. The remains were brought to Marion Sat., and buried at Mt. Zion.

Rev. Trotter conducted the funeral services. He leaves one sister, Mrs. Essa Walters, of St. Louis four half sisters Mesdames Nora Robinson, Blythville, Ark., Lida Carter, Okley, Kansas, Belle Williams and Alice Eskew, of Marion and one half brother, A. S. Crow, of Ft. Worth. He was 46 years of age.

Telegrams received by members of the family Monday morning brought news of the death of Thomas C. Cook at Kansas City, Mo., Sunday night, of paralysis. He was in his 40th year and was a son of the late H. M. Cook.

His mother, Mrs. Mary Cook, lives here also. Two brothers, Levi and Robert, two sisters also survive, Mesdames Inez Neely and Edith Cromwell. His wife, who also survives, was Miss Clay Bennett, of Fredonia. The remains arrived here at 10 o'clock Wednesday and were laid to rest in the new cemetery.

Mrs. Ellen Asbridge, of the Jackson School House section, south of Mexico, died Saturday morning, March 18th, of cancer of the stomach and other ailments. She had suffered a long time with this trouble and had a vicious carbuncle on the back of her neck which gave her much pain also. Her physician, Dr. Spickard, of Fredonia, had held out no hope for her recovery for several weeks. The funeral was preached at her home at noon Sunday and the interment was conducted at the Matthews' graveyard immediately after in the presence of a large assemblage of her friends, relatives and acquaintances, Rev. Barnett officiating.

She is survived by her husband, John Asbridge but left no children. The deceased was well-known to many of our people as she lived here on the Wilson Hill farm several years.

She was in her 72nd year, having been born Sept. 25th, 1844. She was married to John Martin Asbridge at Eddyville in 1867 on her 23rd birthday.

Charles C. Perry died at the home of his father Saturday evening at 7:30 o'clock March 18, 1916 of tuberculosis of which he had suffered several years. The funeral was preached Monday morning at 8:30 o'clock at the residence by Rev. Royster of Tolu and the remains were

brought here and placed in charge of the W. O. W. lodge of which the deceased was a member and were laid to rest at 1 o'clock in the new cemetery. The deceased was a member of the Methodist church at Hurricane and had been for many years. He is survived by his wife who was Miss Kittie Moore of this city, his father, J. B. Perry, the well known capitalist and banker, and two brothers, T. Alvin Perry an attorney of Owenton, Ky., and Dr. J. Robt. Perry of this city. His mother who was Miss Nannie Love died 23 years ago, in April, 1893.

Mr. Perry was born in this county Feb. 2nd 1880 and was therefore just past thirty six years of age, and excepting when in the West in search of health has resided in this county all his life.

More Mineral Veins.

E. C. Clark, Ass't Supt. of the Rosiclare mines, left yesterday for a day or two at Mexico, in Crittenden county, Ky., where he goes to inspect some work being done in the mines there as controlled by the owner of Rosiclare mines. It was pretty cool the morning he went away and we are satisfied the trip will make him sick—so sick he'll have to return home via Paducah, remaining there a day or two in a certain hospital, of course where he can come under the gentle care of a certain little nurse. That would be our fair surmise.—Rosiclare Sentinel.

In my last article I spoke of such mineral outcrops and vein crossings as I had seen and remembered along the Ohio River, from Jacks Point below E'town, to the Ford's Ferry road above Cave-in-Rock.

There is an important vein called the Larue Vein, which passes through the village of Fords Ferry, crosses the river and enters Hardin county nearly a mile further up the river. This vein passes what is known as the bend of the river and recrosses at a point just above Caseyville.

A vein which passes through Pickern Hill, in Ky., enters the bend of the river at or near the little town of Weston. Owing to the bend of the river this vein never enters Hardin county, but re-enters Kentucky further up the river.—James A. Lowry in Rosiclare Sentinel.

Cutting Down Supply of Potatoes and Butter.

Berlin, March 21.—Each person will be permitted to purchase 135 grams (about five ounces) of butter weekly and ten pounds of potatoes each twelve days.

It is understood this measure is a temporary one, to remain in force until the local shortage is remedied by better methods of distribution.

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from indigestion and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Letter From Birmingham, Ala.

Birmingham, Ala., Mar. 8, 1916.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Sir:

Some of us like to dwell on things of the past, though, what I may say in this letter, will be of that nature, though it may not be interesting to anyone, but myself, yet it shows how wild a man can get.

On April 15th, 1869, I left Crittenden Co., in an ox wagon, taking the best seat in the front end, told my oxen to go West. For 42 days I feelingly urged

that yoke of cattle on, until I struck the Southwest of Kansas, Couly Co., in which county, with one interval I stayed 38 years. I was one among the first settlers in that locality; there were no neighbors, no roads, but the finest stream to fish in that ever wet a hook for me. Right there I began to see my way clear, and pretty soon, neighbors began to come in, then it was that it began to look like making a home, the people that came in there were not strangers; I never saw a stranger during the 38 years I was there. After some misfortune, that of my wife's death, and being left alone, I left Kansas and went to Missouri, after being there seven years. I happened to the same kind of misfortune, lost my 2nd wife, then it was I went to the National Soldiers' Home at Leavenworth, Kan., was there about two years—not in the home all the time, but a member, then it was I dropped down in my old home town, Marion, Ky. Was there about a year. Then there was an opportunity for a home in Alabama presented itself, I took it. I find myself happily located in the midst of lots of good people.

