DELEGATES AS ONE FOR JUSTICE

Fairbanks Takes Second Place With Unanimous Vote Af- ter Brief Contest

Chicago, June 10.—Charles Evans Hughes, of New York, was today nominated for the president of the United States by the Republican National convention and Charles Warren Fairbanks, of Indiana, was named vice-president. Hughes' nomination came on the third ballot of the convention. But one ballot was needed to select the vice-presidential candidate.

There was an enthusiastic demonstration after the candidates had been named.

ROAD WORK GETS LARGE FUND

Kentucky's Share, \$100,000 For
Road Improvement, During
The Next Fiscal Year

Washington.—Under the terms of the revised bill, providing for federal aid in the construction of rural post roads that was passed by congress, Kentucky will receive a generous amount during each of the five years for which the appropriation is carried.

Of the \$5,000,000 to be expended by the Federal Government during the next fiscal year, for road improvement in the several states, Kentucky's share is \$100,000. During the second year when \$10,000,000 is to be spent, the state's apportionment is \$201,000; during the third year, the State is scheduled to receive \$301,800 of the \$15,000,000 to be expended; during the fourth year, Kentucky's share is to be \$402,400 of \$20,000,000, and for the fiscal year ending June 30th 1921, when \$25,000,000 is to be spent, the State is to receive \$503,000 for road building.

The apportionment to Kentucky and her sister states as made on the basis of area, population and the mileage of rural delivery and star routes.

Kentucky embraces 40,181 square miles; her population is 2,289,905 and she has 26,769.34 miles of rural delivery and star routes. As a result, the State is scheduled to receive 2.042 per cent of the Federal apportionment, provided, of course, she complies with the provisions of the proposed law.

T. M. BUTLER PASSES AWAY

Buried Near Spot On Which He
Was Born, At Old Piney
Fork Camp Ground

Thomas McLin Butler died Wednesday, June 7th in Christian county, after a long illness of hardening of the arteries. His remains were brought to Fredonia Thursday and his funeral was preached at the Cumberland Presbyterian church the pastor officiating, after which the burial took place at old "Piney Fork" where Mr. Butler was born 77 years ago, when his parents were camping there.

The deceased was twice married, his first wife was Miss Nannie Lowery daughter of John Lowery, one son survives from this union being R. E. Butler the well known merchant of Princeton Ky.

His second wife was Miss Sallie Smith and four children survive this union, Herbert of Fredonia Mrs. Nonie Myers, Mrs. Georgia Gary and Mrs. Virgie Summers. He was a life long member of the Cumberland Presbyterian church.

KEEP THEM MOVING

Another Couple Gone Wrong. Chas
ed Into Crittenden County. War-
rant Sent For Execution.

There is a report current here that Mack Mitchell's wife left her husband and ran away with Tom Dunning, who left his wife for his paramour.

Mrs. Dunning came to Smithland and secured a warrant for her husband, but up to this writing, absconding couple have not been located. They resided across the Cumberland only a short distance from this place. They left on the Dispatch, disembarking at Dycusburg, so the report goes, and resumed their journey across the country in the direction of Marion. Deputy Sheriff W. C. Barnwell chased the run-a-ways into Crittenden county, then the warrant was sent to the sheriff of that county for execution.—Livingston Enterprise.

ISSUES WARNING TO THE NEGROES

Judge Henderson Puts Quietus
On Plan to Control
Elections

Princeton, Ky., June 8.—At the opening of the summer term of the Caldwell circuit court here Tuesday Judge Carl Henderson gave vigorous instructions to the grand jury, severely arraigning "night riding" "possum hunting" or the confederating and banding together for the purpose of intimidation of others.

He called attention to an alleged effort said to have been made here recently to form an organization among the negroes for the purpose of controlling or corrupting elections. It was alleged that an attempt was made to organize an "independent club" among the negroes, and the members of the club were required to subscribe to a "blood oath." He warned the negroes through the grand jury against making any such organization and said that the man who instigated such an organization should be in the penitentiary whether he be white or black.

He denounced bootleggers and blind tiger operators, and asked the grand jury to investigate concerning alleged violation of

FARMERS WIFE MAY DIE FROM STORM RESULTS

Injuries Resulting From Falling
Timbers May Cause Death
of Farmer's Wife

Mrs. Sam Brewer, wife of a well known Marshall county farmer, was seriously injured Monday night when the storm and rain which visited Mayfield demolished the Brewer home, twelve miles north of Hardin. Mrs. Brewer sustained a broken rib and a dislocated shoulder from the falling debris, while Brewer himself received a deep cut on the chin. Their home is a total wreck.

Marshall county barns were damaged severely by the storm. The barn of Dow Gardener in the vicinity of Hardin was slightly damaged, while the wind blew down a barn belonging to Willis McKendree, two miles north of Benton. Three horses and one cow were killed here, and the loss will approximate \$2,000. The roof of the Methodist church near Hardin was blown off, while a horse belonging to Zack Wade was killed when the lightning struck his barn.

Damage to crops in Marshall county where the storm seemed most severe in West Kentucky, was heavy, and the loss will be large. Trees were snapped off by wind and lightning, and a general petty damage was the result of the storm.—Messenger.

More Than \$80,- 000 Promised for Campaign

Chicago, Ill., June 10.—Theodore Roosevelt was nominated today by the progressive national convention after four days uproar and tumult and the delegates never wavered in their allegiance or cast a passing glance upon another man.

