### JOEL DEBOE A FARMER AGAIN

Former Columbus Banker And Merchant Prince is Now Near to Nature Again.

A letter received from J. P. Deboe this week reads as follows: Nov. 21, 1916. Mr. S. M. Jenkins, Marion, Ky. Dear Sir and friend: Please change my Record-Press from Columbus, Ky., to J. P. Deboe, R. F. D. No. 4, Clinton, Ky. I have moved to a fine farm two miles south of Clinton, Ky., that I traded my stock of goods for, and am now well located and well pleased. Yours truly, J. P. Deboe.

### German Band Played In Face Of Grim Death.

Chicago, Nov. — Strains of God Save the King, played by a German band in a German saloon, gave pleasure to Sandy McTavish a Scotchman from Canada, if to no one else in the crowd. He hired the band in revenge for having previously been ejected from the saloon. When McTavish first dropped the saloon, which is on South Clark street, some Germans were toasting Captain Hans Rose of the U-53. The Scotchman refused to drink the toast. My name is McTavish, Sandy McTavish, Wee Sandy, they call me, and I'll give ye a toast, he shouted. Here's to King George. It took five Germans and the porter to put Sandy out. Two hours later he was back with the little German street band, and led it into the saloon. The musicians played the British national aid four times before the Germans recognized it.

### George Howell Rejoices Over Old Missouri.

Sikeston, Mo., Nov. 22nd, 1916. The Crittenden Record-Press: You will here find enclosed check for one dollar, (\$1.00), for subscription to the press. Well Marshall the election made me feel so good just had to subscribe for your paper again ha ha. We all enjoy reading it so much we wait impatiently each week to get it. Old Missouri sure went democratic from governor down, and you know that makes it good. Accept our best wishes from the whole family. Am as ever Yours respectfully, G. W. Howell.

### WESTON SCENE OF ENJOYABLE TIME

Big Pie Supper, Home Talent Play And Other Affairs Afford the Amusement for Big Crowd

One of the most enjoyable school affairs of the season was a pie supper at Weston school Friday night, Nov. 24th. A cake was sold for the prettiest girl. The candidates were Miss Mary Ainsworth, a very pretty and charming young lady from Hebron, Miss Ruby Sturgeon, one of Weston's most beautiful girls, and Miss Mae McDowell, one of Cave-in-Rock's favorite girls. The votes cast for Miss Ainsworth were 460, for Miss Sturgeon 365, and for Miss McDowell 6. There were fourteen pies sold which brought \$15.50.

The play entitled "Mrs. Briggs of the Poultry Yard," given by the older pupils created much laughter and amusement among the company. Miss Ruby Hughes as Mrs. Briggs, a very poor widow; Charley Hughes, James Riley as Ralph and Jimmy Briggs her sons; Misses Beulah Walker and Mabel Gahagen as Melissa and Alvera Briggs, her daughters; Pink Rankin as Silas Green, a near relative; Miss Winnie Walker, Mandy Bates her cooks; Charley Collins as Mr. Lee a very wealthy gentleman; Miss Ruby Gahagen, Virginia Lee his daughter; Miss Lillian Bennett, Daisy Thomson her friend; Mrs. O'Connor, an Irish woman who has no liking for goats, Miss Ruby Sturgeon.

The play was directed by the teacher, Miss Juliet Pope, and was said to be one of the best plays Weston school has ever had as yet.

Hurrah for Weston, she is climbing higher every year. We are all proud of our school boys and girls and also our teacher. — One Who Was Present.

### Venner Tells I. C. Officials How To Stop Grade Crossing Accidents

Hodgenville, Ky., Oct. 6, '16 Mr. T. J. Foley, G. M., I. C. R. R., Chicago, Dear Sir:

Your posters relative to those who drive autos, received and noted. I have an idea which I believe would solve the problem. Put up light wooden gates at all the crossings these gates must be automatic, that is, must close themselves, must have lights on gates at night. The auto driver must then stop to open the gate; he will certainly hear the train, if coming.

Yours very truly, W. L. Venner.

### Huge Thanksgiving Cake Enroute to White House.

San Antonio, Tex., Nov. 23. — A huge Thanksgiving cake, so large that it necessitated a wicker basket for a container, is enroute to President Wilson at Washington. It was baked by Mrs. Adelia Machat, a pastry artist of San Antonio. The cake is unique in that it contains no flour, but is composed of chocolate.

### Heavy Gale Forecast For The Great Lakes.

Duluth, Minn., Nov. 28. — The weather department Thursday hoisted hurricane signals for the first time in Duluth since the memorable lake storm in 1913, and vessel masters are warned to stay in port until the blow is over. The warning is for a whole gale, which means a storm of extraordinary proportions is imminent. The United States weather observer said the storm was due to break any time and would cover the entire lake region.

### A Lot Of Women Elected In Kansas.

Topeka — One hundred and fifty-one women out of 255 women candidates for county offices in ninety-two of the 105 counties in Kansas at the recent election were elected, according to reports received in Topeka. Because both candidates for several offices were women, it was only possible that 205 could have been successful.

### When Woodrow Was A Boy He Sat In Two Chairs.

Two chairs that President Wilson sat in when a boy are in the possession of Gosset & Rollow, local furniture dealers. Mr. Gosset stated that he got the chairs from an old family servant of the Wilsons to whom they were given when Dr. J. R. Wilson, the president's father, gave up his residence in Clarksville. The woodwork of the chairs are of solid mahogany, and hand carved. — Clarksville Leaf-Chronicle.

### THE NEXT GOVERNOR OF ILLINOIS

Brief Sketch of the Life of the Coming Chief Executive of Our Neighboring State.

Frank O. Lowden was born in Sunrise City, Minn., in 1861. His father, who was from Pennsylvania, settled in Sunrise City in 1853 and was the village blacksmith. In 1868 he moved his family to a farm in Hardin county, Ia., then an unfenced prairie. Mr. Lowden attended the country school, and obtained a certificate to teach when 15. He prepared himself for college and in 1881 entered Iowa City University.

Because of lack of funds he was forced to leave college at the beginning of his junior year and went back to teaching. He kept up his college studies and re-entered the university as senior, and graduated with the highest honors of his class.

He went to Chicago in 1886 and began studying law. The same year he entered what is now the Northwestern University Law school, and graduated the following year, again valedictorian of his class and winner of the first prizes for oratory and scholarship. He completed the three-year course in one year.

Mr. Lowden was elected to congress in 1906 to fill the seat made vacant by the death of Robt. R. Hitt, and was twice re-elected.

About fifteen years ago he bought a large farm in Ogle county. He named it the Sinissippi farm, and it has become one of the famous dairy and stock farms of the state.

Mr. Lowden was married in 1896 to Miss Florence Pullman, daughter of George M. Pullman, the palace car man. They have four children — three daughters and a son. — Rosiclare Sentinel.

### Miss Christine Gholson's Husband to Locate in Evansville.

Montgomery Holeman, who for the past several years has been employed as bookkeeper at the Kentucky Bank & Trust Co., will leave December 15th for Evansville, where he goes to accept a position as assistant treasurer of the Mackey-Nesbit Co., one of the largest wholesale houses in Indiana. Mr. Holeman who is the son of Mr. and Mrs. H. H. Holeman, is one of the best known young business men of the city, popular with all who know him, and his numerous Madisonville friends, while regretting to see him leave, will wish him well in his new field. — Madisonville Hustler.

### Buffalo Penny Papers Double Their Prices.

Buffalo, N. Y., Nov. 28. — Five Buffalo newspapers to-day announced an advance in price from 1 cent to 2 cents a copy. The increased cost of white paper and other materials was given as the cause for the advance.