Isn't it a fact if I speak evil of my neighbor, I am that much to the wrong, but if speak well of him, I have only done my duty. When I first settled in the west it was no trouble to go out and kill a basket full of ducks or turkeys, or if you felt right game just take the wagon and go out a few miles and get a buffalo, they were plenty, also antelopes and deer. Wild meat was all we had for the first year we were here, there were plenty of fish. These we had to bake or fry in water, as we had no hog tallow. I will say I have had all the fun I want in being among the first settlers of a new country. Any old State is good enough for me. In case this should find its way into the waste basket, here's my kindest regards to the Press, and people of Marion and others.

Permanent Features of the Road Bed

Foundations, Drainage and Grading a Permanent Investment.

(Prepared by the U S Department of Agriculture)

Rolling Shell Road, New Orleans.

In expending money raised by the sale of highway bonds, highway commissioners should distinguish carefully between the permanent and the perishable features of the road. Foundations, drainage structures, alignment and grades are in general fairly permanent features which should be looked upon in the light of an investment. If these features do not comply with a certain standard, it will be poor economy to spend money on transitory improvements such as hard surfaces, which must, at considerable expense, be renewed from year to year. In the same way, it is manifestly poor policy to build an expensive surface on defective grades with poor alignments and short-lived drainage features.

Even when much of the money expended upon a highway has gone into the permanent features, there is still danger that the cost of repairs and maintenance will be overlooked, or at least slighted, in the calculations of

of about 62 per cent of the total cost of a well-built macadam road may be considered as spent for permanent features, and with bituminous macadam roads, about 56 per cent. This method of estimating cannot be applied to any gravel or natural soil road in which no part of the surfacing can advantageously be considered permanent, for under most systems of maintenance it steadily deteriorates.

Roads built with surfaces entirely of concrete, or with brick pavements resting on a concrete foundation, are sometimes regarded as permanent, but this is hardly safe. It is not yet definitely known how long the best concrete surface will last. The best vitrified brick surfaces may last a number of years, but even with them repairs will be required.

It should be borne in mind by those charged with the expenditure of highway funds that the initial cost of a road is never the final one; that no surface is permanent, and that repairs

Patrolman Cutting Weeds on the Road, Canton, N. C.

the road builders. When roads are built with borrowed money it is, of course, especially important to avoid this error. On the other hand, however, it is not necessary to regard the total cost of surfacing a road as a temporary improvement. Much of the surfacing may be classed as a permanent investment, for it is becoming more and more common to have surfaces built in two courses, the lower of which is as much a permanent feature of construction as the grading itself. This is particularly true of those types of road that are built with concrete foundations for bituminous macadam, brick or asphalt surfaces. It is probably conservative to regard 40 per cent of the first construction cost of macadam or more enduring pavements as a permanent investment. It is seldom nowadays that hard roads are permitted to wear into the foundation course of the surfacing.

Where proper maintenance is assured it is safe to say that an average and maintenance charges will always be necessary. On the other hand, many features of a good road are to be regarded as permanent investments. When roads are built with borrowed money, the distinction between the permanent and the temporary improvement must be carefully observed in order that the county may have something in exchange when the time comes to repay the loan.

A Few Ways of Saving Money.

Saving money by not spending it for good roads is like saving it in refusing to improve stock.

It is like saving it by refusing to build a modern barn.

It is like saving money by doing without a silo.

It is like saving money by using machinery beyond its period of usefulness.

It is like saving money by paying it to the doctors instead of caring for the health of the family.

OLD FOLKS FIND A CHEERY FRIEND

A Boon to Those Who Have Started Down the Hill of Life.

So many of us have been seeking some really efficient remedy to give to our old folks who are treading in the long shadows of life. That remedy must contain the proper tonic qualities to revitalize sluggish organs and the blood.

That something has been found. It is Tanlac.

It is cowardly to let debility sap away the life and comforts when it can be stayed. A condition of debility never wears itself out. Instead, it gradually grows more pronounced unless proper measures to check it are taken. It gathers force and nourishes itself upon the tissues of the body. To build up those tissues is to fight debility.

Characteristic condition of debility both in old and young are nervousness, headaches, backaches, depression of spirits, loss of appetite, sleeplessness and a general good-for-nothing feeling that comes from lack of energy. Tanlac is designed to combat these conditions in many ways. It is a splendid tonic and tissue builder with just the right amount of proteids. It quiets nerves and brings back restful sleep, which is Nature's first aid to the debilitated. It corrects stomach troubles—and there, in nine cases out of ten, you have the seat of a nervous, debilitating ailment.

With the body recharged with vigor, that detested, despondent feeling passes away so quickly you are astonished and mightily regretful that you didn't start out to fight it long before.

Tanlac may now be obtained in Marion at J. H. Orme's where its great popularity is being better shown every day.

Tanlac may be obtained in the following nearby towns:

Blackford, A. T. Brown; Wheatcroft, Hardip Pharmacy; Clay, Kearney blue; Providence, R. G. Baynham; Sturgis, Meacham & King; Caseyville, W. E. Ames; Fredonia, W. E. Cox; Crider, L. W. Guess; Princeton, Wylie & Walker.

