THE COUNTY BOND ISSUE

Our County Judge, John G. Asher,
Presents Some Unanswerable
Arguments in Bond Favor

On the question of road bonds let us have a little heart to heart talk. We find on this question as on all other vital questions a diversity of opinion. This is all right as everyone is justly entitled to his or her opinion. But a great many reasons are assigned for the bonds and a great many against them, and in many instances without a shadow of argument therefor. First let us consider the facts upon which a bonded issue is based. In the first place all our roads now to be constructed or reconstructed by state aid are under the supervision of state authorities. And the state offers and obligates itself to pay one-half of the bond issue that any county may authorize for road and bridge construction under state aid. Placing us in this attitude relative to the payment therefor, we pay one-half and the state pays one-half. If we as a people are desirous of bettering our road conditions, and undertake to construct rock roads under state supervision, the state will lay down one dollar for every one dollar that we lay down for that purpose. Then later we are promised from the Federal government a like sum, and this sum comes out of the postal department. So it is up to us to inaugurate the spirit of enterprise and vote the issue of the bonds and take the benefit of state and Federal aid. In this way we can soon have good roads and be reaping the benefit of them while we are paying for them. The tax necessitated therefor cannot exceed the sum of 20 cents on the hundred dollars worth of taxable property, and there can be no poll tax for road purposes. So the tax at most will not be very heavy. And the use of the roads will more than pay any man in each and every year that he pays taxes. Some people object to the bond issue from the fact that they consider it a debt created for future generations to pay. In a sense this is true but who would object to that, when we are building roads for future generations to use. Still another objection is that it will enhance the value of lands, and will not increase their productive qualities. The first may be true and I really believe that it is, the latter is of course true, for nothing will increase the productivity of your lands other than something placed immediately thereon. But granting that the marketable value of the land is increased, who would object to that? Some say, we do not want to sell our lands, hence we would be paying on something for which we have never realized any money. Now this is an elusive argument and of no value whatever for this reason, if you go out in the beginning of the year to prepare for a large crop of tobacco, you do so from a monetary consideration. You have no money at the beginning, but you toil on through the heat of summer and finally succeed in producing a \$1000 crop of tobacco. You deduct the expense of production and preparing for and marketing, and you see what you have left as an asset. Whatever it may be it represents your increased possessions. Now is it

not a fact that it is easier for you to create possessions in the advance value of lands and other property than to toil through the heat of summer to do so. And it is the first consideration of every good, wise and thrifty farmer to see to it well that everything he owns is increasing in value thereby adding to his already accumulated holdings. Do you think that your children will rise up and denounce you for giving them good roads and also a road tax to pay? If you are leaving them a landed estate increased in value by virtue of the roads, and all by your enterprising spirit voting upon yourself and them the little increase in taxation. No, but on the contrary they will always praise their fathers for their forethought and would say, we would feel ashamed of them should they have left us with the expensive mud roads and forced us to build good roads and get all the benefit of them while they are sleeping in their graves. Good roads are coming, one way or the other. We may by our votes refuse to build roads and take advantage of State aid, but other counties are going to and are now taking advantage and it is only a question of time until we will have to whether we want to or not.

High School News

The Manthanepian and Scimitarian Literary societies of M. H. S., had a joint meeting on Friday, April 14th. The name of the program was "On to Morganfield." It was very interesting and much enjoyed by all. The high school song was sung with great enthusiasm by the whole assembly. Prof. Christian gave a splendid talk on "Plans for the Trip." Some other subjects discussed were "The Outlook for the Track Meet," "What we can do to help win," "Why we expect to win when we go to Morganfield," and "Fun of the trip." A paper written by Frank Coker. Special music was rendered by a mixed quartet. The program showed just how enthusiastic we are and our attitude toward these contests. We will be able to get a special train if enough people will go. Go yourself and urge your friends to go. The track meet is a thing not to be seen every day and you'll be sorry if you miss it, and the other contests are popular they need no further recommendation. Get aboard the train and go to Morganfield and "boost for Marion."

ANNUAL MEETING AT PADUCAH, KY.,

Southern Presbyterian Presbytery
—New Minister Installed at
First Pres. Church.

Paducah Presbytery met in the First Presbyterian church in Paducah, Ky., Wednesday evening April 12th, and the opening sermon was delivered by Rev. D. B. Gregory, of the second church, Henderson. At the close of the sermon Presbytery was called to order and Mr. E. C. Ward, of Henderson was elected moderator for the term. The Presbytery then adjourned to meet at 9 o'clock Thursday morning. The whole day of Thursday was taken up with routine business and at 7:30 p. m., the Presbytery proceeded to install as pastor of the Paducah church the Rev. Peter Pleune formerly of Holland, Mich., and later of New York City. Dr. Vandermulen, pastor of the second Presbyterian church, of Louisville had been invited to preach the installation sermon which he did from the text "Give ye them to eat."

Dr. Vandermulen possesses the happy faculty of saying the right thing at the right time.

He was listened to very attentively by a large and very appreciative audience. At the close of the sermon moderator Ward propounded the usual questions, after which Rev. H. V. Escott, of Marion delivered the charge to the congregation. After the installation, Presbytery closed to meet at the call of the moderator, at Hopkinsville, Ky., May 3rd.

CONTRACT LET FOR 60 MILES

More Road Construction In Graves
To be Considered in June.

Mayfield, Ky., Apr. 18.—Great interest now centers on good roads in Graves county, as was shown by the number of propositions and bids presented to the Fiscal Court this week. More than sixty miles of roads were let to be graveled this summer at a cost of about \$40,000, of which the county pays one-half and the citizens along the different roads the other half. At the June meeting of the Fiscal Court contracts to build many more miles will be let.

The contract for building and graveing the State-aid road from Burnett's Chapel to Bell City, a distance of six miles was let to N. E. Rhodes, of Lynnvile, for \$7,309.04. The contract for building concrete bridges and culverts was let to Adams & Belote, contractors, of Mayfield.

SPECIAL SERVICES.

There will be special services at First Presbyterian church next Sunday, April 23rd, with preaching by the pastor Rev. Henry V. Escott. At morning services Easter sermon with special music. Evening service Shakespeare Anniversary, subject of sermon "Shakespeare and Religion." There will be special music at the church at the Sunday morning service, in which the following persons will assist Miss Sarah Woods the organist: Mrs. S. M. Jenkins, Harp; Miss Lucile Pope, 1st Violin; Medley Cannan, Cello; Miss Miriam Pierce, 2nd Violin; Miss Linda Jenkins, Clarinet.

