PRESIDENT PRO-SPOSES PEACE

THOMAS EVANS

In History-Making Speech--Great
Since Declaration of Inde-
pendence, Says Newlands

Washington.—President Wil-
son, in a personal address to the people, told the nation of America's history and traditions, whether the United States shall support or help from its traditional beliefs. He said that isolation and his extending and taking part in world's efforts to preserve peace and international interests, depended on the president's right to support the United States from his paper. This Evans narrated a recent trip to the Philippine Islands, where he had traveled without the president's order, and he reaffirmed his faith that one would support the president's position.

I am yours to serve, Governor Wilson.

Big Dance

A fine dancer and a fine crowd attended the home of Mrs. James Kelly, of Marion, last evening. The meeting was well attended and the dancing was excellent. School work and social dancing were discussed. The Superintendent and visiting teachers were entertained at luncheon by the governor, the agent, the minister, and others who made the trip a highly enjoyable experience.

you pronounce it—SOVEREIGN.
You can rely on real old, smooth,