ATTENTION DRUGGISTS—STORE KEEPERS.

An exclusive Tanlac agent is wanted in every town, village and cross road in this county. For particulars and advertising plans address Cooper Medicine Company, Dayton, Ohio.

Babe Chokes to Death.

Dresden, Tenn., March 20.—The two-year old child of George White, residing three miles north of Dresden, choked to death Saturday. The child had been given a meatskin and was eating it when noticed struggling, and when examined was found to have a large piece of the meat-skin in its throat.

It is also said that the efforts of the child to deliver itself of the meat skin produced a strain so great that a blood vessel on the brain was ruptured and that its death was due to that instead of choking.

Portugal Enters War At England's Request.

Washington, March 21.—Portugal entered the war the Portuguese legation announces, because Great Britain requests her to do so, in fulfillment of treaty obligations dating back to 1373. Portugal did not enter the war before, the Portuguese minister announced, because Great Britain had not called on her to do so.

A statement outlining Portugal's position, issued by Viscount DeAlte, the Portuguese minister, read as follows: "Portugal is drawn into the war as a result of her long-standing alliance with England, an alliance that has withstood the strain of 500 years.

SAYS DRINK LEMONADE FOR RHEUMATISM

Relief from rheumatism and sciatica can be obtained by drinking lemonade and avoiding alcoholic drinks.

"To get rid of this stubborn disease, however; to stop the twinges, pain and swelling, and drive the poisonous accumulations from the joints and muscles, all generously-inclined druggists will tell you to take half a teaspoonful of Rheuma daily until all misery ceases. Rheuma is a powerful remedy, because only a powerful remedy can overcome such a terrible disease; but Rheuma acts speedily—the first dose taken and you'll know that you will soon be your healthy, happy self again. Jas. H. Orme and all druggists know what Rheuma will do, for they sell a great deal of it and guarantee two 50-cent bottles will overcome rheumatic agony or money back. 10

stomach. Only for the past few months has his condition been considered serious. After what promised to be for a time a recovery, he quickly became worse Sunday morning, January 9th. The news of this brought to his bedside several anxious friends among them his pastor and some members of the Masonic Fraternity who had been thoughtful and attentive during his sickness. He confided to his pastor, to his brethren and to his wife the secrets of his soul. He asked for the old songs and we sang "How Firm A Foundation," his own failing voice joining in it. His wife said to him, "If you should go suddenly, all is well is it not?" He replied in these words, "Yes, I am ready, waiting and watching."

Only a few moments before his translation, he looked longingly out of the window toward the east, and prayed, "O Jesus, come and help." But upon that East his fading sight was already closing to open on an eternal morning. Not many moments after this he sank back upon his pillow and his released and redeemed spirit was with God.

The above prayer was characteristic of his whole sickness. When in the long nights and tiresome days the storms of pain would threaten to shake his confidence, he clung all the more desperately and securely to the Rock of Ages.

Mr. Minner was born in Crittenden county, Ky., September 1st, 1847 where he lived until the spring of 1906, when he moved to Missouri and settled near Morley where he died January 10, 1916. He was married 1872 to Miss Mary E. Perry, and five children were born: The oldest daughter, Laura, died in her fourteenth year in Kentucky; Herbert died in his seventh month, Naoma died in her seventeenth year at Marvin College, Fredericktown, Mo. Only two children and the widow survive. The names of the children are Edward and Cecil, and live at Morley.

Mr. Minner was a farmer all of his life except a few years when in the mercantile business.

He was a member of the A. F. & A. M., having joined about 47 years ago. The rich, and full Christian life that he lived indicates the almost self-evident truth that he was a churchman. He was converted when a young man and joined the Methodist Episcopal Church, South and half a century of loyalty to it is his legacy to his Christian brethren. This is the same also as saying that he honored the fraternity of which he was a faithful member.

Funeral services were conducted Tuesday at the Methodist church at 2 o'clock by the pastor, Morley E. Forsythe, after which Morley Lodge 184, took charge of the burial ceremonies and interred his remains in the Morley cemetery.—WILSON E. FORSYTHE.

Resolutions of Respect.

WHEREAS, the Supreme Master has seen fit to call from the walks of life, our worthy brother, T. A. Minner, who departed this life on January tenth, Nineteen Sixteen.

Therefore, Be it resolved, That Morley Lodge, 184, A. F. & A. M., feels keenly the loss of a worthy citizen, a faithful and loyal member of this Order, and this lodge one of its most useful and beloved members.

Be it further resolved, That we humbly submit to this call, which bows down with deep sorrow a loving wife, a host of relatives and friends, and his fellow members of this lodge, who knew him only to love him and emulate his many noble traits of character.

Be it further resolved, That we extend sympathy to the grief-stricken family, and that they be furnished a copy of these resolutions and that a copy be spread on the minutes of this lodge.

As the season approaches for dust, we must think of oiling our streets earlier than last year. Everybody on the dusty streets wants oil so as to abate the dust nuisance. The Henderson Gleaner says:

us impassible roads.

We prayed for sunshine and got it.

The sun has been shining for several days and immediately we pay the penalty.

Our burden of woe is changed to a nuisance of dust.