EXPLANATION OF TAXATION

By Congressman John E. Lamb In
The National Monthly—Con-
tributed by T. M. Dean.

Mr. S. M. Jenkins,
Dear Sir:

Since the "Bond Issue" question has come up I find some of the fellows opposed to it, because of an existing prejudice against taxation. There are many fair minded men who wish to pay for everything they get, who feel that they get nothing in return for their "tax money."

I am sending you some extracts from a piece written for the "National Monthly" by Hon. John E. Lamb, of Indiana, and would be glad to have you publish it some time, when you have plenty of space, if you like the sentiment of it. Yours,

T. M. Dean,
Deanwood, Ky.

The Question of Taxation.

"There is no governmental question of more vital concern to the people than that of taxation. It is as old as civilization and has occupied the minds of statesmen and rulers from the earliest recorded time.

"It is but just that men who are hedged about by the majesty of the law, protected in their rights to life, liberty and pursuits of happiness, through the instrumentality of an organized society, should be compelled to pay for the privileges and blessings they enjoy.

"The man who has reached the highest perfection of understanding and is capable of comprehending the theory of civilization will always pay the full measure of his taxes without a murmur on his lips.

"And why? Because the tax you pay is the price you give for the protection the government casts around you. It places a shield of protection between your life and the hatred of your enemies. It protects you in the performance of your daily duties, and through a multiplicity of laws, prevents the brigand of the King's highway from carrying away the fruit of your honest toil. It builds schools and universities, and places within easy reach of your children an education, and thus prepares them for the battles of maturity. It builds penal institutions for the confinement of the criminals, and asylums and hospitals for those who are unable to care for themselves. And when at last you pass away it still stands as guardian representing you in the distribution of your property and lastly places the sentinel of security at your grave for the benefit of loved ones left behind."

DEMANDS THAT WILSON ACT

American Rights Committee Says
Nation's Honor Is At Stake.

The Executive Committee of the American Rights Committee announced it had sent the following telegram to President Wilson:

On behalf of thousands of American citizens of business and professional standing, residents of every state in the Union, we, the American Rights Committee, respectfully call upon you to make good your prom-

ise to hold the German government to strict accountability for its murderous attacks on merchant and passenger vessels. Longer to evade the issue which has been repeatedly presented by the wanton destruction of so many non-combatant lives would be to justify the reproaches of a rapidly increasing number of thoughtful citizens who charge the administration with forgetfulness of the nation's honor.—George Haven Putnam, Pres., L. FEDERAL COURT MET MONDAY

Important Docket At Paducah.
Former Benton Postmaster
Charged With Embezzling.

Paducah, Ky., April 18.—The April term of United States Court for the Western district of Kentucky convened Monday in the Federal building by Judge Walter Evans, of Louisville. A number of important cases were on the docket, and consumed about two days. An important criminal case was that against Robert I. Blagg, former postmaster at Benton, charged with embezzling \$1,015.11 of the post-office funds.

Much interest has been shown in the suit of Mrs. Annie O. Rickman, formerly of Benton, against L. Robertson and other citizens of Marshall county, a number of whom are prominent, for \$52,000 damages for the alleged dynamiting of her home and threatening the lives of herself and husband. The criminal cases are:

Peyton S. Welsh, charged with breaking into and robbing the postoffice at Fristoe, Ky.; Robert Smithson, charged with bootlegging; Jesse Bryant, charged with stealing from an interstate shipment; John H. Brayton, charged with robbing the post-office at Smithland, Ky.; Elrod Krapar, charged with robbing Ellis Nall, assistant postmaster at Hickory, Ky.; F. P. Luten, charged with bootlegging; J. G. Lemon and Helen Jenkins Switzer, charged with sending obscene literature through the mails; Frank Edgings and Nettie Boyd, charged with violating the anti-pass law; Robert I. Blagg, charged with embezzling; C. G. Tindall, charged with using the mails to defraud; Wallace Vinegar Company, charged with violating the pure food law.

ROAD BOND ELECTION

For \$150,000 to be Held in Trigg
County on June 15.

Cadiz, Ky., April 14.—On Thursday, the 15th day of next June, an election will be held in Trigg county for the purpose of taking the sense of the legal voters upon the question of issuing bonds to the amount of \$150,000 for the purpose of building roads in the county. Petitions signed by several hundred citizens, only one hundred and fifty legal voters and free holders being required, have been filed in the County Court during the past week. The petition lies over for a month for exceptions, and the order for the election will be made by Judge Hooks the second Monday in May.

\$160,000 FOR ROADS

Bond Issue Carries by Majority of
1,300—State Aid to be Obtained.

Albion, Ill., Apr. 18.—Edwards county gave 1,300 majority in a special election today on the question of issuing \$160,000 county bonds to build rock roads. The state will put up dollar for dollar with the county, making a total of \$320,000 to be spent on improved pikes in this county and connecting up Grayville.

NO

The above question will be submitted to the legal voters of Crittenden County on Saturday, May 27th, 1916, pursuant to the order copied below. "Yes" is a vote in favor of issuing the bonds, and "No" is a vote against issuing the bonds.

Polls will be open at all voting precincts on Saturday, May 27th, 1916, from 6 a. m. to 4 p. m.

The Fiscal Court of Crittenden County has appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners, viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge; said commissioners in the matter of the issue and sale of said bonds, and the expenditure of the proceeds thereof, to have the powers of, and to act in the place of the Fiscal Court.

REMEMBER the day, Remember the question. Vote at your regular voting precinct.

D. E. GILLILAND,
Sheriff of Crittenden Co.

Order calling for an election in Crittenden County, Kentucky, on the question of issuing bonds for the purpose of building and re-constructing roads and bridges.