Three minutes before the convention adjourned until another time, Chairman Raymond Robin read to them a brief message from Oyster Bay, in which Roosevelt declined to accept the nomination at this time. Few of the thousands in the great auditorium realized when Robbins rapped the gavel at 4:58 and declared the convention adjourned sine die, that in a few hours or a few weeks they might be a party without the one leader to whom they came to Chicago to give their pledge of loyalty and faith.

The significance of Roosevelt's message, with its announcement that if the progressive national committee found the substance of the statements of Charles Evans Hughes, the republican standard bearer, to its liking, his non-acceptance of the progressive nomination should stand as his last word, was lost in the tired throng, worn out by its own enthusiasm, by the long delays over the peace parleys with the republicans and by the discussion of a platform, on which it must go into the field, if at all, against both the forces of democracy and republicanism.

Before they left the hall the delegates, under the spur of leaders, promised more than \$80,000 for the campaign.

IN MEMORIAM.

About one o'clock Tuesday when all nature seemed perfect, when the song of the birds filled the air; and when the flowers sent forth their perfume on the early evening breezes, the death angel came and severed the slender thread of life, and gentle bore the spirit of our beloved friend, Ellis Ray home, to that land where all is joy and happiness, and where some day "we will meet to part no more."

He was born Jan. 7th., 1896, and died May 23rd., 1916.

He was a victim of that dreaded disease tuberculosis. He bore his sufferings without a murmur and was not thought to be dangerous until a short time before his death.

It is said to think that one so full of hope, and with such a bright future, seemingly before them should be plucked, like the rose bud, to wither and decay.

As we see his place in our circles vacant, as we miss the familiar face; and as the pleasant voice we hear no more; Oh! how our hearts ache. But we would not call Ray back to this world of sorrow, grief and tears, we full that he is safe in the arms of Jesus. And we have the sweet assurance that: "All things work together for good; to them that love the Lord."

If we are faithful and do our Lord's will we will some day meet Ray where no sorrows, no pains, and no "good-byes" can ever come.

We would say to the sorrowing family weep not. And may you look to him, "who art the author and must be the finisher of our faith," and say "Lord, thy will be done in all things."

The funeral services were conducted by Rev. T. C. Carter, after which the remains of our beloved friend were laid to rest in the Hurricane Cemetery to await the coming of our Savior.

We must not forget the many beautiful floral offerings, which alone told of his friends.

TOXICATION IS SELF POISONING.

Few Realize Causes Of This Form Of Ailment.

Few realize what a great number of people, among those who live in such cities as this, suffer from auto-intoxication. This condition, which has caused so much discussion, is nothing more nor less than a slow self-poisoning of vital organs. It is the very foundation of many ailments.

When the organs become weakened from any cause they are unable to throw off the accumulations of waste matters. The putrefactive germs soon begin to get in their deadly work and the sufferer finally is a direct victim of poisons generated right in his own system.

Among the common results of this auto-intoxication are jaundice, hard cold, constipation, indigestion and fermenting of food, biliousness, sick headaches, backaches, diarrhea, dizziness, pains in the kidney region and nervousness.

Tanlac is designated especially to combat this condition of congestion brought about by auto-intoxication. Its properties as a tonic and invigorant tend to throw off the poisons and to spur the organs back to needed efforts in short, to clean them and make them normal again.

To an automobilist it might be said that Tanlac acts as a spark plug in the human mechanism. It starts the vital engines and then keeps them going at a properly regulated speed.

Tanlac is now obtained in Marion, Ky., at the Drug Store of J. H. Orme, where it is being daily explained during the constantly increasing demand.

JAMES W. WOOLF GOES TO HIS REWARD

Tempe, Ark., June 12.—After an illness of over five months, postmaster J. W. Woolf passed away at his residence on Ninth street about 4 o'clock Saturday afternoon. J. W. Woolf was born in Princeton, Caldwell county, Kentucky, in 1848, where he grew to manhood and married Miss Mary Ann McConnell, who survives him. To this union were born three daughters and five sons, all of whom are living. In 1874 Mr. Woolf left Kentucky and went to New Mexico where for several years he was engaged in the cattle business. After living in New Mexico for a few years he came to Arizona in 1889 and located on what is now known as the George Taylor ranch, where for several years he was engaged in farming. After having made a comfortable fortune, he sold his farm and built a home in Temple, where he has since Mr. Woolf has been a lifelong member and for about forty-five years a deacon of the Baptist church and was always found to be on the right side on all questions affecting the betterment of the community. In 1866 and 1903 he was elected a member of the territorial legislature. In 1900 he was a delegate to the national democratic convention in Kansas City. In 1914 he was appointed postmaster of Tempe, which position he held until he resigned last April.

Mr. Woolf leaves a wife and eight children: Charles C., John W. and James O. Woolf, of Tempe, W. H. Woolf, of Phoenix, Arthur Woolf of Los Angeles, Mrs. Ada O'Conner of Tempe, Mrs. C. M. Hallstead of Needles, Cal., and Mrs. W. H. Caruthers of Phoenix. Three brothers: Robert Woolfe of Scottsdale, Franklin A. Woolf of Tempe and John Woolf of Marion, Ky., and three sisters, besides a host of friends, mourn his demise. A short service was held at the residence at 9:30 Monday morning and the funeral was held from the Baptist church at 10 o'clock, with Rev. Coxsey and Rev. Fisk officiating. There were many beautiful floral offerings. Interment was made in Double Butte Cemetery.—Phoenix Arizona Gazette.