### MOST VALUABLE BIRDS ARE OF

Law Should be Enacted The Wholesale Slaughter of These Useful Birds

The chinch-bug costs wheat growers \$100,000,000 annually; the Hessian fly \$200,000. Potato growers spend \$100,000 a year for poison sprays to kill the potato bug. A quail killed in Ohio had in its stomach 1200 chinch bugs; another, killed in its stomach 2000 Hessian flies. A representative of Massachusetts State Agricultural College estimates that a quail destroys annually 75,000 potato bugs and 6,000,000 weed seeds. Still States sell the gunner for a few shillings a licence to shoot quail. A private individual showing such fine business skill would soon be bankrupt.

### Man Dies In Doctors Office When Told Amount Of

Milwaukee, Wis., Nov. 28. — Alexander Cochrane, well known retired business man, who walked into the office of Dr. J. Purcell and inquired as to the amount of his bill. I'll write you a check for it, said Cochrane when told the amount. Before he could put pen on paper, he was dead. According to Dr. Purcell, Cochrane had been in seemingly good health. Apoplexy is given as the cause of death. Cochrane has been prominent in the business life of Milwaukee since 1877. He was 67 years old.

### Miss Isabel McChesney, an aged spinster of Shady Grove, aged 80, died Tuesday night. The deceased was a member of a prominent Caldwell county family. The remains were buried at Shady Grove Wednesday.

### Two Sows Bring \$600

John H. Williams, proprietor of the Ashbrook farm near Pembroke, recently sold two fine Duroc sows from his herd for \$600. One of the sows brought \$400 and the other \$200. These are unusually high prices for sows, and the \$400 deal sets a new high record for sows at the Ashbrook farm. Both sows were of the famous Imperator strain. — Pembroke Journal.

## CLAIMS AGED RULER

Life Of Tragedy And Sorrow Brought To End In Midst Of Europe's Great War.

London, Nov. 28.—Emperor Francis Joseph, of Austria, died tonight at 9 o'clock at Schoenbrunn Castle. He expired peacefully in harness, according to reports to the Central News. The Emperor rose at 10 o'clock on Tuesday and died in governmental business. He received his daughter, Archduchess Marie Valerie, at 10 o'clock, and two hours later he received an audience from Minister Burian. In the afternoon his condition grew worse and in the early evening his temperature arose and the physicians realized that death was approaching. He had ruled for sixty-eight years and was eighty-six years old.

## BRITISH HOSPITAL SHIP IS SUNK

The Britannic, Sunk With Loss Of Fifty Lives, Was Once Monster Liner.

London, Nov. 28.—The British hospital ship Britannic has been sunk, with the loss of about fifty lives, says a British official announcement today. The Britannic was sunk by a mine or a torpedo yesterday morning in the Aegean Sea, according to the official statement. There were 1,106 survivors, of whom about twenty-eight were injured.

Full particulars of the disaster is announced, will be published as soon as they are received. It was reported in a special dispatch from London on December 6 last that the 47,500 ton White Star liner Britannic, then recently completed, would be used as a hospital ship by the British government, making her the largest hospital ship in commission, with an equipment of 6,000 beds. Last June, however, it was reported from Liverpool that the Britannic had been returned to the White Star line for restoration into a passenger steamer.

## AGRICULTURAL NOTICE.

Directory of Kentucky Breeders of Pure Bred Live Stock.

The State Department of Agriculture is preparing a revised edition of a "Directory of Kentucky Breeders of Pure Bred Live Stock," and would appreciate anyone who desires his name to appear in same to write the Department direct.

This little booklet has proved a popular one and is mailed throughout Kentucky but to other States as many requests are continually coming to the Department for same. It has served to bring before the public where the best foundation stock can be found in this State, hence the great necessity of being accurate as possible in its compilation and it is the Department's desire to omit no name in this revised edition of any breeder of pure bred live stock in the State. If any breeder who has not already been in communication with the Department of Agriculture in regard to this will notify Mat C. Cohen, Commissioner of Agriculture, Frankfort, Ky., giving name, address and kind of pure bred stock he raises, his name will be included in this directory thus enabling the Department to make a complete and up-to-date revision of same.

## HIS FRIEND HURT; HE HELPED HIM

Injured Man Laughed When Simple Treatment Was Suggested, But He Thanked His Comrade Later.

Once upon a time word came to Henry A. Voehl, of Plainfield, N. J., that a close friend had been injured, and full of anxiety he visited the afflicted man, who was suffering from a sprained ankle. "It was so bad that the leg had turned black," said Mr. Voehl in relating the story. "I told him I would have him out in a week and he laughed at me. But I took him a bottle of Sloan's Liniment, that night he put some on and noticed the ankle felt better. I told him to use it every day, and in three days his ankle was practically well. In four days he was working. He gladly admits that Sloan's Liniment put him on his feet."

## WIFE GIVES BLOOD AS LOVE PORTION

Unable to Get Along With Husband For Years So She Adopted A Friend's Advice.

Batavist, N. Y., Nov.—The Batavia police were called upon to arrest the wife of Joseph Cultoro, of Watson street. Cultoro reported to the police that his wife had attempted to poison him, and gave the police a bottle containing what he said was wine and which he thought contained poison. In the bottle, besides the wine there was a peculiar sediment.

The man's wife, when taken to headquarters, said she had not been attempting to poison her husband, but that she had been unable to get along with him for several years.

She had been told by a friend that if she would put some of her own blood into something that her husband drank that it would act as a charm to win back his affections, so she cut a vein in her arm and put half a glass of blood into the wine.

## QUIET WEDDING

In New York Saturday of Miss Geneva Sandusky and Mr. Louis L. Dunham.

Kentuckians will be interested in the announcement of the coming marriage of Miss Geneva Sandusky, of Grayson Springs, to Mr. Louis L. Dunham, of New York. The marriage will take place in the apartments of Miss Sandusky at the Plaza, New York, at high noon on November 25th, after which the bride and groom will leave for their honeymoon in the South.

Miss Sandusky is the daughter of the late Capt. W. H. Sandusky who came to this State from Pennsylvania.

Her mother was Fenna Ann Logan and granddaughter of the famous Virginia beauty, Lucy Stewart Payne.

The groom was formerly from Wilmington, Del., where he was confidential adviser to Gen. T. Coleman du Pont. He went to New York when the new Equitable building was started, where he became its treasurer. He is a member of the Calumet, New York, Yacht, the Ardrey County and Wilmington clubs and also of the Pendergast Club of Louisville, and a brother to R. N. Dunham, president of the Hercules Powder Co.

Miss Sandusky has a host of friends in this State, where she has spent most of her life, and during the greater portion of last year she was a volunteer nurse in the Allies' armies in France and England.

They will visit Kentucky for several weeks after their honeymoon in the South, and later on return to their residence, which has been acquired from the C. O. Knox estate, at Eighty-third and Fifth avenue, New York.

Miss Sandusky is well known in Louisville, having spent two winters at the Weissinger Gaultier.—Courier-Journal.

Miss Sandusky who is a strikingly handsome young woman with a queenly carriage, is known here. She and her parents spent one summer at the Crittenden Springs Hotel, when the big hotel was erected, and she is remembered on account of her attractive personality and beautiful face.

## WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

## APPLY FOR STATE AID NEXT YEAR

Webster Fiscal Court To Continue Policy Of Reconstructing County Roads.

