TRAGIC DEATH OF YOUNG MAN

Walter Adams, Age Twenty-three, Killed in Accident in Atlanta, Ga.

Martin was seriously injured Monday when a telegram was received at Judge Adams' home in Atlanta, Ga. It was the last of a series of telegrams that Walter, a stockbroker in New York, had sent home, expressing concern about his father's health. The telegram stated that Walter was in serious condition and that the family should be ready to receive him at any time.

Senator J. C. W. Beckham, former governor of Texas, was found dead in his hotel room on Saturday morning. He had been in poor health for some time and had been hospitalised for several days. The cause of death was determined to be heart failure.

Prince Albert gives smokers such delight, because—
its flavor is so different and so delightfully pungent.

It never tars your lungs;
It can't perch your throat;
It's as long as and hard as you like without any harshness and without real harmousness!

A great Prince Albert package you will need.

The most distinguished of tobacco en-owners, Prince Albert has long been the smoking companion of American connoisseurs. We prefer to give quality.

Crittenden Co., School Fair, Here Saturday, Oct. 28th

DEAR FRIEND:

The local County Retail Fair will be held at Marion, on Saturday, October 28th. Our Fair, last year, was a success beyond the expectation of everyone concerned, in more ways than one. This year, I find better work in the Division Fairs on almost every line of the program, more enthusiasm and better attendance. I believe the County Fair has its place as a promoter of interest and enthusiasm in the work of the County, as much as the Agriculture and Book Fair has in the forming interest of the country. The children in one end of the county will see that there is the other end of things as well, and, besides, they will be encouraged to do better work by having successfully competed with those from another part of the county. Give them a chance and encourage them to prepare some articles of the big bargains for the program exhibition. If you cannot prepare a general exhibit and bring your whole school with you, as many as you can get to. We are going to try to make the entertainment better, and place more complete than we had last year if you do your part we shall make this one of the best days for the school children of the county ever had. Below is program and next week will appear a list of the premiums offered.

Yours Very Truly,

E. J. Travis, Sup't.

**Maxwell Service**

Don't buy any car before finding out what service you can get when you need it. When you do need a replacement part, you need it immediately—not tomorrow or a few days after you buy the car. You don't get any service after the sale.

Remember this—Maxwell dealers and branches carry stock in a full supply of Maxwell parts. If you have a minor repair and require a new part, the Maxwell dealer can fix you up without delay.

This is important. Ask any experienced motorist—Maxwell service is a vital part of the Maxwell Organization.

What would you give for the coffee you serve?

Like a million other women, you would give most anything for the perfect cup of coffee. You would give a great deal for the coffee that is:
- Rich and strong
- Smooth, mild
- Clean and crisp

Could you be happy with anything less? Your customers deserve the best. They demand the best. They expect the best.

Once a woman says: "My coffee is not rich enough. I must have a stronger blend." We give her the coffee to suit her taste.

Once a woman says: "My coffee is not smooth enough. I must have a milder blend." We give her the coffee to suit her taste.

Once a woman says: "My coffee is not clean enough. I must have a cleaner blend." We give her the coffee to suit her taste.

Until you try Arcadian Coffee...

Our coffee is grown only in Africa, where the rains are constant, the soil is rich, and the coffee trees are planted in perfect rows. The coffee beans are picked by hand and the finest are selected. They are then roasted to perfection and ground to order. This results in a coffee that is both rich and strong, smooth and mild, clean and crisp.

Order Arcadian Coffee today and see for yourself how much better it is than any other coffee you have ever tasted. You will be surprised at how happy your customers will be.