Frankfort, K., June 5th.—The State Board of Equalization completed it's labors yesterday and filed a report with Governor Stanley showing that the equalized value of the property in this state for assessment is \$898,664,954. The total value of the property certified to the board was \$876,058,929 making an increase of \$22,606,025 over the assessment certified to the State Auditor. The assessment of thirty-six counties was accepted without change and raises ranging from two to thirty five per cent was made in eighty-four counties. Nineteen counties accepted the change without protest and sixty four counties had witnesses appear before the board.

The Board says it did not reduce the assessment of any county for the reason that no county has exceeded the constitutional provision that all property shall be assessed at its fair cash value.

The road tax amounts to \$409,331.95 which is per cent of the amount of state tax.

In this report the members of the board enclose a circular letter which they have taken the liberty to send to the assessors of the various counties of this state instructing them to make the 1916 assessment in compliance with the law. The report says that before an assessor can receive his pay he must appear before the county judge and take an oath provided in section 4071 of the Kentucky statutes that all the property in the county has been assessed at its cash value.

The tax laws are sufficient, says the report, if uniformly enforced throughout the state to produce all revenues to support the city, county, and state government at a tax rate much lower than the present rate. This uniform assessment can only be obtained through the co-operation of the assessors.

The Governor is urged to join the Board in an effort to reduce the tax rate and equalize the burden of taxation by requiring the assessors to assess every person on his property at its fair cash value as is required by law.

In the First Congressional district the state Board raised the counties—Ballard, Caldwell, Carlisle, Crittenden, Fulton, Lyon, Marshall, McCracken, and Trigg and four as assessed—Galloway, Graves, Hickman, and Livingston.

Chautauqua Season Tickets

In arranging to inaugurate this Chautauqua this year, the local committee bought 1,000 \$3.00 season tickets. After the opening day no season tickets can be had for less than \$3.00. For the single admissions to the respective entertainments, see the official programs.

Season tickets are non-transferable except within the owner's family. The name of some member of the family must be written in ink upon every season ticket. This provision is made primarily as a protection to the owner in case the ticket should be lost.

Children's tickets admit children aged six to fourteen years inclusive. All children are admitted to the children's work free.

These tickets will be sold while they last at \$2.50 each.

June Twenty-third to Thirtieth

Schumann Quintet, a Chautauqua Week Attraction, Has Pipe Organ

Photo by Hyde Park Studio, Chicago.

THE SCHUMANN QUINTET.

WHEN Carl Lampert organized the Schumann Quintet he made possible a notable advance in the musical life of the Chautauqua. He has furnished absolute proof that the people are hungry for real music. Chautauqua audiences are no longer frightened by classical programs—as the Schumann Quintet renders them. This company brings to the Chautauqua a genuinely new idea—that of presenting symphonic concerts with a company of only five musicians.

To secure this symphonic effect a specially constructed organ is carried by this company. This gives all the reed and wind effects of a large orchestra and, combined with the piano and stringed instruments, produces results as surprising as they are unique. To create added interest the historic introductions are given to each program.

In order that he might accurately interpret the music of Beethoven, Mozart and other great composers Mr. Lampert spent several years abroad in the places where these composers lived, making a special study of the scenes and surroundings which inspired their work.

He studied the folk songs of the different countries of Europe, including Bohemia, Germany, France, and Austria; also in Scandinavian countries. "The art songs of these countries," says he, "are but intensified folk songs." These folk and art songs are interestingly described by him.

Mr. Lampert, in his historic introductions and interpretations, has a real message for the masses, and the Schumann programs are as educational as they are entertaining.

Each season new features are devised in novel and pleasing musical effects. New programs are wrought out, and the company is able to go back year after year upon the same courses without any diminution of interest. In many places they have appeared three times.

Carl A. Lampert, the organizer and first violinist of the Schumanns, was born in Minden, Westphalia, near Dusseldorf; studied under Jacobson and abroad in the Prague Conservatory under Ruck. For nine years he played first violin in the Thomas Orchestra and is at present connected with some of the most notable musical institutions in America.

Carl Portune is a graduate of the Cincinnati Conservatory of Music and is both a pianist and organist of high ability.

Miss Helen Portune, dramatic soprano and concert violinist, gave up a most brilliant theatrical career to go with the Schumanns.

Mrs. Grace Kaplan, concert pianist, at the age of eight years played the Hungarian Rhapsody and at sixteen years graduated from the Cincinnati Conservatory of Music.

Barry Kaplan, cello virtuoso, was formerly a member of the Cincinnati Symphony Orchestra.

VIRGINIA STRIVES TO COLLECT DEBT

Formally Requests Supreme Court to Sell \$12,393,000 of West Virginia Property

Washington, June 5.—The state of Virginia to-day formally

requested the supreme court to direct its marshal to seize and sell sufficient of the property of West Virginia to pay off the \$12,393,000 judgment awarded in settlement of the old state debt existing before the division of Virginia. The application was taken under consideration.

Only one precedent exists for such a proceeding.

That was the order by which the marshal was directed to sell from

the North Dakota capitol steps to satisfy a judgment on state bonds awarded South Dakota. In that case judgment was paid before the day of sale.

Attorney General Lilly of West Virginia, opposed the motion, explaining that his state had not been able to consider the court's judgment because the legislature had not been in regular session since. He declared, moreover, that West Virginia owned no property other than that devoted exclusively to a public use, which could not be levied upon or sold under execution.

WHY ENDURE SUMMER COLDS?

SAYS DRINK LEMONADE FOR RHEUMATISM

Relief from rheumatism and sciatica can be obtained by drinking lemonade and avoiding alcoholic drinks.