An appropriation for \$5,000 for state aid road work for 1917 was made by the fiscal court of Webster county at its meeting last Friday in a resolution assenting to the State Good Roads Commission to reimburse this sum, says the Dixon Journal.

A total of 54 miles of roads was designated to be reconstructed in Webster county as follows:

- Dixon to Union county line via Little Zion, 7 miles.
- Old state road from Warlick to Hopkins county line, 7 miles.
- Pocle to Petersburg, 4 miles.
- Jonestand to Henderson county line, 3 miles.
- Providence to Hopkins county line by way of Thos. Jackson's farm, 2 1/2 miles.
- Providence to Hopkins county line toward Dalton, 3 1/2 miles.
- Onton to Hopkins county line, 2 miles.
- Providence-Caseville road at point of intersection of Providence Clay road to Union county line, 7 miles.
- Clay through Lisman to Dixon Providence road at Slover church, 7 miles.
- Martin farm to Providence, 3 miles.

If the state agrees to work the 54 miles next year, the county will have reconstructed more than 160 miles of road in three years.

The court also took up the awarding of contracts of road work and rejected all bids in excess of \$10 per mile. Bids on between 40 and 50 miles were accepted. These bidders were: E. G. Thompson, Will Baker, Claude Riddle, Sam Cavanah, Dock Watson, George Trice, T. L. Denton, Lee Asher, Tray Gardiner and T. C. Grove. None were awarded more than five miles.

The court will continue to receive bids for the work and will award contracts for not more than five miles.—Enterprise.

## City Tax Payers Take Notice

To all persons who have not paid their City tax, I am compelled to collect all unpaid tax at once, and to save cost and trouble, see me and settle, or I will be forced to levy and sell, as the City must have the money, to meet the claims now due, therefore take notice and govern your selves accordingly.

## HEAPS ENCOMIUMS UPON PRESIDENT

Maximilian Harden Says Wilson Chosen For These Hours Of World Crisis.

Berlin, Nov. 28.—Maximilian Harden, writing in the Rekunft, eulogizes President Wilson as a man of high moral and spiritual rank, a man of whom we would be proud if we had him adding: Much that is foolish and unfortunately shallow has been said about Mr. Wilson, and his election is hailed as one no German may feel the

The editorial writer, who quotes liberally from President Wilson's books to show from them his high character and ideals, says regarding the President's efforts in the direction of peace.

This man so falsely regarded, so foolishly defamed, looms up as no other who is visible today. Harden urges the public to burn ninety-nine one-hundredths of the literature filled with rotten ignorance and defaming a clean, talented man who already is experienced in governing and striving with a strong heart and an earnest will for the maintenance of a worthy peace, and then says:

Not a word maker nor a threatener, he has been chosen by the people of the United States for these hours of crisis on earth.

I don't believe that the way to

turb him with earth. Let us love  
all that is bright and beautiful

Senator George E. Chamber-  
lain, of Oregon, will offer early  
in this session of Congress an  
amendment to the Constitution  
providing for direct election of  
the President. He pointed out

that although President Wilson  
had a plurality of some 400,000  
popular votes, a change of a few  
thousand in California might  
have defeated him.

**HOGS LIKE STEERS**—There  
are hogs in Trigg county now  
that waddle down the road or  
wander over the fields looking  
like beef steers, and monarch of  
all they survey. Some of them  
weigh as high seven or eight  
hundred pounds, and bring as  
a good horse used to cost. We  
are the the "ractor-back" period,  
and the Duroc has come into his  
own, and the Poland China is  
not far behind. Car after car  
of live stock is being shipped on  
and the farmer strikes a bee line  
to the bank with his check and  
says to the cashier, "put that to  
my credit." Things are hum-  
ming some in "Old Trigg."

**GERMANS GRINDING  
ROUMANIAN ARMY**

Machine Pressing From All Sides  
on Enemies.—Slim Alternative  
to Complete Surrender

Athens.—The Entente Allies  
delivered an ultimatum to Greece  
requiring the delivery immedi-  
ately of the Greek arms, which  
were recently demanded, which  
gives 48 hours for the surrender  
of the arms in Athens and a  
week to deliver those in Thessaly  
and Macedonia or they will  
take measures calculated to in-  
duce compliance, progressing in  
severity if the delay is increased.

War Dispatches to New York,  
—Roumania is being squeezed  
between the jaws of the German  
military machine with remark-  
able rapidity. General Von Falk-  
enhayn, pushing eastward has  
broken the Roumanian resistance  
in the valley of the lower Alt.  
Von Mackensen operating at the  
other end of the nut cracker has  
forced a passage over the Danu-

be, twenty-five miles from the  
end of the Alt line, while from  
the north the Teutons pressing  
down from Rothernthurm Pass  
have made further inroads on  
Roumanian defenses. In the  
Orsova region the Roumanians  
evidently have retreated into the  
mountains northwest of Turnu  
Severin, but apparently have  
no recourse except to surrender  
or face extinction.

The entente advance in Mace-  
donia shows signs of halting on  
account of bad weather.

On the western front Paris  
and London agree there are no  
developments.

An Athens dispatch says the  
provisional Greek government  
has declared war on Bulgaria.  
The same source indicates any at-  
tempt of the entente to obtain  
possession of Greek arms and  
ammunition will be resisted.

**SEVERAL MILLIONS  
OF EGGS SEIZED**

Chicago Effort to Break Corner and  
Prices.—Raid Warehouses of  
Man Controlling 72,000,000

Chicago.—In an attempt to  
smash an alleged "corner" in  
eggs, city health officials today  
raided a warehouse and seized  
several millions of eggs said to  
have been stored by James E.  
Wetz, alleged "egg king."

Dr. John Dill Robertson, com-  
missioner of health, who led the

raid, said he was acting on an  
ordinance authorizing him to  
hold for investigation eggs the  
quality of which is suspected.

Dr. Robertson said he would  
hold all suspicious eggs for fur-  
ther inspection and would des-  
troy all bad eggs. He was ask-  
ed what effect such procedure  
would have on the supply and  
price.

"I don't know," he replied,  
"but I do know that if we have  
to pay high prices for storage  
eggs we are going to get good  
eggs."

Wetz, according to officials,  
has control of 72,000,000 eggs.

Raids were made also on two  
other warehouses where Wetz  
had eggs in storage.

The ordinance, it was learned  
tonight, prohibits the storage of  
eggs for more than ten months.  
Examination by fifty investiga-  
tors showed that many millions,  
including many stored by Wetz,  
were put away in March and  
April.

"Wetz will be obliged to throw  
these on the market by January  
21st," said Dr. Robertson, "and  
my advice to the people is to stop  
using eggs until he begins to  
market them."

Women of the Political Equal-  
ity League adopted a resolution  
today declaring that "eggs at 50  
cents a dozen are prohibitive,"  
and agreeing to buy none at that  
price.

The high price of eggs is the  
result of general prosperity con-  
sumption, together with a short-  
age of production, according to  
a statement by the Chicago But-  
ter and Eggs Board, which an-  
nounced that it would welcome  
any investigation into its man-  
ner of arriving at prices.

**DAYLIGHT**

Setting Clocks Forward Hour  
Next Summer Would  
Mean 40 Millions.

New York, Nov. 27.—The  
adoption of the daylight saving  
plan by setting the clock forward  
one hour in the United States,  
thru public concurrence, from  
May 1 to September 30, 1917,  
will be considered at a national  
daylight saving convention to be  
held here on January 30 to 31  
next, plans for which were an-  
nounced here.