CRITTENDEN COUNTY COURT, Regular Term, April 10th, 1916. Hon. John G. Asher, P. J. C. C. WHEREAS, on the 13th, day of March, 1916, a petition was lodged and filed with this court, as appears of record on the Order Book thereof, and

WHEREAS said petition asks that this Court call an election to be held in Crittenden County, on Saturday, the 27th, day of May, 1916, for the purpose of testing the sense of the voters of Crittenden County as to whether, or not, the Fiscal Court of said county shall have power and authority to issue and sell bonds from time to time in sums not to exceed One Hundred and Eighty-five Thousand (\$185,000.00) Dollars in the aggregate for the purpose of building, constructing and re-constructing public roads and bridges in Crittenden County, and

WHEREAS said petition was ordered to lie over until this date for action of this Court, and

WHEREAS the Court finds that the value of the taxable property of Crittenden County, including railroad, according to the last assessment roll, is \$3,783,537.00, and, from proof heard the Court finds that to be a fair

valuation of said property, and that 5% thereof will exceed the sum of the proposed One Hundred and Eighty-five Thousand Dollar (\$185,000.00) bond issue, and

WHEREAS, the said petition having been examined by the Court, the Court finds and adjudges that it is in proper form and, from his own knowledge and from proof heard, the Court finds and adjudges that same is signed by 187 legal voters, who are freeholders and residents of Crittenden County,

NOW Then, said petition is ordered filed, and it is filed, and it is further ordered and directed by the Court that an election be held at all of the voting precincts in Crittenden County on Saturday, May 27th, 1916, by the regular election officers in and for Crittenden County, for the purpose of testing the sense of the voters of Crittenden County as to whether or not the Fiscal Court of Crittenden County shall have power and authority to issue and sell bonds from time to time in a sum, or sums, not exceeding in the aggregate One Hundred and Eighty-five Thousand Dollars (\$185,000.00) for the purpose of building and constructing and re-constructing public roads and bridges in Crittenden County. Said bonds to bear interest not to exceed 5% per annum, with coupons attached payable semi-annually. Said bonds to be in denominations of not less than One Hundred Dollars (\$100.00) and not more than One Thousand Dollars (\$1,000.00) each to run not less than five nor more than thirty years, and to be redeemed within that time at the pleasure of the Fiscal Court, and to be sold at not less than Par Value and accrued interest; and D. E. Gilliland, sheriff of Crittenden County, will advertise said election, and the objects thereof, for at least thirty days next before the 27th, day of May 1916, in some newspaper having the largest circulation in said county, and he shall also advertise it by printed handbills posted up at not less than four public places in each voting precinct, and at the court house door. All legal voters shall be privileged to vote at said election, and L. E. Guess, Clerk of the Crittenden County court, is directed to have prepared a sufficient number of ballots for holding said election on which shall be printed the question

valuation of said property, and that 5% thereof will exceed the sum of the proposed One Hundred and Eighty-five Thousand Dollar (\$185,000.00) bond issue, and

WHEREAS, the said petition having been examined by the Court, the Court finds and adjudges that it is in proper form and, from his own knowledge and from proof heard, the Court finds and adjudges that same is signed by 187 legal voters, who are freeholders and residents of Crittenden County,

NOW Then, said petition is ordered filed, and it is filed, and it is further ordered and directed by the Court that an election be held at all of the voting precincts in Crittenden County on Saturday, May 27th, 1916, by the regular election officers in and for Crittenden County, for the purpose of testing the sense of the voters of Crittenden County as to whether or not the Fiscal Court of Crittenden County shall have power and authority to issue and sell bonds from time to time in a sum, or sums, not exceeding in the aggregate One Hundred and Eighty-five Thousand Dollars (\$185,000.00) for the purpose of building and constructing and re-constructing public roads and bridges in Crittenden County. Said bonds to bear interest not to exceed 5% per annum, with coupons attached payable semi-annually. Said bonds to be in denominations of not less than One Hundred Dollars (\$100.00) and not more than One Thousand Dollars (\$1,000.00) each to run not less than five nor more than thirty years, and to be redeemed within that time at the pleasure of the Fiscal Court, and to be sold at not less than Par Value and accrued interest; and D. E. NOTICE TO FERTILIZER USERS.

In order to co-operate with our farmers and by request of our County Agent, Mr. J. Robert Bird, we will again act as agent for the purchases of Fertilizer for them this season.

Terms will be strictly cash, as our commission will be too small to admit of time prices.

We will pay for the fertilizer when it arrives and the purchaser pay us for same when loaded on his wagon.

By this arrangement the farmer will get his fertilizer practically at wholesale price, and a considerable saving to him.

MARION MILLING COMPANY,
Incorporated.

Marion, Kentucky.

"Are you in favor of issuing One Hundred and Eighty-five Thousand Dollars (\$185,000.00) in bonds for the purpose of building roads and bridges in Crittenden County, Kentucky?" as is provided in the General Election laws, Section 1459, Kentucky Statutes.

The sheriff of Crittenden County is ordered to have the polls open at all of the voting places and precincts of Crittenden County, on the 27th, day of May, 1916, for the purpose of holding said election.

It furthermore appearing that the Fiscal Court of Crittenden County has heretofore appointed, under the provisions of an Act of the General Assembly of Kentucky at its last session, the following named as commissioners, viz: W. B. Yandell, Forest Harris, O. S. Denny, Clarence Grady, G. T. Belt, E. L. Nunn, C. H. McConnell and W. E. Asbridge said commissioners in the matter of the issue and sale of said bonds and the expenditure of the proceeds thereof to have the powers of, and to act in the place of the Fiscal Court. It is therefore so ordered, and the sheriff is directed to incorporate the names of said commissioners, and the purpose of their appointment in the advertisement which he will make of said election.

This cause is now continued.

JOHN G. ASHER,
County Judge Crittenden County.

When you feel Lazy, Stretchy, Half Sick, Blue and Out of Sorts, look to the Liver; it is Torpid.

HERBINE

Is the Remedy You Need.

It is an invigorating tonic for a torpid liver. The first dose brings improvement, a few days use puts the liver in fine vigorous condition. Herbine also extends its restorative influence to the stomach and bowels. It helps digestion and food assimilation, purifies the bowels and brings back the habit of regular daily bowel movements. When the stomach, liver and bowels are active, bilious impurities no longer obstruct functional processes, the result of which is renewed energy, mental activity and cheerful spirits.

SPANISH CABINET MEETS ON SUBMARINE QUESTION

Shipowners Protest Against The Sinking of Their Vessels.

Madrid, April 18.—A meeting of the Spanish cabinet was called tonight to consider the question of the torpedoing of Spanish vessels.

The meeting was brought about by a message from ship owners in Bilbao and Seville, who telegraphed the government inquiring if the Spanish flag was a sufficient protection against a repetition of the torpedoing of Spanish vessels, such as the Vigo, by German submarines.

Forts of Smyrna

Destroyed by Warship

London, April 11.—Forts St. George and Sanjak, as well as the other coastal defenses of Smyrna, were destroyed Friday in a three hours' bombardment by a British warship, says a dispatch to The Times from Saloniki. The Turks did not reply to the fire of the warship.

Sanjak is the chief work commanding the entrance to Smyrna Harbor. St. George is about three miles to the southeast.

