Ollie M James Now One of The  
Great Men of the Nation.

Senator Ollie James of the First congressional district of Kentucky is now one of the great men of the nation. As a matter of course he has to be a great man to preside over the destinies of two national democratic conventions.

There are big things ahead in this country for Mr. James. He is growing every day in popularity and statesmanship and but few men, if any, are better known to the great men of this country than Mr. James.

Kentucky is proud of him and always will be as long as he gives his life to the comfort and happiness and the cause of the great common people. Mark our prediction, there are greater and better things ahead for Senator James.—Mayfield Messenger.

## Those Old Fashioned Kentucky Dinners.

Those old fashioned Kentucky dinners are getting to be quite the fad at the "Park-Wilsonia" these hot sun days. Many entire families assemble there and enjoy the large and shady yard, the spacious verandas and incidentally the good dinner.

Some of those who were there last Sunday were: Mr. and Mrs. Joseph E. Wright and J. N. Haavey of Louisville; J. H. Goodwin, Lebanon, Ky., Scoville Powell, Henderson, Ky., Nat Cardwell, Doc Sullivan, Mr. and Mrs. Grant Davidson, Robt., Madeleine, and Linda Jenkins, R. F. Haynes and Mrs. L. J. Tucker, Judge Carl Henderson, wife and baby, Miss Alice Henderson, Master Carl Henderson Jr., Mr. and Mrs. Gus Taylor, Miss Marie Taylor, H. L. Cook, Mrs. Cook, and Miss Elizabeth Cook, J. A. Stephens and wife and Son Thomas, T. J. Yandell, wife and daughters, Miss Katherine and Mrs. R. C. Hopper, of Memphis, Tenn., J. C. Bourland, wife and daughter, Miss Mildred and son Master "Ted" and others.

## Fords Ferry Voting Precinct.

The efforts made by a number of voters residing near the center of Ford's Ferry voting precinct, to move the voting place to R. C. Knight's store three miles south of Ford's Ferry failed Monday. Judge Asher deciding that the voting place should stay where it is. There was a spirited fight shown on both sides each of whom employed attorneys. Over one hundred signers were on each petition and many witnesses were called.

## VISITS HIS HOME AGAIN

Founder of The Crittenden Press  
Here.—First Visit In  
Ten Years.

R. C. Walker and son Hickman of Grand Junction, Colo., arrived here Saturday morning to visit their old home for a couple of weeks. They made a bee line for the home of the aged mother and grandmother, Mrs. Jane Walker on north main street. R. C. Walker is now postmaster in his town. His son Hickman is an attorney. They have many relatives here and in the county. Among them being four sisters of R. C. Walker, namely: Miss Nell Walker, Mesdames Jesse Olive, David Moore, and Edward Doss.

Mrs. Mollie Ledbetter, of Elizabethtown, Ill., another sister came over while her brother was here to see him and his son.

Mr. Walker founded the Crittenden Press in company with Chas. F. Champion in 1878, nearly 40 years ago, and it has outlived every business enterprise that was here at the date of its birth, and he more than any other man extended the reputation of Marion as a mining center and of her sons, many of whom have distinguished themselves since, encouraged by his willing pen.

The father and son have been given a cordial welcome back home by old friends whom they meet at every turn.

There are only two speakers in the world, and Ollie James is both of em."

This was the comment made by an admiring Illinois delegate to the Democratic National Convention in the Coliseum here after the eloquent permanent chairmen had concluded his speech.

Following the address of Senator James and the renomination tonight of Woodrow Wilson as President and Thomas Riley Marshall as Vice President the band at the Coliseum played "The End of a Perfect Day." There are newspaper men here of neutral minds, who say that at the conclusion of the Republican National Convention at Chicago last week the band in the half were that delegate body convened struck up "I need thee every hour" and Uncle Joe Cannon's favorite hymn, "Renew My Courage, Lord."

Gen. W. B. HALDEMAN, of Louisville, Kentucky's new National Committeeman, spent a busy day shaking hands with delegates and visitors to the convention. He was applauded by the corps of news writers when he visited the press section in the Coliseum to renew his long time acquaintance with Irvin S. Cobb, born and reared at Paducah, and proud of it, who is among the correspondents "covering" the convention for the Courier-Journal and Times.

Gen. Haldeman was among the first to congratulate Senator James on his speech in accepting the permanent chairmanship of the Democratic National Convention. He occupied a seat on the platform near the Kentucky Senator during the inspiring session in which Senator James "added leaves to his wreath."

## Chautauqua Season Tickets

In arranging to inaugurate this Chautauqua this year, the local committee bought 1,000 \$3.00 season tickets. After the opening day no season tickets can be had for less than \$3.00. For the single admissions to the respective entertainments, see the official programs. Season tickets are non-transferable except within the owner's family. The name of some member of the family must be written in ink upon every season ticket. This provision is made primarily as a protection to the owner in case the ticket should be lost. Children's tickets admit children aged six to fourteen years inclusive. All children are admitted to the children's work free.

These tickets  
will be sold while  
they last  
at \$2.50 each.

## CHAUTAUQUA OPEN FRIDAY AFTERNOON

At 3 O'clock. Best Program Ever  
Offered To The Town  
Of Marion.

The advertising is all up and most of the tickets are sold for the big Redpath Chautauqua which opens here promptly tomorrow at 3 o'clock in the afternoon. The program according to the advance manager M. M. Witherspoon is by all odds the best any Chautauqua has ever put on and is making the biggest hit in the south any attraction of its kind has ever made.

The Chautauqua opens with the Killarney Girls who put on an entire Irish program, these girls are not only the best looking bunch ever seen on a platform but are also the cleverest in there songs, child impersonations and make ups. They carry with them two very splendid violinists who are making big hits in all the southern towns.

William Rainey Bennett starts the ball rolling in the lectures and his lecture "The Man Who Can." Is thoroughly enjoyed by both young and old alike, if you wish to hear something which will be worth dollars and cents to you hear Mr. Bennett's lecture.

The second day opens with the Weatherwax Boys and as they have already been in Marion they need no introduction to the town people. In the evening Mr. Charles Stelze the founder of the labor temple will speak, he is a man of forceful appearance and a man who is recognized as an authority all over the country in both labor and religious problems, he brings to you a much needed message; do not miss his lecture.

Some of the other especially interesting attractions are the Parish Players who are actors of note and who in three short snappy plays try to show what can be done in the way of establishing a dramatic club in your home town.

The Bird Masque is one of the best and most novel things ever put on a platform and is making a big hit in every town, in its

stage and scenic effect it reminds one of The Garden of Allah which had such a phenomenal run in New York City.

The White Hussars are by all odds the biggest hit of the whole week, they put on a program of music and entertainment which fairly takes a town by storm if you can only hear one number of the program be sure not to miss this one.