This does not apply as yet to the dirt roads of the county, but it does apply with irritating truth to the city where the dust, for the past few days, has been as bad as in the hottest days of summer.

Yes, this is our annual March tirade against the dust nuisance. So far we have succeeded in getting results and relief, sometimes by praying for rain, sometimes by getting belated co-operation from the city hall.

Help us along with the good work, both by praying for rain and by buttonholing your councilman.

General Assembly Adjourns.

Frankfort, Ky., March 21.—The Kentucky general assembly after one of the most turbulent sessions in the history of Kentucky, adjourned sine die this morning. There were very few days of the session that were not filled with thrills, many of them being sensational in the extreme. The closing hours were marked by the usual rush of measures that were given passage without debate.

Miss Kitty Gray Is
Honored in Madisonville.

Mrs. J. F. Gordon entertained the members of her Bridge club on Friday, at her country home, Dellmead. Miss Gray, of Marion was the guest.—Hustler.

Mrs. W. J. Dulin entertained her Bridge club on Wednesday and the guests were the following: Mesdames George Atkinson, C. L. Ross, P. B. Ross, Will Hopewell, F. X. Howard, Alex Lunsford, W. C. Morton, J. F. Gordon, C. O. Osburn, M. K. Gordon, T. W. Gardiner, Jerold Jonson, George Russell, E. G. McLeod and Miss Gray, of Ma-

rion.—Hustler.

Mrs. W. L. Gordon, Jr. gave a most enjoyable Bridge party on Tuesday. Bright Jonquils added to the attractiveness of the spacious living room, where there were four tables of interested players. The hostess was assisted in serving the delicious lunch by the three charming little daughters. Among those present were: Miss Gray, of Marion; Miss Eula Long and Mesdames M. K. Gordon, J. F. Gordon, L. A. Tapp, L. D. Brown, W. J. Barnhill, C. L. Ross, H. L. Head, W. C. Morton, F. X. Howard, Cordier, W. H. Elgin, Alex Lunsford, W. J. Dulin and R. L. Bone.—Hustler.

stomach. Only for the past few months has his condition been considered serious. After what promised to be for a time a recovery, he quickly became worse Sunday morning, January 9th. The news of this brought to his bedside several anxious friends among them his pastor and some members of the Masonic Fraternity who had been thoughtful and attentive during his sickness. He confided to his pastor, to his brethren and to his wife the secrets of his soul. He asked for the old songs and we sang "How Firm A Foundation," his own failing voice joining in it. His wife said to him, "If you should go suddenly, all is well is it not?" He replied in these words, "Yes, I am ready, waiting and watching."

Only a few moments before his translation, he looked longingly out of the window toward the east, and prayed, "O Jesus, come and help." But upon that East his fading sight was already closing to open on an eternal morning. Not many moments after this he sank back upon his pillow and his released and redeemed spirit was with God.

The above prayer was characteristic of his whole sickness. When in the long nights and tiresome days the storms of pain would threaten to shake his confidence, he clung all the more desperately and securely to the Rock of Ages.

Mr. Minner was born in Crittenden county, Ky., September 1st, 1847 where he lived until the spring of 1906, when he moved to Missouri and settled near Morley where he died January 10, 1916. He was married 1872 to Miss Mary E. Perry, and five children were born: The oldest daughter, Laura, died in her fourteenth year in Kentucky; Herbert died in his seventh month, Naoma died in her seventeenth year at Marvin College, Fredericktown, Mo. Only two children and the widow survive. The names of the children are Edward and Cecil, and live at Morley.

Mr. Minner was a farmer all of his life except a few years when in the mercantile business.

He was a member of the A. F. & A. M., having joined about 47 years ago. The rich, and full Christian life that he lived indicates the almost self-evident truth that he was a churchman. He was converted when a young man and joined the Methodist Episcopal Church, South and half a century of loyalty to it is his legacy to his Christian brethren. This is the same also as saying that he honored the fraternity of which he was a faithful member.

Funeral services were conducted Tuesday at the Methodist church at 2 o'clock by the pastor, Wilson E. Forsythe, after which Morley Lodge 184, took charge of the burial ceremonies and interred his remains in the Morley cemetery.—WILSON E. FORSYTHE.

Resolutions of Respect.

WHEREAS, the Supreme Master has seen fit to call from the walks of life, our worthy brother, T. A. Minner, who departed this life on January tenth, Nineteen Sixteen.

Therefore, Be it resolved, That Morley Lodge, 184, A. F. & A. M., feels keenly the loss of a worthy citizen, a faithful and loyal member of this Order, and this lodge one of its most useful and beloved members.

Be it further resolved, That we humbly submit to this call, which bows down with deep sorrow a loving wife, a host of relatives and friends, and his fellow members of this lodge, who knew him only to love him and emulate his many noble traits of character.

Be it further resolved, That we extend sympathy to the grief-stricken family, and that they be furnished a copy of these resolutions and that a copy be spread on the minutes of this lodge.

IN MEMORIAM.

Mr. Herbert Alexander, was born Sept. 29th, 1889, was married to Beulah McEican, March 15th, 1914.

He was sick only a short time with pneumonia. He bore his afflictions with patience. Everything was done for him that could be done, but human hands were too short to reach the trouble.