SHE HAD A REAL VISION

The fitful flames in the grate under a row of well-filled stockings lighted the faces of the young farmer and his wife. Both faces wore the Christmas smile, the smile which tells the story that

"Christmas comes but once a year. But when it comes it brings Good Cheer."

Gradually the smile died in the woman's eyes and the curve of her lips straightened into a hard line. Her glance left the flickering flames to run over the row of grotesquely fat stockings along the edge of the mantle. Slowly she arose, walked into an adjoining room, and looked at the rosy fat cheeks of her brood of youngsters who were dreaming of the glorious morrow.

When she again dropped on the stool by the man's side, he turned to ask: "They are all snug and sound asleep, dreaming of Christmas Day, ain't they, little woman?"

"Yes," she answered, listlessly. Putting his hand under the woman's chin he lifted her face to look deep into her eyes before he said:

"Something's worryin' you. What is it? Don't let's start out the night before Christmas with any worry on our minds. Have you forgot to get some present for one of the children, or what?"

She nodded her head emphatically and explained:

"Yes, that's it exactly. We've forgotten all about the best present of them all and one that lasts all the year."

"Well, but what is it?"

"It's the school."

The man began to laugh and then checked himself as he saw the pain in his wife's face, so he merely said, quietly:

"Go ahead, little woman, an' tell me what's on your mind."

"Here it is. I've been sitting here thinking of all the thought and love we have put into the children's stockings so that Christmas may bring them good cheer. I've thought of all the parents who love their children, as you and I love ours, and I have sorter pictured everybody in this neighborhood

planning and spending for the children's pleasure to-morrow."

"Well, don't you think that's all right?" he asked her as he put his hand over her's where it rested on the arm of his chair.

"Oh, yes, of course I do. I want to-morrow to be the happiest day the children have ever known; but there's a bigger thing than Christmas that we have forgotten, and that's the school-house where they go day after day."

"What do you want for the children in the way of a school?" the man asked.

The woman did not answer the question, but went to the mantle and picked up a small electrical toy above her ten-year-old son's stocking. For a moment she held it in her hand and then asked:

"Why did you buy this for Jim?"

"I bought it because he's wild about electricity and it's the newest electrical toy I could find."

"That's just what I expected you'd say. The parents in this neighborhood have bought their children up-to-date toys, even if they had to borrow some money with which to do it. They want to-morrow to be a real Christmas for the kids."

"What about the school, little woman? It seems to me you're doing a lot of beating around the bush."

"No, I'm not, I'm trying to get you to the point where you'll see that, while we are dressing our children in 20th Century clothes, giving them 20th Century toys, and 20th Century fruits and candies, we haven't provided a 20th Century schoolhouse, nor a 20th Century school system. I mean that these preparations," and her gesture took in the bulging stockings and the toys on the mantle, "come but once a year and do not have much of an effect on the child's life. What we need is to give our children, especially those that live under the blue skies that cover our farms, real schools, no matter what they cost. If parents would only use some of the Christmas-giving spirit in developing our country schools, the country would be so much happier for the women and the children from one year's end to another."

GIVE PEOPLE GREATER POWER

The people of Kentucky are interested, deeply interested, in education, as is shown by the advance made in the last ten years. The people want this development and advancement to be of a strong and lasting type, but this can not be accomplished either rapidly or consistently so long as the school system remains in politics. Every good citizen and parent in the state wants the management of their child's educational advantages divorced from politics.

The Superintendent of Public Instruction is a constitutional officer and must be elected at a regular election of state officers, and he can not succeed himself. To make this a little plainer, it might be well to state that the name Superintendent of Public Instruction is one of the many names on the ballot, and interest in the election is centered, not on him, but upon the head of the ticket. Frequently a state ticket is elected on a big public issue, absolutely foreign to school matters, and the result is the Superintendent of Public Instruction goes into office, not as a school man, but as part of a successful party ticket.

No business could be carried on with thorough success if the general manager knew that at the end of four years he must give up his position to a new and untried man, no matter what progress he was making. This is exactly what the state is now doing with its important business, the business of manufacturing strong citizens out of the raw material of child-life.

It is proposed to amend the Constitution of the state by striking from Sections 91, 93 and 95 of the Constitution the words "Superintendent of the Public Instruction."

The objects to be accomplished by this amendment are to enable the people of this state to take the office of Superintendent of Public Instruction out of politics and to continue in office for a longer period than four years any Superintendent whose conduct of the office is highly efficient.

Under the operation of the Constitution, which compels the election of Superintendent of Public Instruction for a term of four years, and which makes this officer ineligible to succeed himself, the people are prevented from eliminating the office from politics and prohibited from retaining in office an efficient officer.

The public, in urging this change, should bear in mind the fact that even with the quickest action possible under the law this amendment would not be effective until the candidate elected next August will have served his full term, so that no complications or ill feeling need be developed.

Louis A. Pike Takes Popular Vaudeville Star as Wife From Marion, Kentucky.

Louis A. Pike, who several weeks ago resigned as musical director at the Family theater to accept a position in a similar capacity with an Indianapolis theater, was married Monday evening to Miss Anna Haynes, daughter of Mr. and Mrs. R. F. Haynes, of Marion, Ky. The ceremony was performed in the parsonage of the Trinity Lutheran church at Danville, Ill., and Rev. J. E. Elbert read the service, using the ring ceremony.

The wedding marked the culmination of an interesting romance started in this city last December. The bride is a member of a very wealthy family, her father being a prominent druggist in Marion, Ky. She was educated under the tutelage of J. B. Stetson, of Deland, Fla., and finished under the celebrated "Miro Delamato," now of Castle Square Opera company, and is recognized as a very noted vocalist. She has been doing concert and vaudeville work, and the week before Christmas appeared at the Family theater with the Dore Beaux and Belles. She will leave the stage after her engagement at the Lyric theater at Danville this week.

Mr. Pike is a graduate of the Boston Conservatory of Music and made many friends during his residence in Lafayette. He is a finished musician and is now musical director at Danville. Mr. and Mrs. Pike will go to house-keeping at Danville. —The Lafayette Daily Courier, Wednesday, March 29th, 1916.

"Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

TAKE Cardui The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women—why not you? Try Cardui. —E-71

Half Million War Horses Shipped.