The big new Chautauqua tent has arrived and is being erected on the Carnahan lot which has been cleared off for the purpose.

If you have not bought your ticket do so at once as you can't afford to miss this the biggest and best Chautauqua which has ever toured the south.

## O. M. JAMES PRESIDENT 1920

"Our Ollie" Who Has Won National Fame Is Prospective Candidate For President.

The Louisville Times of Friday June 16th places Hon. O. M. James of Marion in nomination for President in 1920 in the following manner.

"The dominant figure at the St. Louis convention was Ollie M. James, of Kentucky. He was the President's personal representative; he was the party's official spokesman; so chosen because, as the floor leader in the Senate, he has for almost four years led the Democratic fighting line and has never met defeat.

"James for President in 1920" was the cry of the convention when he had finished his speech as permanent chairman, and James for President it will be, if the party rightly rewards a great son."—Editorial note.

President Ollie M. James sounds good to us who know him and have watched him grow from barefooted "whilly" to premier of President Woodrow Wilson's coterie of confidential advisers.

FARM LOANS—On long time, cheap interest, repayment privileges. Also life insurance in the Columbia Life.—BEN L. YATES.

### Redpath Chautauqua.

Do you know that the biggest and best Redpath Chautauqua ever held in the town of Marion opens tomorrow afternoon at 3 o'clock and continuing through the week in the morning, afternoon and evening? Do you realize that the entertainment that you get here is the best that can be found in the United States and what you get here is the best that can be found in the United States and that you are getting for the whole week what the city of Chicago and other large cities pay for single numbers? The great secret of this is not that the numbers can be put on cheaper here than in Chicago but that by the cooperation of the whole town in purchasing 700 season tickets the Redpath people are able to get talent which in no other way could be brought to a town of this size.

Do you realize that you are getting a season ticket for the sum of two fifty which averages a little more than twelve cents a number for the entire week which makes your splendid entertainment no more expensive than moving pictures and so ridiculously cheap that it seems impossible that anybody can afford to be without one?

Do you know that 39 citizens of Marion have guaranteed the chautauqua this year and that if you wish the Chautauqua to come here year after year it is your bounden duty to help these citizens make good their guarantee and help to get the Chautauqua back for the coming year? Let us all work together to make Marion, the smallest town on the Redpath circuit still the best town on earth

## ADOPT PLATFORM FOR REPUBLICANS

National Convention Formulates Principles for Party.

### AMERICANISM IS THE THEME

Favors Peace, but Peace With Honor—Compromise on Suffrage—Indorses Literacy Test and Demands Bigger Army and Navy.

The Republican platform as adopted by the national convention follows: In 1861 the Republican party stood for the Union. As it stood for the union of states, it now stands for a united people, true to American ideals, loyal to American traditions, knowing no allegiance except to the Constitution, to the government, and to the flag of the United States. We believe in American policies at home and abroad.

We declare that we believe in and will enforce the protection of every American citizen in all the rights secured to him by the Constitution, treaties, and the law of nations, at home and abroad, by land and sea. These rights, which in violation of the specific promise of their party made at Baltimore in 1912, the Democratic president and the Democratic congress have failed to defend, we will unflinchingly maintain.

We desire peace, the peace of justice and right, and believe in maintaining a straight and honest neutrality between the belligerents in the great war in Europe. We must perform all our duties and insist upon all our rights as neutrals without fear and without favor. We believe that peace and neutrality, as well as the dignity and influence of the United States cannot be preserved by shifty expedients, by phrase making, by performances in language, or by attitudes ever changing in an effort to secure groups of voters.

The present administration has destroyed our influence abroad and humiliated us in our own eyes. The Republican party believes that a firm, consistent and courageous foreign policy always maintained by Republican presidents in accordance with American traditions, is the best as it is the only true way to preserve our peace and restore us to our rightful place among the nations. We believe in the pacific settlement of international disputes and favor the establishment of a world court for that purpose.

### MEXICAN POLICY DENOUNCED.

We deeply sympathize with the fifteen million people of Mexico, who for three years have seen their country devastated, their homes destroyed, their fellow citizens murdered, and their women outraged by armed bands of desperadoes led by self-seeking, conscienceless agitators, who, when temporarily successful in any locality, have neither sought nor been able to restore order or establish and maintain peace.

We express our horror and indignation at the outrages which have been and are being perpetrated by these bandits upon American men and women who were or are in Mexico by invitation of the laws and of the government of that country, and whose rights to security of person and property are guaranteed by solemn treaty obligations. We denounce the indefensible methods of interference employed by this administration in the internal affairs of Mexico, and refer with shame to its failure to discharge the duty of this country as a good friend to Mexico, its duty to other powers who have relied upon us as such friend, and its duty to our citizens in Mexico, in permitting the continuance of such conditions, first by failure to act promptly and firmly, and second, by lending its influence to the continuance of such conditions through recognition of one of the factions responsible for these outrages.

We pledge our aid in restoring order and maintaining peace in Mexico. We promise to our citizens on and near our border, and those in Mexico, where

ever they may be found, adequate and absolute protection in their lives, liberty and property.

### MONROE DOCTRINE AFFIRMED.

We reaffirm our approval of the Monroe doctrine and declare its maintenance to be a policy of this country essential to its present and future peace and safety and to the achievement of its manifest destiny.

We favor the continuance of Republican policies which will result in drawing more and more closely the commercial, financial and social relations between this country and the countries of Latin America.

We renew our allegiance to the Philippine policy inaugurated by McKinley, approved by congress, and consistently carried out by Roosevelt and Taft. Even in this short time it has enormously improved the material and social conditions of the islands, given the Philippine people a constantly increasing participation in their government, and if persisted in will bring still greater benefits in the future.

We accepted the responsibility of the islands as a duty to civilization and to the Philippine people. To leave with our task half done would break our pledges, injure our prestige among nations, and imperil what has already been accomplished.

We condemn the Democratic administration, for its attempt to abandon the Philippines, which was prevented only by the vigorous opposition of Republican members of congress, aided by a few patriotic Democrats.

We reiterate our unqualified approval of the action taken in December, 1911, by the president and congress to secure with Russia, as with other countries, a treaty that will recognize the absolute right of expatriation and prevent all discrimination of whatever kind between American citizens, whether native born or alien and regardless of race, religion, or previous political allegiance. We renew the pledge to observe this principle and to maintain the right of asylum which is neither to be surrendered nor restricted, and we unite in the cherished hope that the war which is now desolating the world may speedily end, with a complete and lasting restoration of brotherhood among the nations of the earth and the assurance of full equal rights, civil and religious, to all men in every land.

### ADEQUATE ARMY AND NAVY.

In order to maintain our peace and make certain the security of our people within our own borders the country must have not only adequate but thorough and complete national defense, ready for any emergency. We must have a sufficient and effective regular army, and a provision for ample reserves, already drilled and disciplined, who can be called at once to the colors when the hour of danger comes.