To get rid of this stubborn disease, however; to stop the twinges, pain and swelling, and drive the poisonous accumulations from the joints and muscles, all generously-inclined druggists will tell you to take half a teaspoonful of Rheuma daily until all misery ceases.

Rheuma is a powerful remedy, because only a powerful remedy can overcome such a terrible disease; but Rheuma acts speedily—the first dose taken and you'll know that you will soon be your healthy, happy self again. Jas. H. Orme and all druggists know what Rheuma will do, for they sell a great deal of it and guarantee two 50-cent bottles will overcome rheumatic agony or money back.

Found Blacksnake Crushing Infant.

Somerset, Ky., June 7.—Hearing the screams of her 2 year old baby coming from the kitchen, Mrs. Asa Davis, wife of an employee of the Kentucky Utilities Company near here, rushed to its rescue and found a six foot

black-snake coiled around the lower limbs and body of the child. The mother's entrance frightened the reptile, which loosed its hold and was killed by Mrs. Davis. The timely appearance of the mother probably saved the child's life. Save for severe bruises it was unhurt.

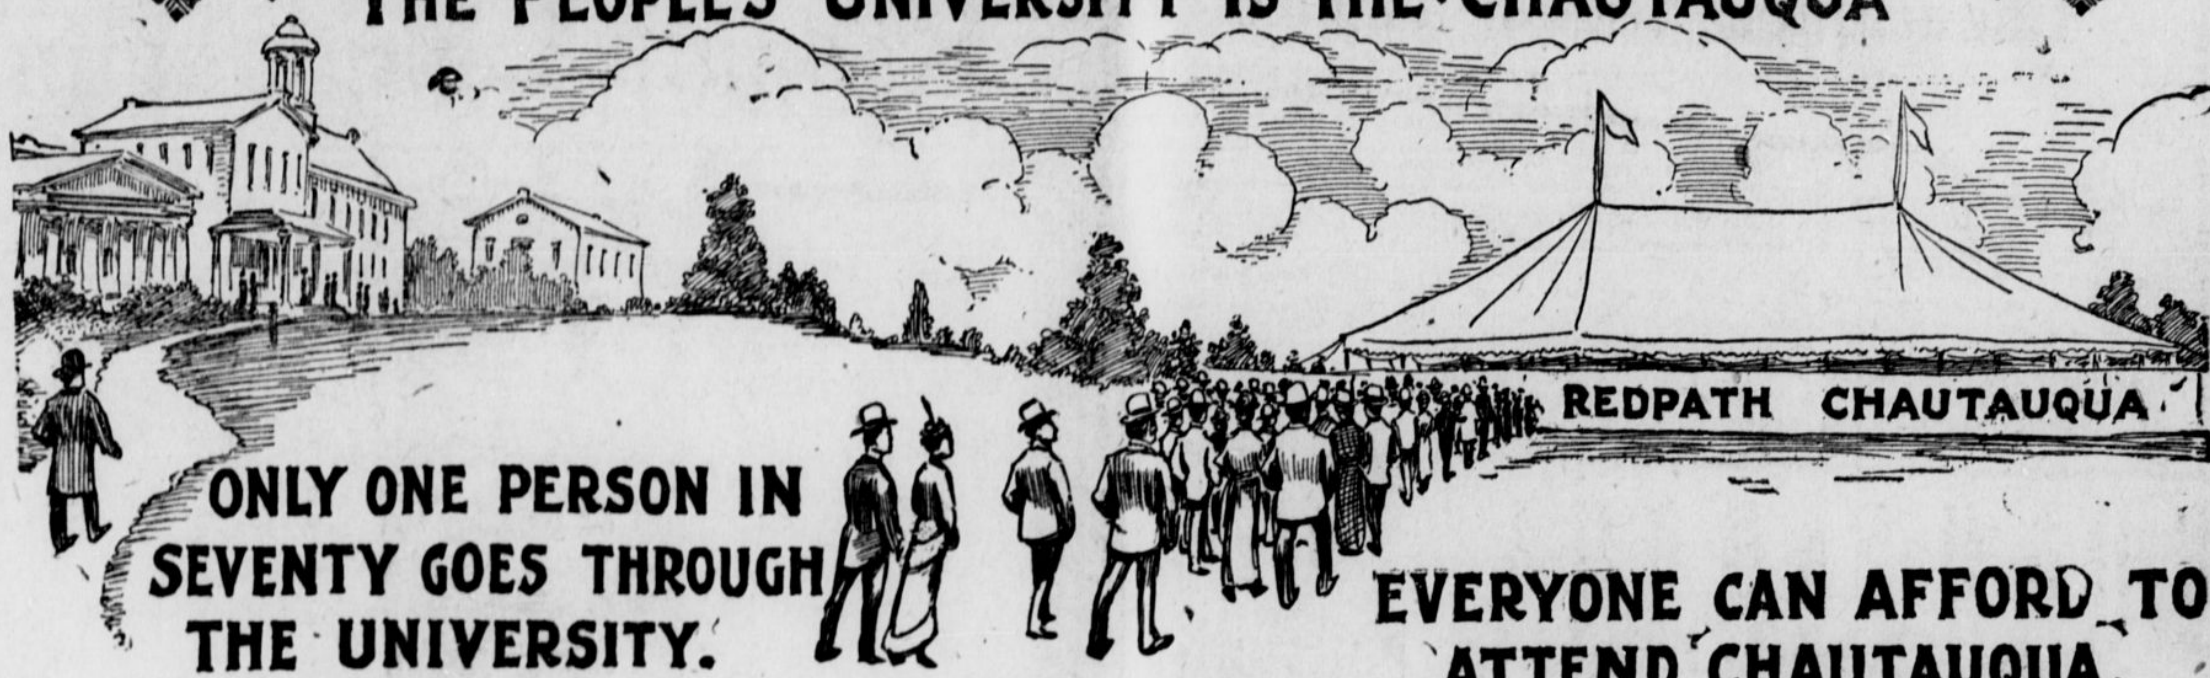

Beech Hargis Paroled.

