HEROINOMATE KILLS M.C. SUTHERLAND

Marion, Crittenden County, Kentucky, Thursday Morning, July 27, 1886.

The death of Marion C. Sutherland at his home in Marion, July 24th, has caused deep sorrow to many friends. He was one of the most prominent and respected citizens of this community. He was born in Virginia, early in history of the State, and was reared in the family of the late Dr. James Sutherland. He was educated in the public schools of Marion, and was graduated from the University of Kentucky. He was one of the first to take up the study of law in this State, and was admitted to the bar in 1840. He was one of the most active and influential citizens of Marion, and was a member of the State Legislature in 1866. He was a member of the Republican party, and was one of the leading men in the county. He was married to Miss Mary C. Sutherland, who survives him, and leaves three children, all of whom are living in Marion. The funeral will take place on Friday morning, July 26th, at the Methodist Church, and the service will be conducted by Rev. J. E. Jones, of Louisville. The body will be laid to rest in the Marion Cemetery.

UNIFORM PRICES SAVE MONEY FOR WOMEN WHEN MARKETING

By MRS. JULIET HEAL

Founder and National President of Women's Marketing

In order to have efficiency it is essential that the small store handle the best goods that are within the price limits of the neighborhood. A small store can never give a poor assortment of goods, but one that is constantly changing.

To obviate the mistake of buying goods over retail prices, we have the following plan:

1. A complete list of the goods in our store with the prices.
2. A complete list of the prices of all goods in the market.
3. A list of the best goods that can be had for the money.
4. A list of the best suppliers for the goods.

We make it our business to have the best goods in our store and to keep them up to date. We never sell goods that are out of date, but always have the latest styles in stock. We also keep a close watch on the prices of goods, and always try to offer the best price to our customers.

We have a large stock of goods, and are always ready to meet the demands of our customers. We also have a large selection of goods, and are always ready to meet the demands of our customers.

The best way to buy is to come to our store and see for yourself what we have to offer. We guarantee to have the best goods in stock, and to offer the best price to our customers.

We are always open for business, and are always ready to meet the demands of our customers. We also have a large selection of goods, and are always ready to meet the demands of our customers.

RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employees on all the railroads are voting whether or not their leaders will authorize them to go the length of calling a strike to force the employers to meet demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employees is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar you go to the employers.

On all of the southern railroads in 21 states, for the cost of the steel producing these new engines, labor and average of all the 166 railroad companies in the United States.

A 100 million dollar wage increase for men in freight service class, one-half of all employees is equal to a 5 per cent advance in your freight bills.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employees involved.

Shall a nation-wide strike or an investigation under the Government determine this issue?

Optical glasses

such as spectacles, contact lenses, or bifocals, are commonly prescribed to correct vision impairments. Pseudo nearsightedness, on the other hand, is an optical illusion and is not a true form of nearsightedness. It is often confused with true nearsightedness, leading to incorrect prescriptions and unnecessary corrective lenses. The following text explains the causes, symptoms, and treatment of pseudo nearsightedness: Pseudo nearsightedness occurs when the eye appears to be shorter than it actually is, creating a visual distortion. This illusion can be caused by various factors, including changes in the cornea's curvature, the lens's shape, or the position of the pupils. Symptoms of pseudo nearsightedness may include blurred vision, headaches, eyestrain, light sensitivity, and difficulty focusing on near objects. Treatment for pseudo nearsightedness typically involves optical correction with glasses or contact lenses. It is important to consult an eye care professional to identify the underlying cause and determine the most appropriate treatment plan. Failure to address pseudo nearsightedness may lead to permanent damage to the eye's natural focusing mechanisms, making it difficult to correct with traditional lenses. Buying Aeroplanes for Peace

The financial starting point has been reached by the Tyrolean Entente for an aeroplane fund to be used for the purchase of military aeroplanes for producing peace. This fund is now on its way to becoming a reality, and it is expected that the first aeroplanes will be purchased soon. The fund has been established to provide financial assistance for the purchase of aeroplanes, and it is hoped that this will help to bring about a more peaceful world. The fund is open to all interested parties, and anyone can contribute to it. The aim is to purchase aeroplanes that can be used for peaceful purposes, such as training or research. The fund is being managed by a committee of experts, and it is expected that the first aeroplanes will be delivered within a matter of months. The fund is expected to grow in size as more people become aware of its importance.

The American Flag

The American flag is a symbol of the country we are proud to call home. It represents our values, our ideals, and our heritage. As citizens of the United States, we are all part of the story of the American flag. It is a flag that has been through wars, struggles, and triumphs. It has been a source of inspiration and a representation of our nation's spirit. As we stand for the flag, we are reminded of the sacrifices of those who fought for our freedom, and we are inspired to continue to protect and defend our country. The flag is a symbol of unity, of hope, and of the American spirit. As we raise our flag, we are reminded of the values that we hold dear, and we are inspired to work together to build a better future for our nation.