We must have a navy so strong and so well proportioned and equipped, so thoroughly ready and prepared, that no enemy can gain command of the sea and effect a landing in force on either our western or our eastern coast. To secure these results we must have a coherent and continuous policy of national defense, which even in these perilous days the Democratic party has utterly failed to develop, but which we promise to give to the country.

### TARIFF AID TO AMERICAN PLANTS.

The Republican party stands now, always has, in the fullest sense, for the policy of tariff protection to American industries and American labor, and does not regard an antidumping provision as an adequate substitute. Such protection should be reasonable in amount, but sufficient to protect adequately American industry and American labor and be so adjusted as to prevent undue exactions by monopolies or trusts. It should, moreover, give special attention to securing the industrial independence of the United States, as in the case of dyestuffs.

Through wise tariff and industrial legislation our industries can be so organized that they will become not only a commercial bulwark but a powerful aid to national defense.

The Underwood tariff act is a complete failure in every respect. Under its administration imports have enormously increased in spite of the fact

that the intercourse with foreign countries has been largely cut off by reason of the war, while the revenues of which we stand in such dire need have been greatly reduced. Under the normal conditions which prevailed prior to the war it was clearly demonstrated that this act deprived the American producer and the American wage earner of that protection which entitled them to meet their foreign competitors, and but for the adventitious conditions created by the war would long since have paralyzed all forms of American industry and deprived American labor of its just reward.

It has not in the least reduced the cost of living, which has constantly advanced from the date of its enactment. Welfare of our people demands its repeal and the substitution of a measure which in peace as well as in war will produce ample revenue and give reasonable protection to all forms of American production in mine, forest, field, and factory.

We favor the creation of a tariff commission with complete power to gather and complete information for the use of congress in all matters relating to the tariff.

### SUPERVISION OF CORPORATIONS.

The Republican party has long believed in the rigid supervision and strict regulation of the transportation and great corporations of the country. It has put its creed into its deeds, and all really effective laws regulating the railroads and the great industrial corporations are the work of Republican congresses and presidents. For this policy of regulation and supervision the Democrats, in a stumbling and piecemeal way, are undertaking to involve the government in business which should be left with in the sphere of private enterprise and in direct competition with its own citizens, a policy which is sure to result in waste, great expense to the taxpayer, and in an inferior product.

The Republican party firmly believes that all who violate the laws in regulation of business should be individually punished, but prosecution is very different from persecution, and business success, no matter how honestly attained, is apparently regarded by the Democratic party as in itself a crime. Such doctrines and beliefs choke enterprise and stifle prosperity. The Republican party believes in encouraging American business, as it believes in and will seek to advance all American interests.

We favor an effective system of rural credits as opposed to the ineffective law proposed by the present Democratic administration.

We favor the extension of the rural free delivery system and condemn the Democratic administration for curtailing and crippling it.

In view of the policies adopted by

all the maritime nations to encourage their shipping interests, and in order to enable us to compete with them for the ocean carrying trade, we favor the

### PAYMENTS TO MAIL VESSELS.

payment to ships engaged in the foreign trade of liberal compensation for services actually rendered in carrying the mails, and such further legislation as will build up an adequate American merchant marine and give us ships which may be requisitioned by the government in time of national emergency.

We are utterly opposed to the government ownership of vessels as proposed by the Democratic party, because government ownership, while effectively preventing the development of the American merchant marine by private capital, will be entirely unable to provide for the vast volume of American freights and will leave us more helpless than ever in the hard grip of foreign syndicates.

Interstate and intrastate transportation have become so interwoven that the attempt to apply two and often several sets of laws to its regulation has produced conflicts of authority, embarrassment in operation, and inconvenience and expense to the public.

The entire transportation system of the country has become essentially national. We, therefore, favor such action by legislation or, if necessary, through an amendment to the constitution of the United States as will result in placing it under exclusive federal control.

### RAIDS ON THE TREASURY.

The increasing cost of the national government and the need for the greatest economy of its resources in order to meet the growing demands of the people for government service call for the severest condemnation of the wasteful appropriations of this Democratic administration, of its shameless raids on the treasury, and of its opposition to and rejection of President Taft's oft repeated proposals and earnest efforts to secure economy and efficiency through the establishment of a simple business-like budget system to which we pledge our support and which we hold to be necessary to effect any real reform in the administration of national finances.

We believe in a careful husbandry of all the natural resources of the nation—a husbandry which means development without waste; use without abuse.

The civil service law has always been sustained by the Republican party, and we renew our repeated declaration that it shall be thoroughly and honestly enforced and extended wherever practicable. The Democratic party has created since March 4, 1913, 30,000 offices outside of the civil service law at an annual cost of \$44,000,000 to the taxpayers of the country.

We condemn the gross abuse and the misuse of the law by the present Democratic administration and pledge ourselves to a reorganization of this

service along lines of efficiency and economy.

Reaffirming the attitude maintained by the Republican party, we hold that officials appointed to administer the government of any territory should be bona fide residents of the territory in which their duties are to be performed.

### NATIONAL CHILD LABOR LAW.

We pledge the Republican party to the faithful enforcement of all federal laws passed for the protection of labor. We favor vocational education, the enactment of a generous and comprehensive workmen's compensation law, within the commerce power of congress, and an accident compensation law covering all government employees. We favor the collection and collation under the direction of the department of labor of complete data relating to industrial hazards for the information of congress, to the end that such legislation may be adopted as may be calculated to secure the safety, conservation, and protection of labor from the dangers incident to industry and transportation.

### EXTENSION OF VOTE TO WOMEN.

The Republican party, reaffirming its faith in government of the people, by the people, for the people, as a measure of justice to one-half the adult people of this country, favors the extension of the suffrage to women, but recognizes the right of each state to settle this question for itself.

Such are our principles, such are our purposes and policies. We close as we began. The times are dangerous and the future is fraught with peril. The great issues of the day have been confused by words and phrases. The American spirit, which made the country and saved the Union, has been forgotten by those charged with the responsibility of power. We appeal to all Americans, whether naturalized or native born, to prove to the world that we are Americans in thought and in deed, with one loyalty, one hope, one aspiration. We call on all Americans to be true to the spirit of America, to the great traditions of their common country and, above all things to keep the faith.

### Vicious Enjoyment.

"Do you suppose, Asphodelia Two-bell really brightens the lives of slum dwellers when she goes among them with a party of friends?"

"Perhaps so. I'm sure she does if they enjoy seeing a perfectly healthy, extremely good-looking and stylishly dressed girl having what she calls a 'ripping time.'"

### The Reason.

"That man over there never treats anybody well."

"Why? Is he a confirmed grouch?"

"Oh, no. He's a doctor."

### MARRIAGES

At the Central Presbyterian Church Monday evening a very pretty wedding was witnessed by a large number of friends of the bride and groom, when Miss Ruth Glenn of this city was united in marriage to Mr. J. B. Hutchison of Dallas.