Records of exports show that more than 500,000 horses, valued at \$125,000,000, have been shipped from the United States to Europe since the beginning of the war. A compilation made by the foreign trade department of the National City Bank states that in the last five months of 1914, 50,000 were shipped and in 1915 approximately 440,000. Prices have tended to decline. Against an average price of \$240 per head in 1914, they were selling at \$207 last November, the last month in which reports from all parts of the country were received.

My Policy.

To Whom It May Concern:

If there is any chance to boom business, boom it. Don't pull a long face and look as though you

your head, smile, and look for better things. Hide your little hammer and try to speak well of others, no matter how small you may really know yourself to be. When a stranger drops in, jolly him. Tell him this is the greatest town on earth—and it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe that he has at last struck a place where white people live. Don't knock.

Help yourself along by becoming popular, and push your friends with you. It's dead easy. Be a good fellow and soon you will have a procession of followers. No man ever helped himself by knocking other people down in character and business. No man ever got rich by trying to make others believe he was the only man in town who knew anything. You can't climb the ladder of success by treading on others' corns. Keep off the corns and don't knock.

You're not the only pebble on the beach. There are others and they have brains and know something as well as you. There's no end of fun mind-ing your own business. It makes other people like you. Nobody gets stuck on a knocker. Don't be one, be good, and take the Crittenden Record-Press.

EYE AND NERVE TROUBLE SUCCESSFULLY HANDLED.

We correct Hyperopia, Myopia and Astigmatism. Straighten cross eyes without operation, also handle granulated lids and sore eyes of all kinds.

You will find me in my office every Friday and Saturday.

Highway Improvement

CHICAGO-MIAMI MOTOR ROAD

Details of Work in Various Localities —Progress Made in Construction Is Remarkable.

That the Dixie highway is a road that has appealed to the people both North and South of the Mason and Dixon line is evidenced by a report from the offices of the Dixie highway association, located at Chattanooga, to the effect that fifty counties alone have spent more than \$1,765,200 on the Chicago-Miami motor thoroughfare in the last six months and are preparing to spend \$6,931,000 during the coming year, writes J. C. Burton in Chicago Daily News.

As the fifty counties reporting to the association represent less than a third of the total counties that are crossed by the road that lies North and South, it would not be unreasonable to estimate that approximately \$5,300,000 has been expended on the Dixie highway to date and that \$20,793,000 will be used to put the thoroughfare in shape in 1916.

When it is considered that the Dixie highway was routed only eight months ago, the progress made in its construction is remarkable. The large mileage of permanent roads built or under contract is an indication of the wonderful advancement made in such a short time. The fifty counties referred to report that nearly one-tenth of the distance either is paved or will be paved before another year rolls around. Using only a multiple of two to represent the other 112 counties, it can be seen that a good part of the road is or will be of a permanent type of construction.

The preparations being made for even greater progress along this line are highly gratifying to the officials of the Dixie highway association. Several divisions of the thoroughfare are planning paved roads for their entire stretch, the most notable of these being the links from Chicago to Danville, Ill., from Toledo to Cincinnati, O.; from Jacksonville to Miami, Fla., and from Tallahassee to Bartow, Fla.

The reports by states show that in seven out of the eighteen counties of Kentucky there has been expended \$135,000. In Ohio, eight counties out of twelve and exclusive of Hamilton county, of which Cincinnati is the county seat, have spent \$335,000. Five counties out of twenty-two in Florida spent \$661,000 on the Dixie highway

Typical Concrete Bridge on Dixie Highway in Tennessee.

in the past six months. Four counties out of five in Illinois, not including Cook county, report a total of \$252,000 for road improvement. Ten counties out of twenty-four in Georgia spent \$95,000.

In the fifty counties reporting to the association provisions have been made for spending \$6,931,000 on the Dixie highway in 1916. This amount is divided by states as follows:

Florida	\$2,505,000
Illinois	1,250,000
Ohio	1,204,000
Tennessee	924,000
Kentucky	765,000
Georgia	151,000
Indiana	126,000

CARE FOR SCHOOL CHILDREN

Compelling Helpless Child to Force Its Way Along Mud-Fouled Highway Is a Crime.

All good roads lead to a schoolhouse. In good roads there is a consideration of the school child. Compel a helpless child to force its way along a mud-fouled thoroughfare and a crime is committed. Its health is endangered and its mind is dwarfed. He who would not strive to overcome a calamity it not civilized though garbed in the broadcloth of an honored citizen. A community should, above all, consider the school children's welfare. The destiny of a nation rests in this careful study and the thoroughfare along which their little feet must travel cannot be constructed with too much precision to gain the happy result. Texas can never become great until she becomes civilized.—Delta (Tex.) Courier.

Raise More Turkeys.

If turkeys are let roam over the fields they will get three-fourths of their growth on weeds and insects that would otherwise damage the growing crops. They will need very little attention until after cold weather destroys the insects. Then feed some corn to fatten them for market.

Arouses Farmer's Interest.

One result of nearly every farmer owning an automobile is that he picks up his ears when good roads are mentioned.

"What's your hurry?"
"My fire insurance expires at noon!"
"What company are you in?"
"I don't bother about details."
"Ever take notes from your customers?"
"Sometimes."

"Ever take a note without knowing the name of the man who made it?"
"Well, I guess not!"
"What is a note, anyway?"
"A promise to pay."
"What's a fire insurance policy?"
"I get you! A promise to pay if you have a fire."

"Exactly. You're paying good money for a promise to pay without knowing the name of the company that promises!"

"Say, what company are you in?"
"The panic-proof Hartford Fire Insurance Company. A company that has promptly settled every honest loss for 105 years."

LOYD'S BRAIN LEAKS.

By F. S. LOYD:

J. T. Moore says, Married life would be so much better if a wife would try as hard to hold her temper, as she tries to hold her complexion.

Uncle Gus Bentley says, Why is it that the women think that comfortable clothes are not stylish?

Hub Butler says, Nearly all of the men, who have been disappointed in love, are married men.

Ed Baker says, Some of our town girls will sit in front of a mirror for hours worrying over whether her right eyebrow matches her left one.

Carlous Oakley said: "Pa, what day of the year would be most appropriate for Fathers' Day?"

"All fools' day, my son."

Mrs. Oakley said: "Young man if you come around here with any more questions I'll warmly hide for you."

Mrs. Albert Elder says, The only way a woman can learn to be happy with a husband is to learn to be happy without him most of the time.

Taylor Stokes says, Even the man who regards gambling as a sin will go ahead and get married.

Dave Woods says, The man who tells you that you are looking fine, when he knows that you are looking rotten, may be a liar but he has as good a chance to get to heaven as the rest of us.

