MOTHER GOOSE BIRTHDAY PARTY

As Evening Promises Greater Gayness by the Little Folks

These who attended the Mother Goose Birthday party held at the home of Mrs. S. P. D. Graham last Friday evening are to be congratulated on entertaining so many of their little friends who played a most delightful and enjoyable time. The program was well thought out and carried out with much credit to Mrs. Graham and the committee who planned it. The little guests were given a beautiful display of toys and games, gymnastics, reading, singing, and a large number of little birds and animals that were brought along. The program was a great success and everyone present enjoyed themselves very much.

Curtains of Smoke

Curtains of smoke are a visual effect created when smoke is released from a source and spreads outwards, often in a decorative manner. This effect can be achieved using various techniques, such as blowing smoke through a curtain or using smoke machines. Curtains of smoke are often used in theater, film, and photography to add a dramatic or aesthetic element to a scene.

WANT PREMIER GEORGE IS FOR SUFFRAGE

ADVISER TO THE LONDON GOVERNMENT WANTS WOMEN WEARING A CHAIN ON THEIR FEET

Prime Minister of the British government, the Honorable George Clemenceous, is in favor of the franchise for women, according to our correspondents in London. He declared that the time has come when the woman must have the right of vote and the right of choice. The Prime Minister stated that the English government has always been a great example of democracy, and that it is time that the woman should have the right to participate in public affairs. He said that the English government is ready to consider the franchise for women, and that he hopes that the English people will shortly adopt it.

THE SUFFRAGISTS' CREED

We Believe that our government should give the woman the right to vote, and that this right should be extended to all women without exception. We believe that the woman is just as capable of understanding political affairs as the man, and that she should have the right to participate in the governance of her country. We believe that the woman is entitled to the same rights and privileges as the man, and that she should be treated with the same respect and consideration. We believe that the woman is entitled to a fair share of the fruits of the nation's labor, and that she should be paid the same wages for the same work as the man. We believe that the woman is entitled to equal education and equal opportunities, and that she should be given the same chances for success as the man.

SOUTH SUFFRAGISTS SCORE IN NEW YORK

Southeastern Suffragist Scores in New York City

The southeast has always been a strong supporter of the franchise for women, and the southeastern suffragists have been working hard to gain support for their cause. They have been holding meetings, giving speeches, and writing articles in support of the franchise for women. They have been pointing out the many benefits that would accrue to the nation if women were given the right to vote.

WHY HE IS FOR WOMAN SUFFRAGE

PRESIDENT WILSON SAYS WOMAN SUFFRAGE IS A QUESTION OF ETHICS

President Wilson has declared that woman suffrage is a question of ethics, and that it is time that the United States should adopt it. He said that the woman is entitled to the same rights and privileges as the man, and that she should have the same opportunities to participate in public affairs. He said that the woman is entitled to a fair share of the nation's resources, and that she should be given the same chances for success as the man.

Let's have a real one!

The first thing you have to do is to get rid of the cold and the fever. If you can't do that, all the medicines in the world won't help you. The best way to get rid of a cold is to stay in bed and drink plenty of water. If you can't stay in bed, you should at least try to get as much rest as possible. Avoid cigarettes and alcohol, which can make your symptoms worse.
