A YOUNG MAN

without good clothes is like a fish without fins, an eagle without wings,—a "home without a mother-in-law." Incomplete, unhappy, out of the swim! It's as natural for a young man to want good clothes as a horse to want oats. There's something wrong with any young fellow who "doesn't care." And if you care at all, you mustn't buy what will cost the least. It's a pitfall, and a man who walks into it is as sure to come out a loser as any that are that's the kind the question. YAUNDER-CUGENEHCO CO. for every requirement. We can give you exactly what you want,—style, quality, distinctiveness, all at very moderate cost. Question Validity of Union’s Bond Election

Margaretson, Ky., May 22. A general canvass has been made on the validity of the election held in Union county on April 1, at which $200,000 bonds were voted for the building of roads and bridges.

The matter was referred to Hon. Thaddeus, Palmer, judge of the county, in whose district the elections were held.

The opinion of the judges is that the election was valid and that the bonds are legal.

Suffice it to say that it has been held that the bonds were legal and every inquiry has been answered in the affirmative.

A WONDERFUL ROOSTER.

Newnan, Ind., May 23.—Twenty-four hours is all the time that it takes to raise a runt chicken, but it is the second most important task in the raising of a chicken. The process requires much time, but it is worth while. The result is a healthy, vigorous, and handsome little chicken.

You can’t Kill it.

Nearly all the poultry and the young men of the board of education of a certain school district of a certain city made a special trip to the farm of a certain farmer. They were, of course, all interested in the result.

The rooster was a fine one, standing over a foot and a half tall. It was very active, and the students could not resist the temptation to handle it. They were all curious to see what they could find out about the rooster, and the rooster, finding itself under such attention, decided to take a walk and see what the other chickens were doing.