George Crider says, Why did they kill poor old Ananias when they let the man live who tells you that it isn't the money he is kicking about, it is the principle of the thing.

Phil Deboe says, You never have any trouble telling when a man is making an ass of himself, if you'll hear him braying about it.

Carlous Oakley said: "Pa, what is an oyster?"

"An oyster is something that knows how to keep its mouth shut, my son."

Mrs. Joe Dollar says, Soap is cheaper than talcum powders, but some of the girls do not seem to know it.

Uncle Dock Green's hostess said:

"Ain't you feeling well tonight?"
"No, I ate German noodle soup and French fried potatoes at James & Chandler's for supper, and they won't arbitrate."

Alex Garner says, There are a lot of high-toned christians who hope that Heaven will be a big place because it would be very embarrassing to have to come into contact with a lot of common poor people up there.

DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism."

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet.

A whole lot is being said about taking salts and effervescent tablets for rheumatism and sciatica, but those who suffer sharp twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood James H. Orme, and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50cets a bottle. 12

Bidders will be prepared to comply promptly with these terms.

D. A. LOWRY, Commissioner.

Marion Wins; Score 10 To 7.

In the first game of the baseball season Marion high school easily defeated the "fast" Morganfield high school team.

The starring features of the game were the 17 strikeouts of "Slick" Frazer and the heavy hitting of O. Moore.

After the first half of first inning Marion was always in the lead.

Coach Christian is very optimistic about the chances of our team winning the pennant of the association again this year.

Order of Teams.

MYSTERY MAKES TANLAC SECURE

Imitation Is Set at Defiance By
the Famous Master
Medicine.

Tanlac! There is magic in this household word—a magic made by success unprecedented and a fame based very solidly on its accomplishments in more than one million homes.

The ingredients for Tanlac are gathered in the remotest parts of the world. From the far North woods to Argentina, below the equator; in Russian Asia, the Alps, Pyrennes, on the sunny shores of Italy, from Brazil, Sumatra, Peru, the West Indies, and the slopes of our own timber topped Rocky Mountains, come the roots, herbs, barks and even flowers that, under the direction of Herr Joseph Von Trimbach, the noted German chemist, are compounded into Tanlac.

There can be no successful imitation of Tanlac. It is compounded as skillfully and as mysteriously as nature distills the famed mineral waters of Europe.

Tanlac, now universally known as the Master Medicine, is proving invaluable against ailments of the stomach, liver and kidneys, and catarrhal affections of the mucous membranes, which, when neglected, so often affect the vital organs themselves. As a general tonic for half sick, run down men and women, it builds up the tissues, creates a keen appetite, promotes digestion, vitalizes the blood and brings back color to the cheeks and sparkle to the eyes.

Tanlac may now be obtained in Marion at J. H. Orme's drug-store, where it is being explained daily.

Tanlac may be obtained in the following nearby towns: Blackford, A. T. Brown; Wheatcroft, Hardin Pharmacy; Clay, Kearney blue; Providence, R. G. Baynham; Sturgis, Meacham & King; Caseyville, W. E. Ames; Fredonia, W. E. Cox; Crider, L. W. Guess; Princeton, Wylie & Walker.

Italian Ship Unrune Destroyed By Torpedo.

London, April 18.—The Italian steamship Unione is reported by Lloyds to have been torpedoed. The crew of the British steamship Eastern City, the sinking of which was announced, has been landed. The Eastern City was sunk by a submarine.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

AMERICA'S LARGEST SUBMARINE READY.

Boston, April 17.—The largest submarine in the United States navy, the L-1, the first of a series of seven of that type was turned over to the commandant of the Charleston navy yard today. She is 170 feet over all, and instead of the usual rounded bow of previous models, has an ordinary ship's bow, which is expected to add materially to her speed. Her equipment includes four torpedo tubes.

Mammoth Cave Biggest Natural Orifice in America

"In the western portion of Kentucky," says Irvin S. Cobb in the May American Magazine, "is to be found Mammoth Cave the largest natural orifice on the continent, with one exception. However, the one out at Lincoln moves about considerably, filling Chautauqua dates, whereas Kentucky's cavern is practically stationary, and has been doing business at the same stand ever since the original cave-in occurred."

No Child However Young is Unbiased.

In the May Woman's Home Companion a writer says: "We know today that no child comes into the world with an unbiased mind toward good and evil. Every baby has its own tendencies toward right and wrong, its individual moral nature. This being so, parents must develop the good which is sure to be there also. One of the great helps which nature provides in this dealing with the mind of a child is the child's wonderful susceptibility."

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."—Mrs. FRED BENNE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. THOS. DRYEN, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 29 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss HELEN FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

lages in Galicia.

The report states that nearly 100,000 of the inhabitants of the province have fled to Russia, while 60,000 families remaining behind are homeless.

Of 689 villages in the war area 271 are reported to be more than half destroyed. In the others there is some war damage, but the proportion varies considerably.

Altogether it is estimated that 177,000 business premises, private houses and farm buildings have been destroyed, to which number must be added about 25,000 public buildings. Assuming that the cost of reconstructing the buildings will average \$1,700 the total cost of this single item in the work of reconstruction after the war will be about \$350,000,000.

This is Sweetest Story Ever Told.

New York, April 18.—Miss Margaret O'Leary was walking past a Third avenue bakery last night just as a truckman was un-

loading a hoghead of molasses.

The barrel bursted and the young woman was engulfed almost to her shoe tops. When she tried to pass on, her foot stuck to the side walk. A youth who went to her assistance lifted her bodily out of the molasses, but he stumbled and both fell into the sticky stream. At this juncture the police were called on for aid. A patrolman was sent to the rescue and bridged the molasses with a plank. The board dammed the stream, and perched on it the officer dragged to safety the young woman and her would-be rescuer.

HOPKINSVILLE BAR. CHRISTIAN CIRCUIT COURT

WHEREAS: On account of the illness of the Hon. J. T. Hanberry, Presiding Judge of this Judicial District, Hon. Carl Henderson, of Crittenden county, was designated by Governor Stanley to dispose of the unfinished business of the present term of the Christian Circuit Court; and,

WHEREAS: He has performed the duties assigned him and is about to conclude his labors among us; therefore,

BE IT RESOLVED: By the members of Hopkinsville Bar and officers of said Court, that it has been a great pleasure to have Judge Henderson with us; that we have found in him a most capable, official, dignified and courteous upon the bench, commanding the respect of all, and in turn treating others with proper respect and consideration, whether agreeing with them or not, prompt, clear and able in his rulings and exhibiting the qualities of mind and temperament that fit him for the great office he holds.