The ceremony was performed by Rev. A. B. Buchanan, the bride being given in marriage by

her brother, Mr. H. C. Glenn of Temple.

Following the singing of a tenor solo, "Mine," by Mr. S. J. Baxter, the attendants marched down the aisles to the strains of Mendelssohn's Wedding March played by Mrs. O. F. Bartine. The junior bridesmaids Misses Laura Willis, Helen Prime, Rachel Peden, Roberta Gompers, Dorothy Toombs, Kathrine Filson, Ruth Daugherty, Carolyn Gemmer, Kate Buchanan, Cleo Eaton of Marion Ky, Ruth Buchanan, Mabel Brelsford, Rosalie Schmidt, and Mary Brelsford, entering from the main vestibule formed a complete semi-circle around the altar and were followed by the maid of honor, Miss Ethel Glenn of Temple, and the bridesmaids, Miss Lettie Hutchison of Tyler and Miss Kathleen Gemmer of Houston, with the ushers, Messrs. Steven Barret, R. J. Cummins and Will Hutchison. The bridegroom was attended by Mr. W. F. Bryant as best man. The flower girls, Misses Evelyn and Vitan Woolf, with Miss Ruby Bartine as ring-bearer, preceded the bride, who entered with her brother and was met at the altar by Mr. Hutchison.

The bride's gown was of white satin and silk lace. The bodice was formed of the lace edged with seed pearls, the skirt being draped with the same exquisite material. A court train of the satin fell from the shoulders. The veil of tulle was adjusted to the coiffure with natural orange blossoms. The brides bouquet was built Bride roses tied with bridal tulle.

The maid of honor wore a beautiful gown of pale green Georgette crepe over white silk net. The trimmings were of graduated tones of satin with lace. She carried a bouquet of dark pink carnations tied with pink tulle. The bridesmaids wore dainty creations of pale green crepe chiffon over green silk trimmed with white net ruffles, green satin ribbon and pink rosebuds. Their bouquets were of pink carnations and ferns tied with tulle.

The junior bridesmaids were 14 of the bride's close friends chosen from the Nolerwo Club and her Sunday school class. They wore sheer organdie gowns with big green ribbon bows, the skirts being in full ruffled effects new in vogue. The little flower girls wore dainty white empire lingerie dresses with hair bows and sashes of pale green

ribbon. They carried gilt baskets filled with pink carnations. The little ring-bearer wore a white hand-embroidered lingerie dress trimmed with lace, with sash and hair bows of green satin ribbon. She carried the ring in a large pink rosebud.

After the ceremony an informal reception was held for the bridal party at the home of the bride's mother, 1904 Crawford Street, from which place the newly married couple proceeded to the Union Depot to catch their train for Colorado. They will return the last of the month and will make their home in Dallas. —Houston Texas Sentinel.

## PLATFORM MAKES STRONG APPEAL

Country's Advance Under Wise and Able Democratic Statesmanship.

### TARIFF BODY IS INDORSED

Underwood Measure Upheld—Unqualified Stand on Americanism—Would Keep Army in Mexico—Labor Plank Is Emphatic—For National Defense.

St. Louis.—Following is the Democratic national platform:

The Democratic party, in national convention assembled, adopts the following declaration to the end that the people of the United States may both realize the achievements wrought by four years of Democratic administration and be apprised of the policies to which the party is committed for the further conduct of national affairs.

We indorse the administration of Woodrow Wilson. It speaks for itself. It is the best exposition of sound Democratic policy at home and abroad.

We challenge comparison of our record, our keeping of pledges, and our constructive legislation, with those of any party of any time.

We found our country hampered by special privilege, a vicious tariff, obsolete banking laws, and inflexible currency. Our foreign affairs were dominated by commercial interests for their selfish ends. The Republican party, despite repeated pledges, was incapable of correcting abuses which it had fostered. Under our administration, under a leadership which has never faltered, these abuses have been corrected, and our people have been freed therefrom.

#### Lauds Banking Reform.

Our archaic banking and currency system, prolific of panic and disaster under Republican administrations—long the refuge of the money trust—has been supplanted by the federal reserve act, a true Democracy of credit under government control, already proved a financial bulwark in a world crisis, mobilizing our resources, placing abundant credit at the disposal of legitimate industry and making a currency panic impossible.

We have created a federal trade commission to accommodate the perplexing questions arising under the antitrust laws so that monopoly may be strangled at its birth and legitimate industry encouraged. Fair competition in business is now assured.

We have effected an adjustment of the tariff, adequate for revenue under peace conditions, and fair to the consumer and to the producer. We have adjusted the burdens of taxation so that swollen incomes bear their equitable share. Our revenues have been sufficient in times of world stress and will largely exceed the expenditures for the current fiscal year.

#### Claims Aid to Labor.

We have lifted human labor from the category of commodities and have secured to the workman the right of voluntary association for his protection and welfare. We have protected the rights of the laborer against the unwarranted issuance of writs of injunction, and have guaranteed to him the right of trial by jury in cases of alleged contempt outside the presence of the court.

We have advanced the parcel post to genuine efficiency, enlarged the postal savings system, added 10,000 rural delivery routes and extensions, thus reaching 2,500,000 additional people, improved the postal service in every branch, and for the first time in our history placed the post office system on a self-supporting basis, with actual surplus in 1913, 1914 and 1915.

#### TARIFF.

We reaffirm our belief in the doctrine of a tariff for the purpose of providing sufficient revenue for the operation of the government economically administered, and unreservedly indorse the Underwood tariff law as fully exemplifying that doctrine. We recognize that tariff rates are necessarily subject to change to meet changing conditions in the world's production and trade.

Two years of a war which has directly involved most of the chief industrial nations of the world, and which has indirectly affected the life and industry of all nations, are bringing about economic changes more varied and far-reaching than the world has ever before experienced. In order to ascertain just what these changes may be, the Democratic congress is providing for a nonpartisan tariff commission to make an impartial and thorough study of every economic fact that may throw light either upon our past or upon our future fiscal policy with regard to the imposition of taxes on imports or with regard to the changed and changing condition under which our trade is carried on.

We cordially indorse this timely proposal and declare ourselves in sympathy with the principle and purpose of shaping legislation within that field in accordance with clearly established facts rather than in accordance with the demands of selfish interests or upon information provided largely, if not exclusively, by them.

#### SHIPPING BILL.

Immediate provision should be made for the development of the carrying trade of the United States. Our foreign commerce has in the past been subject to many unnecessary and vexatious obstacles in the way of legislation of Republican congresses. Until the recent Democratic tariff legislation, it was hampered by unreasonable burdens of taxation.

We heartily indorse the purposes and policy of the pending shipping bill and favor all such additional measures of constructive or remedial legislation as may be necessary to restore our flag to the seas.