Chambers of commerce and  
boards of trade throughout the  
country will be represented and  
the governors of all states, the  
mayors of 150 cities, American  
Bakers' Association and other  
state banking organizations, the  
American Federation of Labor  
and other commercial, financial  
labor and scientific bodies will be  
requested to send delegates.

The American Railway associa-  
tion has been asked to lend its  
support and will consider the  
project at its semi-annual meet-  
ing here. A report drawn up  
by a committee will be submit-  
ted recommending that the roads  
should not agree to the plan un-  
till it has been previously adopt-  
ed by the principal business and  
municipal centers together with  
state and local authorities. In-  
dividually, many of the railroad  
presidents favor the plan accord-  
ing to information received by  
the New York Daylight Saving  
Committee.

This committee, appointed by  
March 22, Marks, president of  
the New York City Board of  
Manhattan, will con-  
sider the plan at its meet-  
ing on Jan. 30. It is expected  
that the plan will be adopted  
before the convention opens.

learn from the attorney general  
of the United States whether it  
is constitutional for congress to  
enact a daylight saving law. The  
committee has been informed by  
the legislative reference bureau  
in Washington that the statute is  
not constitutional according to  
Mr. Marks. Many congressmen  
have written individually favor-  
ing the plan.

On behalf of the committee a  
scientific study of daylight sav-  
ing as it would affect the United  
States is being made by Prof.  
Harold Jacobs astronomer of  
Columbia University, who will  
report his findings to the con-  
vention.

A report prepared by the com-  
mittee, estimates that the pro-  
posed plan would affect saving  
of upward of \$40,000,000 in the  
people's gas and electric bills  
next summer.

## ALL YEAR LEVEL FOR CUMBERLAND

**River Will Be Navigable From Carthage To Ohio River Helping Shippers.**

That the Cumberland river will soon be navigable the year round from Carthage to the Ohio river was the statement made before the Cumberland River Improvement Association at Nashville by President W. E. Myers of Carthage. This will be a boon for Paducah as navigation between Paducah and Nashville is very uncertain and of short duration the boats depending upon a good stage of water for operation.

Locks A, B and D have been completed and are open for traffic, and about \$700,000 has been appropriated for locks E, and F. This sum it is said, will be sufficient to complete them and when lock C is finished the work of canalizing the Cumberland from Nashville to the Ohio river will be thru. Lock C is to be opened in the Fall of 1917. The distance from Carthage to the Ohio river is about 300 miles.

Paducah river men are interested in the Cumberland improvement projects and the time will soon be near at hand when the boat may operate incessantly from Paducah to Nashville, connecting there with packets for the upper Cumberland.

**Lady Operators Are Guests of Honor at The Palmer House**

**Several Make After Dinner Talks.**

W. M. Payne presides. Talks are upon matters conducive to better telephone service. Practical experiments are made.

With about seventy operators of the Western District Home Telephone and Telegraph Co., in

attendance, the annual meeting of the Western District organization came to a successful close at midnight last night. The meeting was an enthusiastic one, and more than usual interest manifested in the meeting.

During the afternoon the visitors were the guests of the Home Telephone Company at the local exchange building. Last night the ladies were guests of honor at a banquet at the Palmer, at the close of which a business session was held. The meeting closed at midnight.

W. M. Paine of Louisville, assistant superintendent of the Central Home Telephone and Telegraph Co., presided over the last night's meeting. The address of welcome was delivered by Mr. B. Y. Chambers, District Manager of the Home Co.

The first speech of the evening was that of Miss Willie Stephenson of Marion, Ky. Her talk was upon the Western District, a beautiful tribute to the efficiency of the exchange and their forces. Her talk brought out the splendid record established by the operators and managers of the Western District of Ky., and called particular attention to service given by the Home telephone.

Local operating was the subject of a talk by Miss Naomi Hornbaker, of the Owensboro exchange. In her talk on local operating, Miss Hornbaker dwelt upon the problems to be met with and remedies therefor. The qualities which the really efficient operator should possess are reliability, regularity, politeness, obedience and courtesy.

My idea of the qualifications of a chief operator as idealized by Miss Ruby McCollum of Paducah was a sensible and practical talk upon the duties and qualities which a chief or supervising operator should possess. Her talk was widely appreciated and received much favorable comment. Mrs. Minnie Shuttlesworth of Marion gave a practical talk upon the bad features which operators should avoid in their work.

A practical demonstration of the correct manner of handling Long Distance calls was given during the evening. A switchboard being installed in the Palmer dining room for that purpose. The different operators were required to handle calls subject to criticism and suggestions of chief operators.

The Line Operator by Miss Doris Duncan of Paducah was one of the best talks of the evening and it was appreciated by every one present. Miss Clady Stephenson of Bowling Green gave a good sensible speech on Positive and Negative Qualities of an operator while Miss Maud Jarboe of Owensboro talked on Toll Recording.

The meeting closed with a few remarks by Mr. Paine, the toastmaster. The operators will convene in Paducah again next year for their annual meeting, the object of which is to better the service the company extends to the general public.

**\$10,000 WOULDN'T HOLD CHICAGO GIRL ON FARM**

**"Money Isn't Everything" Says Mary Smith, Now Free to Marry.**

Amboy, Ill.,—Mary Smith, a poor Chicago girl who was adopted by James Pankhurst, a wealthy farmer, and his wife, August 13th, 1915, with the understanding she was to remain single and act as a companion to the aged couple and receive \$10,000 upon their death, has grown tired of the bargain and will return to Chicago next Monday.

"Money isn't everything in this world," she said today. "I want the right to live as I please. I simply find that I do not like to live in the country." Mary Smith was selected by Pankhurst and his wife from many applicants who responded to their published appeal for an attractive girl who would make her home with them in return for a guarantee of \$10,000 at their death.

The attempt by the elderly couple to make over a city-bred girl into one content to spend her days with them in the country gained much publicity at the time.

Wagging With Original Ideas.  
Thousands Just Half Sick.

Thousands of persons drag along from morning until night without energy or ambition. They are not sick enough to go to bed, but they lack the zest of life. They are just half sick.

Such was the statement of the Tania health expert, who has created widespread comment by his original ideas. He continued:

"You can't have good health if you have poor digestion.

Too Many Bolt Food.

"The stomach is the most important organ in the body and the most abused. The large majority of people do not take sufficient time to eat their food. They give no thought to what foods are good for them. They simply swallow what is convenient and pleasant.

"The stomach tells quickly when it is abused through overeating or other mistreatment. When it warns, take instant heed or dire results will follow.

"A disordered stomach brings on headaches. It causes constipation, biliousness, indigestion, nervous disorders and other ills.

Tania Most Successful.

"Tania is the most successful remedy for stomach ills on the market today. It is composed of roots, barks, herbs and berries gathered in all parts of the world. By its composition it is designed to build strength, create better digestion and more blood, and to strengthen the nervous system through correction of the common disorders of the stomach, liver and mucous membranes. The testimony of your neighbors all around you bears out that it has accomplished this."

for at least five years, and honest agencies of commerce and education can go their ways undisturbed. Business men can have a chart of the commercial seas, and the annual campaign fund holdups will be things of the past.

It is imperative that the State Central and Executive Committees act at an early date as to the need of disposing of these questions quickly and by the most practicable manner—namely submission. If they can legally be submitted as the first act of the special tax session of the Legislature a great service to Kentucky will have been done. The Times believes that the only interests which can oppose this programme are on both sides entirely selfish ones, moved by personal motives with which the people of the State have no concern.

Submission, gentlemen of the Democratic party, is the solution for which the State is crying. There are overwhelming evidences on hand the people desire to vote upon these questions. No man or set of men has the right longer to deny them.—The Louisville Times.

says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seven-

teen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### The Value of the "Truck Patch."