He was converted a few days before his death, and desired to meet his father, who died recently. He died Jan. 24th, 1916, the funeral was conducted by Rev. W. T. Oakley in the Piney Fork church.

He leaves a devoted wife, mother, two sisters, four brothers and a host of friends to mourn his loss.

Dearest Herbert thou hast left And our loss we deeply feel, But 'tis God that has bereft us, He can all our sorrows heal.

Letter From California.

Duani, Cal., Mar. 14. 1916. To the Crittenden Record-Press. Dear Editor:

I am sending you one dollar for the dear old paper for one year. We can't do without it, it is a letter from home.

Well, we are close to the Mexico line; lots of war talk out here and I don't want any in mine. So if they get too close, look out I have to come back to the old Kentucky hills to hide. This is a fine country in time of peace—don't know what it could be in sour oranges, they are ripe and a fine crop. Mr. Editor I wish you were here to help me eat them.

So hoping not to miss any more papers from home, I close.

Wood, Row, Wilson.

Triplets were born recently into a family near Sparta, Tenn. It is presumed that a name had been selected for one in advance, the parents supposing there would be only 1, and that name was doubtless Woodrow Wilson. But when three made their appearance it looked like things would have to be changed. But not necessarily, for the name was merely split up among them, with the result that the youngsters were christened Wood, Rowl and Wilson.—New Era.

Wood, Row, Wilson.

Triplets were born recently into a family near Sparta, Tenn. It is presumed that a name had been selected for one in advance, the parents supposing there would be only 1, and that name was doubtless Woodrow Wilson. But when three made their appearance it looked like things would have to be changed. But not necessarily, for the name was merely split up among them, with the result that the youngsters were christened Wood, Rowl and Wilson.—New Era.

C. K. BROWDER SUES FOR HIS MONEY BACK

Says That Kentucky Rural Credit Association Failed to Make Loan as Agreed Upon

The Kentucky Rural Credit association was made defendant to another suit filed by Yeaman & Yeaman, attorneys for C. K. Browder, Saturday. The plaintiff is seeking to collect from the association \$250, alleged to be due for money paid to the agent or representative in partial payment for shares of stock in the early spring of 1915.

It is claimed by the plaintiff that the defendant sold the shares to various persons in Henderson county and other parts in Kentucky with the understanding that they could in turn borrow various sums of money from the association at a very low rate of interest.

The plaintiff says that since paying over the \$250 to the association he has been unable to borrow said sums of money, although he has wanted to borrow same, and has been ready at all times since to secure the payment of same. The plaintiff seeks to recover the amount paid out with interest on same from the date it was borrowed until paid.—Henderson Gleaner.

Junior Girls Entertain

In the series of class programs

given by the Scimitarian Society, the Junior girls gave a most pleasing and unusual program last Friday afternoon. The windows were darkened and the only light was the soft glow of many candles over the stage, which was decorated with bridal roses in pink and white, the class colors.

Their poster had a pear and two slices of watermelon on it. Since the program was given we have decided that it meant "a pair of sweethearts." It was the presentation of a dream of a man who is to be married on the next day. After he has gone over all his old sweethearts "Mary," his bride appears to him and confesses that she has had a great many sweethearts also. As each character was mentioned a Junior girl dressed for the part appeared in a frame at the back of the stage. After this the curtain fell. The next was the wedding tableau which was truly sublime. The maid of honor was beautiful and so was the best man, the bridesmaids were lovely, and so were the ushers, and the flower girls were adorable. The bride was too beautiful to describe and the groom was more handsome than is at all becoming in man. The old minister looked very real as he held his hands out over the bride and groom. In the red glow of light it was truly spectacular. No one was expecting the ingenious Juniors to do anything ordinary, and consequently were not disappointed, and for the same reason were only moderately surprised at the excellence of the program.

The Senior girls entertain next Friday afternoon at 2 o'clock.

AFTER FOUR YEARS

Princeton Testimony Remains Unshaken.

Time is the best test of truth. Here is a Princeton story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Thompson, plumber, Princeton, Ky., says: "I was troubled for five years with backache and other annoying symptoms of kidney complaint. During the early part of the winter when the cold weather set in, I was sure to have an attack of lame back that would make it impossible for me to work for days at a time. I tried many medicines but got no relief. I finally got Doan's Kidney Pills and in two days was back to work, feeling better in every way. I do not have backache now and my health has been greatly improved."

OVER FOUR YEARS LATER Mr. Thompson, said: "I am glad to confirm my former endorsement of Doan's Kidney Pills. Whenever I have had occasion to use this excellent medicine I have been greatly benefited."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Thompson had. Foster-Milburn Co., Props., Buffalo, N. Y.

When you pay your bills, give your grocer first money. He can't pay them with excuses. He cannot afford collection expenses. He should not be expected to. If he is courteous enough to give credit, show him equal courtesy by paying him promptly and without making him extra expense. He has no security. What you buy of him is soon consumed and he cannot get it back. He trusts you on your honor alone. Who else does as much for you? He buys of wholesale houses who sell on stated terms and have experts who are paid to "get the money" when due. He asks no favors--needs no charity, but is entitled to a square deal. Be square--be fair--be just. Don't double your account.

Pay Your
Grocer
First!