#### AMERICANISM.

The part that the United States will play in the new day of international relationships which is now upon us will depend upon our preparation and our character. The Democratic party therefore recognizes the assertion and triumphant demonstration of the indivisibility and coherent strength of the nation as the supreme issue of this day in which the whole world faces the crisis of manifold change. It summons all men, of whatever origin or creed, who would count themselves Americans, to join in making clear to all the world the unity and consequent power of America.

This is an issue of patriotism. To taint it with partisanship would be to defile it. In this day of test America must show itself not a nation of partisans, but a nation of patriots. There is gathered here in America the best of the blood, the industry and the genius of the whole world, the elements of a great life and a magnificent society, to be melted into a mighty and splendid nation.

#### Plea for Unity.

Whoever, actuated by the purpose to promote the interest of a foreign power, in disregard to our own country's welfare or to injure this government in its foreign relations or cripple or destroy its industries at home, and whoever, by arousing prejudices of a racial, religious or other nature, creates discord and strife among our people so as to obstruct the wholesome process of unification, is faithless to the trust which the privileges of citizenship repose in him and disloyal to the country.

We, therefore, condemn as subversive of this nation's unity and integrity, and as destructive of its welfare, the activities and designs of every group or organization, political or otherwise, that has for its object the advancement of a foreign power, whether such object is promoted by intimidating the government, a political party, or representatives of the people, or which is calculated and tends to divide our people into antagonistic groups and thus to destroy that complete agreement and solidarity of the people.

#### Bans Alien Alliances.

We condemn all alliances and combinations of individuals in this country of whatever nationality or descent, who agree and conspire together for the purpose of embarrassing or weakening our government or of improperly influencing or coercing our public representatives in dealing or negotiating with any foreign power. We charge that such conspiracies among a limited number exist and have been instigated for the purpose of advancing the interests of foreign countries to the prejudice and detriment of our own country. We condemn any political party which, in view of the activity of such conspirators, surrenders its integrity or modifies its policy.

#### PREPAREDNESS.

Along with the proof of our character as a nation must go the proof of our power to play the part that legitimately belongs to us. The people of the United States love peace. They respect the rights and covet the friendship of all other nations. They desire neither any additional territory nor any advantage which cannot be peacefully gained by their skill, their industry or their enterprise; but they insist upon having absolute freedom of national life and policy, and feel that they owe it to themselves and to the role of spirited independence which it is their sole ambition to play that they should render themselves secure against the hazard of interference from any quarter, and should be able to protect their rights upon the seas or in any part of the world.

We therefore favor the maintenance of an army fully adequate to the requirements of order, safety and of the protection of the nation's rights, the fullest development of modern methods of sea and coast defense, and the maintenance of an adequate reserve of citizens trained to arms and prepared to safeguard the people and territory of the United States against any danger of hostile action which may unexpectedly arise; and a fixed policy for the continuous development of a navy worthy to support the great naval traditions of the United States and fully equal to the international tasks which the United States hopes and expects to take a part in performing.

#### SAFETY OF SEA.

The Democratic administration has throughout the present war scrupulously and successfully held to the peaceful paths of neutrality and of the peaceful pursuit of the legitimate objects of our national life which statesmen of all parties and creeds have prescribed for themselves in America since the beginning of our history. But the circumstances of the last two years have revealed necessities of international action which no former generation could have foreseen.

We believe that every people has the right to choose the sovereignty under which it shall live; that the small states of the world have a right to enjoy from other nations the same respect for their sovereignty and for their territorial integrity that great and powerful nations expect and insist upon; and that the world has a right to be free from every disturbance of its peace that has its origin in aggression or disregard of the rights of peoples and nations; and we believe that the time has come when it is the duty of the United States to join with

the other nations of the world in any feasible association that will effectively serve these principles, to maintain inviolate the complete security of the highway of the seas for the common and unimpeded use of all nations.

#### PAN-AMERICA.

We favor the establishment and maintenance of the closest relations of amity and mutual helpfulness between the United States and the other republics of the American continent for the support of peace and the promotion of a common progress.

The Monroe doctrine is asserted as a principle of Democratic faith.

#### MEXICO.

The want of a stable, responsible government in Mexico, capable of repressing and punishing marauders and bandit bands, who have not only taken the lives and seized and destroyed the property of American citizens in that country, but have insolently invaded our soil, made war upon and murdered our people thereon, has rendered it necessary temporarily to occupy, by our armed forces, a portion of the territory of that friendly state. Until the restoration of law and order therein, a repetition of such incursions is improbable the necessity for their remaining will continue.

Intervention, implying, as it does, military subjugation, is revolting to the people of the United States, notwithstanding the provocation to that course has been great, and should be resorted to, if at all, only as a last resort. The stubborn resistance of the president and his advisers to every demand and suggestion to enter upon it is creditable alike to them and to the people in whose name he speaks.

#### THE FARMER.

We favor the vigorous prosecution of investigations and plans to render agriculture more profitable and country life more healthful, comfortable and attractive, and we believe that this should be a dominant aim of the nation as well as of the states.

In the federal reserve act of the last congress and the rural credits act of the present congress, the machinery has been created which will make credit available to the farmer constantly and readily, and he has at last been put upon a footing of equality with the merchant and the manufacturer in securing the capital necessary to carry on his enterprises.

We favor continued liberal provision not only for the benefit of production, but also for the study and solution of problems of farm marketing and finance, and for the extension of existing agencies for improving country life.

#### GOOD ROADS.

The happiness, comfort and prosperity of rural life, and the development of the city, are alike conserved by the construction of public highways. We, therefore, favor national aid in the construction of postroads and roads for military purposes.

#### EMPLOYMENT.

We hold that the life, health and strength of the men, women and children of the nation are its greatest asset, and that in the conservation of these the federal government, wherever it acts as the employer of labor, should both on its own account and

as an example, put into effect the following principles of just employment:

A living wage for all employees.  
A working day not to exceed eight hours, one day of rest in seven.  
Adequate compensation for industrial accidents.

The standards of the "uniform child-labor law" wherever minors are employed.

An equitable retirement law providing for the retirement of superannuated and disabled employees of the civil service, to the end that a higher standard of efficiency may be maintained.

#### LABOR.

We declare our faith in the seamen's act, passed by the Democratic congress, and we promise our earnest continuance of its enforcement.

We favor the speedy enactment of an effective federal child labor law and the regulation of the shipment of prison-made goods in interstate commerce.

We heartily commend our newly-established department of labor for its excellent record in settling industrial strikes by personal advice and through conciliating agents.

#### PUBLIC HEALTH.

We favor the thorough reconsideration of the means and methods by which the federal government handles questions of public health, to the end that human life may be conserved by the elimination of loathsome disease, the improvement of sanitation and the diffusion of a knowledge of disease prevention.