RESOLVED: That we are gratified that he has been with us, and should there be occasion for his coming again we will give him a most cordial welcome, both socially and officially.

RESOLVED: That a copy of these resolutions be spread upon the order book of this Court; that a copy be furnished Judge Henderson, and the newspapers for publication.

James Breathitt, Chairman.

These resolutions were unanimously adopted and spread upon the minutes of this Court.

A true copy attest. April 7th, 1916. C. R. Clark, Clerk.

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Believes Air Battles Will Decide Great War.

Toronto, April 18.—The 'decisive actions of the war will be fought in the air, is the opinion of Major-General Sir Frederick Benson, head of the remount department of the British army for North America.

In a letter made public yesterday by Colonel Wm. Hamilton Merritt, treasurer of the Canadian aviation fund, Sir Frederick writes:

"I have been watching closely the small items and I am more and more convinced of the vast importance of training aviators. The decisive actions of this war will be in the air. When the German navy does show itself it will be accompanied by clouds of seaplanes and Zeppelins."

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 50 cents. Sold by James H. Orme, Marion, Ky.

War's Yearly Cost Now \$25,000,000,000.

The expenditures of the four great powers at war are now running almost twenty-five billion dollars a year. Estimates based on recent reports make the annual cost to Great Britain about \$5,000,000,000, to Germany and Russia each \$6,000,000,000, and to France \$4,400,000,000. — New York Times

KENTUCKY FARMERS

The farmer to-day represents a new generation of intelligent, independent, thrifty people with money and inclination to be progressive. The farm production of this year brings to the farmers and planters probably five billion dollars, which would prove that this country if they got together and used it as one man, strength, strenuously and the future health of the American people depend upon our country folks. As a rule, country folk are healthier than those who live in our crowded cities. Consumption is a disease of civilization. Life in the open air and sunshine gives vitality and health. Nature is the great teacher and developer of mankind. People have more faith in a remedy which is taken from nature, from the vegetable kingdom, than from any other source. A remedy which has enjoyed a grand reputation for nearly half a century is Dr. Pierce's Golden Medical Discovery, an alternative extract taken from barks, roots with pure glycerine, without the use of a particle of alcohol or narcotics. This medicine goes to the root of disease by imitating nature's methods of replacing wasted tissue, enriching impoverished blood and increasing nerve force. This "Medical Discovery" of Dr. Pierce coaxes the digestive functions and helps in the assimilation of food, or rather takes from the food just the nutriment the blood requires.

The prompt and certain action of Dr. Pierce's Golden Medical Discovery in driving all harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased membrane where catarrh flourishes unchecked or where the skin gives warning of the bad blood beneath by showing pimples and boils, also the skin clears up and becomes wholesome and ruddy.

Dr. Pierce's Common Sense Medical Adviser, cloth-bound, sent free to you on receipt of three dimes. Address Dr. Pierce, Invalids' Hotel, Buffalo.

Where Surnames Come From.

Once upon a time given names were the only names in use. One was Tom, Dick and Harry, and that was all there was about it. Our present surnames arose from nicknames. Thus Tom the Tailor became in time Tom Taylor, and his descendants used Taylor as a family name. The most familiar of our surnames were taken from the occupations of our forefathers, as Smiths, Bakers, Brewers, etc. Many men moving to new towns, had the name of the place from which they had come fastened upon them. Others took names like Pope, King and Bishop from playing those parts in plays. Hogz and Bacon are simple. Parcel developed from porcel, meaning little pig. Gait and Grice are old dialect words of the same meaning. Tod meant fox, Fitchie was polecat, and so the keen student of language traces the beginnings of our names in the old dialects. Some of the nicknames were originally distinctly uncomplimentary, as Seely for silly, Cameron for crooked nose and Kennedy for ugly head. Grace developed from gras or fat. — American Boy

AFTER FOUR YEARS

Princeton Testimony Remains Unshaken.

Time is the best test of truth. Here is a Princeton story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. H. Thompson, plumber, Princeton, Ky., says: "I was troubled for five years with backache and other annoying symptoms of kidney complaint. During the early part of the winter when the cold-weather set in, I was sure to have an attack of lame back that would make it impossible for me to work for days at a time. I tried many medicines but got no relief. I finally got Doan's Kidney Pills and in two days was back to work, feeling better in every way. I do not have backache now and my health has been greatly improved."

OVER FOUR YEARS LATER Mr. Thompson, said: "I am glad to confirm my former endorsement of Doan's Kidney Pills. Whenever I have had occasion to use this excellent medicine I have been greatly benefited."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Thompson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Vienna, April 6.—Since the beginning of the war the municipality of Vienna has expended over \$20,000,000 in buying foodstuffs for retailing to shopkeepers, and for distribution among the people. From the nineteenth monthly municipal report it appears that nearly 16,000,000 free meals have been provided in Vienna since the beginning of war. During January the number was only 48,000.

Baby, Buried Alive by Young Mother, Brought to Atlanta.

The girl baby that was found in a new-made grave at Adairsville Thursday night was brought to Atlanta Friday by Rev. T. J. Noland, a Methodist preacher. The baby was buried by its mother immediately after birth and was only found when its cries attracted the attention of a party of men passing the cemetery in the evening about 7 o'clock.

Bessie Campton, the mother of the babe, an unmarried country girl about 23 years old, was arrested Thursday night and confessed to the crime. She is under bond charged with assault with intent to murder. She told the authorities that the baby was born in the cemetery close to the new-made grave and that she buried it there about eight o'clock Thursday morning. She placed a cloth over its mouth and face and this kept the dirt out of the infant's nostrils.

Rev. Mr. Noland has children of his own at home and took the baby to his wife. The infant was dressed and he decided to bring her to the Decatur Orphans' home. He arrived with the baby Friday morning. The baby was entirely unharmed by its burial.—Atlanta Constitution.

Watch Child's Cough

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.

JUDGE HENDERSON

The New Judge Has Made An Excellent Impression.

Judge Carl Henderson, of Marion, who held court here the first of the week and will return tomorrow to finish up the business of the term, is a new man on the bench. He is a Republican who defeated Lee Gibson, of Madisonville, in the landslide of last year. During the night rider troubles of ten years ago, Judge Henderson was a captain of the State Guards and did effective service in restoring law and order. His appearance here Monday was his first assignment outside of his own district. He came as a stranger to nearly all of the members of the bar, but soon got over a little embarrassment due to lack of experience and unfamiliar surroundings. He is tall and erect, with a beard less face, large searching blue eyes, iron-gray hair, a military bearing and the look of a scholar. He has made a fine impression here and off the bench is an especially pleasant and agreeable gentleman.—Hopkinsville Kentuckian.