The most important thing in the world is to get something to eat. If you must put off paying anyone, therefore, let it be anyone BUT the grocer. He is not wealthy. He seldom has a surplus in the bank. His money is all invested in merchandise and accounts. He buys of wholesale houses who sell on stated terms and have experts who are paid to "get the money" when due.

WORLD'S LEADING TOBACCO TOWN

Winston-Salem, N. C., Now Manufactures More Tobacco Products Than Any Other City in the World.

Following are extracts from an address delivered by Col. A. D. Watts, Collector of internal revenue for the Fifth District of North Carolina, at a smoker given by The Twin City Club, Winston-Salem, February 4th, 1916:

SOME COMPARISONS

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the Commissioner of Internal Revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31st, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the State, was completed last July at a cost of \$250,000 your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September it has taken only a fraction over seven average days' collections here to equal its cost. So far this week, Mr. Cranford has taken in \$206,428.50. I predict that before 1916 shall have ended your average weekly payments to the government on tobacco, with more than pay for this magnificent building, leaving the collections for the other fifty one weeks as clear profit to the government.

TOBACCO SHIPMENTS

"Winston-Salem is shipping on average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products.

"In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America and I believe, in the world; socially, a never failing delight to her friends."

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No Such Trouble as

this in Old Kentucky.

Buenos Aires, March 21.—The Argentine is experiencing a phenomenal heat wave that has caused an enormous mortality among live-stock. In the rich district of Venado Tuerto, Province of Santa Fe, alone, from five to six thousand head of cattle have succumbed, involving a loss of nearly a million dollars to the ranch owners. The wheat yield, however, is remarkably large, and the corn crop also promises to be good.

German Loss in Storming of Verdun Is Placed at 200,000.

Paris, March 21.—German losses in the first three weeks of the Verdun offensive were estimated at 200,000 in an official statement by the French War Office yesterday.

French troops stormed and captured more than 200 yards of German trenches in the Carnes forest, taking 20 prisoners, the War Office announced yesterday afternoon.

The official statement reported intense German bombardment in the regions of Douaumont, Bethincourt, the Woevre and Leprete woods, but no infantry attacks north of Verdun.

French war planes dropped 30 bombs on the railway station at Conflans returning unharmed, the War Office reported. Elsewhere no important operations occurred.

Planning Mine Laying

Twelve Months Ahead.

London, March 21.—Ten thousand more skilled miners will be wanted on the British war front during the next twelve months to carry on the work of tunneling for the laying of mines, according to Robert Smilie, president of the Miner's Federation of Great Britain.

In making this announcement Mr. Smilie stated that while a considerable number of miners were already engaged in this work, the government wanted more and was going to appeal to the home office for them. These men, however, will have to be enrolled as volunteers.

MAN WHO WAS REFUSED JOB IN PADUCAH SCHOOLS NOW ONE OF THE WEST'S GREAT EDUCATORS

Prof. Charles Evans, Brother of Paducah Druggist, Is Refused Place in Paducah School System in 1898; Now He is President of Harry Kendall College, of Oklahoma, and One of the West's Biggest School Men Educators at This Time.

Refused a position as superintendent of the Paducah public schools in 1898 and now the foremost educator in the West is the strange yet true experience of Dr. Charles Evans, brother of Thomas Evans, proprietor of a Paducah drug store. Dr. Evans only recently assumed the presidency of the Harry Kendall College, at Tulsa, Okla., after having served four years as president of the Central State Normal College, at Edmond, Okla.

Dr. Charles Evans was here in 1915 for a visit to his brother, Thomas Evans, and has many friends here. He has many former pupils in Paducah, all of whom will attest the brilliancy and the vigor of this Kentucky boy who is making a name for himself in the educational work of the great "Golden West."

Concerning his promotion from the State Normal college to the head of the Harry Kendall school the Oklahoma Journal of Education carries a five page article of interesting facts about the life of this comparatively young man who is figuring so prominently in the great work of educating the young people of Western America.

The Journal declares that to be the president of the third largest normal school in America is no mean task; and "to successfully administer to the affairs of such a school is an accomplishment of no small proportions. But that is the honor which belongs to Dr. Charles Evans, who for the past four years has been at the head of Oklahoma's Central Nor-

mal school at Edmond. His achievements there have been marvelous, for Central State Normal presents an atmosphere of "get-up-and-go" that is scarcely equaled in any educational institution in the world."

"Charles Evans was born in Salem, Ky., August 16th, 1870. His father was a village blacksmith," continues the article, "and he had practically no education. Because of this the boy Charles soon learned that the public school was to be his great benefactor. So he clung to it. Salem had a grammar school and a modest high school, and Charles went through both, finishing from the Salem 'academy' at the head of his class."

"After teaching two years in his home town Evans attended the Kentucky State University for one year, and then was given the principalship of the Salem schools, but did not accept it, going to the National Normal School, Lebanon, O. Here he worked diligently, and received his B. S. degree while 18 years old. He returned to Salem and was elected principal of the Academy. In three years he was called to the superintendency of the city schools of Marion, Ky., where he served twelve years, leaving in 1905 for the west. He assumed the superintendency of the Ardmore, Okla., schools, where he began to expand as an educator, being elected to the presidency of the Oklahoma Educational Association. In 1911 he was called to the presidency of

the Central State Normal school, which institution be broadened and bettered, until now he has been chosen chief executive of the Harry Kendall College.