Frankfort, Ky., June 7.—Beech Hargis, serving a life sentence for killing his father, Judge James Hargis, at Jackson, a number of years ago, was paroled this afternoon by the prison commission. Beech was drunk when he went into his father's store. He became angered because he was reprimanded and shot and killed his father. His mother has been seeking his release for years.

Chinese Journalist and Statesman
To Speak Here Chautauqua Week

NG POON CHEW.

NG POON CHEW, former consul of the Chinese government at San Francisco and editor of the first Chinese newspaper in this country, is to speak here on the third afternoon of Chautauqua week. He is eminently qualified to lecture on the new China and her relation to the western world. As a journalist and a statesman Dr. Chew has done much to cement friendly relations between this country and the great Mongolian Empire. He is very much American in his point of view and most enthusiastic about our country.

Dr. Chew is known to the platform world as the "Chinese Mark Twain." His wit is spontaneous and contagious, but in addition much valuable information is scattered throughout his delightful address.

GEESSE IN GARDEN CAUSE FATAL FIGHT

Joe Nichols Killed by Jake Clarke
A Neighbor

Dyersburg, Tenn. June 8—Joe Nichols, a deputy sheriff living at Bogota, 10 miles from Dyersburg, was shot and killed this morning by Jake Clarke, a neighbor. There had been bad feelings between the men for some time, but Nichols had not anticipated any trouble. They quarreled recently over some geese, the property of Nichols, getting into Clarke's garden. Details of the killing are not obtainable at this time. A shotgun was used, and it is said Nichols was unarmed.

Clarke came to town and gave himself up. He waived preliminary trial and was released on \$1,500 bond. Both men have families. Criminal court will be in session next week, at which time the case will be tried.

GOOD BACKS FOR BAD

Marion Residents Are Learning
How To Exchange the Old
Back For A New One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression? Is the urine discolored, passages irregular?

The kidneys may be calling for help. Weak kidneys cannot do their work. Give them the help they need. To cure kidney backache you must cure the kidneys.

Use a tested and proven kidney remedy. Doan's Kidney Pills have stood the test.

Convincing proof of merit in the following endorsement:

Mrs. G. M. Stark, S. Main St., Madisonville, Ky., says: "I was bothered by pains across the small of my back and sides. Seeing Doan's Kidney Pills so highly recommended, I used a box. They cured me. Since then, when I have used them, they have always been of benefit."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stark had. Foster-Milburn Co. Props., Buffalo, N. Y. 54

Julia Claussen Day at The Coming Chautauqua

Photo by Matzené, Chicago.

JULIA CLAUSSEN, EMINENT CONTRALTO OF THE CHICAGO GRAND OPERA COMPANY.

THE great musical climax of the entire Chautauqua program comes this year on the closing night, when Julia Claussen of the Chicago Grand Opera Company, whose successes of the recent opera season have even surpassed her former achievements, will appear in a concert. She will be assisted by Pierre Henrotte, concert master of the Chicago Grand Opera Company, and Marcel Charlier, also one of the leading conductors of Chicago Grand Opera.

A year ago, when Miss Alice Nielsen toured the Redpath Chautauquas, it was then widely stated in the musical journals that the Chautauqua opened a new field to the greatest musicians. The fact that another such great artist as Julia Claussen has been engaged for this season and that the assisting artists are also well known in the grand opera world at once establishes the fact that the move to give the Chautauquas the greatest music was not a spasmodic one, but permanent.

The City Council met Monday night in regular session and after approving the bills for street work and attending to a few minor details adjourned 'till 1 o'clock Tuesday afternoon when they met and took up the question of the drainage and sewerage for the new \$70,000 government building. The council voted to build the sewer and a septic tank near the creek at Boston's planing mill. This will facilitate matters and hurry the building of the new postoffice, and our citizens with one accord will welcome the news. Hurrah for the city dads!

The board of trustees of the Marion Graded and High school met Monday night and decided to call an election to vote on bonds to build a new high school building.

This is just what they should have done, our school is our greatest enterprise and our people are a unit in holding up the hands of these officials who conscientiously do what they think best for the interests of the boys and girls of this town and county. Let every loyal citizen rally to their support and vote for the necessary funds to provide a house adequate to the needs of the city and county.

The strike of 150 miners at Rosi clare and Fairview mines, checks the production of zinc, lead and fluor spar to a noticeable extent on the market. Now of all times since the mines in this section were first opened up we need roads. There is now enough minerals on top of the ground ready for market, awaiting teams to convey it to the stations at Marion or Mexico to pay a profit of \$1,000 per day, which in the remainder of 1916 alone would be as much as we needed to build turnpikes. This money would be spent among our farmer boys for mining and teaming. Our merchants and all branches of their business would be benefitted. We have the wealth right in our grasp almost but the lack of transportation facilities at the supreme moment robs us all of our own. This is true of every mining vicinity in Crittenden county and is a sad commentary on the fore sight of our voters who so recently had the opportunity to unlock this hoard of wealth and loose a stream of gold which would fill many pockets and a part of which would have flowed to the remotest corners of the county.