Farmers used to turn up their noses at the mention of the "truck patch," saying, "that belongs to the old woman and the children." But the "truck patch" is some money getter just now. Potatoes bringing as much per bushel as Mr. Farmer used to get for a hundred pounds of tobacco, and corn so high in price that the chickens only get it as a desert, and tobacco bringing such a price that the cheser must swallow the "juice" to get his money's worth.

With all this the "truck patch" is in the lead, and "Sally Ann" doesn't have to ask her hubby for money to buy a "Sunday-go-to-meeting-hat," as she has money of her own.—Caldiz Record.

### THE GLORIOUS PUMPKIN

Queen of the holiday pastries the pumpkin pie proudly occupies the place of honor. At this season of the year at least French pastry withdraws modestly in favor of the purely American viand; nor is the bulwark of British Christmases—the mince pie—considered especially in keeping for Thanksgiving.

## BLESSED ABOVE ALL

Special Reasons Why Americans  
Should Be Grateful to God  
This Year.

IF CUSTOM had not dictated for time hallowed the setting aside of a day for a national recognition of Divine blessings, the situation in the world today would of itself have instinctively brought about the sentiments in the hearts of Americans suited to the spirit of thankfulness.

Yet there is no occasion to resort to the elements of contrast afforded by the pictures presented here and in other countries at this time. Our people are determined to assert the nation's rights as operative at all times, and desirous of defending them as a part of the heritage received from ancestors who feared God, but had scant respect for persons or nations when these ignored the principles of liberty for which they were unflinchingly set in defense.

It is beyond and outside of the field of contrast that the country looks today in acknowledgment of a Providence that has preserved it from the ravages of war and given it to participate richly of every form of prosperity for which a people might justly yearn. The crops are excellent. Labor in practically every field of endeavor is giving employment to the many. The distribution of material wealth is thus being effected in such manner that plenty abounds, and no table so poor that it cannot present evidences of good cheer on this festive occasion.

Mingled, nevertheless, with the consciousness of our own happy state must be the sobering sentiments that take cognizance of far other conditions elsewhere. For the war-worn nations it is wished that they may soon find an honorable way back to permanent peace. As these sentiments take form and logical order in our own minds, they cannot but suggest our own responsibilities, present and future. And among these the necessity of being prepared to assert and defend the principles for which we stand and to the preservation of which thus far in our political history we are, under the goodness of God, indebted for our present peace and prosperity, must have its recognized place.

### A Prayer.

For the sense of internationalism possessing so many thoughtful minds, for the realization that no nation liveth for or by itself, for the vision of a federated world in all parts of which there shall be substituted for the mailed fist the hand of a brother, let us give thanks.

For God "our help in ages past, our hope for years to come," for Jesus Christ, the pivot of human history, the sure and sufficient revelation of the Father, forever the Master and the Savior of mankind, let us give thanks.

Come all ye faithful people, enter into his gates with thanksgiving and into his courts with praise. Be thankful unto him and bless his name, for Jehovah is a great God and his loving kindness endureth forever.—Exchange.

### True Spirit of the Festival.

In recent years there has been a broadening conception of the spirit of Thanksgiving day. Besides acknowledging God's manifold blessings according to religious formulas, the true spirit of the festival will manifest itself in deeds of benevolence. The poor will be remembered and the needs of humane institutions will be supplied.

### Fair Harvest.

The seed that once in sorrow we cast into the ground, On this fair harvest morn'g In joy and strength is found That which men deemed had perished Hath sprung to life beneath The kindly soil beneath Hath sprung to life beneath With tenfold life from death.

# SALE NOTICE

I WILL

On Tuesday, Dec. 5, 1916

offer for sale at my residence,  
2 1-2 miles southwest of Marion  
on the following property:

1 mare, 8 years old, in foal; 1 horse, 7 years old; 1 horse colt, coming 2 years old; 1 weaning mule; 1 milk cow; 1 good brood sow; 5 head hogs; 1 wagon and harness; double buggy and harness; 1 mowing machine; 1 hay rake; 1 riding cultivator and other farming implements. Household goods will be sold at the same time. The farm machinery is all in good shape.

TERMS OF SALE:--All sums of \$5.00 and under cash in hand, all over that 12 months time.

DAVE YANDELL

### In Clover Knee High.

The farmers are destined to be "in clover knee-high" next year. Everything that they will have to sell will be higher than the noted "cat's back." The question is not "what can we get?" but "how much can we make." If the produce is made the "nest is feathered." There is a shortage in the wheat crop the world over. The "eaters" are increasing and the "producers" have been decreasing and to strike a "balance" means dollars to the producer.

The fellow who is willing to "pull off his coat and spit on his hands" will "get there," and when he arrives the dollars will clink in the pockets of his overalls. The thing to do is to "get a move on yourselves," Mr. Farmers.—The Cadiz Record.

### Forget your Aches

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. "Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. For strains, sprains, sore muscles or wrenched ligaments resulting from strenuous exercises, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist, 25c.

England Will Consider

### A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or "night-hag" has its daytime correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery is the best remedy for dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition. When these diseases are cured, the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

Dr. Pierce's Golden Medical Discovery is absolutely free from alcohol and injurious drugs. You can take it and be certain you will find it a true blood maker, tissue-builder, and restorative nerve tonic and that it will produce no evil after-effect. Thousands in Kentucky—probably many of your own neighbors—are willing to recommend Dr. Pierce's Golden Medical Discovery because it has made them stronger in body, brain and nerve.

You can get Dr. Pierce's Golden Medical Discovery in tablet or liquid form from dealers in medicine, or send 50 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a package of tablets by mail.

### QUESTIONS OF SEX?

are fully and properly answered in "The People's Common Sense Medical Adviser." All the knowledge a young woman, wife or daughter should have, is contained in this big Home Doctor Book, 1008 pages, with engravings and color plates, and bound in cloth. ## COMING TO KENTUCKY

Are Presbyterian Women, to Study  
Problem of the Mountains.

New York, Nov.—In response to an appeal for the mountain people of the South, four representatives of 170,000 women members of Presbyterian mission societies in the United States are on their way today to inspect conditions in Kentucky, Tennessee and North Carolina. Their report will decide the outcome of what is said to be one of the most important campaigns ever undertaken in behalf of the mountaineers. The appeal, which is addressed to 5,000 Presbyterian women's organizations, was brought to this city by Mrs. T. Langdon, of Baltimore, and Mrs. Frederick Erdman, of Philadelphia.

"There are in the thirty-five mountain counties of the South about 350,000 school children," said Mrs. Langdon, "but only about one out of every four ever finishes the eighth grade. There are 2,000 teachers, but only sixteen have diplomas.

"There are 900 preachers, and although none of them is illiterate, about eighty of them are unlettered."

The representatives will first attend a conference at Louisville Ky., to consider the problem of the mountain people. The investigators will spend about three weeks among the mission schools of the three States named

## Drys in the Lead

A line drawn diagonally across the country from Key West to Puget Sound would pass all the way through dry territory. It would cross Florida, Alabama, Mississippi, Arkansas, Oklahoma, Kansas, Colorado, Utah, Idaho, Oregon and Washington. Another line from Mexico to Canada would pass through Arizona, Utah, Idaho and Montana. There are 25 dry states and many dry spots in the rest. Only five states west of the Mississippi river remain wet.—Hopkinsville Kentuckian.

## Stop The First Cold

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your Druggist, 50c.