His wonderful rise in educational work, coming as it did after he was turned down as superintendent of the Paducah schools makes his career of interest in Paducah, and friends who know the educator are showering congratulations upon his brother here in Paducah.—The Paducah News-Democrat.

KENTUCKY, ATTENTION!

"There is no greater patriot—not even the soldier on the battlefield—than the man who battles with the stubborn soil and makes it yield for the support of the nation." We have in Kentucky a power of dominion in our resources that will make the power that comes with strategy, brute force and armament insignificant. If we know what we have and use it wisely, we will make others dependent upon us.

The stomach is the center of the body from which radiates our vitality, strenuousness, our fighting strength. A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. Dr. Pierce's Golden Medical Discovery refreshes and tones up the stomach walls. Removes the poisonous gases from the system.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the liver, bowels and kidneys.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealer's; it is a powerful blood purifier and tonic.

Depend upon this grand remedy to give you the kind of blood that makes the skin clear, the mind alert, the vision keener and puts ambition and energy into the entire body. Contains neither alcohol nor narcotics. Its ingredients are made public and printed on wrapper. It's a pure, alternative extract made with glycerine from native roots and herbs.

Sold by medicine dealers in liquid or tablet form, or send 50 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a trial box of tablets.

War Declared on Portugal By Germany.

London, March 13. — When Germany today declared war on Portugal, following the recent seizure of German merchantmen interned in Portugal harbors, marked the entry of the thirteenth country into the war.

Fighting between the French and Germans northwest and north of Verdun is in no wise slackened. German attacks to the north of Verdun, around Douaumont, the village of Vaux and Fort Vaux have been particularly violent, but unavailing, according to Paris.

In the eastern theatre the Russians at various points assumed the offensive against the German advance positions, but unsuccessfully Berlin declares.

Carrie Morse visited friends and relatives at Marion last week.

Mrs. Lizzie Travis celebrated her 76th birthday at the home of her daughter, Mrs. John Guess, Mar. 12th. Seven of her children, eleven grandchildren, one great grandchild and a number of friends, about fifty in all, were present. They came at early hour, bringing well filled baskets. The time was spent in pleasant conversation and at noon a bountiful feast was spread. All left wishing her many more anniversaries.

The Farmers' meeting held at Olive Branch school house Wednesday, Mar. 8th, was a success in every respect; the attendance was good; the dinner better, and the speaking the very best. Mr. Morgan Hughes, of near Owensboro, spoke on "Business Side Of Farming."

Miss Sweeney lectured on "Better Equipments For The Housewife."

And Miss Hunt on "The Prevention of Tuberculosis," and other diseases.

These talks have stirred a lot of interest, and we are very grateful to Mr. Bird for his kindness in bringing these speakers to us and we believe a good work was given a great big boost that day that will bear fruits for many years to hence.

Sloan's Liniment

Read this unsolicited grateful testimony—

Not long ago my left knee became lame and sore. It pained me many restless nights. So serious did it become that I was forced to consider giving up my work when I chanced to think of Sloan's Liniment. Let me say—less than one bottle fixed me up.

Dangers of Draft

Drafts feel best when we're hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism! In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuritic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25 cents at your Druggist. 1

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERRINO, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

The Supremacy of Peruna as a Household Remedy

44 Years of Leadership

Returned to His Work.

Mr. Julien Goudreau, Evinrude, La., suffered with catarrh of the stomach. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."

Every Change of Weather.

Mr. E. Arnold, Westerville, R. I., contracted a severe cold. The cold settled in his side and produced a condition that was thought to be pleurisy. Every change of weather would bring a return of his trouble. After taking Peruna all his ailments have vanished.

Pain in the Stomach.

Mr. Henry Knock, Box 800, No. 1119 E. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

A Housewife Restored.

Mrs. R. W. Copelan, Box 22, Greensboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."

Once a Chronic Invalid.

Mrs. E. Riker, 303 Grant Ave., East Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.

Expresses Her Gratitude.

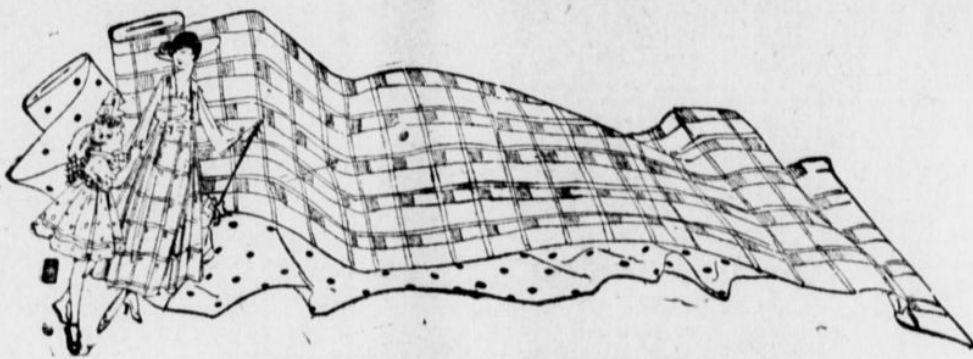

Mrs. Samuel Ruth, 535 Union Ave., Lebanon, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.