Sang to 15,000 People at Billy Sunday Meetings. Quartet Which Is to Appear on This Season's Chautauqua Program Has Filled Many Notable Engagements

Photo by Wallinger, Chicago.

THE WEATHERWAX BROTHERS.

THE well known Weatherwax Brothers' Quartet, which is to appear on the Redpath Chautauqua program here, during the great and far famed meetings of Billy Sunday in Philadelphia, sang at his request one evening before an audience of 15,000. Mr. Sunday heard that this well known quartet was coming through Philadelphia on a Lyceum tour and sent word to them to stop on Sunday with him.

For many years they have appeared on notable occasions throughout the United States. Few male quartets have met more famous people and had more interesting experiences than the Weatherwax Brothers.

The first appearance of this company in public was in the fall of 1896, when they sang during the notable McKinley campaign throughout Iowa. They made such a hit everywhere that there was an immediate demand for them on the Lyceum and Chautauqua platform.

This quartet, in addition to vocal music, also appears in a trumpet quartet, which always brings forth the admiration of those who love rich, heroic music. Trumpets are comparatively seldom used on the Chautauqua platform, and it is a treat to hear them when well played. The trumpets which they use were made specially for this quartet.

As to the vocal work of this quartet, all four brothers have had years of practice together, which has resulted in most excellent harmony. They have all been natural musicians from their infancy, and, as some one has truly said, "Their voices have a decidedly family blend."

Election Notice!

Vote to be Taken on Bonds For High School

At a Meeting of the Board of the Trustees* for the Marion Graded Common School District No. 27, Held at the Office of J. G. Rochester June 12, 1916.—The Following Order was
Unanimously Adopted.

Marion, Ky., June 12, 1916.

The Board of Trustees for the Marion Graded Common School District No. 27, met in regular session at the office of J. G. Rochester in the town of Marion, Kentucky June 12, 1916 president and presiding W. D. Cannan chairman, T. H. Cochran, C. W. Haynes, W. T. McConnell and J. G. Rochester. W. D. Cannan having at a former meeting been duly declared elected Trustee for the ensuing year and having been qualified as the law directs continued or resumed his seat upon the board. Upon motion, W. D. Cannan was re-elected chairman of said board for the ensuing year. J. G. Rochester was duly elected secretary and treasurer of said board. Upon motion the following preamble and order was unanimously adopted.

Whereas, the High School connected with the Marion Graded School has grown to such proportions that we will not be able to take care of the County High School pupils another year without building an addition to our graded school building, and otherwise incurring heavy expense, And,

Whereas, at a meeting of the County Board of Education and the Trustees of the Marion Graded Common School held jointly at the office of E. Jeffrey Travis in the town of Marion Kentucky on the 2nd, day of June 1916 at which meeting it was agreed by said joint Boards that the County and Marion Graded School Districts would consoli-

date and build in the town of Marion Kentucky at some point to be selected by the joint Board a joint High School building to be maintained jointly for the use of the County and the Marion Graded School District as a High School which in all particulars is to comply with the laws of the State of Kentucky made and provided in such cases, and,

Whereas, this Board approves the action of said joint Boards, and,

Whereas to enable the Board of the Marion Graded School to purchase ground and erect and equip a joint Highschool building for the purposes above mentioned, and,

Whereas, this Board is without funds and the sum necessary to be raised by the Marion Graded Common School District to provide its one-half part of the expense of purchasing grounds building and equipping suitable High School buildings as above mentioned and also for repairs and charges which may be necessary on the present graded School building and its equipments will be not less than \$10,000.00. It is NOW THEREFORE ORDERED by the Board of Trustees of the Marion Graded Common School District No. 27 that, an election be held at the school building in said school district and a pole be opened on the 1st. day of July, 1916 which is on Saturday between the hours of one and six o'clock P. M. upon the proposition whether or not the trustees of said district shall issue

bonds of said Marion, Graded Common School District in the amount of not to exceed \$10000.00 for the purpose of purchasing ground erecting and equipping a High School Building and for the other purposes as above mentioned and all other things necessary to be done in maintaining said joint High School building and for repairing and equipping the present Graded School building, said bonds to bear interest at rate of 4 per cent per annum payable semi annually, and said bonds being payable at the end of twenty years from the date of their issue and redeemable at the pleasure of said Board of Trustees after the expiration of five years from date of issue and said Board of Trustees will cause a poll to be opened at the Marion Graded School building on the above named day and said election held as the law in such cases directs and they will first advertise said election by having a certified copy of this order published in the Crittenden Record Press, It, being the only paper published in the County of one insertion therein. They will further advertise same by written or printed notices not less than twelve inches square signed by the Trustees of the said Marion Graded Common School District, No. 27, stating the time, terms, place and hour of said election, posted at not less than six public places in said District for ten days previous to the day of the election; and by one insertion in said Crittenden Record Press.