We favor establishment by the federal government of tuberculosis sanatoriums for needy tubercular patients.

#### BUDGET SYSTEM.

We demand careful economy in all expenditures for the support of the government, and to that end favor a return by the house of representatives to its former practice of initiating and preparing all appropriation bills through a single committee chosen from its membership. We favor this as a practicable step toward a budget system.

#### PHILIPPINES.

We heartily indorse the provisions of the bill, recently passed by the house of representatives, further promoting self-government in the Philippine Islands, and we reiterate our indorsement of the purpose of ultimate independence for the Philippine Islands, expressed in the preamble of that measure.

#### SUFFRAGE.

We recommend the extension of franchise to the women of the country by the states upon the same terms as to men.

We are all Americans no matter whence we come. We love our country because it makes us free. The humblest may become the greatest, the weakest may become the strongest, the poorest may become the richest; here no taint of blood, no law of royalty, the freedom is as much the right of the one who comes here as the one who is born here. We are glad of it and happy to offer this opportunity and this happiness to all. We only ask in return loyalty to the flag, valor in its defence and love of our free institutions. We do not care what songs of the old home land you may sing or what memories of the country from which you came you may cherish. All we ask is that the song you shall hold dearest to your heart is the Star Spangled Banner—(Senator Ollie James' speech in taking the gavel as permanent chairman of the Democratic National Convention).

## Dunn Springs Big Day.

The Home-Coming and W. O. W. unveiling day was a great day, for the people who attended. The 19th was a beautiful day and possibly 800 people were present to hear the interesting program.

Rev. Ross Glass opened the service by reading from the 16th chapter of Math. then made an interesting talk.

The Home-Coming address by Prof. Hollis C. Franklin was a heart to heart talk, and we had a great vision of the great home-coming that will take place when the redeemed of the earth will be gathered home.

The solo, by Herschel Franklin was one of the enjoyable events of forenoon service.

The sermon by the pastor, Bro. R. Robinson and the collection for missions was very good.

The Quartette—Miss E. A. Clark, Veda Paris Hollis and Herschel Franklin was well done and greatly appreciated. Rev. R. A. Barnes our missionary preached a great mission sermon. Bro. Barnes is a great teacher. The dinner was abundant and appreciated.

The W. O. W. unveiling ceremony was very impressive. Sov. J. W. Wilson, C. C. and these who helped him did the work well.

Miss Melver Robinson's address "Maternity Woodcraft" was appreciated by the camp. Judge Rochester's speech was inspiring. The church and Rosewood camp No. 22 thank all who helped in the work to make all day the day. May God's richest blessings rest on you all until we meet again.

## Woman Producing Director

Photo by Moffett, Chicago.

KATHARINE S. BROWN.

KATHARINE S. BROWN, who organized and staged the Parish Players, who are to appear here Chautauqua week, is perhaps the only woman producing director in the United States.

An editorial note in the Green Book Magazine terms Miss Brown "an unquestioned authority," while the Chicago Examiner hailed her engagement at the Garrick Theater, Chicago, by the Western Theatrical Productions Company as "the first engagement in this country of a woman producing director."

The Chicago American said: "The dramatic world turned to Chicago today to study the work and already predicted success of Katharine Brown, student, artist and actress, who has assumed the role of stage director—the only woman stage director in America. Close study of the art, philosophy and history of the drama and excellent experience in active stage work have placed Miss Brown in her present position. . . . Nervous, rapid, grasping an ensemble where another would become confused over details, Miss Brown in every move gives indication of dramatic temperament."

Writing of some of Miss Brown's Shakespearean productions, the dramatic editor in a Sunday feature page of the Columbus (O.) Dispatch said, "By her unusual success as a producer of plays she has already made a place for herself that is an enviable one to those who cannot emulate her in energy, ability and thorough understanding of the requirements of the stage."

heart of Uncle Sam that the aforesaid Uncle Sam laid violent hands on him in Grand Junction, Colo., and forced him into the P. M. chair and shoves into his pocket \$3100 per annum in monthly allowances, this man, a lies and gentlemen of Marion, Crittenden County, Ky., is here, Mr. Walker, Crittenden County, Crittenden County, Mr. Walker. Mr. Walker please bow.

Bob Walker is with us again and he is just plain "Bob." He looks so natural and touchable so to speak, that the writer being a little short of change, and viewing the figures \$3100 per, with a good deal of interest has had hard work to restrain himself from trying to negotiate a touch for about ten. Really tho on second thought a \$10. touch on that salary would be rather small.

Bob Walker sneaked into Marion like a thief in the night. The Press believes that Mr. Walker had his eye on the large bank deposits in this county, now nearly half a million, for he brought with him a very prominent Attorney of Grand Junction, Mr. Hick Walker.

The Press desires to rise up at this juncture and do honor to Mr. Walker. We believe that no man that lived in this town left behind him a better name. That no man that ever lived in the town did more for its uplift, or left a better impress on the community or did his share with more willingness than did Bob Walker. Be it church or school betterment or county uplift he led the way.

So Crittenden County and Marion and this paper are saying: "Hello, Bob, how's the folks, why didn't you bring Miss Mattie with you?"

## Our Clothes stand Comparison-- Make Them For Yourself!

Before a business man gives out a contract, he gets estimates, and compares qualities and prices.

He doesn't give the job haphazard, to the first one who asks for it. He wants to be sure that he will get the most and best for his money. Only after he has seen and compared, does he place his contract.

We buy clothing--and everything else--that way. Why don't you?

If you could see the comparisons we have made with various makes of clothing--and the results--you would open your eyes in astonishment.

You would wonder how any man could buy clothing elsewhere, after seeing the values we offer, and the demonstrated superiority of the clothes we sell.

If every man knew what he could save by buying here, very few men would buy elsewhere. And the way to know is to make comparison. We welcome them--invite you to make them. Naturally we wouldn't ask you to compare our goods with others unless we knew how they stood.

We have the VERY BEST values in Men's and Young Men's clothing. Come and see for yourself!

## KILLDEER

(Oxyechus vociferus)

Length, ten inches. Distinguished by its piercing and oft-repeated cry--killdeer.

Range: Breeds throughout the United States and most of Canada; winters from central United States to South America.

Habits and economic status: The killdeer is one of the best known of the shorebird family. It often visits the farmyard and commonly nests in pastures or cornfields. It is rather suspicious, however, and on being approached takes flight with loud cries. It is noisy and restless, but fortunately, by most of its activities result in benefit to man. The food is of the same general nature as that of the upland plover, but is more varied. The killdeer feeds upon beetles, grasshoppers, caterpillars, ants, bugs, cicadas, flies, dragonflies, centipedes, spiders, ticks, oyster worms, earthworms, snails, crabs and other crustacea. Among the beetles consumed are such pests as the alfalfa weevil, cotton boll weevil, clover root weevil, alfalfa weevil, pine weevil, billbugs, wireworms, and leaf beetles. The bird also devours other insects, cotton caterpillars, horse flies, mosquitoes, cattle ticks, and snakes. One stomach contained hundreds of larvae of the salt marsh mosquito, one of the most troublesome pests of the

The killdeer preys extensively upon insects that are annoying to man and injurious to his stock and crops, and this should be enough to restore it from the list of game birds and insure its protection.

