Film Festival Attends

Participates in 3 Days in 3 Days

The Festival Film Society of Marion participated in the 3 Days in 3 Days film festival at the Marion Theater. The festival featured three days of films, with each day dedicated to a different genre. The festival was a great success, with attendees enjoying a variety of films from different countries and eras.

Hogs

$10.00

St. Louis, March 11—Heavy rains fell on the Missouri Delta last night, flooding several farms. The rains have caused some damage to crops, but no significant losses have been reported.

Weather Forcast

Weather Forecast Forcast

Beginning Sunday Mar. 11

Temperatures are expected to be in the low 40s today and warmer throughout the week. High winds are possible today, but will decrease later in the week. There is a slight chance of rain this weekend.

High School News

We are pleased to know that the new High School building has been completed and we are planning for a great year for 1925-1926. We wish everyone a successful and productive year.

First, Christine and Mr. Gant, who have been studying English, will be the new principal and assistant principal of the school. Christine will be the new assistant principal and Mr. Gant will be the new principal.

School News

The students returned from their winter break and are looking forward to a new academic year. The new principal, Ms. Johnson, and Mr. Gant are excited to welcome the students back.

The new Basketball team has been chosen and has some very good players.

All of the students are excited to have their new building and look forward to a great school year.
Shake Off That Grip
When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of that evil disease—which is known among students of that subject as the "grip." This attempt to "shake off" the grip has been made by certain medical authorities in the form of a "spring tonic," which is advertised as a.mixture of several herbs and spices, said to be particularly effective in the prevention of disease. The tonic is said to be effective in the prevention of disease, and it is recommended for use by physicians and medical authorities.

There's Danger in Delay
April and May bring the season of the annual examination of the reports of the various medical societies. This examination is made to determine whether the reports are up to date and whether the recommendations are based on the most recent research. It is a time when the medical profession is particularly alert, and the public is urged to be informed about the latest developments in medical science.

For Quick PERUNA
This medicine is recommended to remove the worms from the body, restore the natural balance of the system, and relieve the symptoms of "grip." It is said to be particularly effective in the prevention of disease. The medicine is recommended for use by physicians and medical authorities.

NEWHOME TILL I GET IT FOR MY WIFE
Letter from M. D. Wilson, Chairman of the Committee on the Resolutions of the Democratic National Convention

We must not forget that the Democratic National Convention is an important event in the political life of the country. It is a time when the platform is adopted and the candidates for the presidency and vice presidency are nominated. The convention is a time when the party's platform is adopted and the candidates for the presidency and vice presidency are nominated.

Wooodrow Wilson
Woodrow Wilson today emphasized the need for the cooperation of the American people in the war effort. He called for the full support of the American people in the war effort, and he emphasized the importance of the American people's cooperation in the war effort.

What is your idea of the way a monument is made? If you have not seen any of the kind being made, perhaps you can tell us what you think would make a good one. It is for the memories of the first years of the life of the United States. It is to be made of marble and be placed in the Memorial Hall of Congress.

Colds

The C. F. Paces Big Engine Order.

A littleresolved at the Illinois Central yards here, Chicago, last week from Climax shows that they have placed orders for two locomotive works for a total of $2,000,000, which will net the Illinois Central locomotive and Pacific Seven and 20 of these engines have been placed with the American Locomotive Company, while 12 additional engines, three of the latest freight types, have been ordered from the Baldwin Locomotive Works. Orders for many other lines have also been placed. Pacifier Bou.

DON'T LET DENGUE BASH DA

A recent article in one of the medical journals claims that dengue fever is a harmless disease, but this is not the case. Dengue fever, also known as "breakbone fever," is a serious illness that can cause severe pain in the bones and muscles. The disease is caused by a virus that is transmitted to humans by mosquitoes. Prevention is the key, as there is currently no cure for dengue fever. To prevent the disease, take precautions such as wearing long-sleeved shirts and pants, using insect repellent, and staying indoors during the peak biting times of mosquitoes. If you suspect you have dengue fever, seek medical attention immediately.}