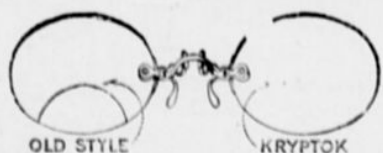

## California to Have Largest Bridge.

The largest bridge in the world is to be built between San Francisco and Oakland, Cal. The cost of the monster bridge is to be 22 million dollars, and it will be five and a half miles in length. On it will be three roadways and four railroad tracks. It will consist of sixteen spans, two of which will be high enough and far enough apart to allow the passage of any ship. The relief which this will furnish to the five ferry systems now in operation between these cities is not difficult of comprehension.—Phoenix (Ariz.) Republican.

## Had Sixteen Wars

In Seventeen Years.

Colon, Panama.—Across Nicaragua, nature has dug 121 miles of another interoceanic canal out of a total distance of 168 miles. Uncle Sam has long feared some other nation might buy this strip and build a canal in competition with that of Panama. To prevent this the United States this year bought for \$2,000,000 the entire canal route rights across Nicaragua, also a naval station near each end of the possible canal.

This and other large American influences are placing the affairs of Nicaragua on a more sound basis. In future, for example, it will be impossible for a miscreant like the recent President Zelaya to be allowed to tyrannize the land. Zelaya, nicknamed the Unspeakable, who had his score of wives and forty-five children and hundreds of murdered victims to his credit, used to say: "The Nicaraguans understand only harsh measures and they shall not want for them." During his seventeen years of control the country went through sixteen wars.

## CONQUERS RHEUMATISM IN A VERY FEW DAYS

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.  
Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who can not tell you of almost marvellous cures.

This is the ball-bearing that makes the shears cut so smoothly.

## Write for these shears!

For a very trifling cost you can get these Genuine Ball-bearing seven inch Tension Shears.

They are made from selected cutlery material with hardened and keen-cutting edge, and carefully ground.

They are highly nickel-plated, giving a bright, smooth finish throughout. Ball-bearing makes the Shears run smoothly. Tension keeps them sharp. Handle fits like a glove. Different in construction from ordinary shears.

All you have to do to get these unusual Shears is to order a pound package of Arbuckles' Coffee, either Whole Bean or Ground, from your grocer. Then cut the signature "Arbuckle Bros." from the wrapper and send us the signature, with only 25 cents!

We make this exceptional offer because we know that once you try Arbuckles' you will never be satisfied with any other coffee.

## Don't delay—send now

Be sure the signature and money reach us before this offer expires. You will regret it if you don't take advantage of this special premium offer and get a pair of these Tension Shears.

You have to buy coffee anyway—just ask your grocer for Arbuckles'. You'll be glad you did every time you use these fine smooth-cutting Shears. Send today and by return mail you will receive them. Arbuckle Bros., 71 Water St., New York.

## CAUSES FOR THANKS

Season is a Time for All to Remember the Blessings of the Year.

WHAT does Thanksgiving mean to you? Does it mean only a day of special feasting? Does it bring to you only the assurance of rich foods and elaborate meals? Or do you remember in the midst of feasting that it is a day for giving thanks? We should all take the time from this day, filled with pleasures, to look back over the past year and remember all the blessings for which we have to be thankful. No matter how much sorrow and trouble may have come to us in the past 12 months, there have been many blessings as well if we will stop and consider them. Perhaps at the end of trouble we were blinded to the blessings, but now, if we look back with clearer judgment, we can see that there were all the time, sometimes blessings in disguise, but blessings none the less.

We can surely afford to spare from this whole day of pleasure a couple of hours for silent retrospection and appreciation. Let us each slip away from the crowd for just a small part of the day and give ourselves up to a mental review of the past year, with a special eye to the benefits we have received. It will come as a surprise to many to see how many the blessings have been and how comparatively few the misfortunes.

There is first of all, health. Those who have sound health never stop to be grateful for it, it seems so much a part of them. And yet were these healthy ones laid on a sick bed for months at a time they would soon realize how much of a blessing health really is. The chronic invalids in their beds and wheeled chairs appreciate to the full the blessings of good health. Let those of us, then, who are well and strong be thankful for our health. Then there is love. Those of us who have the devoted love of a mother or father, of a sister or brother, of a child or a husband, will do well to send up an extra pean of thanksgiving for the blessing of this love. Only too often, the only ones who appreciate the full blessing of love are those who have lost all earthly ties.

If the family circle about the festive board is unbroken is not that a cause for joyful rejoicing? When so many fathers, husbands, brothers and sons are falling on every side in Europe's inhuman war we should give thanks with all our hearts that our own dear ones go unharmed. So each of us will find, if we search our minds, that we have many blessings to be thankful for. It is only the hardened heart which feels no gratitude. And we should all fill our minds with love and appreciation on Thanksgiving day, of the great good we have received in the past and the hope to be more worthy of it in the future.

### Proper Spirit of the Season.

The proclamations of those who hold high station as the representatives of the people very properly bespeak the spirit the nation should manifest. The manifestation of that spirit is, however, not alone in feasting and the joyous acclaim of thousands on the field of sport. The consciousness of blessing and the returning of thanks therefore by every man according as he is blessed, no less than the voicing of a prayer that he be made ever more sensible of all his blessings, will make the day for all the holy day it should be. Gratitude for the guidance thus far: strength to meet the trials still to come.

### A Thanksgiving.

For days of health, for nights of quiet sleep; for seasons of bounty and of beauty, for all earth's contributions to our need through this past year: good Lord, we thank thee.—William Gannett.

## SALEM

Thanksgiving services at the Baptist church at 11 o'clock a. m.

Charles Jackson, son of Mr. and Mrs. J. H. Stevens, is quite sick with tonsillitis.

Harry Martin has bought the Grasham property. Mr. Grasham and the youngest children expect to start for their new home in New Mexico, soon.

Miss Dottie Monroe attended the Telephone Operators' Association in Paducah last week.

Mrs. Alda Wolford and daughter, Miss Willie, returned to Carriaville Monday, after several days' visit with friends here.

Miss Beulah Ramage, our popular "hello girl," took charge of the Hampton office Monday.

Mrs. J. O. Gray is visiting friends and relatives in Paducah and Birdsville.

Will Ramage and family are moving to a farm near Hampton this week.

Mrs. Nello Maddeux and Ina Gray and children visited Jas. Fleming and family near Birdsville Sunday.

The Government surveyors are tenting here, and marking elevations and distances.

Saturday was a busy day with Magistrate Malcom and County Attorney Wells. Four jury cases were tried and fined, amounting to about a \$100 assessed.

Albert Butler and wife visited their children here Sunday. We are expecting to welcome them as citizens of Salem soon.

## LEVIAS

Farmers in this neighborhood are almost through gathering corn. A good crop is reported by them.

Cloyd and Lloyd Gilles have returned to Joplin, Mo., after spending a few weeks with their mother, Mrs. J. P. Gilles.

Mrs. Fannie Settles spent last Friday the guest of Mrs. Carrie LaRue.

Lucian Franklin, of Cadiz, visited his brother, Lawson, recently.

Mrs. Guy Dunning and son, Ellis, left Friday for Paducah, where they will spend the winter.

Mrs. Maude Love was in Marion Thursday shopping.

E. Champion has purchased the Dave Carter farm and has moved to it.

C. C. Bebout says bring your corn to his mill if you want good meal and good weight.

Misses Sallie Sullenger and Lemah Franklin were guests of Miss Mary Watson Tuesday night.