## Widely Known Naturalist to Be Here Chautauqua Week

**EARNEST HAROLD BAYNES** is one of America's well known naturalists--a naturalist who has the hearty indorsement of Theodore Roosevelt and John Burroughs. Mr. Baynes' books are widely read. His latest, "Wild Bird Guests," is just off the press. Country Life in America last year used a picture of Mr. Baynes with one of his Great Danes for its cover page. When Mr. Roosevelt was president he commissioned him to formulate plans for the national conservation of the bison.

At Meriden, N. H., Mr. Baynes started the first bird sanctuary in this country, a movement which will spread throughout the nation. He calls attention to how the ruthless killing of birds costs us millions of dollars, each year in the loss of fruit and crops.

The Redpath Chautauquans call the 28th day of the Chautauqua this year "bird day" in recognition of the movement Mr. Baynes has started.

## MORE RHEUMATISM THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend Rheumatism is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks. If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma, it's harmless, yet powerful; cheap, yet sure, and a 50-cent bottle will last a long time. Ask J. H. Orme or any druggist.

## Oiled Streets Killing Off English Sparrows.

Lexington, Ky., June 20—Maj. James Burnside, a naturalist of Central Kentucky, who is a close observer of animal, vegetable and mineral life, claims that oiling the streets of many Kentucky towns has had a tendency to diminish the crop of English sparrows. He states that the

sparrows get oil on their feet and then on their eggs, which prevents them from hatching.

He has also observed that many sparrows leave town for the country as soon as the oil is spread in order to get their dust baths. For this reason he says that oiling the streets of the towns is a great health promoter as it not only gets rid of the dust and fly nuisance, but the English sparrows as well.

## DECREE OF THE POPE PUTS BAN ON DANCING

"Perils And Losses Caused By Growing Custom" Is The Reason Given

New York, June 8.—Pope Benedict has caused the issuance of an edict forbidding any society under parochial jurisdiction from giving any entertainment where there is dancing. The congregations of the Roman Catholic parishes of this city were surprised by this action, and the leaders who have used the annual balls as a chief means of raising society funds were confronted with a problem of finding a substitute entertainment.

The papal decree is said to apply only to the United States and Canada.

"The last century in the United States the custom sprang up of gathering Catholic families to balls, which used to be protracted to a late hour at night by entertainments and other forms of amusements" begins the decree. It continues:

"The reason and cause given for this was that Catholics might get to know each other better and become more intimately united in the bonds of love and charity. Those who were used to preside over the gatherings were generally the heads of some pious work, but rarely the rectors or the parish priests of churches.

"But the ordinaries of the place, although they entertained no doubt of the upright purposes of those who prompted these dances, still, looking at the perils and losses caused by the growning custom, considered it their duty to forbid them.

## Town Built On Potash Is Growing Very Fast.

Hoffland, Neb., from a little railroad siding a year ago, with two or three cars standing on the track, has grown until it has been placed on the railroad map as a full fledged town, shipping out 30 cars a day. Hoffland promises to grow still more.

It is all on account of potash and its by-products. The fields at Hoffland are the only ones in the United States where the almost pure article is found. In Utah and Southern California, where the mineral is taken from kelp beds, the cost of reducing the pure potash from the vegetable matter makes the marketable product expensive.

Here is found an almost pure article that necessitates nothing but pumping, boiling and drying when it is ready for the refinery where it brings the heretofore unknown price of \$500 a ton. A Chicago packing company has contracted for the town's entire output for five years.—Omaha World-Herald.

## Russian Gypsies Offer \$7,500 To Escape Bath.

What is probably the record price to escape a bath was offered recently to the Cuban Government by 75 Russian gypsies who went to Miss Mary Gilmore and Miss Marie S. Oerther, of this city, who arrived here yesterday aboard the steamship Tenadores, of the United Fruit line.

"Each one offered the immigration authorities of Cuba \$100 said Miss Gilmore," who is a member of Miss Maude Adams' Company. "Just think of it \$100 apiece, a total of \$7,500 rather than take a bath! The authorities insisted upon their bathing and refused to allow any of the band to land unless they did.

"The gypsies protested that they had not taken a bath in five years and that they would suffer any indignity rather than submit to ablutions which they had escaped so long. The money, which was tendered to the chief of the Immigration Department in cold cash, was declined, and as the gypsies stood upon their inalienable rights to go unbathed they were deported aboard the Pastores to Colon."—New York Herald.

## Negro Sits Up In His Coffin; Mourners Flee.

Lynchburg, Va., June 10.—The negroes of Fampins got a distinct shock in a graveyard a few days ago, when they discovered that they were about to bury a live man. The negro, whose name is not known here, had a brother living in Bluefield and the burial was fixed to take place on the arrival of a train. When it reached the cemetery the brother asked for a last look at the body. When the coffin was opened the "dead" man sat up. There was a wild scramble. The negro had received a severe blow on his head and was in a state of coma for several days.

## Big Sun Spot May Make Storm.

An immense sun spot, the largest on record for six years and capable of producing meteorological disturbances of tremendous consequence on the earth, is rapidly spreading over the face of the sun. Prof. Pettit, the astronomer at Washburn college Topeka, has been watching it. When last observed the spot covered an area of 100,000 miles long and 20,000 miles wide, about three times the size of the earth and was growing at the rate of 3000 miles an hour. If the spot reaches sufficient dimensions, and indications are that it will, hurricanes, thunder storms and electrical phenomena of various natures will probably result on the earth. In extreme cases, telegraph operators have been struck down at their keys so powerfully were the lines charged with electricity.

## OLD FOLKS FIND A CHERRY FRIEND

A Boon To Those Who Have Started Down The Hill of Life.

So many of us have been seeking some really efficient remedy to give to our old folks who are treading in the shadow of life. That remedy must contain the proper tonic qualities to revitalize sluggish organs and the blood.

That something has been found. It is Tanlac.

It is cowardly to let debility sap away the life and comforts when it can be stayed. A condition of debility never wears itself out. Instead, it gradually grows more pronounced unless proper measures to check it are taken. It gathers force and nourishes itself upon the tissues of the body. To build up those tissues is to fight debility.

Characteristic conditions of debility both old and young are nervousness, headaches, backaches, depression of spirits, loss of appetite, sleeplessness and a general good-for-nothing feeling that comes from lack of energy.