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy." Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

RUMANIA IS PREPARING FOR ATTACK BY BULGARS

Undisguised Activity By Bulgarian Troops On Frontier Is Reported.

London, April 11.—A long delayed dispatch from Bucharest filed by Reuter's correspondent there March 21, says that in view of the undisguised military preparations of Bulgaria on the Rumanian frontier the government of Rumania is taking "necessary military measures."

Premier Bratiano also has prolonged the parliamentary session until the end of April so as to be ready to deal as quickly as possible with any Bulgarian surprise which the correspondent says, in the opinion of some persons, is by no means out of the question.

The Rumanian press comments strongly on the dispatch of large Bulgarian forces, said to amount to six divisions, for the purpose, the newspapers say, of attacking Dobrudja, which Rumania acquired from Bulgaria after the second Balkan war. The Rumanian press also dwells on what it considers the hostile sentiment created by Bulgarian newspapers and demands the recall of S. Radew, the Bulgarian minister at Bucharest, who is accused of stirring up trouble in Dobrudja.

Tallest Boy in State.

A little article appeared in the Gleaner yesterday morning under a Maysville, Ky., date line, stating that a boy in that city was probably the tallest in the state for his age. The lad in question was about 19 years of age, 6 feet 4 inches tall and weighed 210 pounds. However, Littleton Eblen, of this city, well known in basketball and athletic circles, and better known as "Zeke," has it all over the lad mentioned at Maysville. Eblen is 18 years old, is 6 feet 7 inches tall, and weighs 210 pounds. Notwithstanding his great height and weight, "Zeke" was one of the stars on the Y. M. basketball team and is remarkably fast on his feet.—Henderson Gleaner.

EXPLANATION OF TAXATION.

(Concluded from first page.)

Another objection to the bond issue is that of the distribution of the fund after it is voted. Some say, well, I am opposed to it because I will never get a road by my farm. Now this may be true, for we have something like six hundred miles of public roads in the county, and it will be impossible for us to build hard roads upon all at once, but after a while we may be able to do so. But we must consider that when we are taking advantage of State-aid, we must be governed by the methods inaugurated by the State. That is, that the inter-county seat roads are the first to be built, after that we can determine any road that we wish and still be in line for State-aid. There is no sound argument in that kind for if we have the most important roads built, they benefit everyone in the county and

not just a special few as would be the case should we build just to please a few individuals. Such argument is simply from a prejudiced standpoint.

Now we will notice some of the benefits that will arise by virtue of good roads. First, we have in our county immense fields of mineral and coal, all of which is located quite a distance from shipping points and on account of the bad condition of our roads it is almost impossible to market either the mineral or coal after it is mined. Just a few months in the year, that the roads are in condition to haul over and then at a time that our farmers must be engaged on their farms, hence they are excluded from getting any results from labor of that kind. And on account of this, capital is withheld and our mining interests are stagnated and kept in the background. If we had good roads over which products could be transported at all seasons of the year, it would

stimulate capital to come in and would bring it in, and the mining interests would be increased and our small farmers would have employment all through the late fall and winter with their teams and at a price at which they would be enabled to make good wages.

Then to say nothing of the advantage we would all share in the enjoyment of good roads when we want to go to town or elsewhere, and at any time in the year.

Now the road or bond question just simply resolves itself in this shape. We are going to pay the tax, roads or no roads, now which is the most sensible conclusion for us as voters, to vote for bonds and have the roads or vote against them and have no roads and at the same time pay the taxes which we will do and have been doing for the last fifty years. Other counties have good roads, and we helped to build them, now we have the privilege of having good roads and getting the aid and help of other counties in better financial condition than we are.

A word of explanation here and I am done. We hear so much said about State aid and Federal aid, and understand so little about it. By State aid is meant this, we as tax payers are paying into the State Treasury every year five cents on the one hundred dollars worth of property for good road purposes, one-eleventh of all we pay the State. The State has ordered and directed that this fund shall go back to the several counties who are building roads under state supervision. No county can get more than two per cent of this fund annually, and that quota at present amounts to something like \$12,000. Now we as a small and poor county only pay into the state road fund about \$2,000 per year, and we can by taking advantage of the state aid get back about \$12,000 per year. The larger counties or more wealthy, pay more, some of them paying into the state fund yearly about \$120,000.00, and they can only get back \$12,000.00, the remainder is prorated among the less wealthy counties. Federal aid is a matter that is not a law yet, but everything points to an early passage on such a law by the Congress of the United States. And that means that an appropriation out of the federal fund will be made sufficient to represent a dollar to every state for every dollar that the state is appropriating for good roads. This practically means to us, that we will get back for every dollar that we appropriate for good roads, two dollars.

Now to sum the whole matter up it is wise for us to vote against the road bonds and a small increase in our taxation, not exceeding twenty cents on the hundred dollars of taxable property and no poll tax at all, and have no roads, or to vote for it and have the roads and enjoy the use of them while we live. What shall we do? It is just up to us. We can have roads or we can do without them and go on just as we have been doing and

pay our tax and spend it on the roads and then have no roads either.

I, for one, am in favor of the bonds; would be if I was paying on million a dollars worth of property. I feel like it would be a duty I owe to those who are to follow me to try to do something that will improve the country in which I live. But while I am for the bonds I have no ill will towards any one who sees it in a different light. It is our highest prerogative to do just as we like in matters of this kind. I hope every one will study the road proposition and act from an enlightened standpoint and not from a prejudiced one. Let us be open and free and leave off selfishness and look at the interest of others as well as ourselves.

From one who has the best interest of the entire county at heart. More anon. Respectfully,

JNO. G. ASHER

Contract Let for Road
Out of Madisonville.

Madisonville, Ky., April 18.—The contract for piking the Madisonville and Hopkinsville road, under the state aid plan, was awarded by the fiscal court to N. E. Stone at a bid of \$9,114.30. The road is to be piked from the city limits of Earlington, a distance of 3.55 miles. Work is to be started immediately and completed by August 1st. Mr. Stone built the first mile of pike last year under the state aid plan on the Dixon road. Two other contracts were let last fall for the Greenville and Princeton roads, but work had to be suspended on account of the weather. The contractors are now finishing up these two pikes.