Three substantial men, heads of families, made efficient ones more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, everywhere. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable, nourishes the heart root of civilization. Peruna is a great civilization.

has been at the bedside of her daughter, Mrs. T. M. Clark, for a number of days.

During the former part of this month, while Dr. J. L. Reynolds was in the Tribune section looking after business affairs, he called to see the venerable Dr. Thomas Perkins who registered 91 years on the 6th instant.

Since our last "epistle" a number of affairs have occurred, some of which have almost left us in sad thoughts and gloomy reflections, however, the most important event that has come this way so far is this: The club that was consummated not many moons ago, which was mentioned in a former item from this place, and meets daily (except Sunday) at J. A. Oakley's store, has increased wonderfully both in quality as well as quantity. Said club has been styled "Eureka Club." No. 1, and the following have recently enrolled as participants: W. T. Perry, W. M. DeHaven, J. G. Simpson, S. W. Taylor, Levi Johnson and M. N. Crowell. At a recent coming-together of said club, while deliberating and discussing the existing danger of infectious and contagious troubles that human beings are liable to contract; also the serious and vaccines which are curatives and preventatives of diseases, and when the discussion waxed warm, on motion by Crowell, seconded by Johnson, it was ordered that a Bacteriologist be consulted concerning a serum, vaccine, bacterin or any other remedy that will render each member of this club immune from "lying." Nothing succeeds like success.

or millet. So you see they have an abundance of room, practically free range. After the breeding season is over they have the run of the farm.

Dry litter, leaves or straw 7 or 8 in. deep, is kept in the houses. This can easily be cleaned out when it becomes damp or filthy. The yards are provided with the same kind of scratching material.

In cold snowy or muddy weather the fowls are kept in the houses. All grain is fed in litter making them scratch for what they get. This all poultrymen know is essential to egg production.

In open weather they have the run of these small lots in addition to the larger yards where their grain is also fed in litter. Besides the grain I feed a mash either dry or sometimes moistened till crumbly with warm milk.

I also feed turnips, beets, potato peelings and table scraps. The latter being kept in a bucket until enough is accumulated to make the noon meal, for at least part of the flock. The turnips are usually cooked and mixed with wheat bran while warm or they may be split open and fed raw like the beets. For green feed, when I haven't an abundance growing, I feed shredded alfalfa. Clover chaff, when placed in a bucket and hot water poured over it and allowed to stand 3 or 4 hours, makes a cheap and appetizing dish for the whole flock.

In the early fall the cockerels are separated from the hens and kept to themselves. My birds are closely culled, usually from frying size.

The best of the flock I sell for breeding purposes. When in need of new blood I either buy stock or eggs from some reliable breeder, using the same strain I have. I have used this method for several years with good results and now have a fine flock, good size, good colors and fine layers.

My gates leading from one yard to another are kept closed by means of self adjusting fastenings, thus avoiding the possibility of any child or careless person failing to shut the gate and thereby allowing the fowls to mix. With this arrangement and the use of the small doors or runways at the bottom of the fence I never have any mix-ups.

Nor do I have any trouble with hens flying over the fence as from the start they are allowed to go through the bottom and never seem to know what it is to

fly over. Managed in this way I rarely, if ever, have one that acquires the flying habit.

—J. B. CARTER.

FRENCH BOY OF 14 WINS A WAR CROSS

Followed His Widower Father To
The Front and Won Distinction by His Bravery.

Paris, March 21.—A fourteen year old boy proudly wearing the war cross, has just arrived in Paris with a group of soldiers coming home on leave. His name is Emile Martin. He had just entered his fourteenth year when the war broke out. His widower father being mobilized, he refused to be separated from him, and finally persuaded him to consent to his enlistment. He was at first refused by the military authorities, but finally impressed the colonel of the 217th infantry by his energy and bravery, and he has been one of the regiment since August, 1914, sharing all the perils and fatigues of his companions in arms. This is the citation in the orders of the day which earned for him the war cross with palm:

"For having, in spite of his young age and the exhortations of his officer, insisted at any price taking part in the patrol sent at night on a reconnoitering expedition, and having brought back precious information concerning the position of the battery of three-inch German field guns."

BLACKFORD

Blackford is yet on the progressive and defensive side of civilization and wishes to be heard from again during the windy month of March, for that reason, we shall send a few brief remarks for publication.

We do not like to see winter linger so long in the lap of spring, just as if he had a good thing and was determined to hold on to it. However, all things work together for good to them who tell the truth, pay their debts and attend to their own business.

The Blackforders who attended the "Birth of a Nation" at Evansville on the 12th inst., were Minnie Dillback, Alecy Morgan, Iber Horning, Winnie Croft, A. T. Brown, R. W. Meers and Curtis Brown.

Claude V. Brantley, a deserving young school teacher of Oak Grove, left last week for Bowling Green to enter the Western Kentucky State Normal.

John F. Crowell, of near Repton, was here on the 16th, transacting business matters. He and Elmer M. Gahagen are, to some extent, interested in the herford cattle business. Both of the gentlemen referred to are Crittendenites and we are glad to see them prosper.

John M. Dillbeck attended circuit court at Morganfield last week as a witness in the Brantley-Hart murder trial.