The Board shall appoint two judges, a clerk, and a sheriff, to hold said election, who shall be duly sworn before acting, by some one authorized to administer an oath, and shall be housekeepers and tax payers, residents of said District. And one of the judges shall ask each voter "are you in favor of the issue of Bonds in the sum of not to exceed \$10000.00 by the Trustees of the Marion Graded Common School District for the purpose of providing for one-half of the expense of purchasing ground, building a High School building and equipping same and for the necessary repair and equipping the Graded School building? and the clerk shall record the answer "Yes" or "No" as given by the voter said election is directed to be held in all respects as required by law, governing such election now enforced which relates and applies to such election, and in the event that as many as two-thirds of the votes cast at said election shall be in favor of the issue of said bonds for said purposes, the Board of Trustees of said District shall thereupon issue as many bonds as may be necessary for the purposes above mentioned not however, to exceed the sum of \$10000.00 which bonds shall be in denominations of not less than (\$100.00) one hundred dollars each, and not over one thousand (\$1000.00) dollars each, with coupons attached and bearing interest at the rate of 4 per cent per annum, payable semi-annually, and said Board shall sell said Bonds or so many as may be necessary for the purposes above mentioned, to the highest and best bidder by public outcry after said sale has been duly advertised by written or printed notices posted in at least six public places in said District ten days and two insertions in the Crittenden Record Press before said sale is made.

J. G. Rochester and A. M. Henry are appointed as judges and Geo. M. Crider as Clerk and F. G. Cox as

sheriff to hold said election at the time and place above mentioned, and J. G. Rochester is appointed to prepare the proper notice for said election and have same advertised in the way and manner as above directed.

Given under our hands as Trustees of Marion Graded Common School district NO. 27 this 12th, day of June 1916.

Ten commandments

With the view of aiding the annual spring clean up campaign, these "Ten Commandments for a

Clean City," are given

Thou shalt locate, report and abate all public nuisances.

Thou shalt provide a covered receptacle for all manner of house and stable refuse.

Thou shalt remember that flies breeds flies and that flies make funerals.

Thou shalt gather and burn all sorts of combustible rubbish.

Thou shalt wage continual warfare on weeds, dandelions and and untrimmed trees.

Thou shalt white-wash or paint thy buildings and keep thy premises constantly clean.

Thou shalt not spit on side walk, or in any public place or conveyance.

Thou shalt not sweep thy streets in the business section after 7:30 a. m.

Thou shalt not throw tincans or rubbish in any back yard vacant lot or alley.

Thou shalt strictly obey these precepts that our name and fame may be the foremost of the land. Pembroke Journal.

Lecturer For the Closing Day of Chautauqua

DR. E. T. HAGERMAN.

DR. E. T. HAGERMAN, who is to lecture here on the last day of the Chautauqua, has occupied the leading pulpit of his denomination in each of six cities. He went from the First Methodist Church of Des Moines to the First Church in Milwaukee, the largest Methodist church in the state of Wisconsin. He has never been troubled with empty pews.

Dr. Hagerman has the gift of putting fundamental truths very simply. He discusses problems in the language of the people. His congregations were notable for the large number of men who attended.

He has also been in much demand as an after dinner speaker. Only men who can interest and entertain are called on repeatedly for after dinner speeches.

As a lecturer Dr. Hagerman is not of the dramatic, explosive style, but a speaker who grows on his audience the longer he talks. He is a genius in word painting, and his thoughts are emphasized by natural, wholesome wit.

The Home of A. H. Travis Three Miles East of Here Burned Saturday Night.

A. H. Travis' residence and out buildings on the farm he purchased of Thos. Farmer 3 miles north-east of town were burned Saturday night. The fire originated in the out buildings and was well under way when discovered but members of the family were able to save much of the household goods. Mr. Travis' friends are glad to know he carried insurance and that his loss of about \$1,500 is partially covered. His daughter Miss Dulce was sick at the time and had to be carried from the house but has not suffered any bad effects so far as we have heard. His son and son-in-law Leslie Bibb were here to get tents Monday, the family intending to remain there in order to be convenient to make the crop.

BARN SWALLOW

Length, about seven inches. Distinguished among our swallows by deeply forked tail.

Range: Breeds throughout the United States (except the South Atlantic and Gulf states) and most of Canada; winters in South America.

Habits and economic status: This is one of the most familiar birds of the farm and one of the greatest insect destroyers. From daylight to dark on tireless wings it seeks its prey, and the insects destroyed are countless. Its favorite nesting site is a barn rafter, upon which it sticks its mud basket. Most modern barns are so tightly constructed that swallows cannot gain entrance, and in New England and some other parts of the country barn swallows are much less numerous than formerly. Farmers can easily provide for the entrance and exit of the birds and so add materially to their numbers. It may be well to add that the parasites that sometimes infest the nests of swallows are not the ones the careful housewife dreads, and no fear need be felt of the infestation spreading to the houses. Insects taken on the wing constitute the almost exclusive diet of the barn swallow. More than one-third of the whole consists of flies, including unfortunately some useful parasitic species. Beetles stand next in order and consist of a few weevils and many of the small dung beetles of the May beetle family that swarm over the pastures in the late afternoon. Ants amount to more than one-fifth of the whole food, while wasps and bees are well represented.

DOWNY WOODPECKER

Dryobates pubescens

Length, six inches. Our smallest woodpecker; spotted with black and white. Dark bars on the outer tail feathers distinguish it from the similarly colored but larger hairy woodpecker.

Range: Resident in the United States and the forested parts of Canada and Alaska.