Florence Price and son, Rudell, have returned from Carriaville, where they went to visit her old home town, and to be with her brother-in-law, J. A. Cassey, and nephew, Ralph, who were there from Jacksonville, Fla., for a few weeks' stay. They are well pleased with the sunny south, and will return soon to spend the winter.

J. H. Settles was in Paducah the first three days of last week, representing the Federal court.

Our Sunday School Superintendent, H. B. Watson, announced last Sunday that the time for Sunday School will be changed. It will be at 2 p. m., instead of 10 a. m.

Mr. and Mrs. Will LaRue were recent guests of Mr. and Mrs. Fred Leve.

Clarence Settles and Rudell Price attended the box supper at Pleasant Grove Saturday night.

Mrs. Lena Franklin has returned from several days' visiting friends and relatives at Marion, Chapel Hill and Repton. She attended the Declamatory contest at Rosebud Saturday night.

She was much pleased with all the speeches and most especially her nephew, Ernest Threlkeld, who won the gold medal. Ernest is the son of O. G. Threlkeld, of Repton, and one of our former students. He was born here and is a boy we are all proud of.

Miss Lemah Franklin won the silver medal at the contest held at Caldwell Springs two weeks ago. She is one of our brightest students. We, too, are proud of her. Three cheers for our boys and girls.

## WESTON

(delayed from last week.)

Mr. and Mrs. Pinkney Rankin and children and Miss Juliet Pope spent Sunday the guests of Darby Hughes and family.

Mr. and Mrs. Oscar Shute, of Dirl, Mo., are visiting her aunt, Mrs. Rose Sturgeon, of this place.

Misses Winnie and Bulah Walker and Ruby Gahagen spent Sunday the guests of Miss Ruby Sturgeon.

Mrs. Beatrice Crisp and little son spent the past week with her parents, Mr. and Mrs. J. W. Bennett.

Misses Ruby Hughes and Juliet Pope attended the box supper at Cottage Grove Friday night.—Little Pansy.

## GLENDALE

(delayed from last week.)

Sunday school here each Sabbath at 2:30 o'clock p. m., and prayer meeting Wednesday night in each week.

Hot or Hodge has moved to Sheridan and Harvey Turley has moved to the house vacated by Mr. Hodge.

George Goshen spent Sunday with Richard Moore near Sioam.

Mrs. W. M. Turley and Miss Addie Francis were the guests of Mrs. Geo. Tucker one day last week. Mrs. Tucker is very much improved since taking Dr. Sory's treatment at Craone.

Mrs. J. B. White is in Louisville till after the holidays the guest of her parents, Mr. and Mrs. Curtin.

Charles Jones, of Benton, Ky., is a frequent visitor at F. M. Jacobs.

Misses Della and Ina Belt, of the Colon section, and Carl Gurdig, of near Sheridan, attended Sunday school here last Sunday.

W. M. Hurley, Miss Addie Francis, Howard Hurley and sister, Miss Mary, attended church at Deer Creek last Sunday.

John Boyd and son, Denzel, of the Caney Fork neighborhood, passed through here last week taking some nice beef cattle to market.

Misses Nona Belle Williams and Eva Yates, of Marion, were guests of Mrs. Lummie Clark Sunday.

Mrs. Mary Thomas has returned from a visit to her son, Newton Thomas, east of Marion.

Miss Eula Jacobs won the second medal at the Declamatory contest at Sioam Nov. 11th. Miss Leoda McWhirter, of Forest Grove, won the first. We want to congratulate both young ladies. Miss Leoda attended school here two or three years, and we are not surprised to hear of her success.

Bro. Royster expects to protract a meeting at Hurricane from the fourth Sunday.

We do not claim to know whether it is best or not to have the Stock Law carry in Crittenden county. We guess for the farmer who owns land it will eventually be for the best, because he will be obliged to prepare for it, but the poor renter who has not a foot of land it is very tough luck for him, and we are not grumbling but want to ask this question: "Is it fair for the Marion people, who already have a city stock law, to help vote the stock law on the poor country people who depend a great deal or almost entirely on outside range in summer time?" "Who is my neighbor?"

Hugh Norris, wife and little daughter, Naoma and Ina, spent Sunday at Pete Holloman's near Hurricane.

Hurrah for Woodrow Wilson.

## Walked to Death in His Sleep

Paducah, Ky., Nov.—L. C. Menard, a veterinary of Smithland, Ky., died here this morning after falling from the fourth story of the Sinto Hotel last night. Menard's groans brought a policeman to the alley behind the Sinto, where he found Menard stark naked, lying in the mud. The force of the fall had broken his neck by telephone wires, and he was still conscious.

He told the police he did not remember how he fell, but he believed he walked in his sleep. The door of the room was locked, water was drawn in the bath tub, and the window and screen both were raised. He was put under an anaesthetic and an operation attempted, but the broken ribs had punctured the lungs and all attempts to save him were futile.

## Nothing But The Truth

New York, Nov. 11—Charles Evans Hughes beguiled the waiting hours Thursday night by attending the theater. He saw the play, "Nothing But The Truth." Then he returned to his hotel and his party managers sadly told him nothing but the truth.

## CONGRESSIONAL COMMITTEE BEGINS RAILWAY INQUIRY

Proposed by President to Better Condition of Carriers.

### MAY CHANGE PRESENT SYSTEM

Officials of Roads Prepared to Advocate Federal Incorporation, Supervision of Securities and Extension of Authority of Interstate Commerce Commission.

Washington, Nov. 20.—Ten members of Congress, five Senators and five members of the House of Representatives, began here today an inquiry into the subject of public control and supervision of railroads that may lead to the revolutionizing of the whole scheme of governmental regulation of the country's transportation lines. Incidentally the committee is to look into the question of government ownership of railroads, telephone and telegraph lines, and express companies.

The members of the committee which will conduct this important investigation are Senator Newlands of Nevada, chairman, Senators Robinson of Arkansas, Underwood of Alabama, Cummins of Iowa and Brandegee of Connecticut, and Representatives Adamson of Georgia, Sims of Tennessee, Cullip of Indiana, Esch of Wisconsin and Hamilton of Michigan. The inquiry was recommended by President Wilson in his message to Congress in December of last year. He described as its purpose to determine what could be done "for bettering the conditions under which the railroads are operated and for making them more useful servants of the country as a whole."

### Prominent Men as Witnesses.

In order to obtain the views of all interests affected by the operations of the transportation lines the committee has invited prominent shippers, bankers, representatives of commercial organizations, railway executives, economists and others to appear before them.

The first to be heard are railroad commissioners of various states who began their evidence today. Their testimony is directed chiefly to opposing any enlargement of the federal authority over commerce that would detract from the powers now exercised by state bodies. They will be followed shortly by officials of railway labor organizations who are expected to register their opposition to the increase of governmental authority over wages and conditions of labor.

Chief interest in the hearings centers in the proposals that will be put forward by representatives of the railroads, for it is reported that they will advocate an extension of federal authority over rates and securities to the practical exclusion of state control of these matters. It is understood also that they will go on record in favor of federal incorporation of all railroad lines.

### Legislative Program of Railroads.

From an authoritative source is obtained the following outline of the legislative program which the railroads will ask the committee to consider in its investigation. They will endeavor to demonstrate to the committee that one of the principal defects in the present system of railroad regulation is the lack of coordination resulting from the simultaneous and conflicting regulation by the federal government and by the 48 states. They will, therefore, ask that entire governmental control of the rates and practices of interstate carriers, except purely local matters, be placed in the hands of a federal body so that interstate traffic may be regulated without reference to state lines, leaving to the state commissions jurisdiction only over local matters and local public utilities. As a part of this plan, a compulsory system of federal incorporation is to be recommended, accompanied by federal supervision of railroad stock and bond issues.

