Miss Ethel Clement attended the Bowling Green University several months during the winter term of this year, and it was my pleasure to have her in some of my classes.

She was easily among the most popular of several students, both in the French and English classes. Therefore, I am somewhat interested in the announcement that her name will be given in the regular college now. The announcement that her name will be given in the regular college now. A HUMAN MATCH FACTORY.

In the course of a recent visit to the city, a Mr. and Mrs. H. H. Whipple, of the city, visited the President's hospital, New York City, and the veteran of the Civil War will be getting along rapidly.

Back from Hunt.

It is a truism, a popular saying, that the Bills, Framson, and the entire town of Kingman, are the best paid and the best fed of any town in hatchet. The President of this country, who is a past master of the bills, has been heard to say on many occasions that the people of this country are the best fed and the best paid of any in the world.

Fair Warning.

MIDWAY

With the approach of the cooler weather, many families are re
turning to their homes and preparing for the winter. Many are looking forward to the fall
harvest, and are busy with their chores, gathering the
fallen leaves, and preparing for the winter. The weather has been very pleasant, and the
people are in high spirits. The fall colors are beautiful, and the landscape is very
picturesque. Many families are planning trips to the mountains, and are looking forward to
the fresh air and the beautiful scenery.

The world's record—twenty-four thousand miles without stopping the motor—is hold by a Maxwell straight-tubing car.

NO other car at any price ever approached the record-reducing record of endurance. In addition to this proven strength, remember that the Maxwell averages between 25 and 30 miles per gallon of gasoline.

Moreover, the Maxwell is complete. It has electric starter and lights; demountable rings; one-man mohair top; speedometer; roomy, comfortable seats and an attractive appearance.

Are you particular about details? Do you demand evidences of value? If so, you will investigate the Maxwell, the features, record and reputation of which proclaim it the world's greatest motor car value.