Habits and economic status: This woodpecker is commonly distributed, living in woodland tracts, orchards, and gardens. The bird has several characteristic notes, and, like the hairy woodpecker, is fond of beating on a dry resonant tree branch a tattoo which to appreciative ears has the quality of woodland music. In a hole excavated in a dead branch the downy woodpecker lays four to six eggs. This and the hairy woodpecker are among our most valuable allies, their food consisting of some of the worst foes of orchard and woodland, which the woodpeckers are especially equipped to dig out of dead and living wood. In the examination of 723 stomachs of this bird, animal food, mostly insects, was found to constitute 76 per cent of the diet and vegetable matter 24 per cent. The animal food consists largely of beetles that bore into timber or burrow under the bark. Caterpillars amount to 16 per cent of the food and include many especially harmful species. Grasshopper eggs are freely eaten. The vegetable food of the downy woodpecker consists of small fruit and seeds, mostly of wild species. It distributes seeds of poison ivy, or poison oak, which is about the only fault of this very useful bird.

MARCEL CHARLIER.

MARCEL CHARLIER of the Chicago Grand Opera Company, who directs many of the French operas for that organization, was born in Liege, Belgium, and received his musical education at the conservatory of that ancient city. It was his youthful desire to become a piano soloist, and with that end in view he began his studies. At the age of sixteen he received several medals for his excellence in composition and harmony and also for his proficiency on the pianoforte, and a great career was predicted for him.

Two years later he was engaged for the Theatre Monnaie, in Brussels, as accompanist and was so successful in this capacity that when he was twenty-one he was promoted to a directorship and led many of the noted operas produced at that celebrated Opera House, and many of the world's most celebrated singers sang under his baton.

Later he went to Covent Garden, where he met Cleofonte Campanini, now the General Director of the Chicago Grand Opera Company. Subsequently when Campanini came to the United States as the chief director of the Manhattan Opera House, in New York, he brought Charlier with him. He has remained with Campanini since that time and is recognized as a director of discretion and marked ability.

Mr. Charlier will appear here on the last night of the Chautauqua as one of the assisting artists in the Julia Clausen concert.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Carson, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair. At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 30 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Jury to Try Will Orpet Is Completed

Sixteen Venires and 1,236 Men Were Called—Court Adjourns at Attorney's Illness

Waukegan, Ill., June 7.—Selection of a jury to try W. H. Orpet on the charge of murdering Marion Lambert, his sweetheart, was completed at 3 o'clock today. Just as David R. Joslyn began his opening statement for the state, the defence asked that court be adjourned until tomorrow morning owing to the sudden illness of James H. Wilkerson senior, counsel for the defence. Court was adjourned. Sixteen venires, total 1,236 men were called before a jury was obtained. The trial started on the 15th of May.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the insane hospital." — Mrs. E. Sheldon, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

SUGG-HURLEY

Mr. Roy Hurley, of Providence and Miss Lucy Aaron Sugg, of Morganfield, were quietly married at the home of the bride in Morganfield Wednesday. The bride is the charming daughter of Mr. and Mrs. John A. Sugg and is a member of one of Union county's most prominent families. She is a sister of Mrs. W. H. Payne and Mrs. A. L. Donan, of this place, and has visited Providence numerous times. The bride-groom has been a resident of Providence for about four years and is a young man of high standing in the community. He was formerly manager of the Dreamland Theatre, but he and his brother are now the owners of a fine farm on the Dixon road and since the first of the year he has devoted his time to farming. After the wedding Mr. and Mrs. Hurley left for a visit to relatives at Mt. Vernon, Ind., and Carmi, Ill., when they will come to Providence. The Enterprise joins their legion of friends in best wishes. — Providence Enterprise.

Lecture For the Opening Night of Our Chautauqua

Photo by Moffett, Chicago.

WILLIAM RAINEY BENNETT.

WILLIAM RAINEY BENNETT, who is to lecture here the opening day of Chautauqua week, is known in the Lyceum and Chautauqua world as "The Man Who Can." He has a lecture on this subject, the theme of which is that "he can who thinks he can," that in every brain there is a sleeping genius and that it can be awakened. The lecture which he gives helps young men and women to find themselves. It gives them health, poise and power. It is absolutely different from the ordinary lecture of this type. Every laugh comes in naturally. Nothing is forced. Other lectures which he gives are entitled: "The Master Thought" and "Machines and Millionaires."

William Rainey Bennett was raised on a farm and, like so many successful men of the present day, has many a time warmed his bare feet on frosty mornings where the cows have lain. He worked his way through college. Starting in with \$40, he graduated with money in his pocket, having paid his way by singing. Since then he has done postgraduate work in two universities. His sermon lectures have been published in full as features of some of the metropolitan newspapers.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Off For The Blue Grass.

The excursion from Western Kentucky to Bath and other Central Kentucky counties, under the direction of Geoffrey Morgan who started from here, left at 9 o'clock Tuesday night in special Pullman cars. About 125 persons mobilized here from seven counties. Other cars were picked up at Guthrie, Russellville and Bowling Green. The city of Lexington decided not to entertain the farmers as first announced. They will visit several counties and stop in Jeffers-

son Saturday, returning here Saturday night.

Massed German Troops Face Certain Death in Attacks on Fort Vaux

Paris, June 12 (12:20) p. m. — In their repeated attacks on Fort Vaux, one of the outlying defenses of Verdun along the front east of the Meuse, the Germans are hurling forward their infantry in masses so compact that the first ranks are obliged to advance to certain death. The assaulting columns debauch from the village of Duncup below the fort, and separated from it by a ravine which they are obliged to cross to attain the slopes near the fort. For three days this spot has been the scene of carnage which has saturated the ground with blood.

One German column advanced no farther than the ravine. The front ranks, pushed on by those behind, fell as soon as they reached the dead line swept by the French rapid fire. As they toppled over others came on to take their places and fall in turn. French officers who have returned from the Verdun front, although hardened to the worst sights of war, declare the butchery there surpasses imagination.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