A reorganization of the Interstate Commerce Commission will be asked, in order to enable the commission properly to exercise its increased powers. It is also proposed that the preparation and prosecution of cases against the railroads shall be delegated to some other agency of the government, possibly the Department of Justice, so that the commission may devote its energies to its administrative functions.

With the commission thus relieved of some of its present duties and equipped to handle its business more promptly, the railroads will urge that the period during which the commission may now suspend proposed increases in rates be reduced from ten months to 30 days, with provision for reparation to be paid to the shippers if the advance shall be declared unreasonable.

They will also ask that the commission be given the power to prescribe minimum as well as maximum rates so that in meeting complaints of discrimination the commission may order the advance of a rate which it considers too low.

One of the most important recommendations for which the railroads will ask favorable consideration is that the commission be specifically authorized to take into account in rate regulation the effect of rates upon total earnings in the light of expenses.

While the Newlands Committee is required, under the resolution creating it, to submit a report by January 1 next, it is not anticipated that the committee will have come anywhere near completing its labors then.

## PREPARED

By DOUGLAS MALLOCH

We may be shy of cannon and we may be short of guns. We may not have as many men as many other ones. We may require a fort or two, some infantry and some horse to back them up, of course. But in one matter we have not a reason to be scared— For, when it comes to pumpkin pies, we surely are prepared!

We may be short of men of war and shy of submarines. And low in mines and other subterranean machines. We ought to have an airplane, or, maybe two or three. To nest among the mountaintops or hydroplane the sea. We haven't any instruments for shooting, pointed gas. But we can beat the universe at making apple sass!

We have the pumpkins and we have the pumpkins big and fine. And, if you want preparedness, prepare the sea. If someone sails across the sea America to try. We'll shoot them full of apple sass and full of pumpkin pie. I bet they'll show their guns away, beneath that magic charm. And settle in America and buy them each a land!

## DAY OF REJOICING

Thanksgiving Celebration Is a Great Event on Cotton Plantation.

THANKSGIVING day on a cotton plantation means an open heart and hand on the part of the master and a full stomach, a day of happiness, and, consequently, gratitude on the part of the worker. It means, also, another, and, for that little world, universal token, an offering up of thanks for the numerous little white pods which bring profits to the master and the winter's provisions and clothes to the worker. But it also means a day of play to all.

Hard as is the labor of the cotton plantation hands, they do some extra work willingly for Thanksgiving day for several weeks beforehand. It is a sure sign of the approach of Thanksgiving day when one sights here and there through the woods the bobbing, smoking pine torches that light the way for a dozen black, shining, grinning faces. It is the usual hunt for Mr. Possum that keeps them from their beds, and makes them scramble through thickets, jump ditches and wallow through marshes.

For several nights the woods for miles around the plantation are the scene of night activities. It is easy enough to find the trail of a 'possum, and when once located the dogs lead a running, howling band in the hunt. Mr. Possum is, however, a slow mover, and when he hears the yelps of those hounds and the howls of the negroes and sees the glare of the torches, he gets up the nearest tree and settles on a limb.

Somehow the light fascinates him and he usually settles on the lowest limb. It is just what the hunters want. Mr. Possum is noted for his fondness for dead meat, consequently a 'possum that is shot is not the most savory of meats. Their object is to catch him alive and when the tree is reached he is surrounded by a ring of blazing torches and howling blacks until in sheer fright he drops off, plays dead and is hauled into a sack, to be hustled off in the morning to the plantation pen. Sometimes two or three are caught in a night and some of them show fight. Once in the pen they are fed for a couple of weeks with food that takes away all trace of their natural food and rounds out their sides with good, sweet meat.

Several days before Thanksgiving day some of the hands are taken from the cotton fields and put to work around the plantation buildings. This is, with the exception of Christmas, perhaps the most enjoyable task of the year, for it means the preparation for the feast which the plantation is to give its hands on the day when thanks offerings are made.

Usually this is spread in one of the big buildings on the plantation, perhaps a barn or a cotton shed. The hands are set to work at first to clear out the place and make it clean. Then they put together a dozen or more long improvised tables and benches, and lastly they decorate the building with all kinds of flags and bunting. On the side near the center they also put up the fiddler's stand, for later in the day there comes the usual dance. Several days before, also, some of the hands make barrels of ginger beer and sweet elder and stow them away to ripen for the feast.

### Enemy of the Cranberry.

An enemy which would rob the Thanksgiving table of cheap cranberries is the cranberry root worm, and the government has been attempting to circumvent this destroyer, too. Experts of the department of agriculture have found that by stimulating the growth of the plants with fertilizers—a practice that has not been followed in the past—the ravages of this ordinarily destructive creature can be made almost negligible.

### Worthy Supplication.

For all blessings which may help to make the land we love more worthy of its fertile fields, its verdant acres.

Why wear yourself out hunting money?

We are making loans on improved farms on 5 to 10 years time. Any amount you want from \$1,000 up. Nothing under \$1,000 considered. Interest averages 7 per cent.

## Maine Potato Crop

Bring Fancy Price.

Money is flowing into Aroostook county, Maine, just now at the rate of \$2,000,000 a month as a result of one of the best potato crops on record. About 100 carloads of potatoes a day are leaving the county.

The price at Houlton and Presque Isle lately was \$4.35 per barrel. One Fort Fairfield farmer—not by any means the biggest one, but a substantial farmer nevertheless—has sold the entire crop for \$62,000, it is reported. Another farmer living only a few miles away has a crop of 22,000 barrels of nice potatoes stored away, from only one farm. At present prices these would bring about \$88,000.

The following is the price at which potatoes were selling the first week in November for the past twenty-one years, as gleaned from the files of the Republican:

Year	Price	Year	Price
1896	\$0.80	1907	\$1.50
1897	1.50	1908	1.50
1898	1.00	1909	1.00
1899	.99	1910	.80
1900	1.15	1911	1.90
1901	1.65	1912	1.20
1902	1.60	1913	1.35
1903	1.30	1914	.60
1904	.95	1915	1.75
1905	1.50	1916	4.00
1906	.80		

Growers and shippers believe that potatoes will soon be a luxury. It is estimated that the crop of 1916 will be 12,000,000 bushels in Aroostook county.

## Moore-Sigler.

Yesterday County Clerk R. L. Gresham issued a marriage license to Tiller F. Sigler, age 24, of Marion Route 1, and Miss Pearl M. Moore, age of 21, Fredonia, Route 1. The wedding is to take place at Piney Fork, Sunday, Nov. 26th.—Piney Fork Leader.

## BELGIAN LEVY INCREASED

To Pay Cost of Maintaining German Occupation of The Country.

London, Nov. 24.—The German levy on Belgium has been increased from 400,000,000 francs a month to 50,000,000, according to a Reuter's Amsterdams dispatch, quoting the Echo Belge. It states that the levy is to pay the cost of maintenance of the German army of occupation and the German administration of the occupied territory.

## ATE RAT BISCUIT

Son of Mrs. Garnett Zorn-Narrowly Escaped Death.

Charles Bankhead, four and one-half-year-old son of Mrs. Garnett Zorn, narrowly escaped yesterday by eating two rat biscuits, which he found in the stable, while at play on the Zorn place, near Fern Creek.

Members of the family found the child lying in the stable in great pain and carried him into the house, where two physicians were called. After working several hours they pronounced him out of danger.

The child was much better this morning, but still very ill.