Tanlac is designed to combat these conditions in many ways. It is a splendid tonic and tissue builder with just the right amount of proteids. It quiets nerves and brings back restful sleep, which is Nature's first aid to the debilitated. It corrects stomach troubles—and there, in nine cases out of ten, you have the seat of a nervous, debilitating ailment.

With the body recharged with vigor, that detested, despondent feeling passes away so quickly you are astonished and might regretful that you didn't start out to fight it long before.

Tanlac may now be obtained in Marion, Ky., at J. H. Orme's Drug Store where its popularity is being better shown every day.

## Illinoisian Says World's Only Two Orators Are Hon. Ollie M. James.

Continued From Page 1.

reporter, paid a visit to Senator James to-night at the Missouri Athletic Club, where the Kentuckian is staying, and complimented him highly on his speech. "You're a real patriot. Your speech was admirable," was reported to be the comment made by the Nebraskan.

ARCHISHOP JOHN JOSEPH GLENNON, of St. Louis, one of the most prominent members of the Roman Catholic church hierarchy of the United States, "hung on" to every word delivered in the address made by Senator James. He was first to shake the Kentuckian's hand and congratulate him heartily on his speech. It was Archbishop Glennon that delivered the invocation at the first session held in the Coliseum to-day.

It comes to a pretty pass

when the permanent chairman of a great National Convention is barred from its quadrennial meeting place. But such a thing happened in St. Louis when Senator James arrived at the Coliseum for the night session. One of the ivory-headed policemen on duty at one of the private entrances blocked the way as the Kentuckian stepped to the door.

"Yez can't get in here," said the flannel-tongued guard as he started to slam the door in the face of the permanent chairman.

"You're mistaken," said Senator James, as he bowled over the policeman.

This is only one instance of the inefficiency and discourtesy of the police stationed at the Coliseum to-night. Delegates and newspaper men were detained for many minutes because of the lack of proper management at the several entrances to the crowded convention hall. Conditions grew worse as the night wore on and it remained for Senator James to strike a responsive chord when he summoned the sergeant-at-arms to the rostrum and said: "I direct you to see that National Committeemen, delegates and newspapermen are permitted to enter this hall. They have business here."

## DEMOCRATIC CONVENTION SIDELIGHTS

One of the most interesting features of the recent Democratic convention at St. Louis is the fact that it took lovely woman to force the only roll call demanded on the national platform, as well as to inspire the only real excitement that marked the convention.

"Votes for Women" was the issue that stirred up things. The Mexican plank, nailed in at the last minute by the platform builders, did not create a ripple. "Americanism" and "preparedness" received polite ovations but it remained for the women suffrage plank to start a real fracas.

Headed by Gov. Ferguson of Texas, the anti-suffragists endeavored to wrench the suffrage plank from the platform. But President Wilson's feelings on the subject, as presented to the convention by Senator Walsh of Montana, were not to be ignored. And so, after a three-hour battle in which the term "political expediency" was used with telling effect, the anti-suffragists were routed by a vote of 888 1/2 to 181 1/2.

The vote, however, does not tell the real story of the battle, which was one of the most vigorous and picturesque ever staged at a national Democratic convention. Fifteen women delegates fought from the floor on the side of the pro-suffragists, while hundreds of their sisters waved yellow pennants and cheered them on from the balconies. A thunderstorm that almost drowned out the voices of the delegates as they answered the roll call brought both the suffrage battle and the convention to a most melodramatic finish.

### THE SUFFRAGE PLANK.

"We recommend the extension of franchise to the women of the country by the states upon the same terms as to men."

It was the above little plank that inspired Gov. Ferguson of Texas to mount the platform in the Coliseum and read a minority report withholding the party support from the ladies who want the vote. That the Democratic party should scorn the political exigencies of the situation and defy the 12 western states in which women vote was the burden of his argument. Sharing the same opinion with him were C. L. Bartlett of Georgia, Stephen B. Fleming of Indiana and "Jim" Nugent of New Jersey, the old-time enemy of President Wilson. The trio signed the minority report with the Texan.

Lined up against Gov. Ferguson, who acted as spokesman for the minority, were Senator Stone of Missouri, Senator Pittman of Nevada and Senator Walsh of Montana.

Senator Walsh did not mince matters in his argument for the adoption of the suffrage plank. He stated plainly the adoption of the plank was necessary as a matter of political expediency, adding that the present political situation in this country was a condition and not a theory.

"The states in which women vote control 91 votes in the electoral college," he said, adding significantly, "every political party has declared for woman suffrage in some way or other. It becomes a simple question whether you will incur the enmity of these women."

"Now, my friends," he continued, "as late as 1907 there were but two states west of the Missouri river that returned Democratic senators and now we have 15 of them. The question is, are you ready to surrender the 15 votes you have in the United States senate and turn them over to your political enemies?"

In conclusion, Senator Walsh said that he revealed no secret when he said President Wilson knew all about the suffrage plank.

"The president believes it vital to his success that it stay in the platform," he said. "I ask you in all the fervor of my soul, who is there wiser or more patriotic than he?"

Following Senator Walsh's speech, Gov. Ferguson was allowed five minutes for rebuttal. The vote was then taken and his minority report voted down, after which the original suffrage plank, as approved by the resolutions committee was unanimously adopted.

### The Women Delegates.

The presence of the 15 women delegates at the Democratic convention not only added color to the affair, but changed the views of a number of the men delegates on the subject of political activity for women. For the women delegates were a fine, whole-some-looking lot and they fought just as enthusiastically for the best interests of the party as the men.

Three of them, Miss Mary E. F. of California, Mrs. T. S. Talliafer of Wyoming, and Mrs. W. A. Hart of Kansas, spoke before the resolutions committee in favor of the suffrage plank which the National American Woman Suffrage Association presented to the convention.

One of the other delegates, Mrs. Teresa E. Graham, of Idaho, was nominated by the National Democratic committee to be one of the committee that will notify Vice-President Marshall of his nomination.

reporter, paid a visit to Senator James to-night at the Missouri Athletic Club, where the Kentuckian is staying, and complimented him highly on his speech. "You're a real patriot. Your speech was admirable," was reported to be the comment made by the Nebraskan.

ARCHBISHOP JOHN JOSEPH GLENNON, of St. Louis, one of the most prominent members of the Roman Catholic church hierarchy of the United States, "hung on" to every word delivered in the address made by Senator James. He was first to shake the Kentuckian's hand and congratulate him heartily on his speech. It was Archbishop Glennon that delivered the invocation at the first session held in the Coliseum to-day.

It comes to a pretty pass

when the permanent chairman of a great National Convention is barred from its quadrennial meeting place. But such a thing happened in St. Louis when Senator James arrived at the Coliseum for the night session. One of the ivory-headed policemen on duty at one of the private entrances blocked the way as the Kentuckian stepped to the door.

"Yez can't get in here," said the flannel-tongued guard as he started to slam the door in the face of the permanent chairman.
