Prince Albert gives
smokers such delight, because
its flavor is so different and so
delightfully pungent,
it creates such an impression
— it can't patch your teeth,
you will be as lean and as
healthy as you like without any
complaints; but you'll be healthy
happier!
In a word, the act of using
Prince Albert powder will
create such an impression
That more than a little tobacco en-
joyment. Prince Albert has always been
more than a little dryer and more
controllable. We
prefer to go quickly.

PRINCE ALBERT
the national joy smoke

In goodness and in pipe satisfaction
in all wear its enthusiastic
friends ever claimed for it.
It answers every smoke desire you
or any other man ever had. It is so
cool and fragrant and appealing to your
smoke appetite that you will get chummy with it
in a mighty short time!

Will you invest 5e or 10c to prove out our say-
so on the national joy smoke?

ROGS LIKE STEERS - There are huge Frying-pan things that walk down the road or wander over the fields looking like beef steers, and research at all times. Some of them weigh over seven hundred pounds, and bring as a good horse to market. They are the "free-kick" period. 1000 or 1500 have come to Illinois, and the Polkland in the States. Car after car of live stock are being shipped to the market, and the farmers sell the cross for a few dollars. The meat of these animals is of no great value, but the brains and the liver and the fat are quite good. Things are hopping some of them are 'Old Timers."

ANNOUNCEMENTS

The Cattellene Border Press will announce future change for personal announcements.

Selling Cocks Toward Noon Next Summer. Make 7 Million.

New York, Nov. 25. The adoption of the daylight saving will be set by the clock forward hour to the summer in the United States. Governor Wilson, of New York, on March 31, 1917, is to be considered at a national daylight saving convention to be held here on June 15, 1917, for plans, which are for the purpose of saving light.

Chambers of commerce and boards of trade throughout the country will be represented and all states, the powers of the Ohio Chamber of Commerce, the American Federation of Labor and other commercial organizations, the American Federation of Labor and other labor officials will be expected at this meeting.

The American Railway Association has been asked to lend its support and will meet the best at the central annual meeting here. A report shows up a committee will be submitted recommending that the roads should not agree to the plan until it has been previously adopted by the principal businesses and associations in the state and local authorities. It is obvious, many of the railroad presidents favor the plan according to information received by the New York daily from the Railroad Committee.
